Riverside County Sheriff's Department Standards Manual (DSM)

SHERIFF'S INTRODUCTION TO THE DEPARTMENT STANDARDS MANUAL

This Department Standards Manual is a living document that is subject to constant change. This manual was prepared with technical and professional guidance while taking into consideration laws, court decisions, county ordinances, and best practices of law enforcement agencies throughout the state. The Department Standards Manual will be the subject of continual review of these considerations and will experience future revisions where necessary and appropriate.

No set of policies and procedures, no matter how complete, can hope to address all the situations that may be encountered by members of this Department. There will be situations that occur that must be left to the good judgment and discretion of the personnel involved. Such discretion must be employed with a reasonableness standard that is the standard for governmental actions.

It is the responsibility and duty of every member to become thoroughly familiar with the contents of this manual. The information contained in the manual should be followed as closely as circumstances permit.

Upon distribution of this manual in its entirety, all previously issued Department Directives and General Orders are revoked.

100.2 POLICY

It is the policy of the Riverside County Sheriff's Office to limit its members to only exercise the authority granted to them by law.

While this Department recognizes the power of peace officers to make arrests and take other enforcement action, Deputies are encouraged to use sound discretion in the enforcement of the law. This Department does not tolerate the abuse of law enforcement authority and shall take into consideration both the letter, and the spirit of the law in all its duties and enforcement activities.

100.3 CONSTITUTIONAL AUTHORITIES AND CONSTRAINTS

All employees shall observe and comply with every person's clearly established rights under the United States and California Constitutions, clearly understand the powers granted to them within those documents, and clearly understand and respect the constraints upon their authority as outlined in those documents.

100.4 AUTHORITY AND DUTY OF THE SHERIFF

The Sheriff derives his authority from the Constitution of the State of California and State Statutes, mainly found in the Government Code and the Penal Code, which briefly state:

Any information in an application for a license to carry a firearm that indicates when or where the applicant is vulnerable to attack or that concerns the applicant's medical or psychological history or that of his/her family shall not be considered public record (Government Code § 6254(u)(1)).

218.9 CCW TRAINING PROVIDERS

As part of the state requirements under Penal Code § 26165, the course of training for issuance of a license may be any course acceptable to the Sheriff's Department shall be a minimum of eight (8), but not exceed sixteen (16) hours, and shall include instruction on at least firearms safety and the law regarding the permissible use of a firearm. For license renewal applicants, the course of training shall be no less than four (4) hours.

The Riverside County Sheriff's Department requires that the training provided include classroom instruction and a practical application shooting examination. At minimum, the course must provide instruction on current applicable firearm laws, weapons safety and include hands on training. Training providers must impress upon the students the grand importance and responsibility of

being licensed to carry a loaded firearm. The goal of this program is to ensure that the citizens of Riverside County are provided with high quality firearms training.

218.10 MINIMUM STANDARDS OUTLINE

The learning objectives for the Concealed Weapons Training course shall be a minimum of eight (8) hours but not exceed sixteen (16) hours of training for an initial license and shall not be less than four (4) hours of training for a license renewal.

Students will be required to:

1. Understand and demonstrate adequate knowledge of handgun safety and handling (to include cleaning, disassembly and assembly) and handgun storage.
2. Understand and demonstrate adequate knowledge of techniques and equipment used to safely carry weapons, retain control of weapons and avoid unwarranted detection of weapons.
3. Understand and demonstrate adequate knowledge of California Penal Code sections relating to firearms and sections dealing with the permissible use of a firearm.
4. Understand and demonstrate adequate knowledge of locations where firearm possession is prohibited (i.e. air travel).
5. Understand and demonstrate adequate knowledge of civil and penal liability laws regarding firearms for the state of California.

Prior to the live fire course, each handgun must be checked for safe and mechanically sound condition. All safety considerations and precautions must be taken during live fire and weapon handling. The student must demonstrate shooting proficiency and safe technique for all weapons to be listed on the CCW license.

Sample Training Course of Fire

The course of fire utilized by the Sheriff's Department is as follows:

1. A passing score of 70% on a live fire course using the same weapon(s) that will be listed on the license. The live fire course will be at minimum, 18 total rounds fired at standard silhouette B-27 scoring targets placed 7, 10 and 15 yards from the shooter; 6 rounds per distance. The live fire course should be conducted after the classroom portion of the certification course.

218.11 APPROVED TRAINING PROVIDER LIST

Approved training providers are subject to review by the Department at any time. The Department may require approved training providers to submit additional information and materials to verify compliance with minimum standards. If at any time, the Department determines that an approved training provider is not complying with the minimum standards, the training provider will be removed from the approved list. Training providers removed from the approved list who would like to be reconsidered for approval, will need to resubmit all instructor certifications and course materials for review and consideration by the CCW Unit.

Retiree Concealed Firearms

219.1 PURPOSE AND SCOPE

The purpose of this policy is to outline the process and conditions associated with the issuance, revocation, and denial of a concealed weapons (CCW) endorsement for retired deputies of this Department.

219.2 QUALIFIED RETIREES

Any full time sworn member of this Department who was authorized to, and did, carry a concealed firearm during the course and scope of their employment may be issued an identification card with a "CCW Approved" endorsement upon honorable retirement. (Penal Code § 25460(c)). Reserve Deputies who have served 10 or more consecutive years may be issued an identification card with a "CCW Approved" endorsement upon honorable retirement from the Department in compliance with CA Penal Code 26300(a)(2).

- (a) For the purpose of this policy, "Honorably retired" includes all peace officers who have qualified for, and accepted, a service or disability retirement; however, shall not include any member who retires in lieu of termination. Reserve Deputies may be "Honorably retired" after 10 years of consecutive service as referenced above.
- (b) No "CCW Approved" endorsement shall be issued to any member retiring because of a psychiatric disability.

219.3 MAINTAINING A CCW ENDORSEMENT

In order to maintain a "CCW Approved" endorsement on an identification card, the retired member shall:

- (a) Qualify annually with a firearm (in compliance with HR 218) at a course approved by this Department at the retired member's expense. The qualification course must be done by a certified NRA instructor or active duty Range Master from a law enforcement agency.
- (b) Remain subject to all Department rules and policies as well as all federal, state and local laws. (Penal Code § 26305(b)).

219.4 CARRYING FIREARMS OUT OF STATE

Subject to 18 USC 926C and Department Standards Manual Policy qualified retired deputies of this Department may be authorized to carry a concealed weapon in other states.

219.4.1 HR218 LAW ENFORCEMENT OFFICER'S SAFETY ACT OF 2004

Pursuant to HR218, the Law Enforcement Officer's Safety Act of 2004, qualified retired Deputies from this Department may be authorized to carry a concealed firearm in other states. A separate identifying card will be issued showing compliance with HR218 for those retirees who meet the qualifications under HR218.

This card will minimally include the date of the retiree's last qualification and the type of firearm authorized for carry such as semi-automatic or revolver.

219.6 DENIAL OR REVOCATION OF CCW ENDORSEMENT

The CCW endorsement for any member retired from this Department may be denied or revoked only upon a showing of good cause. Good cause, if challenged, shall be determined in the following manner:

- (a) In the event that a CCW endorsement is initially denied, the retired member shall have 15 days from the date of denial to request a formal hearing. The failure to submit a timely written request for a hearing shall be deemed a waiver of such right. (Penal Code § 26310(b)).
- (b) Prior to revocation of any CCW endorsement, the Department shall provide the affected retiree with written notice of hearing by either personal service or First Class mail, postage prepaid, return receipt requested to the retiree's last known address. (Penal Code § 26315(c)).

Chapter 3 - General Operations

Use of Force

300.1 PURPOSE AND SCOPE

This policy provides guidelines on the reasonable use of force. While there is no way to specify the exact amount or type of reasonable force to be applied in any situation, every member of this department is expected to use these guidelines to make such decisions in a professional, impartial, and reasonable manner (Government Code § 7286).

In addition to those methods, techniques, and tools set forth below, the guidelines for the reasonable application of force contained in this policy shall apply to all policies addressing the potential use of force, including but not limited to the Control Devices and Techniques (DSM 308) and Conducted Energy Device (DSM 310) policies.

Retaliation prohibitions for reporting suspected violations are addressed in the Anti-Retaliation Policy (DSM 1057).

300.1.1 DEFINITIONS

Definitions related to this policy include:

Deadly force - Any use of force that creates a substantial risk of causing death or serious bodily injury, including but not limited to the discharge of a firearm (Penal Code § 835a).

Feasible - Reasonably capable of being done or carried out under the circumstances to successfully achieve the arrest or lawful objective without increasing risk to the deputy or another person (Government Code § 7286(a)).

Force - The application of physical techniques or tactics, chemical agents, or weapons to another person. It is not a use of force when a person allows him/herself to be searched, escorted, handcuffed, or restrained.

Serious bodily injury - A serious impairment of physical condition, including but not limited to the following: loss of consciousness; concussion; bone fracture; protracted loss or impairment of function of any bodily member or organ; a wound requiring extensive suturing; and serious disfigurement (Penal Code § 243(f)(4)).

Totality of the circumstances - All facts known to the deputy at the time, including the conduct of the officer and the subject leading up to the use of force (Penal Code § 835a).

300.2 POLICY

The use of force by law enforcement personnel is a matter of critical concern, both to the public and to the law enforcement community. Deputies are involved on a daily basis in numerous and varied interactions and, when warranted, may use reasonable force in carrying out their duties.

Deputies must have an understanding of, and true appreciation for, their authority and limitations. This is especially true with respect to overcoming resistance while engaged in the performance of law enforcement duties.

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Use of Force

The department recognizes and respects the value of all human life and dignity without prejudice to anyone. Vesting deputies with the authority to use reasonable force and to protect the public welfare requires monitoring, evaluation and a careful balancing of all interests.

300.2.1 FAIR AND UNBIASED USE OF FORCE

Deputies are expected to carry out their duties, including the use of force, in a manner that is fair and unbiased (Government Code § 7286(b)). See the Biased-Based Policing Policy for additional guidance.

Force shall never be used as a form of punishment or retaliation.

300.2.2 DUTY TO INTERCEDE

Any deputy present and observing another law enforcement officer or an employee using force that is clearly beyond that which is necessary, as determined by an objectively reasonable deputy under the circumstances, shall, when in a position to do so, intercede (as defined by Government Code § 7286) to prevent the use of unreasonable force.

When observing force used by a law enforcement officer, each deputy should take into account the totality of the circumstances and the possibility that other law enforcement officers may have additional information regarding the threat posed by the subject (Government Code § 7286(b)).

300.2.3 FAILURE TO INTERCEDE

A deputy who has received the required training on the duty to intercede and then fails to act to intercede when required by law, may be disciplined in the same manner as the deputy who used force beyond that which is necessary (Government Code § 7286(b)).

300.2.4 DUTY TO REPORT EXCESSIVE FORCE

Any deputy who observes a law enforcement officer or an employee use force that potentially exceeds what the deputy reasonably believes to be necessary shall immediately report these observations to a supervisor (Government Code § 7286(b)).

As used in this subsection, "immediately" means as soon as it is safe and feasible to do so.

300.3 USE OF FORCE

Deputies shall use only that amount of force that is objectively reasonable given the facts and totality of the circumstances known to or perceived by the deputy at the time of the event to accomplish a legitimate law enforcement purpose (Penal Code § 835a).

The reasonableness of force will be judged from the perspective of a reasonable deputy on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that deputies are often forced to make split-second decisions about the amount of force that is objectively reasonable in a particular situation, with limited information and in circumstances that are tense, uncertain, and rapidly evolving.

Given that no policy can realistically predict every possible situation a deputy might encounter, deputies are entrusted to use well-reasoned discretion in determining the appropriate use of

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Use of Force

force in each incident. Deputies may only use a level of force that they reasonably believe is proportional to the seriousness of the suspected offense or the reasonably perceived level of actual or threatened resistance (Government Code § 7286(b)).

It is also recognized that circumstances may arise in which deputies reasonably believe that it would be impractical or ineffective to use any of the approved or authorized tools, weapons, or methods provided by the Department. Deputies may find it more effective or reasonable to improvise their response to rapidly unfolding conditions that they are confronting. In such circumstances, the use of any improvised device or method must nonetheless be objectively reasonable and utilized only to accomplish a legitimate law enforcement purpose.

While the ultimate objective of every law enforcement encounter is to avoid or minimize injury, nothing in this policy requires a deputy to retreat or be exposed to possible physical injury before applying reasonable force.

300.3.1 ALTERNATIVE TACTICS - DE-ESCALATION

As time and circumstances reasonably permit, and when community and officer safety would not be compromised, deputies should consider actions that may increase officer safety and may decrease the need for using force:

- (a) Summoning additional resources that are able to respond in a reasonable / timely manner.
- (b) Formulating a plan with responding deputies before entering an unstable situation that does not reasonably appear to require immediate intervention.
- (c) Employing other tactics that do not unreasonably increase deputy jeopardy.

In addition, when reasonable, deputies should evaluate the totality of the circumstances presented at the time in each situation. When feasible, consider and utilize reasonably available alternative tactics and techniques that may persuade an individual to voluntarily comply or may mitigate the need to use a higher level of force to resolve the situation before applying force (Government Code § 7286(b)). Such alternatives may include but are not limited to:

- (a) Attempts to de-escalate a situation.
- (b) If reasonably available, the use of crisis intervention techniques by properly trained personnel.

300.3.2 USE OF FORCE TO EFFECT AN ARREST

Any peace officer may use objectively reasonable force to effect an arrest, to prevent escape, or to overcome resistance. A peace officer who makes or attempts to make an arrest need not retreat or desist from his/her efforts by reason of resistance or threatened resistance on the part of the person being arrested; nor shall an officer be deemed the aggressor or lose his/her right to self-defense by the use of reasonable force to effect the arrest, prevent escape, or to overcome resistance. Retreat does not mean tactical repositioning or other de-escalation techniques (Penal Code § 835a).

Use of Force

300.3.3 FACTORS USED TO DETERMINE THE REASONABLENESS OF FORCE

When determining whether to apply force and evaluating whether an officer has used reasonable force, a number of factors should be taken into consideration, as time and circumstances permit. These factors include but are not limited to:

- (a) The apparent immediacy and severity of the threat to officers or others (Penal Code § 835a).
- (b) The conduct of the individual being confronted, as reasonably perceived by the officer at the time.
- (c) Officer/subject factors (age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, the number of officers available vs. subjects).
- (d) The conduct of the involved officer (Penal Code § 835a).
- (e) The effects of drugs or alcohol.
- (f) The individual's apparent mental state or capacity (Penal Code § 835a).
- (g) The individual's apparent ability to understand and comply with officer commands (Penal Code § 835a).
- (h) Proximity of weapons or dangerous improvised devices.
- (i) The degree to which the subject has been effectively restrained and his/her ability to resist despite being restrained.
- (j) The availability of other reasonable and feasible options and their possible effectiveness (Penal Code § 835a).
- (k) Seriousness of the suspected offense or reason for contact with the individual.
- (l) Training and experience of the officer.
- (m) Potential for injury to officers, suspects, and others.
- (n) Whether the person appears to be resisting, attempting to evade arrest by flight, or is attacking the officer.
- (o) The risk and reasonably foreseeable consequences of escape.
- (p) The apparent need for immediate control of the subject or a prompt resolution of the situation.
- (q) Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the officer or others.
- (r) Prior contacts with the subject or awareness of any propensity for violence.
- (s) Any other exigent circumstances.

300.3.4 PAIN COMPLIANCE TECHNIQUES

Pain compliance techniques may be effective in controlling a physically or actively resisting individual. Officers should only apply those pain compliance techniques for which they have successfully completed department-approved training. Officers utilizing any pain compliance technique should consider:

- (a) The degree to which the application of the technique may be controlled given the level of resistance.
- (b) Whether the person can comply with the direction or orders of the officer.

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Use of Force

(c) Whether the person has been given sufficient opportunity to comply.

The application of any pain compliance technique shall be discontinued once the officer determines that compliance has been achieved.

300.3.5 RESTRICTIONS ON THE USE OF CAROTID CONTROL HOLD

Effective June 10, 2020, the Carotid Restraint Control Hold is no longer an authorized force option for members of the department.

300.3.6 RESTRICTIONS ON THE USE OF A CHOKE HOLD

Deputies of this department are not authorized to use a choke hold. A choke hold means any defensive tactic or force option in which direct pressure is applied to a person's trachea or windpipe (Government Code § 7286.5).

300.3.7 ADDITIONAL RESTRICTIONS

Terms such as "positional asphyxia," "restraint asphyxia," and "excited delirium" continue to remain the subject of debate among experts and medical professionals, are not universally recognized medical conditions, and frequently involve other collateral or controlling factors such as narcotics or alcohol influence or pre-existing medical conditions. While it is impractical to restrict a deputy's use of reasonable control methods when attempting to restrain a combative individual, deputies are not authorized to use any restraint or transportation method which might unreasonably impair an individual's breathing or respiratory capacity for a period beyond the point when the individual has been adequately and safely controlled. Once the individual is safely secured, deputies should promptly check and continuously monitor the individual's condition for signs of medical distress (Government Code § 7286.5).

300.3.8 USE OF FORCE TO SEIZE EVIDENCE

In general, deputies may use reasonable force to lawfully seize evidence and to prevent the destruction of evidence. However, deputies are discouraged from using force solely to prevent a person from swallowing evidence or contraband. In the instance when force is used, deputies should not intentionally use any technique that restricts blood flow to the head, restricts respiration or which creates a reasonable likelihood that blood flow to the head or respiration would be restricted. Deputies should consider the severity of the crime and the value of retrieving the evidence against the force needed to retrieve it.

300.3.9 USE OF FORCE AGAINST A VICIOUS ANIMAL

The reasonable use of force against a dangerous or vicious animal is authorized. When encountering a vicious animal, department members shall, when possible:

- (a) Request Animal Control officials;
- (b) Avoid the animal;
- (c) Secure or isolate the animal;
- (d) Attempt to find the owner;

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Use of Force

- (e) Use the lowest level of force given the threat presented.

300.3.10 EUTHANIZATION OF INJURED ANIMALS

With the approval of a supervisor, a member may euthanize an animal that is so badly injured that human compassion requires its removal from further suffering and where other dispositions are impractical (Penal Code § 597.1(e)). Injured animals (with the exception of dogs and cats) may only be euthanized after a reasonable search to locate the owner has been made (Penal Code § 597.1(b)). Injured dogs and cats found without their owners shall be taken to an appropriate veterinarian for determination of whether they should be treated or humanely destroyed.

300.4 DEADLY FORCE APPLICATIONS

Where feasible, the deputy shall, prior to the use of deadly force, make reasonable efforts to identify themselves as a peace officer and to warn that deadly force may be used, unless the deputy has objectively reasonable grounds to believe the person is aware of those facts (Penal Code § 835a).

If an objectively reasonable deputy would consider it safe and feasible to do so under the totality of the circumstances, deputies shall evaluate and use other reasonably available resources and techniques when determining whether to use deadly force. To the extent that it is reasonably practical, deputies should consider their surroundings and any potential risks to bystanders prior to discharging a firearm (Government Code § 7286(b)).

The use of deadly force is only justified when the deputy reasonably believes it is necessary in the following circumstances (Penal Code § 835a):

- (a) A deputy may use deadly force to protect themselves or others from what they reasonably believe is an imminent threat of death or serious bodily injury to the deputy or another person.
- (b) A deputy may use deadly force to apprehend a fleeing person for any felony that threatened or resulted in death or serious bodily injury, if the deputy reasonably believes that the person will cause death or serious bodily injury to another unless immediately apprehended.

Deputies shall not use deadly force against a person based on the danger that person poses to themselves, if an objectively reasonable deputy would believe the person does not pose an imminent threat of death or serious bodily injury to the deputy or to another person (Penal Code § 835a).

Additionally, a deputy should not use deadly force against a person whose actions are a threat solely to property.

An "imminent" threat of death or serious bodily injury exists when, based on the totality of the circumstances, a reasonable deputy in the same situation would believe that a person has the present ability, opportunity, and apparent intent to immediately cause death or serious bodily injury to the deputy or another person. A deputy's subjective fear of future harm alone is insufficient as an imminent threat. An imminent threat is one that from appearances is reasonably believed to require instant attention (Penal Code § 835a).

Use of Force

300.4.1 SHOOTING AT OR FROM MOVING VEHICLES

Shots fired at or from a moving vehicle are rarely effective and involve considerations and risks in addition to the justification for the use of deadly force. When feasible, deputies should take reasonable steps to move out of the path of an approaching vehicle instead of discharging their firearm at the vehicle or any of its occupants. A deputy should only discharge a firearm at a moving vehicle or its occupants when the deputy reasonably believes there are no other reasonable means available to avert the imminent threat of the vehicle, or if deadly force other than the vehicle is directed at the deputy or others (Government Code § 7286(b)).

Deputies should not shoot at any part of a vehicle in an attempt to disable the vehicle.

300.4.2 WARNING SHOTS

The firing of warning or attention shots into the air, ground or any other medium is strictly prohibited.

300.4.3 DISPLAYING OF FIREARMS

Given that individuals might perceive the display of a firearm as a potential application of force, deputies should carefully evaluate each tactical situation and use sound discretion when drawing a firearm in public by considering the following guidelines (Government Code § 7286(b)):

- (a) If the deputy does not initially perceive a threat but reasonably believes that the potential for such threat exists, firearms should generally be kept in the low-ready or other position not directed toward an individual.
- (b) If the deputy reasonably believes that a threat exists based on the totality of circumstances presented at the time (e.g., high-risk stop, tactical entry, armed encounter), firearms may be directed toward such threat until the deputy no longer perceives such threat.

Once it is reasonably safe to do so, deputies should carefully secure all firearms.

300.5 REPORTING THE USE OF FORCE

Department members who are involved in a use of force incident, shall report it to a supervisor as soon as possible. Any department member who has knowledge of an unreported use of force shall report it to a supervisor as soon as possible.

Any use of force by a member of this department shall also be documented promptly, completely and accurately in an appropriate report. The deputy should articulate the factors perceived and why he/she believed the use of force was reasonable under the circumstances. To collect data for purposes of training, resource allocation, analysis and related purposes, the department may require the completion of additional report forms, as specified in department policy, procedure or law.

300.5.1 REPORTING TO CALIFORNIA DEPARTMENT OF JUSTICE

Government Code §12525.2 requires the department to collect data regarding all deputy involved shootings and incidents involving use of force resulting in serious bodily injury. The data must be submitted annually to the California Department of Justice (DOJ) via their URSUS system.

Use of Force

The commander of the Professional Standards Bureau (or designee) is the DOJ Use of Force data collection coordinator. The Use of Force data shall be forwarded to the Information Services Bureau (ISB) Sheriff Records Manager who is responsible for uploading the data/report to DOJ via their URSUS system.

300.5.2 REPORT RESTRICTIONS

Deputies shall not use the term "excited delirium" to describe an individual in an incident report. Deputies should describe the characteristics of an individual's conduct such as their demeanor, conduct, or physical and mental condition (Health & Safety Code § 24402).

300.6 MEDICAL ATTENTION

As soon as it is safe to do so, medical assistance shall be summoned for or applied to, by deputies at the scene, any person who has sustained visible injury, expressed a complaint of pain, or who has been rendered unconscious. Any person exhibiting signs of physical distress after an encounter should be continuously monitored until they can be medically assessed.

Based on the initial member's assessment of the nature and extent of the person's injuries, the appropriate medical assistance required here may consist of examination by fire personnel, paramedics, hospital staff, or medical staff at the jail. If any such person refuses medical attention, it shall be fully documented in related reports and, whenever practicable, should be witnessed by another member and/or medical personnel. If a recording is made of the contact or interview with the person, any refusal should be included in the recording, if possible.

The on-scene supervisor or a deputy shall inform attending medical personnel the person was subjected to force, and shall include a description of the force used and any other circumstances the member reasonably believes would present potential safety or medical risks to the person (e.g., prolonged struggle, extreme agitation, impaired respiration).

Persons who exhibit extreme agitation and/or violent, irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics and impervious to pain, or who require a protracted physical encounter with multiple members to be brought under control, may be at an increased risk of sudden death. Members who reasonably suspect a medical emergency shall request medical assistance as soon as practicable and have medical personnel stage away if appropriate.

300.7 DEPARTMENT MEMBER RESPONSIBILITIES

All department members are expected to promptly notify their supervisor of a use-of-force incident as soon as it is safe to do so. Deputies shall do the following consistent with the Risk Management Policy (DSM 301) and the reporting of a Use of Force:

- (a) Complete use-of-force paperwork and thoroughly document the incident prior to EOW, absent extenuating circumstances. Reports may only be held with permission from the supervisor overseeing the collection of documentation for the incident.
- (b) Attempt to obtain a thorough recorded interview with the suspect. The interview shall establish:

 4. Observation of the department member's verbal commands
 5. Observation of the department member's attire (were they readily identifiable as law enforcement)
 6. Observation of the suspect's behavior toward the department member
 7. Observation of the suspect's use of drugs or alcohol

- (f) Evaluate the suspect for drug and alcohol use, consider relevant related charges and the need for a blood or urine sample.
- (g) Advise a supervisor if the incident involved a significant use-of-force or caused significant injury to either the suspect or department member. Dependent upon the situation and severity of injury a supervisor may consider treating the department member as a victim and assign uninvolved personnel to investigate and transport the suspect.
- (h) Book body worn camera footage from all department members who respond to the scene. Footage shall be booked before EOW, unless permission to delay is granted by a supervisor due to extenuating circumstances.

- (i) File all relevant related charges, which led the department member to contact the suspect, and to ultimately use force.
- (j) File all relevant charges related to crimes against peace officers (148 PC, 69 PC, 243(b) PC).
- (k) Conduct additional follow-up, as instructed by a supervisor or by the CAPO Unit.

300.8 SUPERVISOR RESPONSIBILITIES

When available, supervisors shall respond to calls when they reasonably believe there is a likelihood force may be used, or when possessing knowledge that force was used. Supervisors shall respond to all deadly force incidents.

Upon a supervisor's arrival, they shall assess the circumstances, take command of the scene if necessary, expand or reduce resources as necessary, direct personnel actions, and later review each incident to insure compliance with department policy and the law. Other actions shall include:

- (a) Ensure medical attention is promptly provided to both department members and suspects.
- (b) Ensure a thorough interview of the suspect is attempted and recorded.
- (c) In the event the suspect invokes Miranda Rights, attempt to conduct a civil/risk management interview with the suspect.
 - 1. Civil interviews may only be recorded with the knowledge of the suspect.
 - 2. BWC recordings and/or audio recordings of a civil interview shall be uploaded in LEFTA and labeled as a "Civil Interview."

- (e) Ensure the area is canvassed for video surveillance from residences and businesses, if possible.
- (f) Ensure the scene, department members, and suspects are photographed. See deputy responsibilities for details.
- (g) Evaluate the need for Forensics to respond due to either the nature of the incident or the nature of the injuries sustained.
- (h) Dependent upon the situation and severity of injury to department member consider treating the department member as a victim and assign uninvolved personnel to investigate and transport the suspect.
- (i) Consider the need for an immediate notification and/or response from station investigations, PSB Civil/CAPO, and the Force Investigation Detail when the following factors are present:
 - 1. Significant force/injuries
 - 2. Social media or media attention highly likely

Use of Force

3. High profile case and/or suspect
 - (j) Ensure all use-of-force paperwork and initial and supplemental reports are completed by EOW (unless extenuating circumstances exist).
 - (k) Ensure all personnel on-scene book their body worn camera footage as evidence by EOW.
 - (l) Watch all body worn camera footage prior to approving initial and supplemental reports.
 - (m) The use-of-force packet and review of reports should be handled by the supervisor most knowledgeable about the incident. Establish a primary sergeant who will be responsible for reviewing all use-of-force reports, crime reports, and body worn camera footage. There may be times when extenuating circumstances make this impractical, but reasonable attempts should be made to ensure continuity in the review process.
 - (n) Ensure Internal Force Number (IFN) has been assigned by Dispatch and references the original file number.
 - (o) Notify Facility/Station/Bureau administration of the incident and follow any additional direction provided.
 - (p) Email PSBAdmin@riversidesheriff.org before EOW and provide the file number, Incident Force Number, and include a working copy of the initial report with full block-out information for all suspects, witnesses, and others. No other summary or outline is needed.

300.9 DISPATCH RESPONSIBILITIES

Dispatch personnel shall be responsible for the following actions following a use of force:

- (a) Assign Internal Force Number (IFN) when use of force occurs. Qualifying indicators include:
 1. Department member reporting a use of force
 2. Request for back up when a suspect is becoming "physical."
 3. Supervisor or deputy requests IFN
 4. Request for "medical" or AMR due to an injury resulting from a use-of-force
 5. Perceived use-of-force based on radio traffic

When an IFN is generated, Dispatch shall notify the watch commander. The original file number and IFN shall be referenced in each file. Dispatch personnel may not cancel or purge an IFN believed to be pulled in error. The PSB will review an IFN and determine if the file number should be canceled.

300.10 USE OF FORCE COMPLAINTS

The receipt, processing, and investigation of civilian complaints involving use of force incidents should be handled in accordance with the Personnel Complaints Policy (Government Code § 7286(b)).

300.14 TRAINING RESTRICTION

The Sheriff, or designee, is responsible for establishing a process to identify deputies who are restricted from training other deputies for the time period specified by law because of a sustained use of force complaint (Government Code section 7286(b)).

Risk Management

301.1 PURPOSE AND SCOPE

The department has an obligation to properly train and equip its members to handle difficult situations where the use of force is required, or when our enforcement efforts have resulted in damage to private property. The department has implemented effective use of force policies and training curriculum to help its members to make sound, ethical, and legal decisions in the moment and that are also intended to protect and manage the risks faced in the aftermath of an incident resulting in substantial property damage, injury, or the loss of life.

301.2 POLICY

It is the policy of the Riverside County Sheriff's Department to practice sound, contemporary, and practical risk management strategies throughout all divisions of responsibility. Every department member is a risk manager and shall adhere to the mandates within this policy to effectively protect the department and the public against needless and avoidable liability exposure.

301.3 DEPARTMENT EXPECTATIONS FOR SUPERVISORS

Because they are on duty twenty-four hours a day and because of their ability to quickly respond to locations, supervisors are in a unique position to be present during incidents requiring effective risk management practices. Department supervisors are expected to consider the following task or practice and determine its applicability during all incidents:

- (a) The need to respond to the scene
- (b) The need to assume control of the incident
- (c) The allocation of, or request for, additional personnel or resources
- (d) The need to debrief affected citizens or department members
- (e) The need for Risk Management, PSB, or CAPO involvement, in addition to basic familiarity with the county claims process
- (f) The need for documentation of the scene, injuries, statements, and evidence
- (g) The timely identification of mitigating or aggravating factors such as department member misconduct, suspect actions or deviations from policy (either justified or not)
- (h) The need to interview department members and the Peace Officer Bill of Rights implications, if any
- (i) The appropriate control of information as it relates to the incident and any investigation that may occur

301.4 USE OF FORCE INCIDENTS

Department supervisors should always be mindful of the heightened possibility of force during responses to calls such as:

- (a) Man with a Gun;
- (b) Mentally disturbed individuals;

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)

Risk Management

- (c) Calls with Information regarding 'suicide by cop' intentions;
- (d) 'Standoffs' with suspects or lengthy negotiations with an unrestrained suspect;
- (e) The conclusion of foot or vehicle pursuits;
- (f) Arguing or defiance at the booking desk
- (g) Inmate protests, sit-ins or 'pre-riot' preparation behavior

Department supervisors shall respond to those calls as soon as possible and manage the response as needed.

Department supervisors should respond to each incident in which minor force was used if practical and conduct an assessment. Incidents involving significant, lengthy or lethal uses of force shall prompt a response by the supervisor to the scene. Once arrived, the supervisor shall manage the scene, direct resources, reduce or expand resources and remain engaged until the incident is safe and stable. Once accomplished, the supervisor shall begin to compile risk management data, to include those delineated in the Use of Force Policy under "Supervisor Responsibilities."

Department supervisors shall compile all reports and related documents and carefully review them for quality and completeness before ensuring their delivery to the Professional Standards Bureau - Civil Unit within 48 hours of the incident.. Supervisors shall have reviewed all BWC video before approving reports.

301.4.1 CRIMES AGAINST PEACE OFFICER'S UNIT

The department, in an effort to improve investigations into crimes committed against on-duty department members, and to integrate risk management practices into such incidents, created the Crimes Against Peace Officer's Unit (CAPO). The unit is centralized at the Professional Standards Bureau - Civil Unit, and is tasked primarily with criminal review and assistance with cases involving significant use of force, and crimes committed against deputies such as 148 PC, 69 PC, and 243(b) PC.

Those assigned to the CAPO Unit serve as liaisons to all Facilities/Stations/Bureaus, providing guidance and investigative assistance as needed to complete thorough investigations of these matters, which are likely to be accepted for prosecution and ultimately result in appropriate criminal conviction.

CAPO Unit responsibilities primarily include:

- (a) Provide training to all Facilities/Stations/Bureaus related to crimes against peace officers.
- (b) Identify incidents, which would benefit from additional follow-up and liaison or assist Facility/Station/Bureaus with the follow-up investigation.
- (c) Respond to significant incidents and provide insight as to potential areas that may need additional investigation to assist in the successful prosecution of the suspect and mitigation of civil liability.

Risk Management

- (d) Evaluate the need to recontact the suspect and conduct either additional criminal interview or civil interview.
- (e) Liaison with the DA's Office CAPO Vertical Prosecution Unit to ensure successful prosecution.
- (f) Review and provided guidance and assistance related to DA Kickbacks (12I's) and ensure re-filing in a timely manner.

In the event a CAPO investigator is needed to respond or consult on an incident immediately, supervisor's should contact the on-call Professional Standards Bureau lieutenant at any time.

301.5 EMPLOYEE-INVOLVED TRAFFIC COLLISION

Refer to the Employee-Involved Traffic Collisions Policy.

301.6 PROPERTY DAMAGE

All department members shall devise plans and options that seek to avoid the need to cause property damage. Forced entry into buildings or residences shall be done only when other options are not possible or are unsafe. Methods to avoid property damage include:

- (a) Consulting with a supervisor on the circumstances before forcing entry when practical;
- (b) Checking the status of all doors and windows before forcing entry;
- (c) Seeking consent and/or keys before forcing entry;
- (d) Determining the least intrusive method of making entry.

Once damage has occurred, all department members are to assume the role of risk manager by thoroughly photographing the damage, thoroughly documenting the reason for damage, the efforts taken to avoid the damage, and any actions on the part of a citizen or suspect that aggravated the amount of damage caused.

Commanders shall convene a review of all intentional and unintentional damage in excess of \$2500.00 and submit a cover memo along with the Accord form describing all mitigation efforts relevant to future circumstances of a similar nature. The completion of Accord forms is the responsibility of the sergeant assigned to the affected area. Specialized units who may have been involved with the incident shall timely provide any and all photographs and reports completed by their personnel related to property damage to the area sergeant.

Department members involved in incidents resulting in damage to private property shall make every effort to contact the owner of the property before leaving the scene to explain the circumstances and the owner's options should reimbursement seem appropriate.

Significant Use of Force - Executive Review Process

302.1 PURPOSE AND SCOPE

The purpose of this policy is to establish a process for an administrative review for all intentional Deputy Involved Shootings (DIS) or other Significant Use of Force by members of this department.

The Riverside County Sheriff's Department Use of Force policy and Force Investigations Detail (FID) policy are written to comply with state law. Generally, deputy involved shooting investigations are complex and require a considerable amount of time to complete. In order to comply with the administrative review and public release of information requirements, the department has created the Significant Use of Force - Executive Review Process.

302.2 POLICY

All intentional deputy involved shootings shall be independently investigated as outlined in DSM 303. The investigation shall be led by the Riverside County Force Investigation Detail or other outside agency with jurisdictional authority. The purpose of the investigation is to determine if any criminal violation occurred. These investigations may also apply to other significant use of force cases as determined by the Sheriff or designee. Not all critical incidents automatically result in a personnel investigation; however, the Sheriff may, at any time in the process, order a personnel investigation to be conducted if a policy violation is suspected.

Generally, the chronology for the Significant Use of Force - Executive Review Process will be as follows:

- Date of critical incident (day 0)
- Involved employee(s) Assigned Training (3 business days)
- Initial Executive Briefing (5 - 10 business days)
- Critical incident video release (within 45 days)
- Formal Executive Staff review (90 days)
- Prosecuting Agency Review (typically 1 year)
- Sheriff's final decision after receiving the prosecutor review

302.3 DATE OF INCIDENT

The Sheriff or designee may place or remove the involved employee(s) on Administrative Leave depending on the type of incident and the known circumstances at any point in the investigative process. Administrative Leave is categorized as:

- Administrative Leave - Non-Disciplinary: no loss or suspension of peace officer powers
- Administrative Leave - Potential Disciplinary Action: suspension of peace officer powers

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Significant Use of Force - Executive Review Process

302.4 ASSIGNED TRAINING

All high stress critical incidents should be evaluated for areas from which to learn and improve. Following an intentional deputy involved shooting, or other use of force incident identified by the Sheriff's Executive staff, employee(s) involved shall be assigned to participate in a training session with the Ben Clark Public Safety Training Center staff.

The training is intended to educate and improve the involved employees' skills. Discussion topics may include officer safety, training, tactics and de-escalation techniques. The Ben Clark Public Safety Training Center staff will not question the employee(s) about the actual deadly force application. This training is compelled, and any statements made are not to be part of the criminal or any administrative investigations.

302.5 INITIAL EXECUTIVE BRIEFING

The purpose of the briefing is to provide the Sheriff or designee with the preliminary information known at the time. The Force Investigations Detail will provide the Executive Briefing five to ten business days from the date of the incident. If there is an indication of a policy violation, the Sheriff may order a personnel investigation into the suspected violation(s). If a training, or policy / procedure issue is identified, the Training Bureau or the Research and Development Unit (R&D) may be directed to address the subject.

302.6 BWC / VIDEO RELEASE

Per Government Code section 6254, the department shall release the body worn camera (BWC) video within 45 days, unless specific legal criteria is met prohibiting its release.

302.7 FORMAL EXECUTIVE STAFF REVIEW

Although the criminal investigation may not be concluded or reviewed by the prosecuting agency with jurisdiction at the time of this presentation, the department has an obligation to evaluate the incident from a policy perspective in a reasonable time frame. Within 90 days following a deputy involved shooting or other significant use of force, the Force Investigation Detail will present the known facts during the Formal Executive Staff Review. The Executive Staff participating in the review will evaluate the known facts of the investigation to determine if the involved department members acted within department policy.

The involved employee(s) are required to appear at the presentation and may be represented by legal counsel or other representation. The involved employees shall be afforded all their rights under the Peace Officer's Bill of Rights Act (G.C. §3300).

The attendees will consist of the following group or individuals:

- (a) FID presenters
- (b) Three or more members of the Sheriff's Executive Team
- (c) The department member(s) with primary involvement in the incident and their legal representative(s)
- (d) A representative from the Professional Standards Bureau (PSB)

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Significant Use of Force - Executive Review Process

After the presentation, the Executive Staff will make a prima-facie determination based on the information provided whether the department member's actions were within policy and procedure, and whether any additional actions, investigations or reviews would be appropriate.

The Professional Standards Bureau shall collect and retain the RSD Form #209 and all other documents presented at the review.

Since information from the criminal investigation may not be available to the department prior to the Executive Staff presentation, the Sheriff may not deliver his final findings until after the prosecuting agency review.

302.8 PROSECUTING AGENCY REVIEW

At the completion of the criminal investigation, the case will be submitted to the appropriate prosecuting agency for review. Once the prosecuting agency makes a criminal culpability determination and notifies the department of its findings (and releases all criminal reports), the Professional Standards Bureau will collect and prepare the investigative materials, the prosecuting agency's findings, and the Executive Staff Review.

302.9 SHERIFF'S FINAL REVIEW

The Sheriff is the final authority to make the determination as to whether the department member(s)' actions were within policy and determine whether any additional actions, investigations, or reviews are appropriate.

After receiving all of the investigative materials, the Sheriff will make the final determination.

Nothing in this policy prohibits the Sheriff from initiating and imposing any part of the disciplinary process, within the confines of the Peace Officer Bill of Rights and applicable MOU's, up to and including termination outside the timelines of this policy.

302.10 RECORDS RETENTION

All records related to this policy shall be retained according the document retention schedule and only released via lawful process or legal requirement.

Force Investigations Detail

303.1 PURPOSE

The Force Investigation Detail (FID) is a component within the Field Operations Support Division and specifically the Central Homicide Unit. The FID is tasked with conducting criminal investigations into relevant incidents as outlined in this policy. Generally, the FID will conduct criminal investigations, as necessary, into all deputy-involved shootings within the Riverside County Sheriff's Department and any officer-involved shooting as requested by an allied agency. Additionally, the FID will investigate certain uses of force and certain in-custody deaths as outlined below.

303.2 ASSOCIATION OF RIVERSIDE COUNTY CHIEFS OF POLICE AND SHERIFF (ARCCOPS) - RESPONSE PROTOCOL AGREEMENT

The Riverside County Sheriff's Department has entered into a mutual agreement regarding standardized protocols to be followed after any of the following events:

- (a) All peace officer-involved shootings occurring on or off-duty and with or without injury or death;
- (b) Uses of force by law enforcement personnel resulting in death;
- (c) Uses of an electronic control device or oleoresin capicum resulting in great bodily injury;
- (d) All custodial deaths (related to a use of force incident);
- (e) Other incidents deemed necessary by the jurisdictional agency head and agreed upon by the investigating agency head.

The ARCCOPPS agreement generally aims to ensure objective investigations into these qualifying events by assigning an agency other than the employer of the involved peace officer to conduct the criminal inquiry. The employing agency remains obligated to provide information and support services to the agency designated as the primary investigator. When not designated as the primary agency, the FID will provide resources and support in compliance with the county-wide ARCCOPS agreement.

303.3 SCOPE OF INVESTIGATIONS

In general, the involvement of the FID will be determined by the incident type and specifics of department-involvement. The FID may assume primary responsibility for the following:

- (a) All serious assaults upon department personnel resulting in great bodily injury to the department member;
- (b) All active-duty law enforcement suicides;
- (c) The criminal investigation into an allied agency's OIS or other qualifying incident;

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Force Investigations Detail

303.3.1 USE OF FORCE

The Force Investigations Detail may assist and support investigations into uses of force which may be criminal, or where the use of force results in Potential/Imminent Death or Great Bodily Injury and an allied agency has been deemed the primary investigator.

Under Use of Force reporting guidelines within AB71, Great Bodily Injury is defined by Government Code section 12525.2(a)(d) as "bodily injury that involves a substantial risk of death, unconsciousness, protracted and obvious disfigurement, or protracted loss or impairment of the function of a bodily member or organ."

For purposes of a FID response, "unconsciousness" is further defined as unconsciousness caused by the use of force, not medically induced unconsciousness caused during hospitalization or other professional medical treatment protocols.

303.3.2 FIELD PERSONNEL

All pre-booking incidents resulting in the death of a person(s) in the custody of the Sheriff may require a FID response alongside an investigation by an agency designated pursuant to the ARCCOPS agreement. A person's death while being contacted by, or in the presence of, law enforcement is not necessarily an in-custody death. The determination of FID responding to such an incident will be a case-by-case decision made between the station Commander and the Central Homicide Unit (CHU) Lieutenant or Captain.

303.3.3 CORRECTIONAL FACILITIES

If a death occurs at a department correctional facility and it is a medical or unattended death, absent suspicious circumstances and absent evidence of another person's involvement, the Corrections Intelligence Bureau will respond and assume the lead investigative responsibility.

If the death occurs as a result of a homicide by another inmate or person not associated with the department, the Central Homicide Unit will assume the lead investigative responsibility.

If there are any suspicious circumstances, a recent use of force has occurred, or it is believed that death occurred as a result of any department member, the Force Investigations Detail will respond pursuant to the ARCCOPS agreement. Personnel from the Corrections Intelligence Bureau may also be requested.

303.4 REQUESTING FID RESPONSE

The on-scene supervisor shall request Dispatch personnel to page the on-duty CHU sergeant. The CHU sergeant will be briefed with the following information:

- (a) General details;
- (b) Condition of involved deputies;
- (c) Scene size and type;
- (d) Number of suspects;
- (e) Number of victims;

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)

- (f) If any suspects are still outstanding

Based on this information the CHU sergeant will determine the type of response, i.e. a liaison investigator, CHU team, or FID.

Special Victims Unit

305.1 POLICY

The Special Victims Units (SVU) is a component within the Field Operations Division, under the Major Crimes Bureau. It is the policy of the Riverside County Sheriff's Department to utilize SVU to investigate child sexual abuse and serious child physical abuse cases. Department members assigned to SVU shall meet all of the requirements of DSM 602.3 (Qualified Sexual Assault Investigations) and DSM 331.4 (Qualified Child Abuse Investigations).

305.2 PURPOSE AND SCOPE

The Special Victims Unit is responsible for the investigation of specific crimes that require enhanced expertise and training which a patrol division or station investigations bureau may not possess. The SVU may assist station personnel or assume the investigation when requested to do so by the Major Crimes Bureau (MCB) commander or when assigned by the Sheriff or designee.

Additionally, the SVU may act as:

- The department representative for Multi-Disciplinary Team meetings.
- The department liaison for the Riverside County Child Assessment Team.
- Liaison with the Riverside County District Attorney for child abuse cases.

In conjunction with the Ben Clark Training Center, the SVU may create and administer specialized training for department members regarding child abuse and sexual assault investigations.

305.3 SCOPE OF INVESTIGATIONS

While this is not a comprehensive list, the SVU is intended to handle the following types of cases:

a. Sexual abuse of a child under fourteen where the suspect is an adult involving substantial sexual conduct, AND

1. Sexual Act is committed by force or fear, OR
2. Sexual abuse with multiple victims, multiple suspects, or multiple jurisdictions, OR
3. High profile victims or suspects such as:
 - School personnel
 - Law Enforcement
 - Licensed daycare facilities
 - Prominent members of the community

b. Physical abuse of a child resulting in great bodily injury requiring hospital admission:

1. Broken bones
2. Shaken baby syndrome
3. Burn injuries

Riverside County Sheriff's Department

Special Victims Unit

4. Malnourishment

- c. All physical and sexual abuse cases involving victims under two years old, or children who are non-verbal or developmentally disabled
- d. Other child victim cases in which the skilled specialization of the SVU is required

All cases forwarded to the SVU must have prior approval of a SVU supervisor.

305.4 REQUESTING SVU

Field personnel assigned to investigate child sexual abuse or serious physical abuse shall consult with their supervisor at the onset or during the course of the initial investigation as to the possible utilization of the SVU. If the SVU is anticipated, the patrol supervisor or the station investigations supervisor should contact SVU through Sheriff's Dispatch.

The SVU supervisor may:

- (a) Provide verbal assistance, or
- (b) Specify that the case should be forwarded to the SVU for follow up investigation based on the initial patrol report with further station action, or
- (c) Assign a SVU investigator to liaison / assist a station investigator on the case
- (d) Assign a SVU investigator as primary with the liaison / assistance of a station investigator(s) as liaison(s)

305.4.1 SUSPECT CONTACT OR ARREST

If it is known or expected that the SVU might assume the responsibility for an investigation, no arrest(s) or suspect contact should be made without consultation with a SVU supervisor. Nothing in this policy prohibits the contact or arrest of a suspect where exigent circumstances exist such as immediate threat of great bodily injury or in-progress sexual assault.

305.5 DEPARTMENT COORDINATOR FOR CRIMES AGAINST CHILDREN

The SVU supervisor will act as the Department Coordinator for crimes against children.

Handcuffing and Restraints

306.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of handcuffs and other restraints during detentions and arrests.

306.2 USE OF RESTRAINTS

Only members who have successfully completed Riverside County Sheriff's Department-approved training on the use of restraint devices described in this policy are authorized to use these devices.

When deciding whether to use any restraint, deputies should carefully balance officer safety concerns with factors that include but are not limited to:

- The circumstances or crime leading to the arrest.
- The demeanor and behavior of the arrested person.
- The age and health of the person.
- Whether the person is known to be pregnant.
- Whether the person has a hearing or speaking disability. In such cases, consideration should be given, safety permitting, to handcuffing to the front in order to allow the person to sign or write notes.
- Whether the person has any other apparent disability.

The routine use of approved mechanical restraints on any person or prisoner in accordance with this policy, shall not be considered a use of force except where the restraints are applied to overcome significant resistance and the method or tension of the restraints would reasonably constitute force.

306.2.1 RESTRAINT OF DETAINEES

Situations may arise where it may be reasonable to restrain a person who may, after brief investigation, be released without arrest. Unless arrested, the use of restraints on detainees should continue only for as long as is reasonably necessary to ensure the safety of deputies and others. When deciding whether to remove restraints from a detainee, deputies should continuously weigh the safety interests at hand against the continuing intrusion upon the detainee.

306.2.2 RESTRAINT OF PREGNANT PERSONS

Persons who are known to be pregnant should be restrained in the least restrictive manner that is effective for officer safety. Leg irons, waist chains, or handcuffs behind the body should not be used unless the deputy has a reasonable suspicion that the person may resist, attempt escape, injure self or others, or damage property. If handcuffs are used, pregnant arrestees shall be handcuffed in the front before being brought into a jail.

No person who is in labor, delivery, or recovery after delivery shall be handcuffed or restrained except in extraordinary circumstances and only when a supervisor makes an individualized

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Handcuffing and Restraints

determination that such restraints are necessary for the safety of the arrestee, deputies, or others (Penal Code § 3407; Penal Code § 6030).

306.2.3 RESTRAINT OF JUVENILES

A juvenile under 14 years of age should not be restrained unless he/she is suspected of a dangerous felony or when the deputy has a reasonable suspicion that the juvenile may resist, attempt escape, injure him/herself, injure the deputy, or damage property. If a juvenile is restrained, they shall be kept away from unrestrained arrestees. Also see DSM 324.9 - Temporary Custody of Juveniles.

306.2.4 NOTIFICATIONS

Whenever a deputy transports a person with the use of restraints other than handcuffs, waistchains, or leg chains, the deputy shall, upon arrival, inform the jail staff that additional restraints were used. This notification should include information regarding any other circumstances the deputy reasonably believes would be potential safety concerns or medical risks to the person (e.g., prolonged struggle, extreme agitation, impaired respiration) that may have occurred prior to, or during, transportation to the jail.

306.3 APPLICATION OF HANDCUFFS OR PLASTIC CUFFS

Handcuffs, including temporary nylon or plastic cuffs, may be used only to restrain a person's hands to ensure officer safety.

All persons in the custody of the Sheriff shall be restrained for their safety and the safety of others in a manner consistent with the individual's past and present behavior, the risk of violence or escape, security classification and the purpose of transport.

In most situations, handcuffs should be applied with the hands behind the person's back. When feasible, handcuffs shall be double-locked to prevent tightening, which may cause undue discomfort or injury to the hands or wrists.

In situations where one pair of handcuffs does not appear sufficient to restrain the person or may cause unreasonable discomfort due to the person's size, deputies should consider alternatives, such as using an additional set of handcuffs or multiple plastic cuffs.

Handcuffs should be removed as soon as it is reasonable or after the person has been searched and is safely confined within a detention facility. Arrestees shall be restrained before entering any correctional facility.

306.3.1 MEDICAL CONSIDERATIONS

Prior to booking or release, medical assistance shall be obtained for any person(s) who has sustained significant injury, expressed a complaint of significant pain, requests medical attention, is, in the judgement of any on-scene department member, in need of medical attention, or who has been rendered unconscious. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practical, should be witnessed by another

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Handcuffing and Restraints

deputy and/or medical personnel. If an audio recording of any refusal is made, or a refusal is heard during an interview with the person, such refusal should be included in a report.

Persons who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond physical characteristics, unusually high tolerance to pain or who require a protracted physical encounter with multiple deputies to bring under control may be at an increased risk of sudden death and should be examined by qualified medical personnel as soon as practicable. Any individual exhibiting signs of distress after such an encounter shall be medically cleared prior to booking.

306.4 APPLICATION OF SPIT HOODS

Spit hoods are temporary protective devices designed to prevent the wearer from biting and/or transferring or transmitting fluids (saliva and mucous) to others.

Spit hoods may be placed upon persons in custody when the deputy reasonably believes the person will bite or spit, either on a person or in an inappropriate place. They are generally used during application of a physical restraint, while the person is restrained, or during or after transport.

Deputies utilizing spit hoods should ensure that the spit hood is fastened properly to allow for adequate ventilation and so that the restrained person can breathe normally. Deputies should provide assistance during the movement of a restrained person due to the potential for impairing or distorting that person's vision. Deputies should avoid comingling those wearing spit hoods with other detainees.

Spit hoods should not be used in situations where the restrained person is bleeding profusely from the area around the mouth or nose, or if there are indications that the person has a medical condition, such as difficulty breathing or vomiting. In such cases, prompt medical care should be obtained. If the person vomits while wearing a spit hood, the spit hood should be promptly removed and discarded. Persons who have been sprayed with oleoresin capsicum (OC) spray should be thoroughly decontaminated, including hair, head, and clothing, prior to application of a spit hood.

Those who have been placed in a spit hood should be continually monitored and shall not be left unattended until the spit hood is removed. Spit hoods shall be discarded after each use.

306.5 APPLICATION OF AUXILIARY RESTRAINT DEVICES

Auxiliary restraint devices include transport belts, waist or belly chains, transportation chains, leg irons, and other similar devices. Auxiliary restraint devices are intended for use during long-term restraint or transportation. They provide additional security and safety without impeding breathing, while permitting adequate movement, comfort, and mobility.

Only department-authorized devices may be used. Any person in auxiliary restraints should be monitored as reasonably appears necessary.

306.6 APPLICATION OF LEG RESTRAINT DEVICES

Leg restraints may be used to restrain the legs of a violent or potentially violent person when it is reasonable to do so during the course of detention, arrest, or transportation. In addition, the

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Handcuffing and Restraints

WRAP restraint may be used to transport a passively defiant individual. Only restraint devices approved by the Department shall be used.

In determining whether to use a leg restraint, deputies should consider:

- (a) Whether the deputy or others could be exposed to injury due to the assaultive or resistant behavior of a person.
- (b) Whether it is reasonably necessary to protect the person from his/her own actions (e.g., hitting his/her head against the interior of the patrol vehicle, running away from the arresting deputy while handcuffed, kicking at objects or deputies).
- (c) Whether it is reasonably necessary to avoid damage to property (e.g., kicking at windows of the patrol vehicle).

306.6.1 GUIDELINES FOR USE OF THE HOBBLE RESTRAINT

When applying a hobble restraint, the following guidelines should be followed:

- (a) Deputies shall only use the RIPP hobble supplied by the department and manufactured by RIPP Restraints, Inc., Orange City, Florida.
- (b) The restraint shall be used only after a person has been handcuffed.
- (c) If practicable, deputies should notify a supervisor of the intent to apply the leg restraint device. In all cases, a supervisor shall be notified as soon as practicable after the application of the leg restraint device.
- (d) Hobbled suspects may be transported in a Sheriff's unit. When it is safe, the restrained person should be seated in an upright position and shall be secured by a seatbelt. The long lead of the restraint will be placed outside the rear door and wrapped around the door pillar bringing it up through the passenger front door to prevent the lead from dragging on the ground.
- (e) Once applied, absent a medical or other emergency, restraints should remain in place until the deputy arrives at the jail or other facility or the person no longer reasonably appears to pose a threat.
- (f) Once secured, the person should be placed in a seated or upright position, secured with a seat belt, and shall not be placed on his/her stomach for an extended period, as this could reduce the person's ability to breathe.
- (g) The restrained person should be continually monitored by a deputy while in the leg restraint. The deputy should ensure that the person does not roll onto and remain on his/her stomach while being transported.
- (h) The deputy should look for signs of labored breathing and take appropriate steps to relieve and minimize any obvious factors contributing to this condition.
- (i) When transported by emergency medical services, the restrained person should be accompanied by a deputy when requested by medical personnel or when necessary in the judgement of those deputies at the scene. The transporting deputy should describe to medical personnel any unusual behaviors or other circumstances the deputy reasonably believes would be potential safety or medical risks to the person (e.g., prolonged struggle, extreme agitation, impaired respiration).

Handcuffing and Restraints

- (j) At no time will a person be restrained by a device or combination of devices which binds their hands and legs together.
- (k) Deputies shall inform jail staff that the arrestee was restrained by a hobble, however briefly.

306.6.2 GUIDELINES FOR THE USE OF THE WRAP RESTRAINT

When applying the WRAP restraint, the following guidelines should be followed:

- (a) Deputies shall only use the WRAP restraint supplied by the department and manufactured by Safe Restraints, Inc.
- (b) Only trained personnel are authorized to perform, assist, or directly supervise the placement or removal of the WRAP restraint.
- (c) The WRAP restraint shall be used only after a person has been handcuffed.
- (d) If practicable, a supervisor should be present while the WRAP restraint is being applied. In all cases, a supervisor shall be notified.
- (e) Subjects restrained in the WRAP may be transported in a Sheriff's unit by a deputy.
 - 1. Two or more deputies are required to move a subject secured in the WRAP restraint into a Sheriff's unit.
- (f) The restrained person shall be secured by a seatbelt during transport. Deputies shall ensure the subject remains in a seated position, upright, on the seat.
- (g) The restrained person should be continually monitored for any signs of medical distress by a deputy.
- (h) Deputies should look for signs of labored breathing and take appropriate steps to relieve and minimize any obvious factors contributing to this condition.
- (i) When transported by emergency medical services, the restrained person shall be accompanied by a deputy. The transporting deputy should describe to medical personnel any unusual behaviors or other circumstances the deputy reasonably believes would be potential safety or medical risks to the person (e.g., prolonged struggle, extreme agitation, impaired respiration).
- (j) If force was used to place a subject into the WRAP, deputies shall complete the appropriate Use of Force documentation and FACTS entry. Any use of the WRAP restraint shall be documented in a report whether force is used or not.

306.7 REQUIRED DOCUMENTATION

Deputies should document the following information in reports, as appropriate, when restraints other than handcuffs or waistchains are used on a person:

- (a) The factors that led to the decision to use restraints.
- (b) Supervisor notification and approval of restraint use.
- (c) The types of restraint used.

Riverside County Sheriff's Department

Handcuffing and Restraints

- (d) The amount of time the person was restrained, as determined by an informed estimation or log entry, if any.
- (e) How the person was transported and the position of the person during transport.
- (f) Observations of the person's behavior and any signs of physiological problems.
- (g) Any known or suspected drug use or other medical problems.

306.8 TRAINING

Subject to available resources, the Chief Deputy should ensure that deputies receive periodic training on the proper use of handcuffs and other restraints, including:

- (a) Proper placement and fit of handcuffs and other restraint devices approved for use by the Department.
- (b) Response to complaints of pain by restrained persons.
- (c) Options for restraining those who may be pregnant without the use of leg irons, waist chains, or handcuffs behind the body.
- (d) Options for restraining amputees or those with medical conditions or other physical conditions that may be aggravated by being restrained.

Mobile Field Force

307.1 PURPOSE AND SCOPE

The activation and deployment of a Mobile Field Force (MFF) is an unusual and tactically unique law enforcement occurrence, and one that requires specific policies and direction to ensure that deployments are safe and effective to the extent reasonably possible during any particular incident. The intent of this policy is to prepare for an extraordinary emergency response within the County of Riverside as well as to requests from other agencies with respect to mutual aid as provided by the State of California Law Enforcement Mutual Aid Plan. The mere presence of law enforcement personnel at the scene of a civil disturbance will not always prevent an unruly crowd from committing further acts of violence. However, the appearance of an organized, trained, and highly disciplined contingent of law enforcement personnel will often cause a disorderly group to abandon their disruptive activities.

This policy provides guidelines for the activation of a Mobile Field Force, which are intended for use in response to a natural disaster, protest events or civil unrest situations involving crowd control or crowd management. The Department's priorities during these situations are outlined below:

- Protect life
- Assist in search and rescue efforts
- Protection of Constitutional rights
- Restore and maintain order
- Evacuation situations
- Protect property
- Arrest of violators

The intent of a MFF deployment is to prepare for potential civil unrest in the Riverside County area and deploy Mobile Field Force personnel as needed to quickly eliminate any potential escalation of disobedience to law and order. This policy is applicable in non-peaceful protests, actively engaged in unlawful behavior.

307.2 MOBILE FIELD FORCE DEPLOYMENT

The Mobile Field Force concept has been developed to provide a fast and effective method to assemble and deploy a platoon size, tactical force, from existing on-duty personnel. It is adaptable to both pre-planned and spontaneous events which require the rapid assembly of large numbers of deputies. The MFF is platoon-sized units led by a lieutenant Mobile Field Force Leader, with sergeants as Mobile Field Force Squad Leaders. The MFF may consist of four, 8 to 12-person squads with each squad led by a sergeant squad leader.

Depending on the available on-duty personnel, a MFF may consist of four 12-person squads, which are each squad led by a sergeant squad leader.

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Mobile Field Force

Events within a facility's area of operation are the responsibility of that facility's Commander. The Commander will identify an Incident Commander (IC) as soon as possible and the IC will have tactical command over the event. If the event increases in size or complexity, the IC may delegate the overall tactical command to a designee. When an event, either pre-planned or spontaneous, exceeds the affected facility's staffing capability, additional resources can be organized through the Sheriff's Emergency Response Team (SERT). Utilizing the 5 functions of the Incident Command System (ICS), SERT's role in a MFF activation will consist of assisting the effected command with filling Planning, Logistics, and Finance sections. The Operations section will be under the direction of the IC.

307.2.1 MOBILE FIELD FORCE RESPONSE CONSIDERATIONS

The MFF may respond to field situations directly from a pre-designated staging location yet remain subordinate to the Incident Commander. MFF does not have to respond directly to the Incident Command Post. During pre-planned events, the MFF may be mobilized by stations/bureaus, region or mutual aid response. Depending upon operational considerations, it can also be deployed to the Incident Command Post as a ready reserve, broken into squads and then assigned specific missions. The MFF may also be disbanded after its initial mission and reformed into ready reserve elements.

To the extent possible during a civil unrest MFF deployment, aerial and ground videographers will be assigned to capture and identify criminal behavior and enforcement actions as well as memorializing declarations of unlawful assembly, lawful instructions to crowds and other key events occurring during a given incident. This video evidence should also include narration by the videographer when possible and/or inclusion of synchronized radio traffic, providing context to the events captured on video.

It shall be the responsibility of each patrol station, SIB, and Corrections Division to ensure a daily pre-identification of MFF team(s), which will be ready for deployment as needed. Station/Bureau supervisors shall prepare a daily roster of pre-identified MFF team(s). Personnel who are pre-identified as a MFF team member will prepare themselves with the necessary equipment and be ready for mobilization.

The roster of pre-identified MFF team(s) shall be submitted daily to SERT by utilizing their respective MFF folder, located in the Department's W-drive no later than noon for the nighttime operational period and midnight for the daytime operational period, without exception.

307.3 UNLAWFUL ASSEMBLY DISPERSAL ORDERS

Should the Incident Commander make the determination that public safety may be jeopardized, the IC may authorize a designee to attempt to verbally persuade event organizers or participants to disperse of their own accord. Warnings and advisements may be communicated through established communications links with leaders, participants or the group.

If initial attempts at verbal advisements are unsuccessful, the Squad Leader(s) should make a clear standardized announcement to the gathering that the event is an unlawful assembly and should order the dispersal of the participants. The announcement should be communicated by

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Mobile Field Force

whatever methods are reasonably available to ensure that the content of the message is clear and that it has been heard by the participants.

The announcement should be amplified, broadcasted in different languages as appropriate, made from multiple locations in the affected area and documented by audio and video. The announcement should provide information on methods of dispersal and law enforcement actions if the crowd does not disperse. After the dispersal order has been given, a reasonable time to disperse should be provided to the crowd.

307.4 USE OF FORCE

Team members and leaders should remain mindful that the rapid escalation of less lethal devices, chemical agents, 37/40 mm projectiles, Conducted Energy Weapon (TASERS), Pepper Balls and light/sound diversionary devices should be considered, and if appropriate, they should be used decisively and without hesitation. If an active shooter situation should occur, the MFF or individual squads assigned to the area should respond to isolate, contain, apprehend and/or neutralize the subject(s). If containment has been accomplished, the Special Enforcement Bureau-EST or another agency's equivalent should be requested and deployed.

All force used will be verbally reported to a Squad Leader as soon as feasible. The Squad Leader will notify the Incident Commander of the use of force directly. The use of force will be documented as soon as practical by following the Department use of force policy.

307.4.1 ALTERNATE WEAPON SYSTEMS

The Sheriff may authorize the use of alternative types of weapon systems including, but not limited to, kinetic energy projectiles, tear gas, chemical agent launching devices and other such special weapon systems appropriate for the situation.

MFF members authorized and approved to deploy less lethal launchers and munitions shall comply with Penal Code 13652 and apply all department policies governing the deployment of such weapons. All MFF members shall be trained and certified to utilize department approved less lethal launchers and munition.

A record of such training shall be maintained by the Training and Education Bureau.

307.5 ARRESTS

The Riverside County Sheriff's Department should respond to unlawful behavior in a manner that is consistent with the operational plan. If practicable, warnings or advisements should be communicated prior to arrest.

404 PC defines the term 'riot' and 407 PC defines the phrase 'unlawful assembly.' This policy covers public unrest/disorder on a large-scale. A riotous public display which interferes with and affects the general safety of the public or property defines civil disorder. The department will respond to any acts of civil disorder and restore and maintain order. The department will make every effort to identify and arrest all persons in violation of the law pertaining to the incident. Violators will be removed from the scene, arrested and booked for the appropriate charge(s).

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Mobile Field Force

Booking locations will be determined by the Mobile Field Force Commander at the time of the arrest.

Mass arrests should be employed only when alternate tactics and strategies have proven unsuccessful and ineffective. Mass arrests shall only be undertaken upon the order of the Incident Commander or the authorized designee. There must be probable cause for each arrest.

If employed, mass arrest protocols should fully integrate the following:

- (a) Reasonable measures to address the safety of deputies and arrestees
- (b) Dedicated arrest, booking, and report writing teams
- (c) Dedicated transportation unit
- (d) Timely access to medical care
- (e) Timely access to legal resources
- (f) Timely procession of arrested
- (g) Full processing of arrestees
- (h) Full accountability for arrestees and evidence
- (i) Coordination and cooperation with the prosecuting authority, jail and courts (see the Cite and Release Policy)

307.6 POST EVENT

The Incident Commander should assign the Scribe to fully document the event. The documentation should include the following:

- (a) Operational plan
- (b) Any incident logs
- (c) Any assignment logs
- (d) Vehicle, fuel, equipment and supply records
- (e) Incident, arrest, use of force, injury and property damage reports
- (f) Photographs, audio/video recordings and Dispatch records/recordings
- (g) Media accounts (print and broadcast media)

307.7 TRAINING

Appropriate training is crucial to the maintenance of an effective MFF. The Training and Education Bureau (TEB) will maintain a cadre of trainers/instructors from Sheriff's Department personnel. Once the instructor cadre is established, they will assist the TEB with instruction on MFF and Station/Bureau training/inspections.

Station/Bureau level: Training should be conducted at the station level periodically to refresh MFF movements, commands, and tactics.

Control Devices: Baton, PepperBall, 40mm Launcher, and Chemical Agents

308.1 PURPOSE AND SCOPE

To reduce and minimize altercation-related injuries to deputies and suspects, and to enable the arrest of resistant suspects, the department authorizes the use of selected control devices. Certain control devices are provided in order to control violent or potentially violent suspects. It is intended that the use of these devices will generally result in fewer altercation-related injuries to deputies and suspects. The policies described below are for the use and maintenance of control devices (e.g., baton, Pepperball Systems, 40mm Less Lethal Launcher, Oleoresin Capsicum (OC) spray, and Chlorobenzylidenemalononitrile (CS) gas).

Only those control devices that have been approved by the Sheriff or designee are authorized to be carried by members of this department. A list of authorized control devices will be maintained by the Commander of the Ben Clark Training Center. Other weapon systems are approved for use in other department operations such as EST and the Corrections Division, for example. Department members shall comply with current policies for their assignment regarding any weapon system not specifically addressed here.

308.1.1 WHEN CONTROL DEVICES MAY BE USED

When a decision has been made to restrain or arrest a suspect, an approved control device may only be used when its use appears objectively reasonable under the totality of the circumstances. These devices are not listed in any specific order, nor is this listing intended to describe a suggested or mandatory ladder of force or required escalation. The circumstances, what is known at the time, characteristics of each individual suspect(s) and, if present, a supervisor's direction, should combine to guide each deputy toward the most reasonable and effective force option. Deployment of control devices in Mobile Field Force or First Amendment Assemblies are covered in separate DSM's. Refer to DSM 415 (First Amendment Assemblies), and DSM 307 (Mobile Field Force) for additional guidance.

Whenever force is used, its effectiveness shall be continually evaluated and these evaluations shall be used by personnel at the scene to adjust, alter, increase, decrease, or cease the type and level of force used. [See attachment: Use Of Force Card Revision 07-16-20.pdf](#)

308.1.2 MEDICAL ATTENTION

Department members shall refer to the Use of Force Policy (DSM 300) for guidance regarding necessary medical attention.

308.1.3 REPORTING

Department members shall report any discharge or use of a control device, for other than training or qualification to their supervisor by the fastest method possible. Additionally, the facts and circumstances surrounding the use of the weapon shall be completely and accurately described in

Riverside County Sheriff's Department

Control Devices: Baton, PepperBall, 40mm Launcher, and Chemical Agents

any and all reports written or memorandums authored. Department members may also be required to input the circumstances into an electronic database management system.

308.2 BATON GUIDELINES: CARRYING AND TRAINING

A department approved baton (the Rapid Containment Baton or RCB) shall be carried by sworn uniformed personnel during their assigned shift or during duties that may reasonably require enforcement action or contact with suspects. The baton shall be carried on a deputy's person in its authorized holder on the equipment belt, or secured in a load bearing vest, except in facilities where weapons are prohibited. Only authorized personnel, who have also completed the required certification course, may possess and carry the RCB. All personnel authorized to carry an RCB shall attend a recertification course every two years, or as deemed necessary by the department.

Plainclothes and non-field personnel may carry the baton as authorized and in accordance with the needs of their assignment or at the direction of their supervisor. Personnel may purchase their own holster and may attach a larger end cap consistent with uniform regulations and as approved by the department.

308.2.1 BATON GUIDELINES: USE

The use of an RCB is subject to the following requirements and/or restrictions:

- (a) The need to immediately control a suspect must be weighed against the risk of causing serious injury. A suspect's level and degree of resistance shall be weighed against the use of a baton.
- (b) The head, neck, throat, spine, heart, kidneys, groin and knees should not be intentionally targeted except when the deputy reasonably believes the suspect poses an imminent threat of causing serious bodily injury or death to the deputy or another.
- (c) Where practical, a deputy's body-worn camera shall be activated whenever a use of force can be reasonably anticipated.
- (d) Department members shall refer to the Use of Force Policy (DSM 300) for guidance regarding necessary medical attention.

308.3 CS GAS GUIDELINES

The use of Chlorobenzylidenemalononitrile (CS) gas for crowd control/dispersal/area denial or against barricaded suspects shall be based on the circumstances, but are most typically used during EST operations or Mobile Field Force (MFF) deployments.

308.3.1 CS GAS GUIDELINES: USE

The incident commander may authorize the delivery and use of CS gas, evaluating all conditions known at the time and determining that lesser force would not reasonably appear to result in the safe control of the suspect(s) or crowd. Where practical, fire personnel should be alerted or summoned to the scene to control any fires and to assist in providing medical aid or gas evacuation when the scene is safe. Only personnel formally trained in the use of CS gas weapons should discharge such devices.

308.4 PEPPERBALL LAUNCHER SYSTEMS GUIDELINES: DEPLOYING, NOTIFICATIONS AND TRAINING

PepperBall® systems are authorized for use by sworn and correctional deputies upon successful completion of the required training course.

PepperBall projectiles are plastic, frangible spheres that are usually filled with oleoresin capsicum (OC) powder. Alternate projectiles are available including water-filled rounds (most often used during riot-control efforts), training rounds filled with inert powder, and glass-breaking rounds. A high-pressure air launcher delivers the projectiles with enough force to release the OC powder, or break glass. Although classified as a less-lethal device, the potential exists for the projectiles to inflict injury when they strike the face, eyes, neck, spine or groin. Therefore, personnel deploying the PepperBall system shall avoid intentionally striking those body areas except when the deputy reasonably believes the suspect poses an imminent threat of causing serious bodily injury or death to a peace officer or others.

Any firing of a PepperBall launcher shall be reported to a supervisor as soon as possible.

Deputies encountering a situation that requires the use of a PepperBall System shall notify a supervisor as soon as practical. The supervisor shall respond to any incident where a suspect or other person has been struck by a projectile or exposed to chemical agents and ensure that all notifications and reports are completed as required by Department Use of Force Policy (see section 308.7).

A deputy's body-worn camera shall be activated whenever a use of force can be reasonably anticipated.

Only qualified, trained, and authorized personnel shall deploy and use any PepperBall System. (Personnel must be re-certified every 2 years).

308.4.1 PEPPERBALL LAUNCHER SYSTEM GUIDELINES: USE

The deployment of any PepperBall System is subject to the following requirements and/or restrictions:

- (a) It should be used only in situations where such force appears objectively reasonable under the totality of the circumstances;
- (b) When practical, loud verbal warnings should be given before firing the PepperBall launcher at a person. A description of the warning given, or the reasons one was not given, shall be documented in the users report. Such warnings will provide:
 - 1. the person with a reasonable opportunity to comply.
 - 2. other deputies and persons with a warning that Pepperball round(s) will be fired.
- (c) Specific PepperBalls shall be used only for their intended purpose. For example, PepperBalls containing OC are intended for use on dangerous suspects, as a means of crowd control, or on vicious animals; glass-breaking rounds are solely intended for that purpose and shall not be shot at suspects unless there is a reasonable belief that the suspect(s) pose an imminent threat of causing serious bodily injury or death to a peace officer or others; the water-filled round is most appropriate for use during civil

disobedience and crowd control; and training rounds shall only be used in training environments. See Corrections Division Policy 503.03 for approved projectiles in jail environments.

- (d) PepperBalls shall not be intentionally shot at the face, eyes, neck, spine, or groin of a suspect. The intended target should be 'center mass' of a suspect. The need and justification for deadly force may justify deviation from this subsection;
- (e) Department members shall refer to the Use of Force Policy (DSM 300) for guidance regarding necessary medical attention;
- (f) PepperBall systems may be used to prevent an imminent attack, or stop an attack by a vicious animal if other means of prevention, containment, or avoidance of the animal are not reasonable;
- (g) PepperBall launchers shall not be used to "clear" rooms, buildings, or spaces wherein a suspect is not known to be. Firing PepperBall rounds into an area is not a substitute for properly and safely searching a space, room, or building;
- (h) When possible, a deputy or deputies should be assigned to a deadly force option should the suspect(s) be unaffected by the Pepperballs AND then present a threat of death or serious bodily injury to those at the scene.

308.5 40MM LESS LETHAL LAUNCHER GUIDELINES: DEPLOYING, NOTIFICATIONS AND TRAINING

The 40mm less lethal launcher munitions may be deployed within the Field Operations Division to control violent or potentially violent suspects and to reduce and minimize altercation-related injuries to deputies and suspects. It may also be used to enable the arrest of assaultive, resistant or threatening suspects when the application of the 40mm less lethal launcher and munitions appear reasonable under the circumstances. The following details the department guidelines for its deployment and use:

The 40mm less lethal launcher shall be carried in the trunk of the unit and secured in a hard-plastic case. When in the trunk of the unit the weapon shall be in the "vehicle carry" condition. For the purposes of this policy, the term "vehicle carry" condition means a launcher with an unloaded chamber and the safety on (if equipped).

When practical, the department member encountering a situation which may require the use of the 40mm less lethal launcher will immediately notify a field supervisor and shall activate their BWC System prior to deploying the launcher in accordance with department policy.

When using an approved 40mm less lethal launcher and munitions, authorized personnel shall have been formally trained in the use and deployment of the weapon system by a departmentally approved instructor.

Instructors shall successfully complete a departmentally-approved Less-Lethal Impact and Chemical Instructor certification course. Certified Instructors will facilitate training for authorized personnel via a departmentally-approved less lethal launcher training course. Only authorized personnel who have successfully completed training shall use a department-approved 40mm less

lethal launcher and department-approved munitions. The Ben Clark Training Center and Field Commanders shall maintain a current list of deputies who are authorized to carry an approved 40mm less lethal launcher and ensure they qualify with the system annually.

308.5.1 40MM LESS LETHAL LAUNCHER GUIDELINES: USE

- (a) Deputies are not required or compelled to use the approved 40mm less lethal launcher in lieu of other reasonable tactics if it is determined the deployment of the device cannot be done safely. The safety of hostages, innocent persons and department members takes priority over the safety of persons engaged in criminal or suicidal behavior.
- (b) The deployment of the 40mm less lethal launcher shall be done with an assigned lethal cover deputy. The cover deputy shall remain present in case the deployment of the 40mm less lethal launcher is unsuccessful and the threat created by the suspect rises to the level lethal force is necessary.
- (c) A verbal warning of the intended use of the launcher should precede its application, unless it would otherwise endanger the safety of deputies or when it is not practicable due to the circumstances. The purpose of the warning is to give the person(s) a reasonable opportunity to voluntarily comply and to warn other deputies and individuals that the device is being deployed.
- (d) When using the 40mm less lethal launcher, department members should carefully consider potential impact areas in order to minimize injuries and unintentional targets. The head, neck, throat, spine, tailbone, heart, kidneys, groin and knees should not be intentionally targeted except when it is reasonably believed that the suspect poses an imminent threat of causing serious bodily injury to a department member or another, and deadly force is reasonably necessary.

308.6 OLEORESIN CAPSICUM (OC) SPRAY GUIDELINES: CARRYING AND TRAINING

Only authorized personnel may possess and carry Department issued oleoresin capsicum (OC) spray. These authorized job classifications includes all sworn personnel, correctional deputies, and Community Services Officers.

Plainclothes and non-field personnel may carry the OC spray as authorized, consistent with the needs of their assignment or at the direction of their supervisor.

The carrying of OC is subject to the following requirements and/or restrictions:

- (a) Any OC spray carried must be department-issued.
- (b) Uniformed personnel, while working in an assignment that may reasonably lead to taking enforcement action, or contacting, detaining, or arresting suspects must carry OC spray in its approved holster on the equipment belt. Plainclothes and non-field personnel may carry the OC spray as authorized, consistent with the needs of their assignment or at the direction of their supervisor.
- (c) All personnel authorized to carry OC spray shall complete the required course of instruction prior to possessing and using it.

308.6.1 OLEORESIN CAPSICUM (OC) SPRAY GUIDELINES: USE

The use of OC is subject to the following requirements and/or restrictions:

- (a) It should be used only in situations where such force appears objectively reasonable under the totality of the circumstances;
- (b) OC spray is used to minimize the potential for injury to deputies, citizens, or offenders;
- (c) Before its use, considerations should be given to the effects of cross-contamination upon other deputies, the size and ventilation of the space, and whether any prior use of OC during the incident was effective;
- (d) A deputy's body-worn camera shall be activated whenever a use of force can be reasonably anticipated;
- (e) Department members shall refer to the Use of Force Policy (DSM 300) for guidance regarding necessary medical attention;
- (f) OC spray may be used on vicious animals to prevent being bitten or otherwise injured by the animal. When practical, deputies should attempt to avoid, contain, or distract an animal before using chemical agents;

Although RSD-issued OC spray is water-based and non-flammable, personnel deploying a TASER device should be mindful that another agency's OC spray may be oil-based and present a fire danger.

308.6.2 NOTICE OF CHEMICAL AGENT USE TO PROPERTY OCCUPANTS / OWNERS

- (a) Whenever CS gas or OC has been introduced into a residence, building interior, vehicle, or other enclosed area, deputies should provide the owners or available occupants with written notice of the possible presence of residue that could result in irritation or injury if the area is not properly cleaned. [See attachment: Chemical Agent Warning Form 465.pdf](#)
- (b) Information regarding the method of notice and the individuals notified should be included in related reports.
- (c) Before leaving the scene, photographs shall be taken of any affected or damaged areas and all information to properly complete an Accord form, if required, shall be obtained.

308.6.3 TREATMENT FOR OC SPRAY OR PEPPERBALL EXPOSURE

Persons who have been affected by the use of OC spray / powder should, as soon as practicable, be provided with fresh water sufficient to cleanse the affected areas. Those persons who complain of further severe effects shall be afforded a medical examination by medical personnel.

308.7 SUPERVISOR RESPONSIBILITIES

When available, supervisors should respond to calls when they reasonably believe there is a likelihood a control device may be used. Upon a supervisor's arrival, they shall access the circumstances, take command of the scene if necessary, expand or reduce resources as

necessary, direct personnel actions, and later review each incident to insure compliance with department policy and the law. Other actions should include:

- (a) Photographs of each person upon which a control device was used shall be taken to document injury and the absence of injury;
- (b) Contact the Professional Standards Bureau for a liability assessment or response;
- (c) All witnesses shall be interviewed;
- (d) Area canvas for witnesses(s) shall be conducted when practical;
- (e) Preservation of BWC recordings, jail facility video, or nearby surveillance video;
- (f) Review all department use of force reporting forms and ensure their submission to the proper entity;
- (g) Required notifications shall be made.

308.8 CONTROL DEVICES - MAINTENANCE

All of these devices require maintenance and care to maximize their reliability and proper function.

308.8.1 ARMORER RESPONSIBILITIES

Each Station, Facility, or Bureau Commander shall designate a supervisor to manage the issuance, maintenance and inventory of all control devices. All damaged, inoperative, and/or expended control devices shall be prepared for disposition, repair, or replacement. All normal maintenance, charging or routine cleaning of control devices is the responsibility of personnel using the various devices.

- (a) The 40mm less lethal launcher requires bi-weekly (once per two-week period) inspections which shall be recorded and available for audit. Commanders may also designate a specific staff member to assume these tasks for weapon systems that are shared or checked-out on a periodic basis.
- (b) Each station/bureau is responsible for the maintenance and monthly inventory report of all 40mm less-lethal launchers and munitions. These reports will detail any inventory quantity changes, as well as broken or defective launchers and/or munitions. Department members responsible for the inventory and maintenance of launchers shall conduct a quarterly physical inventory of all launchers and munitions issued to the respective station/bureau. Discrepancies will immediately be reported to the station/bureau command staff and BCTC.
- (c) All launchers issued to stations/bureaus will be cleaned quarterly by a department member who has attended the basic firearms cleaning and maintenance course developed by the Armory Unit at the Ben Clark Training Center. This will ensure the proper functionality. The Armory Unit will be notified of launchers found during the inspection that need repair or are otherwise unserviceable.
- (d) All department launchers shall be made available to the Armory Unit during the annual firearms inspection. During this inspection, department personnel assigned to logistics or a designated department member will provide the Armory Unit with station

Flying While Armed

309.1 PURPOSE

The Transportation Security Administration (TSA) has imposed rules governing law enforcement officers flying armed on commercial aircraft. The following requirements apply to deputies who intend to be armed while flying on a commercial air carrier or flights where screening is conducted (49 CFR 1544.219):

309.2 POLICY

- (a) Deputies wishing to fly while armed must be flying in an official capacity, not for vacation, pleasure, or training and must have a need to have the firearm accessible, as determined by the department based on the law and published TSA rules. Approval will only be granted for air travel related to the following:
 - 1. Protective escort duty
 - 2. Hazardous surveillance operation
 - 3. Department business requiring the deputy to be armed upon landing
 - 4. Prisoner escort
- (b) Deputies must carry their department identification card, bearing the deputy's name, a full-face photograph, identification number, the deputy's signature and the signature of the Sheriff or the official seal of the department and must present this identification to airline officials when requested. The deputy should also carry the standard photo identification needed for passenger screening by airline and TSA officials (e.g., driver license, passport).
- (c) The department must submit a National Law Enforcement Telecommunications System (NLETS) message prior to the deputy's travel. If approved, TSA will send the department an NLETS message containing a unique alphanumeric identifier. The deputy must present the message on the day of travel to airport personnel as authorization to travel while armed.
- (d) An official letter signed by the Sheriff authorizing armed travel may also accompany the deputy. The letter should outline the deputy's need to fly armed, detail his/her itinerary, and include that the deputy has completed the mandatory TSA training for a law enforcement officer flying while armed.
- (e) Deputies must have completed the mandated TSA security training covering deputies flying while armed. The training shall be given by the department-appointed instructor.
- (f) It is the deputy's responsibility to notify the air carrier in advance of the intended armed travel. This notification should be accomplished by early check-in at the carrier's check-in counter.
- (g) Any deputy flying while armed should discreetly contact the flight crew prior to take-off and notify them of his/her assigned seat.
- (h) Discretion must be used to avoid alarming passengers or crew by displaying a firearm. The deputy must keep the firearm concealed on his/her person at all times.

Flying While Armed

Firearms are not permitted in carry-on luggage and may not be stored in an overhead compartment.

- (i) Deputies should try to resolve any problems associated with flying armed through the flight captain, ground security manager, TSA representative or other management representative of the air carrier.
- (j) Deputies shall not consume alcoholic beverages while aboard an aircraft, or within eight hours prior to boarding an aircraft.

309.3 PROCEDURE

All sworn personnel must have completed the "Flying While Armed" course before being eligible to do so. All those who attended in previous years should ensure that the course attended is still honored by the TSA.

309.3.1 TRAVEL ARRANGEMENTS

- (a) Travel arrangements must be made by submitting a form 320 requesting airline travel to the Training and Education Bureau (BCTC). Once the officer receives the travel arrangements back from BCTC, he/she must submit an "Authorization to Fly Armed" memorandum to his/her Chief Deputy, via chain of command, for approval.
- (b) Travel arrangements for Extraditions will be handled by the Information Services Bureau.

309.3.2 AUTHORIZATION MEMORANDUM

- (a) Complete a memorandum "Authorization to Fly Armed", and forward it through channels, via chain of command, for approval by a Chief Deputy or above. The memorandum shall include the following:
 - 1. Name of Employee, ID #, station, assignment, and immediate supervisor's names and contact information.
 - 2. Official reason for flying while armed.
 - 3. Summary of itinerary outlining dates of travel, airline information, and locations traveling to.
 - 4. Acknowledgement of receiving required TSA "Law Enforcement Officers Flying Armed Training."
- (b) After receiving approval from the Chief Deputy, the officer shall request authorization from the TSA through the National Law Enforcement Telecommunications System (NLETS) at least 24 hours prior to the scheduled flight.
 - 1. NLETS request can be handled through the officer's station/bureau's clerical unit. For assistance, contact the station Supervising Office Assistant or for Extraditions contact the Information Services Bureau.
 - 2. Each flight requires a request message and authorization message/identifier for each officer. Round trips are not covered in one authorization; each "leg" of a round trip requires a separate authorization.

3. In reference to any changes, if the change(s) does not affect the Date of Travel, the existing NLETS message will be accepted as long as the employee is traveling through the same airports. However, if the date of travel or airport information changes, a new NLETS message will be required
4. The officer must present the NLETS response message with the authorization code during the airport check-in process.

309.3.3 AIRPORT CHECK-IN

- (a) Check in at the ticket counter at least one and a half hours prior to flight departure. In emergency circumstances, notify the airline as soon as possible if less than one and a half hours.

 5. Notice of Law Enforcement Flying Armed form issued by airline.
- (c) The officer should ask the gate agent if there are any other armed law enforcement officers, to include Federal Air Marshals and Federal Flight Deck Officers checked in for the flight. Request to be notified if any other armed officer boards the flight prior to departure.
- (d) The airline operator or Pilot in Command has the final approval on whether a law enforcement officer will fly armed on the plane.
- (e) If the airline refuses to allow you to fly armed:
 1. Request assistance from the airline's Ground Security Coordinator, Customer Service Supervisor, or TSA Screening Supervisor who may be able to assist in resolving issues encountered at the ticket counter or boarding gate.
 2. If the issue cannot be resolved and the airline still refuses to allow you to board the plane armed, rebook another flight with the same or different airline, or place the unloaded weapon and ammunition in checked baggage.

309.3.4 TRANSPORT OF PRISONERS

- (a) Arrive at the check-in at least one hour before the scheduled departure.
- (b) Assure the aircraft operator that each prisoner has been searched and does not have anything on their possession that can be used as a weapon.

Conducted Energy Device

310.1 PURPOSE AND SCOPE

This policy provides guidelines for the issuance and use of TASER[®] devices by sworn deputies, correctional deputies, and community service officers (CSO's). Deployment of a TASER device by authorized correctional staff or a CSO is strictly voluntary.

310.2 POLICY

The TASER is intended to control a violent or potentially violent individual, while minimizing the risk of serious injury. The appropriate use of such a device should result in fewer serious injuries to department members and suspects.

310.3 ISSUANCE AND CARRYING TASERS

Only department members who have successfully completed department-approved training may be issued and carry the TASER.

TASERs are issued for use during a member's current assignment. Those leaving a particular assignment may be required to return the device to the department's inventory.

Department members shall only use the TASER and cartridges that have been issued by the department. Uniformed personnel who have been issued the TASER shall wear the device in an approved holster on their person. Non-uniformed personnel may secure the TASER in the driver's compartment of their assigned vehicle in a manner that will keep the device inaccessible to others.

Department members carrying the TASER shall perform a spark test on their assigned TASER prior to every shift.

When carried while in uniform, all department members shall carry the TASER on their support side in a cross-draw configuration only. This includes the duty belt holster, tactical vest, and drop-down holster configurations.

- (a) All TASERs shall be clearly and distinctly marked to differentiate them from the duty weapon and any other device.
- (b) Whenever practicable, department members should carry two or more cartridges on their person when carrying the TASER.
- (c) Department members shall be responsible for ensuring their issued TASER is properly maintained and in good working order.
- (d) Sworn deputy sheriffs and armed correctional deputies should not hold both a firearm and the TASER at the same time.

310.4 VERBAL AND VISUAL WARNINGS

A verbal warning of the intended use of the TASER should precede its application, unless it would otherwise endanger the safety of department members or when it is not practicable due to the circumstances. The purpose of the warning is to:

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Conducted Energy Device

- (a) Provide the individual with a reasonable opportunity to voluntarily comply.
- (b) Provide other department members and individuals with a warning the TASER device may be deployed.

If, after a verbal warning, an individual is unwilling to voluntarily comply with the lawful order and it appears both reasonable and feasible under the circumstances, department members may, but are not required to, display the electrical arc (provided that a cartridge has not been loaded into the device), or aim the laser in a further attempt to gain compliance prior to the application of the TASER. The aiming laser should never be intentionally directed into the eyes of another as it may permanently impair their vision.

The fact that a verbal or other warning was given or the reasons it was not given shall be documented by the department member deploying the TASER in the related report.

310.5 USE OF THE TASER

The TASER has limitations and restrictions requiring consideration before its use. The TASER should only be used when the subject is within the operational range of the device. Although the TASER is generally effective in controlling most individuals, department members should be aware the device may not achieve the intended results and be prepared with other options.

310.5.1 APPLICATION OF THE TASER

The TASER may be used in any of the following circumstances (i.e., when the circumstances perceived by the department member at the time indicate that such application is reasonably necessary to control a person):

- (a) The subject is violent or,
- (b) The subject has demonstrated, by words or action, an intention to be violent or to physically resist, and reasonably appears to present the potential to harm department members, themselves, or others.

Mere flight from a pursuing department member, without other known circumstances or factors, is not good cause for the use of the TASER to apprehend an individual.

310.5.2 SPECIAL DEPLOYMENT CONSIDERATIONS

The use of the TASER on certain individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective or would present a greater danger to the department member, the subject, or others, and the department member reasonably believes the need to control the individual outweighs the risk of using the device. This includes:

- (a) Individuals who are known to be pregnant.
- (b) Elderly individuals or obvious juveniles.
- (c) Individuals with obviously low body mass.
- (d) Individuals who are handcuffed or otherwise restrained.

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Conducted Energy Device

- (e) Individuals who have been recently sprayed with a flammable chemical agent or who are otherwise in close proximity to any known combustible vapor or flammable material, including alcohol-based oleoresin capicum (OC) spray.
- (f) Individuals whose position or activity may result in collateral injury (e.g., falls from elevated positions, operating vehicles).

The use of the drive-stun mode generally should be limited to supplementing the probe-mode to complete the circuit, or as a technique to gain separation between department members and the subject, thereby giving department members time and distance to consider other force options or actions.

The TASER shall not be used to psychologically torment, elicit statements, or to punish any individual.

310.5.3 TARGETING CONSIDERATIONS

Reasonable efforts should be made to target lower center mass and avoid the head, neck, chest and groin. If the dynamics of a situation or officer safety do not permit the department member to limit the application of the TASER probes to a precise target area, department members should monitor the condition of the subject if one or more probes strikes the head, neck, chest or groin until the subject is examined by paramedics or other medical personnel.

310.5.4 MULTIPLE APPLICATIONS OF THE TASER DEVICE

Department members should apply the TASER for only one standard cycle and then evaluate the situation before applying any subsequent cycles. Absent exigent circumstances, deputies should not apply more than four effective applications per incident, either in drive stun or probe mode, whether from a single or a combination of multiple TASERs. An application is considered effective if both probes are making contact with, or attached to, the subject at the time of activation and the subject's reaction is consistent with an effective application (e.g., stiffening of the body, verbalizations, or involuntary muscle contraction).

If the first application of the TASER appears to be ineffective in gaining control of an individual, the department member should consider certain factors before additional applications of the TASER, including:

- (a) Whether the probes are making proper contact.
- (b) Whether the individual has the ability and has been given a reasonable opportunity to comply.
- (c) Whether verbal commands, other options or tactics may be more effective.

Department members should generally not intentionally apply more than one TASER at a time against a single subject, and should limit the time of each discharge to no more than the automatically cycled five seconds, unless exigent circumstances are present.

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Conducted Energy Device

310.5.5 ACTIONS FOLLOWING DEPLOYMENTS

Department members shall notify a supervisor of all TASER discharges. The expended cartridge, along with both probes and wire, should be submitted into evidence. The cartridge serial number should be noted and documented on the evidence paperwork. The evidence packaging should be marked "Biohazard" if the probes penetrated the subject's skin.

310.5.6 DANGEROUS ANIMALS

The TASER may be deployed against an animal as part of a plan to deal with a potentially dangerous animal, such as a dog, if the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

310.5.7 OFF-DUTY CONSIDERATIONS

Department members are not authorized to carry department TASERs while off duty.

Department members shall ensure TASERs are secured while in their homes, vehicles, or any other area under their control, in a manner that will keep the device inaccessible to others.

310.6 DOCUMENTATION

Department members shall document all intentional and accidental TASER discharges in the related incident/use of force report. Notification shall also be made to a supervisor in compliance with the Use of Force Policy.

310.6.1 REPORTS

Items that shall be included in the incident/use of force report form are:

- (a) The type and brand of TASER and cartridge and cartridge serial number.
- (b) Date, time and location of the incident.
- (c) Whether any display, laser or arc deterred a subject and gained compliance.
- (d) The number of TASER activations, the duration of each cycle, the duration between activations, and (as best as can be determined) the duration that the subject received applications.
- (e) The range at which the TASER was used.
- (f) The type of mode used (probe or drive-stun).
- (g) Location of any probe impact.
- (h) Location of contact in drive-stun mode.
- (i) Description of where missed probes went.
- (j) Whether medical care was provided to the subject.
- (k) Whether the subject sustained any injuries.
- (l) Whether any department members sustained any injuries.
- (m) Identification of all personnel who fired a TASER
- (n) Identification of all witnesses

Conducted Energy Device

- (o) Medical care provided to the subject
- (p) Observations of the subject's physical and physiological actions
- (q) Any known or suspected drug use, intoxication, or medical problems

The TASER Committee / Use of Force Committee should periodically analyze the report forms to identify trends, including deterrence and effectiveness. The TASER Committee / Use of Force Committee should also conduct audits of data downloads and reconcile TASER report forms with recorded activations. TASER information and statistics, with identifying information removed, should periodically be made available to the public.

310.7 MEDICAL TREATMENT

Consistent with local medical personnel protocols and absent extenuating circumstances, only appropriate medical personnel should remove TASER probes from a person's body. Used TASER probes shall be treated as a sharps biohazard, similar to a used hypodermic syringe, and handled appropriately. Universal precautions should be taken.

All persons who have been struck by TASER probes or who have been subjected to the electric discharge of the device shall be medically assessed prior to booking. Additionally, any such individual who falls under any of the following categories should, as soon as practicable, be examined by paramedics or other qualified medical personnel:

- (a) The person is suspected of being under the influence of controlled substances and/or alcohol.
- (b) The person may be pregnant.
- (c) The person reasonably appears to be in need of medical attention.
- (d) The TASER probes are lodged in a sensitive area (e.g., groin, female breast, head, face, neck).
- (e) The person requests medical treatment.

Any individual exhibiting signs of distress or who is exposed to multiple or prolonged applications (i.e., more than 15 seconds) shall be transported to a medical facility for examination or medically evaluated prior to booking. Any refusal of medical attention shall be made to qualified medical personnel at a medical facility. Such a refusal should be witnessed by another department member and/or medical personnel and shall be fully documented in related reports. If a recording is made of the contact or an interview with the individual, any refusal should be included, if possible.

The transporting department member shall inform any person providing medical care or receiving custody that the individual has been subjected to the application of the TASER.

310.8 SUPERVISOR RESPONSIBILITIES

When possible, supervisors should respond to calls when they reasonably believe there is a likelihood the TASER may be used. A supervisor should respond to all incidents where the TASER was deployed.

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Conducted Energy Device

A supervisor should review each incident where a person has been exposed to an activation of the TASER. The device's activity log shall be downloaded by a supervisor or their designee and included with the related incident/use of force report. Photographs of probe sites should be taken and witnesses interviewed.

310.9 TRAINING

Personnel who are authorized to carry the TASER shall be permitted to do so only after successfully completing the initial department-approved training.

Proficiency training for personnel who have been issued TASERs should occur every year. A reassessment of department member's knowledge and/or practical skill may be required at any time if deemed appropriate by a supervisor. All training and proficiency for TASERs will be documented in the department member's training file.

Command staff, supervisors and investigators should receive TASER training as appropriate for the investigations they conduct and review.

Department members who do not carry TASERs should receive training that is sufficient to familiarize them with the device and with working with those who use the device.

The employee's supervisor is responsible for ensuring their subordinates who carry TASERs have received initial and annual proficiency training. Periodic audits should be used for verification.

Application of the TASER during training could result in injury to personnel and is not mandatory for certification.

Initial and periodic training on the TASER should include:

- (a) A review of this policy.
- (b) A review of the Use of Force Policy.
- (c) Performing cross-draws to reduce the possibility of unintentionally drawing and firing a firearm.
- (d) Target area considerations, to include techniques or options to reduce the unintentional application of probes near the head, neck, chest, and groin.
- (e) Handcuffing a subject during the application of the TASER and transitioning to other force options.
- (f) De-escalation techniques.
- (g) Restraint techniques that do not impair respiration following the application of the TASER.

Firearms

312.1 PURPOSE AND SCOPE

The purpose of this policy is to define the scope of authorized firearms, accessories, modifications, training, maintenance and carry methods. In addition, this policy provides guidelines for issuing firearms, the safe and legal storage of firearms and the inspection of firearms by authorized department personnel. This policy only applies to those members who are authorized to carry firearms.

312.2 POLICY

The department will equip its members with firearms to address the risks posed to the public and department members by violent and sometimes well-armed persons. The department will ensure firearms are appropriate and in good working order and that relevant training is provided as resources allow.

312.3 FIREARMS TRAINING UNIT

The Firearms Training Unit, which includes the range and armory, will be under the control of the Firearms Training Unit Sergeants and managed within the Training and Education Bureau (TEB) at the Ben Clark Training Center (BCTC) and the East County Training Center (ECTC). All department members attending range events will follow the directions of the Firearms Training Unit Rangemaster. The Firearms Training Unit will maintain a roster of all department members attending qualifications and will submit the roster to the TEB Chief Deputy after each qualification cycle. The range shall remain operational and accessible to department members during hours established by the department.

The Armory has the responsibility of making periodic Limited Technical Inspections (LTI), at least once every two years, of all department-owned firearms to verify proper operation. The Firearms Training Unit has the authority to deem any department-issued or personally owned firearm unfit for service. The department member will be responsible for all repairs to their personally owned firearm and it will not be returned to service until inspected by a department armorer.

The Firearms Training Unit shall complete and submit to the TEB Commander, documentation of the training courses provided. Documentation shall include the qualifications of each instructor who provides the training, a description of the training provided and a list of each department member who completed the training. The Firearms Training Unit shall keep accurate records of all training, qualifications, repairs, maintenance or other records as directed by the TEB Commander.

312.4 AUTHORIZED FIREARMS, AMMUNITION AND OTHER ISSUED WEAPONS

Members shall only use firearms that are issued or approved by the department and have been thoroughly inspected by the department Armorer. Except in an emergency or as directed by a supervisor, no firearm shall be carried by a member who has not qualified with that firearm at an authorized department range. When authorized employees are armed, they shall have their

firearm fully loaded, except while qualifying under the direction of a department rangemaster, during inspection by a supervisor, or when acting on the direct order of a supervisor.

All other weapons not provided by the department, including but not limited to edged weapons, chemical or electronic weapons, impact weapons or any weapon prohibited or restricted by law or that is not covered elsewhere by department policy, may not be carried by members in the performance of their official duties without the express written authorization of the department member's Chief Deputy.

The department authorizes and maintains a [Firearms Matrix \(May 2023 v2\)](#) for approval of firearms and ammunition. If a firearm, firearm accessory or modification does not meet the criteria established in the Firearms Matrix, it is not authorized by the department and shall not be carried by an employee in the course and scope of their duties.

The TEB is responsible for the annual review and update of the Firearms Matrix. The department can restrict, pause, or prohibit the use of any particular make or model of firearm at any time for any reason at the discretion of the Sheriff.

When changes are made to the Firearms Matrix, this policy (DSM 312 and DSM 427) will be re-issued with the associated above link to the new Firearms Matrix. It is the department member's responsibility to review the changes. By accepting this policy, department members acknowledge reviewing the revised Firearms Matrix.

312.4.1 HANDGUNS

Authorized personally-owned handguns are listed in the Firearms Matrix. The Firearms Matrix is available on the department's Intranet at "Docs and Forms/Patrol, Corrections and Courts/Firearms and Weapons."

312.4.2 SHOTGUNS

Department and personally-owned shotguns approved for on-duty use are listed in the Firearms Matrix. When not deployed, the shotgun shall be properly secured consistent with department training in a locking weapons rack, or within the locked trunk of the patrol vehicle. All sworn, uniformed personnel in the field shall carry a properly loaded and functional shotgun in their assigned vehicle.

312.4.3 PATROL RIFLES

The authorized department-issued patrol rifles (aka AR-15 / M-4 platforms) are listed in the Firearms Matrix and defined in DSM 427.

Personally-owned rifles approved for on-duty use are listed in the Firearms Matrix, and must adhere to DSM 713 regarding their purchase and proper Cal-DOJ registration as an assault weapon (Penal Code 30630).

When not deployed, the patrol rifle shall be properly secured consistent with department policy in a locking weapons rack or locked in the trunk of the patrol vehicle and inside a carrying case.

312.4.4 PERSONALLY OWNED DUTY FIREARMS

Any personally owned handgun, patrol rifle, or shotgun must adhere to the current approved Firearms Matrix and **MUST** be inspected by a department armorer within 30 calendar days of the first day the firearm is deployed. All mandatory requirements are listed in the respective section of the Firearms Matrix.

Prior to carrying the firearm (regardless of primary or backup), department members shall qualify with a department rangemaster and thereafter shall qualify in accordance with the qualification schedule.

Armorer inspection forms shall include the make, model, serial number, caliber of the firearm, and any authorized modifications. Records of such inspections will be maintained by the TEB.

312.4.5 AUTHORIZED BACK-UP HANDGUN

Members desiring to carry department or personally owned back-up handguns are subject to the following restrictions:

- (a) The handgun shall be in good working order and listed in the Firearms Matrix.
- (b) A maximum of two back-up handguns may be carried on the department member's person.
- (c) The purchase of the handgun shall be the responsibility of the member.
- (d) The handgun shall be carried concealed at all times and in such a manner as to prevent unintentional cocking, discharge or loss of physical control.
- (e) The handgun shall be inspected by a department armorer within 30 calendar days of the date of initial qualification and thereafter shall be subject to inspection whenever it is deemed necessary.
- (f) Ammunition shall be the same as department issue. Approved ammunition is listed in the Firearms Matrix.
- (g) Prior to carrying the back-up handgun, department members shall qualify with a department rangemaster and thereafter shall qualify in accordance with the department qualification schedule. Department members must demonstrate shooting proficiency, safe handling and show that the handgun functions properly.
- (h) Members shall provide written notice (via the Firearms Inspection Form) of the make, model, serial number, caliber, and any modifications to a department armorer, who will maintain this information.

312.4.6 AUTHORIZED OFF-DUTY FIREARMS

The carrying of firearms by members while off-duty is permitted by the Sheriff but may be rescinded should circumstances dictate (e.g., administrative leave). Department members who choose to carry a firearm while off-duty will be required to meet the following guidelines:

- (a) The member may use their duty firearm or may use another personally owned firearm that is carried and inspected in accordance with the Personally Owned Duty Firearms requirements in this policy. A department member carrying their duty firearm will be deemed to have complied with (c), (d) and (e) of this section. The purchase of the

 - (d) Prior to carrying any off-duty firearm, the member shall demonstrate to a department rangemaster that they are proficient in handling and firing the firearm and that it will be carried in a safe manner.
 - (e) The member will successfully qualify with the firearm prior to it being carried and thereafter qualify in accordance with the department qualification schedule.
 - (f) Members shall provide written notice (via the Firearms Inspection Form) of the make, model, serial number, caliber of the firearm, and any modifications to a department armorer, who will maintain this information.
 - (g) If a member desires to use more than one firearm while off-duty, they may do so, as long as all requirements set forth in this policy for each firearm are met.
 - (h) Members shall only carry department-authorized ammunition.
 - (i) When armed, deputies shall carry their department identification cards.

312.4.7 AMMUNITION

Members shall carry only department-authorized ammunition. Upon initial department armorer inspection, members shall be issued fresh duty ammunition in the specified quantity for department-approved firearms. Replacement of unserviceable or depleted ammunition shall be dispensed by a department armorer, at the department range, or at the department member's assigned duty station when needed.

312.5 EQUIPMENT

All firearms shall be maintained in a clean, serviceable condition. Maintenance and repair of authorized personally owned firearms are the responsibility of the individual member. Repair of department owned firearms shall be the responsibility of the department armorer. Basic field-stripping and cleaning maintenance may be assigned to a variety of department members if necessary.

312.5.1 REPAIRS OR MODIFICATIONS

Each member shall be responsible for promptly reporting any damage or malfunction of an assigned firearm to a supervisor or the department armorer.

Department-owned firearms shall be repaired or modified only by the manufacturer, or a department armorer. Repairs to personally owned firearms may be done by the manufacturer or a department armorer.

Firearms

Any repairs or modifications to the member's personally owned firearm, including lighting and sighting systems, shall be done and maintained at his/her expense. Department members utilizing any such systems shall, before deployment, ensure they are completely familiar with the operation of the systems as installed.

Authorized modifications to personally owned firearms are listed in the Firearms Matrix, which should be consulted before any modifications are made.

Internal modifications must be considered a factory option and be completed by the respective manufacturer or a department armorer. (Refer to the Firearms Matrix for further details.)

312.5.2 HOLSTERS

Only department-approved holsters shall be used and worn by members. Department members shall periodically inspect their holsters to make sure they are serviceable and securely retain their handgun. Holsters must meet minimum retention requirements, with a level one retention or higher, for active enforcement (uniformed personnel), inmate supervision, and security duties. Holsters intended for pressure/friction retention or higher are authorized for off-duty, investigations, and administrative duty.

312.5.3 TACTICAL LIGHTS

Authorized lighting is listed in the Firearms Matrix. Tactical lights may only be installed on a firearm carried on or off-duty after they have been examined and approved by the TEB Firearms Training Unit who are assigned to BCTC and ECTC.

312.5.4 OPTICS

Authorized optics and magnified optics are listed in the Firearms Matrix. These may only be installed on a firearm carried on or off-duty after they have been examined and approved by the TEB Firearms Training Unit (assigned to BCTC or ECTC). Any approved sight shall only be installed in strict accordance with manufacturer specifications. Once approved sights have been properly installed on any firearm, the member shall qualify with the firearm to ensure proper functionality and sighting of the firearm prior to carrying it.

Required Training

(a) **Pistol Optics**

1. All department personnel must attend a department approved pistol red dot course prior to being authorized to carry a pistol red dot on-duty.

(b) **Rifle Optics (magnified & red dot)**

1. All department personnel must attend an approved magnified optics course prior to being authorized to carry a magnified optic on-duty.
2. Red dot optics affixed to patrol rifles and shotguns do not require a specialized course prior to deployment.

312.6 SAFE HANDLING, INSPECTION AND STORAGE

Members shall maintain the highest level of safety when handling firearms and shall consider the following:

- (a) Members shall not unnecessarily display or handle any firearm.
- (b) Members shall be governed by all rules and regulations pertaining to the use of the range and shall obey all orders issued by the rangemaster. Members shall not dry fire or practice quick draws at department facilities except as instructed by the rangemaster or other firearms training staff.
- (c) Members shall not load or unload a firearm on department property, except where clearing barrels and/or designated areas are present.
- (d) Shotguns or rifles removed from vehicles for deployment or enforcement activity shall be loaded and unloaded outside of the vehicle.
- (e) Members shall not place or store any firearm or other weapon on department premises except where the place of storage is locked. No one shall carry firearms into the jail section of a detention center or prison when securing or processing an arrestee or inmate, but shall place all firearms in a secured location. Department members providing access to Riverside County Detention Centers to persons from outside agencies are responsible for ensuring firearms are not brought into a restricted area.

312.6.1 INSPECTION AND STORAGE

Handguns shall be inspected regularly. Shotguns and rifles shall be inspected at the beginning of the shift by the department member to whom the firearm is issued. The department member shall ensure that the firearm is carried in the proper condition and loaded with approved ammunition. Inspection of the shotgun and rifle shall be done while standing outside of the patrol vehicle. All firearms shall be pointed in a safe direction or into clearing barrels.

Any firearm/weapon that is carried or authorized for use by a deputy sheriff or other authorized department member of the department is subject to inspection. An inspection of a firearm/weapon should determine cleanliness, mechanical operation, and unauthorized modification(s). An inspection may be made by a commander, supervisor, another deputy sheriff and/or other authorized member of the department when directed to conduct such an inspection.

A deputy sheriff or other authorized department member shall safely submit their firearm/weapon for inspection. An inspection includes the ammunition and the magazine(s) for the firearm/weapon.

Any firearm authorized by the department to be carried on or off-duty that is determined by a department member to be malfunctioning or in need of service or repair shall not be carried. It shall be promptly presented to a department armorer for inspection and repair. Any firearm deemed in need of repair or service by the armorer will be immediately removed from service. If the firearm is the member's primary duty firearm, a replacement firearm may be issued to the member until the duty firearm is serviceable.

Firearms

Personally owned weapons shall be made inaccessible to unauthorized persons if stored within the station by securing them in locked storage (e.g. locker or safe). Department-owned firearms shall be checked-in and stored in station logistics.

312.6.2 STORAGE AT HOME

Department members shall ensure that all firearms and ammunition are locked and secured while in their homes, vehicles or any other area under their control, and in a manner that will keep them inaccessible to children and others who should not have access. Members shall not permit department-issued firearms to be handled by anyone not authorized by the department to do so. Department members should be aware that negligent storage of a firearm could result in civil and criminal liability (Penal Code § 25100).

312.6.3 STORAGE IN VEHICLES

When leaving a handgun in an unattended vehicle, members shall ensure that it is locked in the trunk, or in a locked container that is placed out of view, or in a locked container that is permanently affixed to the vehicle's interior and not in plain view, or in a locked toolbox or utility box permanently affixed to the vehicle (Penal Code § 25140; Penal Code § 25452).

If the vehicle does not have a trunk or a locked container, then the firearm should be locked within the center utility console that can be locked with a padlock, keylock, combination lock, or other similar locking device (Penal Code § 25140).

Deputies are exempt from these requirements during circumstances requiring immediate aid or action in the course of official duties (Penal Code § 25140).

No firearms shall be left on or in vehicles left for service, repair or towing.

312.6.4 ALCOHOL AND DRUGS

Firearms shall not be carried by any department member, either on or off-duty, who has consumed an amount of an alcoholic beverage, taken any drugs or medication, or has taken any combination thereof that would tend to adversely affect the department member's senses or judgment.

Department members who are working an undercover enforcement assignment may only drink an alcoholic beverage in the necessary performance of their duty. In no case shall an employee drink an alcoholic beverage to the extent of becoming under the influence. All drinking of an alcoholic beverage during an undercover enforcement assignment shall have prior supervisory approval.

312.6.5 DISPLAY OF FIREARM

In effecting the arrest of a suspect in a situation in which there is likelihood of injury or death caused by a felonious assault or violent behavior, an authorized department member may display a firearm/weapon for the purpose of obtaining and maintaining control of the suspect(s).

Any department member, reserve or volunteer who possesses a permit to carry a concealed weapon issued by this department shall immediately notify their supervisor, or any on-duty supervisor, following an off-duty incident in which they have used or displayed a weapon being carried.

312.6.6 PATROL READY

Patrol Rifles and Shotguns

Any qualified deputy carrying a patrol rifle (or shotgun as required) in the field shall maintain the firearm in the "patrol ready" condition until deployed. A rifle or shotgun is considered "patrol ready" when it has been inspected by the assigned deputy and meets the following conditions:

- (a) There is no round in the chamber;
- (b) The bolt is forward;
- (c) The safety is on;
- (d) There is a fully loaded magazine in the rifle or the shotgun magazine tube is fully loaded;
- (e) The rifle is locked in the patrol vehicle's rifle rack or trunk (if stored in a trunk, the rifle must be in a case);
- (f) The shotgun is locked in the patrol vehicle's shotgun rack.

The rifle or shotgun shall not be carried unsecured in the interior of a patrol vehicle.

Handguns

Handgun(s) shall be carried in their holster(s), with a round chambered, and magazine(s) or cylinder loaded to capacity.

312.7 FIREARMS TRAINING AND QUALIFICATIONS

All department members who carry a firearm while on-duty are required to successfully complete training with their duty firearms as prescribed by POST and department standards. All department members will qualify during scheduled department qualifications with the type of firearm (pistol, revolver, shotgun, patrol rifle) and the type of sighting system (iron sights/optics) they carry on or off-duty. Qualifications will be made with the primary duty weapon unless directed otherwise by range staff. All firearms authorized for use on or off-duty shall be made available to range staff for inspection during qualifications. Failure to present a firearm during qualifications may result in the loss of authorization to carry the firearm. At the discretion of the range staff, members may be required to qualify with any of their approved firearms.

Example one:

An employee who has successfully qualified with their semi-auto primary duty pistol, would not be required to qualify with any other approved semi-auto pistol used for back-up or off-duty because they are the same type of firearm. An employee who carries a semi-auto pistol as their primary duty firearm and a revolver as a back-up or off-duty firearm must also qualify with the revolver.

Example two:

Firearms

An employee successfully qualified with their semi-auto primary duty pistol at a previous qualification. The range staff may require the employee to qualify with their back-up semi-auto pistol at the next qualification (in addition to or in lieu of the primary duty pistol).

Additional requirements:

- All members shall follow all Firearms Safety Range Rules
- All members shall qualify on an approved course of fire, on a prescribed basis
- Department shooting standards shall be a minimum of 80% score on the approved course
- Qualifications shall be conducted at an authorized range by an authorized rangemaster
- Members shall qualify according to the schedule set up and maintained by the TEB Commander

312.7.1 NON-CERTIFICATION OR NON-QUALIFICATION

Department members who fail to achieve a passing qualification score upon their first attempt to qualify, will be afforded a second attempt. Those who fail to qualify on their second shooting attempt shall be provided remedial training and will be subject to the following requirements:

- (a) A Failure to Qualify memorandum will be drafted by the department rangemaster and will be provided to the employee's commander;
- (b) The department member will contact the Firearms Training Unit to schedule remediation training;
- (c) The department member will continue remedial training until successfully passing the qualification

Members who repeatedly fail to meet minimum standards will be removed from field assignment and may be subject to disciplinary action.

312.7.2 FAILURE TO REPORT FOR QUALIFICATIONS

All affected department members shall report for qualifications during their scheduled time frame. Any department member unable to report for qualifications because of injury, illness, or unusual duty status shall submit a memorandum to their immediate supervisor prior to the end of the required training or qualification period.

The TEB will publish make-up qualification dates following each scheduled department-wide qualification period. A department member is considered out of compliance with the qualifications requirement and policy if they have failed to report to the range for qualification within 30 calendar days after the final make-up date offered by the TEB. The TEB will then distribute a 'Failed to Report' list to Sheriff's Administration. Failing to report for qualifications may subject a department member to discipline.

312.8 SPECIAL ENFORCEMENT BUREAU / SPECIAL WEAPONS AND TACTICS

The Sheriff may authorize the use of special weapons/firearms by members of the Special Enforcement Bureau/Special Weapons and Tactics Team. (See SEB/SWAT policy).

312.9 CARRYING FIREARMS OUT OF STATE

Non-sworn department members who possess a concealed weapons permit shall check the laws and regulations of their intended destination before carrying a concealed firearm outside of California.

Qualified, active, full-time sworn deputies of this department are authorized to carry a concealed firearm in all other states subject to the following conditions (18 USC § 926B):

- (a) The deputy shall carry their department identification card whenever carrying a firearm.
- (b) The deputy is not the subject of any current disciplinary action.
- (c) The deputy may not be under the influence of alcohol or any other intoxicating or hallucinatory drug.
- (d) The deputy will remain subject to this and all other department policies (including qualifying and training requirements).

Deputies are cautioned that individual states may enact local regulations that permit private persons or entities to prohibit or restrict the possession of concealed firearms on their property, or that prohibit or restrict the possession of firearms on any state or local government property, installation, building, base or park. Federal authority may not shield a deputy from arrest and prosecution in such locally restricted areas.

Active law enforcement officers from other states are subject to all requirements set forth in 18 USC § 926B.

312.9.1 FLYING WHILE ARMED

See Flying While Armed policy.

Deputy Response to Calls

313.1 PURPOSE AND SCOPE

This policy provides for the safe and appropriate response to emergency and non-emergency situations whether dispatched or self-initiated.

313.2 RESPONSE TO CALLS

Deputies approved to respond Code-3 shall continuously operate emergency lighting equipment, including at minimum a steady forward facing red light, and shall sound the siren as reasonably necessary pursuant to Vehicle Code § 21055.

Responding with emergency light(s) and siren does not relieve the deputy of the duty to continue to drive with due regard for the safety of all persons. The use of any other warning equipment without a red light and siren does not provide any exemption from the Vehicle Code.

Deputies should only respond Code-3 when circumstances reasonably indicate an emergency response is required and is approved by a supervisor.

All other responses shall be a routine response and the department member shall drive the vehicle in compliance with all vehicle code sections without the use of lights or sirens. There is no "code-2" response.

313.3 REQUESTING EMERGENCY ASSISTANCE

Requests for emergency assistance should be limited to those situations where the involved personnel reasonably believe that there is an immediate threat to the safety of deputies, or assistance is needed to prevent imminent serious harm to a citizen. In any event, where a situation has stabilized and emergency response is not required, the requesting deputy shall immediately notify Dispatch.

If circumstances permit, the requesting deputy should give the following information:

- The unit number
- The location
- The reason for the request and type of emergency
- The number of units required

313.3.1 NUMBER OF UNITS ASSIGNED

Normally, only one deputy should respond to an emergency call "Code 3" unless the on-duty supervisor authorizes an additional unit(s).

313.4 INITIATING CODE 3 RESPONSE

A deputy may initiate a "Code 3" response and must advise dispatch immediately when doing so.

Dispatch is required to notify the on-duty supervisor for approval for the deputy to continue the "Code 3" response based on the information available at the time.

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Deputy Response to Calls

When responding "Code 3," deputies must adhere to all Vehicle Code sections regarding the operation of an emergency vehicle.

Generally, only one unit should respond "Code 3" to any situation. The on-duty supervisor will make a determination as to whether one or more deputies driving "Code 3" is appropriate. The supervisor will approve or deny all "Code 3" responses based upon the guidelines listed in 313.7. The supervisor will coordinate and monitor all "Code 3" responses.

"Code 3" response of a vehicle is limited to sworn staff. This includes reserve deputies as outlined in 313.4.1. Classified employees shall not operate a vehicle in "Code 3" mode.

313.4.1 RESERVE DEPUTY(S) RESPONDING "CODE 3"

Level III reserve deputies shall not operate a Department marked vehicle in "Code 3" mode. Level I and II reserve deputies may operate a Department vehicle in "Code 3" mode as follows:

- (a) Level I reserve deputy in compliance with this policy for a full-time deputy sheriff.
- (b) Level II reserve deputy only when accompanied by a full time deputy sheriff and in compliance with this policy.

313.5 RESPONSIBILITIES OF RESPONDING DEPUTIES

Deputies shall exercise sound judgment and care with due regard for life and property when operating a patrol vehicle. When responding to an emergency, deputies shall reduce speed at all street intersections to such a degree that they shall have complete control of the vehicle.

The decision to continue a Code-3 response is at the discretion of the deputy. If, in the deputy's judgment, the roadway conditions or traffic congestion does not permit such a response without unreasonable risk, the deputy may elect to respond to the call without the use of red lights and siren at the legal speed limit. In such an event, the deputy should immediately notify Dispatch. A deputy shall also discontinue the Code-3 response when directed by a supervisor.

Upon receiving authorization or determining a Code-3 response is appropriate, a deputy shall immediately give the location from which he/she is responding.

313.6 COMMUNICATIONS RESPONSIBILITIES

A dispatcher shall facilitate a Code-3 response when a deputy requests emergency assistance. In all other circumstances, the dispatcher shall provide pertinent information to the Watch Commander so they can assign units Code-3. The dispatcher shall:

- (a) Attempt to identify the closest available unit to the location requiring assistance
- (b) Immediately notify the Watch Commander
- (c) Confirm the location from which the unit is responding
- (d) Notify and coordinate allied emergency services (e.g., fire and ambulance)
- (e) Continue to obtain and broadcast information as necessary concerning the response and monitor the situation until it is stabilized or terminated

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Deputy Response to Calls

- (f) Control all radio communications during the emergency and coordinate assistance under the direction of the Watch Commander or field supervisor

313.7 SUPERVISORY RESPONSIBILITIES

Upon being notified that a Code-3 response has been initiated, the Watch Commander shall verify the following:

- (a) The proper response has been initiated
- (b) No more than those units reasonably necessary under the circumstances are involved in the response
- (c) Affected outside jurisdictions are being notified as practical

The field supervisor shall monitor the response until it has been stabilized or terminated and assert control by directing units into or out of the response if necessary. If, in the supervisor's judgment, the circumstances require additional units to be assigned a Code-3 response, the supervisor may do so.

It is the supervisor's responsibility to terminate a Code-3 response that, in his/her judgment, is inappropriate due to the circumstances.

When making the decision to authorize a Code-3 response, the Watch Commander or the field supervisor should consider the following:

- The type of call
- The necessity of a timely response
- Traffic and roadway conditions
- The location of the responding units

313.8 FAILURE OF EMERGENCY EQUIPMENT

If the emergency equipment on the vehicle should fail to operate, the deputy must terminate the "Code 3" response and respond accordingly. In all cases, the deputy shall notify the supervisor or dispatch of the equipment failure so that another unit may be assigned to the emergency response.

Vehicle Pursuits

314.1 PURPOSE AND SCOPE

Vehicle pursuits expose innocent citizens, law enforcement officers, and fleeing suspects to the risk of serious injury or death. The primary purpose of this policy is to provide deputies with guidance in balancing the safety of the public, themselves and fleeing suspects against law enforcement's duty to apprehend violators of the law. Another purpose of this policy is to reduce the potential for pursuit-related collisions. Vehicular pursuits require deputies to exhibit a high degree of common sense and sound judgment. Deputies must not forget that the immediate apprehension of a suspect is generally not more important than the safety of the public and pursuing deputies.

Deciding whether to pursue a motor vehicle is a critical decision that must be made quickly and under difficult and unpredictable circumstances. In recognizing the potential risk to public safety created by vehicular pursuits, no deputy or supervisor shall be criticized or disciplined for deciding not to engage in a vehicular pursuit because of the risk involved. This includes circumstances where department policy would permit the initiation or continuation of the pursuit. It is recognized that vehicular pursuits are not always predictable and decisions made pursuant to this policy will be evaluated according to the totality of the circumstances reasonably available at the time of the pursuit.

Deputies must remember that the most important factors to the successful conclusion of a pursuit are proper self-discipline and sound professional judgment. Deputies' conduct during the course of a pursuit must be objectively reasonable; that is, what a reasonable deputy would do under the circumstances. An unreasonable desire to apprehend a fleeing suspect at all costs has no place in professional law enforcement.

314.1.1 DEFINITIONS

The purpose of including definitions in this policy is to comply with legal mandates and law enforcement best practices; however, the inclusion of a definition in this policy **does not** automatically mean the defined tactic is approved by this department. Authorization of specific tactics are indicated further in this policy under section 314.8.

Tire deflation device(s) - Authorized devices that extend across the roadway designed to puncture the tires of the pursued vehicle.

Blocking - An authorized tactic wherein one or more sheriff's department emergency vehicles intentionally restrict the movement of a stationary suspect vehicle, with the goal of containment or preventing a pursuit. Blocking is not boxing in or a roadblock.

Boxing-in - A tactic designed to stop a suspect's moving vehicle by surrounding it with law enforcement vehicles and then slowing all vehicles to a stop. (Authorized for specially trained and properly equipped Special Enforcement Bureau [SEB] personnel)

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Vehicle Pursuits

Pursuit Intervention Technique (PIT) - A low-speed tactic intentionally applied to cause the suspect vehicle to spin out and terminate the pursuit. (Authorized for specially trained and properly equipped Special Enforcement Bureau [SEB] personnel)

Pursuit Intervention - An attempt to stop the suspect's ability to continue to flee in a vehicle through tactical application of technology, tire deflation devices, blocking or vehicle intercept, boxing-in, the PIT (known as Pursuit Intervention Technique or Precision Immobilization Technique), ramming, or roadblock procedures.

Ramming - The unauthorized, deliberate act of impacting a suspect's vehicle with another vehicle to functionally damage or otherwise force the suspect's vehicle to stop.

Roadblocks - An unauthorized tactic designed to stop a suspect's vehicle by intentionally placing an emergency vehicle or other immovable object in the path of the suspect's vehicle.

Terminate - To discontinue a pursuit or stop chasing fleeing vehicles.

Trail - Following the path of the pursuit at a safe speed while obeying all traffic laws and without activating emergency equipment. If the pursuit is at a slow rate of speed, the trailing vehicle will maintain sufficient distance from the pursuit vehicles so as to clearly indicate an absence of participation in the pursuit.

Vehicle Pursuit - An event involving one or more law enforcement officers attempting to apprehend a suspect, who is attempting to avoid arrest while operating a motor vehicle by using high-speed driving or other evasive tactics, such as driving off a highway, turning suddenly, or driving in a legal manner but willfully failing to yield to a deputy's signal to stop.

Failure to Yield - Refers to actions of a vehicle operator who fails to stop or respond to the emergency light(s) and siren of a law enforcement vehicle. Generally, the vehicle operator continues to travel forward at or below the speed limit, observes applicable rules of the road, does not change direction of travel in an evasive manner, and does nothing to indicate their knowledge of your attempt to stop them.

Emergency Lighting - Red light(s) visible on the front of a vehicle (Vehicle Code 21055).

314.1.2 POLICY

It is the policy of this department to balance the importance of apprehending suspects who unlawfully flee from law enforcement against the risks associated with vehicle pursuits.

- (a) The pursuit operation of a vehicle is limited to sworn, field trained, personnel, including Level I reserve deputies and those in the field training program accompanied by a field training officer.
- (b) Level II reserve deputies shall not operate as the driver of an emergency vehicle during a pursuit.
- (c) Level III reserve deputies and classified employees shall not operate nor be a passenger of a vehicle in pursuit mode (See Reserve Deputy Policy DSM 354.21). This prohibition also applies to non-sworn ride-alongs and volunteers.

Riverside County Sheriff's Department

Riverside County Sheriff's Department Standards Manual (DSM)

Vehicle Pursuits

If a deputy experiences a failure to yield while accompanied by a passenger prohibited from participation in vehicle pursuits, the deputy shall, as soon as possible, relinquish his/her position and be replaced by another authorized and properly equipped unit.

314.2 PURSUIT MITIGATION

There are tactics available to law enforcement which reduce the possibility of a vehicle pursuit and the inherent dangers therein. Whenever possible, deputies should consider using one or more of these tactics to help reduce the possibility of pursuit initiation. For example, surveillance of a parked suspect vehicle in which arrest of the occupant is planned or likely to occur, deputies should consider the following options:

- (a) Advanced deployment of department approved tire-deflation device(s),
- (b) Availability of electronic disruption devices and/or tracking devices.
- (c) Blocking -An authorized tactic in which the suspect vehicle is stationary and one or more sheriff's department emergency vehicles intentionally restrict the movement of the suspect vehicle, with the goal of containment or preventing a pursuit. Blocking is not boxing in or a roadblock.

314.3 DEPUTY RESPONSIBILITIES

Vehicle pursuits shall only be conducted using authorized sheriff's department emergency vehicles that are equipped with and displaying emergency lighting and sirens as required by Vehicle Code § 21055. Deputies are responsible for continuously driving with due regard and caution for the safety of all persons and property (Vehicle Code § 21056).

Deputies shall activate their body worn cameras at the onset of their involvement in a vehicle pursuit (See DSM 410).

314.3.1 WHEN TO INITIATE A PURSUIT

Deputies are authorized to initiate a pursuit when the deputy reasonably believes that a suspect, who has been given appropriate signal to stop by a law enforcement officer, is attempting to evade arrest or detention by fleeing in a vehicle.

The following factors individually and collectively shall be considered in deciding whether to initiate a pursuit:

- (a) Seriousness of the known or reasonably suspected crime and its relationship to community safety.
- (b) The importance of protecting the public and balancing the known or reasonably suspected offense and the apparent need for immediate capture against the risks to deputies, innocent motorists, and others.
- (c) Apparent nature of the fleeing suspect(s) (e.g., whether they represent a serious threat to public safety).
- (d) The identity of the suspect(s) has been verified and there is comparatively minimal risk in allowing the suspects to be apprehended at a later time.

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Vehicle Pursuits

- (e) Safety of the public in the area of the pursuit, including the type of area, time of day, the amount of vehicular and pedestrian traffic, and the speed of the pursuit relative to these factors.
- (f) Pursuing deputies' familiarity with the area of the pursuit, the quality of radio communications between the pursuing units and the dispatcher/supervisor, and the driving capabilities of the pursuing deputies under the conditions of the pursuit.
- (g) Weather, traffic, and road conditions that substantially increase the danger of the pursuit beyond the worth of apprehending the suspect.
- (h) Performance capabilities of the vehicles used in the pursuit in relation to the speeds and other conditions of the pursuit.
- (i) Vehicle speeds.
- (j) Other persons in or on the pursued vehicle (e.g., passengers, co-offenders, hostages, etc.).
- (k) Availability of other resources such as helicopter assistance.
- (l) Accessibility to vehicle locator and/or deactivation technology.

Pursuits shall not be undertaken with prisoners, civilians, volunteers, explorers, or ride-alongs in the sheriff's unit.

314.3.2 WHEN TO TERMINATE A PURSUIT

Pursuits should be discontinued whenever the totality of objective circumstances known or which reasonably ought to be known to the deputy or supervisor during the pursuit indicates that the present risks of continuing the pursuit reasonably appear to outweigh the risks resulting from the suspect's escape.

The factors listed in When to Initiate a Pursuit of this policy are expressly included herein and will apply equally to the decision to discontinue as well as the decision to initiate a pursuit. Deputies and supervisors must objectively and continuously weigh the seriousness of the offense against the potential danger to innocent motorists and themselves when electing to continue a pursuit. In the context of this policy, the term "terminate" shall be construed to mean discontinue or to stop chasing the fleeing vehicle.

In addition to the factors listed in When to Initiate a Pursuit of this policy, the following factors should also be considered in deciding whether to terminate a pursuit:

- (a) Distance between the pursuing deputies and the fleeing vehicle is so great that further pursuit would be futile or require the pursuit to continue for an unreasonable time and/or distance.
- (b) Pursued vehicle's location is no longer definitely known.
- (c) Deputy's pursuit vehicle sustains any type of damage that renders it unsafe to drive.
- (d) Extended pursuits of violators for misdemeanors not involving violence or risk of serious harm (independent of the pursuit) are discouraged.
- (e) There are hazards to uninvolved bystanders or motorists.

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Vehicle Pursuits

- (f) If the identity of the offender is known and it does not reasonably appear that the need for immediate capture outweighs the risks associated with continuing the pursuit, deputies should strongly consider discontinuing the pursuit and apprehending the offender at a later time.
- (g) Pursuit is terminated by a supervisor.

314.3.3 SPEED LIMITS

The speed of a pursuit is a factor that should be evaluated on a continuing basis by the deputy and supervisor. Evaluation of vehicle speeds should take into consideration public safety, officer safety, and the safety of the occupants of the fleeing vehicle.

Should high vehicle speeds be reached during a pursuit, deputies and supervisors should also consider these factors when determining the reasonableness of the speed of the pursuit:

- (a) Pursuit speeds have become unreasonably unsafe for the surrounding conditions.
- (b) Pursuit speeds have exceeded the driving ability of the deputy.
- (c) Pursuit speeds are beyond the capabilities of the pursuit vehicle thus making its operation unsafe.

314.4 PURSUIT UNITS

When involved in a pursuit, unmarked sheriff's department emergency vehicles, such as "stealth units," should be replaced by marked emergency vehicles whenever practicable.

Vehicle pursuits should be limited to three vehicles (two units and a supervisor); however, with supervisor approval, the number of units involved may vary with the circumstances.

A deputy or supervisor may request additional units to join a pursuit if, after assessing the factors outlined above, it reasonably appears that the number of deputies involved may be insufficient to safely arrest the suspects. All other deputies should stay out of the pursuit, but should remain alert to its progress and location. Any deputy who drops out of a pursuit may then, if necessary, proceed to the termination point at legal speeds, following the appropriate rules of the road.

314.4.1 MOTORCYCLE DEPUTIES

A distinctively marked patrol vehicle equipped with emergency overhead lighting should replace a police motorcycle as primary and/or secondary pursuit unit as soon as practical. In the event that such a unit is unavailable, a distinctively marked patrol vehicle or "stealth" patrol vehicle equipped with emergency lights and sirens should replace a motorcycle unit until a unit with overhead emergency lights can replace it.

314.4.2 VEHICLES WITHOUT EMERGENCY EQUIPMENT

Vehicles not equipped with emergency lighting and siren are generally prohibited from initiating or joining in any pursuit. Deputies in such vehicles, however, may become involved in emergency activities involving serious crimes or life threatening situations. Those deputies should terminate their involvement in any pursuit immediately upon arrival of a sufficient number of emergency

police vehicles or air support. The exemptions provided by Vehicle Code § 21055 do not apply when the required emergency equipment is not in use.

314.4.3 PRIMARY UNIT RESPONSIBILITIES

The initial pursuing unit will be designated as the primary pursuit unit and will be responsible for the conduct of the pursuit unless the deputy is unable to remain reasonably close to the suspect's vehicle. The primary responsibility of the deputy initiating the pursuit is the apprehension of the suspects without unreasonable danger to any person.

The primary unit should notify Dispatch commencing with a request for priority radio traffic, that a vehicle pursuit has been initiated, and as soon as practicable provide information including but not limited to:

- (a) The location, direction of travel, and estimated speed of the suspect's vehicle.
- (b) The description of the suspect's vehicle including license plate number, if known.
- (c) The reason for the pursuit.
- (d) Known or suspected weapons. Threat of force, violence, injuries, hostages, or other unusual hazards.
- (e) The suspected number of occupants and identity or description.
- (f) The weather, road, and traffic conditions.
- (g) The need for any additional resources or equipment.
- (h) The identity of other law enforcement agencies involved in the pursuit.

Unless relieved by a supervisor or secondary unit, the deputy in the primary unit is responsible for the broadcasting of the progress of the pursuit. Unless circumstances reasonably indicate otherwise, the primary pursuing deputy should, as soon as practicable, relinquish the responsibility of broadcasting the progress of the pursuit to a secondary unit or air support joining the pursuit to minimize distractions and allow the primary pursuing deputy to concentrate foremost on safe pursuit tactics. The primary deputy shall assume command at the termination point of the pursuit unless relieved by a supervisor.

If the pursued vehicle is lost, the primary unit should broadcast pertinent information to assist other units in locating the suspect(s). The primary unit will be responsible for coordinating any further search for either the pursued vehicle or suspect(s) fleeing on foot.

314.4.4 SECONDARY UNIT RESPONSIBILITIES

The second deputy in the pursuit will be designated as the secondary unit and is responsible for:

- (a) Immediately notifying the dispatcher of entry into the pursuit as soon as reasonably practicable.
- (b) Remaining a safe distance behind the primary unit unless directed to assume the role of primary pursuit vehicle or if the primary pursuit vehicle is unable to continue the pursuit.

Vehicle Pursuits

- (c) Broadcasting the progress, updating known or critical information, and providing circumstantial and directional changes in the pursuit, unless the situation indicates otherwise.
- (d) Identify the need for additional resources or equipment as appropriate.
- (e) Serving as backup to the primary pursuing deputy once the suspect has been stopped.

314.4.5 PURSUIT DRIVING

The decision to use specific driving tactics requires the same assessment of considerations outlined in the factors to be considered concerning pursuit initiation and termination. The following are tactics for units involved in the pursuit:

- (a) Deputies, considering their driving skills and vehicle performance capabilities, will space themselves from other involved vehicles such that they are able to see and avoid hazards or react safely to maneuvers by the fleeing vehicle.
- (b) Pursuing units should exercise due caution when proceeding through controlled intersections.
- (c) As a general rule, deputies should not pursue a vehicle driving left of center (wrong way) on a freeway. In the event that the pursued vehicle does so, the following tactics should be considered:
 - 1. Requesting assistance from an air unit.
 - 2. Maintaining visual contact with the pursued vehicle by paralleling it on the correct side of the roadway.
 - 3. Requesting other units to observe exits available to the suspects.
 - 4. Notifying the California Highway Patrol (CHP) and/or other jurisdictional agencies.
- (d) Deputies involved in a pursuit should not attempt to pass other units unless the situation indicates otherwise or they are requested to do so by the primary unit.

314.4.6 UNITS NOT INVOLVED IN THE PURSUIT

There should be no paralleling of the pursuit route. Deputies are authorized to use emergency equipment at intersections along the pursuit path to clear intersections of vehicular and pedestrian traffic to protect the public. Deputies should remain in their assigned area and should not become involved with the pursuit unless directed otherwise by a supervisor.

Non-pursuing personnel needed at the termination of the pursuit should respond in a non-emergency manner, observing the rules of the road.

The primary and secondary units should be the only units operating under emergency conditions (emergency lights *and* siren) unless other units are assigned to the pursuit by a supervisor.

314.4.7 PURSUIT TRAILING

In the event the initiating unit from this agency either relinquishes control of the pursuit to another unit or jurisdiction, that initiating unit may, with permission of a supervisor, trail the pursuit to the

termination point in order to provide information and assistance for the arrest of the suspects and reporting the incident.

314.4.8 ASSISTANCE TO RELIEVING AGENCY

In the event that the initiating unit from this agency relinquishes control of the pursuit to another unit or jurisdiction, that initiating unit may, with permission from the supervisor, trail the pursuit to the termination point in order to provide necessary information and assistance for the arrest of the suspect(s).

314.4.9 AIR SUPPORT ASSISTANCE

When access to aircraft assistance is available, it should be requested. The primary and secondary ground units should consider the participation of aircraft assistance when determining whether to continue the pursuit.

- (a) Maximum use of any law enforcement aircraft should be made as quickly as possible;
- (b) The flight crew shall notify Dispatch as soon as they are in position to follow the pursued vehicle. When feasible, the aircraft becomes responsible for communicating the progress of the pursuit after communications is established between the air and ground units confirming the transfer of that responsibility;
- (c) Flight crews will broadcast the following information:
 - 1. Location, speed, and direction of travel of the pursued vehicle;
 - 2. Traffic, road and weather conditions and information relevant to the pursuit;
 - 3. Any criminal act by the suspect observed from the air;
 - 4. When sufficient patrol units are involved in the pursuit;
 - 5. Any other information requested by the field units or supervisor.
- (d) The flight crew shall follow the directives from the station supervisor who has overall responsibility for the pursuit;
- (e) Air crews are not expected to follow directives that would jeopardize the safety of the aircraft or its crew;
- (f) Option "Break Away" procedure.
 - 1. The purpose of this procedure is to provide a preplanned alternative to continued pursuits, where aircraft are in position to continue to observe the suspect. The procedure can be invoked at the discretion of the pursuing ground units or by a supervisor controlling the pursuit. The gravity of the known violations, Department policy and other risk factors should be weighed prior to invoking this procedure.
 - 2. Aircraft "Break Away" procedures:
 - (a) Initial assessment - once overhead, direct reliable communications between the aircraft and pursuing units shall be established. The aircraft and pursuing units shall evaluate their ability to continue the surveillance

Riverside County Sheriff's Department

Vehicle Pursuits

based on fuel-on-board, weather, direction and speed involved, and other appropriate factors;

- (b) Radio notification - when appropriate conditions as outlined in paragraph "1" above (Purpose Statement) exist, the aircraft crew will notify the ground units they are in position to invoke the "Break Away" option. This notification will be accomplished utilizing the radio notification "Break Away option available." If "Break Away" procedures are not invoked by the ground units, the aircraft will continue to provide only those services requested;

3. Ground Unit "Break Away" procedures:

- (a) Decision to invoke "Break Away." Ground units receiving the notification "Break Away option available" shall have the discretion to:
 - i. Based on all the circumstances, advise the aircraft that the "Break Away" procedures will not be utilized, or;
 - ii. Initiate "Break Away" procedures.
- (b) Initiating "Break Away" procedures - pursuing ground units will initiate the procedure with the order, "All units break way." All pursuing units will discontinue ground pursuit and will terminate Code 3 operations. The aircraft will continue surveillance of the suspect vehicle, advising appropriate agencies of the continued movement of the suspect vehicle. However, they should avoid any actions that could alert the suspects to the aircraft's continuing surveillance.
- (c) Pursuit/surveillance termination - Wherever possible, the aircraft will notify available ground units in the vicinity when the suspect(s) abandon the vehicle. The aircraft will advise arriving units of the circumstances involved and request assistance in apprehending the suspect(s). The originating unit may continue in the direction of the surveillance, or return to its jurisdiction, at the discretion of the supervisor. Once the surveillance is terminated, the originating agency should be advised of the results and allowed the opportunity to respond to the termination point and assume control of any apprehended suspect(s).

- (g) If ground units are not within visual contact and the air unit determines that it is unsafe to continue the pursuit, the air unit has the authority to terminate the pursuit.

314.5 SUPERVISORY CONTROL AND RESPONSIBILITIES

It is the policy of this department that available supervisory and management control will be exercised over all vehicle pursuits involving deputies from this department.

The field supervisor of the deputy initiating the pursuit, or if unavailable, the nearest field supervisor will be responsible for the following:

- (a) Upon becoming aware of a pursuit, immediately ascertaining all reasonably available information to continuously assess the situation and risk factors associated with the

Riverside County Sheriff's Department

- pursuit in order to ensure that the pursuit is conducted within established department guidelines.
- (b) Clear affirmative approval/authorization or denial/termination of the pursuit.
 - (c) If the pursuit is approved, supervisors shall direct deputies involved in the pursuit to activate their body worn cameras.
 - (d) Engaging in the pursuit, when appropriate, to provide on-scene supervision.
 - (e) Exercising management and control of the pursuit even if not engaged in it.
 - (f) Ensuring that no more than the required number of units are involved in the pursuit under the guidelines set forth in this policy.
 - (g) Directing that the pursuit be terminated if, in the supervisor's judgment, it is unreasonable to continue the pursuit under the guidelines of this policy.
 - (h) Ensuring that assistance from air support, canines, or additional resources are requested if available and appropriate.
 - (i) Ensuring that the proper radio channel is being used.
 - (j) Ensuring the notification and/or coordination of outside agencies if the pursuit either leaves or is likely to leave the jurisdiction of this department.
 - (k) Controlling and managing RCSD units when a pursuit enters another jurisdiction.
 - (l) Preparing a post-pursuit review and documentation of the pursuit.

Effective management and control of pursuits is an important component of this policy. Supervisors should communicate/broadcast directions and instructions as clearly as possible. This is especially important as it pertains to supervision's initial approval or non-approval of the pursuit and direction to activate body worn cameras. For example, if a supervisor approves of a pursuit, he/she should broadcast specific language approving the pursuit such as "pursuit approved" or "pursuit authorized" as opposed to simply using the word "copy" which only indicates recognition that the pursuit is occurring.

Whenever practical, the supervisor shall proceed promptly to the termination point of the pursuit, and shall ensure:

- (a) Medical aid is summoned promptly when needed;
- (b) Body worn cameras have been activated;
- (c) Adequate containment is in place and the scene is safe;
- (d) All members comply with Department policies and procedures;
- (e) All law enforcement officers on scene comply with laws of arrest;
- (f) Any use of force is within Department policy;
- (g) Damage or traffic collisions associated with the pursuit are identified and properly handled;
- (h) The pursuit is properly documented; and

- (i) Proper notifications are made.

If an allied agency's pursuit ends in our area, the supervisor should go to the termination point, if possible, to provide supervision and on-scene coordination with the allied agency supervisory personnel. The supervisors present should determine each agency's responsibility for transporting, booking, and prosecution.

314.5.1 STATION COMMANDER RESPONSIBILITIES

The station commander shall review all pertinent reports for content and forward them to the Pursuit Review Committee for review within 14 days of the incident. Commanders are responsible to identify areas such as additional needed training or possible policy violations, prior to forwarding the pursuit package to the Pursuit Review Committee. Commanders shall confirm their review by updating the Vehicle Pursuit Reporting System (VIPR) indicating that appropriate remedies are being addressed at the bureau or station level.

Station commanders shall ensure that all deputies under their command are trained in the proper application and deployment of tire deflation devices.

314.6 COMMUNICATIONS

If the pursuit is confined within the boundary limits of those areas or cities serviced by the Sheriff, radio communications will be conducted on the primary channel unless instructed otherwise by a supervisor or communications dispatcher. If the pursuit leaves the responsible station's jurisdiction, or such is imminent, involved units should, whenever available, switch radio communications to the appropriate emergency channel as coordinated by the supervisor and Dispatch.

314.6.1 DISPATCH RESPONSIBILITIES

Upon notification that a pursuit has been initiated, Dispatch will:

- (a) Clear the air/radio of all non-emergency traffic.
- (b) Coordinate pursuit communications of the involved units and personnel.
- (c) Notify and coordinate with other involved or affected agencies as practicable.
- (d) Ensure that a field supervisor is notified of the pursuit (contact a field supervisor from a neighboring station if the primary is not available).
- (e) Assign an incident number and log all pursuit activities.
- (f) Broadcast pursuit updates as well as other pertinent information as necessary.
- (g) The deputy requesting approval shall be advised by dispatch of the supervisor's direction as soon as possible.
- (h) Assign an Internal Pursuit Number (IPN) and forward the information to the commander over the Pursuit Review Committee.

314.7 INTER-JURISDICTIONAL CONSIDERATIONS

When a pursuit enters another agency's jurisdiction, the primary deputy or supervisor, taking into consideration distance traveled, unfamiliarity with the area and other pertinent facts, should determine whether to request the other agency to assume the pursuit. Unless entry into another jurisdiction is expected to be brief, it is generally recommended that the primary deputy or supervisor ensure that notification is provided to each outside jurisdiction into which the pursuit is reasonably expected to enter, regardless of whether such jurisdiction is expected to assist.

314.7.1 ASSUMPTION OF PURSUIT BY ANOTHER AGENCY

Deputies will relinquish control of the pursuit when another agency has assumed the pursuit, unless the continued assistance of the Riverside County Sheriff's Department is requested by the agency assuming the pursuit. Upon relinquishing control of the pursuit, the involved deputies may proceed, with supervisory approval, to the termination point of the pursuit to assist in the investigation. The supervisor should coordinate such assistance with the assuming agency and obtain any information that is necessary for any reports. Notification of a pursuit in progress should not be construed as a request to join the pursuit. Requests to or from another agency to assume a pursuit should be specific.

314.7.2 PURSUITS EXTENDING INTO RIVERSIDE SHERIFF'S DEPARTMENT JURISDICTION

The agency that initiates a pursuit is responsible for conducting the pursuit. Units from the department should not join a pursuit unless specifically requested to do so by the pursuing agency and with approval from a supervisor. The exception to this is when a single unit from the initiating agency is in pursuit. Under this circumstance, a supervisor may authorize units from the department to join the pursuit until sufficient units from the initiating agency join the pursuit or until additional information is provided allowing withdrawal of the pursuit.

When a request is made for the department to assist or take over a pursuit that has entered the jurisdiction of Riverside County Sheriff's Department, the supervisor should consider:

- (a) The public's safety within this jurisdiction.
- (b) The safety of the pursuing deputies.
- (c) Whether the circumstances are serious enough to continue the pursuit.
- (d) Whether there is adequate staffing to continue the pursuit.
- (e) The ability to maintain the pursuit.

As soon as practicable, a supervisor or the Watch Commander should review a request for assistance from another agency. The Watch Commander or supervisor, after considering the above factors, may decline to assist in, or assume the other agency's pursuit.

Assistance to a pursuing allied agency by deputies of this department will terminate at the jurisdictional limits provided that the pursuing officers have sufficient assistance from other sources. Ongoing participation from this department may continue only until sufficient assistance is present.

Vehicle Pursuits

In the event that a pursuit from another agency terminates within this jurisdiction, deputies should provide appropriate assistance to officers from the allied agency including but not limited to scene control, coordination and completion of supplemental reports, and any other reasonable assistance requested or needed.

314.8 WHEN PURSUIT INTERVENTION IS AUTHORIZED

Whenever practicable, a deputy shall seek approval from a supervisor before employing any intervention to stop the pursued vehicle. In deciding whether to use intervention tactics, deputies/supervisors should balance the risks of allowing the pursuit to continue with the potential hazards to the public arising from the use of each tactic, the deputies, and persons in or on the pursued vehicle to determine which, if any, intervention tactic may be reasonable.

The pursuit intervention authorized by the department is the deployment of approved tire deflation devices. Deputies deploying these devices shall have received training on their use and placement.

Blocking is authorized when it is used to prevent a pursuit from occurring and the suspect vehicle is stationary (See DSM 314.1.1 and 314.2).

The Sheriff may authorize specialized units, such as SEB to utilize additional pursuit intervention tactics such as boxing-in and the PIT maneuver, for which they have been trained and properly equipped.

314.8.1 UNAUTHORIZED INTERVENTION

There shall be no attempt to stop pursued vehicles using any of the following techniques:

- (a) Boxing in (SEB Exception);
- (b) Ramming;
- (c) Heading off;
- (d) Forcing off the road;
- (e) Driving parallel to the pursued vehicle (See DSM 314.3.5(c)2);
- (f) Roadblocks leaving no avenue of escape;
- (g) Use of the PIT maneuver (SEB Exception);
- (h) Any other type of legal intervention as specified in the State Collision Investigation Manual (HPM 110.), with the exception of deployment of the Department approved tire deflation devices.

Off-road type vehicles shall not be pursued if the vehicle leaves the road; however, the exception to this rule applies to specially trained and properly equipped units designated by the Sheriff such as the Riverside County Off Highway Vehicle Enforcement (ROVE) unit, which can pursue these vehicles.

314.8.2 INTERVENTION STANDARDS

Any pursuit intervention tactic, depending upon the conditions and circumstances under which it is used, may present dangers to the deputies, the public, or anyone in or on the vehicle being pursued. Certain applications of intervention tactics may be construed to be a use of force, including deadly force and subject to the policies guiding such use. Deputies shall consider these facts and requirements prior to deciding how, when, where, and if an intervention tactic should be employed.

The supervisor may elect to deploy a Department approved tire deflation device to terminate a pursuit.

The tire deflation device is designed to be physically placed accross the roadway, directly in the path of a fleeing vehicle. As the vehicle passes over the device, the hollow spikes pierce the tires, pull out of the strip and cause the tires to deflate. Tire deflation devices are typically ineffective in stopping large vehicles with thick tires.

The tire deflation device shall not be used to stop motorcycles, mopeds, or similar vehicles.

The tire deflation device should not be used to stop the following classes of vehicles unless the continued movement of the pursued vehicle would result in an unusual hazard to others:

- (a) A vehicle transporting hazardous materials as defined in Vehicle Code § 2402.7;
- (b) A passenger bus transporting passengers;
- (c) A school bus transporting passengers;
- (d) Any vehicle that would pose an unusual hazard to innocent parties;

Tire deflation device deployment plans shall include provisions for close coordination between pursuing units and the deputy deploying the device.

- (a) Pursuing units shall notify the deploying unit as far in advance as possible.
- (b) The unit with communications responsibility will ensure the deploying unit is monitoring the progress of the pursuit, and is specifically aware of when the pursuit is approximately two miles from the designated deployment location.
- (c) The deploying deputy shall make every effort to notify all pursuing units (including allied agency personnel) when the tire deflation device is in place.
- (d) The tire deflation device shall not be used in locations that increase risk of injury (e.g., near steep embankments, curves, potential oncoming traffic, etc.).
- (e) The deputy shall seek protection immediately after deploying the tire deflation device.
- (f) Deployment locations should provide sufficient line of sight to ensure the deploying deputy can observe the pursuit and other traffic as it approaches.
- (g) Care shall be given when deploying the device to reduce the possibility of damage to uninvolved vehicles.

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Vehicle Pursuits

- (h) Prior to deployment, the deploying deputy must consider the likely path of the pursued vehicle after its tires have been deflated so as not to endanger anyone. Associated factors include, but are not limited to:
 - 1. The vehicle's speed
 - 2. The layout of the roadway
 - 3. Nearby intersections and driveways
 - 4. Pedestrians
 - 5. Business districts

314.8.3 CAPTURE OF SUSPECTS

Proper self-discipline and sound professional judgment are the keys to a successful conclusion of a pursuit and apprehension of evading suspects. Deputies shall use only that amount of force, which reasonably appears necessary under the circumstances, to accomplish a legitimate law enforcement purpose.

Unless relieved by a supervisor, the primary pursuing deputy should coordinate efforts to apprehend the suspects following the pursuit. Deputies should consider safety of the public and the involved deputies when formulating plans for setting up perimeters or for containing and capturing the suspects.

314.9 REPORTING REQUIREMENTS

The following reports should be completed upon conclusion of all pursuits:

- (a) The primary deputy should complete appropriate crime/arrest reports.
- (b) Other deputies involved in a pursuit may be required to submit supplemental reports.
- (c) In the event of unusual pursuits involving more than one agency, each agency may request an evaluation of the pursuit from other agencies involved. The evaluations shall only address the need for amendments in the inter-agency pursuit guidelines, and not serve as a basis to critique the judgment and/or actions of personnel of another agency or the policies of another agency.
- (d) The supervisor authorizing the pursuit shall ensure that a Pursuit Report with an attached CHP 187 form is completed and forwarded to the station commander and Pursuit Review Committee. The Pursuit Review Committee will ensure the CHP 187 form is filed with the CHP not later than 30 days following the pursuit (Vehicle Code § 14602.1).
- (e) The Pursuit Report shall minimally contain the following information:
 - 1. Whether a collision occurred (if so, the number of persons involved)
 - 2. Whether anyone was injured
 - 3. Identity of the injured and the nature of the injuries
 - 4. Violation(s) that prompted the pursuit
 - 5. Identity of the deputies involved in the pursuit

7. Charges filed
8. Duration of the pursuit and miles traveled
9. Weather conditions
10. Maximum speeds

After obtaining the available information, a field supervisor shall promptly complete a Supervisor's Log, briefly summarizing the pursuit, and submit it to his/her manager. This log should minimally contain the following information:

- (a) Date and time of pursuit
- (b) Length of pursuit
- (c) Involved units and deputies
- (d) Initial reason for the pursuit
- (e) Starting and termination locations
- (f) Name and disposition of arrestee
- (g) Injuries and/or property damage
- (h) Medical treatment
- (i) Name of supervisor at scene
- (j) A preliminary determination whether the pursuit appears to be in compliance with this policy and whether additional review or follow-up is warranted

314.9.1 REGULAR AND PERIODIC PURSUIT TRAINING

In addition to initial and supplementary Peace Officer Standards and Training (POST) training on pursuits required by Penal Code § 13519.8, all sworn members of this department will participate no less than annually in regular and periodic department training addressing this policy and the importance of vehicle safety and protecting the public at all times, including a recognition of the need to balance the known offense and the need for immediate capture against the risks to deputies and others (Vehicle Code § 17004.7(d), and 11 CCR 1081).

314.9.2 POLICY REVIEW

Each sworn member of this department shall certify in writing that they have received, read, and understand this policy initially and upon any amendments. The POST attestation form, or an equivalent form, may be used to document the compliance and should be retained in the member's training file.

314.10 APPLICATION OF VEHICLE PURSUIT POLICY

This policy is expressly written and adopted pursuant to the provisions of Vehicle Code § 17004.7, with additional input from the POST Vehicle Pursuit Guidelines.

314.11 BODY-WORN CAMERAS

Employees involved in the pursuit shall activate their body-worn camera at the onset of the pursuit, and follow the provisions outlined in the Body-Worn Camera policy (DSM 410).

314.12 USE OF FIREARMS

Shots fired at or from a moving vehicle are rarely effective. Deputies should move out of the path of an approaching vehicle instead of discharging their firearm at the vehicle or any of its occupants. A deputy should only discharge a firearm at a moving vehicle or its occupants when the deputy reasonably believes there are no other reasonable means available to avert the threat of the vehicle, or if deadly force other than the vehicle is directed at the deputy or others.

Deputies should not shoot at any part of a vehicle in an attempt to disable the vehicle, except as described above. (see the Use of Force Policy DSM 300).

Patrol Service Canines

- D. Canine training records will be maintained by the Training Bureau at Ben Clark Training Center for a period of 10 years after death or retirement per department records retention policy.

318.7 REQUEST FOR CANINE TEAMS

Supervisors shall consider canine deployments in instances where the use of a canine would be advantageous to the successful conclusion of an incident. Requests for canine assistance can be made through dispatch or direct contact with canine supervision.

- A. During exigent circumstances, department personnel may request a canine from an outside agency. However, absent exigency, department members should make every effort to use department canine teams, regardless of ETA, to avoid policy conflicts which may expose the department to civil liability.
- B. Request for canine assistance from an outside agency, in or out of county, must be approved by canine supervision.
- C. Requests for a canine demonstration shall be approved by canine supervision.

Domestic Violence

320.1 PURPOSE AND SCOPE

The purpose of this policy is to provide the guidelines necessary to deter, prevent and reduce domestic violence through vigorous enforcement and to address domestic violence as a serious crime against society. The policy specifically addresses the commitment of this Department to take enforcement action when appropriate, to provide assistance to victims, and to guide deputies in the investigation of domestic violence.

320.1.1 DEFINITIONS

Definitions related to this policy include:

Abuse - "Abuse" means intentionally or recklessly causing or attempting to cause bodily injury, or placing another person in reasonable apprehension of imminent serious bodily injury to himself or herself, or another (Penal Code §13700(a)).

Court order - All forms of orders related to domestic violence that have been issued by a court of this state or another, whether civil or criminal, regardless of whether service has been made.

Deadly Weapon - Per Penal Code §16430, any weapon, the possession or concealed carrying of which is prohibited by any provision listed in Penal Code §16590.

Deputy - Any sworn member of the Department assigned to investigate a domestic violence case.

Domestic Violence - "Domestic violence" means abuse committed against an adult or a minor who is a spouse, former spouse, cohabitant, former cohabitant, or person with whom the suspect has had a child or is having or has had a dating or engagement relationship. For purposes of this subdivision, "cohabitant" means two unrelated adult persons living together for a substantial period of time, resulting in some permanency of relationship. Factors that may determine whether persons are cohabiting include, but are not limited to, (1) sexual relations between the parties while sharing the same living quarters, (2) sharing of income or expenses, (3) joint use or ownership of property, (4) whether the parties hold themselves out as spouses, (5) the continuity of the relationship, and (6) the length of the relationship (Penal Code § 13700(b)).

320.2 POLICY

The Department's response to incidents of domestic violence and violations of related court orders shall stress enforcement of the law to protect the victim and shall communicate the philosophy that domestic violence is criminal behavior. It is also the policy of this Department to facilitate victims' and offenders' access to appropriate civil remedies and community resources whenever feasible. Collaboration with other organizations may be necessary to facilitate effective responses to certain cases, particularly when the victim is working through the complex process of leaving the abuser (often the most dangerous time for the victim and law enforcement officers).

The Department recognizes that domestic violence is often a patterned crime requiring continuing engagement with victims and offenders. The Department's policy emphasizes the importance of

Domestic Violence

obtaining the history of domestic violence by the suspect in the current and previous relationships in order to understand and appropriately respond to the danger and risk posed by offenders. Doing so ensures compliance with the law, assists in identifying the dominant aggressor, establishes a foundation for obtaining protective orders and/or bail enhancements, and ensures proper resources are activated (e.g., investigators, forensic services, victim services, children's services, etc.).

320.3 OFFICER SAFETY

The investigation of domestic violence cases often places deputies in emotionally charged and sometimes highly dangerous environments. No provision of this policy is intended to supersede the responsibility of all deputies to exercise due caution and reasonable care in providing for the safety of any deputies and parties involved. When available and practicable, a two-unit response is recommended.

320.4 DISPATCH ASSISTANCE

All calls of domestic violence, including incomplete 9-1-1 calls, should be dispatched as soon as practicable.

Dispatchers are not required to verify the validity of a court order before responding to a request for assistance. Deputies should request that dispatchers check whether any of the involved persons are subject to the terms of a court order. Dispatchers should check for previous contacts, firearms registered to the involved parties, probation/parole status, etcetera, to facilitate officer safety and thorough investigations.

320.5 INVESTIGATIONS

When investigating domestic violence cases:

- (a) Calls of reported, threatened, imminent or ongoing domestic violence and the violation of any court order are of extreme importance and should be considered among the highest response priorities. This includes incomplete 911 calls.
- (b) Obtain and document statements from the victim, the suspect, and any witnesses, including children, in or around the household or location of occurrence.
 - 1. Trauma-informed interviewing techniques are ideal and should be utilized if the deputy is trained in such techniques. The goal is to ensure victims are able to fully communicate the details of the present and past abuse
 - 2. Follow-up interviews may be needed to obtain additional information and/or accommodate traumatized victims
- (c) List the full name and date of birth (and school if available) of each child who was present in the household at the time of the offense. The names of other children who may not have been in the house at that particular time should also be obtained for follow-up.
- (d) Determine if other co-occurring, serial, and/or interconnected crimes have been committed (e.g., child abuse, stalking, kidnapping, false imprisonment, sexual assault, threats, victim/witness intimidation, animal abuse, fraud/extortion, vandalism, etc.)

Riverside County Sheriff's Department

Domestic Violence

- (e) When practicable and legally permitted, video or audio record all significant statements and observations from the victim(s), witness(es), and suspect(s) at the scene, as well as any post-arrest interviews from the suspect(s).
- (f) All injuries should be photographed, regardless of severity, taking care to preserve the victim's personal privacy. Where practicable, photographs should be taken by a person of the same sex. Victims whose injuries are not visible at the time of the incident should be asked to contact the on-duty watch commander or Detective Bureau in the event that the injuries later become visible.
- (g) Request that the victim complete and sign an authorization for release of medical records related to the incident when applicable to the present and/or previous case(s).
- (h) Thoroughly examine the crime scene(s) for evidence and to assess the statements given by all parties.
- (i) If the suspect is no longer at the scene, deputies should make reasonable efforts to locate the suspect to further the investigation, provide the suspect with an opportunity to make a statement, and make an arrest (or seek an arrest warrant) if appropriate. Deputies should use appropriate investigative techniques to maximize the ability to obtain truthful statements from the suspect, including a post-arrest Miranda statement whenever possible.
- (j) Seize any firearms or other deadly weapons in the home, if appropriate and legally permitted, for safekeeping or as evidence. If the domestic violence involved threats of bodily harm, any firearm discovered in plain view or pursuant to consent or other lawful search must be taken into temporary custody (Penal Code § 18250).
- (k) When completing an incident or arrest report for violation of a court order, deputies should include specific information that establishes that the offender has been served, including the date the offender was served, the name of the agency that served the order, and the provision of the order that the subject is alleged to have violated. When reasonably available, the arresting deputy should attach a copy of the order to the incident or arrest report.
- (l) Deputies or investigators shall investigate the history of violence, intimidation, and control committed by the suspect through interviews *and* review of past calls, court cases, restraining order applications, and other pertinent documents.
- (m) Deputies should take appropriate enforcement action when there is probable cause to believe an offense has occurred. Factors that should not be used as sole justification for declining to take enforcement action include:
 - 1. Marital status of suspect and victim.
 - 2. Whether the suspect lives on the premises with the victim.
 - 3. Claims by the suspect that the victim provoked or perpetuated the violence.
 - 4. The potential financial or child custody consequences of arrest.
 - 5. The physical or emotional state of either party.
 - 6. Use of drugs or alcohol by either party.

7. Denial that the abuse occurred where evidence indicates otherwise.
 8. A request by the victim not to arrest the suspect.
 9. Location of the incident (public/private).
 10. Speculation that the complainant may not follow through with the prosecution.
 11. The racial, cultural, social, professional position or sexual orientation of the victim or suspect.
- (n) Investigations shall cover all pertinent / relevant incidents of domestic violence, intimidation, and control, regardless of whether they were previously unreported.

320.5.1 INVESTIGATORS

Investigators shall be assigned to review or follow-up on domestic violence cases with any of the following characteristics:

- (a) Considerable history of abuse; or
- (b) Reasonable threat of further abuse, injury, or death; or
- (c) Current or previous strangulation; or
- (d) Current or recent stalking; or
- (e) Substantial effort is required to obtain statements and/or evidence; or
- (f) Follow-up is beyond the capabilities or resources of patrol staff, or would take them away from their patrol responsibilities for an extended period of time

The Investigations Bureau sergeant is responsible for tracking and assigning cases involving the above types of incidents. It is important to properly address any ongoing patterns of abuse. As such, pertinent incidents of prior domestic violence (whether reported or unreported) should be reviewed and/or investigated.

320.5.2 LETHALITY ASSESSMENTS

Senate Bill 1331 went into effect on January 1, 2019. The Bill requires law enforcement officers' training to include domestic violence lethality assessments. The assessment includes questions that officers can ask victims of domestic abuse to help determine their potential risk of homicide, serious injury, or further abuse. The questions are based on certain factors known to be linked to violence. Having the answers to these questions could help deputies identify victims who are at serious risk of harm and may provide deputies with the information needed to get victims additional resources from the Family Justice Center.

The Department has created a Lethality Assessment tool (Form 462) in compliance with POST recommendations. The Lethality Assessment is a mandatory form that will be attached to all domestic violence investigation reports. If the victim refuses to participate, it shall be noted in the report. The deputy shall review the answers to the questions with their supervisor (prior to clearing the call), who will determine if additional resources, such as the Investigations Bureau, victim

advocates, EPOs, gun violence restraining orders, bail enhancements, etcetera, are necessary. The answers can also make the victim more aware of the danger they could be in.

320.5.3 STRANGULATION ASSESSMENTS

Deputies should facilitate a forensic strangulation examination for all strangulation victims. The Strangulation Worksheet (Form 461) is required when the victim reports any form of strangulation (or the deputy discovers strangulation by other means). This form is intended to assist deputies who are investigating strangulation incidents to ensure the victim is properly assessed for medical care needs and to assist the deputy in properly investigating a strangulation case. The form is not to be considered the report; it is to be attached to all domestic violence reports in which the victim reports strangulation, past or present. Per Penal Code § 13730(c)(4), all domestic violence reports are required to notate whether there were indications that the incident involved strangulation.

320.5.4 DOMESTIC VIOLENCE WORKSHEET

The Domestic Violence Worksheet (Form 460) is required on all domestic violence investigations. This form is intended to assist deputies who are investigating domestic violence incidents to ensure they are acting within the legal requirements of the multiple domestic violence reporting laws. This form is not to be considered the report; it is to be attached to all domestic violence reports.

320.5.5 PHOTOGRAPHS OF INJURIES

All visible injuries should be photographed regardless of severity. All victims shall receive proper medical care prior to being photographed, if needed or desired. SART nurses are available for domestic violence exams, which include a report and photographs of the victim.

Victims whose injuries are not visible at the time of the incident shall be advised to contact the on-duty watch commander or Detective Bureau in the event they become visible. A deputy or investigator may be assigned to ensure the injuries are photographed during the course of preparing the case for court.

320.6 ARRESTS

Deputies investigating a domestic violence report should consider the following:

- (a) An arrest should be made when there is probable cause to believe that a felony or misdemeanor domestic violence offense has been committed (Penal Code § 13701). Any decision to not arrest an adult when there is probable cause to do so requires supervisor approval.
 - 1. Deputies are only authorized to make an arrest without a warrant for a misdemeanor domestic violence offense if the arrest is made as soon as probable cause arises (Penal Code § 836).
- (b) A deputy responding to a domestic violence call who cannot make an arrest will advise the victim of their right to make a private person's arrest. The advisement should be made out of the presence of the suspect and shall include advising the victim how to safely execute the arrest. Deputies shall not dissuade victims from making a lawful private person's arrest. Deputies should refer to the provisions in the Private Persons

Domestic Violence

Arrests Policy for options regarding the disposition of private person's arrests (Penal Code § 836(b)).

- (c) Deputies shall not cite and release a person for the following offenses (Penal Code § 853.6(a)(3)):
 - 1. Penal Code § 243(e)(1) (battery against spouse, cohabitant)
 - 2. Penal Code § 273.5 (corporal injury on spouse, cohabitant, fiancé/fiancée, person of a previous dating or engagement relationship, mother/father of the offender's child)
 - 3. Penal Code § 273.6 (violation of protective order) if violence or threats of violence have occurred or the suspect has gone to the workplace or residence of the protected party
 - 4. Penal Code § 646.9 (stalking)
 - 5. Other serious or violent felonies specified in Penal Code § 1270.1
- (d) In responding to domestic violence incidents, including mutual protective order violations, deputies should generally be reluctant to make dual arrests. Deputies shall make reasonable efforts to identify the dominant aggressor in any incident. The dominant aggressor is the person who has been determined to be the most significant, rather than the first, aggressor (Penal Code § 13701). In identifying the dominant aggressor, a deputy shall consider:
 - 1. The intent of the law to protect victims of domestic violence from continuing abuse.
 - 2. The threats creating fear of physical injury.
 - 3. The history of domestic violence between the persons involved.
 - 4. Whether either person acted in self-defense (Penal Code § 692, 693, and 694, and Cal. Crim. §3470).
- (e) An arrest shall be made when there is probable cause to believe that a violation of a domestic violence court order has been committed (Penal Code § 13701; Penal Code § 836), regardless of whether the offense was committed in the deputy's presence. After the arrest, the deputy shall confirm that a copy of the order has been registered, unless the victim provides a copy (Penal Code § 836).

320.6.1 FELONY ARRESTS

In accordance with state law, an arrest should be made when there is probable cause to believe a felony has occurred.

320.6.2 MISDEMEANOR ARRESTS

In accordance with state law, an arrest should generally be made when there is probable cause to believe a misdemeanor, including violations of court orders, has occurred.

- (a) Deputies may make an arrest without a warrant for a misdemeanor assault or battery not committed in their presence when it is committed upon:
 - 1. A current or former spouse;

 6. A child of the suspect or a child of one of the above listed categories;
 7. Any person who is 65 years of age or older and who is related to the suspect by blood or legal guardianship.
- (b) Both of the following conditions must be present in order to make an arrest in this situation pursuant to Penal Code § 836(d):
1. The peace officer has probable cause to believe that the person to be arrested has committed the assault or battery, whether or not it has in fact been committed;
 2. The peace officer makes the arrest as soon as probable cause arises to believe that the person to be arrested has committed the assault or battery, whether or not it has in fact been committed.

320.6.3 PRIVATE PERSONS ARRESTS

Deputies will advise the victim of their right to make a private person's arrest when a crime has been committed outside the deputy's presence which does not meet the requirements for deputy-initiated arrest either because it is not a felony or a qualifying misdemeanor offense under Penal Code § 836(d). Advisements regarding private person's arrests should be given out of the presence of the suspect. Deputies shall not dissuade victims from making a lawful private person's arrest. Deputies should refer to the provisions of the Private Persons Arrests policy for further options regarding the disposition of private person's arrests.

320.6.4 IF A SUSPECT IS ARRESTED

If a suspect is arrested, deputies should:

- (a) Advise the victim that there is no guarantee the suspect will remain in custody.
- (b) Provide the victim's contact information to the jail staff to enable notification of the victim upon the suspect's release from jail.
- (c) Advise the victim whether any type of court order will be in effect when the suspect is released from jail (e.g., EPO, etc.).

320.6.5 FIELD RELEASES

Penal Code § 853.6 specifies that a field release may not be used if the deputy determines that there is a reasonable likelihood the offense would continue or that the safety of persons or property would be imminently endangered by release of the person arrested.

Any of the following may support the likelihood of a continuing offense:

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Domestic Violence

- (a) Whether the suspect has a prior history of arrests or citations involving domestic violence;
- (b) Whether the suspect is violating a criminal court-issued Stay Away Order;
- (c) Whether the suspect has previously violated, or is currently violating, a valid temporary restraining order;
- (d) Whether the suspect has a prior history of other assaultive behavior (e.g., arrests or convictions for assault and battery or aggravated assaults);
- (e) Statements taken from the victim that the suspect has a history of physical abuse towards the victim (whether or not it was previously reported);
- (f) Statements taken from the victim expressing fear of retaliation or further violence should the suspect be released.

320.6.6 IF NO ARREST IS MADE

If no arrest is made, the deputy should:

- (a) Determine if the situation merits an Emergency Protective Order (based on the totality of the circumstances of the present case and any history of violence).
- (b) Advise the parties of any options, including but not limited to:
 - 1. Voluntary separation of the parties.
 - 2. Appropriate resource referrals (e.g., counselors, friends, relatives, shelter homes, victim witness unit).
- (c) Document the resolution in a report.
 - 1. A report is generally not required when there is no violation of law, no history of domestic violence (reported or unreported), **and** no indication of imminent abuse.

320.6.7 TENANCY ISSUES

Considerations for mitigating non-criminal domestic conflict:

- (a) Deputies may request a person who is not in lawful possession of the premises to leave when:
 - 1. The complainant is in lawful possession of the premise (as exhibited by rent receipts, lease, deed, verification by apartment manager, etc.) and the other party has no legal standing to remain;
 - 2. The complainant has requested that the person leave the premises;
 - 3. (The deputy will stand by until the suspect removes essential belongings);
- (b) If the suspect does not leave upon request, an arrest should be made under Penal Code § 602.5;
- (c) If the complainant requesting removal of the suspect cannot show proof of lawful possession, the deputy should refer the complainant for a Temporary Restraining Order or other appropriate civil remedy;

- (d) If appropriate, a domestic violence situation involving a tenancy issue may be resolved through the proper application for an Emergency Protective Order based on the current circumstances and/or past incidents of domestic violence.

320.7 COURT ORDERS

320.7.1 EMERGENCY PROTECTIVE ORDERS

The following applies to Emergency Protective Orders:

- (a) Family Code § 6241 mandates the Superior Court to provide a judge, commissioner, or referee to hear applications and issue Emergency Protective Orders (EPOs) based on criteria outlined in Family Code § 6250(c). A judicial officer may issue an EPO whenever a law enforcement officer asserts reasonable grounds that:
 - 1. A person is in immediate and present danger of domestic violence based upon the person's allegation of a recent incident of abuse or threat of abuse by the person against whom the order is sought.
 - 2. A child is in immediate and present danger of abuse by a family or household member, based on an allegation of a recent incident of abuse or threat of abuse by the family or household member.
 - 3. A child is in immediate and present danger of being abducted by a parent or relative, based on a reasonable belief that a person has intent to abduct a child or flee with the child from the jurisdiction or based on an allegation of a reasonable threat to abduct the child or flee with the child from the jurisdiction.
 - 4. An elder or dependent adult is in immediate and present danger of abuse as defined in Welfare and Institutions Code § 15610.7 based on an allegation of a recent incident of abuse or threat of abuse by the person against whom the order is sought, except that no Emergency Protective Order shall be issued based solely on an allegation of financial abuse.
- (b) Under Penal Code § 646.91, a peace officer may also obtain an Emergency Protective Order when the officer has reasonable grounds to believe that a person or the person's immediate family is in immediate and present danger of being stalked.
 - 1. Any such Emergency Protective Order shall be reduced to writing, signed by the deputy and include all of the information required by Penal Code § 646.91(c).
 - 2. Any deputy seeking such an order shall serve the order on the restrained person if such person can be reasonably located and shall provide the person protected with a copy of the order. A copy of the order shall also be filed with the court as soon as practicable after issuance.
 - 3. Any deputy requesting such an order shall carry copies of the order while on duty and shall use every reasonable means to enforce the order.
- (c) Emergency Protective Orders may be obtained by telephone to prohibit a suspect (who resides with a complainant) from:
 - 1. Physically or verbally contacting the victim or disturbing their peace;

Domestic Violence

2. Remaining or returning to the victim's residence, regardless of who holds legal title to, or leases the residence; or
 3. Continuing a specified behavior as described in the order.
- (d) Deputies investigating the scene of current or recent situations of domestic violence should remain cognizant of the potential for continued and escalated violence. An Emergency Protective Order should be sought if there is reason to believe, based on factual evidence such as a recent history of violence, that the victim may still be in danger.
- (e) It is the policy of the Department to request an EPO if any of the following conditions exist:
1. The victim requests an EPO (Family Code § 6275(a)); or
 2. The investigating deputy believes that the person requesting an EPO is in immediate and present danger (Family Code § 6275(b)).

320.7.2 STAY AWAY ORDERS

Stay-away orders are issued in criminal cases when the probability of victim intimidation exists. Violation of a stay-away order is a misdemeanor under Penal Code § 166(c)(1). Witness intimidation is also a violation of Penal Code § 136.1 and potentially a violation of Penal Code § 422. Examples of witness intimidation include attempting to prevent or dissuade a victim from attending or giving testimony at any proceeding, or using force or expressing or implying a threat of force or violence related to the court proceeding.

320.7.3 FOREIGN COURT ORDERS

Various types of orders may be issued in domestic violence cases. Any foreign court order properly issued by a court of another state, Indian tribe, or territory shall be enforced by deputies as if it were the order of a court in this state. An order should be considered properly issued when it reasonably appears that the issuing court has jurisdiction over the parties and reasonable notice and opportunity to respond was given to the party against whom the order was issued (18 USC § 2265). An otherwise valid out-of-state court or foreign order shall be enforced, regardless of whether the order has been properly registered with this state (Family Code § 6403).

Canadian domestic violence protection orders shall also be enforced in the same manner as if issued in this state (Family Code § 6452).

320.7.4 SERVICE OF COURT ORDERS

- (a) A deputy who obtains an emergency protective order from the court shall serve it on the restrained person if the person can be reasonably located, and shall provide the person protected or the person's parent/guardian with a copy of the order. The deputy shall file a copy with the court as soon as practicable and shall have the order entered into the computer database system for protective and restraining orders maintained by the Department of Justice (Family Code § 6271; Penal Code § 646.91).

Domestic Violence

- (b) At the request of the petitioner, a deputy at the scene of a reported domestic violence incident shall serve a court order on a restrained person (Family Code § 6383; Penal Code § 13710).
- (c) Any deputy serving a protective order that indicates that the respondent possesses weapons or ammunition shall request that the firearm/ammunition be immediately surrendered (Family Code § 6389(c)(2)).
- (d) During the service of a protective order any firearm discovered in plain view or pursuant to consent or other lawful search shall be taken into temporary custody (Penal Code § 18250).
- (e) If a valid Canadian order cannot be enforced because the person subject to the order has not been notified or served with the order, the deputy shall notify the protected individual that reasonable efforts shall be made to contact the person subject to the order. The deputy shall make a reasonable effort to inform the person subject to the order of the existence and terms of the order and provide him/her with a record of the order, if available, and shall allow the person a reasonable opportunity to comply with the order before taking enforcement action (Family Code § 6452).
- (f) If a deputy is unable to serve an emergency protective order during their shift, they shall give it to the oncoming shift sergeant who will assign a deputy to continue to attempt to serve the order. This process will continue until the order is served or expires.

320.7.5 VERIFICATION OF COURT ORDERS

Determining the validity of a court order, particularly an order from another jurisdiction, can be challenging. Therefore, in determining whether there is probable cause to make an arrest for a violation of any court order, deputies should carefully review the actual order when available, and where appropriate and practicable:

- (a) Ask the subject of the order about his/her notice or receipt of the order, his/her knowledge of its terms and efforts to respond to the order.
 - 1. If a determination is made that a valid foreign order cannot be enforced because the subject has not been notified or served the order, the deputy shall inform the subject of the order, make a reasonable effort to serve the order upon the subject, and allow the subject a reasonable opportunity to comply with the order before enforcing the order. Verbal notice of the terms of the order is sufficient notice (Family Code § 6403).
- (b) Check available records or databases that may show the status or conditions of the order.
 - 1. Registration or filing of an order in California is not required for the enforcement of a valid foreign order (Family Code § 6403).
- (c) Contact the issuing court to verify the validity of the order.
- (d) Contact a law enforcement official from the jurisdiction where the order was issued to verify information.

Riverside County Sheriff's Department

Domestic Violence

Deputies should document in an appropriate report their efforts to verify the validity of an order, regardless of whether an arrest is made. Deputies should contact a supervisor for clarification when needed.

320.7.6 PROOF OF SERVICE NOT VERIFIED

When the deputy verifies that a restraining order exists, but cannot verify proof of service or prior knowledge of the order by the suspect, the deputy should:

- (a) Inform the suspect of the terms of the order;
- (b) Admonish the suspect of the order, that the suspect is now on notice and that the violation of the order will result in arrest. If the suspect continues to violate the order after being advised of the terms, an arrest should be made;
- (c) If the suspect complies after admonishment of the terms, the deputy shall complete a report showing the suspect was advised of the terms of the order, the specific terms of the order the suspect was advised about, the name of the deputy, and the date and time. The Department's copy of the restraining order will be updated to reflect the information listed above.

320.7.7 PROTECTIVE ORDER VIOLATIONS

Absent exigent circumstances, if probable cause exists to believe an offender has violated a protective order as defined in Penal Code § 13701(b), an arrest shall be made. These court orders involve the following:

- (a) Prohibit threats, harassment, or violence;
- (b) Exclusion of a party from a dwelling;
- (c) Other prohibited behaviors specified by the court.

These protective orders pertain to parties labeled as petitioner and respondent who are married, formerly married, dating, formerly dated, engaged, formerly engaged, cohabiting, formerly cohabited or have had a child together.

Any deputy determining that there is probable cause to believe that a protective order issued by a tribunal of another state is valid shall enforce such order as if issued in this state.

Deputies shall determine if the case involves a single violation or a pattern of behavior that falls under the definition of stalking (Penal Code § 646.9) and respond accordingly.

320.7.8 KEEP THE PEACE CALLS

Deputies shall determine if a protective order is in effect when handling Keep the Peace calls. Deputies cannot facilitate the violation of a protective order by assisting the restrained party with any acts that are prohibited in the court order.

320.8 VICTIM ASSISTANCE

Victims of domestic violence are often physically and emotionally traumatized. Deputies should:

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)

Domestic Violence

- (a) Seek medical assistance as soon as practicable for the victim if they have sustained any injuries or have a complaint of pain
- (b) Recognize that a victim's behavior and actions may be affected by domestic violence trauma (physical and emotional).
- (c) Provide the victim with the Department's domestic violence information handout, even if the incident may not rise to the level of a crime.
- (d) Alert the victim to any available victim advocates, shelters, and community resources.
- (e) Stand by for a reasonable amount of time when an involved person requests law enforcement assistance while removing essential items of personal property.
- (f) Ask the victim if they have a safe place to stay. Assist in arranging to transport the victim to an alternate shelter if the victim expresses a concern for their safety or if the deputy determines that a need exists.
- (g) Make reasonable efforts to ensure that children or dependent adults who are under the supervision of the suspect or victim are being properly cared for.
- (h) Seek or assist the victim in obtaining an emergency order if appropriate.

The deputy shall advise an individual protected by a Canadian domestic violence protection order of available local victim services (Family Code § 6452).

320.8.1 VICTIM INTERVIEW SUPPORT

Victims of domestic violence or abuse have the right to have a domestic violence counselor (as defined in Evidence Code § 1037.1) and a support person of the victim's choosing present at any interview by law enforcement authorities (Penal Code § 679.05)

The investigating deputy must advise the victim of their right to have an advocate and support person present at any subsequent interview(s), including additional interviews by the reporting deputy and/or investigator handling the case. The victim should be advised that any advocate working for the agencies listed on the Domestic Violence resource card would qualify.

- (a) For the purposes of this section, an initial investigation by law enforcement to determine whether a crime has been committed and to determine the identity of the suspect(s) shall not constitute a law enforcement interview.
- (b) The support person may be excluded from an interview if the law enforcement authority or the District Attorney determines the presence of that person would be detrimental to the purpose of the interview.
- (c) The investigating deputy should articulate in the report that the victim was advised of their right to a counselor and/or support person.

320.9 WRITTEN NOTICE TO VICTIMS

Penal Code § 13701(c) requires that victims of domestic violence be furnished written notice including the following information:

- (a) A statement informing the victim that despite official restraint of the person alleged to have committed domestic violence, the restrained person may be released at any time;

 - 8. An order directing that either or both parties participate in counseling;
- (g) A statement informing the victim of the right to file a civil suit for losses suffered as a result of the abuse. This includes medical expenses, loss of earnings, and other expenses for injuries sustained and damage to property, and any other related expenses incurred by the victim or any agency that shelters the victim;
- (h) In the case of an alleged violation of Penal Code §§ 261, 261.5, 262, 286, 288a, or 289, a Domestic Violence Information Card which shall include, but is not limited to, the following information:
 - 1. The names and locations of rape victim counseling centers within the county, including those centers specified in Penal Code § 13837, and their 24-hour counseling service telephone numbers;

320.10 FIREARMS

320.10.1 SEIZURE OF FIREARMS

Sworn personnel at the scene of a domestic violence incident involving a threat to human life or a physical assault shall do the following:

- (a) Inquire as to the presence of firearms or other deadly weapons
- (b) When appropriate and necessary, attempt to secure and conduct a legal search of the location to determine the presence of firearms and other deadly weapons
- (c) Seize all firearms / deadly weapons located through legal means

Deputies who seize any firearm or other deadly weapon in a domestic violence incident shall issue the individual possessing such weapon a receipt that includes the name and residential mailing address of the owner or person who possessed the weapon and notice of where the weapon may be recovered, along with the applicable time limit for recovery (Penal Code § 18250; Penal Code § 18255; Penal Code § 33800; Family Code § 6389(c)(2)).

320.10.2 RETURN OF FIREARMS

When a firearm has been seized as part of a domestic violence investigation, the procedure for the release of the firearm shall be in accordance with section 804 of this policy manual. The following specific domestic violence considerations shall also be adhered to:

- (a) If a firearm or other deadly weapon is not retained for use as evidence related to criminal charges brought as a result of the domestic violence incident and the deputy has no reason to believe that such firearm or weapon would further endanger the victim or person reporting the domestic violence, the Department shall notify the lawful owner or other person who was in lawful possession of the firearm or weapon of its availability within five days after the seizure. (Penal Code § 18265(b)).
- (b) If, however, any deputy has any reasonable cause to believe that a firearm or other deadly weapon seized in a domestic violence incident would likely result in further danger to the victim or person reporting such incident or that further investigation of such firearm or weapon is required through DOJ or other sources, the Department shall within five days of the seizure, notify the owner or other person who was in lawful possession of the firearm or weapon that such firearm or weapon will be retained for up to 60 days of the seizure (Penal Code § 18400(a)).
- (c) If, after 45 days, the Department has been unable to clear the firearm or other deadly weapon for release, the Department shall commence the process of preparing a petition to the Superior Court to determine if the firearm or other weapon should be returned. Such petition shall be filed within 60 days of the initial seizure or, upon timely application to the court for an extension, within no more than 90 days (Penal Code § 18400(a)).

- (e) In no case in which a firearm or other deadly weapon is not retained as evidence shall the Department be required to retain such firearms or other deadly weapon longer than 180 days after notice has been provided to the owner that such firearm or other deadly weapon is available for return. At the expiration of such period, the firearm or other deadly weapon may be processed for disposal in accordance with applicable law. (Penal Code 33875).

320.11 LEGAL MANDATES AND RELEVANT LAWS

California law provides for the following:

320.11.1 PUBLIC ACCESS TO POLICY

A copy of this domestic violence policy will be provided to members of the public upon request (Penal Code § 13701).

320.11.2 REPORTS AND RECORDS

- (a) A written report shall be completed on all incidents of domestic violence. All such reports should be documented on the appropriate form, which includes information and notations specific to domestic violence incidents as required by Penal Code § 13730.
- (b) Reporting deputies should provide the victim with the case number of the report. The case number may be placed in the space provided on the domestic violence victim information handout provided to the victim. If the case number is not immediately available, an explanation should be given regarding how the victim can obtain the information at a later time.
- (c) Deputies who seize any firearm, ammunition, or other deadly weapon in a domestic violence incident shall issue the individual possessing such weapon a receipt that includes the name and residential mailing address of the owner or person who possessed the weapon and notice of where the weapon may be recovered, along with the applicable time limit for recovery (Penal Code § 18250; Penal Code § 18255; Penal Code § 33800; Family Code § 6389(c)).

320.11.3 RECORD-KEEPING AND DATA COLLECTION

This Department shall maintain records of court orders related to domestic violence and the service status of each (Penal Code § 13710), as well as records on the number of domestic violence related calls reported to the Department, including whether weapons were used in the incident or whether the incident involved strangulation or suffocation (Penal Code § 13730). This information is to be reported to the Attorney General monthly. It shall be the responsibility of the lieutenant over the Crime Analysis Unit to maintain and report this information as required.

320.11.4 DECLARATION IN SUPPORT OF BAIL INCREASE

Any deputy who makes a warrantless arrest for a felony or misdemeanor violation of a domestic violence restraining order shall evaluate the totality of the circumstances to determine whether reasonable cause exists to seek an increased bail amount. If there is reasonable cause to believe that the scheduled bail amount is insufficient to assure the arrestee's appearance or to protect the victim or family member of a victim, the deputy shall prepare a declaration in support of increased bail (Penal Code § 1269c).

320.12 OVERSIGHT RESPONSIBILITIES

Supervisors shall ensure:

Administrative lieutenants at each station/bureau shall:

- (a) Conduct quarterly audits of a random sample (10%) of domestic violence reports to ensure compliance with applicable domestic violence laws and this policy
- (b) Report the results of the audit to the station/bureau commander

Station/bureau commanders shall review the quarterly audits and ensure any training or performance issues are properly addressed.

Search and Seizure

322.1 PURPOSE AND SCOPE

Both the Federal and State Constitutions provide every individual in the United States with the right to be free from unreasonable searches and seizures. This policy provides guidelines for Riverside County Sheriff's Department personnel to follow when planning or conducting a search or seizure.

322.1.1 FOURTH AMENDMENT TO THE U.S. CONSTITUTION

The right of the people to be secure in their persons, houses, papers, and effects, against unreasonable searches and seizures, shall not be violated, and no Warrants shall issue, but upon probable cause, supported by Oath or affirmation, and particularly describing the place to be searched, and the persons or things to be seized.

322.2 POLICY

It is the policy of the Riverside County Sheriff's Department to respect the fundamental privacy rights of individuals. Members of this department will conduct searches in strict observance of the constitutional rights of persons being searched. All seizures by this department will comply with relevant federal and state law governing the seizure of persons and property.

The Department will provide relevant and current training to deputies as guidance for the application of current law, local community standards, and prosecutorial considerations regarding specific search and seizure situations, as appropriate.

322.3 SEARCHES

The Fourth Amendment to the U.S. Constitution provides protection from unreasonable search and seizure. Generally, a search warrant is required for a search to be valid; however, there are several exceptions that permit a warrantless search.

Examples of circumstances that may present exceptions to the warrant requirement include the following:

- Valid consent
- Incident to a lawful arrest
- Legitimate community caretaking interests
- Vehicle searches under certain circumstances
- Exigent circumstances

Certain other activities are recognized by federal and state courts and by certain statutes as legitimate law enforcement activities that also do not require a warrant. Such activities may include seizure and examination of abandoned property, of persons with judicially imposed limitations regarding searches of their persons and property, and observations of activities and property located on open public areas.

Search and Seizure

Because case law regarding search and seizure is constantly changing and subject to judicial interpretation, each member of this department is expected to act in each situation according to their most current training and within reasonably known and established rights and/or law.

Whenever practicable, deputies are encouraged to contact a supervisor to resolve questions regarding search and seizure issues prior to selecting a course of action.

322.4 SEARCH PROTOCOL

Although conditions will vary and officer safety and other exigencies may be considered in every search situation, the following guidelines should be followed:

- (a) Members of this department will conduct searches with dignity and courtesy.
- (b) Deputies, when possible, should explain to the person being searched the reason for the search and how the search will be conducted.
- (c) A designated department member shall create a pre-search and post-search video that thoroughly documents the general condition of the location and pertinent areas searched. Both videos shall become part of the report and investigative record.
- (d) Searches should be carried out with due regard and respect for private property interests and in a manner that minimizes damage. Property should be left in a condition as close as reasonably possible to its pre-search condition.
- (e) Any surveillance cameras discovered within an area being searched may be disabled for officer safety purposes only by covering, unplugging, disconnecting, or powering off the device, but never by damaging or destroying a surveillance device unless a serious and imminent danger is posed by the device.
- (f) In order to minimize the need for forcible entry, an attempt should be made to determine if the entry door is locked, to obtain keys, combinations or access codes when a search of locked property is anticipated. Exigent circumstances or known dangers may justify abandoning these efforts.
- (g) All requirements under Penal Code section 1531 (knock and notice) shall be followed unless an exception arises or has been judicially approved.
- (h) When the person to be searched at the scene is of the opposite sex as the searching deputy, a reasonable effort should be made to summon a deputy of the same sex as the subject to conduct the search. When it is not practicable, or safe, to summon or wait for a deputy of the same sex, the following guidelines should be followed:
 - 1. Another deputy or a supervisor should witness the search, if available.
 - 2. At least one deputy activates their BWC to document the entire search.
 - 3. The deputy should not search areas of the body covered by tight-fitting clothing, sheer clothing or clothing that could not reasonably conceal a weapon.

322.5 OPERATION PACKAGES

An approved Operation Package is required on all undercover operations, medium to high-risk search and arrest warrants, and complex surveillance programs. A sworn supervisor shall be present during circumstances meeting any of those criteria. A sworn supervisor shall thoroughly

Search and Seizure

review all facets of an operations package before any warrant is served and be satisfied with its contents and justification before approving it for distribution.

An Operation Package is not required for low- risk situations such as warrants for:

- business records (bank records, cellular, etc.);
- vehicles already in the department's possession;
- an occupied structure but where all suspects are in custody and there is a low likelihood of conflict with occupants;
- an unoccupied structure already secured and held pending warrant service;
- a suspect turning themselves in;
- the collection of DNA from a suspect;
- routine, patrol-level service of an arrest warrant
 - organized plans should be developed and known intelligence disseminated to involved personnel;
- other similar low-risk circumstances pre-approved by a sergeant

A supervisor is not required to be present during the service of search or arrest warrants where no operation package is required by this policy; however, department supervisors will have the final authority on the need for an operations package.

The Operation Package (available on the intranet / Docs and Forms / "Field Ops" heading) requires the documentation of relevant information pertinent to the planning and execution of the warrant(s). Additional pages may be attached as necessary, such as maps, photographs, and additional suspect information. If no file number has been assigned to the investigation, a program number issued at the station level will be used.

For control and security purposes, personnel will use only the current Operations Package and comply with the following procedures in all instances where they use an Operations Package.

- (a) The case agent of the program will be responsible for all packages. This responsibility may be delegated to a co-case agent;
- (b) Each package will have a control number;
- (c) Each package will be stamped, or otherwise marked, "CONFIDENTIAL";
- (d) The case agent, or the designee, will maintain a control log. The name of the person receiving each package will be placed next to the control number of the package he or she receives;
- (e) The responsible case agent, or the designee, will collect all of the packages at the end of the program;
- (f) All Operation Packages, except the original, will be shredded;

322.5.1 THREAT ASSESSMENT

Search Warrant Threat Assessment forms organize the criminal intelligence and historical information about a warrant service into a quantifiable risk-assessment tool for teams and their supervisors. The completion of these forms is required for all search and arrest warrants where suspects may be encountered.

If, after completion of the form, the warrant service falls into the "high risk" category, the form shall be forwarded to the Special Enforcement Bureau (SEB) for further analysis. SEB will return the form with a recommendation about the use of a tactical team and will have the final authority regarding who will serve the warrant.

To control the information on the form, only the case, or co-case agent shall send forms that reached the "high-risk" level to SEB. Each form must have a sergeant's signature on it. The form returned to the case agent by SEB must be retained for a minimum of three years. SEB must also retain each form reviewed for three years.

The Threat Assessment Form is available on the department intranet / Docs and Forms / "Search Warrants" heading.

322.5.2 SEARCH WARRANT 'NOTICE OF SERVICE'

Temporary Custody of Juveniles

324.1 PURPOSE AND SCOPE

This policy provides guidelines consistent with the Juvenile Justice and Delinquency Prevention Act for juveniles taken into temporary custody by members of the Riverside County Sheriff's Department (34 USC § 11133).

Guidance regarding contacting juveniles at schools or who may be victims is provided in the Child Abuse Policy.

324.1.1 DEFINITIONS

Definitions related to this policy include:

Juvenile non-offender - An abused, neglected, dependent, or alien juvenile who may be legally held for the juvenile's own safety or welfare. This also includes any juvenile who may have initially been contacted for an offense that would not subject an adult to arrest (e.g., fine-only offense) but was taken into custody for the juvenile's protection or for purposes of reuniting the juvenile with a parent, guardian, or other responsible person. Juveniles 11 years of age or younger are considered juvenile non-offenders even if they have committed an offense that would subject an adult to arrest.

Juvenile offender - A juvenile 12 to 17 years of age who is alleged to have committed an offense that would subject an adult to arrest (a non-status offense) (Welfare and Institutions Code § 602). It also includes an offense under Penal Code § 29610 for underage possession of a handgun or concealable firearm (28 CFR 31.303).

Non secure custody - When a juvenile is held in the presence of a deputy or other custody employee at all times and is not placed in a locked room, cell, or behind any locked doors. Juveniles in non-secure custody may be handcuffed but not to a stationary or secure object. Personal supervision, through direct visual monitoring and audio two-way communication is maintained. Monitoring through electronic devices, such as video, does not replace direct visual observation (Welfare and Institutions Code § 207.1; 15 CCR 1150).

Safety checks - Direct, visual observation personally by a member of this department performed at random intervals within time frames prescribed in this policy to provide for the health and welfare of juveniles in temporary custody.

Secure custody - When a juvenile offender is held in a locked room, a set of rooms, or a cell. Secure custody also includes being physically secured to a stationary object (15 CCR 1146).

Examples of secure custody include:

- (a) A juvenile left alone in an unlocked room within the secure perimeter of the adult temporary holding area.
- (b) A juvenile handcuffed to a rail.

Riverside County Sheriff's Department Standards Manual (DSM)

Temporary Custody of Juveniles

- (c) A juvenile placed in a room that contains doors with delayed egress devices that have a delay of more than 30 seconds.
- (d) A juvenile being processed in a secure booking area when a non-secure booking area is available.
- (e) A juvenile left alone in a secure booking area after being photographed and fingerprinted.
- (f) A juvenile placed in a cell within the adult temporary holding area, whether or not the cell door is locked.
- (g) A juvenile placed in a room that is capable of being locked or contains a fixed object designed for cuffing or restricting movement.

Sight and sound separation - Located or arranged to prevent physical, visual, or auditory contact that is more than brief or inadvertent.

Status offender - A juvenile suspected of committing a criminal violation of the law that would not be a criminal violation but for the age of the offender. Examples may include running away, underage possession of tobacco, curfew violation, and truancy. A juvenile in custody on a court order or warrant based upon a status offense is also a status offender. This includes the habitually disobedient or truant juvenile under Welfare and Institutions Code § 601 and any juvenile suspected of an offense that would not subject an adult to arrest (e.g., fine-only offense).

324.2 POLICY

The Riverside County Sheriff's Department is committed to releasing juveniles from temporary custody as soon as reasonably practicable and keeping juveniles safe while they are in temporary custody at the Riverside County Sheriff's Department. Juveniles should be held in temporary custody only for as long as reasonably necessary for processing, transfer, or release.

Juveniles who exhibit any of the following conditions should not be held at the Riverside County Sheriff's Department:

- (a) Unconscious
- (b) Seriously injured
- (c) A known suicide risk or obviously severely emotionally disturbed

- (e) Extremely violent or continuously violent

Deputies taking custody of a juvenile who exhibits any of the above conditions should take reasonable steps to provide medical attention or mental health assistance and notify a supervisor of the situation (15 CCR 1142; 15 CCR 1151).

Temporary Custody of Juveniles

These juveniles should not be held at the Riverside County Sheriff's Department unless they have been evaluated by a qualified medical and/or mental health professional (15 CCR 1142).

If the deputy taking custody of the juvenile believes the juvenile may be a suicide risk, the juvenile shall be under continuous direct supervision until evaluation, release, or a transfer is completed (15 CCR 1142).

324.3.1 EMERGENCY MEDICAL CARE OF JUVENILES IN CUSTODY

When emergency medical attention is required for a juvenile, medical assistance will be called immediately. The Watch Commander shall be notified of the need for medical attention for the juvenile. Department members should administer first aid as applicable (15 CCR 1142).

324.3.2 SUICIDE PREVENTION OF JUVENILES IN CUSTODY

Department members should be alert to potential symptoms based upon exhibited behavior that may indicate the juvenile is a suicide risk. These symptoms may include depression, refusal to communicate, verbally threatening to kill themselves, or any unusual behavior which may indicate the juvenile may harm themselves while in either secure or non-secure custody (15 CCR 1142).

324.4 CUSTODY OF JUVENILES

Deputies should take custody of a juvenile and temporarily hold the juvenile at the Riverside County Sheriff's Department when there is no other lawful and practicable alternative to temporary custody. Refer to the Child Abuse Policy for additional information regarding detaining a juvenile that is suspected of being a victim.

No juvenile should be held in temporary custody at the Riverside County Sheriff's Department without authorization of the arresting deputy's supervisor or the Watch Commander. Juveniles taken into custody shall be held in non-secure custody unless otherwise authorized by this policy.

Any juvenile taken into custody shall be released to the care of the juvenile's parent or other responsible adult or transferred to a juvenile custody facility or to other authority as soon as practicable and in no event shall a juvenile be held beyond six hours from the time of the juvenile's entry into the Riverside County Sheriff's Department (34 USC § 11133; Welfare and Institutions Code § 207.1).

324.4.1 CUSTODY OF JUVENILE NON-OFFENDERS

Non-offenders taken into protective custody in compliance with the Child Abuse Policy should generally not be held at the Riverside County Sheriff's Department. Custodial arrangements should be made for non-offenders as soon as reasonably possible. Juvenile non-offenders shall not be held in secure custody (34 USC § 11133; Welfare and Institutions Code § 206).

Juveniles 11 years of age or younger who have committed an offense that would subject an adult to arrest may be held in non-secure custody for the offenses listed in Welfare and Institutions Code § 602(b) (murder and the sexual assault offenses) and should be referred to a probation officer for a placement determination (Welfare and Institutions Code § 602.1).

324.4.2 CUSTODY OF JUVENILE STATUS OFFENDERS

Status offenders should generally be released by citation or with a warning rather than taken into temporary custody. However, deputies may take custody of a status offender if requested to do so by a parent or legal guardian in order to facilitate reunification (e.g., transported home or to the station to await a parent). Juvenile status offenders shall not be held in secure custody (34 USC § 11133).

324.4.3 CUSTODY OF JUVENILE OFFENDERS

Juvenile offenders should be held in non-secure custody while at the Riverside County Sheriff's Department unless another form of custody is authorized by this policy or is necessary due to exigent circumstances.

Generally, a juvenile offender may be taken into custody when authorized by a court order or when there is probable cause to believe the juvenile has committed an offense that would subject an adult to arrest (Welfare and Institutions Code § 625).

A juvenile offender who is 14 years of age or older and taken into custody for committing or attempting to commit a felony with a firearm shall not be released and be transported to a juvenile facility (Welfare and Institutions Code § 625.3).

A juvenile offender suspected of committing murder, a sex offense described in Welfare and Institutions Code § 602(b) that may subject the juvenile to criminal jurisdiction under Welfare and Institutions Code § 707, or a serious or violent felony should be referred to a probation officer for a decision on further detention.

In all other cases the juvenile offender may be:

- (b) Released to a parent or other responsible adult after processing at the Department.
- (c) Referred to a probation officer for a decision regarding whether to transport the juvenile offender to a juvenile facility.

is compatible with the best interests of the juvenile and the community (Welfare and Institutions Code § 626).

Whenever a juvenile offender under the age of 14 is taken into custody, the deputy should take reasonable steps to verify and document the child's ability to differentiate between right and wrong, particularly in relation to the alleged offense (Penal Code § 26).

324.5 ADVISEMENTS

This does not apply to juvenile non-offenders taken into temporary custody for their safety or welfare (Welfare and Institutions Code § 625).

Anytime a juvenile offender is placed in secure custody, the juvenile offender shall be informed of the purpose of the secure custody, the length of time the secure custody is expected to last, and of the maximum six-hour limitation (Welfare and Institutions Code § 207.1).

Juveniles taken into custody for an offense shall immediately be advised (or at least within one hour from being taken into custody, if possible) that they may make three telephone calls: one call completed to their parent or guardian; one to a responsible relative or their employer; and another call completed to an attorney. The calls shall be at no expense to the juvenile when completed to telephone numbers within the local calling area. Juveniles should be asked whether they are a caregiver and provided two more phone calls. (Welfare and Institutions Code § 627; Penal Code § 851.5).

There should also be sight and sound separation between non-offenders and juvenile and status offenders.

In situations where brief or accidental contact may occur (e.g., during the brief time a juvenile is being fingerprinted and/or photographed in booking), a member of the Riverside County Sheriff's Department (trained in the supervision of persons in custody) shall maintain a constant, immediate, side-by-side presence with the juvenile or the adult to minimize any contact. If inadvertent or accidental contact does occur, reasonable efforts shall be taken to end the contact (15 CCR 1144).

324.8 TEMPORARY CUSTODY REQUIREMENTS

Members and supervisors assigned to monitor or process any juvenile at the Riverside County Sheriff's Department shall ensure the following:

While held in temporary custody, juveniles shall be informed in writing of what is available to them pursuant to 15 CCR 1143, and it shall be posted in at least one conspicuous place to which they have access.

- (a) To facilitate this, the department has created the following Juvenile Detention Notification Requirement to be posted in a place that can be seen by the juvenile, and a copy shall be given to the juvenile.
 - 1. [See attachment: Juvenile Detention Notification Requirementsrev05102023.pdf](#)
- (b) The department has modified the State's generic Juvenile Detention Logs to department-specific Juvenile Detention Logs (RSD Form 480 Non Secure / RSD Form 481 Secure) in order to indicate the juvenile has received a copy of the advisement. 324.9 USE OF RESTRAINT DEVICES

Juvenile offenders may be handcuffed in accordance with the Handcuffing and Restraints Policy. A juvenile offender may be handcuffed at the Riverside County Sheriff's Department when the juvenile presents a heightened risk. However, non-offenders and status offenders should not be handcuffed unless they are combative or threatening (15 CCR 1142).

Other restraints shall only be used after less restrictive measures have failed and with the approval of the Watch Commander. Restraints shall only be used so long as it reasonably appears necessary for the juvenile's protection or the protection of others (15 CCR 1142).

Juveniles in restraints shall be kept away from other unrestrained juveniles or monitored in such a way as to protect the juvenile from abuse (15 CCR 1142).

324.10 PERSONAL PROPERTY

The deputy taking custody of a juvenile offender or status offender at the Riverside County Sheriff's Department shall ensure a thorough search of the juvenile's property is made and all property is removed from the juvenile, especially those items that could compromise safety, such as pens, pencils, and belts.

The personal property of a juvenile should be placed in a property bag. The property should be inventoried in the juvenile's presence and sealed into the bag. The property should be kept in a monitored or secure location until the juvenile is released from the custody of the Riverside County Sheriff's Department.

324.11 SECURE CUSTODY

Only juvenile offenders 14 years of age or older may be placed in secure custody (Welfare and Institutions Code § 207; 15 CCR 1145). Watch Commander approval is required before placing a juvenile offender in secure custody.

Secure custody should only be used for juvenile offenders when there is a reasonable belief that the juvenile is a serious risk of harm to themselves or others. Factors to be considered when determining if the juvenile offender presents a serious security risk to themselves or others include the following (15 CCR 1145):

- (a) Age, maturity, and delinquent history
- (b) Severity of offense for which the juvenile was taken into custody
- (c) The juvenile offender's behavior

Temporary Custody of Juveniles

Members of this department shall not use secure custody for convenience when non-secure custody is, or later becomes, a reasonable option (15 CCR 1145).

When practicable and when no locked enclosure is available, handcuffing one hand of a juvenile offender to a fixed object while otherwise maintaining the juvenile in non-secure custody should be considered as the method of secure custody. An employee must be present at all times to ensure the juvenile's safety while secured to a stationary object (15 CCR 1148).

Juveniles shall not be secured to a stationary object for more than 60 minutes. Supervisor approval is required to secure a juvenile to a stationary object for longer than 60 minutes and every 30 minutes thereafter (15 CCR 1148). Supervisor approval should be documented.

The decision for securing a minor to a stationary object for longer than 60 minutes and every 30 minutes thereafter shall be based upon the best interests of the juvenile offender (15 CCR 1148).

324.11.1 LOCKED ENCLOSURES

A thorough inspection of the area shall be conducted before placing a juvenile into the enclosure. A second inspection shall be conducted after removing the juvenile. Any damage noted to the room should be photographed and documented in the crime report.

The following requirements shall apply to a juvenile offender who is held inside a locked enclosure:

- (a) The juvenile shall constantly be monitored by an audio/video system during the entire custody.
- (b) Juveniles shall have constant auditory access to department members (15 CCR 1147).
- (c) Initial placement into and removal from a locked enclosure shall be logged (Welfare and Institutions Code § 207.1).
- (d) Unscheduled safety checks to provide for the health and welfare of the juvenile by a staff member, no less than once every 15 minutes, shall occur (15 CCR 1147; 15 CCR 1151).
 - 1. All safety checks shall be logged.
 - 2. The safety check should involve questioning the juvenile as to the juvenile's well-being (sleeping juveniles or apparently sleeping juveniles should be awakened).
 - 3. Requests or concerns of the juvenile should be logged.
- (e) Juveniles of different genders shall not be placed in the same locked room (15 CCR 1147).
- (f) Juvenile offenders should be separated according to severity of the crime (e.g., felony or misdemeanor).
- (g) Restrained juveniles shall not be mixed in a cell or room with unrestrained juveniles.

324.12 SUICIDE ATTEMPT, DEATH, OR SERIOUS INJURY OF A JUVENILE

The Watch Commander will ensure procedures are in place to address the suicide attempt, death, or serious injury of any juvenile held at the Riverside County Sheriff's Department (15 CCR 1142; 15 CCR 1047). The procedures will address:

Riverside County Sheriff's Department

Temporary Custody of Juveniles

- (a) Immediate notification of the on-duty supervisor, Sheriff, and Detective Bureau Bureau Supervisor.
- (b) Notification of the parent, guardian, or person standing in loco parentis of the juvenile.
- (c) Notification of the appropriate prosecutor.
- (d) Notification of the County attorney.
- (e) Notification to the coroner.

- (g) In the case of a death, providing a report to the Attorney General under Government Code § 12525 within 10 calendar days of the death, and forwarding the same report to the Board of State and Community Corrections within the same time frame (15 CCR 1046).
- (h) A medical and operational review of deaths and suicide attempts pursuant to 15 CCR 1046.
- (i) Evidence preservation.

324.13 INTERVIEWING OR INTERROGATING JUVENILE SUSPECTS

No interview or interrogation of a juvenile should occur unless the juvenile has the apparent capacity to consent, and does consent to an interview or interrogation.

Prior to conducting a custodial interrogation, including the waiver of *Miranda* rights, a deputy shall permit a juvenile 17 years of age or younger to consult with legal counsel in person, by telephone, or by video conference. The consultation may not be waived by the juvenile. The requirement to consult with legal counsel does not apply when (Welfare and Institutions Code § 625.6):

- (a) Information is necessary to protect life or property from an imminent threat.
- (b) The questions are limited to what is reasonably necessary to obtain the information relating to the threat.

324.13.1 MANDATORY RECORDINGS OF JUVENILES

Any interrogation of an individual under 18 years of age who is in custody and suspected of committing murder shall be audio and video recorded when the interview takes place at a department facility, jail, detention facility, or other fixed place of detention. The recording shall include the entire interview and a *Miranda* advisement preceding the interrogation (Penal Code § 859.5).

This recording is not mandatory when (Penal Code § 859.5):

- (a) Recording is not feasible because of exigent circumstances that are later documented in a report.
- (b) The individual refuses to have the interrogation recorded, including a refusal any time during the interrogation, and the refusal is documented in a report. If feasible, the refusal shall be electronically recorded.

Temporary Custody of Juveniles

- (c) The custodial interrogation occurred in another state by law enforcement officers of that state, unless the interrogation was conducted with the intent to avoid the requirements of Penal Code § 859.5.
- (d) The interrogation occurs when no member conducting the interrogation has a reason to believe that the individual may have committed murder. Continued custodial interrogation concerning that offense shall be electronically recorded if the interrogating member develops a reason to believe the individual committed murder.
- (e) The interrogation would disclose the identity of a confidential informant or would jeopardize the safety of a deputy, the individual being interrogated, or another individual. Such circumstances shall be documented in a report.
- (f) A recording device fails despite reasonable maintenance and the timely repair or replacement is not feasible.
- (g) The questions are part of a routine processing or booking, and are not an interrogation.
- (h) The suspect is in custody for murder and the interrogation is unrelated to a murder. However, if any information concerning a murder is mentioned during the interrogation, the remainder of the interrogation shall be recorded.

These recordings shall be retained until a conviction is final and all direct and habeas corpus appeals are exhausted, a court no longer has any jurisdiction over the individual, or the prosecution for that offense is barred (Penal Code § 859.5; Welfare and Institutions Code § 626.8).

324.14 FORMAL BOOKING

No juvenile offender shall be formally booked without the authorization of the arresting deputy's supervisor.

Any juvenile 14 years of age or older who is taken into custody for a felony, or any juvenile whose acts amount to a sex crime, shall be booked, fingerprinted, and photographed.

For all other acts defined as crimes, juveniles may be booked, fingerprinted or photographed upon the approval from the Watch Commander or Detective Bureau supervisor, giving due consideration to the following:

- (a) The gravity of the offense
- (b) The past record of the offender
- (c) The age of the offender

324.15 RELEASE OF INFORMATION CONCERNING JUVENILES

Court decisions and legislation have combined to carefully specify situations in which information may be given out or exchanged when a case involves a juvenile. Members of this department shall not divulge any information regarding juveniles unless they are certain of the legal authority to do so.

The current policy of the juvenile court concerning authorized release of information and appropriate acknowledgment forms shall be reviewed prior to releasing any information. Such releases are authorized by Welfare and Institutions Code § 827.

Temporary Custody of Juveniles

Welfare and Institutions Code § 828 authorizes the release of certain information to other agencies. It shall be the responsibility of the Records Manager and the appropriate Detective Bureau supervisors to ensure that personnel of those bureaus act within legal guidelines.

324.16 BOARD OF STATE AND COMMUNITY CORRECTIONS CERTIFICATION

The Field Operations Chief Deputy shall coordinate the procedures related to the custody of juveniles held at the Riverside County Sheriff's Department and ensure any required certification is maintained (Welfare and Institution Code § 210.2).

Child and Dependent Adult Safety

325.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that children and dependent adults are not left without appropriate care in the event their caregiver or guardian is arrested or otherwise prevented from providing care due to actions taken by members of this department (Penal Code § 833.2(a)).

This policy does not address the actions to be taken during the course of a child abuse or dependent adult investigation. These are covered in the Child Abuse and Adult Abuse policies.

325.2 POLICY

It is the policy of this department to mitigate, to the extent reasonably possible, the stressful experience individuals may have when their parent or caregiver is arrested. The Riverside County Sheriff's Department will endeavor to create a strong, cooperative relationship with local, state and community-based social services to ensure an effective, collaborative response that addresses the needs of those affected, including call-out availability and follow-up responsibilities.

325.3 PROCEDURES DURING AN ARREST

When encountering an arrest or prolonged detention situation, deputies should make reasonable attempts to determine if the arrestee is responsible for children or dependent adults. In some cases this may be obvious, such as when children or dependent adults are present. However, deputies should inquire if the arrestee has caregiver responsibilities for any children or dependent adults who are without appropriate supervision. The following steps should be taken (Penal Code § 13517.7(b)(1)):

- (a) Inquire about and confirm the location of any children or dependent adults.
- (b) Look for evidence of children and dependent adults. Deputies should be mindful that some arrestees may conceal the fact that they have a dependent for fear the individual may be taken from them.
- (c) Consider inquiring of witnesses, neighbors, friends and relatives of the arrestee as to whether the person is responsible for a child or dependent adult.

Whenever reasonably possible, deputies should take reasonable steps to accomplish the arrest of a parent, guardian or caregiver out of the presence of his/her child or dependent adult. Removing children or dependent adults from the scene in advance of the arrest will generally ensure the best outcome for the individual.

Whenever it is safe to do so, deputies should allow the parent or caregiver to assure children or dependent adults that they will be provided care. If this is not safe or if the demeanor of the parent or caregiver suggests this conversation would be non-productive, the deputy at the scene should explain the reason for the arrest in age-appropriate language and offer reassurance to the child or dependent adult that he/she will receive appropriate care.

Child and Dependent Adult Safety

325.3.1 AFTER AN ARREST

Whenever an arrest is made, the deputy should take all reasonable steps to ensure the safety of the arrestee's disclosed or discovered children or dependent adults.

Deputies should allow the arrestee reasonable time to arrange for care of children and dependent adults. Temporary placement with family or friends may be appropriate. However, any decision should give priority to a care solution that is in the best interest of the child or dependent adult. In such cases the following guidelines should be followed:

- (a) Allow the person reasonable time to arrange for the care of children and dependent adults with a responsible party, as appropriate.
 - 1. Deputies should consider allowing the person to use his/her cell phone to facilitate arrangements through access to contact phone numbers, and to lessen the likelihood of call screening by the recipients due to calls from unknown sources.
- (b) Unless there is evidence to the contrary (e.g., signs of abuse, drug use, unsafe environment), deputies should respect the parent or caregiver's judgment regarding arrangements for care. It is generally best if the child or dependent adult remains with relatives or family friends that he/she knows and trusts because familiarity with surroundings and consideration for comfort, emotional state and safety are important.
 - 1. Except when a court order exists limiting contact, the deputy should attempt to locate and place children or dependent adults with the non-arrested parent, guardian or caregiver.
- (c) Provide for the immediate supervision of children or dependent adults until an appropriate caregiver arrives.
- (d) Notify Child Protective Services or the Division of Aging and Adult Services, if appropriate.
- (e) Notify the field supervisor or Watch Commander of the disposition of children or dependent adults.

If children or dependent adults are at school or another known location outside the household at the time of arrest, the arresting deputy should attempt to contact the school or other known location and inform the principal or appropriate responsible adult of the caregiver's arrest and of the arrangements being made for the care of the arrestee's dependent. The result of such actions should be documented in the associated report.

325.3.2 DURING THE BOOKING PROCESS

During the booking process the arrestee shall be allowed to make additional telephone calls to relatives or other responsible individuals as is reasonably necessary to arrange for the care of any child or dependent adult. These telephone calls should be given as soon as practicable and are in addition to any other telephone calls allowed by law (Penal Code § 851.5(c)).

Child and Dependent Adult Safety

If an arrestee is unable to resolve the care of any child or dependent adult through this process, a supervisor should be contacted to determine the appropriate steps to arrange for care. These steps may include additional telephone calls or contacting a local, county or state services agency.

325.3.3 REPORTING

- (a) For all arrests where children are present or living in the household, the reporting member will document the following information:
 - 1. Name
 - 2. Sex
 - 3. Age
 - 4. Special needs (e.g., medical, mental health)
 - 5. How, where and with whom or which agency the child was placed
 - 6. Identities and contact information for other potential caregivers
 - 7. Notifications made to other adults (e.g., schools, relatives)
- (b) For all arrests where dependent adults are present or living in the household, the reporting member will document the following information:
 - 1. Name
 - 2. Sex
 - 3. Age
 - 4. Whether he/she reasonably appears able to care for him/herself
 - 5. Disposition or placement information if he/she is unable to care for him/herself

325.3.4 SUPPORT AND COUNSELING REFERRAL

If, in the judgment of the handling deputies, the child or dependent adult would benefit from additional assistance, such as counseling services, contact with a victim advocate or a crisis telephone number, the appropriate referral information may be provided.

325.4 DEPENDENT WELFARE SERVICES

Whenever an arrestee is unwilling or incapable of arranging for the appropriate care of any child or dependent adult, the handling deputy should contact the appropriate welfare service or other department-approved social service to determine whether protective custody is appropriate (Welfare and Institutions Code § 305).

Only when other reasonable options are exhausted should a child or dependent adult be transported to the sheriff's facility, transported in a marked patrol car, or taken into formal protective custody.

Child and Dependent Adult Safety

Under no circumstances should a child or dependent adult be left unattended or without appropriate care.

325.5 TRAINING

The Chief Deputy is responsible to ensure that all personnel of this department who may be involved in arrests affecting children or dependent adults receive approved POST-approved training on effective safety measures when a parent, guardian or caregiver is arrested (Penal Code § 13517.7).

Response to School Related Violence (aka STAR Protocol)

326.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for members of the Riverside County Sheriff's Department in their response to incidents related to school violence. This policy further includes protocol to be used for prevention, threat assessment, intervention, and response to youth who are at risk to commit or have committed a violent act. Under no circumstances should these guidelines prevent department members from addressing an active shooter situation if an imminent threat to human life is presented.

The STAR Protocol Agreement contains the responsibilities of the other signatories including the Probation Department, District Attorney's Office, the Riverside County Office of Education (RCOE), Department of Behavioral Health, the Department of Public Social Services (DPSS) Child Protective Services Division (CPS) and the Juvenile Court Judge. The entirety of the interagency STAR Protocol Agreement can be found via the attachment link in section 326.8 at the end of this policy.

326.2 DEFINITIONS

Definitions related to this policy include:

School-Site - "School-site" means the physical location and the facilities of an elementary or secondary educational program.

Threat - Any person who willfully threatens to commit an act, which will result in death or great bodily injury to another person, with the specific intent that the statement, made verbally, in writing, or by means of an electronic communication device, be taken as a threat, even if there is no intention of actually committing the act.

Multi-Agency Team (MAT) - The Multi-Agency Team (MAT) is comprised of various agencies who have different roles when a school threat assessment and response is needed. MAT consists of the Superior Court of CA in Riverside, the Riverside County Sheriff's Department, and other law enforcement agencies, in conjunction with the Riverside County Probation Department, the Riverside County District Attorney's Office, the Department of Public Social Services, the Riverside University Health System – Behavioral Health, the Riverside County Office of Education, and local school districts.

The Aware to Care Exchange (ACE) - An exchange information network, coordinated and managed by the Riverside County District Attorney's Office. Should be considered to provide real-time information sharing across school-sites.

326.3 POLICY

The Riverside County Sheriff's Department shall investigate (California Education Code § 49394) and report the circumstances of the reported threat and may expand the investigation by

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)

Response to School Related Violence (aka STAR Protocol)

contacting the parent(s) and/or legal guardian(s) and by making a home visit to conduct an evaluation immediately upon receipt of information concerning a potential threat of violence involving a school-site. Based upon the deputy's assessment of the situation, the Protocol may also be used for other weapon offenses.

The Aware to Care Exchange (ACE) Information Network, coordinated and managed by the District Attorney's Office, should also be considered for the benefit of real-time information sharing across school-sites. Access to the Aware to Care Exchange is available via the Riverside Sheriff's Department Intranet.

326.4 DISPATCHER RESPONSIBILITIES

- (a) Assign the call utilizing existing prioritization guidelines.
- (b) Assign a report number to the call for documentation purposes.
- (c) Notify the appropriate on-duty field supervisor.
- (d) Assist with telephone calls to other agencies if requested by the investigating deputy or field supervisor.

326.5 DEPUTY RESPONSIBILITIES

Public safety is the top priority. The chronology of the deputy responsibilities should be based upon the unique circumstances for each investigation or incident. While each of the below steps are important, deputies have discretion in the sequence of these actions to obtain the most effective outcome.

- (a) The responding deputy shall contact the reporting party via phone or in person, whenever possible.
- (b) Contact should then be made with the the senior school administrator of the related campus, preferably in person.
- (c) A determination to initiate a "campus lockdown" should be made during this initial phase.
- (d) Contact known suspect(s) and eliminate any potential immediate threat by searching the suspect(s)/school(s) for firearms or explosives, as allowed by law.
 - 1. Law enforcement searches in schools may require a warrant unless:
 - (a) Probable cause exists at the inception of the search, along with exigent circumstances;
 - (b) There is a specific rule waiving the warrant requirement;
 - (c) Informed consent of the person to be searched has been obtained. Proper care must be taken to ensure informed consent related to electronic devices is obtained lawfully from the authorized possessor, not the owner of the device in question;
 - (d) Pursuant to a lawful arrest;
 - (e) The custodian of the place to be searched requests the search;

Riverside County Sheriff's Department

Response to School Related Violence (aka STAR Protocol)

- (f) A public school official does not need a warrant or "probable cause" to search a public school student, provided the official has a reasonable suspicion that the student has violated either a law or a school regulation. Case law states that a school official may request a law enforcement officer to assist in or conduct the search of a student based upon the school official's reasonable suspicion that a violation has occurred.
 - (g) Unless an emergency or exigent circumstance exist, a search based on the reasonable suspicion standard applies only to a sworn peace officer working on campus as a school resource officer. (In re William V., 111 Cal. App. 4th 1464, 4 Cal. Rptr. 3d 695 (2003).
- 2. All juveniles aged 17 and under must be afforded the counsel of an attorney prior to waiving Miranda or being questioned. There are two limited scope public safety exceptions that apply: Immediate preservation of life or Information leading to location of a weapon, posing an immediate danger to others.
- 3. If applicable, search locker, backpack, computer, tablets, cell phones and other electronic devices.
- (e) Identify and interview all victims and witnesses.
- (f) Assess the threat by investigating the suspect's past behavior, including law enforcement contacts and school-related problems.
- (g) If possible, use school records to check student's past history and conduct checks of the internet, social media websites, cell phones, or other electronic devices.
- (h) Consider need for electronic preservation letters with cell phone providers, internet service providers & social media site administrators. This list is not all-inclusive, but intended to convey importance based on often limited retention of data related to electronic communication, postings and searches.
- (i) Ensure compliance with legislative updates pertaining to the California Electronic Communications Privacy Act (CalECPA) and (CA Penal Code 1546).
- (j) Evaluate the youth for WIC 5585 72-hour hold criteria (WIC 5150 for adults).
- (k) Notify the youth's parent(s)/guardian(s) of the incident and inquire about the history and availability of firearms or explosives.
 - 1. Per California Education Code section 49394(b), the investigation shall include a review of the firearm registry of the Department of Justice.
- (l) Go to the youth's home to conduct a safety assessment. Make every effort to obtain a consent search of the youth's residence/bedroom and vehicle for firearms, or explosive devices. If the suspect is a juvenile, obtain consent from the parent(s)/guardian(s) of common areas where the juvenile has ready access. If parent(s)/guardian(s) permit the youth to lock his/her bedroom door or otherwise deny access to certain areas, the youth's permission or a search warrant may be necessary.
- (m) If consent cannot be obtained, advise the field supervisor of the situation and all known facts. The supervisor will then provide guidance as to whether a search warrant will be sought.

Response to School Related Violence (aka STAR Protocol)

- (n) When examining the youth's bedroom for firearms, explosive devices, threatening letters, computers, cell phones, etc., take note of the room's condition and any indicators of violent, dark or morbid themes.
- (o) If evidence is seized, follow the department's policy with respect to documentation and proper handling. Contact the Hazardous Device Team (HDT) if explosives are discovered.
- (p) In the event there is probable cause for arrest, complete a Juvenile Court Application for Petition (J132), a statement of probable cause, and an arrest report that fully documents your investigation. In addition to the normal investigation, the report is to include the following:
 - 1. Reaction of youth's parent(s)/guardian(s);
 - 2. Inquire with parent(s)/guardian(s) regarding any prior suicidal thoughts, behaviors, actions, or treatment for mental health issues on behalf of the youth;
 - 3. Youth's access to firearms;
 - 4. Youth's familiarity and training with firearms;
 - 5. Description of the youth's bedroom and general home environment;
 - 6. Collection of evidence to include photographs;
 - 7. Inform if DPSS was called to the residence to investigate;
 - 8. Internet, computer and cell phone activity.

- (b) Ensure thoroughness of the investigation.
- (c) Provide guidance to the investigating deputy as needed.
- (d) Request assistance from detectives when necessary.
- (e) Obtain a search warrant if applicable.
- (f) Review crime report(s) for details prior to a suspect being booked into a detention facility.
- (g) Managing and coordinating information with school district officials and their respective PIOs is essential. Due to the adverse impact of parent/community-generated social media postings, consider pre-emptive sharing of information highlighting response efforts and actions being taken. Absent reliable information from regional LE agencies, these incidents may take on a false narrative very quickly, hindering investigative efforts and spreading fear and panic. The school district officials and PIOs have access

Riverside County Sheriff's Department

to student/parent emails and phone numbers and can disseminate reliable information from LE agencies quickly.

- (h) Notify the Media Information Bureau/PIO if the threat is valid.
- (i) Provide updates in a Notification of Incident (NOI) to station administration. (See DSM 361.3)

326.6 RISK INDICATORS

Juveniles typically exhibit multiple warning signs, usually with increasing intensity over time. Be aware that juveniles may have more than one high risk characteristic and never commit a violent offense. You should always be aware of these indicators and do everything possible to immediately assess a threat to prevent a tragic situation from occurring.

Below are some factors that parents and all who work with youth should be aware of and consider:

- Typically, between ages 11-16
- May not have ever been arrested or been to Juvenile Court for a law violation
- Few or no friends
- Withdrawn, excessive feelings of rejection
- May have moved frequently
- Feelings of being picked on and persecuted
- Depression
- May have difficulty coping with significant losses or personal failures
- May be a victim of violence / abuse
- Pattern of angry behavior
- May have history of tantrums, explosive rage
- May have felt bullied, persecuted by others
- Violent or dark themes
- Discussion, drawings, writings, fantasies, video games, posters, music, computers, internet, text, and cell phone activity
- Preoccupation with guns, explosive devices, or possibly other dangerous weapons
- Animal cruelty
- Torture or mutilation of animals in the past
- History of setting fires
- Verbal cues
- Talks about something "big" happening
- Talks about being noticed / becoming famous

Dependent Adult / Elder Abuse

327.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the investigation and reporting of suspected abuse of certain adults who may be more vulnerable than others. This policy also addresses mandatory notification for department members as required by law.

327.1.1 DEFINITIONS

Definitions related to this policy include:

Elder - A person who is 65 or older.

Dependent Adult - A person between the ages of 18 and 64 that has certain mental or physical disabilities that keep him or her from being able to do normal activities or protect himself or herself.

Adult abuse - Any offense or attempted offense involving violence or neglect of an adult victim when committed by a person responsible for the adult's care, or any other act that would mandate reporting or notification to a social service agency or law enforcement (Penal Code § 368).

Abuse of an elder (ages 65 or older) or dependent adult (ages 18-64) - Physical abuse, neglect, financial abuse, abandonment, isolation, abduction, or other treatment with resulting physical harm or pain or mental suffering; or the deprivation by a care custodian of goods or services that are necessary to avoid physical harm or mental suffering; or any other act that would mandate reporting or notification to a social service agency or law enforcement. Neglect includes self-neglect (Welfare and Institutions Code § 15610.07; Penal Code § 368.5).

327.2 POLICY

The Department will investigate all reported incidents of alleged dependent adult and elder abuse and ensure proper reporting and notification as required by law.

327.3 INVESTIGATIONS AND REPORTING

All reported or suspected cases of adult abuse require investigation and a report, even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of adult abuse should address, as applicable:

- (a) The overall basis for the contact, while keeping the reporting party confidential (as applicable). This should be done by the investigating deputy in all circumstances where a suspected adult abuse victim is contacted.
- (b) Any relevant statements the victim may have made and to whom he/she made the statements.
- (c) If a person is taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.
- (d) Documentation of any visible injuries or any injuries identified by the victim. This should include photographs of such injuries, if practicable.

- (l) Whether a death involved the End of Life Option Act:
 - 1. Whether or not assistance was provided to the person beyond that allowed by law (Health and Safety Code § 443.14)
 - 2. Whether an individual knowingly altered or forged a request for an aid-in-dying drug to end a person's life without his/her authorization, or concealed or destroyed a withdrawal or rescission of a request for an aid-in-dying drug (Health and Safety Code § 443.17)
 - 3. Whether coercion or undue influence was exerted on the person to request or ingest an aid-in-dying drug or to destroy a withdrawal or rescission of a request for such medication (Health and Safety Code § 443.17)
 - 4. Whether an aid-in-dying drug was administered to a person without his/her knowledge or consent (Health and Safety Code § 443.17).

Any unexplained death of an adult who was in the care of a guardian or caretaker should be considered as potential adult abuse and investigated similarly.

327.4 QUALIFIED INVESTIGATORS

Qualified investigators should be available to investigate cases of adult / elder abuse. These investigators should:

327.5 MANDATORY NOTIFICATION

Members of the Riverside County Sheriff's Department shall notify the local office of the California Department of Social Services (CDSS) APS agency when they reasonably suspect, have observed, or have knowledge of an incident that reasonably appears to be abuse or neglect of an elder (age 65 or older) or dependent adult, or are told by an elder or dependent adult that he/she has experienced abuse (Welfare and Institutions Code § 15630(b)).

Notification shall be made by telephone, or through a confidential internet reporting platform, as soon as practicable and a written report (including State of California (SOC) Form 341) shall be provided within two working days as provided in Welfare and Institutions Code § 15630(b)(c)).

A dependent adult is an individual, regardless of whether the individual lives independently, between 18 and 64 years of age who has physical or mental limitations that restrict his/her ability to carry out normal activities or to protect his/her rights, including but not limited to persons who have physical or developmental disabilities or whose physical or mental abilities have diminished because of age. This also includes those admitted as inpatients to a 24-hour health facility, as defined in state law (Welfare and Institutions Code § 15610.23).

Notification shall also be made to the following agencies as soon as practicable or as provided below (Welfare and Institutions Code § 15630):

- (a) If the abuse is physical abuse and occurred in a long-term care facility (not a state mental health hospital or a state developmental center) notification shall be made as follows (Welfare and Institutions Code § 15630(b)(1)):
 - 1. If there is serious bodily injury, notification shall be made by telephone and, within two hours, a written report shall be made to the local ombudsman and the corresponding licensing agency.
 - 2. If there is physical abuse and no serious bodily injury, notification shall be made by telephone and, within 24 hours, a written report shall be made to the local ombudsman and the corresponding licensing agency.
 - 3. If the abuse is allegedly caused by a resident with dementia and there is no serious bodily injury, notification shall be made by telephone and a written report to the local ombudsman within 24 hours.
 - 4. When a report of abuse is received by the Department, the local ombudsman shall be called to coordinate efforts to provide the most immediate and appropriate response (Welfare and Institutions Code § 15630(b)).
- (b) If the abuse is in a long-term care facility (not a state mental health or a state developmental center) and is other than physical abuse, a telephone report and a written report shall be made to the local ombudsman as soon as practicable (Welfare and Institutions Code § 15630(b)).

The Detective Bureau supervisor is responsible for ensuring that proper notifications have occurred to the District Attorney's Office and any other regulatory agency that may be applicable based upon where the abuse took place (e.g., care facility, hospital) per Welfare and Institutions Code § 15630(b).

Notification is not required for a person who was merely present when a person self-administered a prescribed aid-in-dying drug or a person prepared an aid-in-dying drug so long as the person did not assist the individual in ingesting the aid-in-dying drug (Health and Safety Code § 443.14; Health and Safety Code § 443.18).

327.5.1 NOTIFICATION PROCEDURE

Notification should include the following information, if known (Welfare and Institutions Code § 15630(e)):

327.5.2 ADULT SERVICES ONLINE REPORTING

Adult Services offers electronic submission of the SOC 341(Report of Suspected Abuse) or SOC 342 (Report of Suspected Financial Abuse) for all NON-EMERGENCY reports of neglect or abuse. Electronic submission meets the reporting requirement for mandated reporters in lieu of a telephone call to the APS hotline.

Department members shall be mindful of the following parameters before choosing the online system:

- (a) Emergency or immediate response reports must be submitted by telephone only.
1-800-491-7123
- (b) Online reports submitted after hours, weekends, or holidays will not be acknowledged by APS staff until the following business day.

327.6 PROTECTIVE CUSTODY

Before taking an adult abuse victim into protective custody when facts indicate the adult may not be able to care for him/herself, the deputy should make reasonable attempts to contact APS. Generally, removal of an adult abuse victim from his/her family, guardian or other responsible adult should be done in collaboration with APS.

Generally, members of this department should remove an adult abuse victim from his/her family or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the victim. Prior to taking an adult abuse victim into protective custody, pursuant to WIC §5150 for example, the deputy should take reasonable steps to deliver the adult to another qualified legal guardian, unless it reasonably appears that the release would endanger the victim or result in abduction.

Whenever practicable, the deputy should inform a supervisor of the circumstances prior to taking an adult abuse victim into protective custody. If prior notification is not practicable, deputies should contact a supervisor promptly after taking the adult into protective custody.

When adult abuse victims are under state control, have a state-appointed guardian or there are other legal holdings for guardianship, it may be necessary or reasonable to seek a court order

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)

Dependent Adult / Elder Abuse

on behalf of the adult victim to either remove the adult from a dangerous environment (protective custody) or restrain a person from contact with the adult.

327.6.1 EMERGENCY PROTECTIVE ORDERS

In any situation which a deputy reasonably believes that an elder or dependent adult is in immediate and present danger of abuse based on an allegation of a recent incident of abuse or threat of abuse (other than financial abuse alone), the deputy may seek an emergency protective order against the person alleged to have committed or threatened such abuse (Family Code § 6250(d)).

327.7 INTERVIEWS

327.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, deputies should record (audio or video) the preliminary interview with a suspected adult abuse victim. Deputies should avoid multiple interviews with the victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating deputies should seek assistance from someone who is specially trained in such interviews. This does not absolve the investigating deputy of the responsibility to conduct a thorough investigation.

327.7.2 DETAINING VICTIMS FOR INTERVIEWS

A deputy should not detain an adult involuntarily who is suspected of being a victim of abuse solely for the purpose of an interview or physical exam without his/her consent or the consent of a guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:
 - 1. A reasonable belief that medical issues of the adult need to be addressed immediately.
 - 2. A reasonable belief that the adult is or will be in danger of harm if the interview or physical exam is not immediately completed.
 - 3. The alleged offender is a family member or guardian and there is reason to believe the adult may be in continued danger.
- (b) A court order or warrant has been issued.

327.8 MEDICAL EXAMINATIONS

When an adult abuse investigation requires a medical examination, the investigating deputy should obtain consent for such examination from the victim, guardian, agency or entity having legal custody of the adult. The deputy should also arrange for the adult's transportation to the appropriate medical facility. If consent is not able to be given (e.g., dementia, conservatorship, etc.), a search warrant may need to be obtained.

In cases where the alleged offender is a family member, guardian, agency or entity having legal custody and is refusing to give consent for the medical examination, deputies should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide

Riverside County Sheriff's Department

Dependent Adult / Elder Abuse

for deputies to take the adult for a medical examination, the supervisor should consider other government agencies or services that may obtain a court order for such an examination.

327.9 DRUG-ENDANGERED VICTIMS

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of an adult abuse victim who has been exposed to the manufacturing, trafficking or use of narcotics.

327.9.1 DEPUTY RESPONSIBILITIES

Deputies responding to a drug lab or other narcotics crime scene where an adult abuse victim is present or where there is evidence that an adult abuse victim lives should:

- (a) Document the environmental, medical, social and other conditions of the adult, using photography as appropriate and the checklist or form developed for this purpose.
- (b) Notify a supervisor.

327.9.2 SUPERVISOR RESPONSIBILITIES

The Detective Bureau supervisor should:

- (a) Work with professionals from the appropriate agencies, including APS, other law enforcement agencies, medical service providers and local prosecutors, to develop community specific procedures for responding to situations where there are adult abuse victims endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.
- (b) Activate any available interagency response when a deputy notifies the Detective Bureau supervisor that he/she has responded to a drug lab or other narcotics crime scene where an adult abuse victim is present or where evidence indicates that an adult abuse victim lives.
- (c) Develop a report format or checklist for use when deputies respond to drug labs or other narcotics crime scenes. The checklist will help deputies document the environmental, medical, social and other conditions that may affect the adult.

327.10 TRAINING

The Department should provide training on best practices in adult abuse investigations to members tasked with investigating these cases. The training should include:

- (a) Participating in multidisciplinary investigations, as appropriate.
- (b) Conducting interviews.
- (c) Availability of therapy services for adults and families.
- (d) Availability of specialized forensic medical exams.
- (e) Cultural competence (including interpretive services) related to adult abuse investigations.
- (f) Availability of victim advocates or other support.

- (b) Retaining the original adult abuse report with the initial case file.

327.12 JURISDICTION

The Riverside County Sheriff's Department has concurrent jurisdiction with state law enforcement agencies when investigating elder and dependent adult abuse and all other crimes against elder victims and victims with disabilities (Penal Code § 368.5).

Adult protective services agencies and local long-term care ombudsman programs also have jurisdiction within their statutory authority to investigate elder and dependent adult abuse and criminal neglect and may assist in criminal investigations upon request in such cases. However, this department will retain responsibility for the criminal investigations (Penal Code § 368.5).

Discriminatory Harassment and Workplace Violence

328.1 PURPOSE AND SCOPE

The purpose of this policy is to prevent department members from being subjected to discriminatory harassment, including sexual harassment and retaliation. Nothing in this policy is intended to create a legal or employment right or duty that is not created by law.

328.2 POLICY

The Riverside County Sheriff's Department is an equal opportunity employer and is committed to creating and maintaining a work environment that is free of all forms of discriminatory harassment, including sexual harassment and retaliation (Government Code § 12940(k); 2 CCR 11023). The Department will not tolerate discrimination against a member in hiring, promotion, discharge, compensation, fringe benefits and other privileges of employment. The Department will take preventive and corrective action to address any behavior that violates this policy or the rights it is designed to protect.

The nondiscrimination policies of the Department may be more comprehensive than state or federal law. Conduct that violates this policy may not violate state or federal law but still could subject a member to discipline.

Relevant policies, procedures, and definitions related to the department's prevention of, and response to, discrimination, harassment, and workplace violence are codified in the attached Riverside County Board Policies. All Sheriff's Department employees shall be familiar with the contents of Riverside County Board Policies C-25 and C-27. Both can be found via the attached link.

Registered Offender Information

329.1 PURPOSE AND SCOPE

This policy establishes guidelines by which the Department will address issues associated with certain offenders who are residing in the jurisdiction and how the Department will disseminate information and respond to public inquiries for information about registered sex, arson and drug offenders.

329.2 POLICY

It is the policy of the Riverside County Sheriff's Department to identify and monitor registered offenders living within this jurisdiction and to take reasonable steps to address the risks those persons may pose.

329.2.1 LIMITATIONS ON EXTENDED RELEASE

Individuals and entities receiving information regarding registered sex offenders may only be authorized to disclose such information to additional persons if the Department determines the appropriate scope and that such disclosure will enhance the public safety. The Department may not authorize any disclosure of such information by its placement on a non-departmental Internet Web site (Penal Code § 290.45(c)(1)).

329.3 REGISTRATION

The Detective Bureau supervisor shall establish a process to reasonably accommodate registration of certain offenders. The process should rebut any allegation on the part of the offender that the registration process was too confusing, burdensome, or difficult for compliance. If it is reasonable to do so, an investigator assigned to related investigations should conduct the registration in order to best evaluate any threat the person may pose to the community. Those assigned to register offenders should receive appropriate training regarding the registration process.

Upon conclusion of the registration process, the investigator shall ensure that the registration information is provided to the California Department of Justice (DOJ) in accordance with applicable law (Penal Code § 457.1; Penal Code § 290 et seq.).

The refusal of a registrant to provide any of the required information or complete the process should initiate a criminal investigation for failure to register.

329.3.1 CONTENTS OF REGISTRATION

The information collected from the registering offenders shall include a signed statement as required by the California DOJ, fingerprints and a photograph, and any other information required by applicable law (Penal Code § 457.1; Penal Code § 290 et seq.).

329.3.2 INFORMATION PERMITTED FOR INTERNET RELEASE

- (j) Any other information which the Department deems relevant, such as:
 - 1. Description of the offender's vehicle(s) or vehicle(s) the offender is known to drive (only if the offender is currently wanted for a criminal offense);
 - 2. Type of victim targeted by the offender;
 - 3. Relevant parole or probation conditions, such as prohibiting contact with children;
 - 4. Dates of crimes resulting in current classification;
 - 5. Dates of release from confinement;
 - 6. The offender's enrollment, employment, or vocational status with any university, college, community college, or other institution of higher learning.

For those offenders listed in Penal Code § 290.46(b)(2), the address at which the offender resides may also be included on the Department Internet Web site in addition to the above.

Before releasing the address of any offender, the deputy shall verify that the information is correct.

329.3.3 USE OF DISCLOSURE FORMS

Whenever information regarding any sex offender is publicly disseminated, the deputy shall complete a Megan's Law Disclosure form (RSD Form 633) which shall be promptly forwarded to the Investigations Unit. The release of such information shall also be noted by entering the notification into the comment field on the offender's Supervised Release File record.

329.3.4 LIMITED RELEASE WITHIN COLLEGE CAMPUS COMMUNITY

In addition to the authority provided elsewhere within this policy, any campus police department or local agency having jurisdiction over any university, college, community college or other institution of higher learning may release the following information within the campus community regarding other registered sex offenders:

- (a) The offender's full name;
- (b) The offender's known aliases;

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Registered Offender Information

- (c) The offender's gender;
- (d) The offender's race;
- (e) The offender's physical description;
- (f) The offender's photograph;
- (g) The offender's date of birth;
- (h) Crimes resulting in the registration of the offender under Penal Code § 290;
- (i) The date of last registration.

The release of any information pursuant to this section shall be strictly limited to that which is intended to reach persons only within the campus community. For purposes of this section, campus community shall be defined as those persons present at or regularly frequenting any place constituting campus property, satellite facilities, laboratories, public areas contiguous to the campus and other areas set forth in Penal Code § 290.01(d)(1).

329.4 MONITORING OF REGISTERED OFFENDERS

The detective bureau supervisor should establish a system to periodically, and at least once annually, verify that a registrant remains in compliance with his/her registration requirements after the initial registration. This verification should include:

- (a) Efforts to confirm residence using an unobtrusive method, such as an internet search or drive-by of the declared residence.
- (b) Review of information on the California DOJ website for sex offenders.
- (c) Contact with a registrant's parole or probation officer.

Any discrepancies should be reported to the California DOJ.

The detective bureau supervisor should also establish a procedure to routinely disseminate information regarding registered offenders to Department personnel, including timely updates regarding new or relocated registrants.

329.5 DISSEMINATION OF PUBLIC INFORMATION

Members will not unilaterally make a public notification advising the community of a particular registrant's presence in the community. Members who identify a significant risk or other public safety issue associated with a registrant should promptly advise their supervisor. The supervisor should evaluate the request and forward the information to the Sheriff if warranted. A determination will be made by the Sheriff, with the assistance of legal counsel as necessary, whether such a public alert should be made.

Members of the public requesting information on sex registrants should be provided the Megan's Law website or the Riverside County Sheriff's Department's website. Information on sex registrants placed on the Riverside County Sheriff's Department's website shall comply with the requirements of Penal Code § 290.46.

329.5.1 LIMITED RELEASE WITHIN COLLEGE CAMPUS COMMUNITY

California law allows the following additional information regarding a registered sex offender on campus, whose information is not available to the public via the internet website, to be released to a campus community (Penal Code § 290.01(d)):

- (a) The offender's full name
- (b) The offender's known aliases
- (c) The offender's sex
- (d) The offender's race

- (f) The offender's photograph
- (g) The offender's date of birth
- (h) Crimes resulting in the registration of the offender under Penal Code § 290
- (i) The date of last registration

For purposes of this section, campus community shall be defined as those persons present at or regularly frequenting any place constituting campus property, satellite facilities, laboratories, public areas contiguous to the campus and other areas set forth in Penal Code § 290.01(d).

329.5.2 RELEASE NOTIFICATIONS

Registrant information that is released should include notification that:

- (a) The offender registry includes only those persons who have been required by law to register and who are in compliance with the offender registration laws.
- (b) The information is provided as a public service and may not be current or accurate.
- (c) Persons should not rely solely on the offender registry as a safeguard against offenses in their communities.
- (d) The crime for which a person is convicted may not accurately reflect the level of risk.
- (e) Anyone who uses information contained in the registry to harass registrants or commit any crime may be subject to criminal prosecution.
- (f) The purpose of the release of information is to allow members of the public to protect themselves and their children from sex offenders (Penal Code 290.45).

Child Abuse

331.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the investigation of suspected child abuse. This policy also addresses when Riverside County Sheriff's Department members are required to notify the county Child Protective Services (CPS) of suspected child abuse.

331.1.1 DEFINITIONS

Definitions related to this policy include:

Child - Unless otherwise specified by a cited statute, a child is any person under the age of 18 years.

Child abuse - Any offense or attempted offense involving violence or neglect with a child victim when committed by a person responsible for the child's care or any other act that would mandate notification to a social service agency or law enforcement (Penal Code § 11165.9; Penal Code § 11166).

331.2 POLICY

The Riverside County Sheriff's Department will investigate all reported incidents of alleged criminal child abuse and ensure CPS is notified as required by law.

331.3 MANDATORY NOTIFICATION

The child protection agency shall be notified when (Penal Code § 11166):

- (a) There is a known or suspected instance of child abuse or neglect reported, which is alleged to have occurred as a result of the action of a person responsible for the child's welfare, or
- (b) A person responsible for the child's welfare fails to adequately protect the child from abuse when the person knew or reasonably should have known that the child was in danger of abuse.

The District Attorney's office shall be notified in all instances of known or suspected child abuse or neglect reported to this department. Each station shall develop a procedure by which such reports are transmitted to their respective District Attorney's Office - SACA Unit. Such incidents subject to this mandate would include those reported to this department via CPS referral, call response, or patrol report. Those qualifying incidents resulting in an arrest would be reported to the District Attorney via the filing process and would not necessitate separate reporting. Reports only involving neglect by a person, who has the care or custody of a child, to provide adequate food, clothing, shelter, medical care or supervision where no physical injury to the child has occurred should not be reported to the District Attorney (Penal Code § 11166 (k)).

When the abuse or neglect occurs at a licensed facility or is alleged to have resulted from the actions of a person who is required to have a state license (e.g., foster homes, group homes, day care), notification shall also be made to the California Department of Social Services or other applicable licensing authority (Penal Code 11166.1; Penal Code 11166.2).

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Child Abuse

For purposes of notification, the abuse or neglect includes physical injury or death inflicted by other than accidental means upon a child by another person; sexual abuse (Penal Code § 11165.1); neglect (Penal Code § 11165.2); the willful harming or injuring of a child or the endangering of the person or health of a child (Penal Code § 11165.3); and unlawful corporal punishment or injury (Penal Code § 11165.4). Child abuse or neglect does not include a mutual affray between minors, nor does it include an injury caused by the reasonable and necessary force used by a peace officer acting within the course and scope of his/her employment as a peace officer.

331.3.1 NOTIFICATION PROCEDURE

Notification should occur as follows (Penal Code § 11166):

- (a) Notification shall be made immediately, or as soon as practicable, by telephone, fax or electronic transmission.
- (b) A written follow-up report should be forwarded within 36 hours of receiving the information concerning the incident.

331.4 QUALIFIED INVESTIGATORS

Qualified investigators should be available for child abuse investigations. These investigators should:

- (a) Conduct interviews in child appropriate interview facilities.
- (b) Be familiar with forensic interview techniques specific to child abuse investigations.
- (c) Present all cases of alleged child abuse to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies and school administrators as needed.
- (e) Provide referrals to therapy services, victim advocates, guardians and support for the child and family as appropriate.
 - 1. Before doing so, department members should consult and coordinate this effort with CPS personnel to avoid conflicting information or objectives.
- (f) Participate in or coordinate with multidisciplinary investigative teams as applicable (Welfare and Institutions Code § 18961.7).

331.5 INVESTIGATIONS AND REPORTING

In all reported or suspected cases of child abuse, a report will be written. Deputies shall write a report even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of child abuse should address, as applicable:

- (a) The overall basis for the contact. This should be done by the investigating deputy in all circumstances where a suspected child abuse victim was contacted.
- (b) The exigent circumstances that existed if deputies interviewed the child victim without the presence of a parent or guardian.

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Child Abuse

- (c) Any relevant statements the child may have made and to whom he/she made the statements.
- (d) If a child was taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.
- (e) Documentation of any visible injuries or any injuries identified by the child. This should include photographs of such injuries, if practicable.
- (f) Whether the child victim was transported for medical treatment or a medical examination.
- (g) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other children who may reside in the residence.
- (h) Identification of any prior related reports or allegations of child abuse, including other jurisdictions, as reasonably known.
- (i) Previous addresses of the victim and suspect.
- (j) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim's environment.

All cases of the unexplained death of a child should be investigated as thoroughly as if it had been a case of suspected child abuse (e.g., a sudden or unexplained death of an infant).

331.5.1 EXTRA JURISDICTIONAL REPORTS

If a report of known or suspected child abuse or neglect that is alleged to have occurred outside this jurisdiction is received, department members shall ensure that the caller is immediately transferred to the agency with proper jurisdiction for the investigation of the case. If the caller cannot be successfully transferred to the appropriate agency, a report shall be taken and immediately referred by telephone, fax or electronic transfer to the agency with proper jurisdiction (Penal Code 11165.9).

331.6 PROTECTIVE CUSTODY

Before taking any child into protective custody, the deputy should make reasonable attempts to contact CPS. Generally, removal of a child from his/her family, guardian or other responsible adult should be left to the child welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove a child from his/her parent or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the child. As soon as practicable after taking a child into protective custody, deputies shall consult with, involve, and fully inform CPS to facilitate placement of the child. No child will be placed without CPS sanction and approval.

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Child Abuse

Whenever practicable, the deputy should inform a supervisor of the circumstances prior to taking a child into protective custody. If prior notification is not practicable, deputies should contact a supervisor promptly after taking a child into protective custody.

Children may only be removed from a parent or guardian in the following situations when a court order cannot reasonably be obtained in a timely manner (Welfare and Institutions Code § 305):

- (a) The deputy reasonably believes the child is a person described in Welfare and Institutions Code § 300, and further has good cause to believe that any of the following conditions exist:
 - 1. The child has an immediate need for medical care.
 - 2. The child is in immediate danger of physical or sexual abuse.
 - 3. The physical environment or the fact that the child is left unattended poses an immediate threat to the child's health or safety. In the case of a child left unattended, the deputy shall first attempt to locate and determine if a responsible parent or guardian is available and capable of assuming custody before taking the child into protective custody.
- (b) The deputy reasonably believes the child requires protective custody under the provisions of Penal Code § 279.6, in one of the following circumstances:
 - 1. It reasonably appears to the deputy that a person is likely to conceal the child, flee the jurisdiction with the child or, by flight or concealment, evade the authority of the court.
 - 2. There is no lawful custodian available to take custody of the child.
 - 3. There are conflicting custody orders or conflicting claims to custody and the parties cannot agree which party should take custody of the child.
 - 4. The child is an abducted child.
- (c) The child is in the company of, or under the control of, a person arrested for Penal Code § 278 (Detainment or concealment of child from legal custodian) or Penal Code § 278.5 (Deprivation of custody of a child or right to visitation) (Penal Code § 279.6).

A child taken into protective custody shall be delivered to CPS unless otherwise directed by court order.

331.6.1 CALIFORNIA SAFELY SURRENDERED BABY LAW

An individual having lawful custody of an infant less than 72 hours old is not guilty of abandonment if the individual voluntarily surrenders physical custody of the infant to personnel on-duty at a safe-surrender site, such as a hospital or fire department (Penal Code § 271.5). The law requires the surrender site to notify CPS.

331.6.2 NEWBORNS TESTING POSITIVE FOR DRUGS

Under certain circumstances, deputies can be prohibited from taking a newborn who is the subject of a proposed adoption into protective custody, even when the newborn has tested positive for illegal drugs or the birth mother tested positive for illegal drugs.

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Child Abuse

Deputies shall instead follow the provisions of Welfare and Institutions Code § 305.6 to ensure that the newborn is placed with the adoptive parents when it is appropriate.

331.7 INTERVIEWS

331.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, deputies should record the preliminary interview with suspected child abuse victims. Deputies should avoid multiple interviews with a child victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating deputies should defer interviews until a person who is specially trained in such interviews is available. Generally, child victims should not be interviewed in the home or location where the alleged abuse occurred.

331.7.2 DETAINING SUSPECTED CHILD ABUSE VICTIMS FOR AN INTERVIEW

A deputy should not detain a child involuntarily who is suspected of being a victim of child abuse solely for the purpose of an interview or physical exam without the consent of a parent or guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:
 - 1. A reasonable belief that medical issues of the child need to be addressed immediately.
 - 2. A reasonable belief that the child is or will be in danger of harm if the interview or physical exam is not immediately completed.
 - 3. The alleged offender is the custodial parent or guardian and there is reason to believe the child may be in continued danger.
- (b) A court order or warrant has been issued.

331.7.3 INTERVIEWS AT A SCHOOL

Any student at school who is a suspected victim of child abuse shall be afforded the option of being interviewed in private or selecting any qualified available adult member of the school staff to be present. The purpose of the staff member's presence is to provide comfort and support. The staff member shall not participate in the interview. The selection of a staff member should be such that it does not burden the school with costs or hardship (Penal Code § 11174.3).

331.8 MEDICAL EXAMINATIONS

If the child has been the victim of abuse that requires a medical examination, the investigating deputy should obtain consent for such examination from the appropriate parent, guardian or agency having legal custody of the child. The deputy should also arrange for the child's transportation to the appropriate medical facility.

In cases where the alleged offender is the custodial parent or guardian and is refusing consent for the medical examination, deputies should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for deputies to take the child for a

medical examination, the notified supervisor should consider obtaining a court order for such an examination.

331.9 DRUG-ENDANGERED CHILDREN

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of children exposed to the manufacturing, trafficking or use of narcotics.

331.9.1 SUPERVISOR RESPONSIBILITIES

All supervisors should:

- (a) Work with professionals from the appropriate agencies, including CPS, other law enforcement agencies, medical service providers and local prosecutors to develop community specific procedures for responding to situations where there are children endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.
- (b) Activate any available interagency response when notified that a deputy has responded to a drug lab or other narcotics crime scene where a child is present or where evidence indicates that a child lives there.

331.9.2 DEPUTY RESPONSIBILITIES

Deputies responding to a drug lab or other narcotics crime scene where a child is present or where there is evidence that a child lives should:

- (a) Document the environmental, medical, social and other conditions of the child using photography as appropriate and the checklist or form developed for this purpose.
- (b) Notify the Detective Bureau supervisor so an interagency response can begin.

331.10 CHILD DEATH REVIEW

This department should cooperate with any interagency child death review team investigation. Written and oral information relating to the death of a child that would otherwise be subject to release restrictions may be disclosed to the child death review team upon written request and approval of a supervisor (Penal Code § 11174.32).

331.11 STATE MANDATES AND OTHER RELEVANT LAWS

California requires or permits the following:

331.11.1 CACI HEARING PROCEDURES

The hearing is an informal process where the person requesting removal from the CACI list will be permitted to present relevant evidence (e.g., certified copy of an acquittal, factual finding of innocence) as to why his/her name should be removed. The person requesting the hearing may record the hearing at his/her own expense.

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Child Abuse

Formal rules of evidence will not apply and the hearing officer may consider, in addition to evidence submitted by the person requesting the hearing, any relevant information including, but not limited to, the following:

- (a) Case reports including any supplemental reports
- (b) Statements by investigators
- (c) Statements from representatives of the District Attorney's Office
- (d) Statements by representatives of a child protective agency who may be familiar with the case

After considering all information presented, the hearing officer shall make a determination as to whether the requesting party's name should be removed from the CACI list. Such determination shall be based on a finding that the allegations in the investigation are not substantiated (Penal Code § 11169).

If, after considering the evidence, the hearing officer finds that the allegations are not substantiated, he/she shall cause a request to be completed and forwarded to the DOJ that the person's name be removed from the CACI list. A copy of the hearing results and the request for removal will be attached to the case reports.

The findings of the hearing officer shall be considered final and binding.

331.11.2 DESIGNATION OF A CACI HEARING OFFICER

The station commander shall designate a supervisor who will serve as the hearing officer. However, the designated supervisor must not be actively connected with the case that resulted in the person's name being submitted to CACI. Upon receiving a qualified request for removal, the hearing officer shall promptly schedule a hearing to take place during normal business hours and provide written notification of the time and place of the hearing to the requesting party.

331.11.3 REQUESTS FOR REMOVAL FROM THE CHILD ABUSECENTRAL INDEX (CACI)

Any person whose name has been forwarded to the California Department of Justice (DOJ) for placement in California's CACI, as a result of an investigation, may request that his/her name be removed from the CACI list. Requests shall not qualify for consideration if there is an active case, ongoing investigation or pending prosecution that precipitated the entry to CACI (Penal Code § 11169). All requests for removal shall be submitted in writing by the requesting person and promptly routed to the CACI hearing officer.

331.11.4 RELEASE OF REPORTS

Information related to incidents of child abuse or suspected child abuse shall be confidential and may only be disclosed pursuant to state law and the Records Maintenance and Release Policy (Penal Code 841.5; Penal Code § 11167.5).

Riverside County Sheriff's Department

Child Abuse

331.11.5 CACI HEARING OFFICER

The Detective Bureau supervisor will normally serve as the hearing officer but must not be actively connected with the case that resulted in the person's name being submitted to CACI. Upon receiving a qualified request for removal, the hearing officer shall promptly schedule a hearing to take place during normal business hours and provide written notification of the time and place of the hearing to the requesting party.

331.12 TRAINING

The Department should provide training on best practices in child abuse investigations to members tasked with investigating these cases. The training should include:

- (a) Participating in multidisciplinary investigations, as appropriate.
- (b) Conducting forensic interviews.
- (c) Availability of therapy services for children and families.
- (d) Availability of specialized forensic medical exams.
- (e) Cultural competence (including interpretive services) related to child abuse investigations.
- (f) Availability of victim advocate or guardian ad litem support.

Identity Theft

333.1 PURPOSE AND SCOPE

Identity theft is a growing trend that frequently involves related crimes in multiple jurisdictions. This policy is intended to provide guidelines for the reporting and investigation of such crimes.

333.2 REPORTING

- (a) In an effort to maintain uniformity in reporting, deputies presented with the crime of identity theft (Penal Code § 530.6) shall complete a report for victims residing, or operating a place of business, within the jurisdiction of this department when the crime occurred. For incidents of identity theft occurring outside this jurisdiction, deputies should observe the following:
 - 1. For any victim not residing within this jurisdiction, the deputy may either take a courtesy report to be forwarded to the victim's residence agency or the victim should be encouraged to promptly report the identity theft to the law enforcement agency where he or she resides.
- (b) While the original identity theft should generally be reported to the law enforcement agency where the victim resides, deputies of this department should investigate and report crimes occurring within this jurisdiction which have resulted from the original identity theft. For example, if the identity theft occurred elsewhere, but the resulting credit card fraud occurred and is being reported in this jurisdiction, deputies shall complete the report without waiting for the victim to report the initial identity theft.
- (c) Deputies should include all known incidents of fraudulent activity (e.g., credit card number applied for in victim's name when the victim has never made such an application).
- (d) Deputies should also cross-reference all known reports made by the victim (e.g., U.S. Secret Service, credit reporting bureaus, U.S. Postal Service and DMV) with all known report numbers.
- (e) The reporting deputy should inform victims of identity theft that the California Identity Theft Registry is available to help those who are wrongly linked to crimes. The registry can be checked by law enforcement and other authorized persons to investigate whether a criminal history or want was created in the victim's name (Penal Code § 530.7). Information regarding the California Identity Theft Registry can be obtained by calling toll free (888) 880-0240.
- (f) Following supervisory review and department processing, the initial report should be forwarded to the appropriate detective for follow up investigation, coordination with other agencies and prosecution as circumstances dictate.

Missing Persons

334.1 PURPOSE AND SCOPE

This policy provides guidance for handling missing person investigations.

334.1.1 DEFINITIONS

At risk - Includes circumstances where any of the following factors are present (Penal Code § 14215):

- A victim of a crime or foul play.
- A person missing and in need of medical attention.
- A missing person with no pattern of running away or disappearing.
- A missing person who may be the victim of parental abduction.
- A mentally impaired missing person, including cognitively impaired or developmentally disabled.
- A juvenile under the age of 12.

Missing person - Any person who is reported missing to law enforcement when the person's location is unknown. This includes a child who has been taken, detained, concealed, enticed away or kept by a parent in violation of the law (Penal Code § 277 et seq.). It also includes any child who is missing voluntarily, involuntarily or under circumstances that do not conform to his/her ordinary habits or behavior, and who may be in need of assistance (Penal Code § 14215).

Missing person networks - Databases or computer networks available to law enforcement and that are suitable for information related to missing persons investigations. These include the National Crime Information Center (NCIC), the California Law Enforcement Telecommunications System (CLETS), Missing Person System (MPS) and the Unidentified Persons System (UPS).

334.2 POLICY

The Riverside County Sheriff's Department does not consider any report of a missing person to be routine and assumes that the missing person is in need of immediate assistance until an investigation reveals otherwise. The Riverside County Sheriff's Department gives missing person cases priority over property-related cases and will not require any time frame to pass before beginning a missing person investigation (Penal Code § 14211).

334.3 REQUIRED FORMS AND BIOLOGICAL SAMPLE COLLECTION KITS

The Detective Bureau supervisor should ensure the forms and kits are developed and available in accordance with this policy, state law, federal law and the California Peace Officer Standards and Training (POST) Missing Persons Investigations guidelines, including:

- Department report form for use in missing person cases

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Missing Persons

- Missing person investigation checklist that provides investigation guidelines and resources that could be helpful in the early hours of a missing person investigation (Penal Code § 13519.07)
- Missing person school notification form
- Medical records release form from the California Department of Justice
- California DOJ missing person forms as appropriate
- Biological sample collection kits, or process to request collection of biological samples

Department members may also refer to the DocRead publication for information related to missing person investigations.

334.4 ACCEPTANCE OF REPORTS

Any department member encountering a person who wishes to report a missing person or runaway shall render assistance without delay (Penal Code § 14211). This can be accomplished by accepting the report via telephone or in-person and initiating the investigation. Those department members who do not take such reports or who are unable to render immediate assistance shall promptly dispatch or alert a member who can take the report.

A report shall be accepted in all cases and regardless of where the person was last seen, where the person resides or any other question of jurisdiction (Penal Code § 14211).

334.5 INITIAL INVESTIGATION

Deputies or other department members conducting the initial investigation of a missing person should take the following investigative actions, as applicable:

- (a) Respond to a dispatched call for service as soon as practicable.
- (b) Interview the reporting party and any witnesses to determine whether the person qualifies as a missing person and, if so, whether the person may be at risk.
- (c) Notify a supervisor immediately if there is evidence that a missing person is either at risk or may qualify for a public alert, or both (see the Public Alerts Policy).
- (d) Broadcast a "Be on the Look-Out" (BOLO) bulletin if the person is under 21 years of age or there is evidence that the missing person is at risk. The BOLO should be broadcast as soon as practicable but in no event more than one hour after determining the missing person is under 21 years of age or may be at risk (Penal Code § 14211).
- (e) Ensure that entries are made into the appropriate missing person networks as follows:
 1. Immediately, when the missing person is at risk.
 2. In all other cases, as soon as practicable, but not later than two hours from the time of the initial report.
- (f) Complete the appropriate report forms accurately and completely and initiate a search as applicable under the facts.
- (g) Collect and/or review:

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Missing Persons

1. A photograph and a fingerprint card of the missing person, if available.
 2. A voluntarily provided biological sample of the missing person, if available (e.g., toothbrush, hairbrush).
 3. Any documents that may assist in the investigation, such as court orders regarding custody.
 4. Any other evidence that may assist in the investigation, including personal electronic devices (e.g., cell phones, computers).
- (h) When circumstances permit and if appropriate, attempt to determine the missing person's location through his/her telecommunications carrier.
- (i) Contact the appropriate agency if the report relates to a previously made missing person report and another agency is actively investigating that report. When this is not practical, the information should be documented in an appropriate report for transmission to the appropriate agency. If the information relates to an at-risk missing person, the member should notify a supervisor and proceed with reasonable steps to locate the missing person.

334.6 REPORT PROCEDURES AND ROUTING

Employees should complete all missing person reports and forms promptly and advise the appropriate supervisor as soon as a missing person report is ready for review.

If a missing person is found before the information is entered into the NCIC, the information shall still be entered (Penal Code § 14213(c)).

334.6.1 SUPERVISOR RESPONSIBILITIES

The responsibilities of the supervisor shall include, but are not limited to:

- (a) Reviewing and approving missing person reports upon receipt.
 1. The supervisor shall ensure these reports are promptly completed and processed according to station/bureau procedures.
- (b) Ensuring resources are deployed as appropriate.
- (c) Initiating a command post as needed.

- (e) Ensuring that records have been entered into the appropriate missing persons networks.
- (f) Taking reasonable steps to identify and address any jurisdictional issues to ensure cooperation among agencies.

If the case falls within the jurisdiction of another agency, the supervisor should facilitate transfer of the case to the agency of jurisdiction.

334.6.2 CLERICAL UNIT RESPONSIBILITIES

The receiving department member shall:

Private Persons Arrests

335.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance for the handling of private person's arrests made pursuant to Penal Code § 837.

335.2 ADVISING PRIVATE PERSONS OF THE ARREST PROCESS

Penal Code § 836(b) expressly mandates that all deputies shall advise victims of domestic violence of the right to make a private person's arrest, including advice on how to safely execute such an arrest. In all other situations, deputies should use sound discretion in determining whether or not to advise an individual of the arrest process.

- (a) When advising any individual regarding the right to make a private person's arrest, deputies should refrain from encouraging or dissuading any individual from making such an arrest and should instead limit advice to the legal requirements for such an arrest as listed below.
- (b) Private individuals should be discouraged from using force to effect a private person's arrest, and absent immediate threat to their own safety or the safety of others, private individuals should be encouraged to refer matters to law enforcement officials for further investigation or arrest.

335.3 ARRESTS BY PRIVATE PERSONS

Penal Code § 837 provides that a private person may arrest another:

- (a) For a public offense committed or attempted in his or her presence;
- (b) When the person arrested has committed a felony, although not in his or her presence;
- (c) When a felony has been in fact committed, and he or she has reasonable cause for believing the person arrested has committed it.

Unlike peace officers, private persons may not make an arrest on suspicion that a felony has been committed - the felony must in fact have taken place.

335.4 DEPUTY RESPONSIBILITIES

Any deputy presented with a private person wishing to make an arrest must determine whether or not there is reasonable cause to believe that such an arrest would be lawful (Penal Code § 847).

- (a) Should any deputy determine that there is no reasonable cause to believe that a private person's arrest is lawful, the deputy should take no action to further detain or restrain the individual beyond that which reasonably appears necessary to investigate the matter, determine the lawfulness of the arrest and protect the public safety.
 - 1. Any deputy who determines that a private person's arrest appears to be unlawful should promptly release the arrested individual pursuant to Penal Code § 849(b)(1). The deputy must include the basis of such a determination in a related report.

Private Persons Arrests

2. Absent reasonable cause to support a private person's arrest or other lawful grounds to support an independent arrest by the deputy, the deputy should advise the parties that no arrest will be made and that the circumstances will be documented in a related report.
- (b) Whenever a deputy determines that there is reasonable cause to believe that a private person's arrest is lawful, the deputy may exercise any of the following options:
 1. Take the individual into physical custody for booking
 2. Release the individual pursuant to a Notice to Appear
 3. Release the individual pursuant to Penal Code § 849
- (c) When a suspect has not been physically arrested by a citizen or is not at the scene for us to accept, deputies should remain mindful that a signed private person's arrest form is not an arrest warrant. If a suspect is found elsewhere, or found a considerable time later, the requirements of warrantless arrests apply.

335.5 REPORTING REQUIREMENTS

In all circumstances in which a private person is claiming to have made an arrest, the individual must complete and sign a department Private Person's Arrest form under penalty of perjury.

In addition to the Private Person's Arrest Form (and any other related documents such as citations, booking forms, etc.), deputies shall complete a narrative report regarding the circumstances and disposition of the incident.

Special Needs Reunification Program

336.1 PURPOSE AND SCOPE

The Special Needs Reunification Program is a VOLUNTARY community outreach program created to better assist our special needs community. The reunification program is for legitimate law enforcement purposes to assist those with special needs who may become missing, found alone, in an emergency situation, or encountered during a law enforcement action. If a person in the SNRP system is encountered by a deputy, the deputy can query the individual in Data Warehouse, searching by the MNI, name, or by the person's physical description. The information provided by the individual's caretakers can assist sheriff's personnel in communicating with the individual, locating their residence, or handling an emergency involving an individual with special needs.

Information found and photos in the SNRP shall not be commingled with a criminal database or be used for the following:

- Criminal inquiries
- Criminal intelligence gathering
- Photo lineups

336.7.3 FACIAL RECOGNITION

A facial recognition database (administered by the Cal-ID Bureau) has been created for the sole use by the SNRP. Photos of participants can be utilized for facial recognition unless the participant has opted out during their initial enrollment.

If a deputy encounters a person who lacks the capacity to identify him or herself, the deputy may send a photo of the individual to FRSNRP@RiversideSheriff.org in an attempt to identify the subject.

Participants and/or their caregivers who wish to opt out of the SNRP's facial recognition database, may do so at any time by emailing the request to SNR@RiversideSheriff.org.

- Once received, it will be relayed to Cal-ID staff who shall remove the associated photo from the Facial Recognition Database.

Hate Crimes

339.1 PURPOSE AND SCOPE

This policy is designed to assist in identifying and handling crimes motivated by hate or other bias toward individuals and groups with legally defined protected characteristics, to define appropriate steps for assisting victims, and to provide a guide to conducting related investigations. It outlines the general policy framework for prevention, response, accessing assistance, victim assistance and follow-up, and reporting as related to law enforcement's role in handling hate crimes. It also serves as a declaration that hate crimes are taken seriously and demonstrates how the Riverside County Sheriff's Department may best use its resources to investigate and solve an offense, in addition to building community trust and increasing police legitimacy (Penal Code § 13519.6; Penal Code § 422.87).

339.1.1 DEFINITION AND LAWS

In accordance with Penal Code § 422.55; Penal Code § 422.56; Penal Code § 422.6; and Penal Code § 422.87, for purposes of all other state law, unless an explicit provision of law or the context clearly requires a different meaning, the following shall apply:

Bias motivation - Bias motivation is a pre-existing negative attitude toward actual or perceived characteristics referenced in Penal Code § 422.55. Depending on the circumstances of each case, bias motivation may include but is not limited to hatred, animosity, discriminatory selection of victims, resentment, revulsion, contempt, unreasonable fear, paranoia, callousness, thrill-seeking, desire for social dominance, desire for social bonding with those of one's "own kind," or a perception of the vulnerability of the victim due to the victim being perceived as being weak, worthless, or fair game because of a protected characteristic, including but not limited to disability or gender.

Disability - Disability includes mental disability and physical disability as defined in Government Code § 12926, regardless of whether those disabilities are temporary, permanent, congenital, or acquired by heredity, accident, injury, advanced age, or illness.

Disability bias - In recognizing suspected disability-bias hate crimes, deputies should consider whether there is any indication that the perpetrator was motivated by hostility or other bias, occasioned by factors such as but not limited to dislike of persons who arouse fear or guilt, a perception that persons with disabilities are inferior and therefore "deserving victims," a fear of persons whose visible traits are perceived as being disturbing to others, or resentment of those who need, demand, or receive alternative educational, physical, or social accommodations.

In recognizing suspected disability-bias hate crimes, deputies should consider whether there is any indication that the perpetrator perceived the victim to be vulnerable and, if so, if this perception is grounded, in whole or in part, in anti-disability bias. This includes but is not limited to situations where a perpetrator targets a person with a particular perceived disability while avoiding other vulnerable-appearing persons, such as inebriated persons or persons with perceived disabilities different from those of the victim. Such circumstances could be evidence that the perpetrator's

motivations included bias against persons with the perceived disability of the victim and that the crime must be reported as a suspected hate crime and not a mere crime of opportunity.

Gender - Gender means sex and includes a person's gender identity and gender expression.

Gender expression - Gender expression means a person's gender-related appearance and behavior, regardless of whether it is stereotypically associated with the person's assigned sex at birth.

Gender identity - Gender identity means each person's internal understanding of their gender, or the perception of a person's gender identity, which may include male, female, a combination of male and female, neither male nor female, a gender different from the person's sex assigned at birth, or transgender (2 CCR § 11030).

Hate crime - "Hate crime" includes but is not limited to a violation of Penal Code § 422.6, and means a criminal act committed, in whole or in part, because of one or more of the following actual or perceived characteristics of the victim:

- (a) Disability
- (b) Gender
- (c) Nationality
- (d) Race or ethnicity
- (e) Religion
- (f) Sexual orientation
- (g) Association with a person or group with one or more of these actual or perceived characteristics:
 - 1. "Association with a person or group with one or more of these actual or perceived characteristics" includes advocacy for, identification with, or being on the premises owned or rented by, or adjacent to, any of the following: a community center, educational facility, family, individual, office, meeting hall, place of worship, private institution, public agency, library, or other entity, group, or person that has, or is identified with people who have, one or more of the characteristics listed in the definition of "hate crime" under paragraphs 1 to 6, inclusive, of Penal Code § 422.55(a).

Note: A "hate crime" need not be motivated by hate but may be motivated by any bias against a protected characteristic.

Hate incident - A hate incident is an action or behavior motivated by hate or bias but legally protected by the First Amendment right to freedom of expression. Examples of hate incidents include:

- Name-calling
- Insults and epithets
- Distributing hate material in public places

Hate speech - The First Amendment to the U.S. Constitution protects most speech, even when it is disagreeable, offensive, or hurtful. The following types of speech are generally not protected:

- Fighting words
- True threats
- Perjury
- Blackmail
- Incitement to lawless action
- Conspiracy
- Solicitation to commit any crime

In whole or in part - "In whole or in part because of" means that the bias motivation must be a cause in fact of the offense whether or not other causes also exist. When multiple concurrent motives exist, the prohibited bias must be a substantial factor in bringing about the particular result. There is no requirement that the bias be a main factor, or that a crime would not have been committed but for the actual or perceived characteristic.

Nationality - Nationality means country of origin, immigration status, including citizenship, and national origin.

Race or ethnicity - Race or ethnicity includes ancestry, color, and ethnic background.

Religion - Religion includes all aspects of religious belief, observance, and practice and includes agnosticism and atheism.

Religious bias - In recognizing suspected religion-bias hate crimes, deputies should consider whether there were targeted attacks on, or biased references to, symbols of importance to a particular religion or articles considered of spiritual significance in a particular religion (e.g., crosses, hijabs, Stars of David, turbans, head coverings, statues of the Buddha).

Sexual orientation - Sexual orientation means heterosexuality, homosexuality, or bisexuality.

Victim - Victim includes but is not limited to:

- Community center
- Educational facility
- Entity

339.2 POLICY

It is the policy of this department to safeguard the rights of all individuals irrespective of their disability, gender, nationality, race or ethnicity, religion, sexual orientation, and/or association with a person or group with one or more of these actual or perceived characteristics. Any acts or threats of violence, property damage, harassment, intimidation, or other crimes motivated by hate or bias should be viewed very seriously and given high priority.

This department will employ reasonably available resources and vigorous law enforcement action to identify and arrest hate crime perpetrators. Also, recognizing the particular fears and distress typically suffered by victims, the potential for reprisal and escalation of violence, and the far-reaching negative consequences of these crimes on the community, this department should take all reasonable steps to attend to the security and related concerns of the immediate victims and their families as feasible.

All deputies are required to be familiar with the policy and use reasonable diligence to carry out the policy unless directed by the Sheriff or other command-level officer to whom the Sheriff formally delegates this responsibility.

339.3 PLANNING AND PREVENTION

In order to facilitate the guidelines contained within this policy, department members will continuously work to build and strengthen relationships with the community, engage in dialogue, and provide education to the community about this policy. Department personnel are also encouraged to learn about the inherent issues concerning their communities in relation to hate crimes.

Although hate incidents are not criminal events, they can be indicators of, or precursors to, hate crimes. Hate incidents should be investigated and documented as part of an overall strategy to prevent hate crimes.

339.3.1 HATE CRIMES COORDINATOR

A department member appointed by the Sheriff or the authorized designee will serve as the Hate Crimes Coordinator. The responsibilities of the Hate Crimes Coordinator should include but not be limited to (Penal Code § 422.87):

2. Analysis of the department's data collection as well as the available outside data (e.g., annual California Attorney General's report on hate crime) in preparation for and response to future hate crimes.

339.3.2 RELEASE OF INFORMATION

Establishing a relationship with stakeholders, before any incident occurs, to develop a network and protocol for disclosure often assists greatly in any disclosure.

The benefit of public disclosure of hate crime incidents includes:

- (a) Dissemination of correct information.
- (b) Assurance to affected communities or groups that the matter is being properly and promptly investigated.
- (c) The ability to request information regarding the commission of the crimes from the victimized community.

Information or records relating to hate crimes subject to public disclosure shall be released as provided by the Records Maintenance and Release Policy or as allowed by law. In accordance with the Media Relations Policy, the supervisor, public information officer, or the authorized designee should be provided with information that can be responsibly reported to the media. When appropriate, the department spokesperson should reiterate that hate crimes will not be tolerated, will be investigated seriously, and will be prosecuted to the fullest extent of the law.

The Department should consider the following when releasing information to the public regarding hate crimes and hate incidents that have been reported within the jurisdiction:

- Inform the community of the impact of these crimes on the victim, the victim's family, and the community, and of the assistance and compensation available to victims.

341.7 ORDERING CALVCB FIRST RESPONDER CARDS

Each station or facility commander shall appoint a designee to be responsible for ordering the CALVCB First Responder Cards through the following website: <https://victims.ca.gov/for-law-enforcement/>.

Minor Misconduct - Response Options

342.1 PURPOSE

The Riverside County Sheriff's Department views the discovery and appropriate correction of misconduct and training deficiencies as an important part of achieving the delivery of quality, professional, and consistent service to the community. This policy will outline a supervisor's, or manager's response options following the discovery of misconduct, either intentional or unintentional.

342.2 POLICY

The department's responses to misconduct and employee errors should be measured and commensurate with the observed behavior and employee history. This measured response does not always necessitate formal discipline, but instead can be addressed with the intent to correct, through the use of varied responses such as in-person counseling, education, training, mentorship, and/or memorandums of discussion. It is the policy of the department to address each unique incident with a fair and appropriate response intended to improve the employee, prevent reoccurrence, and enhance service quality.

342.3 VERBAL RESPONSE

Minor and isolated incidents such as discourteous language, a late report, or uniform violations may best be handled by simply speaking to the employee in a private setting. Best practices should be followed when counseling an employee. The primary purpose of the counseling should always be improved understanding of the error and improved performance in the future. The counseling should not devolve into an adversarial interrogation and a second supervisor should be used if appropriate. Written documentation of the meeting may not be necessary.

342.4 MENTORSHIP RESPONSE

Identify a knowledgeable mentor, either within or near your station, jail, or bureau and assign the employee to this mentor after explaining the goal to both employees. The mentor's interaction only needs to be as brief as needed to accomplish the goal of improved performance. This interaction could include policy review or the demonstration of proper techniques and procedures. This is not a Performance Improvement Plan and the mentor does not need to be an F.T.O. or C.T.O. At the completion of such training, the employee's supervisor should meet with the mentor and inquire about the success of the supplemental training.

342.5 FORMAL TRAINING RESPONSE

Supervisors may also address incidents with a formal assignment to department-approved training. The training need only be as long as is necessary to address and improve performance. Education responses should generally be tailored to unintentional errors or those circumstances that are accompanied by some plausible mitigation. The commander or supervisor shall identify training offered that is most appropriate to the error. For example:

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Minor Misconduct - Response Options

- An employee in a very minor traffic collision could be assigned to supplemental driver training or simulator instruction.
- An employee needing to improve the quality of their reports could be assigned to report writing instruction.
- An employee who may have been rude and discourteous to a suspect or belligerent detainee may be assigned to interpersonal communication instruction.

The Ben Clark Training Center should be the first choice for any formal training to occur. The applicable BCTC classes available include:

- Driver Awareness
- EVOC Update
- De-escalation/Tactical Communication
- Force Simulator
- Perishable Skills / Force Options

This training shall not have been attended within the last 6 months and shall not be attended on overtime. It shall not be in response to willful or otherwise wanton violations of policy. Upon completion, all training records shall be updated by the station or bureau's training staff in coordination with the BCTC.

342.6 MEMORANDUM OF DISCUSSION RESPONSE (MOD)

A Memorandum of Discussion (MOD) simply documents a previous discussion between a supervisor and their subordinate related to an employee's performance or behavior. This response may be appropriate for second violations of a similar nature, or where the employee actions reach a concerning severity or otherwise indicate that another response option will not likely be effective. Such a discussion is intended to bring the matter to the employee's attention and discuss ways for him or her to stop, start, or improve upon something related to their job performance. Such documents are removed from an employee's station-level file at a given time and are not considered disciplinary as defined by Government Code 3303. There are however, some guidelines for properly completing and presenting a MOD. In general, they are:

- Limit the language so that it serves only as documentation of the supervisor's corrective conversation with the department member.
- Refrain from citing specific policy or general order sections violated.
- Refrain from predictions that future violations will result in formal discipline or more severe consequences.
- Openly discuss the misconduct with the employee and allow 30 calendar days for a written response if so desired.
- Review any written employee response for matters of department concern.

Minor Misconduct - Response Options

If a commander, after briefing his or her respective chief deputy, deems that a written reprimand is the appropriate and effective response, see the Written Reprimands Policy for issuance guidelines.

Written Reprimands

343.1 PURPOSE

This policy will outline specific procedures for department members to follow when a Written Reprimand (WR) is chosen as the appropriate response to minor misconduct committed by any member of the department.

Such misconduct could include, but is not limited to:

- Minor traffic collisions;
- Minor incidents of failing to properly perform duties such as, late reports, failing to qualify, or reporting late for duty;
- Minor damage to, or loss of, department or citizens' property;
- Rude and discourteous behavior that is not severe or pervasive;

Although the issuance process is identical for members of the LIUNA, SEIU, Confidential, or Unrepresented employees, this policy will guide the appeal process specific to members of the Riverside Sheriffs' Association (RSA) and the Law Enforcement Management Units (LEMU) only, as outlined in the section entitled, "Appeal Process" below.

The procedures and discretion outlined here are not appropriate responses following allegations of serious misconduct such as, but not limited to, excessive force, insubordination, sexual misconduct, harassment, criminal allegations, theft, dishonesty or repeated violations of a more minor nature.

343.2 WRITTEN REPRIMAND (WR)

Sergeants and above, with their division chief's prior approval, may issue written reprimands (WR) for minor misconduct. This procedure will usually replace the practice of conducting a formal personnel investigation and recording interviews when clear and convincing facts establish a violation of policy. Convincing evidence may include BWC video, logs, employee memoranda, or other evidence gathered from department databases or other relevant sources. It is important to remember that a WR is 'discipline' as defined in the Public Safety Officer's Procedural Bill of Rights Act (POBR), Government Code section 3303, and therefore this policy leaves intact, substantive due process protections for the affected employee.

Nothing in this policy prevents the department from assigning an employee to additional training or education, in addition to the WR. Such training should be aimed at improving the relevant performance or preventing reoccurrence of the misconduct. For example, supplemental driver training should also be considered following an at-fault traffic collision.

The station or bureau-level issuance of a written reprimand should occur as follows in the "Written Reprimands - Issuance" section below..

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)

Written Reprimands

343.3 WRITTEN REPRIMAND - ISSUANCE

1. Following the discovery and confirmation of misconduct justifying the issuance of a WR, the employee's supervisor will complete a memorandum addressed to the employee detailing the incident and basis for discipline.
 - (a) The confirmation of misconduct may include interviews and other formal investigation if necessary. All POBR rights shall be observed throughout the inquiry process. See the Personnel Complaints Policy for additional department guidelines.
2. The author of the reprimand shall have his/her supervisor and commander review the document to ensure justification and accuracy.
 - (a) All evidentiary documentation (BWC, reports, memos) should be attached for commander review.
 - (b) Due to varying legislated retention schedules, the reprimand shall not include a retention date.
3. Upon approval, the reprimand will be presented to the employee.

343.3.1 EMPLOYEE RESPONSE

Following the receipt of a WR, the affected employee, regardless of bargaining unit, may then elect to do one of the following:

1. Accept the reprimand by signing in the required area(s) and returning the document to the supervisor for filing with the Professional Standards Bureau, *or*;
2. Complete a written response to the reprimand within 30 calendar days (Govt. Code 3306). This response will be reviewed by a lieutenant for matters of departmental interest or other mitigation affecting the issuance of the WR. If compelling mitigation is found, the lieutenant shall discuss the matter with the supervisor and decide on the appropriate action. If no such mitigation is found, the response will be attached to the WR, the reprimand will be forwarded to the Professional Standards Bureau for retention according to the section of this policy entitled "Discipline Records Retention" and the matter will be considered closed, *or*;
3. Appeal the WR by submitting a written request to their current commander within 10 calendar days from receipt of the reprimand.

343.4 APPEAL PROCESS

Upon proper notification that an employee within the Laborers' International Union of North America (LIUNA) or the Service Employees International Union (SEIU) intends to appeal a WR, all provisions of each respective MOU will be followed, Unrepresented and Confidential employees shall follow all appeal procedures, if any, listed within their respective labor agreements.

Upon proper notification that an employee within the RSA or LEMU intends to appeal a WR, the affected station Commander shall:

1. Notify the affected Chief Deputy.

3. The PSB commander will schedule this hearing with the employee within 14 calendar days after being chosen unless extenuating circumstances necessitate a reasonable extension by either party.
4. The employee may be accompanied by a uninvolved representative and either party may audio record the hearing after giving prior notice of such intention.
5. The PSB or other commander should be thoroughly knowledgeable about the circumstances of the misconduct and be mindful that the burden of proof (preponderance standard) rests with the department.
6. The PSB or other commander shall allow arguments and evidence to be presented by the employee to an extent that is reasonable based upon the complexity of circumstances.
7. The PSB, or other commander will objectively consider the employee's arguments and / or mitigation and make a binding and final decision.

343.5 APPEAL PROCESS - OUTCOME

2. The written decision will be given only to the employee and a copy will be attached to the written reprimand.
3. If the WR is reversed, then no record of discipline will be retained by the department.
4. If the WR is reversed, but another option, such as a Memorandum of Discussion (MOD), is deemed warranted by the hearing commander, then the procedures and retention schedule for that option will be followed.
5. If the WR is upheld, the reprimand and hearing decision will be forwarded to the Professional Standards Bureau for retention and the matter will be considered closed.
6. The hearing commander's decision is final, and no other appeal rights or procedures are afforded or implied in this policy.
7. The hearing commander has no authority to elevate the discipline beyond a WR.
8. Discipline reduced to a WR as a result of a ruling in arbitration, does not afford any employee with further due process or appeal under this policy.

343.6 DISCIPLINE RECORDS RETENTION

The circumstances of the minor misconduct will be entered into Blue Team under the Minor Misconduct incident type and any supporting documentation and/or evidence should be electronically uploaded. A tracking number (ex: MM#2020-00XX) will be issued by the Professional Standards Bureau. The supervisor preparing the WR, shall ensure the Minor Misconduct tracking number is typed onto the WR. Once issued, the original WR, along with all original supporting

The Professional Standards Bureau will serve as the custodian of that record in compliance with the County Records Retention Schedule. The Retention Schedule is reviewed by the Board of Supervisors each year for compliance with California law and best practices. The two years will commence from the date of issuance.

345.3 SOFTWARE RESTRICTIONS

A department member shall not install personally owned or licensed software onto a departmental computer, or computer system without the express permission of the TSB. All purchases of software for use within, for communication with, or for installation upon a department computer, system, or database, shall first be approved and documented by the TSB.

345.3.1 OWNERSHIP

Computer software programs developed for the department by any employee of the Sheriff's Department at the direction of, or to benefit the department, are the property of the Sheriff.

Computer files, records, archives and data, which have been written, created or compiled by any employee at the direction of, or to benefit the department, and/or within the scope of employment or assignment, are the property of the Sheriff.

The employee must report the refusal to disclose the requested information to the supervisor who made the previous non-disclosure order.

Information Technology Use

346.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the proper use of department information technology resources, including computers, electronic devices, hardware, software and systems.

346.2 POLICY

It is the policy of the Riverside County Sheriff's Department that members shall use information technology resources, including computers, software and systems, that are issued or maintained by the department in a professional manner and in accordance with this policy.

346.3 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to emails, texts, or anything published, shared, transmitted, or maintained through file-sharing software or any internet site that is accessed, transmitted, received, or reviewed on any department computer system.

The department reserves the right to access, audit, and disclose, for whatever reason, any message, including attachments, and any information accessed, transmitted, received, or reviewed over any technology that is issued or maintained by the department, including the department email system, computer network, and/or any information placed into storage on any department system or device. This includes records of all keystrokes or Web-browsing history made at any department computer or over any department network. The fact that access to a database, service, or website requires a username or password will not create an expectation of privacy if it is accessed through department computers, electronic devices, or networks.

The department shall not require a member to disclose a personal username or password for accessing personal social media or to open a personal social website; however, the department may request access when it is reasonably believed to be relevant to the investigation of allegations of work-related misconduct (Labor Code § 980).

346.4 RESTRICTED USE

Members shall not access computers, devices, software or systems for which they have not received prior authorization or the required training. Members shall immediately report unauthorized access or use of computers, devices, software or systems by another member to their supervisors or Watch Commanders.

Information Technology Use

To reduce the risk of a computer virus or malicious software, members shall not install any unlicensed or unauthorized software on any department computer. Members shall not install personal copies of any software onto any department computer.

When related to criminal investigations, software program files may be downloaded only with the approval of the information systems technology (IT) staff and with the authorization of the Sheriff or the authorized designee.

No member shall knowingly make, acquire or use unauthorized copies of computer software that is not licensed to the department while on department premises, computer systems or electronic devices. Such unauthorized use of software exposes the department and involved members to severe civil and criminal penalties.

Introduction of software by members should only occur as part of the automated maintenance or update process of department- or County-approved or installed programs by the original manufacturer, producer or developer of the software.

Any other introduction of software requires prior authorization from IT staff and a full scan for malicious attachments.

346.4.2 HARDWARE

Access to technology resources provided by or through the department shall be strictly limited to department-related activities. Data stored on or available through department computer systems shall only be accessed by authorized members who are engaged in an active investigation or assisting in an active investigation, or who otherwise have a legitimate law enforcement or department-related purpose to access such data. Any exceptions to this policy must be approved by a supervisor.

Internet access provided by or through the department shall be strictly limited to department-related activities. Internet sites containing information that is not appropriate or applicable to department use and which shall not be intentionally accessed include but are not limited to adult forums, pornography, gambling, chat rooms, shopping and similar or related internet sites. All members have a duty to protect the computer system and related systems and devices from physical and environmental damage and are responsible for the correct use, operation, care, and maintenance of the computer system.

Members shall ensure department computers and access terminals are not viewable by persons who are not authorized users. Computers and terminals should be secured, users logged off and password protections enabled whenever the user is not present. Access passwords, logon information, and other individual security data, protocols, and procedures are confidential information and are not to be shared. Password length, format, structure, and content shall meet the prescribed standards required by the computer system or as directed by a supervisor and shall be changed at intervals as directed by IT staff or a supervisor.

It is prohibited for a member to allow an unauthorized user to access the computer system at any time or for any reason. Members shall promptly report any unauthorized access to the computer system or suspected intrusion from outside sources (including the internet) to a supervisor.

346.6 INSPECTION OR REVIEW

A supervisor or the authorized designee has the express authority to inspect or review the computer system, all temporary or permanent files, related electronic systems or devices, and any contents thereof, whether such inspection or review is in the ordinary course of his/her supervisory duties or based on cause.

Reasons for inspection or review may include, but are not limited to, computer system malfunctions, problems or general computer system failure, a lawsuit against the department involving one of its members or a member's duties, an alleged or suspected violation of any department policy, a request for disclosure of data, or a need to perform or provide a service.

346.7 PROTECTION OF AGENCY SYSTEMS AND FILES

All employees have a duty to protect the system and related systems and devices from physical and environmental damage and are responsible for the correct use, operation, care, and maintenance of the system.

It is expressly prohibited for an employee to allow an unauthorized user to access the system at any time or for any reason.

All department members shall practice diligence with regard to preventing hacking and malware attacks on any and all department systems. If the sender of an email or other electronic message is unknown, or cannot be verified as safe, do not open it or any attachments. Notify a system administrator as soon as possible.

Report Preparation

347.1 PURPOSE AND SCOPE

Report preparation is a major part of each deputy's job. The purpose of reports is to document sufficient information to refresh the deputy's memory and to provide sufficient information for follow-up investigation and successful prosecution. Report writing is the subject of substantial formalized training and on-the-job training.

<http://intranet.riversidesheriff.org/ReportWriting/ReportWritingManual.pdf>

347.1.1 REPORT PREPARATION

Employees should ensure that reports are sufficiently detailed for their purpose and free from errors prior to submission. It is the responsibility of the assigned employee to complete and submit all reports taken during the shift before going off-duty unless permission to hold the report has been approved by a supervisor. Generally, reports requiring prompt follow-up action on active leads, or arrest reports where the suspect remains in custody should not be held.

Handwritten reports must be prepared legibly. If the report is not legible, the submitting employee will be required by the reviewing supervisor to promptly make corrections and resubmit the report. Employees who dictate reports shall use appropriate grammar, as content is not the responsibility of the typist. Employees who generate reports on computers are subject to all requirements of this policy.

All reports shall accurately reflect the identity of the persons involved, all pertinent information seen, heard or assimilated by any other sense, and any actions taken. Employees shall not suppress, conceal or distort the facts of any reported incident, nor shall any employee make a false report orally or in writing. Generally, the reporting employee's opinions should not be included in reports unless specifically identified as such.

347.2 REQUIRED REPORTING

Written reports are required in all of the following situations on the appropriate department approved forms.

347.2.1 DOCUMENTING CRIMINAL AND NON-CRIMINAL ACTIVITY

When a member responds to a call for service, or as a result of self-initiated activity becomes aware of any activity where a crime has occurred, the member shall document the incident regardless of whether a victim desires prosecution. When willing, reporting parties reporting a crime or other incident that occurred in an unincorporated area may be referred to the online reporting system when no suspect or follow-up information is available.

Activity that shall be documented in a written report includes:

1. All arrests (except warrant arrests without new charges)
 - (a) Department members should consider if a report of a warrant arrest would assist the District Attorney's office in their prosecution of the warrant offense.

Report Preparation

2. All felonies
3. Misdemeanors involving threats, stalking, theft, vandalism, or arson
4. All misdemeanor crimes where the victim desires a report.
5. Incidents or investigations of the following:
 - (a) Use of Force
 - (b) Domestic Violence (except disturbance-only incidents with no history of domestic violence (reported or unreported), **and** no indication of imminent abuse) See Domestic Violence Policy.
 - (c) Child Abuse
 - (d) Senior and Disability Victimization
 - (e) Hate Crimes
 - (f) Sex Crimes (including 314 PC and annoyance)
 - (g) All runaway juveniles and missing persons
 - (h) Found property with follow-up information
 - (i) Suicide
 - (j) Overdose (resulting in unattended death)
 - (k) Unattended death

Misdemeanor crimes not listed above, where the victim does not desire a report may be documented using a department-approved alternative documentation method (e.g., dispatch log or MDC added-text entry).

The NORA System shall not be used pending the receipt of additional information (e.g., property lists, serial numbers, suspect information, video, etc.) from a reporting party. The use of the "No Report System" does not reduce the deputy's responsibility to conduct a complete and thorough investigation. Rather, it allows the deputy to use discretion and judgment as to whether a report is or is not necessary.

Department members who are charged with writing reports, shall refer to the Report Writing and Field Operations Manuals for other protocols and mandates.

347.2.2 SUICIDE, OVERDOSE, UNATTENDED DEATH

Cases of obvious suicide, overdose resulting in unattended death, or unattended deaths without suspicious circumstances, may be investigated and completed by the deputy. If the deputy believes the death is suspicious, he/she shall proceed as though it is a homicide.

347.2.3 INJURY OR DAMAGE BY COUNTY PERSONNEL

Reports shall be taken if an injury occurs that is a result of an act of a County employee. Additionally, reports shall be taken involving damage to County property or County equipment.

Reports that may be submitted by the public in unincorporated areas via online reporting processes include:

- (a) Lost property.
- (b) Misdemeanor thefts of property, other than firearms or materials that threaten public safety, when there is no suspect information, serial number or ability to trace the item.
 - (a) Misdemeanor thefts of cellular telephones may be reported by alternate method even though they have a serial number.
- (c) Misdemeanor vandalism with no suspect information and no hate crime implications.
- (d) Vehicle burglaries with no suspect information or evidence.
- (e) Stolen vehicle attempts with no suspect information or evidence.

- (g) Identity theft without suspect information.
- (h) Online, email, or telephone fraud schemes without suspect information, and only if classified as a misdemeanor.
- (i) Hit-and-run vehicle collisions with no suspect or suspect vehicle information.
- (j) Supplemental property lists.

Members may refer victims to online victim assistance programs (e.g., Internet Crime Complaint Center (IC3) website for computer crimes), however, such referrals do not replace a report as required by this policy.

The Telephone Reporting Unit may handle certain call types according to the TRU and Dispatch policy. Once arrived at a call, deputies should refrain from referring victims to the Telephone Reporting Unit or on-line reporting.

347.3 POLICY OF EXPEDITIOUS REPORTING

In general, all those assigned to complete reports and their supervisors shall act with promptness and efficiency in the preparation and processing of all reports. An incomplete report, unorganized reports or reports delayed without supervisory approval are not acceptable. Reports shall be processed according to established priorities or according to special priority necessary under exceptional circumstances. The department's Report Writing Manual (linked above) shall serve as department-wide policy and procedure related to tracking the timeliness, holding, and expeditious submission of reports. Department members shall be familiar with the requirements detailed in the manual's "Report Approval Procedures" section beginning on page 121.

Report Preparation

347.3.1 HANDWRITTEN REPORTS

Some incidents and report forms lend themselves to block print rather than typing. In general, the narrative portion of those reports where an arrest is made or when there is a long narrative should be typed or dictated.

Supervisors may require, with the foregoing general policy in mind, block printing or typing of reports of any nature for department consistency.

347.4 REPORT CORRECTIONS

Supervisors shall review reports for content and accuracy. If a correction is necessary, the reviewing supervisor may complete the Report Correction form stating the reasons for rejection. The original report and the correction form should be returned to the reporting employee for correction as soon as practical. It shall be the responsibility of the originating deputy to ensure that any report returned for correction is processed in a timely manner and that the signed correction form is attached to the corrected report.

347.4.1 REPORT CHANGES OR ALTERATIONS

Reports that have been approved by a supervisor and submitted for filing and distribution shall not be modified or altered except by way of a supplemental report. Reviewed reports that have not yet been submitted to the Information Services Bureau may be corrected or modified by the authoring deputy only with the knowledge and authorization of the reviewing supervisor.

347.5 COMPLETION OF HELD REPORTS

Employees holding reports from their previously worked shifts shall notify their supervisor at the beginning of the shift. Supervisors shall remain aware of held reports and shall ensure the timely completion of the held reports on duty time.

Department personnel should become familiar with policy related to deadlines and held reports within the Report Writing Manual / Report Approval Procedures, page 119.

Subpoenas and Court Appearances

352.1 PURPOSE AND SCOPE

352.1.1 DEFINITIONS

Call Back- When an employee has appeared in court, is either on duty or off-duty and has asked to be placed on call-back, and has been told by a member of the court that the employee is free to leave the court or return to duty, subject to being promptly available by phone if called back.

Employees should be aware that their compliance is mandatory on all cases for which they have been properly subpoenaed or notified by legitimate authorities. This policy applies to criminal, civil, and administrative subpoenas and other types of hearings. Employees are expected to cooperate as required by the subpoena, until the case resolves. This responsibility continues after any separation of service. Failure to comply with a subpoena may be deemed a violation of department policy and contempt of court pursuant to §1331 PC.

Compensation rates, types and restrictions will be determined in accordance with each employee's current union MOU or Terms and Conditions of Employment with the County of Riverside.

352.7.1 SUBPOENA APPEARANCE OVERTIME

If outside normally scheduled work hours, court overtime begins at the time indicated on the subpoena issued by the issuing agency. A regular shift shall not be changed or moved, unless with employee agreement or the required notice period, for the purpose of avoiding the payment of overtime compensation, nor shall any shift times or work days be changed to create overtime in conjunction with a subpoena. Employees attending court on a single day who are concurrently subject to more than one subpoena (to include different courtrooms or locations) shall only be entitled to court call back compensation for the minimum amount of overtime pay as shown in their respective MOU or Terms and Conditions of Employment plus any additional time spent in court beyond the minimum.

Should an employee start a regular or overtime shift prior to the completion of any court or hearing appearance, they are no longer considered "off-duty" and shall only receive overtime compensation from the start of court through the start time of the shift.

352.7.2 TRAVEL TIME AND VEHICLES

Under normal circumstances, travel time is not compensable. However, the time spent traveling to or from court for a subpoena hearing may be compensated under the following conditions:

- (d) Generally, when employees appear on their regular day off or one that begins outside of the employee's normal duty hours, they should not respond to their duty station to retrieve a department owned vehicle. Employees should report to subpoena proceedings in their personally owned vehicle (or other personal means), as if they were commuting to their regular work assignment. Employees shall obtain prior approval from their supervisor to utilize a department vehicle for travel to court during regularly scheduled off-duty time. Approval to use a department vehicle is not guaranteed since the normal operational needs of each station, bureau or facility are the priority.

352.7.3 LUNCH

how much time was allowed for lunch, as it is not compensable. If an employee is required to meet with an attorney or otherwise conduct case related work during this lunch recess, then the overtime request can indicate a lesser time amount (to include 0 hours) for a lunch break provided the reason is documented in the justification section of the request.

352.7.4 TELEPHONE HEARINGS

Employees that are required to testify via telephone for DMV or other hearings shall only be paid for the actual time spent on the phone, or the minimum time period reflected in their current MOU or Terms and Conditions of Employment, whichever is greater.

352.9 PREPARATION FOR TESTIMONY

Before the date of testifying, the subpoenaed department member shall gather and study relevant reports and become familiar with their content in order to be prepared for court. Incident Notifications

361.1 PURPOSE AND SCOPE

A primary goal of the department is to offer a transparent view of our operations and of occurrences within the county. A supervisor making department administration aware of such incidents is often the first step in achieving this goal. Since the department responds to so many unique and unexpected events and occurrences, some clarification is needed about what should be reported to Sheriff's Administration. This policy provides guidance for determining when, how and to whom notification should be made and is intended to work in conjunction with a supervisor's judgment and experience.

361.2 INCIDENTS REQUIRING NOTIFICATION

Serious crimes, disasters, or prolonged incidents are of interest to the Sheriff and the affected Chief Deputy for a variety of reasons. The following list of incident types requiring notification by a supervisor, is provided as a guide but may not include other occurrences about which formal notification should be considered.

- Homicides;
- Officer involved shooting, on- or off-duty

361.3 NOTICE OF INCIDENT (NOI)

Following a supervisor's initial handling of a major incident, a Notice of Incident (NOI) should be sent via email to the station or bureau lieutenant(s) and commander. All of the incidents listed above will generally require an NOI; however, a supervisor's presence and leadership at a critical incident or evolving crime scene shall take precedence over the distribution of the NOI. As soon as circumstances are stabilized, sufficient resources have arrived, and the supervisor has gathered and confirmed the basic facts, the NOI should be written and sent to recipients designated by the commander.

A summary is all that is required. Supervisor's should refrain from offering opinions or predictions, and adhere to all protocols regarding victim and suspect identities. An NOI is confidential, and shall not be distributed to the media, distributed to citizens, or posted to any on-line format or forum.

Additional, or update, notifications may be needed as an incident develops, but these may be brief narrative summaries sent within the same email string to all original recipients.

Incident Notifications

361.3.1 NOTICE OF INCIDENT (NOI) - EMPLOYEE INJURY OR SERIOUS ILLNESS

A supervisor may use a shorter format to make notification of on-, or off-duty employee injuries or serious illness. A supervisor's core functions immediately following a significant employee injury should not be interrupted to complete such notifications.

See attachment: [NOI TEMPLATE EMPLOYEE.pdf](#)

361.4 ROUTINE NOTIFICATIONS

Since not all incidents require an NOI, or necessitate notification to a chief deputy, shift supervisors may call, email, or text brief summaries of otherwise notable incidents to their supervisor without using the NOI format.

361.5 OTHER NOTIFICATIONS

The arrest of a peace officer should prompt a notification to the station or bureau lieutenant and an NOI.. There is no mandate to notify the employing agency of such arrests, therefore our agency response will depend upon direction from the Professional Standards Bureau. The arrest of a school employee *may* necessitate notification to their employer under specific circumstances. See the Mandatory Employer Notification Policy. All questions regarding employer notifications of arrest should be directed to the on-call PSB sergeant.

361.6 SUPERVISOR RESPONSIBILITY

The Watch Commander is responsible for writing and sending the appropriate notifications. The Watch Commander shall make reasonable attempts to obtain as much information about the incident as possible before any notification and be prepared to provide pertinent information to assist their supervisor. The Watch Commander shall attempt to make the notifications as soon as practicable, but not before scenes are stabilized. Notification should be made by calling the phone number provided by their supervisor. If no answer is received, the supervisor shall send a very brief summary of the incident to their supervisor by email or text message.

361.6.1 INVESTIGATOR NOTIFICATION

If the incident requires that an investigator respond from home, the immediate supervisor of the Investigations Bureau shall be contacted who will then contact and dispatch investigator(s). The Investigations Bureau Sergeant will notify the Investigations Bureau Lieutenant.

361.6.2 TRAFFIC BUREAU NOTIFICATION

In the event of a traffic fatality or major-injury collision, the Traffic Sergeant shall be notified who will then contact the appropriate accident investigator. The Traffic Sergeant will notify the Traffic Lieutenant.

361.6.3 MEDIA INFORMATION BUREAU (MIB) NOTIFICATION

The Public Information Officer shall be notified by telephone, as soon as practical regarding NOI-related occurrences or whenever the media is present at, or inquiring about, an incident. Other routine or "information only" notifications related to other on-going or planned occurrences that will inform the MIB about department operations should be made by email to MIB@riversidesheriff.org.

361.6.4 SHERIFF'S ADMINISTRATIVE LOG

A summary of these critical incidents shall also be included in the daily Sheriff's Administrative Log (SAL). The SAL is a brief compilation of a station or bureau's notable activity over the preceding 24-hour period. The log shall be distributed via the relevant SAL email group by 0900 hours each day and include data regarding the number of calls handled in the city and county, a very brief summary of notable incidents, and the sender's contact information.

Anti-Reproductive Rights Crimes Reporting

368.1 PURPOSE AND SCOPE

This policy shall establish a procedure for the mandated reporting of Anti-Reproductive Rights Crimes (ARRC) to the Attorney General pursuant to the Reproductive Rights Law Enforcement Act (Penal Code § 13775 et seq.).

368.2 DEFINITIONS

Penal Code § 423.2 provides that the following acts shall be considered Anti-Reproductive Rights Crimes (ARRC) when committed by any person, except a parent or guardian acting towards his or her minor child or ward:

- (a) By force, threat of force, or physical obstruction that is a crime of violence, intentionally injures, intimidates, interferes with, or attempts to injure, intimidate, or interfere with any person or entity because that person or entity is a reproductive health services client, provider, or assistant, or in order to intimidate any person or entity, or any class of persons or entities, from becoming or remaining a reproductive health services client, provider, or assistant;
- (b) By non-violent physical obstruction, intentionally injures, intimidates, or interferes with, or attempts to injure, intimidate, or interfere with, any person or entity because that person or entity is a reproductive health services client, provider, or assistant, or in order to intimidate any person or entity, or any class of persons or entities, from becoming or remaining a reproductive health services client, provider or assistant;
- (c) Intentionally damages or destroys the property of a person, entity, or facility, or attempts to do so, because the person, entity, or facility is a reproductive health services client, provider, assistant, or facility.

368.3 REPORTING REQUIREMENTS

- (a) Upon the receipt of the report of an ARRC, it shall be the responsibility of the employee taking such a report to also complete an ARRC Data Collection Worksheet (BCIA 8371) in accordance with the instructions contained on such forms. [See attachment: BCIA 8371_ARRC.pdf](#)
- (b) The ARRC Data Collection Worksheet shall be processed with all related reports and forwarded to the Information Services Bureau.
- (c) By the 10th of each month, it shall be the responsibility of the Information Services Bureau Records Manager to insure that a Summary Worksheet (BCIA 8370) is submitted to the Department of Justice Criminal Justice Statistics Center.
 - 1. In the event that no ARRC's were reported during the previous month, a Summary Worksheet shall be submitted to DOJ with an indication that no such crimes were reported.

Limited English Proficiency Services

370.1 PURPOSE AND SCOPE

Language barriers can sometimes inhibit or even prohibit individuals with limited English proficiency (LEP) from gaining meaningful access to, or an understanding of important rights, obligations and services. It is therefore the policy of this department to take reasonable steps to insure timely and equal access to all individuals, regardless of national origin or primary language (Title VI of the Civil Rights Act of 1964, § 601, 42 U.S.C. 2000d)

370.1.1 DEFINITIONS

Limited English Proficient (LEP) - Those individuals whose primary language is not English. If these individuals have a limited ability to read, write, speak, or understand English, they are limited English proficient.

370.2 FOUR FACTOR ANALYSIS

Since there are potentially hundreds of languages deputies could encounter, this department will analyze four factors in determining those measures which will provide reasonable and meaningful access to various rights, obligations, services and programs to everyone. It is recognized that law enforcement contacts and circumstances will vary considerably, therefore this analysis must remain flexible and requires an ongoing balance of the following four factors:

- (a) The number or proportion of LEP individuals eligible to be served or likely to be encountered by deputies or who may benefit from programs or services within the department's jurisdiction or a particular geographic area;
- (b) The frequency with which LEP individuals are likely to come in contact with deputies, programs or services;
- (c) The nature and importance of the contact, program, information or service provided;
- (d) The cost of providing LEP assistance and the resources available.

As indicated above, the intent of this analysis is to provide a balance that reasonably ensures meaningful access by LEP individuals to critical services while not imposing undue burdens on the department or deputies.

370.3 TYPES OF LEP ASSISTANCE AVAILABLE

Depending on the balance of the above four factors, this department will make every reasonable effort to provide meaningful and timely assistance to LEP individuals through a variety of services, where available. LEP individuals may elect to accept interpreter services offered by the department at no cost or choose to provide their own interpreter services at their own expense. Deputies should document in any related report whether the LEP individual elected to use interpreter services provided by the department or some other source. Department provided interpreter services may include, but are not limited to:

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Limited English Proficiency Services

370.3.1 BILINGUAL STAFF

Individual deputies and employees need not be certified as interpreters, but need only have a competent understanding of the language involved to accomplish the particular task or to convey a message. When bilingual employees of this department are not available, employees from other departments within the area may be requested by a supervisor depending on the circumstances.

370.3.2 WRITTEN FORMS AND GUIDELINES

This department will endeavor to provide frequently used and critical forms and guidelines in languages most commonly represented within the community or a particular area. When appropriate, these forms will be conspicuously posted at the front counter and otherwise available upon request. For example, the Department's Personnel Complaint form and information about various department programs and services should be made readily available to LEP individuals.

370.3.3 TELEPHONE INTERPRETER SERVICES

The Watch Commander and Dispatch Supervisor will maintain a list of qualified interpreter services which may be contacted to assist LEP individuals upon approval of a supervisor.

370.4 LEP CONTACT SITUATIONS AND REPORTING

While all law enforcement contacts, services and individual rights are important, this department will utilize the four-factor analysis to prioritize language services so that they may be targeted where most needed because of the nature and importance of the particular law enforcement activity involved.

Whenever any member of this department is otherwise required to complete a report or other documentation and translation services are provided to any involved LEP individual(s), such services should be noted in the related report.

370.4.1 RECEIVING AND RESPONDING TO REQUESTS FOR ASSISTANCE

In order to provide LEP individuals with meaningful access to law enforcement services when they are victims of, or witnesses to, alleged criminal activity or other emergencies, this department has designated its 911 lines as its top priority for language services. Department personnel will make every reasonable effort to promptly accommodate such LEP individuals utilizing 911 lines through all available resources.

While 911 calls shall receive top priority, it is also important that reasonable efforts be made to accommodate LEP individuals seeking more routine access to services and information from this department.

370.4.2 ARREST AND BOOKING PROCESSES

In an effort to ensure the rights of LEP individuals are protected during arrest and custodial interrogation, this department places a high priority on providing competent translation during such situations. It is further recognized that miscommunication during custodial interrogations may have a substantial impact on the evidence presented in any related criminal prosecution. As such,

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Limited English Proficiency Services

department personnel providing translation services or forms in these situations will make every reasonable effort to accurately translate all communications with LEP individuals.

Employees providing translation services shall also be aware of the inherent communication impediments to gathering information from the LEP individual throughout the booking process or any other situation in which an LEP individual is within the control of department personnel. Medical screening questions are commonly used to elicit information on individual's medical needs, suicidal inclinations, presence of contagious diseases, potential illness, resulting symptoms upon withdrawal from certain medications, or the need to segregate the arrestee from other prisoners, therefore it is important for this department to make every reasonable effort to provide effective language services in these situations.

370.4.3 FIELD ENFORCEMENT AND INVESTIGATIONS

Field enforcement will generally include such contacts as traffic stops, pedestrian contacts, serving warrants and restraining orders, crowd/traffic control and other routine field contacts which may involve LEP individuals. The scope and nature of these activities and contacts will inevitably vary, therefore the department recognizes that it would be virtually impossible to provide immediate access to complete translation services to every deputy in the field. Each deputy and/or supervisor must, however, assess each such situation to determine the need and availability for translation services to any and all involved LEP individuals.

Although not every situation can be addressed within this policy, it is important that a deputy is able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action taken with an LEP individual. It would also, for example, be meaningless to request consent to search if the deputy is unable to effectively communicate with an LEP individual.

While family and friends of an LEP individual may frequently offer to assist with interpretation, deputies should carefully consider the circumstances before relying on such individuals. For example, children should not be relied upon except in emergency or critical situations. Further, the nature of the contact and relationship between the LEP individual and the individual offering services must be carefully considered (e.g., victim/suspect/witness).

Any Miranda warnings shall be provided to suspects in their primary language by an authorized interpreter or, if the suspect is literate, by providing a translated Miranda warning card.

370.4.4 COMPLAINTS

The department shall ensure that LEP individuals who wish to file a complaint regarding members of this department are able to do so. The department may provide an authorized interpreter or translated forms, as appropriate. Complaints will be referred to a supervisor. Investigations into such complaints shall be handled in accordance with department policy. Authorized interpreters used for any interview with an LEP individual during an investigation should not be members of this department. Any notice required to be sent to an LEP individual as a complaining party pursuant to the Personnel Complaints Policy should be translated or otherwise communicated in a language accessible manner.

370.5 TRAINING

In an effort to ensure that all employees in public contact positions (or having contact with those in custody) are properly trained, this department will provide periodic training in the following areas:

- (a) Employee awareness of LEP policies, procedures, forms and available resources;
- (b) Employees having contact with the public (or those in our custody) are trained to work effectively with in-person and telephone interpreters;
- (c) Training for management staff so they can reinforce its importance and ensure its implementation by staff.

Communications with Persons with Disabilities

372.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with disabilities, including those who are deaf or hard of hearing, have impaired speech or vision, or are blind.

372.1.1 DEFINITIONS

Definitions related to this policy include:

Auxiliary aids - Tools used to communicate with people who have a disability or impairment. They include, but are not limited to, the use of gestures or visual aids to supplement oral communication; a notepad and pen or pencil to exchange written notes; a computer or typewriter; an assistive listening system or device to amplify sound; a teletypewriter (TTY) or videophones (video relay service or VRS); taped text; qualified readers; or a qualified interpreter.

Disability or impairment - A physical or mental impairment that substantially limits a major life activity, including hearing or seeing, regardless of whether the disabled person uses assistive or adaptive devices or auxiliary aids. Individuals who wear ordinary eyeglasses or contact lenses are not considered to have a disability (42 USC § 12102).

Qualified interpreter - A person who is able to interpret effectively, accurately and impartially, both receptively and expressively, using any necessary specialized vocabulary. Qualified interpreters include oral interpreters, translators, sign language interpreters and intermediary interpreters.

372.2 POLICY

It is the policy of the Riverside County Sheriff's Department to reasonably ensure that people with disabilities, including victims, witnesses, suspects, arrestees, and inmates have equal access to law enforcement services, programs and activities. Members must make efforts to communicate effectively with individuals with disabilities.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon disabilities.

372.3 AMERICANS WITH DISABILITIES (ADA) COORDINATOR

The Sheriff shall delegate certain responsibilities to an ADA Coordinator (28 CFR 35.107). The ADA Coordinator shall be appointed by and directly responsible to the Support Services Chief or authorized designee.

The responsibilities of the ADA Coordinator shall include, but are not limited to:

- (a) Working with the County ADA coordinator regarding the Department's efforts to ensure equal access to services, programs and activities.
- (b) Developing reports, new procedures, or recommending modifications to this policy.

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Communications with Persons with Disabilities

- (c) Ensuring that a list of qualified interpreter services is maintained and available to each watch commander and dispatch supervisor. The list should include information regarding the following:
 - 1. Contact information
 - 2. Availability
- (d) Developing procedures that will enable members to access auxiliary aids or services, including qualified interpreters, and ensure the procedures are available to all members.
- (e) Ensuring signage is posted in appropriate areas, indicating that auxiliary aids are available free of charge to people with disabilities.
- (f) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to departmental services, programs and activities.

372.4 FACTORS TO CONSIDER

Because the nature of any law enforcement contact may vary substantially from one situation to the next, members of this Department should consider all information reasonably available to them when determining how to communicate with an individual with a disability. Members should carefully balance all known factors in an effort to reasonably ensure people who are disabled have equal access to services, programs and activities. These factors may include, but are not limited to:

- (a) Members should not always assume that effective communication is being achieved. The fact that an individual appears to be nodding in agreement does not always mean they completely understand the message. When there is any doubt, members should ask the individual to communicate back or otherwise demonstrate their understanding.
- (b) The nature of the disability (e.g., deafness or blindness vs. hard of hearing or low vision).
- (c) The nature of the law enforcement contact (e.g., emergency vs. non-emergency, custodial vs. consensual contact).
- (d) The availability of auxiliary aids. The fact that a particular aid is not available does not eliminate the obligation to reasonably ensure access. However, in an emergency, availability may factor into the type of aid used.

372.5 INITIAL AND IMMEDIATE CONSIDERATIONS

Recognizing that various law enforcement encounters may be potentially volatile and/or emotionally charged, members should remain alert to the possibility of communication problems. Members should exercise special care in the use of all gestures, and verbal and written communication to minimize initial confusion and misunderstanding when dealing with any individual with known or suspected disabilities. In a non-emergency situation, when a member knows or suspects an individual requires assistance to effectively communicate, the member shall identify the individual's choice of auxiliary aid or service. The individual's preferred communication

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Communications with Persons with Disabilities

method must be honored unless another effective method of communication exists under the circumstances (28 CFR 35.160).

Factors to consider when determining whether an alternative method is effective include:

- (a) The methods of communication usually used by the individual.
- (b) The nature, length and complexity of the communication involved.
- (c) The context of the communication.

In emergency situations involving an imminent threat to the safety or welfare of any person, members may use whatever auxiliary aids and services that reasonably appear effective under the circumstances. This may include, for example, exchanging written notes or using the services of a person who knows sign language but is not a qualified interpreter, even if the person who is deaf or hard of hearing would prefer a qualified sign language interpreter or another appropriate auxiliary aid or service. Once the emergency has ended, the continued method of communication should be reconsidered. The member should inquire as to the individual's preference and give primary consideration to that preference.

If an individual who is deaf, hard of hearing or has impaired speech must be handcuffed while in the custody of the Department, consideration should be given, safety permitting, to placing the handcuffs in the front of the body to facilitate communication using sign language or writing.

372.6 TYPES OF ASSISTANCE AVAILABLE

Department members shall never refuse to assist an individual with disabilities who is requesting assistance. The Department will not charge anyone to receive auxiliary aids, nor shall they require anyone to furnish their own auxiliary aid or service as a condition for receiving assistance. The Department will make every reasonable effort to provide equal access and timely assistance to individuals who are disabled through a variety of services.

A person who is disabled may choose to accept Department-provided auxiliary aids or services or they may choose to provide their own.

Department-provided auxiliary aids or services may include, but are not limited to, the assistance methods described in this policy.

The Department maintains the following service contracts with the following language translation services:

- (a) Rise Interpreting (services include sign language)
- (b) Interpreters Unlimited (services include written languages)
- (c) Dayle McIntosh Center (services include VRI)

372.7 AUDIO RECORDINGS AND ENLARGED PRINT

The Department may develop audio recordings to assist people who are blind or have a visual impairment with accessing important information. If such a recording is not available, members

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Communications with Persons with Disabilities

may read aloud from the appropriate form (e.g., a personnel complaint form) or provide forms with enlarged print.

372.8 QUALIFIED INTERPRETERS

A qualified interpreter may be needed in lengthy or complex transactions (e.g., interviewing a victim, witness, suspect or arrestee), if the individual to be interviewed normally relies on sign language or speechreading (lip-reading) to understand what others are saying. The qualified interpreter should not be a person with an interest in the case or investigation involving the disabled individual. A person providing interpretation services may be required to establish the accuracy and trustworthiness of the interpretation in a court proceeding.

Qualified interpreters should be:

- (a) Available within a reasonable amount of time but in no event longer than one hour if requested.
- (b) Experienced in providing interpretation services related to law enforcement matters.
- (c) Familiar with the use of VRS and/or video remote interpreting services.
- (d) Certified in either American Sign Language (ASL) or Signed English (SE).
- (e) Able to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (f) Knowledgeable of the ethical issues involved when providing interpreter services.

Members should use Department-approved procedures to request a qualified interpreter at the earliest reasonable opportunity, and generally not more than 15 minutes after a request for an interpreter has been made or it is reasonably apparent that an interpreter is needed. No individual who is disabled shall be required to provide their own interpreter (28 CFR 35.160).

On-scene interpretation needs can be coordinated through Dispatch. For other situations, employees can directly contact the companies in 371.6 from a list maintained at each station / bureau (the list contains station-specific identification numbers).

372.9 TTY AND RELAY SERVICES

In situations where an individual without a disability would have access to a telephone (e.g., booking or attorney contacts), members must also provide those who are deaf, hard of hearing, or have impaired speech the opportunity to place calls using an available TTY (also known as a telecommunications device for deaf people, or TDD). Members shall provide additional time, as needed, for effective communication due to the slower nature of TTY and TDD communications.

The Department will accept all TTY or TDD calls placed by those who are deaf or hard of hearing and received via a telecommunications relay service (28 CFR 35.162).

Note that relay services translate verbatim, so the conversation must be conducted as if speaking directly to the caller.

Communications with Persons with Disabilities

372.10 COMMUNITY VOLUNTEERS

Interpreter services may be available from community volunteers who have demonstrated competence in communication services, such as ASL or SE, and have been approved by the Department to provide interpreter services.

Where qualified interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, Department members must carefully consider the nature of the contact and the relationship between the individual with the disability and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

372.11 FAMILY AND FRIENDS

While family or friends may offer to assist with interpretation, members should carefully consider the circumstances before relying on such individuals. The nature of the contact and relationship between the individual with the disability and the person offering services must be carefully considered (e.g., victim/suspect).

Children shall not be relied upon except in emergency or critical situations when there is no qualified interpreter reasonably available.

Adults may be relied upon when (28 CFR 35.160):

- (a) There is an emergency or critical situation and there is no qualified interpreter reasonably available.
- (b) The person with the disability requests that the adult interpret or facilitate communication and the adult agrees to provide such assistance, and reliance on that adult for such assistance is reasonable under the circumstances.

372.12 REPORTING

Whenever any member of this Department is required to complete a report or other documentation, and communication assistance has been provided, such services should be noted in the related report. Members should document the type of communication services utilized and whether the individual elected to use services provided by the Department or some other identified source. If the individual's express preference is not honored, the member must document why another method of communication was used.

All written communications exchanged in a criminal case shall be attached to the report or placed into evidence.

372.13 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve individuals with disabilities. The scope and nature of these activities and contacts will inevitably vary.

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Communications with Persons with Disabilities

The Department recognizes that it would be virtually impossible to provide immediate access to complete communication services to every member of this Department. Members and/or supervisors must assess each situation and consider the length, complexity and importance of the communication, as well as the individual's preferred method of communication, when determining the type of resources to use and whether a qualified interpreter is needed.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to verbally request consent to search if the deputy is unable to effectively communicate with an individual who is deaf or hard of hearing and requires communications assistance.

If available, deputies should obtain the assistance of a qualified interpreter before placing an individual with a disability under arrest. Individuals who are arrested and are assisted by service animals should be permitted to make arrangements for the care of such animals prior to transport.

372.13.1 FIELD RESOURCES

Examples of methods that may be sufficient for transactions, such as checking a license or giving directions to a location or for urgent situations such as responding to a violent crime in progress, may, depending on the circumstances, include such simple things as:

- (a) Hand gestures or visual aids with an individual who is deaf, hard of hearing or has impaired speech.
- (b) Exchange of written notes or communications.
- (c) Verbal communication with an individual who can speechread by facing the individual and speaking slowly and clearly.
- (d) Use of computer, word processing, personal communication device or similar device to exchange texts or notes.
- (e) Slowly and clearly speaking or reading simple terms to individuals who have a visual or mental impairment.

Members should be aware that these techniques may not provide effective communication as required by law and this policy depending on the circumstances.

372.14 CUSTODIAL INTERROGATIONS

In an effort to ensure that the rights of individuals who are deaf, hard of hearing or have speech impairment are protected during a custodial interrogation, this department will provide interpreter services before beginning an interrogation, unless exigent circumstances exist or the individual has made a clear indication that he/she understands the process and desires to proceed without an interpreter. The use of a video remote interpreting service should be considered, where appropriate, if a live interpreter is not available. *Miranda* warnings shall be provided to suspects who are deaf or hard of hearing by a qualified interpreter or by providing a written *Miranda* warning card.

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Communications with Persons with Disabilities

In order to ensure that communications during custodial investigations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

372.15 ARREST, BOOKINGS, AND HOUSING

If an individual with speech or hearing disabilities is arrested, the arresting deputy shall use Department-approved procedures to provide a qualified interpreter at the place of arrest or booking as soon as reasonably practicable, unless the individual indicates they prefer a different auxiliary aid or service or the deputy reasonably determines another effective method of communication exists under the circumstances.

When gathering information during the booking process, members should remain alert to the impediments that often exist when communicating with those who are deaf, hard of hearing, have impaired speech or vision, are blind, or have other disabilities. In the interest of the arrestee's health and welfare, the safety and security of the facility, and to protect individual rights, it is important that accurate medical screening and booking information be obtained. If necessary, members should seek the assistance of a qualified interpreter whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by the individual.

Individuals who require and possess personally owned communication aids (e.g., hearing aids, cochlear processors) should be permitted to retain them while in custody.

Corrections personnel shall review the special needs log at the beginning of each shift to identify inmates with special needs. If communication with a deaf or hard of hearing inmate is required, the classification notes shall be consulted to determine their preferred method of communication.

372.16 COMPLAINTS

The Department shall ensure that individuals with disabilities who wish to file a complaint regarding members of this Department are able to do so. The Department may provide a qualified interpreter or forms in enlarged print, as appropriate. Complaints will be referred to the Department ADA Coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Qualified interpreters used during the investigation of a complaint should not be members of this Department.

372.17 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this Department are important to the ultimate success of more traditional law enforcement duties. This Department will continue to work with community groups, local businesses, and neighborhoods to provide equal access to such programs and services.

372.18 TRAINING

To ensure that all members who may have contact with individuals who are disabled are properly trained, the Department will provide periodic training that should include:

- (a) Awareness and understanding of this policy and related procedures, related forms and available resources.
- (b) Procedures for accessing qualified interpreters and other available resources.
- (c) Working with in-person and telephone interpreters and related equipment.

Station/bureau commanders or their designee shall be responsible for ensuring new members receive training related to interacting with individuals who have disabilities, including individuals who are deaf, hard of hearing, who have impaired speech or vision, or are blind. Those who may have contact with such individuals should receive refresher training at least once every two years thereafter. The Ben Clark Training Center shall maintain records of all training provided in accordance with established records retention schedules.

372.18.1 CALL-TAKER TRAINING

Emergency call-takers shall be trained in the use of TTY equipment protocols for communicating with individuals who are deaf, hard of hearing or who have speech impairments. Such training and information should include:

- (a) The requirements of the ADA and Section 504 of the Rehabilitation Act for telephone emergency service providers.
- (b) ASL syntax and accepted abbreviations.
- (c) Practical instruction on identifying and processing TTY or TDD calls, including the importance of recognizing silent TTY or TDD calls, using proper syntax, abbreviations and protocol when responding to TTY or TDD calls.
- (d) Hands-on experience in TTY and TDD communications, including identification of TTY or TDD tones.

Training should be mandatory for all Dispatch members who may have contact with individuals from the public who are deaf, hard of hearing or have impaired speech. Refresher training should occur every six months.

Mandatory Employer Notification

374.1 PURPOSE AND SCOPE

The purpose of this policy is to describe the requirements and procedures to follow when a public or private school employee (teacher and non-teacher), care facility employee, or sworn peace officer has been arrested under certain circumstances. When an employee of a public or private educational institute is arrested for specified sex and narcotic offenses, California Penal, Health and Safety, and Education Codes require mandatory notifications to specified entities, provided that the department knows the arrestee is a school employee.

374.2 NOTIFICATION PROCEDURE

Whenever a sworn member of the department has arrested a school, or care facility employee as defined below, the deputy shall notify their supervisor as soon as practical of the arrest and charge.

The supervisor shall evaluate the circumstances and determine if notification to the arrestee's employer is required by law, and if so, due diligence should be put forth in attempting to notify the employer as soon as practical.

The supervisor shall only notify the employer about the arrest and applicable charge requiring notification. Details about statements made, specific acts alleged, or other extraordinary information shall not be divulged or discussed.

374.3 ARRESTS OF LAW ENFORCEMENT AGENCY PERSONNEL

The arrest or detention of sworn peace officers should be conveyed to a supervisor via the guidelines in the Incident Notifications Policy (DSM 361), but all employer notifications to the arrestee's agency, if any, will be made by the Professional Standards Bureau. Employer notifications regarding the arrest of non-sworn employees shall not be made.

374.4 ARREST OF PERSONS EMPLOYED IN COMMUNITY CARE FACILITY

In the event an employee of a community treatment facility, a day treatment facility, a group home, a short-term residential therapeutic program or a foster family agency is arrested for child abuse (as defined in Penal Code § 11165.6) and the employee is free to return to work where children are present, the investigating member shall notify the licensee of the charge of abuse (Health and Safety Code § 1522.2).

374.5 MANDATORY SCHOOL EMPLOYEE ARREST REPORTING

In the event a school employee is arrested for any offense enumerated below, the Sheriff or his/her designee is required to report the arrest as follows.

374.5.1 ARREST OF PUBLIC SCHOOL TEACHER

In the event a public school teacher is arrested for any controlled substance offense enumerated in Health and Safety Code § 11591 or Health and Safety Code § 11364, in so far as that section relates to Health and Safety Code § 11054(d)(12), or for any of the offenses enumerated in Penal Code § 290, Penal Code § 261(a), or Education Code § 44010, the Sheriff or his/her designee is

mandated to immediately notify by telephone the superintendent of the school district employing the teacher and to immediately give written notice of the arrest to the Commission on Teacher Credentialing and to the superintendent of schools in the county where the person is employed (Health and Safety Code § 11591; Penal Code § 291).

374.5.2 ARREST OF PUBLIC SCHOOL NON-TEACHER EMPLOYEE

Volunteer Program

378.1 PURPOSE AND SCOPE

It is the policy of this department to use qualified volunteers for specified tasks and duties in order to create efficiencies for the department and improve services to the community. Volunteers are intended to supplement and support, rather than supplant, sworn deputies and civilian personnel. Volunteers are an important part of any organization and are proven to be a valuable asset to law enforcement agencies. Volunteers help to increase department responsiveness, delivery of services and information input, and provide new program opportunities. In addition, volunteers bring new skills and expertise to the department and prompt new enthusiasm.

An individual who performs a service for the department without promise, expectation or receipt of compensation for services rendered. This may include unpaid chaplains, unpaid reserve deputies, interns, persons providing administrative support and youth involved in a law enforcement Explorer Post, among others.

The Volunteer Forces Unit shall be managed under the Commander of the Joint Operations Bureau. Each station or bureau shall designate a Volunteer Coordinator assigned to oversee routine operations of their respective volunteer units. The Volunteer Coordinator is a station-level liaison to the Volunteer Forces Unit and may be a sworn or non-sworn member of the department. Additionally, an Administrative Sergeant or Lieutenant should be designated at each station or bureau as the Volunteer Administrator to assist the Coordinator and provide oversight of the program.

378.2.3 SCREENING

All prospective volunteers should complete the volunteer application form. The Volunteer Coordinator or designee will be contacted by the Volunteer Forces Unit to schedule and conduct a face-to-face interview with the applicant. No volunteer should begin any assignment until they have been officially accepted for that position and completed all required screening and paperwork. At the time of final acceptance, each volunteer should complete all required enrollment paperwork and will receive a copy of their position description and agreement of service with the department. - (a) Citizen Volunteer Academy

All volunteers shall comply with the rules of conduct and with all orders and directives, either oral or written, issued by the department.

378.2.6 FITNESS FOR DUTY

deputies. The uniform or identifiable parts of the uniform shall not be worn while off-duty except volunteers may choose to wear the uniform while in transit to or from official department assignments or functions provided an outer garment is worn over the uniform shirt so as not to bring attention to the volunteer while he/she is off duty.

Volunteers shall be required to return any issued uniform or department property at the termination of service.

378.3 SUPERVISION OF VOLUNTEERS

Each volunteer who is accepted to a position with the department must have a clearly identified supervisor who is responsible for direct management of that volunteer. This supervisor will be responsible for day-to-day management and guidance of the work of the volunteer and should be available to the volunteer for consultation and assistance.

A volunteer may be assigned as and act as a supervisor of other volunteers provided that the supervising volunteer is under the direct supervision of a paid staff member.

Functional supervision of volunteers is the responsibility of the supervisor in charge of the unit where the volunteer is assigned. Following are some considerations to keep in mind while supervising volunteers:

- (a) Take the time to introduce volunteers to employees on all levels.
- (b) Ensure volunteers have work space and necessary office supplies.
- (c) Make sure the work is challenging. Do not hesitate to give them an assignment or task that will tap these valuable resources.

378.4 CONFIDENTIALITY

With appropriate security clearance, volunteers may have access to confidential information such as criminal histories or investigative files. Unless otherwise directed by a supervisor or department policy, all information shall be considered confidential. Only that information specifically identified and approved by authorized personnel shall be released. Confidential information shall be given only to persons who have a need and a right to know as determined by department policy and supervisory personnel.

Each volunteer will be required to sign a nondisclosure agreement before being given an assignment with the department. Subsequent unauthorized disclosure of any confidential information, verbally, in writing or by any other means, by the volunteer is grounds for immediate dismissal and possible criminal prosecution.

Volunteers shall not address public gatherings, appear on radio or television, prepare any article for publication, act as correspondents to a newspaper or other periodical, release or divulge any information concerning the activities of the department, or maintain that they represent the department in such matters without permission from the proper department personnel.

The Volunteer Coordinator should insure that all volunteers receive safety briefing updates and license and insurance verification at least once a year.

When operating a department vehicle, volunteers shall obey all rules of the road, including seat belt requirements. Smoking is prohibited in all department vehicles.

Volunteers should not operate a marked patrol car unless there is a prominently placed sign indicating that it is out of service and are not authorized to operate a department vehicle Code-3.

378.5.2 RADIO AND MDC USAGE

Volunteers shall successfully complete CLETS and radio procedures training prior to using the police radio or MDC and comply with all related provisions. The Volunteer Coordinator should ensure that radio and CLETS training is provided for volunteers whenever necessary.

However, if a volunteer is removed for alleged misconduct, the volunteer will be afforded an opportunity solely to clear his/her name through a liberty interest hearing which shall be limited to a single appearance before the Sheriff or authorized designee.

Volunteers may resign from volunteer service with the department at any time. It is requested that volunteers who intend to resign provide advance notice of their departure and a reason for their decision.

378.6.1 EXIT INTERVIEWS

Exit interviews, where possible, should be conducted with volunteers who are leaving their positions. The interview should ascertain why the volunteer is leaving the position and solicit the volunteer's suggestions on improving the position. When appropriate, the interview should also include a discussion on the possibility of involvement in some other capacity with the department.

Explorer Program

381.1 PURPOSE AND SCOPE

The purpose of Law Enforcement Exploring is to provide juveniles who may be interested in a career in law enforcement with a comprehensive volunteer experience, including training, competition, service and practical experiences. Character development, physical fitness, good citizenship and patriotism are integral components of the overall program. Through their involvement in the program, Explorers develop an awareness of the purpose, mission and objectives of law enforcement agencies.

The mission of the Riverside County Sheriff's Department Explorer program is to stimulate interest of today's youth in law enforcement practices and the Explorer Code of Ethics; to promote self-confidence and responsibility, and to provide specific services to the community.

381.2 EXPLORER MEMBERSHIP AND REQUIREMENTS

Law Enforcement Exploring is open to persons ages 14 - 20½. Eligibility standards include:

- a) Completing a preliminary interest application to the Volunteer Forces Unit.
- b) Attending three consecutive post meetings to determine their degree of interest in the program.
- c) Must undergo a thorough background investigation to assess character and integrity that may include interviews with neighbors, teachers and employers.
- d) Must not have a prior conviction for a criminal offense or serious traffic offense.
- e) Must have and maintain a minimum of a 2.0 cumulative grade point average (GPA) in high school to remain in the Post.
- f) Must complete the Police Explorer Academy within one year of appointment and the six-month introductory period.

The Volunteer Forces Unit shall complete a background investigation on all applicants. The background investigation will ensure the applicant meets the Explorer Post minimum program requirements. If a candidate fails to meet these requirements, the Volunteer Forces Unit will notify the Explorer Advisor, who will in turn notify the applicant of the denial. Applicants are not authorized to wear uniforms, participate in training, events or the ride-along program until a background investigation is completed and notification is made by the Volunteer Forces Unit that the applicant is approved.

381.3 ORGANIZATION AND COMMAND STRUCTURE

The Post shall have two Explorer Advisors appointed by the station commander or his/her designee. The Post may have as many Associate Advisors as deemed necessary to effectively operate the Post. All members of the staff shall be full-time, Riverside County Sheriff employees. The Explorer Advisors and all Associate Advisors shall report to the sergeant in charge of the Explorer Program at each station/bureau.

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Explorer Program

The Explorer post chain of command is a framework for membership that follows a traditional rank structure of paramilitary organizations. It teaches Explorers responsibility, supervision and cooperation. The chain of command is as follows:

- a) Explorer Captain
- b) Explorer Lieutenant
- c) Explorer Sergeant
- d) Explorer Corporal
- e) Explorer

Generally, Explorers should follow the chain of command to communicate information. In instances where the Explorer needs to report violations of the Department's sexual harassment policy, any crime, or any serious policy violation, the Explorer should contact any Advisor.

381.4 SCOPE OF ACTIVITIES

Typical types of patrol operations, calls for services and other law enforcement assistance that trained Explorers can provide with relatively minimal risk include, but are not limited to:

- a) Crime prevention services.
- b) Citizen tours of police facilities.
- c) Child identification fingerprinting for parents/legal guardians.
- d) Agency information booth at career fairs and community events.
- e) Assistance with organized searches for lost/missing persons.
- f) Traffic/crowd control at parades, festivals and other community events.

There are numerous police operations and procedures that must not intentionally involve Explorers due to the considerable potential for legal complications or for an aggressive and risk inherent response. Explorers must realize that they have no police powers. They are volunteers and should take no law enforcement action. This does not mean an Explorer cannot make a private person's arrest under PC 837 in their capacity as a private citizen; however, Explorers are never to attempt an arrest or to detain anyone under any circumstances while acting in their capacity as an Explorer. Such operations and procedures which an Explorer should not conduct include, but are not limited to:

- a) Conducting any type of arrests
- b) Direct involvement with high-risk calls
- c) Administer Breathalyzer/sobriety tests
- d) Custodial interviews or interrogations
- e) Traffic or foot pursuits
- f) Searches & seizures (to include direct Explorer involvement in a routine detention)
- g) Conducting surveillance operations
- h) Processing evidence or involved in the chain of custody of evidence
- i) Field testing of narcotics or other controlled substances if such test is part of a criminal investigation

- n) Handling, intake or transfer of persons taken into custody

381.5 EXPLORER SAFETY

The following provisions have been adopted to provide security for youth; in addition, they serve to maintain proper and appropriate boundaries between Explorers and Department employees. Adherence to these provisions not only enhances the protection of participants but also ensures the values of the Department are preserved.

- a) Two Explorer Advisors are required on all trips and outings.
- b) No one-on-one contact between adults and participants is not permitted, except for authorized ride-along programs. Personal conferences must be conducted in plain view of others.
- c) When camping or staying in a hotel, no youth is permitted to sleep in the same tent or room with an adult other than their parents or guardians, or with a member of the opposite sex. In general, youth members of the opposite sex should not socialize or congregate together within tents or hotel rooms. Similarly, adults should refrain from gathering within tents or hotel rooms with youth.
- d) Proper appropriate clothing for activities is required.
- e) Discipline in the Explorer Program should be constructive and reflect the program's underlying values. Corporal punishment and hazing are never permitted.

Explorers are prohibited from directly or indirectly engaging in covert operations (i.e., serving in an undercover capacity, with the exception of tobacco and alcohol decoy operations and a release waiver is obtained from a parent or guardian) and should not be used as confidential informants or sources. These activities have potential legal complications and are risks inherent for the agency and the Explorer.

Law Enforcement Explorers (whether in uniform) are not permitted to drive marked police vehicles or other motorized police conveyances. The exception to this policy is when Explorers are participating in an authorized training program or competition and are under the direct, onsite, supervision of a law enforcement officer or Explorer Advisor/Coordinator.

Outings are trips or meetings that occur at places other than the usual group/post-meeting location and require preplanning of transportation. Outings may have an overnight component.

Transportation to and from Planned Outings:

- a) Meet for departure at a designated area.
- b) Prearrange a schedule for periodic checkpoint stops as a group.

Riverside County Sheriff's Department

Explorer Program

c) Plan a daily destination point.

d) A common departure site and daily destination point are a must. If you cannot provide two adults for each vehicle, the minimum required is one adult and two or more youth participants, never one on one.

No fewer than four individuals (always with a minimum of two adults) go on any overnight or extended outing. If an accident occurs, one person stays with the injured, and two go for help. Additional adult leadership requirements must reflect an awareness of such factors as size and skill level of the group, anticipated environmental conditions, and overall degree of challenge.

a) Male and female leaders require separate sleeping facilities. Married couples may share the same quarters if appropriate facilities are available.

b) Male and female youth participants will not share the same sleeping facility.

c) When staying in tents, no youth will stay in the tent of an adult other than his or her parent or guardian. Youth and adults, other than the participant's parent(s), must have separate sleeping quarters.

d) If separate shower and bathroom facilities are not available, separate times for male and female use should be scheduled and posted.

381.6 CODE OF CONDUCT

Explorers should remember that whether on or "off-duty" their actions reflect upon the Riverside County Sheriff's Department and the community. Whether in a post-sponsored social activity or "on-duty", explorers shall always act so as not to bring discredit on themselves, the Department or the community.

- (a) Explorers will be orderly, attentive and will exercise patience and discretion when dealing with the public.
- (b) Explorers will obey all laws. Violation of any law may be cause for disciplinary action including dismissal.
- (c) Explorers shall not impersonate a law enforcement officer or imply through appearance or action that they have any law enforcement authority beyond that of a private person.
- (d) Explorers will immediately report any type of "off duty" contact with any law enforcement officer to an advisor. This includes contacts for traffic violations, criminal investigations, field interviews and any time the explorer is a reporting party or witness in any police matter. Any failure to notify an advisor is cause for immediate dismissal from the Post.
- (e) Explorers will not use or have in their possession any controlled substance except when legally prescribed by a licensed physician. When an explorer is taking prescribed medication that could affect performance, the advisory staff shall be notified before the event/shift begins. Explorers are not allowed to use any tobacco products while on duty or at explorer social events.

Explorer Program

- (f) Explorers shall address all Department personnel in a courteous manner, using rank or title and their last name unless otherwise instructed by the individual Department member.
- (g) Explorers will promptly obey any lawful orders of a superior officer. Any explorer who refuses to obey a lawful order will be considered insubordinate. Should any lawful order given by a superior conflict with any previous order or published directive, the explorer will respectfully bring this conflict to the attention of the superior. The superior will take any necessary steps to correct the conflict and, at the same time, assume responsibility for the explorer's actions in carrying out the order.
- (h) Explorers will not directly or indirectly solicit or accept any gratuities, loans, gifts, rewards, merchandise, meals, beverages, or any other thing of value in connection with their official position. Explorers will not use their official position, uniforms, or identification to obtain privileges not otherwise available to them. Any items of value, which the advisory staff obtains as a form of compensation to the post, shall not be considered gratuities, i.e.: means at functions, event T-shirts, etc. Explorers shall not accept these items unless they have been specifically approved by the advisory staff for that function.
- (i) Explorers are never permitted to utilize an Explorer identification card or badge to identify them when off duty for any reason including a traffic stop.
- (j) Fraternalization between members of the department and Explorers are prohibited.

381.7 HARASSMENT IN THE WORKPLACE

Explorers shall be courteous to the public and fellow Explorers. Explorers shall be tactful in the performance of their duties, shall control their tempers, and exercise patience and discretion. Explorers shall not use coarse, violent, profane or insolent language or gestures. Explorers shall not express any prejudice or engage in harassment or discrimination based upon race, creed, color, national origin, ancestry, sex, gender identity or expression, age, physical or mental disability, medical condition, genetic information, religion, marital status or sexual preference. Harassment includes, but is not limited to, verbal, physical and visual harassment.

Any explorer who believes he or she has been the subject of harassment should report the alleged act immediately to his/her advisor or sergeant in charge of the Explorer Post. The explorer need not follow the chain of command to report harassment incidents.

All Explorers have a responsibility and obligation to enforce a zero-tolerance sexual harassment and discrimination policy. If offensive or hostile type behavior occurs, all Explorers present have the obligation to attempt to stop the action in progress and report it to their advisor.

Advisor's Responsibilities

- a) Individual advisors are responsible to report and/or handle harassment incidents where the advisor knows or should have known of the incident by nature of his or her advisory position.

- b) Regardless of whether the complaining party requests action, the advisor must follow through, either by the formal complaint or by verbally warning the harasser and documenting the admonishment in writing.
- c) The advisor, as well as the Department, may be held civilly liable if swift corrective action is not taken. Any advisor who fails to take corrective action is subject to be disciplined by this Department.
- d) It is the responsibility of all advisors to establish and maintain a working environment, which is free from discriminatory intimidation, ridicule and insult.

The advisors and department supervisors have the responsibility and obligation to enforce a zero-tolerance harassment policy. If an allegation of harassment or misconduct is brought to the attention of the advisor or a department member, an investigation will be conducted.

381.8 RIDE-ALONGS

The purpose of the Explorer Program is to provide comprehensive training, competition, service, practical, and recreational experience for young adults interested in a career in law enforcement or a related field. Whenever possible and practical, the supervising deputy and Explorer should be of the same gender. Explorers between the ages of 14 and 17 years of age are not allowed to remain on duty between the hours of 2300 hours and 0700 hours. Explorers under 18 years of age may be authorized for special assignments (i.e. DUI checkpoints) outside these hours with parent/guardian and advisor approval. The ride-along program is not a special assignment.

- (a) The watch commander or supervising deputy should ensure the explorer does not exceed 10 hours of work at their assignment.
- (b) Explorers shall not participate in more than two Ride-Alongs per month unless approval is granted by the Explorer Advisor. As a prerequisite for participating in the Ride-Along Program, an Explorer must have successfully passed a 10 and 11 code test and not be the subject of any disciplinary action (to include not being on academic probation for failure to maintain a 2.0 cumulative GPA). Prior to being designated as qualified for the Ride-Along program, Explorers will receive specialized training in methods and techniques used in patrol operations and related services, traffic control, crowd control, telecommunications procedures, and youth protection issues.
- (c) Explorers shall wear a department approved, ballistic vest while participating in a ride-along.
- (d) Explorers will report for a Ride-Along well-groomed in a clean and pressed Class C uniform (Green Explorer Polo shirt and black BDU's). Explorers should have other uniform items as dictated by weather or other factors (i.e. raincoat, coat, boots, flashlight, etc.).
- (e) Explorers may not carry offensive or defensive weapons, such as a firearm, Taser, nightstick, baton (collapsible or otherwise), sap, sap gloves, any knife with a blade in excess of four inches, chemical repellent or electrical shock device.
- (f) Explorers will report for their Ride-Along at least 15 minutes before their scheduled time in their complete uniform and with the required equipment.

Explorer Program

- (g) Due to potential legal issues with federal and state statutes regulating criminal law and procedure, civil law, and privacy and confidentiality concerns, Explorers are not permitted to participate in interviews, interrogations, the handling or processing of evidence, or the intake or transfer of persons taken into custody. Further, Explorers are forbidden from responding to any opinion or judgment questions posed to them by the public. Conversations with citizens will be limited to comments made necessary by direct inquiry and do not require an opinion or judgment, or as otherwise directed by the supervising deputy. If avoidable, Explorers should not be placed in situations where they may be called as a witness in a criminal or civil proceeding.
- (h) At all times during a Ride-Along the Explorer will adhere to the commands and direction given to him/her by the supervising deputy or, in the supervising deputy's absence or incapacity, any other law enforcement officer. The Explorer shall, to the extent possible, remain in the patrol vehicle as an observer during a Ride-Along unless otherwise directed by the supervising deputy or other law enforcement officer.
- (i) Explorers, as directed by the supervising deputy, may assist with telecommunications, traffic control, perimeter control, completion of incident report forms, or any other activity that is considered by the supervising deputy to be routine and low risk for the Explorer.

Due to the considerable potential for legal complications or for an aggressive or risk inherent response, Explorers are prohibited from participating in arrests, vehicle and foot pursuits, civil unrest, sobriety tests or any other high-risk or legally precarious situation. Should, during the course of a Ride-Along, the supervising deputy have enough advance notice of a high-risk or legally precarious call as it relates to the Explorer, he/she will transport the Explorer to a safe location or make arrangements for the Explorer to be transported to a safe location.

As a rule, if the supervising deputy is confronted with such a situation and able, he/she should make arrangements for another law enforcement officer to transport the Explorer to the station or other safe location. In some situations, it may be safer for the Explorer to remain in the patrol vehicle. It is the responsibility of the Explorer to remain as uninvolved as possible during a spontaneous emergency. In the event the supervising deputy needs emergency assistance and is unable to request assistance, the Explorer will contact dispatch by police radio or cell phone and relate as clearly as possible the location and situation.

If the Explorer's safety is in jeopardy, and he/she can be of no further assistance to the supervising deputy or other law enforcement personnel, the Explorer should remove himself/herself from the immediate area and, without unnecessary delay, report to the sheriff station.

The supervising deputy, or any other department personnel or volunteer involved with the Explorer Post, must report to the shift supervisor and Post Advisor any injury that occurs to an Explorer or any situation that may have legal consequences, arising from the Explorer's participation in a Ride-Along or any other activity.

The supervising deputy shall immediately terminate the Ride-Along for any violation of this policy.

Service Animals

382.1 PURPOSE AND SCOPE

The purpose of this policy is to provide the guidelines necessary to ensure the rights of individuals who use service animals to assist with disabilities are protected in accordance with Title II of the Americans with Disabilities Act of 1990 (ADA).

382.1.1 DEFINITIONS

Definitions related to this policy include:

Service animal - A dog that is trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual or other mental disability. The work or tasks performed by a service animal must be directly related to the individual's disability (28 CFR 35.104; Health and Safety Code § 113903).

Service animal also includes a miniature horse if the horse is trained to do work or perform tasks for people with disabilities, provided the horse is housebroken, is under the handler's control, the facility can accommodate the horse's type, size and weight, and the horse's presence will not compromise legitimate safety requirements necessary for safe operation of the facility (28 CFR 35.136(i)).

382.2 POLICY

It is the policy of the Riverside County Sheriff's Department to provide services and access to persons with service animals in the same manner as those without service animals. Department members shall protect the rights of persons assisted by service animals in accordance with state and federal law.

382.3 IDENTIFICATION AND USE OF SERVICE ANIMALS

Some service animals may be readily identifiable. However, many do not have a distinctive symbol, harness or collar.

Service animals may be used in a number of ways to provide assistance, including:

- Guiding people who are blind or have low vision.
- Alerting people who are deaf or hard of hearing.
- Retrieving or picking up items, opening doors or flipping switches for people who have limited use of their hands, arms or legs.
- Pulling wheelchairs.
- Providing physical support and assisting with stability and balance.
- Doing work or performing tasks for persons with traumatic brain injury, intellectual disabilities or psychiatric disabilities, such as reminding a person with depression to take medication.

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Service Animals

- Alerting a person with anxiety to the onset of panic attacks, providing tactile stimulation to calm a person with post-traumatic stress disorder, assisting people with schizophrenia to distinguish between hallucinations and reality, and helping people with traumatic brain injury to locate misplaced items or follow daily routines.
- California law requires landlords to allow tenants to possess service, and in some cases 'emotional support,' animals on their property under certain circumstances.
- California law allows a certified trainer of service animals to be accompanied by such animal even if the handler does not have a disability.

382.4 MEMBER RESPONSIBILITIES

Service animals that are assisting individuals with disabilities are permitted in all public facilities and areas where the general public is allowed. Department members are expected to treat individuals with service animals with the same courtesy and respect that the Riverside County Sheriff's Department affords to all members of the public (28 CFR 35.136).

382.4.1 INQUIRY

If it is apparent or if a member is aware that an animal is a service animal, the individual generally should not be asked any questions as to the status of the animal. If it is unclear whether an animal meets the definition of a service animal, the member should ask the individual only the following questions (28 CFR 35.136(f)):

- Is the animal required because of a disability?
- What task or service has the service animal been trained to perform?

If the individual explains that the animal is required because of a disability and has been trained to work or perform at least one task, the animal meets the definition of a service animal and no further questions as to the animal's status should be asked. The individual should not be questioned about his/her disability nor should the person be asked to provide any license, certification or identification card for the service animal.

382.4.2 REMOVAL

If a service animal is not housebroken or exhibits vicious behavior, poses a direct threat to the health of others, or unreasonably disrupts or interferes with normal business operations, a deputy may direct the handler to remove the animal from the premises. Barking alone is not a threat nor does a direct threat exist if the person takes prompt, effective action to control the service animal (28 CFR 35.136(b)).

Each incident must be considered individually and past incidents alone are not cause for excluding a service animal. Removal of a service animal may not be used as a reason to refuse service to an individual with disabilities. Members of this department are expected to provide all services as are reasonably available to an individual with a disability, with or without a service animal.

Riverside County Sheriff's Department Standards Manual (DSM)

Service Animals

382.4.3 CONTACT

Service animals are not pets. Department members should not interfere with the important work performed by a service animal by talking to, petting or otherwise initiating contact with a service animal.

382.4.4 COMPLAINTS

When handling calls of a complaint regarding a service animal, members of this department should remain neutral and should be prepared to explain the ADA requirements concerning service animals to the concerned parties. Businesses are required to allow service animals to accompany their handlers into the same areas that other customers or members of the public are allowed (28 CFR 36.302).

Absent a violation of law independent of the ADA, deputies should take no enforcement action beyond keeping the peace. Individuals who believe they have been discriminated against as a result of a disability should be referred to the Civil Rights Division of the U.S. Department of Justice (DOJ).

Public Presentations

384.1 PURPOSE AND SCOPE

The department may authorize public presentations and interviews given by a department member when the presentation is related to the mission and functions of the department. This policy shall describe the conditions under which such presentations will occur.

384.2 AUTHORIZATION

A department member shall not attend meetings officially representing the department without permission of their commander. Requests for a department member to appear in public as an official representative of the department shall be submitted in a timely manner and shall state the reason, nature of the program, and the date, time and location of the appearance.

384.3 AUTHORIZED ATTIRE

A public presentation and appearance may be made in departmental uniform or professional business dress. Appropriate dress shall be based on the type of presentation, audience and the reason for the appearance.

384.4 RELEASE OF INFORMATION

Department members making public appearances shall not release information, reports, photographs or other informational material regarding operations of the department that is not public information.

384.5 PUBLIC ACCESS TO EQUIPMENT

Any department member conducting a presentation with the use of an animal, firearms, weapon systems, aircraft, or other displays shall exercise due diligence and caution with regard to the access allowed to the attending public. All unit-specific procedures and policies regarding equipment shall be adhered to and reasonable control of all displayed items shall be maintained.

Department Use of Social Media

385.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that any use of social media on behalf of the Department is consistent with the department mission.

This policy does not address all aspects of social media use. Specifically, it does not address:

- Personal use of social media by department members (see the Employee Speech, Expression and Social Networking Policy).

Department members shall ensure that the use or access of social media is done in a manner that protects the constitutional rights of all, and conforms to state, federal, and local laws.

385.3 AUTHORIZED USERS

Only members authorized by the Sheriff or the authorized designee may utilize social media on behalf of the Department. Authorized members shall use only department-approved equipment during the normal course of duties to post and monitor department-related social media, unless they are specifically authorized to do otherwise by their supervisors.

The Sheriff may develop specific guidelines identifying the type of content that may be posted. Any content that does not strictly conform to the guidelines should be approved by a supervisor and the Media Information Bureau (MIB) prior to posting.

Requests to post information over department social media by members who are not authorized to post should be made through the member's chain of command and sent to the MIB.

385.3.1 WEBSITE APPROVAL

Any department website must be approved before creation. Any station, bureau, or group must complete a 'social media account' request form (RSD 128), available on the intranet under 'Social Media.' The form will be forwarded, via the chain of command, to the MIB for review. If approved,

During rapidly-evolving incidents where speed, accuracy and frequent updates are paramount (e.g., crime alerts, public safety information, traffic issues), the Public Information Officer or the authorized designee will be responsible for the compilation of information to be released, subject to the approval of the Incident Commander.

385.5 PROHIBITED CONTENT

- (h) Any content that has not been properly authorized by this policy, a supervisor, and the MIB.

Any member who becomes aware of content on this department's social media site that he/she believes is unauthorized or inappropriate should promptly report such content to a supervisor. The supervisor will ensure its removal from public view, investigate the origin of the entry, and notify the MIB.

385.5.1 PUBLIC POSTING PROHIBITED

Department social media sites shall be designed and maintained to prevent posting of content by the public.

The Department may provide a method for members of the public to contact department members directly.

385.6 PENAL CODE 13665 COMPLIANCE

The Department shall not share, on social media, booking photos of an individual arrested on suspicion of committing a nonviolent crime. Under Section 13665(c)(1), "nonviolent crime" means a crime not identified in Penal Code Section 667.5 subdivision (c).

The circumstances where the Department may share a photo associated with an arrest for a nonviolent offense are as follows:

- The Department has determined that the suspect is a fugitive or an imminent threat to an individual or to public safety and releasing or disseminating the suspect's image will assist in locating or apprehending the suspect or reducing or eliminating.
- A judge orders the release or dissemination of the suspect's image based on a finding that the release or dissemination is in furtherance of a legitimate law enforcement interest.
- There is exigent circumstance that necessitates the dissemination of the suspect's image in furtherance of an urgent and legitimate law enforcement interest.

385.6.1 REMOVAL OF PHOTOS

The legislation has three provisions that can be applied retroactively to any booking photo shared on the Departments' social media account(s). Each of the three provisions require a request from the individual or their representative

- A booking photo of an individual arrested for the suspected commission of a nonviolent crime shall be removed from the Departments' social media page within 14 days upon the request of the individual who is the subject of the social media post or the individual's representative.
- A booking photo of an individual for the suspected commission of a crime identified in subdivision (c) of Section 667.5 shall remove the booking photo from its social media page within 14 days upon the request of the individual who is the subject of the social media post or the individual's representative, if the individual or their representative demonstrates any of the following:

- The individual has been issued a certificate of rehab rehabilitation.
- The individual was found not guilty of the crime for which they were arrested.
- The individual was ultimately not charged with the crime, or the charges were dismissed.

385.7 MONITORING CONTENT

The Sheriff will appoint an MIB supervisor to review, at least annually, the use of department social media and report back on, at a minimum, the resources being used, the effectiveness of the content, any unauthorized or inappropriate content and the resolution of any issues.

385.8 RETENTION OF RECORDS

The Administration Chief Deputy should work with the Custodian of Records to establish a method of ensuring that public records generated in the process of social media use are retained in accordance with established records retention schedules. The retention of official social media posts will be maintained by the Media Information Bureau (MIB).

385.9 TRAINING

Authorized members should receive training that, at a minimum, addresses legal issues concerning the appropriate use of social media sites, as well as privacy, civil rights, dissemination and retention of information posted on department sites. Authorized members must receive formal MIB training prior to posting on departmental social media websites for official purposes.

Gun Violence Restraining Orders

387.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for petitioning and serving gun violence restraining orders and accounting for the firearms obtained pursuant to those orders (Penal Code § 18108). Each of these orders, if granted by a judicial officer, prohibits the restrained person from having custody or control over, owning, purchasing, possessing, receiving, or attempting to purchase or receive any firearm or ammunition (Penal Code § 18100). A key element of a GVRO is to prevent the possession and/or future purchase of firearms and ammunition.

387.1.1 DEFINITIONS

Emergency Gun Violence Restraining Order - An emergency order requested by law enforcement and lasting up to 21 days. For an Emergency Gun Violence Restraining Order (EPO) a judicial officer must find there is "reasonable cause" to believe the subject poses "an immediate and present danger" of injury to self or others by having a firearm, ammunition, or magazine in his or her possession, custody, or control (Penal Code § 18125).

Ex-Parte Gun Violence Restraining Order - An emergency order requested through a civil court, petitioned by an immediate family member of the person to be restrained, or by law enforcement, lasting up to 21 days. For an Ex-Parte Gun Violence Restraining Order (TRO) a judicial officer must find there is a "substantial likelihood" the subject poses a "significant danger, in the near future" of injury to self or others by having a firearm, ammunition, or magazine in his or her possession, custody, or control (Penal Code § 18150).

Gun Violence Restraining Order - A civil order petitioned by an immediate family member of the restrained person or by law enforcement, issued after a notice and hearing, and lasting up to one to five years. For a Gun Violence Restraining Order a judicial officer must find by "clear and convincing" evidence that the subject poses a "significant danger of causing personal injury" to self or others by having a firearm, ammunition, or magazine in his or her possession, custody, or control (Penal Code § 18175).

- Effective July 1, 2022, for the purpose of specified gun violence restraining order (GVRO) and domestic violence restraining order (DVRO) provisions, a "firearm" is defined to include a frame or receiver of the weapon, or a firearm precursor part. (Fam. Code, § 6215; Pen. Code, § 16520.)

387.2 POLICY

It is the policy of the department to petition for and serve emergency, ex-parte, and civil Gun Violence Restraining Orders in compliance with state law and to properly account for firearms and ammunition obtained by the department pursuant to such orders.

387.3 LESS RESTRICTIVE ALTERNATIVES

Prior to requesting a Gun Violence Restraining Order, California law requires law enforcement to attempt less restrictive methods of seizing weapons and ammunition prior to or as an alternative

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Gun Violence Restraining Orders

to requesting a GVRO (Penal Code § 18125(a)(2)). If these methods are ineffective, or have been determined to be inadequate or inappropriate, law enforcement may then request a GVRO. The following are some of the possible less restrictive methods available:

- (a) Voluntary Compliance - The person in possession of the weapons and/or ammunition voluntarily relinquishes all items at the request of law enforcement.
- (b) 12028.5(b) PC - Seizure of weapons and ammunition pursuant to a Domestic Violence investigation.
- (c) Search Warrant - Seizure of weapons and ammunition pursuant to a search warrant.
- (d) Prohibition(s) Already Exists - If the subject is already prohibited from possessing firearms and ammunition such as a convicted felon, persons on probation or parole, or already subject to a restraining order with a specific firearms restriction.

387.4 COUNTY COUNSEL'S OFFICE

The Riverside County Counsel's Office represents the Riverside County Sheriff's Department in GVRO court proceedings. Deputies should contact County Counsel's Office directly for additional guidance in this process. Deputies shall, as soon as possible, send copies of orders to the County Counsel's Office via email. Contact information for the County Counsel's Office is listed below under section 387.5.

- Typically, department members are to utilize RSD Form 233, Request for County Counsel Services, when seeking to utilize County Counsel; however, utilization of this form is not required to engage with the County Counsel's Office in the GVRO process.

County Counsel's Office will assist by ensuring the court filing obligations have occurred and they will work with the case agent to prepare for the next hearing date, typically, within 21 court days. Consequently, deputies shall provide the County Counsel's Office with copies of the court order, incident reports and any related material as requested by the County Counsel's Office. This does not include California Law Enforcement Telecommunications System (CLETS) printouts.

387.5 REQUESTING GUN VIOLENCE RESTRAINING ORDERS

A law enforcement officer who reasonably believes a person is a present danger to self or another person by controlling, owning, purchasing, possessing, receiving, or otherwise having custody of a firearm, or because less restrictive alternatives have either been tried and found to be ineffective, or have been determined to be inadequate or inappropriate, should:

- (a) Request an Emergency Gun Violence Restraining Order ([EPO-002](#)) from a judicial officer (whether in person or electronic petition) as outlined below. Relevant forms can be found on the department's intra-net website or Riverside Superior Courts website under Judicial Forms.
- (b) Work closely with County Counsel's Office in this process. County Counsel's Office has established two additional points of contact specifically for GVRO questions, coordination, provide assistance, and to receive copies of required documents.
 - 1. By telephone at (951)955-0212

Riverside County Sheriff's Department

Gun Violence Restraining Orders

2. or, by email at COUNSEL-GVRO@rivco.org. (The primary purpose of this email address is to provide a method for the County Counsel's Office to receive a copy of the court order and other associated documents in a timely manner).
- (c) Contact their respective station detective bureau and request a Domestic Violence Threat Management investigator review the case and consider submitting an ex-parte or civil Gun Violence Restraining Order. If the station's Domestic Violence Threat Management investigator is not available, deputies should contact the department's Domestic Violence Coordinator located at the Southwest Station (DV-GVTRO@riversidesheriff.org).

Deputies petitioning the court should use the forms established by the Judicial Council (Penal Code § 18105). The petition should describe the number, types, and locations of any firearms and ammunition that the deputy believes to be possessed or controlled by the person (Penal Code § 18107). The petition should also describe why less-restrictive alternatives are ineffective or inadequate for the circumstances (Penal Code § 18125; Penal Code § 18150; Penal Code § 18175).

If it is not practical under the circumstances to submit a written petition, a deputy may electronically or orally request an order, and then prepare and sign a declaration under penalty of perjury that recites the oral statements provided to the judicial officer and memorialize the order of the court on the appropriate Judicial Council form (Penal Code § 18140).

In addition, deputies seeking a GVRO shall;

- (a) Check the California Law Enforcement Telecommunications System (CLETS) to determine if there are any firearms registered to the individual and to review both local, state, and federal contacts to determine if the person has ever been documented as having a firearm or arrested for the same;
- (b) Describe how the subject of the petition poses a significant danger in the near future of personal injury to him/herself or another by possessing or receiving a firearm or ammunition as determined by the factors listed in Penal Code § 18155;
- (c) Describe how the order is necessary to prevent personal injury to the subject of the petition or another, or because less restrictive alternatives have either been tried or found to be ineffective or are inadequate or inappropriate for the circumstances;
- (d) Understand the judicial officer considers the following when determining the facts in support of the order:
 1. A recent (within the past six months) threat of violence or act of violence directed at another;
 2. A recent threat or act of violence directed toward the subject of the petition;
 3. Any recent violation of a protective order of any kind;
 4. Any conviction of a violent offense;
 5. Any pattern of violent acts or threats within the past twelve months;
 6. The unlawful and reckless use, display, or brandishing of a firearm;

7. Any history of use, attempted use, or threatened use of physical force against another person;
8. Any prior history of a felony arrest; and past police reports and records of convictions or recent criminal offenses that involve controlled substances or alcohol, ongoing abuse of controlled substances or alcohol, and/or evidence of recent acquisition of firearms, ammunition, or other deadly weapons.

387.5.1 ONCE THE ORDER HAS BEEN GRANTED (APPROVED) BY A MAGISTRATE

Once a magistrate grants the order, the magistrate may set a court hearing date within 21 court days. If a date is not set by the magistrate, the court will set a hearing date after the return of the original order. The original court order must be returned to the issuing court within three business days of issuance. The return will be accomplished as outlined in section 387.8.

- (a) As soon as practicable, but no later than the end of shift, submit a copy of the approved order to station clerical or ISB after hours, weekends and holidays. Station clerical or ISB staff shall promptly enter the approved order into the California Restraining and Protective Order System (as required per Penal Code § 18115). These entries trigger the Department of Justice to place the individual in the Armed Prohibited Persons System.
- (b) Request a supervisor flag the subject's address and indicate if the subject was successfully served the order, how many service attempts were made, or if service is still needed;
 1. To flag the subject's address, department members must complete RSD Form 457 and submit it to Dispatch or the Technical Services Bureau (TSB) for entry into CAD.
- (c) As soon as practicable, but no later than the end of shift, the investigating deputy shall provide a copy of the court order to the County Counsel's Office via email at: COUNSEL-GVRO@rivco.org and a copy to the department's Domestic Violence Coordinator at DV-GVTRO@riversidesheriff.org.
- (d) Serve or attempt to serve the order on the restrained person;
 1. Deputies shall provide the restrained person with a copy of the order.
 2. Deputies shall retain the original order, which shall be returned to the issuing court by the assigned follow up investigator.
- (e) Document all of these actions in a report, including service attempts;
- (f) Clerical shall provide a copy of the incident report and original court order to the station detective bureau;
- (g) The station DV Threat Management investigator shall review the case and consider if a permanent civil order may be necessary.

387.5.2 ADDITIONAL CONSIDERATIONS

Deputies should also consider requesting permission to petition the court for a gun violence restraining order (Penal Code § 18108);

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)

Gun Violence Restraining Orders

- (a) When responding to a domestic disturbance where the residence is associated with a firearm registration or record.
- (b) When responding to any call or incident when a firearm is present or when one of the involved parties owns or possesses a firearm.
- (c) During a contact with a person exhibiting mental health issues, including suicidal thoughts, statements, or actions if that person owns or possesses a firearm.

Deputies should consider obtaining a mental health evaluation if the encounter involves a situation where there is a reasonable cause to believe that the person poses an immediate and present danger of causing personal injury to themselves or another person by having custody or control of a firearm (see the Mental Illness Commitments Policy) (Penal Code § 18108).

If the gun violence restraining order is issued as an ex parte order or order after notice and hearing, and is served by a person other than a law enforcement officer, and if no request is made by a law enforcement officer, the surrender shall occur within 24 hours of being served with the order, by surrendering all firearms and ammunition in a safe manner to the control of a local law enforcement agency, selling all firearms and ammunition to a licensed firearms dealer, or transferring all firearms and ammunition to a licensed firearms dealer in accordance with Penal Code Section 29830.

387.6 SERVICE OF EMERGENCY GUN VIOLENCE RESTRAINING ORDERS

Once the order has been granted, the law enforcement officer shall (Penal Code § 18140):

- (a) If not already completed, check the California Law Enforcement Telecommunications System (CLETS) to determine if there are any firearms registered to the individual and to review both local, state, and federal contacts to determine if the person has ever been documented as having a firearm or arrested for the same;
- (b) If the subject has been located, ask them if they have any firearms, ammunition, or magazine in their possession or under their custody or control (Penal Code § 18160);
- (c) Request that any firearms or ammunition be immediately surrendered and issue a receipt for the surrendered items (Penal Code § 18120);
- (d) Take into temporary custody any firearm or other deadly weapon discovered in plain sight or pursuant to consent (Penal Code § 18250);
- (e) If the subject refuses to provide consent to search for firearms or refuses to relinquish their firearms pursuant to the court order, consider obtaining a search warrant (see 387.7 below);
- (f) Provide the restrained person with a copy of the order;
- (g) Provide the restrained person with a property receipt for all items taken;
- (h) As soon as practicable, but no later than the end of shift, submit **proof of service** to clerical staff (station clerical during regular business hours or ISB after business hours, weekends and holidays.) for prompt entry into the California Restraining and Protective Order System updating the proof of service information (Penal Code § 18115);

To flag the subject's address, department members must complete RSD Form 457 and submit it to Dispatch or the Technical Services Bureau (TSB) for entry into the Computer Aided Dispatch (CAD);
- (j) Document all of these actions in an incident report.

387.7 SEARCH WARRANTS

If a person who has been served with a gun violence restraining order refuses to surrender any firearm or ammunition, the deputy should consider whether to seek a search warrant. With the publication of DSM 387, Department Directive #16-015 and any supplemental directives are rescinded.

Off-Duty Law Enforcement Actions

388.1 PURPOSE AND SCOPE

The decision to become involved in a law enforcement action when off-duty can place a deputy as well as others at great risk and must be done with careful consideration. This policy is intended to provide guidelines for deputies of the Riverside County Sheriff's Department with respect to taking law enforcement action while off-duty.

388.2 POLICY

Initiating law enforcement action while off-duty is generally discouraged. Deputies should not attempt to initiate enforcement action when witnessing minor crimes, such as suspected intoxicated drivers, reckless driving or minor property crimes. Such incidents should be promptly reported to the appropriate law enforcement agency.

Off-duty deputies are not expected to place themselves in unreasonable peril. However, any sworn member of this department who becomes aware of an incident or circumstance that he/she reasonably believes poses an imminent threat of serious bodily injury or death, or significant property damage may take reasonable action to minimize the threat.

When public safety or the prevention of major property damage requires immediate action, deputies should first consider reporting and monitoring the activity and only take direct action as a last resort.

388.3 FIREARMS

Deputies of this department may carry firearms while off-duty in accordance with federal regulations and department policy. All firearms and ammunition must meet guidelines as described in the Firearms Policy. When carrying firearms while off-duty deputies shall also carry their department identification.

Deputies should refrain from carrying firearms when the consumption of alcohol is likely or when the need to carry a firearm is outweighed by safety considerations. Firearms shall not be carried by any deputy who has consumed an amount of an alcoholic beverage or taken any drugs or medications or any combination thereof that would tend to adversely affect the department member's senses or judgment.

388.4 DECISION TO INTERVENE

There is no legal requirement for off-duty deputies to take law enforcement action. However, should deputies decide to intervene, they must evaluate whether the action is necessary or desirable, and should take into consideration the following:

- (a) The tactical disadvantage of being alone and the fact there may be multiple or hidden suspects
- (b) The inability to communicate with responding units

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Off-Duty Law Enforcement Actions

- (c) The lack of equipment, such as handcuffs, OC or baton
- (d) The lack of cover
- (e) The potential for increased risk to bystanders if the off-duty deputy were to intervene
- (f) Unfamiliarity with the surroundings
- (g) The potential for the off-duty deputy to be misidentified by other peace officers or members of the public

Deputies should consider waiting for on-duty uniformed officers to arrive, and gather as much accurate intelligence as possible instead of immediately intervening.

388.4.1 INTERVENTION PROCEDURE

If involvement is reasonably necessary the deputy should attempt to call or have someone else call 9-1-1 to request immediate assistance. The dispatcher should be informed that an off-duty deputy is on-scene and should be provided a description of the deputy if possible.

Whenever practicable, the deputy should loudly and repeatedly identify him/herself as a deputy sheriff until acknowledged. Official identification should also be displayed if possible.

388.4.2 INCIDENTS OF PERSONAL INTEREST

Deputies should refrain from handling incidents of personal interest, (e.g., family or neighbor disputes) and should remain neutral. In such circumstances deputies should call the responsible agency to handle the matter.

388.4.3 NON-SWORN RESPONSIBILITIES

Non-sworn personnel should not become involved in any law enforcement actions while off-duty except to notify the local law enforcement authority, and remain at the scene, if safe and practicable.

388.4.4 OTHER CONSIDERATIONS

When encountering a non-uniformed officer in public, uniformed deputies should wait for acknowledgement by the non-uniformed officer in case he/she needs to maintain an undercover capability.

388.5 REPORTING

Any off-duty deputy who engages in any law enforcement activity, regardless of jurisdiction, shall notify the Watch Commander as soon as practicable. The Watch Commander shall determine whether a report should be filed by the employee.

Deputies should cooperate fully with the agency having jurisdiction in providing statements or reports as requested or as appropriate.

Chapter 4 - Patrol Operations

Patrol Function

401.1 PURPOSE AND SCOPE

The purpose of this policy is to define the patrol function and address intraorganizational cooperation and information sharing.

401.2 INFORMATION SHARING

To the extent feasible, all information relevant to the mission of the Department should be shared among all bureaus and specialized units on a timely basis. Members should be provided with opportunities on a regular basis to share information during the daily briefings and to attend briefings of other bureaus or specialized units.

Additionally, information should be shared with outside agencies and the public in conformance with department policies and applicable laws. Members are encouraged to share information with other units and bureaus.

401.3 CROWDS, EVENTS AND GATHERINGS

Deputies may encounter gatherings of people, including but not limited to, civil demonstrations, civic, social and business events, public displays, parades and sporting events. Deputies should monitor such events as time permits in an effort to keep the peace and protect the safety and rights of those present. A patrol supervisor should be notified when it becomes reasonably foreseeable that such an event may require increased monitoring, contact or intervention.

Deputies responding to an event or gathering that warrants law enforcement involvement should carefully balance the speech and association rights of those present with applicable public safety concerns before taking enforcement action.

Generally, deputies should consider seeking compliance through advisements and warnings for minor violations and should reserve greater enforcement options for more serious violations or when voluntary compliance with the law is not achieved.

Deputies are encouraged to contact organizers or responsible persons to seek voluntary compliance that may address relevant public safety/order concerns.

Deputies should consider enforcement of applicable state and local laws, such as Penal Code 602.1 (obstructing or intimidating business operators), when the activity blocks the entrance or egress of a facility or location and when voluntary compliance with the law is not achieved.

401.4 POLICY

The Riverside County Sheriff's Department provides patrol services 24 hours a day, seven days a week and will prioritize responses to requests for emergency services using available resources to enhance the safety of the public and department members.

401.5 FUNCTION

Patrol will generally be conducted by uniformed deputies in clearly marked law enforcement vehicles in assigned jurisdictional areas of Riverside County. The function of patrol is to respond

- (g) Ride-alongs shall not video or audio record any portion of their experience or observations unless previously approved by the commander. Limited recording may be approved for the purpose of research, academic study, or pre-approved film production, for example. Any recording shall not violate a citizen's or a deputy's legal and reasonable expectation of privacy and shall comply with all laws.

404.6.3 SUITABLE ATTIRE

Any person approved to ride-along is required to be suitably dressed. Sandals, T-shirts, tank tops, shorts and ripped or torn blue jeans are not permitted. Any clothing with images or text portraying alcohol, drugs, nudity, violence, or other subject matter inconsistent with our mission shall not be permitted. The watch commander shall refuse a ride along to anyone not properly dressed.

Bias-Based Policing

406.1 PURPOSE AND SCOPE

This policy provides guidance to department members that affirms the Riverside County Sheriff's Department's commitment to policing that is fair, objective and constitutional.

406.1.1 DEFINITIONS

Definitions related to this policy include:

Bias-based policing - An inappropriate reliance on actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, disability, or affiliation with any non-criminal group (protected characteristics) as the basis for providing differing law enforcement service or enforcement (Penal Code § 13519.4).

406.2 POLICY

The Riverside County Sheriff's Department is committed to providing law enforcement services to the community with due regard for the racial, cultural or other differences of those served. It is the policy of this department to provide law enforcement services and to enforce the law equally, fairly, objectively and without discrimination toward any individual or group.

406.3 BIAS-BASED POLICING PROHIBITED

Bias-based policing is strictly prohibited.

However, nothing in this policy is intended to prohibit a deputy from considering protected characteristics in combination with credible, timely and distinct information connecting a person or people of a specific characteristic to a specific unlawful incident, or to specific unlawful incidents, specific criminal patterns or specific schemes.

406.3.1 CALIFORNIA RELIGIOUS FREEDOM ACT

Members shall not collect information from a person based on religious belief, practice, affiliation, national origin or ethnicity unless permitted under state or federal law (Government Code § 8310.3).

Members shall not assist federal government authorities (Government Code § 8310.3):

- (a) In compiling personal information about a person's religious belief, practice, affiliation, national origin or ethnicity.
- (b) By investigating, enforcing or assisting with the investigation or enforcement of any requirement that a person register with the federal government based on religious belief, practice, or affiliation, or national origin or ethnicity.

406.4 MEMBER RESPONSIBILITIES

Every member of this department shall perform his/her duties in a fair and objective manner and is responsible for promptly reporting any suspected or known instances of bias-based policing to a

Riverside County Sheriff's Department

supervisor. Members should intervene to prevent any biased-based actions by another member, regardless of rank.

406.4.1 REASON FOR CONTACT

Deputies contacting a person shall be prepared to articulate sufficient reason for the contact, independent of the protected characteristics of the individual.

To the extent that written documentation would otherwise be completed (e.g., arrest report, field interview (FI) card), the involved deputy should include those facts giving rise to the contact, as applicable.

Except for required data-collection forms or methods, nothing in this policy shall require any deputy to document a contact that would not otherwise require reporting.

406.4.2 REPORTING OF STOPS - R.I.P.A.

Unless an exception applies under 11 CCR 999.227, a deputy conducting a stop of a person shall collect the data elements required by 11 CCR 999.226 for every person stopped and prepare a stop data report. When multiple deputies conduct a stop, the deputy with the highest level of engagement with the person shall collect the data elements and prepare the report (11 CCR 999.227).

If multiple agencies are involved in a stop and the Riverside County Sheriff's Department is the primary agency, the Riverside County Sheriff's Department deputy shall collect the data elements and prepare the stop data report (11 CCR 999.227).

The stop data report should be completed by the end of the deputy's shift or as soon as practicable. It must; however, be submitted within 24 hours of the event. (11 CCR 999.227).

406.5 REPORTING TO CALIFORNIA DEPARTMENT OF JUSTICE

The Internal Affairs Bureau Manager shall ensure that all data required by the California Department of Justice (DOJ) regarding complaints of racial bias against deputies is collected and provided to the Records Manager for required reporting to the DOJ (Penal Code § 13012; Penal Code § 13020).

Supervisors should ensure that data stop reports are provided to the Records Manager for required annual reporting to the DOJ (Government Code § 12525.5) per station or bureau procedure(s).

406.6 TRAINING

Training on fair and objective policing and review of this policy should be conducted as directed by the Training Bureau.

- (a) All sworn members of this department will be scheduled to attend Peace Officer Standards and Training (POST)-approved training on the subject of bias-based policing.
- (b) Pending participation in such POST-approved training and at all times, all members of this department are encouraged to familiarize themselves with and consider racial and cultural differences among members of this community.

Bias-Based Policing

- (c) Each sworn member of this department who received initial bias-based policing training will thereafter be required to complete an approved refresher course every five years, or sooner if deemed necessary. (Penal Code § 13519.4(i)).

Policing Tribal Lands

407.1 PURPOSE AND SCOPE

The Riverside County Sheriff's Department has regular contact with Tribal lands and their residents and must manage the legal nuances of policing in these areas. This policy will outline specific protocols unique to tribal lands and is intended to assist department members in delivering consistent law enforcement service, criminal investigations and compliance with Public Law 83-280 while serving the twelve Riverside County Tribal Communities, which include:

Agua Caliente Band of Cahuilla Indians- Palm Desert Station

Augustine Band of Cahuilla Indians - Thermal Station

Cabazon Band of Mission Indians - Thermal Station

Cahuilla Band of Indians- Hemet Station

Colorado River Indian Tribes - Colorado River Station

Morongo Band of Mission Indians- Cabazon Station

Pechanga Band of Luiseno Indians- Southwest Station

Ramona Band of Cahuilla Indians- Hemet Station

Santa Rosa Band of Cahuilla Indians- Hemet Station

Soboba Band of Luiseno Indians- Hemet Station

Torres Martinez Desert Cahuilla Indians- Thermal Station

Twenty Nine Palms Band of Mission Indians- Thermal Station

407.2 PUBLIC LAW 83-280

PL 83-280, as enacted by the federal government in 1953, sought to clarify the role of law enforcement upon Indian lands in six states, to include California. The law essentially transferred enforcement of state law to local agencies.

Most basically, PL 83-280 is divided into three areas of governmental concern:

1. Criminal Section (18 United States Code)
2. Civil Section (28 United States Code)
3. Informational Section (25 United States Code)

This policy will focus upon department policy related to the criminal section under 18 USC and our enforcement of state-level, criminal- prohibitive laws.

407.3 LAW ENFORCEMENT AUTHORITY

As stated, PL 83-280 tasked the State of California with enforcement of what are commonly referred to as 'criminal-prohibitive' laws on tribal lands. Criminal-prohibitive laws prohibit certain

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Policing Tribal Lands

conduct, and do not exist to simply regulate otherwise allowable conduct. For example, criminal-prohibitive laws would include battery, theft, or sexual crimes and all such criminal-prohibitive statutes are enforceable on tribal lands regardless of the membership status of the offender. The enforcement of these laws carries the exact weight as if the violations were committed elsewhere.

Laws known as civil-regulatory merely regulate otherwise allowable conduct. PL 83-280 prohibits the Sheriff from enforcing civil-regulatory laws. For example, driving is a legal activity that is only regulated by rules and limitations set forth in the vehicle code, therefore civil-regulatory laws in the vehicle code are not enforceable on tribal lands. See 407.3.1.

State or county-level environmental regulations, land use, zoning, gambling, licensing, animal control, and hunting/fishing regulations are civil-regulatory laws and cannot be enforced by Sheriff's personnel.

407.3.1 ROUTINE PATROL AND TRAFFIC ENFORCEMENT

In general, the function of routine patrol and the calls handled by sheriff's personnel are no different than elsewhere in the county, with some notable exceptions.

ENTRY PROTOCOL / NOTIFICATION

Some Memorandums of Understanding outline protocols for access to reservation property, buildings, or businesses. Sheriff's personnel shall abide by any MOU requiring that due diligence be given to notify a reservation representative before entry and should know, for safety and confidentiality reasons, when tribal notification is appropriate and when it is not.

TRAFFIC ENFORCEMENT

The civil-regulatory sections in the California Vehicle Code, such as equipment violations, the requirement to have a valid driver license, current vehicle registration, proof of insurance, or compliance with speed limits, or traffic control signs are not enforceable, and cannot be used as primary detention violations. The majority of misdemeanors and felonies in the vehicle code are enforceable if they prohibit, and not simply regulate, certain conduct.

VEHICLE STORAGE / IMPOUND

Vehicles shall not be seized on tribal lands pursuant to any authority section that is based upon a violation of a civil-regulatory vehicle code section. For example, suspended or unlicensed driver, expired vehicle registration, or illegal handicapped parking are not grounds for lawful vehicle storage. Vehicles stored for other reasons (e.g. evidence, road hazard, driver arrested) shall be processed, towed, and stored as any other.

PARKING ENFORCEMENT

Legal differences exist regarding the classification of land possessed and used by tribes (e.g. Tribal land or Fee land). Therefore, parking enforcement should not be conducted by department members on tribal lands unless the department member has determined the legal status of the relevant land. If serious parking violations persist, department personnel should seek the assistance of tribal police, security personnel, or ask the TLU for direction on future enforcement.

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Policing Tribal Lands

CIVIL MATTERS

In general, department personnel should not play a role in civil disputes on tribal lands such as landlord/tenant disputes, evictions from a reservation or repossessions, unless acting in a peace-keeping role. Regulatory laws related to such matters do not apply on tribal lands.

TRIBAL ORDINANCES AND LAWS

Sheriff's personnel shall not enforce any tribal ordinances or laws unless specifically given that authority by a Memorandum of Understanding between the Sheriff and the tribe.

CASINO GAMBLING VIOLATIONS

Unless the elements of a state-level 'criminal prohibitive' law exist, Sheriff's personnel shall not enforce the rules or protocols applicable to casino gaming but should instead keep the peace and allow casino or tribal personnel to investigate and resolve the matter.

MEMORANDUMS OF UNDERSTANDING (MOU)

While on tribal lands, Department members shall comply with any agreements, contracts, or Memorandums of Understanding that relate to the patrol function at their specific station or assignment.

407.3.2 MARIJUANA ENFORCEMENT

Enforcement of state-level laws regarding the illegal possession or sale of marijuana apply on tribal lands and can be enforced as they would anywhere else in the county.

If patrol personnel discover large-scale marijuana possession, sales, or cultivation on tribal land, they should contact the Special Investigations Bureau for direction as soon as possible.

407.3.3 CORONER AUTHORITY

All functions and authorities of the Coroner are the same on tribal lands, with the exception of the processing of certain human remains if believed or found to be Native American. Native American remains, funerary objects, and sacred objects found on federal or tribal lands are protected under the Native American Graves Protection and Repatriation Act (NAGPRA) (25 USC 3001 et seq). See DSM 345 for specific procedures and limitations in place when Native American remains are discovered on and off tribal lands.

407.3.4 UNATTENDED DEATHS

The Coroner retains all control of bodies on a reservation regardless of the cause or manner of death or tribal membership status of the decedent. Deputies shall respond and process all unattended death incidents according to existing protocols.

Indian Tribes may be allowed to retain possession of a body only after the Coroner has agreed to release it. They then may cremate or bury the body on Reservation land with a properly issued permit from the Health Department.

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Policing Tribal Lands

Patrol personnel should consult with the Coroner's office and with the Tribal Liaison Unit to help resolve any disputes or questions during unattended death investigations.

407.3.5 INVESTIGATIONS

All laws and constitutional rights regarding search and seizure, laws of arrest, and Miranda advisements apply on tribal lands.

Detectives responding to tribal lands for a protracted investigation shall notify the department's Tribal Liaison Unit as soon as possible to inform them about the location and circumstances, and to ask for their assistance, if needed.

The passage of PL 83-280 did not diminish a tribe's ability or right to pass and enforce their own laws on their lands. In some instances, concurrent jurisdiction exists between the federal, state and tribal governments. Consideration must be given to what crime has been committed and if the offender is Indian or non-Indian, when determining exclusive or concurrent jurisdictions for prosecution purposes.

407.4 PROTECTION ORDERS

Protection orders can be issued by State Courts, US Territory Courts, and Indian Tribal Courts. The 'Full Faith and Credit' portion of the Violence Against Women Act declares that all states, U.S. Territories and Indian Tribes shall honor each other's protection orders as if they were their own. The following outlines what is and is not required for a Tribal Court Order to be lawfully served or enforced:

If issued by a Tribal Court, the order need not;

1. have a certification or original signature affixed to the order.
2. have a "court stamp"
3. be registered or filed in the victim or respondent's current location.

If issued by a Tribal Court, the order must;

1. have the name of the respondent and the petitioner printed;
2. have a valid date;
3. be issued by a court with jurisdiction over the involved parties;
4. have been issued after the respondent had an opportunity to contest the order;
 - (a) Family Code section 6403(b) allows, in the absence of a protection order, a peace officer to consider other factors that may establish probable cause to believe that a valid order exists.

407.4.1 ENFORCEMENT OF PROTECTION ORDERS

A department member assigned to a call alleging a violation of a domestic violence protection order issued by the state court, a US territory, or tribal court shall, when presented with probable cause of the violation;

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Policing Tribal Lands

1. Shall make a lawful arrest of the person without a warrant and take that person into custody whether or not the violation occurred in the peace officer's presence (Penal Code 836(c)(1)).

407.4.2 UNSERVED PROTECTION ORDERS

If a law enforcement officer of this state determines that an otherwise valid foreign protection order cannot be enforced because the respondent has not been notified or served with the order, the officer shall inform the respondent of the order, make a reasonable effort to serve the order upon the respondent, and allow the respondent a reasonable opportunity to comply with the order before enforcing the order. Verbal notice of the terms of the order is sufficient notice for the purposes of this section (Family Code 6403(c)).

407.5 TRIBAL LIAISON UNIT (TLU)

In 2008, the Department established a dedicated Tribal Liaison Unit (TLU) to act in the interests of both the department's mission and the service needs of all twelve tribes. The TLU's primary functions include training both department personnel and tribal residents, engagement with various groups and committees managing Indian/Government affairs, and as a liaison to strengthen law enforcement's relationship with Indian Tribes in Riverside County.

Because this policy cannot cover every possible circumstance, the TLU is available to assist and respond, if needed, to help facilitate a quality response and investigation by our Sheriff's personnel. TLU contact information is available within the SOI screen "SOI Tribal" or by email to TLU@Riversidesheriff.org.

407.5.1 TRIBAL LIAISON NOTIFICATIONS

Department members are encouraged to contact the TLU for any questions regarding PL 83-280 or about other aspects of the Sheriff's role and authority on tribal lands. Department members shall notify the Tribal Liaison Unit as soon as possible in the following circumstances:

1. Pursuits on a reservation
2. Deaths
3. Discovery of Human Remains
4. Service of Search Warrants
5. Any other major incident that will likely generate an inquiry by Tribal government

PERSONALLY OWNED RECORDING DEVICES (PRD)

408.1 PURPOSE AND SCOPE

All Body Worn Cameras (BWCs) or Personally-owned Recording Devices (PRDs) are governed by DSM 410. DSM 408 is intended to supplement DSM 410 in the event a Personal Recording Device is used by a Department member. With the adoption of DSM 408 and 410, the Department has rescinded Department Directives 16-003 and 16-004.

The Department recognizes that employees who have not been issued a Department-owned Body Worn Camera (BWC) may choose to use a Personally-owned Recording Device (PRD) to record events while on duty. The use of a PRD is not required.

408.2 APPROVAL PROCESS

Employees shall obtain approval prior to using any PRD. Approval shall be done by submitting [RSO Form 440](#) (Approval for On-Duty Use of Personally-owned Video Recording Device) via chain of command to their Station Commander. Once approved, the employee shall then email the Technical Services Bureau Commander requesting access to the PRD Server. The original Form 440 shall be placed in the employee's Station I-File, and copies sent to the employee and Workforce Management Plus.

408.3 POLICY

Personal cell phones are strictly prohibited for use as a PRD. The Department considers all recordings made on-duty as property of the Department and subject to all applicable Department policies, processes, or investigative need, in the same manner as Department-owned BWC recordings as outlined in DSM 410.

All on-duty recordings captured on any PRD are subject to review. Department members are encouraged to erase any private recordings on their PRD prior to on-duty use.

An employee choosing to use a PRD when on-duty assumes any risk of damage to the device and acknowledges that, while it is not the Department's intent, any private data on a PRD used to record on-duty activities may be viewed by Department personnel and/or other law enforcement agencies.

While use of a PRD is prohibited, once an employee receives a Department issued BWC, certain exemptions have been identified for their use. The Department recognizes there may be instances where Department issued BWC's become inoperable or unavailable due to battery issues, breakage, repair or maintenance, or similar circumstances. As outlined in DSM 410, employees are required to notify their supervisor if their BWC becomes inoperable. When possible, supervisors should issue a replacement BWC. In the event a replacement BWC is not available, supervisors may authorize the use a Personally-owned Recording Device that has been pre-approved by the Station Commander for use as a back up device.

PERSONALLY OWNED RECORDING DEVICES (PRD)

408.4 COMPATIBILITY AND PRIVACY

The Department acknowledges that PRD's are generally not compatible with the Enterprise BWC downloading and storage process and that the employee may have a reasonable expectation of privacy with some data stored on a PRD. Therefore, the download of relevant PRD recordings in compliance with DSM 410 is subject to the following process. This process is intended to preserve the integrity of PRD data for all related record keeping, administrative and evidentiary purposes, and to minimize review of private data

1. All on-duty PRD data shall be downloaded in compliance with DSM 410.
2. Only PRD's compatible with Windows Media Player may be used on-duty.
3. PRD settings that enable functions such as auto-sync, wireless uploads, or live streaming of recordings shall be disabled when the device is being used on-duty.
 - (a) This restriction is intended to prevent unauthorized copies or unauthorized broadcast of Department recordings.
 - (b) Personal cell phones, even if auto-sync or wireless upload features are disabled are strictly prohibited for use as a PRD.
4. The TSB Commander shall periodically monitor the department wide usage of the PRD recording system for proper usage.

408.5 DOWNLOAD AND STORAGE OF ROUTINE RECORDINGS:

1. Employees will create user accounts in the PRD recording system using a unique log-in.
 - (a) The recording system will have rights-based accessibility.
 - i. Users can upload and view, but not tamper or delete, files from the Central Storage.
 - ii. Supervisors will be able to view subordinate's recordings.
 - iii. Administrators may delete recordings.
2. The PRD recordings will be downloaded from the PRD to the centralized storage using a Department computer workstation and a Department-provided PRD computer application.
 - (a) Recordings downloaded to the Centralized File Storage will be accessible for viewing and to make approved copies via Department computers.
 - (b) Employees shall not alter or modify the raw recordings.
3. Routine Daily Downloads.
 - (a) All on-duty PRD recordings will be downloaded to the Centralized File Storage at the end of each shift.
 - (b) Copies of specific incident recordings can then be created for authorized Departmental criminal, civil, or administrative purposes.
4. Specific Incident Downloads

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

PERSONALLY OWNED RECORDING DEVICES (PRD)

- (a) The recordings from specific incidents will be appropriately entered into the Department evidence system, Eleets, and secured into evidence.
- 5. Upon successful download of the PRD recording, the recording shall be deleted from the PRD and any temporary file locations on the Department computer used.
- 6. No personal or unauthorized copies of on-duty recordings are to be created, maintained or distributed.

408.6 MANAGEMENT OF PRD DATA RELATED TO CRITICAL INCIDENTS

- 1. Employees will comply with DSM 410 as to the securing of the PRD and its data as detailed in DSM 410.3.5.
- 2. Employees will cooperate with, and provide guidance to, personnel tasked with the identification and downloading of relevant recordings from the employee's PRD with sufficient detail for them to access and preserve the recordings.
- 3. If there is an issue of consent related to the downloading of recordings from the PRD, the PRD will be secured from the employee and a search warrant may be obtained before downloading the recordings.

Mobile Data Computer Use

409.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the proper access, use and application of the Mobile Digital Computer (MDC) system in order to ensure appropriate access to confidential records from local, state and national law enforcement databases, and to ensure effective electronic communications between Department members and Dispatch.

409.2 POLICY

Department members using the MDC shall comply with all appropriate federal and state rules and regulations and shall use the MDC in a professional manner, in accordance with this policy.

409.3 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to data accessed, transmitted, received or reviewed on any Department technology system (see the Information Technology Use Policy for additional guidance).

409.4 RESTRICTED ACCESS AND USE

MDC use is subject to the Information Technology Use and Protected Information policies.

Members shall not access the MDC system if they have not received prior authorization and the required training. Members shall immediately report unauthorized access or use of the MDC by another member to their supervisors.

Use of the MDC system to access law enforcement databases or transmit messages is restricted to official activities, business-related tasks, and communications that are directly related to the business, administration, or practices of the Department. In the event that a member has questions about sending a particular message or accessing a particular database, the member should seek prior approval from their supervisor.

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive, harassing, or any other inappropriate messages on the MDC system is prohibited and may result in discipline.

It is a violation of this policy to transmit a message or access a law enforcement database under another member's name or to use the password of another member to log in to the MDC system unless directed to do so by a supervisor. Members are required to log off the MDC or secure the MDC when it is unattended. This added security measure will minimize the potential for unauthorized access or misuse.

409.4.1 USE WHILE DRIVING

Use of the MDC by the vehicle operator should be limited to times when the vehicle is stopped. Information that is required for immediate enforcement, investigative, tactical, or safety needs should be transmitted over the radio.

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Mobile Data Computer Use

Short transmissions, such as a license plate check, are permitted if it reasonably appears that it can be done safely. In no case shall an operator attempt to send or review lengthy messages while the vehicle is in motion.

409.5 DOCUMENTATION OF ACTIVITY

Except as otherwise directed by a supervisor or other department-established protocol, all calls for service assigned by a dispatcher should be communicated by voice over the radio and electronically via the MDC unless security or confidentiality prevents such broadcasting.

MDC and voice transmissions are used to document the member's daily activity. To ensure accuracy:

- (a) All contacts or activity shall be documented at the time of the contact.
- (b) Whenever the activity or contact is initiated by voice, it should be documented by a dispatcher.
- (c) Whenever the activity or contact is not initiated by voice, the member shall document it via the MDC.

409.5.1 STATUS CHANGES

All changes in status (e.g., arrival at scene, meal periods, in service) will be transmitted over the radio or through the MDC system.

Members responding to in-progress calls should advise changes in status over the radio to assist other members responding to the same incident. Other changes in status can be made on the MDC when the vehicle is not in motion.

409.5.2 EMERGENCY ACTIVATION

If there is an emergency activation and the member does not respond to a request for confirmation of the need for emergency assistance or confirms the need, available resources will be sent to assist in locating the member. If the location is known, the nearest available deputy should respond in accordance with the deputy Response to Calls Policy.

Members should ensure a field supervisor is notified of the incident without delay.

Deputies not responding to the emergency shall refrain from transmitting on the radio until a "no-further-assistance" broadcast is made or if they are also handling an emergency.

409.6 EQUIPMENT CONSIDERATIONS

409.6.1 MALFUNCTIONING MDC

Whenever possible, members will not go into service with malfunctioning MDCs. Whenever members must drive a vehicle in which the MDC is not working, or other handheld device is not working, they shall notify Dispatch. It shall be the responsibility of the dispatcher to document all information that will then be transmitted verbally over the radio.

Mobile Data Computer Use

409.6.2 BOMB CALLS

When investigating reports of possible bombs, members should not communicate on their MDCs when in the evacuation area of a suspected explosive device. Radio frequency emitted by the MDC could cause some devices to detonate.

Body-Worn Camera (BWC) Systems

410.1 PURPOSE AND SCOPE

The Riverside County Sheriff's Department provides department members with portable Body Worn Camera (BWC) recording devices to enhance documentary evidence of criminal investigations, administrative investigations, and as a preventative measure for use in civil liability reduction and risk management. Department members shall utilize their BWC in accordance with this policy to maximize its effectiveness.

This policy does not apply to in-car audio/video recordings, interviews or interrogations conducted in an interview room, authorized undercover operations, wiretaps, or eavesdropping (concealed or otherwise undisclosed listening devices).

410.2 POLICY

Department members who are issued a BWC shall become familiar with all states and features of the device. Department members shall deploy their BWC while on-duty as outlined by this policy. Once issued a BWC, no other BWC systems are authorized. These devices may not be used for non-work-related activity. Any department member violating the provisions, restrictions, and requirements of this policy may be subject to disciplinary action.

410.3 NOTABLE BWC STATES AND FEATURES

The department uses AXON model# Body3. The following recording states and features are capable with this device.

The BWC has four states:

- (a) Off, the camera must be turned on / booted to operate.
- (b) On, in READY mode: the camera is ready for activation.
- (c) On, in SLEEP mode: the camera is ready for activation, but suspends the pre-buffer. This mode is intended for bathroom breaks, employee locker room use, and HIPPA related confidentiality concerns.
- (d) On, RECORDING mode: the camera is actively recording audio and video.
 - 1. In the recording mode a MUTE feature is available and is recording as normal without audio.

Camera Features:

- (a) LTE enabled/RESPOND
 - 1. GPS: provides real-time precise location of the camera
 - 2. Priority Off-load: cellular upload to the cloud based Digital Evidence Management (DEMS)
 - i. Use of this feature is discouraged and requires the approval of a supervisor for critical incidents.

- (f) AXON Capture App (cellular pairing): allows capturing of photos, video, and audio with upload capability to DEMS

Digital Evidence Management System:

The AXON system uses Evidence.com as a cloud-based Digital Evidence Management System. All BWC video will be automatically uploaded via a docking station to Evidence.com. Deputies will have to identify and tag evidentiary video with a file number and a retention instruction.

410.4 DEPARTMENT MEMBER RESPONSIBILITIES

410.4.1 DEPARTMENT BWC COORDINATOR

- (c) Ensure incident reports reflect the existence of BWC recordings, such recordings are properly documented in the report, and are preserved according to policy, specifically:
 - 1. Verify the information in box 22 of the Form A
 - 2. Acknowledge review by signing supervisor's approval section
- (d) Supervisors responsible for department members who have been assigned BWCs shall conduct roll call training at least quarterly on BWC policy, expectations, use, and maintenance of BWC equipment, and document the training.
- (e) Supervisors shall ensure that a review of the BWC policy is conducted annually with their subordinates as part of the yearly employee evaluation report (E.R.) process.

410.4.5 SUPERVISOR RESPONSIBILITIES - CRITICAL INCIDENTS & USES OF FORCE

Some incidents require the immediate retrieval of BWC media to ensure proper chain of custody. Such incidents include, but are not limited to, the following:

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Body-Worn Camera (BWC) Systems

- (a) Discharge of a firearm by a department member
- (b) Any act or use of a weapon by a department member that proximately causes or contributes to death, great bodily injury, or injury likely to cause death
- (c) Any death of a person while in custody or under a department member's control
- (d) Incidents involving great bodily injury or death
- (e) Any incident deemed necessary by the jurisdictional agency head and agreed upon by the investigating agency head

Supervisors are required to do the following for such incidents:

- (a) Respond to the scene
- (b) Ensure the position/location of involved BWCs are documented and photographed
- (c) Retrieve and take custody of involved BWCs per Penal Code §832.18(b)(1) (unless the Force Investigations Detail or Central Homicide Unit is leading the investigation)
- (d) Ensure BWC data is uploaded and access is restricted per Penal Code §832.18(b)(1) (unless the Force Investigations Detail or Central Homicide Unit is leading the investigation)

Force Investigations Detail (FID) or Central Homicide Unit (CHU) staff will take custody of BWCs and upload BWC data for incidents they control. The applicable BWC footage may be uploaded using the priority upload feature at the discretion of FID or CHU.

For uses of force and critical incidents that do not involve serious bodily injury or death and will not be handled by FID or CHU, supervisors shall:

- (a) Ensure all personnel at the scene upload their BWC footage as soon as possible. Supervisors may authorize the use of the priority upload feature.
- (b) Watch all BWC footage prior to approving initial and supplemental reports

410.4.6 SUPERVISOR AND LIEUTENANT REVIEW

Supervisors are authorized to review relevant recordings any time to:

- (a) Investigate alleged misconduct
- (b) View or report meritorious conduct
- (c) Whenever such recordings would be beneficial in reviewing the department member's performance
- (d) Ensure all reports submitted for approval are factually consistent with the submitted BWC footage

Supervisors shall not review recordings for the sole purpose of searching for violations of department policy or law not related to a specific complaint or incident without the express permission from their lieutenant. Supervisors who view a recording containing what may be a violation of department policy are required to inform their immediate supervisor.

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Body-Worn Camera (BWC) Systems

- Viewing a recording under the provision(s) "a" through "d" (listed above) does not require a notation in the Digital Evidence Management System (DEMS).
- Viewing a recording outside the provision(s) "a" through "d" requires the lieutenant's prior approval and shall be noted in the DEMS.

Lieutenant Watch Commanders (aka Patrol Lieutenants) shall conduct a periodic random review of a representative sampling of BWC recordings from their patrol teams for quality assurance of public service. The sample size for a random review shall be no less than two unrelated recordings per work week.

- The lieutenant shall annotate the date, time, and purpose of the review within the DEMS for each recording.

410.5 BWC USER RESPONSIBILITIES

Prior to going into service for each assigned shift, department members assigned a BWC shall ensure the following:

- (a) The device is in working order
- (b) The battery is fully charged
- (c) The recordings from the prior shift are uploaded, and if not, upload and clear the memory in its entirety at the start of watch or before going into service

BWCs shall be stored in their charging dock at the end of the shift.

- (a) Department members who have been assigned a personal charging dock shall dock their BWCs to download the data prior to the start of their next shift.

410.5.1 MALFUNCTION

If the BWC is not in working order or the user becomes aware of a malfunction at any time, they shall:

- (a) Immediately notify a supervisor and request a replacement
- (b) Document the device malfunction in a department memorandum submitted to the station/bureau BWC Program Administrator for repair

If a malfunction occurred during a recorded incident, the malfunction and the related circumstances shall be documented in the report narrative.

410.5.2 SERVICEABILITY

Department members should monitor the device's effectiveness and make recommendations for operational improvements and/or policy revisions to the station BWC Program Administrator or bureau/station commander.

410.5.3 CONFIGURATION

Department members shall wear their assigned BWC in the following manner, with a focus on ensuring the device captures the optimum field of view:

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Body-Worn Camera (BWC) Systems

- (a) Personnel in uniform shall wear the BWC securely fastened in the mid-chest area / torso or in a similar manner
- (b) Personnel who are equipped with a helmet-mounted BWC may wear the device affixed to the helmet mount
- (c) Personnel not in uniform should wear the BWC device in a conspicuous manner

Plain-clothes officers working undercover or on sensitive assignments are exempt from this section, unless directed by the sheriff or designee.

410.5.4 DOCUMENTATION

The BWC is designed to supplement and corroborate written reports. **All** BWC users present or involved in an incident outlined in this policy where **any** BWC video has been recorded and where reports will be written shall document the existence in the following manner:

- (a) Complete box 22 on the Form A
- (b) Identify and articulate BWC use in the narrative of the incident report (or memorandum for events of department significance that do not require a report)
- (c) Upload the evidentiary video into the DEMS system with the corresponding file number

BWC recordings shall not replace investigative notes taken during an incident or at the scene. Department personnel are required to take detailed notes fully documenting the investigation of an incident. Support / back-up personnel shall make the primary deputy or investigator aware of the existence of their recording before reports are submitted. All BWC recordings related to cases submitted for criminal prosecution shall be uploaded into DEMS with the corresponding case number. Personnel should review relevant BWC footage prior to submitting incident reports on use of force cases or critical incidents.

If there is a failure to record an incident without justification, the department member may be subject to discipline.

If an incident does not require a crime report, but may result in a personnel complaint or create department liability (e.g., someone states or implies they are going to file a legal claim or complaint against the department, alleges wrongdoing by a member, or situations in which a member would reasonably expect a complaint or litigation claim to follow based on their training and experience), the existence of BWC recordings shall be detailed in a memorandum. Employees shall consult their supervisor if in doubt about what should initiate a memorandum. Once completed and approved, the memorandum shall be forwarded to the Professional Standards Bureau for archiving in the Pending Complaint/Civil Litigation suspense file. In addition, supervisors shall place a "Evidentiary" annotation (do not destroy - permanent retention) in the DEMS system to preserve the recording.

410.5.5 EVIDENCE AND STORAGE

Department members are required to upload and preserve **ALL** BWC video recordings regardless of criminal investigations and/or civil litigation.

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Body-Worn Camera (BWC) Systems

All users shall upload their device in its entirety at the end of each shift. If this is not possible, the on-duty supervisor shall be notified to determine if overtime should be used to allow for the upload of the device or if the department member will upload their BWC prior to going in service for their next scheduled shift.

BWC footage documented in a criminal report is deemed evidentiary and must be tagged with the associated file number. While all BWC data must be uploaded, its retention shall be in accordance with the Riverside County Retention Policy. Uploaded BWC data will ultimately be purged upon the expiration of the retention requirements. As a result, additional steps must be taken to preserve BWC data deemed as evidence. Personnel shall submit into DEMS the entirety of the BWC video(s) recorded by all personnel involved or related to a criminal investigation (all BWC videos must comply with the Criminal Discovery Statute [PC 1054.1 et seq]).

- (a) Personnel shall not edit, delete, or in any way manipulate BWC recordings relevant to any investigation
- (b) The primary deputy conducting a criminal investigation is responsible for identifying all personnel assisting with the initial investigation and using a BWC
- (c) Assisting personnel shall upload BWC evidence into DEMS and author a supplemental report
 - 1. The primary deputy will advise their immediate supervisor when this has not occurred after a reasonable period of time (see Report Preparation policy)

410.5.6 SURREPTITIOUS USE OF THE BWC

Department members shall not intentionally surreptitiously record another department member, or surreptitiously activate another department member's BWC, without a court order unless lawfully authorized by the sheriff or designee

Department members may surreptitiously record any conversation during the course of a criminal investigation in which they reasonably believe such recording will be lawful and beneficial to the investigation (Penal Code §633).

Department members and supervisors involved in the investigation of a personnel complaint against a member the department must inform complainants and witnesses they are being recorded.

410.5.7 VIDEO RECALL FEATURE

The AXON Video RECALL feature has been disabled as of October 25, 2023.

410.6 ACTIVATION OF THE BWC

This policy is not intended to describe every possible situation in which the BWC device should be used, although there are many situations where its use is appropriate.

While in service, without reasonable explanation, the BWC shall be kept in the READY mode. The BWC may be placed in SLEEP mode when the user is in a restroom, locker room, their personal residence or a department facility where prisoner or public contact is unlikely. However, it is the

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Body-Worn Camera (BWC) Systems

user's responsibility to return the BWC to READY mode before going back in service. Personnel should activate the recorder any time the department member believes it would be appropriate or valuable to record the incident.

In some circumstances it is not possible to capture images of the incident due to conditions or the location of the camera. However, audio portions can be valuable evidence and are therefore subject to the same activation requirements as recording video with the BWC.

Personnel are not required to obtain consent from a private person while in a public place or in a location where there is no reasonable expectation of privacy (e.g. inside a building or dwelling where the officer is lawfully present and engaged in the performance of official duties).

Unless unsafe or impractical, or mechanical issues impede the use of the BWC, personnel shall activate their BWC prior to making contact and at the early stages of any of the following situations (not an exhaustive list):

- (a) All enforcement and investigative contacts (e.g., traffic stops, pedestrian checks, flag-downs, consensual encounters, etc.)
- (b) All self-initiated enforcement activity in which a department member would normally notify Dispatch
- (c) Pursuits or failures-to-yield
- (d) Code 3 responses
- (e) All transportation (with certain exceptions as approved by a supervisor for long range transports in vehicles equipped with DVR/NVR such as in jail buses/vans)
- (f) Detentions or arrests, including the service of arrest and search warrants
- (g) Searching a person or property
- (h) Evaluation of possible mental illness or incapacity
- (i) Evaluation of being under the influence of drugs or alcohol
- (j) Field Sobriety Tests (FSTs)
- (k) Forced blood draws
- (l) Any adversarial contact, disputes, disturbances, or exhibition of threats of violence
- (m) Use of force
- (n) When viewing items or witnessing events of evidentiary value
 - 1. The BWC device should not be used as a substitute for properly collecting and documenting items of physical evidence or replace the need to take still photographs or digital images of injuries, property damage, or other best evidence
 - 2. BWC footage cannot be edited to only show items of evidentiary value; the entire video must be uploaded/booked
- (o) Witness and suspect interviews

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Body-Worn Camera (BWC) Systems

- (p) Victim interviews
 - 1. Personnel should consider the effect that recording a victim during a sensitive interview could have on the overall quality of the interview (i.e., evaluate whether obtaining the victim's recorded statement with their objection is more important than not obtaining a statement at all)
 - i. Factors to consider:
 - Seriousness of the crime / injuries
 - Likelihood of the victim's statements being used in court
 - Likelihood of the victim recanting
 - Likelihood of the victim being unavailable to testify at a later time
 - 2. If a victim refuses to be recorded, the value of obtaining a statement should take priority over recording the statement
- (q) When directed by a supervisor
- (r) When handling any in-person complaint or engagement that may lead to civil litigation (e.g., someone states or implies they are going to file a legal claim or complaint against the department, alleges wrongdoing by a member, or situations in which a member would reasonably expect a complaint or litigation claim to follow)
- (s) Any call for service involving a crime where the BWC may aid in the apprehension and/or prosecution of a suspect
- (t) Any other circumstances where the department member believes that a recording of an incident would appropriate

If the immediate activation of the BWC is not feasible due to an imminent risk to the safety of the member or others, the member shall activate the BWC as soon as practical after the threat which prevented activation has been addressed.

410.6.1 PRACTICAL CONSIDERATIONS

In cooperation with the District Attorney's Office, the department makes every effort to protect personal/confidential employee information from BWC evidence prior to releasing to the defense. However, department members should always remain mindful to protect personal, confidential, or sensitive information from being recorded during BWC usage. As such, personnel are reminded:

- (a) Assume everything is being recorded
- (b) Maintain professionalism at all times
- (c) Protect confidential/sensitive information
- (d) Do not discuss tactics or thoughts/impressions
- (e) Do not talk to or about a confidential informant
- (f) Do not access CII's in front of the camera
- (g) Do not record login/password information for cell phones, office computer, evidence room, etc

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Body-Worn Camera (BWC) Systems

- (h) Do not text, speak, or joke with peers, family, or friends
- (i) Do not use in a restroom or locker room
- (j) Do not record protected conversations without explicit consent from all parties (e.g., attorneys, clergy, medical professionals, etc. per Penal Code §636)
- (k) Do not use a BWC to reenact an unrecorded event (e.g., finding evidence) unless that it is audibly explained during the recording and is documented in the incident report

If BWC recordings that will be submitted as evidence contain any of the above listed items, the department member should inform their immediate supervisor. The District Attorney's Office should be alerted to the fact that sensitive or confidential information is contained in any BWC video so that it can be reviewed and redacted as appropriate and allowed by law. For non-evidentiary inadvertent recordings, department personnel may request the specific incident to be deleted. This shall be documented in a memorandum and sent to the respective commander via chain of command.

410.7 STOPPING RECORDINGS

Once activated, the BWC device should record continuously until the department member reasonably believes their direct participation in the incident is complete or the situation no longer fits the criteria for activation (i.e., policy requirements to record or not record particular situations/ events). Provisions for stopping recordings are outlined in this section. Whenever practicable, personnel should state the reasons the recording is being stopped prior to deactivating the BWC. Personnel shall resume recording after the reason for stopping it has ended, and shall state the reasons for stopping it after it is reactivated. All such deactivations shall be documented in the incident report (or a memorandum if an incident does not require a report).

410.7.1 SENSITIVE INFORMATION

BWCs may be placed in the MUTE mode under the following circumstances:

- (a) During conversations involving:
 - 1. Tactics
 - 2. Intelligence
 - 3. Sensitive information
 - 4. Officer safety
- (b) During conversations with:
 - 1. Confidential informants
 - 2. Victims experiencing emotional distress from the use of the BWC
- (c) When it reasonably appears privacy outweighs any legitimate law enforcement interest in video recording
 - 1. Other means to record audio should be used when necessary and feasible

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Body-Worn Camera (BWC) Systems

410.7.2 PROTECTED COMMUNICATION

BWCs shall be in SLEEP mode whenever necessary to ensure conversations are not recorded between a person in custody and their attorney, religious advisor, or physician/medical professional unless there is explicit consent from all parties to the conversation (Penal Code §636).

Unless a person in custody is combative or demonstrating violent behavior, BWCs shall not be activated, or must be turned off, in the following or similar circumstances :

- (a) A health care provider discussing personal medical issues with a patient
- (b) Personal medical issues are being discussed with EMTs/paramedics while responding to personal accidents/medical illnesses and there is no criminal evidentiary value in the recording (e.g., patient is not a victim of a crime or suspected of committing a crime)
- (c) Okay to book processes

410.7.3 EXPLOSIVE DEVICE

Many portable recorders, including BWCs and audio/visual transmitters, emit radio waves that could trigger an explosive device. Therefore, BWCs should not be used where an explosive device may be present.

410.8 PROHIBITED USE

Department members are prohibited from using department-issued BWCs for personal use or non-work-related activities, and are prohibited from making personal copies of recordings created while on-duty or while acting in their official capacity.

All recordings made by department members on any recording device, and any recording made while acting in an official capacity for the department, regardless of the ownership of the device it was made on, shall remain the property of the Riverside County Sheriff's Department. Department members shall have no expectation of privacy or ownership interest in the content of these recordings.

Department members shall not electronically record, copy, possess, alter, or disseminate BWC recordings unless it is imperative in the continuance of a criminal or administrative investigation, and/or compliance with a legal demand or CPRA request.

Copies made as evidence will be tagged and secured in accordance with policy.

Copies made for non-evidentiary purposes shall be approved in advance by the station/bureau commander. Department members shall not obtain or attempt to obtain copies for their personal use or the personal use of others. Personnel shall not share, disclose, or acquire any information obtained from a BWC recording unless in the course of their official capacity and duties.

410.9 LOCATIONS OF PRIVACY

The following are locations in which a reasonable expectation of privacy exists:

- (a) Residence – Private citizens have a reasonable expectation of privacy within their own homes. However, when law enforcement officers are lawfully present in a private residence during a criminal investigation or under exigent circumstances,

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Body-Worn Camera (BWC) Systems

this expectation of privacy no longer exists. Therefore, personnel may initiate BWC recordings, when in private residence under these circumstances, per the recording protocols.

- (b) Medical Facilities – Personnel should avoid initiating a BWC recording in a medical facility where persons are receiving treatment unless conducting a criminal investigation or responding to exigent circumstances. If medical staff request that a department employee not record while inside a medical facility, and no permissible justification exists, recording may stop.
- (c) Jail Facilities – Personnel should avoid recording in a jail facility unless they are performing a criminal investigation or responding to exigent circumstances. Personnel should continue to record whenever they bring an arrestee into the jail for booking who is displaying uncooperative or hostile behavior until the point the person is removed from their presence. Requests to otherwise record within any jail facility shall be approved by a jail commander or designee prior to the event. Department members who enter any jail facility while recording shall notify jail staff.
- (d) Restrooms, Dressing Rooms, Locker Rooms – Department members shall not initiate recordings inside restrooms, dressing rooms, or locker rooms unless they are conducting a criminal investigation or responding to exigent circumstances.
- (e) Courthouse Assignments - Recording within a courthouse is at the discretion of the presiding judge. Department personnel shall follow the guidelines within the Rules of Court, Rule 1.150. Constant recording of day-to-day proceedings should not be done, but specific events that are of interest to the department consistent with the goals of our BWC program may be recorded.
 - 1. Court assigned personnel should activate their BWC device when:
 - i. Acts of aggression begin on the part of the public, inmate, or a defendant
 - ii. Witnessing violations of court rules that may result in expulsion from the courtroom
 - iii. Before taking any enforcement action anywhere in the building
 - 2. The presiding judge should be informed of the recording as soon as practical
 - 3. Department court assigned personnel shall not activate their BWC device to record:
 - i. Attorney/Client communications
 - ii. Witnesses, jurors, or minors who are acting lawfully
 - 4. Jury selection, in-chambers proceedings, Pitchess Motion proceedings, or court staff meetings

410.10 VIEWING OF BWC RECORDINGS

As mentioned in section 410.7, all recorded media, images and audio from the BWC device are property of the Riverside County Sheriff's Department and shall not be copied, released, or disseminated in any form or manner beyond the parameters of this policy without the express

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)

written consent of the Sheriff, subject to CalEPCA (California Electronic Communications Privacy Act) requirements.

Although data captured by the BWC device is not considered criminal offender records information (CORI), it shall be treated in the same manner as CORI data. All access to the system is logged and subject to audit at any time. Access to the data from the system is permitted on a right to know, need to know basis.

In no event shall any recording be used or shown to ridicule, harass, threaten, embarrass or extort any employee.

410.10.1 LIMITATIONS OF VIDEO RECORDINGS

When reviewing BWC recordings, department members must understand the limitations of video recordings. Generally, BWC and other video recordings:

- (a) Record only a portion of an incident and lack the context of the entire event
 - 1. Personnel may see or hear things that are not captured by the camera
- (b) Often have a frame rate that is slower than the action being recorded, which can leave out significant aspects of an incident
- (c) Are two-dimensional representations of incidents from a particular perspective, and tend to distort distance and other factors associated with depth perception
- (d) Do not authentically record light levels and do not necessarily represent what people would perceive
- (e) Do not account for neurological factors that may skew, alter, or suppress perception and memory
 - 1. Mechanical processing of information differs from human processing, which may prevent recordings from exactly matching what a person sees and/or hears during a critical incident
 - 2. Such differences pertain to field of view, focus of attention, and interpretation of perceived information

410.10.2 GENERAL VIEWING PROVISIONS

BWC recordings may be viewed by department personnel in the following situations:

- (a) To test the BWC device to ensure it is working properly
- (b) For use when preparing reports
 - 1. Personnel may view other employees' recordings of a non-critical incident to complete reports
- (c) By an investigator in the course of a criminal investigation
- (d) Prior to courtroom or deposition testimony

410.10.3 CRITICAL INCIDENT & ADMINISTRATIVE VIEWING PROVISIONS

Objective reasonableness is the foundation for judging law enforcement decisions and actions. It is crucial to acknowledge human perception and reality do not always align, and that each must be taken into consideration to obtain the totality of the circumstances in each case. The intent of any investigation is to obtain sufficient facts to develop a full understanding of what occurred. An interactive process can be the most effective means for accomplishing this as it accounts for the non-linear process of memory recollection. Therefore, viewing video recordings after a critical incident may assist department members in providing a more thorough representation of what occurred by allowing for additional comments and reconciling any discrepancies or omissions from initial statements. With this in mind, department members may:

- (a) View their own video recordings prior to providing a statement pursuant to an administrative inquiry or investigation, including the administrative component of critical incidents
- (b) View their own video recordings prior to providing a statement about a critical incident (e.g., deputy-involved shooting, use of force, etc.)
 - 1. This does not apply to making a public safety statement

Department members may also:

- (a) View other video recordings at the discretion of the lead administrative or criminal investigator
 - 1. The determination to allow the viewing of an alternative video recording should be weighed against the totality of the circumstances to ensure the most accurate recollection of the incident and assist in establishing a true reflection of the incident

410.10.4 TRAINING

Recordings may generally not be shown for training purposes. The sheriff, or designee, has final decision-making authority to release BWC video for training purposes. The Training and Education Bureau, Advanced Officer Training (AOT) staff may evaluate BWC footage for training purposes with prior approval from the Training and Education Bureau commander. Prior to use of any video, the involved department member(s) should be advised of the release for the limited purposes of training. When an involved department member objects to their image being shown, the department will edit the video to conceal their identity.

In addition to quarterly roll-call training and an annual review during the E.R. process, department members will receive BWC use and policy training at Perishable Skills Program training (PSP) provided by the Ben Clark Training Center.

410.10.5 AXON CAPTURE APP

Any evidence collected with a mobile phone shall be collected via the Axon Capture App.

410.11 IDENTIFICATION AND PRESERVATION OF RECORDINGS

To assist with identifying and preserving recordings, members shall use the DEMS to upload and tag, categorize, and annotate them in accordance with proper procedure; and document their existence in any related report.

A member shall tag, categorize, and/or annotate recordings when the member reasonably believes:

- (a) The recording contains evidence relevant to potential criminal, civil, or administrative matters
- (b) A complainant, victim, or witness has requested non-disclosure
- (c) A complainant, victim, or witness has not requested non-disclosure, but the disclosure of the recording may endanger the person
- (d) Disclosure may be an unreasonable violation of someone's privacy
- (e) Medical or mental health information is contained
- (f) Disclosure may compromise an undercover deputy / officer or confidential informant

Anytime a member reasonably believes a recorded contact may be beneficial in a non-criminal matter (e.g., a hostile contact), the member should promptly notify a supervisor of the existence of the recording.

410.12 RETENTION AND RELEASE OF RECORDINGS

All recordings not initially identified as evidence will be maintained as records of investigation for a period of twenty-six (26) months in compliance with California Government Code Section 26202.6 and as provided in the current records retention schedule approved by the Board of Supervisors pursuant to Board Policy A-13, unless a need arises to keep individual records for a longer period (such as an auditing function, active or likely litigation, formal litigation hold or records request, department head certification as to specified business need, etc.).

Penal Code 832.18 requires the following to be retained for a minimum of two years; however, the department shall retain all BWC recordings for twenty-six (26) months in compliance with Board Policy A-13:

- (a) Incidents involving the use of force
- (b) Deputy-involved shootings
- (c) In-custody deaths
- (d) Incidents that lead to the detention or arrest of an individual
- (e) Recordings relevant to a formal or informal complaint against a department member

Records of access and deletion should be retained permanently (Penal Code § 832.18).

All recordings are investigative records and should be reviewed prior to public release. The CPRA Unit may alter/edit recordings in order to protect the personal identity or information of uninvolved persons, juveniles, or other confidential information prior to release. The CPRA Unit will be the

final approval authority for editing and releasing BWC recordings in the satisfaction of CPRA and allied agency requests.

- (a) CPRA Requests - All recording releases pursuant to the California Public Records Act, via court order, or subpoena, shall be handled by the Sheriff's CPRA Unit.
- (b) Media Inquiries – Inquires or requests for BWC recordings shall be received and processed in accordance with the Records Maintenance and Release Policy and the Media Relations Policy.
- (c) Allied Agency Requests - All allied agency requests, both criminal and administrative, outside of a media or CPRA request require departmental approval. Requests related to criminal cases require a station commander approval and must be accompanied by a report (can be an Assist Other Department / AOD). Administrative requests shall be handled by the Professional Standards Bureau (PSB) and released at the PSB commander's approval.
 - 1. This approval process is not required for criminal cases sent to the District Attorney's Office for review and prosecution.

All requests for the release of recordings will be handled in accordance with applicable state and federal laws.

- (a) All recordings must be reviewed for necessary redaction to comply with legal mandates such as Marcy's Law and juvenile matters.
- (b) Recordings that unreasonably violate a person's privacy or sense of dignity should not be publicly released unless disclosure is required by law or order of the court.
 - 1. When doubt exists about release of questionable BWC recordings, a station/bureau commander should consult with PSB and the CPRA unit for direction

Department members involved in critical incidents should be notified prior to the public release of BWC footage.

410.12.1 CORONER'S RELEASE PROVISION

The Coroner is required by law to be provided BWC footage and any other photos and videos to help determine manner, mode and cause of death. The case agent shall ensure that the Coroner's Office is provided with BWC video meeting the criteria described within the following section:

- (a) Any police reports, crime scene or other information, videos, or laboratory tests that are in the possession of law enforcement and are related to a death that is incident to law enforcement activity shall be made available to the physician and surgeon who conducts the autopsy prior to the completion of the investigation of the death (California Government Code § 27522(g)).

410.12.2 CRITICAL INCIDENTS

Refer to the Records Maintenance and Release policy for definitions, timeframes, and additional provisions for releasing audio and/or video recordings related to a critical incident.

410.12.3 DMV DUI ADMIN-PER-SE HEARINGS

The department regularly receives subpoenas for BWC footage related to DUI investigations that result in an Admin-Per-Se hearing. All subpoenas shall be forwarded to the Information Services Bureau (ISB) for processing. ISB personnel will review the BWC footage and determine if it is eligible and appropriate for release. The reviewing ISB staff member shall forward the authorization or denial request to the ISB Commander for final disposition. The commander's approval or denial shall be entered into the notes section for the requested BWC file by the ISB staff member handling the subpoena.

Public Recording of Law Enforcement Activity

411.1 PURPOSE AND SCOPE

This policy provides guidelines for handling situations in which members of the public photograph or audio/video record law enforcement actions and other public activities that involve members of this department. In addition, this policy provides guidelines for situations where the recordings may be evidence.

411.2 POLICY

The Riverside County Sheriff's Department recognizes the right of persons to lawfully record members of this department who are performing their official duties. Members of this department will not prohibit or intentionally interfere with such lawful recordings. Any recordings that are deemed to be evidence of a crime or relevant to an investigation will only be collected or seized lawfully.

Deputies should exercise restraint and shall not arbitrarily prevent someone from exercising the right to record members performing their official duties, regardless of their purpose for doing so. Our Code of Ethics includes a duty and promise to respect the Constitutional rights of all.

411.3 RECORDING LAW ENFORCEMENT ACTIVITY

Members of the public who wish to record law enforcement activities are limited only in certain aspects.

- (a) Recordings may be made from any public place or any private property where the individual has the legal right to be present (Penal Code § 69; Penal Code § 148).
- (b) Beyond the act of photographing or recording, individuals may not interfere with the law enforcement activity. Examples of interference include, but are not limited to:
 - 1. Tampering with a witness or suspect.
 - 2. Inciting others to violate the law.
 - 3. Being so close to the activity as to present a clear safety hazard to the deputies.
 - 4. Being so close to the activity as to interfere with a deputy's effective communication with a suspect or witness.
- (c) The individual may not present an undue safety risk to the deputies, him/herself or others.

411.4 DEPUTY RESPONSE

Deputies should promptly request that a supervisor respond to the scene whenever it appears that anyone recording activities may be interfering with an investigation or it is believed that the recording may be evidence. If practicable, deputies should wait for the supervisor to arrive before taking enforcement action or seizing any cameras or recording media.

Whenever practicable, deputies or supervisors should give clear and concise warnings to individuals who are conducting themselves unlawfully. Accompanying the warnings should be

Public Recording of Law Enforcement Activity

clear directions on what a person can do to be compliant; directions should be specific enough to allow compliance. For example, rather than directing an individual to 'clear the area', a deputy could advise the person that he/she may continue observing and recording from the sidewalk across the street.

On-duty Department members being recorded should:

- Consider requesting or assigning cover officers to secure a safe area of operation and notifying videographers of an alternate location designated for them
- Avoid approaching a videographer unless a crime has been committed, or to ask them to move to another area
- Avoid asking for identification unless they have consented to a consensual encounter or they are being detained for a lawful reason
- Avoid engaging in arguments or debates with videographers
- Avoid making unnecessary or antagonistic comments to videographers
- Avoid appearing angry or annoyed by their presence or recording
- Avoid demanding to view their recorded material, or demanding that it be deleted
- Avoid seizing and/or searching devices unless a 4th Amendment Constitutional standard has been reached for a search or seizure
- Provide name and ID number if requested, and that of the shift supervisor if requested
- Remain knowledgeable about the elements of Penal Code sections 69, 148, 602, and other sections relevant to adversarial encounters with onlookers or videographers

If an arrest or other significant enforcement activity is taken as the result of a videographer that interferes with law enforcement activity, deputies shall document in a report the nature and extent of the interference or other unlawful behavior and the warnings that were issued. Any and all BWC video shall be submitted as evidence.

411.5 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to the scene when requested or any time the circumstances indicate a likelihood of interference or other unlawful behavior.

The supervisor should review the situation with the deputy and:

- (a) Request any additional assistance as needed to ensure a safe environment.
- (b) Take a lead role in communicating with individuals who are observing or recording regarding any appropriate limitations on their location or behavior. When practical, the encounter should be recorded.
- (c) When practicable, allow adequate time for individuals to respond to requests for a change of location or behavior.
- (d) Ensure that any enforcement, seizure or other actions are, or were, constitutional and consistent with this policy and state law.

Riverside County Sheriff's Department

Public Recording of Law Enforcement Activity

- (e) Explain alternatives for people who wish to express concern about the conduct of Department members, such as how and where to file a complaint, or explaining our reasoning and purpose for a particular action taken.

411.6 SEIZING RECORDINGS AS EVIDENCE

Deputies should not seize recording devices or media unless (42 USC § 2000aa):

- (a) There is probable cause to believe the person recording has committed or is committing a crime to which the recording relates, and the recording is reasonably necessary for prosecution of that person or of another suspect or crime that was recorded by the device in their possession.
 - 1. Absent exigency or consent, a warrant should be sought before seizing or viewing such recordings. Reasonable steps may be taken to prevent erasure of the recording.
- (b) There is reason to believe that the immediate seizure of such recordings is necessary to prevent serious bodily injury or death of any person.
- (c) The person consents.
 - (a) To ensure that the consent is voluntary, the request should not be made in a threatening or coercive manner and the consent should be recorded when possible.
 - (b) If the original recording is provided, a copy of the recording should be provided to the recording party, if practicable. The recording party should be permitted to be present while the copy is being made, if feasible. Another way to obtain the evidence is to transmit a copy of the recording from a device to a department-owned device.

Recording devices and media that are seized will be submitted within the guidelines of all property and evidence policies.

Automated License Plate Readers

412.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance for the capture, storage and use of digital data obtained through the use of Automated License Plate Reader (ALPR) technology.

412.2 POLICY

The policy of the Riverside County Sheriff's Department is to utilize ALPR technology to capture and store digital license plate data and images while recognizing the established privacy rights of the public.

All data and images gathered by the ALPR are for the official use of this department. Because such data may contain confidential information, it is not open to public review.

412.3 ADMINISTRATION

The ALPR technology, allows for the automated detection of license plates. It is used by the Riverside County Sheriff's Department to convert data associated with vehicle license plates for official law enforcement purposes, including identifying stolen or wanted vehicles, stolen license plates and missing persons. It may also be used to gather information related to arrest warrants, homeland security, electronic surveillance, suspect interdiction and stolen property recovery.

All installation and maintenance of ALPR equipment, as well as ALPR data retention and access, shall be managed by the Support Services Chief Deputy. This chief deputy will assign members under his/her command to administer the day-to-day operation of the ALPR equipment and data.

412.3.1 ALPR ADMINISTRATOR

The Support Services Chief Deputy shall be responsible for developing guidelines and procedures to comply with the requirements of Civil Code § 1798.90.5 et seq. This includes, but is not limited to (Civil Code § 1798.90.51; Civil Code § 1798.90.53):

- (a) A description of the job title or other designation of the members and independent contractors who are authorized to use or access the ALPR system or to collect ALPR information.
- (b) Training requirements for authorized users.
- (c) A description of how the ALPR system will be monitored to ensure the security of the information and compliance with applicable privacy laws.
- (d) Procedures for system operators to maintain records of access in compliance with Civil Code § 1798.90.52.
- (e) The title and name of the current designee in overseeing the ALPR operation.
- (f) Working with the Custodian of Records on the retention and destruction of ALPR data.
- (g) Ensuring this policy and related procedures are conspicuously posted on the department's website.

412.3.2 PUBLIC HEARING

Before implementing the current ALPR program within Riverside County, the department invited public opinion on the matter during an open meeting of the Riverside County Board of Supervisors in late 2017.

412.4 OPERATIONS

Use of an ALPR is restricted to the purposes outlined below. Department members shall not use, or allow others to use the equipment or database records for any unauthorized purpose (Civil Code § 1798.90.51; Civil Code § 1798.90.53).

- (a) An ALPR shall only be used for official law enforcement business.
- (b) An ALPR may be used in conjunction with any routine patrol operation or criminal investigation. Reasonable suspicion or probable cause is not required before using an ALPR.
- (c) While an ALPR may be used to canvass license plates around any crime scene, particular consideration should be given to using ALPR-equipped cars to canvass areas around homicides, shootings and other major incidents. Partial license plates reported during major crimes should be entered into the ALPR system in an attempt to identify suspect vehicles.
- (d) No member of this department shall operate ALPR equipment or access ALPR data without first completing department-approved training. This training will be facilitated via the DocRead format and will cover general ALPR use, legal requirements, privacy issues, and data collection and destruction guidelines.
- (e) No ALPR operator may access department, state or federal data unless otherwise authorized to do so.
- (f) If practicable, the deputy should verify an ALPR response through the California Law Enforcement Telecommunications System (CLETS) before taking enforcement action that is based solely on an ALPR alert.

412.4.1 REPORT WRITING

The ALPR EDP code shall be used as a secondary EDP and is required on any written report where ALPR technology was effectively utilized during an investigation. For example, if an abandoned stolen vehicle is located via a notification from the ALPR system, the recovery should be documented as a Stolen Vehicle Recovery and the corresponding EDP for the recovery should be first on the Form A. On the second line of the Form A, "ALPR" should be entered in the offense section and "25T1-N" should be entered in the EDP code section. This practice will ensure proper identification of ALPR-related incidents and crime trends.

412.5 DATA COLLECTION AND RETENTION

The Support Services Chief is responsible for ensuring systems and processes are in place for the proper collection and retention of ALPR data. Data will be transferred from vehicles to the designated storage in accordance with department procedures.

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)

Automated License Plate Readers

All ALPR data downloaded to the server should be stored for a minimum of one year (Government Code § 34090.6) and in accordance with the established records retention schedule. Thereafter, ALPR data should be purged unless it has become, or it is reasonable to believe it will become, evidence in a criminal or civil action or is subject to a discovery request or other lawful action to produce records. In those circumstances the applicable data should be downloaded from the server onto portable media and booked into evidence.

412.6 ACCOUNTABILITY

All data will be closely safeguarded and protected by both procedural and technological means. The Riverside County Sheriff's Department will observe the following safeguards regarding access to and use of stored data (Civil Code § 1798.90.51; Civil Code § 1798.90.53):

- (a) All ALPR data downloaded to the mobile workstation and in storage shall be accessible only through a login/password-protected system capable of documenting all access of information by name, date and time (Civil Code § 1798.90.52).
- (b) Members approved to access ALPR data under these guidelines are permitted to access the data for legitimate law enforcement purposes only, such as when the data relates to a specific criminal investigation or department-related civil or administrative action. Department members shall only use their own assigned username and password when accessing any ALPR system. Department members shall include an identifiable justification, such as a file number, when accessing ALPR data.
- (c) Any printed ALPR information must be destroyed using a secure method. No materials shall be disposed of in regular trash or recycling containers.
- (d) NO ALPR data shall be given, sold, shared or otherwise transferred to any unauthorized party.
- (e) ALPR system audits should be conducted on a regular basis.
- (f) Any breach or unauthorized or unintentional release of any ALPR information shall be immediately reported to the Support Services Chief Deputy.

412.6.1 DATA SECURITY AND RETENTION

- (a) Electronic data gathered during ALPR usage is the property of the Riverside County Sheriff's Department. The approved ALPR vendor will maintain responsibility for adherence to protocols involving information security in accordance with FBI CJIS security policy. The approved vendor will also be responsible for executing retention and/or deletion routines of electronically stored data as specified by the Riverside County Records Management and Archive Policy and in compliance with applicable laws.
- (b) Authorized Department vendors with access to systems containing ALPR data shall maintain reasonable security procedures and practices, including operational, administrative, technical, and physical safeguards, to protect ALPR information from unauthorized access, destruction, use, modification, or disclosure.

- (c) Sheriff's TSB will require that ALPR login and query records are retained for a period of two years unless the information has been requested for investigative or other legal reasons. Any records retained must contain, at a minimum, the following information:
 - (a) The date and time ALPR information was accessed;
 - (b) The username of the person who accessed the information;
 - (c) The license plate number or other data elements used to query the ALPR system;
 - (d) The stated purpose for accessing the information.
- (d) ALPR records retained by the Department will be maintained, safeguarded, and purged according to all applicable laws and policies. Consistent with Government Code § 26202 and Riverside County Records Management and Archive Policy A-43, raw ALPR information will be retained for a period of two years and then be deleted. ALPR data that may be needed for active or probable litigation, is the subject of an active public records request, or is needed for auditing purposes shall be maintained until the underlying matters are fully resolved before being deleted. ALPR information documented in criminal and/or administrative reports will follow the same retention period as the report. ALPR information placed in evidence will remain secured as evidence until destroyed per Department policy. Deletion of ALPR data will follow the steps specified pursuant to Board of Supervisors policy and in accordance with the Sheriff Department's records retention schedule.

412.6.2 CUSTODIAN OF RECORD

The Commander of TSB, acting on behalf of the Riverside County Sheriff's Department, is responsible for implementing the provisions of this usage and privacy policy as the official custodian/owner of the ALPR system, and ALPR information covered herein.

412.7 RELEASING ALPR DATA

The ALPR data may be shared only with other law enforcement or prosecutorial agencies for official law enforcement purposes or as otherwise permitted by law, using the following procedures:

- (a) The agency makes a written request for the ALPR data that includes:
 - 1. The name of the agency.
 - 2. The name of the person requesting.
 - 3. The intended purpose of obtaining the information.
- (b) The request is reviewed by the affected commander or the authorized designee and approved before the request is fulfilled.
- (c) The approved request is retained on file.

Requests for ALPR data by non-law enforcement or non-prosecutorial agencies will be processed as provided in the Records Maintenance and Release Policy (Civil Code § 1798.90.55). Public record requests for ALPR data shall be routed to the CPRA Unit for disposition.

412.8 TRAINING

The department will ensure the presentation of department-approved training to those authorized to use or access the ALPR system (Civil Code § 1798.90.51; Civil Code § 1798.90.53).

Crime and Disaster Scene Integrity

413.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance in handling a major crime or disaster.

413.2 POLICY

It is the policy of the Riverside County Sheriff's Department to secure crime or disaster scenes so that evidence is preserved, and to identify and mitigate the dangers associated with a major crime or disaster scene for the safety of the community and those required to enter or work near the scene.

413.3 SCENE RESPONSIBILITY

The first deputy at the scene of a crime or major incident is generally responsible for the immediate safety of the public and preservation of the scene. Deputies shall also consider officer safety and the safety of those persons entering or exiting the area, including those rendering medical aid to any injured parties. Once a deputy has assumed or been assigned to maintain the integrity and security of the crime or disaster scene, the deputy shall maintain the crime or disaster scene until he/she is properly relieved by a supervisor or other designated person. A critical incident log will be started and passed on to the relief deputy until the scene has been processed and the investigation is complete.

413.4 FIRST RESPONDER CONSIDERATIONS

The following list generally describes the first responder's function at a crime or disaster scene. This list is not intended to be all-inclusive, is not necessarily in order and may be altered according to the demands of each situation:

- (a) Broadcast emergency information, including requests for additional assistance and resources.
- (b) Provide for the general safety of those within the immediate area by mitigating, reducing or eliminating threats or dangers.
- (c) Locate or identify suspects and determine whether dangerous suspects are still within the area.
- (d) Provide first aid to injured parties if it can be done safely.
- (e) Evacuate the location safely as required or appropriate.
- (f) Secure the inner perimeter.
- (g) Protect items of apparent evidentiary value.
- (h) Secure an outer perimeter.
- (i) Identify potential witnesses.
- (j) Start a chronological log noting critical times and personnel allowed access.

Crime and Disaster Scene Integrity

413.5 SEARCHES

Deputies arriving at crime or disaster scenes are often faced with the immediate need to search for and render aid to victims, and to determine if suspects are present and continue to pose a threat. Once deputies are satisfied that no additional suspects are present and/or there are no injured persons to be treated, those exigent circumstances will likely no longer exist. Deputies should thereafter secure the scene and conduct no further search until additional or alternate authority for the search is obtained, such as consent or a search warrant.

413.5.1 CONSENT

When possible, deputies should seek written consent to search from authorized individuals. However, in the case of serious crimes or major investigations, it may be prudent to also obtain a search warrant. Consent as an additional authorization may be sought, even in cases where a search warrant has been granted.

413.6 EXECUTION OF HEALTH ORDERS

Any sworn member of this department is authorized to enforce all orders of the local health officer that have been issued for the purpose of preventing the spread of any contagious, infectious or communicable disease (Health and Safety Code § 120155).

Medical Aid / Naloxone / AED Protocols

414.1 PURPOSE AND SCOPE

This policy recognizes that members often encounter persons in need of medical aid and establishes a law enforcement response to such situations.

414.2 POLICY

It is the policy of the Riverside County Sheriff's Department that all deputies and other designated members be trained to provide emergency medical aid and to facilitate an emergency medical response. Members shall also maintain certification in accordance with guidelines established by the California Commission on Peace Officer Standards and Training (POST) or by the California Standards and Training for Corrections (STC).

414.3 FIRST RESPONDING MEMBER RESPONSIBILITIES

Whenever practicable, members should take appropriate steps to provide initial medical aid (e.g., first aid, CPR, use of an automated external defibrillator (AED)) in accordance with their training and current certification levels. This should be done for those in need of immediate care and only when the member can safely do so.

Prior to initiating medical aid, the member should contact dispatch and request response by Emergency Medical Services (EMS) as the member deems appropriate.

Members should follow universal precautions when providing medical aid, such as wearing gloves and avoiding contact with bodily fluids, consistent with the Communicable Diseases Policy. Members should use a barrier or bag device to perform rescue breathing. Each patrol car is equipped with a department approved emergency medical-aid trauma bag that should be kept at the ready and may be used whenever citizens or deputies need first-aid. Each correctional facility shall use the medical-aid equipment provided within the facility.

When requesting EMS, the member should provide dispatch with information for relay to EMS personnel in order to enable an appropriate response, including:

- (a) The location where EMS is needed.
- (b) The nature of the incident.
- (c) Any known scene hazards.
- (d) Information on the person in need of EMS, such as:
 - 1. Signs and symptoms as observed by the member.
 - 2. Changes in apparent condition.
 - 3. Number of patients, sex, and age, if known.
 - 4. Whether the person is conscious, breathing, and alert, or is believed to have consumed drugs or alcohol.

Medical Aid / Naloxone / AED Protocols

5. Whether the person is showing signs or symptoms of extreme agitation or is engaging in violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics and impervious to pain.

Members should stabilize the scene whenever practicable while awaiting the arrival of EMS and may consider assigning other deputies or civilians to meet EMS at a general location to direct them to the exact location.

Members should not direct EMS personnel whether to transport the person for treatment.

414.4 TRANSPORTING ILL AND INJURED PERSONS

Except in extraordinary cases where alternatives are not reasonably available, members should not transport persons who are unconscious, who have serious injuries or who may be seriously ill. EMS personnel should be called to handle patient transportation.

Deputies shall search any person who is in custody before releasing that person to EMS for transport.

A deputy shall accompany any person in custody during transport in an ambulance when;

- requested by EMS personnel
- it appears necessary to provide security
- it is necessary for investigative purposes
- so directed by a supervisor

The on-scene deputy or supervisor should also determine if a CSO is the appropriate escort after considering the persons behavior, criminal offenses and statements.

Members shall not provide emergency patrol car escort for medical transport or civilian vehicles.

414.5 PERSONS REFUSING EMS CARE

If a person who is not in custody refuses EMS care or refuses to be transported to a medical facility, a deputy shall not force that person to receive care or be transported. However, members may assist EMS personnel when EMS personnel determine the person lacks mental capacity to understand the consequences of refusing medical care or to make an informed decision about how the lack of immediate medical attention may result in serious bodily injury or in the person's death.

In cases where mental illness may be a factor, the deputy should consider proceeding with a 72-hour treatment and evaluation commitment (5150 commitment) process in accordance with law and department policies.

If a deputy believes that a person who is in custody requires EMS care and the person refuses, he/she should encourage the person to receive medical treatment. The deputy may also consider contacting a family member to help persuade the person to agree to treatment or who may be able to authorize treatment for the person.

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Medical Aid / Naloxone / AED Protocols

If the person still refuses, the deputy will require the person to be transported to the nearest medical facility. In such cases, the deputy should consult with a supervisor prior to the transport.

Department members shall not sign refusal-for-treatment forms or forms accepting financial responsibility for treatment. Department members shall not speculate or promise who will, or will not be, financially responsible for such medical transportation or treatment. Responsibility for payment will be determined at a later time and shall not be discussed or otherwise used as leverage when the patient or arrestee is deciding to accept or deny treatment. The patient or arrestee is free to discuss this matter directly with the transportation company or medical facilities.

Regarding refusal of medical care within a correctional facility, please refer to Corrections Division Policy and Procedure sect 508.6.

414.6 MEDICAL ATTENTION RELATED TO THE USE OF FORCE

Other department policies refer to the providing of medical attention following the use of force by a member of this department. Some of these policy specifics include considerations unique to the use of certain restraint techniques or approved defensive weapon systems. In general, all department personnel shall provide medical attention to include, first-aid, CPR, and / or requesting EMS personnel following any use of force by the member or by another peace officer, as soon as it is safe to do so. Delays in providing medical attention following a use of force must be reasonable and defensible based on information known and/or reasonably believed at the time, circumstances present at the scene, or other extraordinary aspects of a particular incident.

414.7 AIR AMBULANCE

Generally, when on-scene, EMS personnel will be responsible for determining whether an air ambulance response should be requested. An air ambulance may be appropriate when there are victims with life-threatening injuries or who require specialized treatment (e.g., gunshot wounds, burns, obstetrical cases), and distance or other known delays will affect the EMS response.

Generally, Fire Department personnel are responsible and have authority for designating a landing zone. Fire Department personnel will communicate with flight personnel during the operation. In certain circumstances, Sheriff's aviation may be utilized for transport. In these cases, deputies shall follow the instructions from the pilot, and/or tactical flight officer.

Members should follow these cautions when near an air ambulance:

- Headlights, spotlights and flashlights should not be aimed upward at the air ambulance.
- Members should direct vehicle and pedestrian traffic away from the landing zone.
- Never approach the aircraft until signaled by the flight crew.
- Always approach the aircraft from the front.
- Avoid the aircraft's tail rotor area.
- Wear eye protection during landing and take-off.

- Do not carry or hold items, such as IV bags, above the head.
- Ensure that no one smokes near the aircraft.
- Consider the effects of flying debris on any crime scene, evidence, or department property that may result during landing.

414.8 AUTOMATED EXTERNAL DEFIBRILLATOR (AED) USE

A member may use an AED only after receiving appropriate training from an approved public safety first aid and CPR course (22 CCR 100014; 22 CCR 100017; 22 CCR 100018).

414.8.1 AED USER RESPONSIBILITY

Members who are issued AEDs for use in department vehicles should check the AED at the beginning of the shift to ensure it is properly charged and functioning. Any AED that is not functioning properly will be taken out of service and given to the sergeant who is responsible for ensuring appropriate maintenance.

Following use of an AED, the device shall be cleaned and/or decontaminated as required. The electrodes and/or pads will be replaced as recommended by the AED manufacturer.

Any member who uses an AED shall contact dispatch as soon as possible and request response by EMS.

414.8.2 AED REPORTING

In all cases when an AED is administered, the incident shall be documented utilizing the AED Usage Report E-Worksheet. This worksheet can be found on the MDC Intranet or Intranet portal. The data from the E-Worksheet is electronically submitted and tracked by the AED Program Coordinator at BCTC, and the Advanced Officer Training Lieutenant. Completion of the E-Worksheet should be noted in the CAD text of the call, or in their report, if a report is written.

414.8.3 AED TRAINING AND MAINTENANCE

The Chief Deputy or their designee should ensure appropriate training and refresher training is provided to members authorized to use an AED. A list of authorized members and training records shall be made available for inspection by the local EMS agency (LEMSA) or EMS authority upon request (22 CCR 100021; 22 CCR 100022; 22 CCR 100029).

The Chief Deputy or their designee is responsible for ensuring AED devices are appropriately maintained and will retain records of all maintenance in accordance with the established records retention schedule (22 CCR 100021).

414.9 NALOXONE PROGRAM

Recognizing the importance of providing rapid aid to individuals in an opioid-induced medical emergency, including Department members inadvertently exposed to fentanyl, the Riverside County Sheriff's Department is equipping identified personnel with Naloxone.

Riverside County Sheriff's Department

Medical Aid / Naloxone / AED Protocols

Naloxone is a medication designed to rapidly reverse opioid overdose. It is an opioid antagonist, meaning that it binds to opioid receptors and can reverse and block the effects of other opioids. It can quickly restore normal respiration to a person whose breathing has slowed or stopped as a result of overdosing with heroin, fentanyl, or prescription opioid pain medications. The Department selected the FDA-approved formulation of Naloxone in a prefilled, needle free, nasal spray device that requires no assembly and is sprayed into one nostril.

Department members shall only use the Department issued Naloxone approved by the Riverside County Emergency Medical Services Agency (REMSA) / Director of Public Health.

The following are procedures on the training, acquisition, deployment, administration, documentation, storage, and disposal of Naloxone based on state law, recommendations from REMSA and Riverside County Department of Public Health, current Department policy, and best practices from other law enforcement agencies.

414.9.1 TRAINING

Pursuant to Health & Safety Code 1797.197, California Civil Code 1714.22, and California Code of Regulations Title 22, Division 9, Chapter 1.5, all training in the administration of Naloxone shall be in accordance with mandated training guidelines determined and established by the local Emergency Medical Services (EMS) agency. The local EMS agency for Riverside County is the Riverside County Emergency Medical Services Agency (REMSA).

The following ranks shall be trained in the use of Naloxone:

- All sworn personnel at the rank of Sergeant and below, as well as Community Service Officers, at patrol stations, courts, all divisions of the Special Investigations Bureau (SIB), and the Special Enforcement Bureau (SEB).
- All personnel at the rank of Coroner Sergeant and below at the Coroner's Bureau (except clerical staff), to include Forensic Pathologists, Coroner Technicians, and Forensic Technicians assigned to the Coroner's Bureau.
- All correction's personnel at the rank of Correctional Sergeant and below at all correctional facilities.

The initial training to all personnel will be conducted via the Department Doc Read Portal. Personnel will receive their initial issuance of Naloxone upon successful completion of the training. Thereafter, the one-hour recertification will occur every two years during First Aid/CPR recertification. Ben Clark Training Center (BCTC) will maintain responsibility for the content of the Doc Read Training, and facilitate trainer recertification every two years, to include any updated materials from California Commission on Peace Officer Standards and Training (POST), the State of California, REMSA, and/or revisions to Department policy and procedures.

414.10 ACQUISITION

The assigned Naloxone Program Coordinator at BCTC will be responsible for procuring and storing Naloxone to adequately address the supply and demand for all required users. The Naloxone Program Coordinator shall ensure accurate records are maintained of when the

Naloxone units were received by the Sheriff's Department, the Lot #s, expiration date, the station/bureau delivered to, and disposition (administered, expired, damaged, lost, etc.). Pursuant to Business and Professions Code 4119.9(b), these records will be retained for a minimum of three years.

414.11 DEPLOYMENT

Field personnel who are trained in accordance with mandated guidelines outlined above shall deploy with Naloxone in the field. The Training Lieutenant or their designee at each facility shall be responsible for the following:

- Ensuring all Department members deploying Naloxone have received appropriate training.
- Ensuring replacement of any Naloxone (whether assigned or in the reserve) that is damaged, unusable, expired, or administered.
- Replacing the Naloxone and ensuring there is an adequate supply available for deployment.
- Ensuring the Naloxone E-Worksheet is completed prior to the Department member's end of shift.

To ensure Naloxone is stored safely and consistent with the manufacturer's guidelines, it is recommended that on-duty Department members carry their doses of Naloxone in one of the following manners:

- On their person.
- In a readily accessible location within the passenger compartment of their vehicle, motorcycle storage compartments, or bicycle saddle bag.

When off-duty, Department members will store their Naloxone in their locked uniform locker or other secure area within their assigned station/bureau/facility. Naloxone should not be stored in a vehicle, motorcycle storage compartments, exterior locker, or bicycle saddle bag when the Department member is off-duty.

414.12 ADMINISTRATION OF NALOXONE

Only Department members who have completed Naloxone training are authorized to administer Naloxone when an opioid-related overdose is suspected. Indicators of an opioid-related overdose include, but are not limited to:

- Pinpoint pupils, even in a darkened environment
- Depressed or slow respirations
- Difficulty breathing such as labored breathing or shallow breaths
- Blue skin, lips, or fingernails
- Decreased pulse rate
- Low blood pressure

Medical Aid / Naloxone / AED Protocols

- Loss of alertness, drowsiness
- Unresponsiveness
- Evidence of ingestions, inhalation, and injection such as needles, spoons, tourniquets, needle tracks, bloody nose
- Blood-shot eyes
- History of opioid use or abuse

There is no legal obligation to administer Naloxone. Trained personnel will have the discretion to administer or not administer Naloxone when indicated. Department members who administer Naloxone according to established training protocol are protected from civil and criminal liability if they act with reasonable care and in good faith.

When an opioid-related overdose is suspected, Department members shall treat the incident as a medical emergency and perform the following steps:

- (a) Confirm emergency personnel are responding.
- (b) Maintain universal precautions and utilize personal protective equipment.
- (c) Perform patient assessment.
- (d) Determine unresponsiveness.
- (e) Update dispatch of potential overdose state.
- (f) Follow Naloxone use protocol as outlined in the Naloxone training
- (g) Immediately notify responding emergency medical personnel that Naloxone has been administered and the number of doses used.
- (h) Notify the Sergeant.

Naloxone may be administered to Department canines who may have been exposed to opioids. The canine shall be transported to an authorized veterinary hospital for treatment. Department members should replace any used Naloxone device with another Naloxone device, prior to going back into service.

414.13 DOCUMENTATION

In all cases when Naloxone is administered, the incident shall be documented utilizing the Naloxone Usage Report E-Worksheet. This worksheet can be found on the MDC Intranet or Intranet portal. The data from the E-Worksheet is electronically submitted and tracked by the Naloxone Program Coordinator at BCTC, the Advanced Officer Training Lieutenant, and the representative at REMSA. Completion of the E-Worksheet should be noted in the CAD text of the call, or in their report, if a report is written.

414.14 SUPERVISORS RESPONSIBILITIES

Supervisors shall ensure the Naloxone E-Worksheet is completed prior to the end of shift. Supervisors shall note the Naloxone usage and completion of the E-Worksheet in the station pass on log for inclusion in the daily Sheriff's Administrative Log (SAL).

414.15 STORAGE

Each station/bureau where Naloxone is deployed shall maintain an inventory of Naloxone; enough to replenish one dose of Naloxone to each authorized Department member at that station/bureau. Storage of Naloxone units shall be in a secure area consistent with proper storage guidelines as detailed by the manufacturer. Prolonged exposure to freezing temperatures, extreme heat, or direct sunlight may deteriorate the medication and significantly reduce its effectiveness (refer to manufacturer's guidelines)

414.16 DISPOSAL

Expired and/or damaged Naloxone can enter the regular waste supply without special precautions. If Naloxone is administered, the empty device can be discarded in any trash receptacle because it is not considered medical or biohazard waste.

414.17 SICK OR INJURED ARRESTEE

If an arrestee appears ill or injured, or claims illness or injury, he/she should be medically cleared prior to booking. If the deputy has reason to believe the arrestee is feigning injury or illness, the deputy should contact a supervisor, who will determine whether medical clearance will be obtained prior to booking.

If the jail or detention facility refuses to accept custody of an arrestee based on medical screening, the deputy should note the name of the facility person refusing to accept custody and the reason for refusal, and should notify a supervisor to determine the appropriate action.

Arrestees who appear to have a serious medical issue should be transported by ambulance. Deputies shall not transport an arrestee to a hospital without a supervisor's approval.

Nothing in this section should delay a deputy from requesting EMS when an arrestee reasonably appears to be exhibiting symptoms that appear to be life threatening, including breathing problems or an altered level of consciousness, or is claiming an illness or injury that reasonably warrants an EMS response in accordance with the deputy's training.

414.18 FIRST AID TRAINING

The Chief Deputy should ensure deputies receive initial first aid training within one year of employment and refresher training every two years thereafter (22 CCR 100016; 22 CCR 100022).

414.19 REVOCATION/RESCIND PRIOR DEPARTMENT DIRECTIVE(S)

With the publication of DSM 414, Department Directive #19-089 and any supplemental directives are rescinded.

First Amendment Assemblies

415.1 PURPOSE AND SCOPE

This policy provides guidance for responding to public assemblies or demonstrations that are peaceful in nature. Assemblies and demonstrations that become unlawful through property destruction or violence are generally handled under DSM 307-Mobile Field Force.

415.2 POLICY

The Riverside County Sheriff's Department respects the rights of people to peaceably assemble. It is the policy of this department not to unreasonably interfere with, harass, intimidate or discriminate against persons engaged in the lawful exercise of their rights, while also preserving the peace, protecting life and preventing the destruction of property.

415.3 GENERAL CONSIDERATIONS

Individuals or groups present on the public way, such as public facilities, streets or walkways, generally have the right to assemble, rally, demonstrate, protest or otherwise express their views and opinions through varying forms of communication, including the distribution of printed matter. These rights may be limited by laws or ordinances regulating such matters as the obstruction of individual or vehicle access or egress, trespass, noise, picketing, distribution of handbills and leafleting, and loitering. However, deputies shall not take action or fail to take action based on the opinions being expressed.

Participant behavior during a demonstration or other public assembly can vary. This may include, but is not limited to:

- Lawful, constitutionally protected actions and speech.
- Civil disobedience (typically involving minor criminal acts).
- Rioting (Refer to DSM 307 MFF)

All of these behaviors may be present during the same event. Therefore, it is imperative that law enforcement actions are measured and appropriate for the behaviors deputies may encounter. This is particularly critical if force is being used. Adaptable strategies and tactics are essential. The purpose of a law enforcement presence at the scene of public assemblies and demonstrations should be to preserve the peace, to protect life, and prevent the destruction of property.

Deputies should not:

- (a) Engage in assembly or demonstration-related discussion with participants.
- (b) Harass, confront, or intimidate participants.
- (c) Seize the cameras, cell phones, or materials of participants or observers unless a deputy is placing a person under lawful arrest.

Supervisors should continually observe department members under their commands to ensure that members' interaction with participants and their response to crowd dynamics is appropriate.

First Amendment Assemblies

415.3.1 PHOTOGRAPHS AND VIDEO RECORDINGS

Photographs and video recording, when appropriate, can serve a number of purposes, including support of criminal prosecutions by documenting criminal acts; assistance in evaluating department performance; serving as training material; recording the use of dispersal orders; and facilitating a response to allegations of improper law enforcement conduct.

Photographs and videos will not be used or retained for the sole purpose of collecting or maintaining information about the political, religious, or social views of associations, or the activities of any individual, group, association, organization, corporation, business, or partnership, unless such information directly relates to an investigation of criminal activities and there is reasonable suspicion that the subject of the information is involved in criminal conduct.

415.4 UNPLANNED EVENTS

When responding to an unplanned or spontaneous public gathering, the first responding deputy should conduct an assessment of conditions, including, but not limited to, the following:

- Location
- Number of participants
- Apparent purpose of the event
- Leadership (whether it is apparent and/or whether it is effective)
- Any initial indicators of unlawful or disruptive activity
- Indicators that lawful use of public facilities, streets, or walkways will be impacted
- Ability and/or need to continue monitoring the incident

Initial assessment information should be promptly communicated to Dispatch, and the assignment of a supervisor should be requested. Additional resources should be requested as appropriate. The responding supervisor shall assume command of the incident until command is expressly assumed by another, and the assumption of command is communicated to the involved members. A clearly defined command structure that is consistent with the Incident Command System (ICS) should be established as resources are deployed.

415.5 PLANNED EVENT PREPARATION

For planned events, comprehensive, incident-specific operational plans should be developed. The ICS should be considered for such events.

415.5.1 INFORMATION GATHERING AND ASSESSMENT

In order to properly assess the potential impact of a public assembly or demonstration on public safety and order, relevant information should be collected and vetted. This may include:

- Information obtained from outreach to group organizers or leaders.
- Information about past and potential unlawful conduct associated with the event or similar events.

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

First Amendment Assemblies

- The potential time, duration, scope, and type of planned activities.
- Any other information related to the goal of providing a balanced response to criminal activity and the protection of public safety interests.

Information should be obtained in a transparent manner, and the sources documented. Relevant information should be communicated to the appropriate parties in a timely manner.

Information will be obtained in a lawful manner and will not be based solely on the purpose or content of the assembly or demonstration, or actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability of the participants (or any other characteristic that is unrelated to criminal conduct or the identification of a criminal subject).

415.5.2 OPERATIONAL PLANS

An operational planning team with responsibility for event planning and management should be established. The planning team should develop an operational plan for the event.

The operational plan will minimally provide for:

- (a) Command assignments, chain of command structure, roles, and responsibilities.
- (b) Staffing and resource allocation.
- (c) Management of criminal investigations.
- (d) Designation of uniform of the day and related safety equipment (e.g., helmets, shields).
- (e) Deployment of specialized resources.
- (f) Event communications and interoperability in a multijurisdictional event.
- (g) Liaison with demonstration leaders and external agencies.
- (h) Liaison with County government and legal staff.
- (i) Media relations.
- (j) Logistics: food, fuel, replacement equipment, duty hours, relief, and transportation.
- (k) Traffic management plans.
- (l) First aid and emergency medical service provider availability.
- (m) Prisoner transport and detention.
- (n) Review of policies regarding public assemblies and use of force in crowd control.
- (o) Parameters for declaring an unlawful assembly.
- (p) Arrest protocol, including management of mass arrests.
- (q) Protocol for recording information flow and decisions.
- (r) Rules of engagement, including rules of conduct, protocols for field force extraction and arrests, and any authorization required for the use of force.
- (s) Protocol for handling complaints during the event.

- (t) Parameters for the use of body-worn cameras and other portable recording devices.

415.5.3 MUTUAL AID AND EXTERNAL RESOURCES

The magnitude and anticipated duration of an event may necessitate interagency cooperation and coordination. The assigned Incident Commander should ensure that any required memorandums of understanding or other agreements are properly executed, and that any anticipated mutual aid is requested and facilitated (see the Outside Agency Assistance Policy).

415.6 UNLAWFUL ASSEMBLY DISPERSAL ORDERS

If a public gathering or demonstration remains peaceful and nonviolent, and there is no reasonably imminent threat to persons or property, the Incident Commander should generally authorize continued monitoring of the event.

Should the Incident Commander make a determination that public safety is presently or is about to be jeopardized, he/she or the authorized designee should attempt to verbally persuade event organizers or participants to disperse of their own accord. Warnings and advisements may be communicated through established communications links with leaders and/or participants or to the group.

When initial attempts at verbal persuasion are unsuccessful, the Incident Commander or the authorized designee should make a clear standardized announcement to the gathering that the event is an unlawful assembly, and should order the dispersal of the participants. The announcement should be communicated by whatever methods are reasonably available to ensure that the content of the message is clear and that it has been heard by the participants. The announcement should be amplified, made in different languages as appropriate, made from multiple locations in the affected area and documented by audio and video. The announcement should provide information about what law enforcement actions will take place if illegal behavior continues and should identify routes for egress. A reasonable time to disperse should be allowed following a dispersal order.

415.7 USE OF FORCE

Use of force is governed by current department policy and applicable law (see the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies).

Individuals refusing to comply with lawful orders (e.g., nonviolent refusal to disperse) should be given a clear verbal warning and a reasonable opportunity to comply. If an individual refuses to comply with lawful orders, the Incident Commander shall evaluate the type of resistance and adopt a reasonable response in order to accomplish the law enforcement mission (such as dispersal or arrest of those acting in violation of the law). Control devices and conducted energy devices should be considered only when the participants' conduct reasonably appears to present the potential to harm deputies, themselves or others, or will result in substantial property loss or damage (see the Control Devices and Techniques and the Conducted Energy Device policies).

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)

First Amendment Assemblies

Force or control devices, including oleoresin capsaicin (OC), should be directed toward individuals and not toward groups or crowds, unless specific individuals cannot reasonably be targeted due to extreme circumstances, such as a riotous crowd.

Any use of force by a member of this department shall be documented promptly, completely, and accurately in an appropriate report. The type of report required may depend on the nature of the incident.

415.8 USE OF KINETIC ENERGY PROJECTILES AND CHEMICAL AGENTS FOR CROWD CONTROL

Kinetic energy projectiles and chemical agents for crowd control purposes shall only be deployed by deputies who have received POST training for crowd control if the use is objectively reasonable to defend against a threat to life or serious bodily injury to any individual, including a deputy, or to bring an objectively dangerous and unlawful situation safely and effectively under control and in accordance with the following requirements of Penal Code § 13652.

- (a) De-escalation techniques or other alternatives to force have been attempted, when objectively reasonable, and have failed.
- (b) Repeated, audible announcements are made announcing the intent to use kinetic energy projectiles and chemical agents and the type to be used, when objectively reasonable to do so. The announcements shall be made from various locations, if necessary, and delivered in multiple languages, if appropriate.
- (c) Individuals are given an objectively reasonable opportunity to disperse and leave the scene.
- (d) An objectively reasonable effort has been made to identify individuals engaged in violent acts and those who are not, and kinetic energy projectiles or chemical agents are targeted toward those individuals engaged in violent acts. Projectiles shall not be aimed indiscriminately into a crowd or group of individuals.
- (e) Kinetic energy projectiles and chemical agents are used only with the frequency, intensity, and in a manner that is proportional to the threat and objectively reasonable.
- (f) Deputies shall minimize the possible incidental impact of their use of kinetic energy projectiles and chemical agents on bystanders, medical personnel, journalists, or other unintended targets.
- (g) An objectively reasonable effort has been made to extract individuals in distress.
- (h) Medical assistance is promptly provided, if properly trained personnel are present, or procured, for injured persons, when it is reasonable and safe to do so.
- (i) Kinetic energy projectiles shall not be aimed at the head, neck, or any other vital organs.
- (j) Kinetic energy projectiles or chemical agents shall not be used solely due to any of the following:
 - 1. A violation of an imposed curfew.
 - 2. A verbal threat.

Riverside County Sheriff's Department

First Amendment Assemblies

3. Noncompliance with a law enforcement directive.
 - (k) If the chemical agent to be deployed is tear gas, only an Incident Commander at the scene of the assembly, protest, or demonstration may authorize its use.

415.8.1 USE SUMMARY

The Field Operations Chief Deputy or the authorized designee should ensure that a summary of each deployment of kinetic energy projectiles or chemical agents for crowd control purposes is prepared and published on the department website within 60 days of each incident. The time frame may be extended for another 30 days where just cause is demonstrated, but no longer than 90 days from the time of the incident. The summary shall be limited to the information known to the Department at the time of the report and include the information required in Penal Code § 13652.1.

415.9 ARRESTS

The Riverside County Sheriff's Department should respond to unlawful behavior in a manner that is consistent with the operational plan. If practicable, warnings or advisements should be communicated prior to arrest.

Mass arrests should be employed only when alternate tactics and strategies have been, or reasonably appear likely to be, unsuccessful. Mass arrests shall only be undertaken upon the order of the Incident Commander or the authorized designee. There must be probable cause for each arrest.

If employed, mass arrest protocols should fully integrate:

- (a) Reasonable measures to address the safety of deputies and arrestees.
- (b) Dedicated arrest, booking and report writing teams.
- (c) Timely access to medical care.
- (d) Timely access to legal resources.
- (e) Timely processing of arrestees.
- (f) Full accountability for arrestees and evidence.
- (g) Coordination and cooperation with the prosecuting authority, jail and courts (see the Cite and Release Policy).

415.10 MEDIA RELATIONS

The Public Information Officer should use all available avenues of communication, including press releases, briefings, press conferences, and social media to maintain open channels of communication with media representatives and the public about the status and progress of the event, taking all opportunities to reassure the public about the professional management of the event (see the Media Relations Policy).

415.10.1 MEDIA ACCESS

If deputies close the immediate area surrounding any emergency field command post or any other command post, or establish a police line, or rolling closure at a demonstration, march, protest,

Riverside County Sheriff's Department

or rally where individuals are engaged in a protected activity pursuant to the First Amendment, deputies shall comply with the requirements of Penal Code § 409.7 relating to media access (i.e., access to closed areas, obtaining information) (Penal Code § 409.7). Allowing access to the "immediate area" does not allow the media access to the actual command post.

In addition, Penal Code § 409.7(c) does not prevent a law enforcement officer from enforcing other applicable laws if the person is engaged in activity that is unlawful.

415.11 DEMOBILIZATION

When appropriate, the Incident Commander or the authorized designee should implement a phased and orderly withdrawal of law enforcement resources. All relieved personnel should promptly complete any required reports, including use of force reports, and account for all issued equipment and vehicles to their supervisors prior to returning to normal operational duties.

415.12 POST EVENT

The Incident Commander should designate a member to assemble full documentation of the event, to include the following:

- (a) Operational plan
- (b) Any incident logs
- (c) Any assignment logs
- (d) Vehicle, fuel, equipment, and supply records
- (e) Incident, arrest, use of force, injury, and property damage reports
- (f) Photographs, audio/video recordings, Central Dispatch records/tapes
- (g) Media accounts (print and broadcast media)

415.12.1 AFTER-ACTION REPORTING

The Incident Commander should work with County legal counsel, as appropriate, to prepare a comprehensive after-action report of the event, explaining all incidents where force was used including the following:

- (a) Date, time, and description of the event
- (b) Actions taken and outcomes (e.g., injuries, property damage, arrests)
- (c) Problems identified
- (d) Significant events
- (e) Recommendations for improvement; opportunities for training should be documented in a generic manner, without identifying individuals or specific incidents, facts, or circumstances.

415.13 TRAINING

Department members should receive periodic training regarding this policy, as well as the dynamics of crowd control and incident management (Penal Code § 13514.5). The Department should, when practicable, train with its external and mutual aid partners.

Deputies should also receive periodic training on the standards for the use of kinetic energy projectiles and chemical agents for crowd control purposes as identified in Penal Code § 13652.

ShotSpotter

416.1 PURPOSE AND SCOPE

The Riverside County Sheriff's Department utilizes the ShotSpotter gunshot detection technology to enhance its response to incidents of illegal gunfire in designated geographic areas. This program enhances the department's ability to quickly respond to, and investigate, violent crime and other incidents involving gunfire. This system also helps to quickly identify any victims, suspects, witnesses and or evidence to the incident. The intent of the system is to reduce violent crime and incidents of indiscriminate gunfire. ShotSpotter alerts alone are reasonable suspicion incidents absent additional information and deputies should proceed accordingly.

The combination of real time alerts and accumulated data with accurate incident locations significantly changes how law enforcement responds and investigates gunfire incidents. This technology allows deputies to quickly determine the severity of the incident, which helps determine the appropriate level of field response, including the dispatching of emergency medical personnel, investigative units, and crime scene investigators. The ShotSpotter system is intended to provide real time information to aid in the saving of life, reduction of gun violence, respond to unreported shootings, faster response times, more evidence recovery, and ultimately, healthier communities.

416.2 INTRODUCTION

The ShotSpotter system is an acoustic gunshot detection technology product provided by SoundThinking, Inc. The ShotSpotter system utilizes audio sensors placed in selected areas to identify the location of gunfire. The ShotSpotter system immediately relays that information to dispatch, as well as the deputy's Mobile Data Computer (MDC), issued smartphones, and tablets.

The ShotSpotter system is intended to:

- Improve deputy and public safety through accurate and timely information.
- Improve response times to the scene by deputies and/or Emergency Medical Services (EMS).
- Increase prosecution of illegal gun possession and provide useful information to crime analysts and investigators.

416.3 POLICY

ShotSpotter technology enhances the department's ability to respond to the accurate location of gunfire. ShotSpotter activations shall be dispatched as a Priority 1 call, in accordance with department policy of the dispatch of crimes in progress involving the use of firearms. Patrol deputies should respond to ShotSpotter activations, apprehend offenders, determine if and what level of medical aid is necessary, seize evidence, and attempt to locate witnesses.

Investigators and crime analysts will use the ShotSpotter system to identify patterns, analyze information, complete follow up, and provide recommendations to patrol operations, special operations, and/or the Investigations.

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

ShotSpotter

All public records requests for ShotSpotter information will be handled in accordance with existing public records laws and practice. Special considerations exist in that ShotSpotter data is proprietary to the vendor; therefore, all such requests should be routed to the department's CPRA Unit. Calls for service generated from the ShotSpotter system notifications may be subject to a public records release.

Prior to a ShotSpotter activation, the information has gone through a review process that establishes the likelihood that the information is reliable. As such, all ShotSpotter activations will be treated as an incoming call of shots fired at a particular location and should be dispatched accordingly. Absent additional evidence of a shooting, a ShotSpotter system notification alone, amounts to reasonable suspicion only. Deputies must evaluate the totality of the circumstances while responding and investigating such notifications.

The access and use of information derived from the ShotSpotter system must be in accordance with the Information Technology Use Policy (DSM 346).

416.4 DISPATCH RESPONSIBILITIES

Dispatch will log in and monitor ShotSpotter system activations.

Dispatch personnel shall process incoming ShotSpotter information as follows:

- Acknowledge and review the incoming information.
- Generate a Computer Aided Dispatch (CAD) incident with the call type of "SSPOT".
- Providing the specific location of the incident.
- Dispatch and/or confirm self-dispatch of appropriate number of patrol deputies.
- Confirm a field supervisor acknowledged the incident.
- Upon confirmation of a shooting victim, notify EMS dispatch.
- Update information of the incident provided by other reporting parties.
- Provide all applicable warning tag information provided in the dispatch notification.

416.5 PATROL RESPONSIBILITIES

Deputies assigned to patrol operations who have ShotSpotter accounts shall activate the ShotSpotter application on their MDC's and/or department issued cell phones at the beginning of each patrol shift and leave it running through the duration of their shift. Deputies who receive a ShotSpotter activation while on patrol may self-dispatch by advising dispatch via the radio.

Responding deputies should take a tactical approach to a ShotSpotter activation, keeping in mind the shooter(s) may still be on-scene. Respond with available and necessary resources. In formulating response, deputies should take the following into account:

- The severity of the incident (single or multiple shooters, direction and flight of the suspect(s))
- When available, request air support

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

ShotSpotter

- Once on-scene, deputies should manage the situation as established protocols dictate for shooting scenes:
 - Identify, locate, and stop the threat posed by the shooter
 - Request medical aid for victims and render aid if possible
 - Secure the scene and any evidence
 - Obtain and broadcast any suspect information for responding units
 - Write the appropriate criminal report
- In instances where evidence of gunshots is located within the ShotSpotter coverage area and the ShotSpotter system did not notify the department, the primary deputy should, within 24-hours, notify SoundThinking, Inc. of the missed detection by utilizing the reporting function available within the ShotSpotter application. Doing so will provide details of the missed incident for analysis prior to the deletion of the source data, which occurs after 24-hours.
- In instances where no evidence of a crime is located, no written report is required. However, deputies shall add text to the CAD call indicating the lack of evidence or criminal activity.

416.6 EXPERT COURT TESTIMONY

SoundThinking, Inc. services include expert courtroom testimony. All inquiries regarding testimony from ShotSpotter experts should be referred directly to SoundThinking, Inc. or the patrol station's program manager.

416.7 PROGRAM MANAGEMENT

Individual stations and bureaus will be responsible for managing the ShotSpotter program. Station commanders should identify a station-level representative for the ShotSpotter program.

The designee will ensure all sworn employees and dispatch personnel have received training on the ShotSpotter system.

The designee will ensure all employees with ShotSpotter access are provided with any update training pertinent to the operation of ShotSpotter.

The designee may be tasked with collecting any system usage reports as requested by Sheriff's Administration.

416.8 CUSTODIAN OF RECORDS

SoundThinking, Inc. is the custodian of records for all data/information contained within its equipment and proprietary technology. All requests for ShotSpotter information or data shall be forwarded to the department's CPRA Unit, including but not limited to any CPRA's, District Attorney requests, subpoenas, or litigation holds.

Cite and Release Policy

418.1 PURPOSE AND SCOPE

This policy provides guidance on when to release adults who are arrested for a criminal misdemeanor offense on a written notice to appear (citation) and when to hold for court or bail.

418.2 POLICY

It is the policy of the Riverside County Sheriff's Department to release all persons arrested on misdemeanor or other qualifying charges on a citation with certain exceptions (Penal Code § 853.6).

If there is a reason for non-release, the Department's mission to protect the community will be the primary consideration when determining whether to release any individual in lieu of holding for court or bail.

418.3 RELEASE BY CITATION

Except in cases where a reason for non-release as described below exists, adults arrested for a misdemeanor offense, including a private person's arrest, shall be released from custody on a citation (Penal Code § 853.6).

The citing deputy shall, at the time the defendant signs the notice to appear, call attention to the time and place for appearance and take any other steps they deem necessary to ensure that the defendant understands their written promise to appear.

418.3.1 FIELD CITATIONS

In most cases an adult arrested for a misdemeanor offense may be released in the field on a citation in lieu of physical arrest when booking and fingerprinting is not practicable or immediately required provided the individual can be satisfactorily identified, there is no outstanding arrest warrant for the individual, and none of the below described disqualifying circumstances are present (Penal Code § 853.6; Penal Code § 1270.1). In such cases the arresting deputy should check the booking required box on the citation form to indicate that the person will be photographed and fingerprinted at a later time when ordered by the court.

When a booking photo or fingerprints are needed for the furtherance of any investigation, the person should be released on citation after booking instead of on a field citation.

418.3.2 RELEASE AFTER BOOKING

In some cases it may not be feasible or desirable to release a person in the field. The person should instead be released on citation after booking at the jail.

418.3.3 OTHER REASONS FOR NON-RELEASE

Other reasons for denying citation release in the field may exist beyond those specified in subsection 419.4.1. Such reasons for non-release may include:

- (a) Previous failure to appear is on record;

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Cite and Release Policy

- (b) The person lacks ties to the area, such as a residence, job, or family;
- (c) Unusual circumstances lead the deputy responsible for the release of prisoners to conclude that the suspect should be held for further investigation.

418.3.4 INSTRUCTIONS TO CITED PERSON

When asking the defendant to sign the citation, the citing deputy shall point out to the defendant the time and place for appearance and take any other steps the deputy deems necessary to ensure that the defendant understands the written promise to appear.

418.4 NON-RELEASE

418.4.1 DISQUALIFYING OFFENSES

An adult arrested on any of the following disqualifying charges shall not be released on citation and shall be transported to the appropriate detention facility or held for court or bail after booking (Penal Code § 1270.1):

- (a) Misdemeanor domestic battery (Penal Code § 243(e)(1))
- (b) Felony domestic battery (Penal Code § 273.5)
- (c) Serious or violent felonies (Penal Code § 1270.1(a)(1))
- (d) Felony intimidation of witnesses and victims (Penal Code § 136.1)
- (e) Violation of a protective order and the arrested person has made threats, used violence, or has gone to the protected person's workplace or residence (Penal Code § 273.6)
- (f) Stalking (Penal Code § 646.9)
- (g) Misdemeanor violations of a protective order relating to domestic violence if there is a reasonable likelihood the offense will continue or the safety of the individuals or property would be endangered (Penal Code § 853.6)

418.4.2 REASONS FOR NON-RELEASE

A person arrested for a misdemeanor shall be released on a citation unless there is a reason for non-release. The Watch Commander may authorize a release on citation regardless of whether a reason for non-release exists when it is determined to be in the best interest of the Department and does not present an unreasonable risk to the community (e.g., release of an intoxicated or ill person to a responsible adult).

Reasons for non-release include (Penal Code § 853.6(i)):

- (a) The person arrested is so intoxicated that they could be a danger to themselves or to others. Release may occur as soon as this condition no longer exists.
- (b) The person arrested requires medical examination or medical care or is otherwise unable to care for their own safety.
- (c) The person is arrested for one or more of the offenses listed in Vehicle Code § 40302, Vehicle Code § 40303, and Vehicle Code § 40305.

Riverside County Sheriff's Department Standards Manual (DSM)

Cite and Release Policy

- (d) There are one or more outstanding arrest warrants for the person (see Misdemeanor Warrants elsewhere in this policy).
- (e) The person could not provide satisfactory evidence of personal identification.
 - 1. If a person released on citation does not have satisfactory identification in their possession, a right thumbprint or fingerprint should be obtained on the citation form.
- (f) The prosecution of the offense or offenses for which the person was arrested or the prosecution of any other offense or offenses would be jeopardized by the immediate release of the person arrested.
- (g) There is a reasonable likelihood that the offense or offenses would continue or resume, or that the safety of persons or property would be imminently endangered by the release of the person arrested.
- (h) The person arrested demands to be taken before a magistrate or has refused to sign the notice to appear.
- (i) There is reason to believe that the person would not appear at the time and place specified in the notice to appear. The basis for this determination shall be specifically documented. Reasons may include:
 - 1. Previous failure to appear is on record
 - 2. The person lacks ties to the area, such as a residence, job, or family
 - 3. Unusual circumstances lead the deputy responsible for the release of arrested persons to conclude that the suspect should be held for further investigation
- (j) A previous conviction, citation, or arrest for misdemeanor or felony retail theft from a store in the previous six months.
- (k) There is probable cause to believe that the person arrested is guilty of committing organized retail theft.

When a person is arrested on a misdemeanor offense and is not released by criminal citation, the reason for non-release shall be noted on the booking form. This form shall be submitted to the Watch Commander for approval and included with the case file in the Information Services Bureau.

418.4.3 RE-ARREST AFTER CITE RELEASE

Once a citation has been issued, a deputy shall not re-arrest for the same cited offense unless the person has violated that promise to appear.

418.5 MISDEMEANOR WARRANTS

An adult arrested on a misdemeanor warrant may be released, unless any of the following conditions exist:

- (a) The misdemeanor cited in the warrant involves violence.
- (b) The misdemeanor cited in the warrant involves a firearm.
- (c) The misdemeanor cited in the warrant involves resisting arrest.

Cite and Release Policy

- (d) The misdemeanor cited in the warrant involves giving false information to a peace officer.
- (e) The person arrested is a danger to themselves or others due to intoxication or being under the influence of drugs or narcotics.
- (f) The person requires medical examination or medical care or was otherwise unable to care for their own safety.
- (g) The person has other ineligible charges pending against themselves.
- (h) There is reasonable likelihood that the offense or offenses would continue or resume, or that the safety of persons or property would be immediately endangered by the release of the person.
- (i) The person refuses to sign the notice to appear.
- (j) The person cannot provide satisfactory evidence of personal identification.
- (k) The warrant of arrest indicates that the person is not eligible to be released on a notice to appear.

Release under this section shall be done in accordance with the provisions of this policy.

418.6 POST-BOOKING RELEASES

Refer to Corrections Division Policy Manual section 504.16 for policy on post-booking releases of inmates on misdemeanor citations.

Contacts and Temporary Detentions

420.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for temporarily detaining but not arresting persons in the field, conducting field interviews (FI) and pat-down searches, and the taking and disposition of photographs.

420.1.1 DEFINITIONS

Definitions related to this policy include:

Consensual encounter - When a deputy contacts an individual but does not create a detention through words, actions, or other means. In other words, a reasonable individual would believe that his/her contact with the deputy is voluntary.

Field interview - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion for the purpose of determining the individual's identity and resolving the deputy's suspicions.

Field photographs - Posed photographs taken of a person during a contact, temporary detention, or arrest in the field. Undercover surveillance photographs of an individual and recordings captured by the normal operation of a Mobile Audio Video (MAV) system, body-worn camera, or public safety camera when persons are not posed for the purpose of photographing are not considered field photographs.

Pat-down search - A type of search used by deputies in the field to check an individual for dangerous weapons. It involves a thorough patting-down of clothing to locate any weapons or dangerous items that could pose a danger to the deputy, the detainee, or others.

Reasonable suspicion - When, under the totality of the circumstances, a deputy has articulable facts that criminal activity may be afoot and a particular person is connected with that possible criminal activity.

Temporary detention - When a deputy intentionally, through words, actions, or physical force, causes an individual to reasonably believe he/she is required to restrict his/her movement without an actual arrest. Temporary detentions also occur when a deputy actually restrains a person's freedom of movement.

420.2 POLICY

The Riverside County Sheriff's Department respects the right of the public to be free from unreasonable searches or seizures. Due to an unlimited variety of situations confronting the deputy, the decision to temporarily detain a person and complete a field interview (FI), pat-down search, or field photograph shall be left to the deputy based on the totality of the circumstances, officer safety considerations, and constitutional safeguards.

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Contacts and Temporary Detentions

420.3 FIELD INTERVIEWS

Based on observance of suspicious circumstances or upon information from investigation, a deputy may initiate the stop of a person, and conduct an FI, when there is articulable, reasonable suspicion to do so. A person, however, shall not be detained longer than is reasonably necessary to resolve the deputy's suspicion.

Nothing in this policy is intended to discourage consensual contacts. Frequent casual contact with consenting individuals is encouraged by the Riverside County Sheriff's Department to strengthen community involvement, community awareness, and problem identification.

420.3.1 INITIATING A FIELD INTERVIEW

When initiating the stop, the deputy should be able to point to specific facts which, when considered with the totality of the circumstances, reasonably warrant the stop. Such facts include but are not limited to an individual's:

- (a) Appearance or demeanor suggesting that he/she is part of a criminal enterprise or is engaged in a criminal act
- (b) Actions suggesting that he/she is engaged in a criminal activity
- (c) Presence in an area at an inappropriate hour of the day or night
- (d) Presence in a particular area is suspicious
- (e) Carrying of suspicious objects or items
- (f) Excessive clothes for the climate or clothes bulging in a manner that suggest he/she is carrying a dangerous weapon
- (g) Location in proximate time and place to an alleged crime
- (h) Physical description or clothing worn that matches a suspect in a recent crime
- (i) Prior criminal record or involvement in criminal activity as known by the deputy

420.4 PAT-DOWN SEARCHES

Once a valid stop has been made, and consistent with the deputy's training and experience, a deputy may pat a suspect's outer clothing for weapons if the deputy has a reasonable, articulable suspicion the suspect may pose a safety risk. The purpose of this limited search is not to discover evidence of a crime, but to allow the deputy to pursue the investigation without fear of violence. Circumstances that may establish justification for performing a pat-down search include but are not limited to:

- (a) The type of crime suspected, particularly in crimes of violence where the use or threat of deadly weapons is involved.
- (b) Where more than one suspect must be handled by a single deputy.
- (c) The hour of the day and the location or neighborhood where the stop takes place.
- (d) Prior knowledge of the suspect's use of force and/or propensity to carry weapons.
- (e) The actions and demeanor of the suspect.

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Contacts and Temporary Detentions

- (f) Visual indications which suggest that the suspect is carrying a firearm or other weapon.

Whenever practicable, a pat-down search should not be conducted by a lone deputy. A cover deputy should be positioned to ensure safety and should not be involved in the search.

420.5 FIELD PHOTOGRAPHS

An effort should be made to locate existing photographs before photographing any field detainee. If a photograph is not located, or if an existing photograph no longer resembles the detainee, the deputy shall carefully consider, among other things, the factors listed below.

420.5.1 FIELD PHOTOGRAPHS TAKEN WITH CONSENT

Field photographs may be taken when the subject being photographed knowingly and voluntarily gives consent. Such consent should be captured on a BWC when possible.

420.5.2 FIELD PHOTOGRAPHS TAKEN WITHOUT CONSENT

Field photographs may be taken without consent only if they are taken during a detention that is based upon reasonable suspicion of criminal activity, and the photograph serves a legitimate law enforcement purpose related to the detention. The deputy must be able to articulate facts that reasonably indicate that the subject was involved in or was about to become involved in criminal conduct. The subject should not be ordered to remove or lift any clothing for the purpose of taking a photograph.

If, prior to taking a photograph, the deputy's reasonable suspicion of criminal activity has been dispelled, the detention must cease and the photograph should not be taken.

All field photographs and related reports shall be submitted to a supervisor and retained in compliance with this policy.

420.5.3 DISPOSITION OF PHOTOGRAPHS

All detainee photographs must be adequately labeled and retained with either an associated FI card or other documentation explaining the nature of the contact. If an individual is photographed as a suspect in a particular crime, the photograph should be submitted as an evidence item in the related case, following standard evidence procedures.

If a photograph is not associated with an investigation where a case number has been issued, the photograph and FI card should be forwarded to one of the following locations:

- (a) If the photograph and associated FI or documentation is relevant to criminal organization/enterprise enforcement, the deputy will forward the photograph and any documents to the designated criminal intelligence system supervisor, most likely assigned to Special Enforcement Teams or the Detective Bureau. This supervisor will ensure the photograph and supporting documents are retained as prescribed in current policy and 28 CFR.
- (b) Photographs that do not qualify for retention in a criminal intelligence system or temporary information file shall be printed, attached to a completed Field Interview card and submitted as any other Field Interview card would be. The photograph shall then be deleted from the electronic device.

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Contacts and Temporary Detentions

- (c) Those assigned to process and input Field Interview cards shall enter the data from the card and scan the card and any associated photographs into the Retention of Electronic Documents System (REDS).

When a photograph is taken in association with a particular case, the investigator may use such photograph in a photo lineup. Thereafter, the individual photograph should be retained as a part of the case file. All other photographs shall be retained in accordance with the established records retention schedule. Department personnel shall not retain, build, or maintain a personal database of Field Interview cards or detainee photographs.

420.5.4 SUPERVISOR RESPONSIBILITIES

While it is recognized that field photographs often become valuable investigative tools, supervisors should monitor such practices in view of the above listed considerations. This is not to imply that supervisor approval is required before each photograph is taken.

Access to, and use of, field photographs shall be strictly limited to law enforcement purposes.

420.6 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an incident may become unavailable or the integrity of their statements compromised with the passage of time, deputies should, when warranted by the seriousness of the case, take reasonable steps to promptly coordinate with an on-scene supervisor and/or criminal investigator to utilize available members for the following:

- (a) Identifying all persons present at the scene and in the immediate area.
 - 1. When feasible, a recorded statement should be obtained from those who claim not to have witnessed the incident but who were present at the time it occurred.
 - 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, deputies should attempt to identify the witness prior to his/her departure.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by Riverside County Sheriff's Department members.
 - 1. A written, verbal, or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transport.

Hazardous Material Response

421.1 PURPOSE AND SCOPE

Hazardous materials present a potential harm to employees resulting from their exposure. To comply with Title 8, California Code of Regulations, § 5194, the following is to be the policy of this Department.

421.1.1 HAZARDOUS MATERIAL DEFINED

A hazardous material is a substance which by its nature, containment and reactivity, has the capability of inflicting harm during exposure; characterized as being toxic, corrosive, flammable, reactive, an irritant or strong sensitizer and thereby posing a threat to health when improperly managed.

421.2 HAZARDOUS MATERIAL RESPONSE

Employees may encounter situations involving suspected hazardous materials, such as at the scene of a traffic accident, chemical spill, fire, or act of terrorism. When employees come into contact with a suspected hazardous material, certain steps should be taken to protect themselves and citizens.

The following steps should be considered at any scene involving suspected hazardous materials:

- (a) Attempt to identify type of hazardous substance. (Identification can be determined by placard, driver's manifest or statements from person transporting) Unless field personnel know with certainty which hazardous material(s) are presenting a danger, they should consider all of them dangerous until identified otherwise by a competent authority;
- (b) Notify fire department;
- (c) Provide first aid for injured parties if it can be done safely and without contamination;
- (d) Consider evacuation of immediate area and surrounding areas dependent on substance. Voluntary evacuation should be considered; however, depending on the substance, mandatory evacuation may be necessary. Field personnel will not be used in contaminated areas.

421.2.1 INCIDENT COMMAND SYSTEM

Riverside County has adopted the Incident Command System (ICS) for command and control at the scene of a hazardous material incident. The function of the ICS is unified command.

Depending on the location of a contamination emergency, the senior fire department official may be the overall Incident Commander. For instance, the California Highway Patrol may be the lead agency for incidents occurring on freeways. The Incident Commander is responsible for directing all control operations, protecting life and property, etc. The senior ranking deputy sheriff will command Riverside County Sheriff's Department response forces, but report to the overall Incident Commander.

Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Hazardous Material Response

Hazardous material response is outlined in more detail in the Riverside County Sheriff's Department Emergency Operations Procedures Manual. This manual is stored in the Administrative Sergeant's Office of each station.

421.3 REPORTING EXPOSURE(S)

Department personnel who believe that they have been exposed to a hazardous material shall immediately report the exposure to a supervisor. Each exposure shall be documented by the employee in an employee memorandum that shall be forwarded via Chain of Command to the Station Commander. Should the affected employee be unable to document the exposure for any reason, it shall be the responsibility of the notified supervisor to complete the memorandum.

421.3.1 SUPERVISOR RESPONSIBILITY

Upon being informed that an employee has been exposed to a hazardous material, the supervisor shall ensure that immediate medical treatment is obtained and appropriate action is taken to lessen the exposure. Supervisors learning of any hazardous material exposure to an employee should follow the procedure as outlined in Policy 1043 and 1058.8 of this manual.

Response to Bomb Calls

425.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to assist members of the Riverside County Sheriff's Department in their initial response to incidents involving explosives, explosive devices, explosion/bombing incidents or threats of such incidents. Under no circumstances should these guidelines be interpreted as compromising the safety of first responders or the public. When confronted with an incident involving explosives, safety should always be the primary consideration.

425.2 POLICY

It is the policy of the Riverside County Sheriff's Department to place a higher priority on the safety of persons and the public over damage or destruction to public or private property.

425.3 RECEIPT OF BOMB THREAT

Department members receiving a bomb threat should obtain as much information from the individual as reasonably possible, including the type, placement and alleged detonation time of the device.

If the bomb threat is received on a recorded line, reasonable steps should be taken to ensure that the recording is preserved in accordance with established department evidence procedures.

The member receiving the bomb threat should ensure that the Watch Commander is immediately advised and informed of the details. This will enable the Watch Commander to ensure that the appropriate personnel are dispatched, and, as appropriate, the threatened location is given an advance warning.

425.4 GOVERNMENT FACILITY OR PROPERTY

A bomb threat targeting a government facility may require a different response based on the government agency.

425.4.1 RIVERSIDE COUNTY SHERIFF'S DEPARTMENT FACILITY

If the bomb threat is against the Riverside County Sheriff's Department facility, the Watch Commander will direct and assign deputies as required for coordinating a general building search or evacuation of the sheriff's department, as he/she deems appropriate.

425.4.2 OTHER COUNTY OR MUNICIPAL FACILITY OR PROPERTY

If the bomb threat is against a county or municipal facility within the jurisdiction of the Riverside County Sheriff's Department that is not the property of this department, the appropriate agency will be promptly informed of the threat. Assistance to the other entity may be provided as the Watch Commander deems appropriate.

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Response to Bomb Calls

425.4.3 FEDERAL BUILDING OR PROPERTY

If the bomb threat is against a federal building or property, the Federal Protective Service should be immediately notified. The Federal Protective Service provides a uniformed law enforcement response for most facilities, which may include use of its Explosive Detector Dog teams.

If the bomb threat is against a federal government property where the Federal Protective Service is unable to provide a timely response, the appropriate facility's security or command staff should be notified.

Bomb threats against a military installation should be reported to the military police or other military security responsible for the installation.

425.5 PRIVATE FACILITY OR PROPERTY

When a member of this department receives notification of a bomb threat at a location in the County of Riverside County, the member receiving the notification should obtain as much information as reasonably possible from the reporting party, including:

- (a) The location of the facility.
- (b) The nature of the threat.
- (c) Whether the type and detonation time of the device is known.
- (d) Whether the facility is occupied and, if so, the number of occupants currently on-scene.
- (e) Whether the individual is requesting sheriff's assistance at the facility.
- (f) Whether there are any internal facility procedures regarding bomb threats in place, such as:
 - 1. No evacuation of personnel and no search for a device.
 - 2. Search for a device without evacuation of personnel.
 - 3. Evacuation of personnel without a search for a device.
 - 4. Evacuation of personnel and a search for a device.

The member receiving the bomb threat information should ensure that the Watch Commander is immediately notified so that he/she can communicate with the person in charge of the threatened facility.

425.5.1 ASSISTANCE

The Watch Commander should be notified when sheriff's assistance is requested. The Watch Commander will make the decision whether the department will render assistance and at what level. Information and circumstances that indicate a reasonably apparent, imminent threat to the safety of either the facility or the public may require a more active approach, including sheriff's control over the facility. Watch Commanders should consult with a Hazardous Device Team Supervisor for guidance in evaluating the facts and circumstances and the level of control the department will take.

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Response to Bomb Calls

Should the Watch Commander, after such consultation, determine that the department will assist or control such an incident, he/she will determine:

- (a) The appropriate level of assistance.
- (b) The plan for assistance.
- (c) Whether to evacuate and/or search the facility.
- (d) Whether a search by facility staff for a suspicious device would be, or has been, an effective measure.
- (e) Whether to evacuate the facility and/or have sheriff's personnel search the building.
 - 1. The Watch Commander shall not direct department personnel to search, or organize a search, or participate in any search of a private facility without guidance and prior approval of the Hazardous Device Team supervisor.
- (f) Whether to involve facility staff in the search or evacuation of the building.
 - 1. The person in charge of the facility should be made aware of the possibility of damage to the facility as a result of a search.
- (g) The need for additional resources, including:
 - 1. Notification and response, or standby notice, for fire and emergency medical services.

Even though a facility does not request sheriff's assistance to clear the interior of a building, based upon the circumstances and known threat, deputies may be sent to the scene to evacuate other areas that could be affected by the type of threat, or for traffic and pedestrian control.

425.6 FOUND DEVICE

When handling an incident involving a suspected explosive device, the following guidelines, while not all inclusive, should be followed:

- (a) No known or suspected explosive item should be considered safe regardless of its size or apparent packaging.
- (b) The device should not be touched or moved except by the Hazardous Device Team or military explosive ordnance disposal team.
- (c) Personnel should not transmit on any equipment that is capable of producing radio frequency energy within the evacuation area around the suspected device. This includes the following:
 - 1. Two-way radios
 - 2. Cell phones
 - 3. Other personal communication devices
- (d) The Hazardous Device Team or military explosive ordnance disposal team should be summoned for assistance.
- (e) The largest perimeter reasonably possible should initially be established around the device based upon available personnel and the anticipated danger zone.

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Response to Bomb Calls

- (f) A safe access route should be provided for support personnel and equipment.
- (g) Search the area for secondary devices as appropriate and based upon available resources.
- (h) Consider evacuation of buildings and personnel near the device or inside the danger zone and the safest exit route.
- (i) Promptly relay available information to the Watch Commander including:
 - 1. The time of discovery.
 - 2. The exact location of the device.
 - 3. A full description of the device (e.g., size, shape, markings, construction).
 - 4. The anticipated danger zone and perimeter.
 - 5. The areas to be evacuated or cleared.

425.7 EXPLOSION/BOMBING INCIDENTS

When an explosion has occurred, there are multitudes of considerations which may confront the responding deputies. As in other catastrophic events, a rapid response may help to minimize injury to victims, minimize contamination of the scene by gathering crowds, or minimize any additional damage from fires or unstable structures.

425.7.1 CONSIDERATIONS

Deputies responding to explosions, whether accidental or a criminal act, should consider the following actions:

- (a) Assess the scope of the incident, including the number of victims and extent of injuries.
- (b) Request additional personnel and resources, as appropriate.
- (c) Assist with first aid.
- (d) Identify and take appropriate precautions to mitigate scene hazards, such as collapsed structures, bloodborne pathogens and hazardous materials.
- (e) Assist with the safe evacuation of victims, if possible.
- (f) Establish an inner perimeter to include entry points and evacuation routes. Search for additional or secondary devices.
- (g) Preserve evidence.
- (h) Establish an outer perimeter and evacuate if necessary.
- (i) Identify witnesses.

425.7.2 NOTIFICATIONS

When an explosion has occurred, the following people should be notified as appropriate:

- Fire department
- Hazardous Device Team

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Response to Bomb Calls

- Additional department personnel, such as investigators and forensic services
- Field supervisor
- Watch Commander
- Other law enforcement agencies, including local, state or federal agencies, such as the FBI and the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF)
- Other government agencies, as appropriate

425.7.3 CROWD CONTROL

Only authorized members with a legitimate need should be permitted access to the scene. Spectators and other unauthorized individuals should be restricted to a safe distance as is reasonably practicable given the available resources and personnel.

425.7.4 PRESERVATION OF EVIDENCE

As in any other crime scene, steps should immediately be taken to preserve the scene. The Watch Commander should assign deputies to protect the crime scene area, which could extend over a long distance. Consideration should be given to the fact that evidence may be imbedded in nearby structures or hanging in trees and bushes.

Patrol Rifle

427.1 PURPOSE AND SCOPE

In order to more effectively and accurately address the increasing level of fire power and body armor utilized by criminal suspects, the department will make patrol rifles available to qualified deputies as an additional and more immediate tactical resource. The term "Patrol Rifle" generically refers to the authorized .223 or 5.56 caliber rifle approved in the Firearms Matrix and may be utilized by trained and qualified deputies within the department.

427.2 PATROL RIFLE

Specifications for the department authorized firearms, including shotguns and semi-automatic rifles, shall be approved by the Sheriff. The department authorizes and maintains a [Firearms Matrix \(May 2023 v2\)](#) for approval of firearms and ammunition. If a firearm, firearm accessory or modification does not meet the criteria established in the Firearms Matrix, it is not authorized by the department and shall not be carried by an employee in the course and scope of their duties.

The Training and Education Bureau (TEB) is responsible for the semi-annual review and update of the Firearms Matrix. The department can restrict, pause, or prohibit the use of any particular make or model of firearm at any time for any reason at the discretion of the Sheriff.

When changes are made to the Firearms Matrix, this policy (DSM 427 and DSM 312) will be re-issued with the associated above link to the new Firearms Matrix. It is the department member's responsibility to review the changes. By accepting this policy, department members acknowledge reviewing the revised Firearms Matrix.

The Sheriff authorizes the use of approved .223 or 5.56 mm patrol rifle systems, described in the currently approved Firearms Matrix, may be carried by personnel who have attended the required training program and who have successfully passed the live fire qualification course with a minimum passing grade of 80%.

To better address the unique needs of each station, bureau, or facility, additional policies or SOP's may govern the use and deployment of patrol rifles in Corrections, Court Services, Coroners Bureau or Patrol. Commanders (and supervisors) are to ensure deputies are familiar with and adhere to any additional patrol rifle requirements for their station, facility, or bureau.

427.2.1 RIFLE APPROVAL

A patrol rifle is an authorized firearm made available to properly trained and qualified deputies as a supplemental resource to their duty handgun or shotgun. A personally owned rifle may be carried for duty once it has been registered as an assault weapon (DSM 713 / Penal Code 30630), inspected by a department armorer, and the deputy qualifies with it. Personnel who are authorized to carry an approved .223 or 5.56 mm patrol rifle must meet department approved qualifications as determined and regulated by the TEB Commander. The TEB shall maintain a current list of employees who have qualified and are authorized to carry an approved .223 or 5.56 mm patrol rifle.

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Patrol Rifle

427.2.2 RIFLE AMMUNITION

A list of approved rifle ammunition for duty use is published in the Firearms Matrix, which shall be maintained by the TEB Commander.

427.3 RIFLE MAINTENANCE

Primary responsibility for repairs and service of department owned patrol rifles shall fall on the department's armorer. Stations are responsible for inspections and routine cleaning of each patrol rifle on a monthly basis.

- (a) Each deputy carrying a patrol rifle may be required to field-strip and clean an assigned patrol rifle as needed
- (b) Each deputy shall be responsible for promptly reporting any damage or malfunction of any patrol rifle
- (c) Each patrol rifle, whether department or personally owned, shall be subject to inspection by a supervisor, a department rangemaster or a department armorer at any time

427.4 MODIFICATIONS

All authorized patrol rifle modifications are listed in the Firearms Matrix. All modifications - with the exception of forend grips, collapsible butt-stock removal, and/or sight, charging handle, lighting and optical equipment - must be completed by the respective manufacturer or a department armorer.

427.4.1 LIGHTING SYSTEMS, OPTICAL SIGHTING SYSTEMS, AND MAGNIFIED OPTICS

Authorized lighting, optics and magnified optics are listed in the Firearms Matrix. Refer to DSM 312.5 "Firearms" for further information.

427.5 TRAINING AND QUALIFICATION

Deputies shall not carry or utilize the patrol rifle unless they have successfully completed a department approved training course. This training shall consist of an initial 16-hour patrol rifle user's course and a passing qualification score with a P.O.S.T. certified patrol rifle instructor. Deputies shall thereafter be required to successfully complete scheduled qualifications conducted by a certified rangemaster.

Any deputy who fails to qualify after two attempts at a department-sanctioned qualification session, must successfully complete remediation training and re-qualification as indicated by the TEB's Firearms Training Unit prior to reauthorization to carry the patrol rifle. See DSM 312.7 "Firearms" for further information.

427.6 DEPLOYMENT OF THE PATROL RIFLE FOR PATROL

Deputies may deploy the patrol rifle in any circumstance where the deputy can articulate a reasonable expectation that the rifle may be needed. Examples of some general guidelines for deploying the patrol rifle may include, but are not limited to:

- (a) Situations where the deputy reasonably anticipates an armed encounter

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Patrol Rifle

- (b) When a deputy is faced with a situation that may require the delivery of accurate and effective fire at long range
- (c) Situations where a deputy reasonably expects the need to meet or exceed a suspect's firepower
- (d) When a deputy reasonably believes that there may be a need to deliver fire on a barricaded suspect or a suspect with a hostage
- (e) When a deputy reasonably believes that a suspect may be wearing body armor
- (f) When authorized or requested by a supervisor

427.7 DISCHARGE OF THE PATROL RIFLE

The discharge of the patrol rifle shall be governed by the department's Use of Force Policy. Some considerations before deploying the patrol rifle include:

- (a) The appropriateness of the use of alternate weapons and/or tactics
- (b) The velocity and penetrating power of the .223 or 5.56 mm round
- (c) The range of the .223 or 5.56 mm round
- (d) The background behind the potential target, and the risk to other persons in the area
- (e) On scene location of the department's Emergency Services Team members

427.8 PATROL READY

Any qualified deputy carrying a patrol rifle in the field shall maintain the firearm in the "patrol ready" condition until deployed. A rifle is considered "patrol ready" when it has been inspected by the assigned deputy and meets the following conditions:

- (a) There is no round in the chamber
- (b) The rifle bolt is forward
- (c) The rifle safety is on
- (d) There is a fully loaded magazine in the rifle
- (e) The rifle is stored in the locked patrol vehicle's rifle rack or trunk (if stored in a trunk, the rifle must be in a case)

The rifle shall not be carried unsecured in the interior of a patrol vehicle at any time.

427.9 RIFLE STORAGE

All patrol rifles shall be removed when a patrol vehicle is left unattended for maintenance, repair or towing.

When not in use, department owned patrol rifles will be stored in Station Logistics in the designated rifle racks.

- (a) At the start of each assigned shift, any qualified, on-duty deputy may sign-out a patrol rifle to be carried on duty

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Patrol Rifle

- (b) Each station will maintain logs of assigned patrol rifles and will document their issuance
- (c) At the end of the assigned deputy's shift, the patrol rifle will be made safe, returned, and secured in Station Logistics

Emergency Services Team (EST)

430.1 PURPOSE AND SCOPE

The Special Enforcement Bureau (SEB) is comprised of specially trained support service teams that provide a higher level of expertise and training, beneficial in handling critical incidents throughout the county. The Emergency Services Team (EST) is a component within the SEB tasked mainly with enforcement operations requiring a specialized degree of planing, weaponry, tactics, and equipment.

The Emergency Services Team (EST) also serves as the Department's Special Weapons and Tactics Team, commonly referred to as SWAT. There are two additional units directly under EST command, the Fugitive Warrant Enforcement Team (FWET) and the Riverside Off-Road Vehicle Enforcement (ROVE).

This policy will outline general parameters of response, command and control, training, and selection regarding the EST.

430.2 POLICY LIMITATIONS

These policies are not intended to address all situations that may arise involving a critical incident. They are for internal agency administrative purposes and are not intended to create any higher legal standard than is established by law.

430.3 MISSION

Recognizing that the presence of a highly trained, highly skilled law enforcement tactical unit has been shown to reduce the risk of injury or loss of life to citizens, law enforcement personnel, and suspects; and recognizing that a well-managed "Team" response to critical incidents is effective in successful resolution of critical incidents, it is the intent of the Emergency Services Team to provide a highly trained and skilled tactical team as a resource for the department in the handling of critical incidents.

430.4 COMMAND AND CONTROL

The Special Enforcement Bureau is managed by a sworn commander with the rank of Captain.

A Lieutenant shall serve as the secondary Unit Manager and is responsible for direct supervision over the team supervisors and acts as the temporary Bureau Commander in the absence of the SEB Commander.

Each of the respective SEB teams and Emergency Services Team squads will be supervised by a Sergeant.

430.4.1 EMERGENCY SERVICES TEAM MANUAL

The Emergency Services Team operates under specialized tactics, training, and conduct as outlined in the EST operations policy manual. Each team member of the Emergency Services Team is required to read and provide written acknowledgement of the specialized tactics, training

and conduct required of the EST position. Violations of the EST operations policies may result in removal from the Emergency Services Team, and or discipline.

430.5 ACTIVATION OF THE EMERGENCY SERVICES TEAM

EST missions are often performed in hazardous environments where conditions tend to compromise the safety of citizens, law enforcement personnel, and suspects. It shall be the intent of EST to utilize special weapons, tactics, and equipment in an attempt to lessen the risk of injury or death to all those involved during a tactical operation.

- (a) Whenever possible, EST should be utilized for the following situations:
 - 1. Hostage situations
 - 2. Armed, violent or dangerous barricaded suspects
 - 3. Sniper situations
 - 4. High-risk searches, apprehensions
 - 5. High-risk warrant services
 - 6. Dignitary protection
 - 7. Active shooter situations
 - 8. Special or High-Risk Assignments as directed by the EST Chief Deputy
- (b) Any department member may request EST activation through a supervisor, who can then contact EST's command staff or an EST sergeant directly. Any supervisor who requests EST assistance must notify their chain of command as soon as possible.
- (c) The EST command staff (lieutenant or above) shall approve all team activations and shall notify the EST Chief Deputy.
- (d) In critical incidents, an EST sergeant may activate EST when the sergeant has first-hand knowledge of a life-threatening event and the notification process causes a delay that may further endanger life. The life-threatening events may include hostage situations, sniper, active shooter, or where law enforcement is under fire and needs immediate EST assistance.
- (e) EST activations take precedence over all other assignments within the department. A team call-out will include all available EST team members, unless directed by the EST Commander to activate a limited number of team members.
- (f) Nothing in this policy shall prohibit Emergency Services Team personnel from responding directly to an incident, absent a request, should they have direct knowledge of the circumstances. Upon arrival, EST personnel will evaluate the situation and determine if additional resources are needed. If the circumstances require immediate defense of life, nothing in this policy shall prohibit EST personnel from using the necessary specialized equipment and/or tactics they possess and immediately intervening. When safe and prudent, EST personnel shall notify EST Command Staff of their involvement in an incident, the circumstances, and if additional resources are needed.

Emergency Services Team (EST)

- (g) A department member submitting a request for a high-risk warrant service out of the department's jurisdiction should allow the local law enforcement agency for that jurisdiction the option to serve the warrant. If denied by the agency with jurisdiction, EST may serve the warrant.
- (h) Mutual Aid requests for activation of EST must be from the requesting agency's chief law enforcement official or his/her designee. The requesting agency must define whether the request is for primary or secondary assistance.
 - 1. Primary Assistance denotes EST shall assume responsibility and control of the tactical operation.
 - 2. Secondary Assistance denotes EST will assume a support role to the requesting agency's tactical team. The requesting agency will retain complete operational responsibility and control of the incident. The SEB Commander or designee will respond to the scene and accept mission assignments from the incident commander of the requesting agency. The integrity of EST will remain intact and under direct supervision of the SEB Commander.
- (i) Tactical decisions, tactical operations, and tactical control of the scene shall be the responsibility of the EST's Command Staff.
- (j) The EST commander or designee shall establish a tactical command post (TCP) and liaison with the Incident Commander.
- (k) The TCP will be the point of control to gather, process, disseminate, and apply intelligence.
- (l) In most situations the Crisis Negotiations Team (CNT) will be activated with EST. CNT may be utilized without activation of EST at the discretion of EST Command Staff.
- (m) At the conclusion of a tactical operation, the Station/Bureau Commander will maintain control of the scene for the purposes of the criminal and/or administrative investigation(s).

430.6 USE OF FORCE

The Emergency Services Team shall follow the DSM Use of Force policy.

- (a) Under some extreme conditions, it may become necessary for EST members to employ "Directed Fire." Directed Fire consists of weapons fire directed at an armed suspect's location with the intent of incapacitating the suspect(s) and/or preventing the suspect(s) from firing on officers or innocent persons located in vulnerable positions. EST members are accountable for all rounds fired and shall not knowingly endanger innocent persons with unnecessary weapons fire.
- (b) In some extreme, urgent circumstances when time is not available to consult with the Incident/ EST Commander, EST members have the authority to act or react to imminent life-threatening situations, which may be outside current mission orders. Every effort should be made to communicate intentions prior to initiating emergency life-saving actions.

430.7 TRAINING AND READINESS STANDARDS

The SEB Commander is required to develop, maintain, and update EST guidelines, tactics, firearm qualifications, and physical fitness standards in the following sections of the SEB operation:

1. Administration
2. Equipment
3. Operations
4. Tactics and Techniques
5. Training

430.8 UNIFORMS AND EQUIPMENT

All department members, including SEB/EST members are required to comply with the department's uniform policies as outlined in the uniform manual. However, SEB Command staff is authorized to approve assignment specific attire for SEB personnel.

Because of the unique assignment of SEB/EST, tactical situations may require modified attire and equipment specific to the assignment. The SEB Commander must approve all uniform attire for SEB personnel.

The Sheriff may authorize the use of special weapons by members of EST. These weapons include, but are not limited to, semi- and fully-automatic rifles/weapons. Fully automatic rifles/weapons are only for on-duty use.

430.9 SELECTION AND RETENTION

The Emergency Services Team shall be comprised of members with the training and expertise to responsibly engage in tactical command, containment, emergency action, deliberate action and long rifle capabilities.

EST will select all prospective members from a valid applicant pool of eligible sworn personnel created through the testing process. Candidates must meet all departmental requirements to be eligible to participate in the EST selection process as determined by the department.

Generally, EST conducts candidate assessments on a bi-annual basis. Department members will be notified of the assessment process via departmental memorandum.

Civil Disputes and Repossessions

432.1 PURPOSE AND SCOPE

This policy provides members of the Riverside County Sheriff's Department with guidance for addressing conflicts between persons when no criminal investigation or enforcement action is warranted (e.g., civil matters), with the goal of minimizing any potential for violence or criminal acts.

The Domestic Violence Policy will address specific legal mandates related to domestic violence court orders. References in this policy to "court orders" apply to any order of a court that does not require arrest or enforcement by the terms of the order or by California law.

432.2 POLICY

The Riverside County Sheriff's Department recognizes that a law enforcement presence at a civil dispute can play an important role in the peace and safety of the community. Subject to available resources, department members may assist at the scene of civil disputes with the primary goal of safeguarding persons and property, preventing criminal activity and maintaining the peace. When handling civil disputes, department members will remain impartial, maintain a calm presence, give consideration to all sides and refrain from giving legal or inappropriate advice.

Nothing in this policy is meant to restrict or prohibit the Sheriff's Civil Bureau from completing their functions as outlined in the Civil Process DSM 1102. Subject to availability, department members are encouraged to consult with the Sheriff's Civil Bureau on civil matters.

432.3 GENERAL CONSIDERATIONS

When appropriate, department members handling a civil dispute should encourage the involved parties to seek the assistance of resolution services or take the matter to the civil courts. Department members must not become personally involved in disputes and shall at all times remain impartial.

While not intended to be an exhaustive list, department members should give considerations to the following when handling civil disputes:

- (a) Civil disputes tend to be confrontational and members should be alert that they can escalate to violence very quickly. De-escalation techniques should be used when appropriate.
- (b) Department members should not dismiss alleged or observed criminal violations as a civil matter and should initiate the appropriate investigation and report when criminal activity is apparent.
- (c) Department members shall not provide legal advice; however, when appropriate, department members should inform the parties when they are at risk of violating criminal laws.
- (d) Department members are reminded that they shall not enter a residence or other non-public location without legal authority including valid consent.

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Civil Disputes and Repossessions

- (e) Department members should not take an unreasonable amount of time assisting in these matters and generally should contact a supervisor if it appears that peacekeeping efforts longer than 30 minutes are warranted.

432.4 COURT ORDERS

Disputes involving court orders can be complex. Where no mandate exists for a deputy to make an arrest for a violation of a court order, the matter should be addressed by documenting any court order violation in a report. If there is a need for enforcement action, the investigating deputy should consult a supervisor prior to making any arrest.

If a person appears to be violating the terms of a court order but is disputing the validity of the order or its applicability, the investigating deputy should document the following :

- (a) The person's knowledge of the court order or whether proof of service exists.
- (b) Any specific reason or rationale the involved person offers for not complying with the terms of the order.

A copy of the court order should be attached to the report when available. The report should be forwarded to the District Attorney's Office for review and potential prosecution.

432.4.1 KEEP THE PEACE REQUESTS

Deputy responding to a call for a keep the peace to assistance with retrieving property should meet the person requesting assistance at a neutral location to discuss the process. The person should be advised that items that are disputed will not be allowed to be removed. The department member may advise the person to seek private legal advice as to the distribution of disputed property.

Department members should accompany the person to the location of the property. Department members should ask if the other party will allow removal of the property or whether the other party would remove the property.

If the other party is uncooperative, the person requesting standby assistance should be instructed to seek private legal advice and obtain a court order to obtain the items. Deputies should not order the other party to allow entry or the removal of any items. If there is a restraining or similar order against the person requesting standby assistance, that person should be asked to leave the scene or they may be subject to arrest for violation of the order.

If the other party is not present at the location, the member will not allow entry into the location or the removal of property from the location.

432.5 VEHICLES AND PERSONAL PROPERTY

Deputies may be faced with disputes regarding possession or ownership of vehicles or other personal property. Deputies may review documents provided by parties or available databases (e.g., vehicle registration), but should be aware that legal possession of vehicles or personal property can be complex. Generally, deputies should not take any enforcement action unless a crime is apparent. The people and the vehicle or personal property involved should be identified and the incident documented.

Civil Disputes and Repossessions

432.6 REAL PROPERTY

Disputes over possession or occupancy of real property (e.g., land, homes, apartments) should generally be handled through a person seeking a court order.

432.7 REPOSSESSIONS

Repossession is an action in which a creditor attempts to regain possession of the property he had either sold or for which he loaned money.

The defendant or debtor in such action is usually behind in his payments or alleged to be in default on terms of his conditional sales contract. Often, the creditor or his agent (usually a repossession agency) will attempt to seize the property without having first instituted a civil action through the courts.

The California Commercial Code section 9503 allows a secured party the right to take possession after default. In taking possession, a secured party may proceed without judicial process if this can be done without breach of peace.

Generally, the reposessor shall have in his possession a copy of the conditional sales contract. The printed agreement usually contained in a conditional sales contract provides that the merchandise shall remain personal property and title shall not pass to the buyer until the time the balance has been fully paid. If the buyer defaults in payment, the entire unpaid balance shall at once become due and payable, at the option of the seller, or seller may, without notice or demand, by process of law or otherwise, take possession of the said personal property. **A consent contained in the contract that the seller or creditor has authority to enter any premises and repossess goods sold is ineffective to waive constitutional protections against unreasonable search and seizures if made under intimidation implicit in the presence of a uniformed officer of the law.** A debtor may use reasonable force to maintain possession of the property. This will ordinarily not constitute a breach of the peace.

Similarly, once the reposessor has gained lawful possession of the property and has departed the premises, he may protest with reasonable force any attempts by the debtor to retake possession without being guilty of a breach of peace.

A repossession of a vehicle is deemed complete when the reposessor gains entry to the vehicle or when the vehicle becomes connected to a tow truck.

In those situations where the reposessor has not gained possession or cannot gain possession without a breach of the peace, the reposessor must proceed through a court action. It is unlawful for an individual to report a vehicle stolen when they have knowledge the vehicle has been repossessed.

When the repossession is complete and there is other personal property not covered by a security agreement contained in or on the vehicle at the time the vehicle is received, the buyer has the right to retain such non-hazardous or non-dangerous property, provided it is not an integral part of or attached to the vehicle.

Civil Disputes and Repossessions

Repossessors have the right to enter an area secured by a fence as long as the fence and/or gate is not locked. A reposessor who cuts any lock securing a fenced area, in order to gain entry, is in violation of sections 594 and 602(k) (3) of the Penal Code and of the Business and Professions Code.

432.7.1 DEPUTY RESPONSE

Deputies should be aware that repossessions can escalate into a major disturbance that can involve many people and should not treat such calls lightly and pass them off as being civil problems. Deputies should handle all such calls firmly and fairly while protecting the property rights of all persons.

- (a) Deputies should not honor requests by repossessors to accompany them in any attempts to recover property. The presence of a uniformed officer could imply to the buyer that he must comply with the repossession.
- (b) Deputies shall not take any action when civil disputes arise, except to keep the peace.
- (c) Deputies shall cause a reposessor to suspend his activities and seek judicial process when a breach of peace is imminent.
- (d) When conducting a stolen vehicle investigation, deputies should inquire as to who has knowledge if the vehicle has been repossessed. Deputies should inquire as to who has title and whether or not the buyer is delinquent on their payments prior to completing a stolen report.

432.8 NOTIFICATION OF REPOSSESSION

California Vehicle Code section 28, "Whenever possession is taken of any vehicle or on the behalf of any legal owner thereof, under the terms of a security agreement or lease agreement, the person taking possession shall immediately notify by the most expeditious means available to the city police department where such taking of possession occurred, if within an incorporated city, or the sheriff's department of the county where such taking of possession occurred if outside an incorporated city, and shall within twenty-four (24) hours forward a written notice to such department."

Upon receipt of written notice of repossession, deputies shall forward the information to the Records Bureau or their station clerical for appropriate data entry.

432.9 LICENSING OF REPOSSESSION AGENCIES / COMPANIES

Repossession agencies and their employees must be licensed by the Department of Consumer Affairs, Bureau of Collection and Investigative Services. Any person performing the duties of a reposessor without a Bureau I. D. Card or a temporary registration shall be in violation of section 7502.1 of the Business and Professions Code, a misdemeanor, and is subject to citation by a deputy.

A person licensed as a repossession agency, or any of his employees, shall be prohibited from using any false or misleading representation during the course of recovery of personal property. (Refer to section 7508.2 of the Business and Professions Code for definition of such acts.)

Civil Disputes and Repossessions

432.10 PRIVATE PROPERTY TOW

Generally, deputies should not become involved in towing of vehicles from private property. Unless associated with a criminal investigation, the towing of vehicles from private property are considered a civil matter. In instances where deputies are acting in a keep the peace capacity, Deputies should understand the legal differences between a private party tow and a repossession. In the case of a repossession, the vehicle owner or person in lawful possession of the vehicle can object to the repossession prior to the reposessor / tow operator taking control of the vehicle. DSM 432.7 states:

A repossession of a vehicle is deemed complete when the reposessor gains entry to the vehicle or when the vehicle becomes connected to a tow truck. In those situations where the reposessor has not gained possession or cannot gain possession without a breach of the peace, the reposessor must proceed through a court action.

Private property tows have a different legal standard for the objection of the tow. The vehicle owner or person in possession of the vehicle can object to and stop the private property tow at any time while the vehicle is still on private property. Only when the vehicle has been removed from the private property and is in transit, is it considered in the possession of the tow company. In other words, if the vehicle owner or person in possession of the vehicle objects to the tow while it is still on private property, the tow operator must stop and return to the vehicle.

- (a) Vehicle Code Section 22658 authorizes and regulates the removal of vehicles from private property. Subsection (a) states:
 - (a) The owner or person in lawful possession of private property, including an association of a common interest development as defined in Sections 4080 and 4100 or Sections 6528 and 6534 of the Civil Code, may cause the removal of a vehicle parked on the property to a storage facility that meets the requirements of subdivision (n) under any of the following circumstances:
- (a) Deputies may be called upon to keep the peace during a private party tow. Deputies should be familiar with the following subsections of 22658:
 - (g) (1) (A) Possession of a vehicle under this section shall be deemed to arise when a vehicle is removed from private property and is in transit.
 - (B) Upon the request of the owner of the vehicle or that owner's agent, the towing company or its driver shall immediately and unconditionally release a vehicle that is not yet removed from the private property and in transit.
 - (C) A person failing to comply with subparagraph (B) is guilty of a misdemeanor.

Refer to DSM 510 for further.

Aircraft Accidents

434.1 PURPOSE AND SCOPE

The purpose of this policy is to provide department members with guidelines for handling aircraft accidents.

This policy does not supersede, and is supplementary to, applicable portions of the Crime and Disaster Scene Integrity, Emergency Management Plan and Hazardous Material Response policies.

434.1.1 DEFINITIONS

Definitions related to this policy include:

Aircraft - Any fixed wing aircraft, rotorcraft, balloon, blimp/dirigible or glider that is capable of carrying a person or any unmanned aerial vehicle other than those intended for non-commercial recreational use. An aircraft accident is defined as an event in which the NTSB or FAA has the primary investigative authority.

434.2 POLICY

It is the policy of the Riverside County Sheriff to provide an appropriate emergency response to aircraft accidents. This includes emergency medical care and scene management.

434.2.1 DEPUTY RESPONSIBILITY

The duties of the field deputy at the scene of an aircraft accident include:

- (a) Determine the nature of the accident and what assistance is needed from additional personnel;
- (b) Request additional personnel to respond as needed;
- (c) Provide assistance for the injured parties until the arrival of fire department personnel and/or other emergency personnel;
- (d) Once emergency medical assistance is established by the fire department, seal off the area and contain it for the on-scene investigation;
- (e) Provide crowd control and other assistance until directed otherwise by a supervisor;
- (f) Contact the Coroner's Bureau if a death(s) occurs.

The fire department maintains control of the accident scene until the injured parties are cared for and the accident scene has been rendered safe for containment. Sheriff's personnel will then maintain control of the scene until the arrival of the investigators charged with determining the cause of the accident. Once the scene is relinquished to the investigating authority, Sheriff's personnel may assist in containment of the scene until the investigation is completed or assistance is no longer needed.

An Airport Service Worker or the Airport Manager may respond to the scene to assist the on-scene commander with technical expertise, should it be needed during the operation.

Aircraft Accidents

434.2.2 PUBLIC INFORMATION OFFICER RESPONSIBILITIES

The Sheriff's Department Media Information Officer is responsible for the following:

- (a) Obtain information for a press release from the on-scene commander or designee;
- (b) When practical, the Department Public Information Officer should coordinate with the FAA Public Information Officer to prepare a press release for distribution to the media.
- (c) Serves as the official Department spokesperson for the incident.

Information released to the press regarding any aircraft accident should be handled by the Department's Public Information Officer, or in accordance with existing policy. Release of such information should be coordinated with the Department's Public Information Officer and FAA Public Information Officer.

434.3 ARRIVAL AT SCENE

Department or other authorized members tasked with initial scene management should establish an inner and outer perimeter to:

- (a) Protect persons and property.
- (b) Prevent any disturbance or further damage to the wreckage or debris, except to preserve life or rescue the injured.
- (c) Preserve ground scars and marks made by the aircraft.
- (d) Manage the admission and access of public safety and medical personnel to the extent necessary to preserve life or to stabilize hazardous materials.
- (e) Maintain a record of persons who enter the accident site, by starting and maintaining a critical incident log.
- (f) Consider implementation of an Incident Command System (ICS).

434.4 INJURIES AND CASUALTIES

Members should address emergency medical issues and provide care as a first priority.

Those tasked with the supervision of the scene should coordinate with the National Transportation Safety Board (NTSB) before the removal of bodies. If that is not possible, the scene supervisor should ensure documentation of what was disturbed, including switch/control positions and instrument/gauge readings.

434.5 NOTIFICATIONS

When an aircraft accident is reported to this department, the responding supervisor shall ensure notification is or has been made to NTSB, the Federal Aviation Administration (FAA), and when applicable, the appropriate branch of the military.

Supervisors shall ensure other notifications are made once an aircraft accident has been reported. The notifications will vary depending on the type of accident, extent of injuries or damage, and the type of aircraft involved. When an aircraft accident has occurred, it is generally necessary to notify the following:

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Aircraft Accidents

- (a) Fire department
- (b) Appropriate airport tower
- (c) Emergency medical services (EMS)

434.6 CONTROLLING ACCESS AND SCENE AUTHORITY

Prior to NTSB arrival, scene access should be limited to authorized personnel from the:

- (a) FAA.
- (b) Fire department, EMS or other assisting law enforcement agencies.
- (c) Coroner's Office
- (d) Air Carrier/Operators investigative teams with NTSB approval.
- (e) Appropriate branch of the military, when applicable.
- (f) Other emergency services agencies (e.g., hazardous materials teams, biohazard decontamination teams, fuel recovery specialists, explosive ordnance disposal specialists).

The NTSB has primary responsibility for investigating accidents involving civil aircraft. In the case of a military aircraft accident, the appropriate branch of the military will have primary investigation responsibility.

After the NTSB or military representative arrives on-scene, the efforts of this department will shift to a support role for those agencies.

If NTSB or a military representative determines that an aircraft or accident does not qualify under its jurisdiction, the on-scene supervisor should ensure the accident is still appropriately investigated and documented.

434.7 DANGEROUS MATERIALS

Members should be aware of potentially dangerous materials that might be present. These may include, but are not limited to:

- (a) Fuel, chemicals, explosives, biological or radioactive materials and bombs or other ordnance.
- (b) Pressure vessels, compressed gas bottles, accumulators and tires.
- (c) Fluids, batteries, flares and igniters.
- (d) Evacuation chutes, ballistic parachute systems and composite materials.

434.8 DOCUMENTATION

All aircraft accidents occurring within the County of Riverside shall be documented. At a minimum the documentation should include the date, time and location of the incident; any witness statements, if taken; the names of department members deployed to assist; other city or county resources that were utilized; and cross reference information to other investigating agencies. Suspected criminal activity should be documented on the appropriate crime report.

Aircraft Accidents

434.8.1 WRECKAGE

When reasonably safe, members should:

- (a) Obtain the aircraft registration number (N number) and note the type of aircraft.
- (b) Attempt to ascertain the number of casualties.
- (c) Obtain photographs or video of the overall wreckage, including the cockpit and damage, starting at the initial point of impact, if possible, and any ground scars or marks made by the aircraft.
 - 1. Military aircraft may contain classified equipment and therefore shall not be photographed unless authorized by a military commanding officer (18 USC § 795).
- (d) Secure, if requested by the lead authority, any electronic data or video recorders from the aircraft that became dislodged or cell phones or other recording devices that are part of the wreckage.
- (e) Acquire copies of any recordings from security cameras that may have captured the incident.

434.8.2 WITNESSES

Members tasked with contacting witnesses should obtain:

- (a) The location of the witness at the time of his/her observation relative to the accident site.
- (b) A detailed description of what was observed or heard.
- (c) Any photographs or recordings of the accident witnesses may be willing to voluntarily surrender.
- (d) The names of all persons reporting the accident, even if not yet interviewed.
- (e) Any audio recordings of reports to 9-1-1 regarding the accident and dispatch records.

434.9 MEDIA RELATIONS

The Public Information Officer (PIO) should coordinate a response to the media, including access issues, road closures, detours and any safety information that is pertinent to the surrounding community. Any release of information regarding details of the accident itself should be coordinated with the NTSB or other authority who may have assumed responsibility for the investigation.

Depending on the type of aircraft, the airline or the military may be responsible for family notifications and the release of victims' names. The PIO should coordinate with other involved entities before the release of information.

Employee-Involved Traffic Collisions

435.1 DEPARTMENT MEMBER RESPONSIBILITIES - TRAFFIC COLLISIONS

All department employees, while on-duty or while operating a department vehicle, shall drive with due regard for the safety of others in accordance with the California Vehicle Code and relevant policies (See Deputy Response to Calls and Seatbelts Policy). In conjunction with DSM policies intended to prevent traffic collisions, this policy outlines the actions expected of department members following an on-duty collision, or collision involving a department vehicle.

435.2 FOLLOWING A COLLISION

1. Following any on-duty collision, or any collision involving a department vehicle, the involved employee(s) shall, if able:
 - (a) Tend to own urgent medical needs;
 - (b) Request/direct any resources needed;
 - (c) Notify dispatch and a supervisor;
 - (d) Secure any prisoner(s);
 - (e) Provide medical aid/rescue to injured parties.
 - (f) Make a reasonable effort to divert oncoming traffic;
 - (g) Provide relevant updates via radio.

435.3 SUPERVISOR RESPONSIBILITIES

- (a) Supervisors are required to respond to traffic collisions involving department vehicles. If the employee's supervisor is not available, an on-duty supervisor from the closest field station shall respond. The supervisor shall:
 - (a) Assume command of the scene and any further response;
 - (b) Ensure appropriate medical aid is provided/offered to all parties;
 - (c) Assign other personnel to any emergency call the involved unit was responding to;
 - (d) Document the collision (including photographs);
 - (e) Record statement(s) of other drivers/witnesses;
 1. Such statements should include a focus upon descriptions of injuries, degree of pain, mobility level, desire for medical treatment, etc.
 - (f) Secure any relevant BWC video;
 - (g) Canvas area for other video, secure a copy, or document its location if not immediately retrievable;
 - (h) Supervisors should take note of any impairment on the part of any involved driver and take appropriate action to preserve the integrity of any resulting investigation(s) and evidence;

Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Employee-Involved Traffic Collisions

- (i) Supervisors shall conduct an assessment regarding the need for personnel specially trained in drug recognition or impaired driving investigations;
- (j) Supervisors shall conduct an assessment regarding the need for a response by the Professional Standards Bureau or Risk Management;
- (k) Ensure a traffic collision investigation report is completed.
- (l) Supervisors shall ensure employee involved traffic collisions related to a vehicle pursuit, Code 3 response, or involving injury, are investigated by an allied law enforcement agency; typically, the California Highway Patrol (CHP). If CHP or other allied agency is unable to respond, or has an unreasonable delay, supervisors shall request the investigation be conducted by properly trained personnel from a neighboring sheriff's station;
- (m) When determining if a collision investigation should be done by personnel from an allied law enforcement agency, investigators from a neighboring sheriff's station or the involved employee's home station, supervisors shall utilize best practices of liability mitigation.
- (n) In addition to the criteria above, non-injury traffic collisions involving private persons and/or occupied, privately owned vehicles shall be investigated by properly trained personnel from a neighboring sheriff's station to avoid potential conflicts of interest. This does not apply to collisions with unoccupied vehicles, public and private property. Although utilizing an investigator from a nearby station is the Department's designated policy, supervisors must practically balance this with potentially extended response times resulting in unreasonable delays to involved citizens.
- (o) In some instances, a traffic collision report may not be required. Supervisors should consult with their command staff when deciding not to have a traffic collision investigation completed. For example, a collision report is not needed when an employee collides with a pole within the confines of the station parking lot. Because of the collision, there is only superficial damage to the department vehicle, no private vehicles were involved, and nobody was injured. Generally, all of the following circumstances should be present when electing not to conduct a traffic collision investigation:
 - (a) There is no damage to private property;
 - (b) No privately-owned vehicles were involved;
 - (c) The damage to county vehicles is very minor;
 - (d) No injuries were caused or claimed.
- (b) Supervisors are required to notify their chain of command, as soon as possible, of any collision involving a department vehicle resulting in an injury to an employee, another person, or property damage (See Incident Notifications Policy).
 - (a) Every department-involved collision, regardless of injury, shall be briefly described to the Professional Standards Bureau via email at

Employee-Involved Traffic Collisions

PSBADMIN@riversidesheriff.org as soon as possible. Contact information shall be included for all involved parties.

- (c) Supervisors shall direct involved personnel and witness employees to complete a detailed memorandum describing the circumstances surrounding the collision. All employees shall be afforded a reasonable length of time to consult with an employee representative before submitting their memorandum if they desire.
- (d) Supervisors will utilize the ACCORD web application to submit the ACCORD form. Supervisors shall ensure the commander receives a copy by selecting this option in the web application. Supervisors will upload all relevant documents, photographs, and recordings.
- (e) Supervisors shall ensure that Riverside County Fleet Services is notified regarding damaged vehicles and needed repairs by submitting a completed Accord Form within 48 hours of the incident.

435.4 COMMANDER RESPONSIBILITIES

- (a) Commanders shall ensure that those under their command have received all appropriate medical attention, that worker's compensation forms have been submitted if required, and provide any other reasonable assistance that their personnel may need or request after involvement in a collision.
- (b) Commanders shall notify their Division Chief Deputy of any collision involving a department vehicle that results in injury to an employee, other parties, or significant property damage (See Incident Notifications Policy for notification protocols).
- (c) Commanders shall ensure proper assignment and handling of any investigation that may result from a collision.
- (d) Commanders shall review and approve all Blue Team submission documents and forward as required.
- (e) Commanders are responsible for reviewing the circumstances of collisions involving department vehicles within their commands and to recognize and address any inherently dangerous road or equipment conditions, patterns, driving behaviors, or training needs that may be revealed by such analysis.
- (f) When a department employee is at fault for a collision, commanders shall determine the appropriate corrective action based on the totality of the circumstances and shall brief their respective chief deputy before determining that a formal administrative investigation is not necessary. All employees determined to be at-fault for a traffic collision, shall attend supplemental driver training in a course determined by the commander and the Training and Education Bureau. Commanders shall ensure any action taken is in accordance with current Memorandums of Understanding, Riverside County Policies, and Sheriff's Department Policies. See Minor Misconduct Policy for applicability to a traffic collision.

PROVIDING ASSISTANCE TO BAIL BONDSMEN

436.1 PURPOSE AND SCOPE

This policy provides members of the Riverside County Sheriff's Department with guidance for addressing issues related to conflicts between persons released on bail and a bail bondsman. Insurance companies that sell bail bonds to temporarily release an arrested person from custody will often, with legal authority, attempt to return one of their customers into custody, for a variety of reasons. In many instances, the justification for returning the subject into custody is not based on any criminal violation, but is simply a violation of the civil contract between the insurance company and the released subject. On occasion, a bondsman or their agent will ask for law enforcement assistance.

Nothing in the policy is intended to prohibit or restrict Department members from serving arrest warrants for wanted subjects. This policy addresses instances with a nexus to a bail bondsman or their agent.

436.2 POLICY

Department members shall not assist a bail bondsman or their agent in the apprehension of a bail fugitive or any persons wanted for a violation of their bail contract. Department members are strictly prohibited from serving as backup for any bondsmen or their agents.

If a court ordered arrest warrant has been issued for a bond customer, deputies may offer to take over the situation in its entirety, respond to the location without the bondsmen or his/her agents, and attempt a lawful arrest warrant service (see section 436.6). If apprehended, the deputy will take custody of the individual and book him/her into jail on the warrant. Deputies are prohibited from turning such arrested persons over to any bondsmen or agents.

436.3 DEFINITIONS

The following are definitions related to Bail and Bail Bondsmen as outlined in Penal Code Section 12.99.01

Bail Fugitive (AKA Bail Jumper): means a defendant in a pending criminal case who has been released from custody under a financially secured appearance, cash, or other bond and has had that bond declared forfeited, or a defendant in a pending criminal case who has violated a bond condition whereby apprehension and re-incarceration are permitted.

Bail (AKA Bail Bondsman): means a person licensed by the Department of Insurance pursuant to Section 1800 of the Insurance Code.

Depositor of bail: means a person or entity that has deposited money or bonds to secure the release of a person charged with a crime or offense.

Bail fugitive recovery person: means a person who is provided written authorization pursuant to Sections 1300 and 1301 by the bail or depositor of bail, and is contracted to investigate, surveil, locate, and arrest a bail fugitive for surrender to the appropriate court,

jail, or police department, and any person who is employed to assist a bail or depositor of bail to investigate, surveil, locate, and arrest a bail fugitive for surrender to the appropriate court, jail, or police department.

436.4 ISB RELEASE OF INFORMATION TO BAIL AGENT

Penal Code section 11105.6 states law enforcement may release certain information to a licensed bail agent or bail bond licensee. The release is not considered a mandate, and the Department has assigned the Information Services Bureau (ISB) as the sole designated point of contact for the release of this information. Department members shall refer all PC 11105.6 requests to ISB.

Prior to releasing any information to the agent or licensee, ISB shall verify the following circumstances exist:

- The information is from the record of a person from whom a bench warrant has been issued or from whom a bail forfeiture has been ordered
- The subject of the information request is a client of the agent or licensee
- The agent or licensee pays the appropriate Department fees equal to the cost of providing the information

Only after ISB verifies these conditions, they may release the following information to the agent or licensee:

- Individual's know aliases
- Booking photograph
- Identified prior convictions for any violent felony (per 667.5 (c) PC)
- Unaltered copy of booking and property record (excluding any medical information)

436.5 BONDSMEN NOTIFICATION REQUIREMENTS

Except under exigent circumstances, a bail bondsman or their agent is required to notify law enforcement prior to, and not more than six hours before, attempting to apprehend a bail fugitive. The bail bondsman or their agent is legally required to provide the following information

- Name of the bail bondsmen or their agents who are authorized to apprehend the bail fugitive
- The approximate time the bail bondsmen or their agents will be entering the jurisdiction and the approximate length of stay
- The name and approximate location of the bail fugitive

At a minimum, dispatch shall create a general broadcast call notifying the affected station or area. While deputies are prohibited from assisting any bail bondsmen, dispatch should attempt to obtain as much information as possible that would aid in a potential critical incident response.

If notification is made after the arrest due to exigent circumstances, Penal Code Section 1299.08(b) authorizes the Department to require a detailed explanation of those exigent circumstances within three (3) working days. The Department's policy is to exercise this mandate.

PROVIDING ASSISTANCE TO BAIL BONDSMEN

As such, a call for service shall be created and the bondsmen's justification shall be included or attached to the report.

436.6 ROUTINE AND CRITICAL INCIDENT CALLS BY A BONDSMEN

Dispatchers and other Department employees shall inform the station watch commander of all requests for assistance from bail bondsmen or their agents immediately after such requests are received.

A bail bondsman or their agent may request to provide information regarding a bail fugitive with an active warrant. If a call for service is generated, the assigned deputy shall contact the RP at a safe location unrelated to the wanted subject. The deputy shall gather all pertinent information and review the facts with the watch commander.

The decision to act immediately or delay service of the warrant is at the discretion of the watch commander. A threat assessment should be done to determine the risk level to officer safety and the public in both instances. While this is not an all inclusive list, consideration shall be given to the following:

- Availability of manpower
- Type of warrant and the nature of the originating case
 - Violent felony vs. non-violent crime
- Need and availability of other Departmental resources
 - K9, air support, SEB, etc.
- The absence of higher priority tasks or calls for service
- The criminal history of the wanted subject and known associates
- Potential for weapons or violence
- Location of the wanted subject
- Availability of Department apprehension teams to take over apprehension efforts
 - FWET, MCU, GIT
- Need to conduct additional investigation or surveillance
- Alternative arrest methods or location(s)

In the event service is immediately attempted, deputies will take over the investigation from the bondsmen in its entirety. Deputies shall respond to the wanted persons location without the bondsmen or his/her agents, and attempt a lawful arrest warrant service. If the subject is apprehended, the deputy will book him/her into jail on the warrant. Deputies are prohibited from turning such arrested persons over to any bondsmen or agents.

436.6.1 CRITICAL INCIDENT RESPONSE

In the event of a in-progress critical incident involving a bail bondsmen, dispatch or department members should ascertain if the wanted subject has an active warrant or is simply wanted for a

violation of their bail contract. Violation of a bail contract is civil in nature and should be handled as a non-criminal civil matter. Subjects with an active warrant and refusing to surrender to the bondsman or their agent may be considered a barricaded subject. Deputies should direct the bail bondsmen or their agents to retreat from the location and assess the situation as outlined in DSM 424 (Hostage and Barricaded Incidents).

436.7 PROHIBITED SOLICITATION OF BAIL FUGITIVES WITH ACTIVE WARRANT

When making arrests of bail fugitives, Department members shall not solicit assistance from bail bondsmen or their agents. When Department members arrest bail fugitives on an outstanding arrest warrant, they shall not be released to the custody of the bail bondsmen or their agents, but shall be booked by the arresting deputy on the outstanding warrant.

436.8 DEPARTMENT MEMBERS AS BAILORS

Department members shall make notification via chain of command to their Commander when acting as bailors for any person in custody. Department members are prohibited from acting as bailors where any fee, gratuity or reward is solicited or accepted.

Department members shall refrain from suggesting, recommending, or advising any attorney or Bail Bondsmen to any person coming to their attention as a result of a law enforcement action or activity, except where their family member(s) may be involved.

Mental Illness Commitments

439.1 PURPOSE AND SCOPE

This policy provides guidelines for when deputies may take a person into custody for psychiatric evaluation and treatment pursuant to Welfare and Institutions Code § 5150.

439.2 POLICY

It is the policy of the Riverside County Sheriff's Department to protect the public and individuals through legal and appropriate use of the 72-hour treatment and evaluation commitment process.

439.3 AUTHORITY

A deputy having probable cause may take a person into custody and place the person in an approved mental health facility for 72-hour treatment and evaluation when the deputy believes that, as a result of a mental disorder, the person is a danger to him/herself or others or the person is gravely disabled (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5585.50).

When determining whether to take a person into custody, deputies are not limited to determining the person is an imminent danger and shall consider reasonably available information about the historical course of the person's mental disorder, which may include evidence presented from any of the following (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5150.05):

- (a) An individual who is providing or has provided mental health treatment or related support services to the person
- (b) A family member
- (c) The person subject to the determination or anyone designated by the person

439.4 CONSIDERATIONS AND RESPONSIBILITIES

Any deputy handling a call involving an individual who may qualify for a 5150 commitment should consider, as time and circumstances reasonably permit:

- (a) Available information that might assist in determining the cause and nature of the person's action or stated intentions
- (b) Community or neighborhood mediation services
- (c) Conflict resolution and de-escalation techniques
- (d) Community or other resources available to assist in dealing with mental health issues

While these steps are encouraged, nothing in this section is intended to dissuade deputies from taking reasonable action to ensure the safety of the deputies and others.

439.4.1 SECURING OF PROPERTY

When a person is taken into custody for evaluation, or within a reasonable time thereafter, and unless a responsible relative, guardian or conservator is in possession of the person's personal property, the deputy shall take reasonable precautions to safeguard the individual's personal

property in his/her possession or on the premises occupied by the person (Welfare and Institutions Code § 5150).

The deputy taking the person into custody shall provide a report to the court that describes the person's property and its disposition in the format provided in Welfare and Institutions Code § 5211, unless a responsible person took possession of the property, in which case the deputy shall only include the name of the responsible person and the location of the property (Welfare and Institutions Code § 5150).

439.5 TRANSPORTATION

Deputies may transport individuals in a patrol unit and shall secure them in accordance with the Handcuffing and Restraints Policy and the vehicle code. Should the detainee require transport in a medical transport vehicle and the safety of any person, including the detainee, requires the presence of a deputy during the transport, Watch Commander approval is required before transport commences. Transport by non-sworn personnel shall be evaluated, taking into consideration the detainee's demeanor, level of cooperation and any criminal charges.

439.5.1 EXCITED DELIRIUM SYNDROME

Deputies should not transport those persons believed to be suffering from Excited Delirium Syndrome (EDS) and instead should refer those persons to EMS personnel for treatment under existing EMS protocols and policies. When either dispatch or deputies believe that a call may involve a suspect experiencing EDS, they should request that EMS stage.

The following are signs and symptoms of EDS:

- (a) Extremely aggressive or violent behavior
- (b) Attraction to lights, sounds, glass or reflective surfaces
- (c) Ongoing struggle despite futility
- (d) Unusual physical strength and stamina
- (e) Extremely hot to the touch or sweating profusely
- (f) Unintelligible animal like noises or speech that is inconsistent and does not make sense
- (g) Rapid Breathing
- (h) Failure to recognize or respond to police presence at the scene
- (i) Nudity or inappropriate clothing for the environment
- (j) Suspected or known psychiatric illness
- (k) Suspected or known stimulant drug or alcohol intoxication
- (l) Constant or near constant physical activity

439.6 TRANSFER TO APPROPRIATE FACILITY

Upon arrival at the facility, the deputy will escort the individual into a treatment area designated by a facility staff member. If the individual is not seeking treatment voluntarily, the deputy should provide the staff member with the written application for a 5150 commitment and remain present to provide clarification of the grounds for detention, upon request.

Absent exigent circumstances, the transporting deputy should not assist facility staff with the admission process, including restraint of the individual. However, if the individual is transported and delivered while restrained, the deputy may assist with transferring the individual to facility restraints and will be available to assist during the admission process, if requested. Under normal circumstances, deputies will not apply facility-ordered restraints.

439.7 DOCUMENTATION

The deputy shall complete the 5150 Worksheet (RSD form A10) and complete the 5150 e-Worksheet via the MDC or Sheriff's Intranet. The number generated by the eWorksheet shall be placed in the appropriate box on the 5150 Worksheet. The deputy shall complete an application for a 72-Hour detention for evaluation and treatment, provide it to the facility staff member assigned to that patient and retain a copy of the application for inclusion in the case report.

The application shall include the circumstances for deputy involvement; the probable cause to believe the person is, as a result of a mental health disorder, a danger to others or him/herself or gravely disabled; and all information used for the determination of probable cause (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5150.05).

The deputy should also provide a verbal summary to any evaluating staff member regarding the circumstances leading to the involuntary detention.

439.7.1 ADVISEMENTS AND RESOURCES

The deputy taking a person into custody for evaluation shall advise the person of:

- (a) The deputy's name and agency.
- (b) The fact that the person is not under criminal arrest but is being taken for examination by mental health professionals and the mental health staff will advise him/her of their rights.
- (c) The name of the facility to which the person is being taken.
- (d) If the person is being taken into custody at his/her residence, he/she should also be advised that he/she may take a few personal items, which the deputy must approve, and may make a telephone call or leave a note indicating where he/she is being taken. The deputy should also ask if the person needs assistance turning off any appliance or water.

The advisement shall be given in a language the person understands. If the person cannot understand an oral advisement, the information shall be provided in writing (Welfare and Institutions Code § 5150).

Deputies shall leave a copy of the "What to do in a Mental Health Crisis" pamphlet at the residence or with a family member of the detainee and document to whom the pamphlet was provided. The pamphlet is available on the Sheriff's Intranet under the "Patrol Ops" heading.

439.8 CRIMINAL OFFENSES

Deputies investigating an individual who is suspected of committing a minor criminal offense and who is being taken on a 5150 commitment should resolve the criminal matter by issuing a warning or a Notice to Appear as appropriate and according to the victim's wishes.

When an individual who may qualify for a 5150 commitment has committed a serious criminal offense that would normally result in an arrest and transfer to a jail facility, the deputy should:

- (a) Arrest the individual when there is probable cause to do so.
- (b) Notify the appropriate supervisor of the facts supporting the arrest and the facts that would support the 5150 commitment.
- (c) Facilitate the individual's transfer to jail.
- (d) Thoroughly document in the related reports the circumstances that indicate the individual may qualify for a 5150 commitment or the implementation of processes pursuant to Penal Code § 4011.6.

In the supervisor's judgment, the individual may instead be arrested or booked and transported to the appropriate mental health facility. The supervisor should consider the seriousness of the offense, the treatment options available, the ability of this department to regain custody of the individual, department resources (e.g., posting a guard) and other relevant factors in making this decision.

439.9 FIREARMS AND OTHER WEAPONS

Whenever a person is taken into custody for a 5150 commitment, the handling deputies should seek to determine if the person owns or has access to any firearm or other deadly weapon defined in Welfare and Institutions Code § 8100. Deputies should consider whether it is appropriate and consistent with current search and seizure law under the circumstances to seize any such firearms or other dangerous weapons pursuant to the authorities in Welfare and Institutions Code § 8102(a).

Deputies are cautioned that a search warrant may be needed before entering a residence or other place for the specific purpose of searching for weapons, unless lawful, warrantless entry has already been made (e.g., exigent circumstances, consent).

The handling deputies shall issue a receipt describing the deadly weapon or any firearm seized, and list any serial number or other identification that is on the firearm. Deputies shall advise the person of the procedure for the return of any firearm or other weapon that has been taken into custody (Welfare and Institutions Code § 8102 (b)).

439.9.1 PETITION FOR RETURN OF FIREARMS AND OTHER WEAPONS

Whenever the handling deputy has cause to believe that the future return of any confiscated weapon might endanger the person or others, the deputy shall detail those facts and circumstances in a report. The report shall be forwarded to the Detective Bureau, which shall be responsible for initiating a petition to the Superior Court for a hearing in accordance with Welfare and Institutions Code § 8102(c), to determine whether the weapon will be returned.

The petition to the Superior Court shall be initiated within 30 days of the release of the individual from whom such weapon has been confiscated, unless the department makes an ex parte application to the court to extend the time to file such a petition, up to a maximum of 60 days. At the time any such petition is initiated, the department shall send written notice to the individual informing him/her of the right to a hearing on the issue, that he/she has 30 days to confirm with the court clerk any desire for a hearing and that the failure to do so will result in the forfeiture of any confiscated weapon.

439.10 TRAINING

This department will endeavor to provide Peace Officer Standards and Training (POST)-approved advanced officer training on interaction with persons with mental disabilities, 5150 commitments and crisis intervention.

Homeless Persons

440.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that personnel understand the needs and rights of the homeless and to establish procedures to guide them during all contacts with the homeless, whether consensual or for enforcement purposes. The Department recognizes that homeless persons are often in need of outreach services and other unique law enforcement actions. The Department will address these needs in balance with our overall mission. Therefore, personnel will consider the following when serving the homeless community.

440.1.1 POLICY

It is the policy of the Department to provide law enforcement services to all members of the community, while protecting the rights, dignity and private property of the homeless. Homelessness is not a crime and members of this Department will not use homelessness solely as a basis for detention or law enforcement action.

440.2 HOMELESS OUTREACH TEAM

The Sheriff will designate member(s) of the Department to act as homeless liaison officers comprising the Homeless Outreach Team (HOT). Their responsibilities include the following:

- (a) Identify homeless persons and encampments within Riverside County and maintain a list of such encampments;
- (b) Maintain and make available to all Department employees a list of assistance programs and other resources that are available to the homeless;
- (c) Meet with social services and representatives of other organizations (Housing Authority, VA, RUHS, etc.) that render assistance to the homeless;
- (d) Remain abreast of laws dealing with the removal and/or destruction of the personal property of the homeless. This will include:
 - 1. Proper posting of notices of trespass and clean-up operations; (Revised department-standard 602 letter (RSD Form 469) is available on the intranet under "Field Ops")
 - 2. Proper retention of property after clean-up, to include procedures for owners to reclaim their property in accordance with the Property and Evidence Policy and other established procedures.
- (e) Assist stations with coordinating events to address homeless encampments and other issues involving the homeless;
- (f) Be present during any clean-up operation conducted by this Department involving the removal of personal property of the homeless to ensure that the rights of the homeless are not violated;
- (g) Develop training to assist Department personnel in understanding current legal and social issues relating to the homeless;

Riverside County Sheriff's Department

Homeless Persons

- (h) Develop a tracking mechanism to document programs and accomplishments in order to prepare an annual report related to the HOT and its efforts.

440.3 STATION LIAISONS

All patrol stations, at the discretion of the station commander, shall designate primary and secondary liaisons (sworn employees) to act as the point of contact with the Homeless Outreach Team. Station liaisons are responsible for the following:

- (a) Identify homeless persons and encampments in and near station boundaries
- (b) Collaborate with the HOT to facilitate station-level programs and training
- (c) Coordinate enforcement action as needed to address:
 - 1. Trespassing (Revised department-standard 602 letter (RSD Form 469) is available on the intranet under "Field Ops")
 - 2. Stolen shopping carts
 - 3. Loitering
 - 4. Panhandling
 - 5. Squatting
 - 6. Other criminal acts
- (d) Coordinate the annual Point in Time (PIT) count
- (e) Serve as the Point in Time (PIT) count leader
- (f) Update station management and personnel on current laws, trends, and strategies to address homeless issues
- (g) Write press releases related to homeless operations or programs

440.3.1 COUNTY-LEVEL RESOURCES

Field deputies should know that other agencies within the county also have personnel assigned to address the homeless population and its impacts. Deputies assigned to patrol and HOT are encouraged to communicate with and seek the assistance of Riverside County's Senior Program Specialists who can be reached during daytime hours at two phone numbers available on the MDC Homeless SOI. Sr. Program Specialists work closely with all county agencies and can coordinate with us, Fire, Flood Control, Code Enforcement, and the Parks Department to mitigate encampments, abandoned property and other impacts.

440.4 FIELD CONTACTS

Deputies are encouraged to contact the homeless for purposes of rendering aid and support, and for community-oriented policing purposes. Nothing in this policy is meant to dissuade deputies from taking reasonable enforcement action when facts support a reasonable suspicion of criminal activity. However, when encountering a homeless person who has committed a non-violent misdemeanor and continued freedom is not likely to result in a continuation of the offense or a

Homeless Persons

breach of the peace, deputies are encouraged to consider long-term solutions to problems that may relate to the homeless, such as shelter referrals and counseling in lieu of physical arrest.

Deputies should provide homeless persons with resource and assistance information whenever it is reasonably apparent that such services may be appropriate.

440.4.1 OTHER CONSIDERATIONS

Homeless members of the community will receive the same level and quality of service provided to other members of the community. The fact that a victim or witness is homeless can, however, require special considerations for a successful investigation and prosecution. Deputies should consider the following when handling investigations involving homeless victims, witnesses, or suspects:

- (a) Document alternate contact information. This may include obtaining addresses and phone numbers of relatives and friends.
- (b) Document places the homeless person may frequent.
- (c) Provide homeless victims with victim/witness resources when appropriate.
- (d) Obtain statements from all available witnesses in the event that a homeless victim is unavailable for a court appearance.
- (e) Consider whether the person may be a dependent adult or elder, and if so, proceed in accordance with the Adult / Elder Abuse policy.
- (f) Arrange for transportation for investigation-related matters, such as medical exams and court appearances.
- (g) Consider whether a crime should be reported and submitted for prosecution, even when a homeless victim indicates they do not desire prosecution.

440.5 PERSONAL PROPERTY

The personal property of homeless persons must not be treated differently than the property of other members of the public. Deputies shall use reasonable care when handling, collecting, and retaining the personal property of homeless persons and shall not destroy or discard such property without legal cause.

When a homeless person is arrested or otherwise removed from a public place, deputies shall make reasonable accommodations to permit the person to lawfully secure their personal property. Otherwise, the personal property shall be collected for safekeeping. If the arrestee has more personal property than can reasonably be collected and transported by the deputy, a supervisor shall be consulted when reasonably available. The property shall be photographed and measures shall be taken to remove or secure the property. It will be the supervisor's responsibility to coordinate the removal and safekeeping of the property. Personal property taken from a homeless person shall be collected and stored (minimum of 90 days) in compliance with existing laws and policy. Exceptions to storing personal property for safekeeping include:

- (a) Soiled property (urine, feces, saliva, blood, vomit)

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Homeless Persons

- (b) Drenched clothing or material that cannot be wiped dry
- (c) Perishable food / drinks
- (d) Open containers that are unable to be sealed for storage

A supervisor must approve leaving such property in place and should ensure the property is photographed or video recorded where it was left and such actions documented in a report. Deputies should explain the reasons for leaving property in place, both to the owner and in reports, and should attempt to gain consent to do so.

Deputies should not conduct or assist in clean-up operations of belongings that reasonably appear to be the property of homeless persons without the prior authorization of a supervisor or a Department homeless liaison deputy. When practicable, requests by the public for clean-up of a homeless encampment should be referred to the station homeless liaison deputy or the Homeless Outreach Team.

Deputies who encounter unattended encampments, bedding, or other personal property in public areas that reasonably appears to belong to a homeless person should not remove or destroy such property and should inform a homeless liaison deputy if such property appears to involve a trespass, blight to the community, or is a subject of a complaint. It will be the responsibility of the station homeless liaison deputy / Homeless Outreach Team to address the matter in a timely fashion.

440.6 MENTAL ILLNESS AND MENTAL IMPAIRMENT

Some homeless persons may suffer from a mental illness or a mental impairment. Deputies shall not detain a homeless person under a mental illness commitment unless facts and circumstances warrant such a detention (as would apply to any person falling under the provisions of applicable law).

When a mental illness hold is not warranted, the deputy should provide the homeless person with contact information for mental health assistance as appropriate. In these circumstances, deputies may provide transportation to a mental health specialist if requested by the person and approved by a supervisor.

440.7 ECOLOGICAL ISSUES

Sometimes homeless encampments can impact the ecology and natural resources of the community, and may involve criminal offenses beyond mere littering. Deputies are encouraged to notify other appropriate agencies or departments when a significant impact to the environment has or is likely to occur. Significant impacts to the environment may warrant a crime report, investigation, supporting photographs, and supervisor notification.

Immigration Violations

445.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to members of the department relating to immigration and interacting with federal immigration officials.

445.1.1 DEFINITIONS

The following definitions apply to this policy (Government Code § 7284.4):

Criminal immigration violation - Any federal criminal immigration violation that penalizes a person's presence in, entry, or reentry to, or employment in, the United States. This does not include any offense where a judicial warrant already has been issued.

Immigration enforcement - Any and all efforts to investigate, enforce, or assist in the investigation or enforcement of any federal civil immigration law, including any and all efforts to investigate, enforce, or assist in the investigation or enforcement of any federal criminal immigration law that penalizes a person's presence in, entry or reentry to, or employment in the United States.

Judicial warrant - An arrest warrant for a violation of federal criminal immigration law and issued by a federal judge or a federal magistrate judge.

445.2 POLICY

It is the policy of the Department that all members make personal and professional commitments to equal enforcement of the law and equal service to the public. Confidence in this commitment will increase the effectiveness of this Department in protecting and serving the entire community and recognizing the dignity of all persons, regardless of their national origin or immigration status.

445.3 VICTIMS AND WITNESSES

To encourage crime reporting and cooperation in the investigation of criminal activity, all individuals, regardless of their immigration status, must feel secure that contacting or being addressed by members of law enforcement will not automatically lead to immigration inquiry and/or deportation. While it may be necessary to determine the identity of a victim or witness, members shall treat all individuals equally and not in any way that would violate the United States or California constitutions.

445.4 IMMIGRATION ENFORCEMENT INQUIRIES PROHIBITED

Deputies shall not inquire into an individual's immigration status for immigration enforcement purposes, and shall not assist with or perform the functions of an immigration officer whether formally or informally (Government Code § 7284.6). This does not prevent employees from asking arrestees / inmates about place of birth or citizenship to comply with consular notification requirements (834c PC), or to inquire about legal status to comply with or enforce other state laws (e.g., 26505 PC).

Immigration Violations

445.4.1 CALIFORNIA LAW ENFORCEMENT TELECOMMUNICATIONS SYSTEM (CLETS)

Members shall not use information transmitted through CLETS for immigration enforcement purposes except for criminal history information and only when consistent with the California Values Act (Government Code § 15160).

Members shall not use the system to investigate immigration violations of 8 USC § 1325 (improper entry) if that violation is the only criminal history in an individual's record (Government Code § 15160).

445.4.2 CALIFORNIA DEPARTMENT OF MOTOR VEHICLES

Members shall not obtain, access, use, or otherwise disclose noncriminal history information maintained by the DMV for immigration enforcement (Vehicle Code § 1808.48).

445.5 DETENTIONS AND ARRESTS

A deputy shall not detain any individual, for any length of time, for a civil violation of federal immigration laws or a related civil warrant (Government Code § 7284.6).

A deputy who has a reasonable suspicion that an individual already lawfully contacted or detained has committed a criminal violation of 8 USC § 1326(a) (unlawful reentry) that may be subject to an enhancement due to a previous conviction of an aggravated felony under 8 USC § 1326(b) (2), may detain the person for a reasonable period of time to contact federal immigration officials to verify whether the United States Attorney General has granted the individual permission for reentry and whether the violation is subject to enhancement (Government Code § 7284.6). No individual who is otherwise ready to be released should continue to be detained only because questions about the individual's status are unresolved.

If the deputy has facts that establish probable cause to believe that a person already lawfully detained has violated 8 USC § 1326(a) and the penalty may be subject to enhancement due to prior conviction for specified aggravated felonies, he/she may arrest the individual for that offense (Government Code § 7284.6).

A deputy shall not detain any individual, for any length of time, for any other criminal immigration violation of federal immigration laws (Government Code § 7284.6).

A deputy should notify a supervisor as soon as practicable whenever an individual is arrested for violation of 8 USC § 1326(a).

445.5.1 BASIS FOR CONTACT

The fact that an individual is suspected of being an undocumented alien alone shall not be the only basis for contact, detention, or arrest.

445.5.2 IDENTIFICATION

If a person is detained pursuant to the authority of Vehicle Code § 40302(a), that person may be detained upon approval of a supervisor for a reasonable period not to exceed two hours for the purpose of establishing their true identity (Vehicle Code § 40307(b)). When practicable, the use of a fingerprint scanner should be used to facilitate and expedite the identification of the person. If a

Other reasonable means to identify the person can be used as well (e.g., telephone calls, etc.). For example, although not directly listed by title, crimes such as assault with a deadly weapon, assault causing great bodily injury, mayhem, and assault with caustic chemicals might be eligible as a "qualifying crime" for the purposes of this section since they are each types of felonious assaults.

A certifying official may only withdraw the certification if the victim refuses to provide information and assistance when reasonably requested. Withdrawing certification is done by contacting the Department of Homeland Security U.S. Citizenship and Immigration Services, (USCIS) at 1-800-767-1833.

Criminal Organizations

449.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that the Riverside County Sheriff's Department appropriately utilizes criminal intelligence systems and temporary information files to support investigations of criminal organizations and enterprises.

449.1.1 DEFINITIONS

Definitions related to this policy include:

Criminal intelligence system - Any record system that receives, stores, exchanges or disseminates information that has been evaluated and determined to be relevant to the identification of a criminal organization or enterprise, its members or affiliates. This does not include temporary information files.

449.2 POLICY

The Riverside County Sheriff's Department recognizes that certain criminal activities, including but not limited to gang crimes and drug trafficking, often involve some degree of regular coordination and may involve a large number of participants over a broad geographical area.

It is the policy of this Department to collect and share relevant information while respecting the privacy and legal rights of the public.

449.3 CRIMINAL INTELLIGENCE SYSTEMS

No Department member may create, submit to or obtain information from a criminal intelligence system unless the Sheriff has approved the system for Department use.

Any criminal intelligence system approved for Department use should meet or exceed the standards of U.S. Code 28 CFR 23.20.

A designated supervisor will be responsible for managing each criminal intelligence system that has been approved for department use. The supervisor or the authorized designee should ensure the following:

- (a) Members using any such system are appropriately selected and trained.
- (b) Use of every criminal intelligence system is appropriately reviewed and audited.
- (c) Any system security issues are reasonably addressed.

449.3.1 SYSTEM ENTRIES

It is the designated supervisor's responsibility to approve the entry of any information from a report, field interview (FI), photo or other relevant document into an authorized criminal intelligence system. If entries are made based upon information that is not on file with this Department, such as open or public source documents or documents that are on file at another agency, the designated supervisor should ensure copies of those documents are sent to the respective, regional Gang Task Force (GTF) office for archiving in secure files. Any supporting documentation for an entry

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Criminal Organizations

shall be retained in accordance with the established records retention schedule of the managing agency and for at least as long as the entry is maintained in the system.

The designated supervisor should ensure that any documents retained by the gang unit are appropriately marked as intelligence information. These records may not be purged without the approval of the designated gang unit supervisor.

449.3.2 GANG DATABASES

The Sheriff may approve participation by the gang unit in a shared criminal gang intelligence database, such as CALGANG®. Members must obtain the requisite training before accessing any such database (11 CCR 751.6).

It is the gang unit supervisor's responsibility to determine whether any report or FI contains information that would qualify for entry into the database. Prior to designating any person as a suspected gang member, associate, or affiliate in a shared gang database; or submitting a document to the Attorney General's office for the purpose of designating a person in a shared gang database; or otherwise identifying the person in a shared gang database, the gang unit supervisor shall provide written notice to the person and, if the person is under the age of 18, to his/her parent or guardian of the designation and the basis for the designation, unless providing that notification would compromise an active criminal investigation or compromise the health or safety of a minor. Notice shall also describe the process to contest the designation (Penal Code § 186.34).

The person, an attorney working on his/her behalf, or his/her parent or guardian (if the person is under 18 years of age) may request, in writing, information as to whether the person is designated as a suspected gang member, associate, or affiliate in a shared gang database accessible by the Department, the basis for that designation, and the name of the agency that made the designation. The Department shall respond to a valid request in writing within 30 days, and shall provide the information requested unless doing so would compromise an active investigation or compromise the health and safety of the person if he/she is under 18 years of age (Penal Code § 186.34).

The person, or his/her parent or guardian if the person is under 18 years of age, may contest the designation by submitting written documentation, which shall be reviewed by the gang unit supervisor. If it is determined that the person is not a suspected gang member, associate, or affiliate, the person shall be removed from the database. The person and the parent or guardian shall be provided written verification of the Department's decision within 30 days of receipt of the written documentation contesting the designation and shall include the reason for a denial when applicable (Penal Code § 186.34).

It is the responsibility of the gang unit supervisor to retain reports and FIs in compliance with the database rules and any applicable end user agreement.

Records contained in a shared gang database shall not be disclosed for employment or military screening purposes, and shall not be disclosed for the purpose of enforcing federal immigration law unless required by state or federal statute or regulation (Penal Code § 186.36).

449.4 TEMPORARY INFORMATION FILE

No member may create or keep files on individuals that are separate from the approved criminal intelligence system. However, members may maintain temporary information that is necessary to actively investigate whether a person or group qualifies for entry into the Department-approved criminal intelligence system only as provided in this section. Once information qualifies for inclusion, it should be submitted to the supervisor responsible for consideration of criminal intelligence system entries.

449.4.1 FILE CONTENTS

A temporary information file may only contain information and documents that, within one year, will have a reasonable likelihood to meet the criteria for entry into an authorized criminal intelligence system.

Information and documents contained in a temporary information file:

- (a) Must only be included upon documented authorization of the responsible Department supervisor.
- (b) Should not be originals that would ordinarily be retained by the Information Services Bureau or Property and Evidence Section, but should be copies of, or references to, retained documents such as copies of reports, FI forms, Central Dispatch records or booking forms.
- (c) Shall not include opinions. No person, organization or enterprise shall be labeled as being involved in crime beyond what is already in the document or information.
- (d) May include information collected from publicly available sources or references to documents on file with another government agency. Attribution identifying the source should be retained with the information.

449.4.2 FILE REVIEW AND PURGING

The contents of a temporary information file shall not be retained longer than one year. At the end of one year, the contents must be purged.

The designated supervisor shall periodically review the temporary information files to verify that the contents meet the criteria for retention. Validation and purging of files is the responsibility of the supervisor.

449.5 INFORMATION RECOGNITION

Department members should document facts that suggest an individual, organization or enterprise is involved in criminal activity and should forward that information appropriately. Examples include, but are not limited to:

- (a) Gang indicia associated with a person or residence.
- (b) Information related to a drug-trafficking operation.
- (c) Vandalism indicating an animus for a particular group.
- (d) Information related to an illegal gambling operation.

Criminal Organizations

Department supervisors who utilize an authorized criminal intelligence system should work with the commander of the Ben Clark Training Center to train members to identify information that may be particularly relevant for inclusion.

449.6 RELEASE OF INFORMATION

Department members shall comply with the rules of an authorized criminal intelligence system regarding inquiries and release of information.

Information from a temporary information file may only be furnished to department members and other law enforcement agencies on a need-to-know basis and consistent with the Records Maintenance and Release Policy.

When an inquiry is made by the parent or guardian of a juvenile as to whether that juvenile's name is in a temporary information file, such information should be provided by the supervisor responsible for the temporary information file, unless there is good cause to believe that the release of such information might jeopardize an ongoing criminal investigation.

449.7 CRIMINAL STREET GANGS

The designated supervisor should ensure that there are an appropriate number of department members who can:

- (a) Testify as experts on matters related to criminal street gangs, and maintain an above average familiarity with:
 - 1. Any organization, associate or group of three or more persons that meets the definition of a criminal street gang under Penal Code § 186.22(f).
 - 2. Identification of a person as a criminal street gang member and criminal street gang-related crimes.
 - 3. The California Street Terrorism Enforcement and Prevention Act (Penal Code § 186.21 et seq.), associated crimes and what defines a criminal street gang (Penal Code § 186.22).

Agricultural and Livestock Pass Program

457.1 PURPOSE AND SCOPE

The Agricultural and Livestock Pass Program (aka Ag Pass) is to aid commercial livestock, equine, and agricultural operators with access to restricted areas following a natural disaster in order to provide care for livestock and crops. Ag Pass holders, who have acquired an authorized pass prior to the disaster, may be granted limited access to the location identified on their Ag Pass.

457.2 POLICY

In accordance with California's Food and Agricultural Code §2350, authorized Ag Pass holders may be allowed limited access through road-closures during disaster events when the Incident Commander deems it appropriate. To enter a closed area, Ag Pass holders must present the actual pass along with a valid government issued identification.

457.3 DEFINITIONS

Disasters- For the purpose of this policy, a disaster is a menace to public health or public safety created by a calamity including a flood, storm, fire, earthquake, explosion, accident or other naturally occurring or man-made event that necessitates emergency personnel to restrict access to the public.

Law Enforcement Incident Commander- For the purpose of this policy, the term "LE Incident Commander" refers to the highest ranking Sheriff's Department official assigned to the incident.

Authorized Agricultural Owner(s)- Are defined as:

- At least 18 years of age
- Located within the unincorporated area of Riverside County for a portion of the year
- Raise livestock [as defined by Food & Agricultural §18663], to include equine
- Perform agricultural activities [as defined by Civil Code §3482.5(e)]

Agricultural Agent(s)- Are persons (at least 18 years of age) who are under written agreement with the agricultural owner(s) to act in their authority and responsibility to care for the livestock and/or agricultural product.

- Agricultural Owners shall be limited to four agents

Agricultural Pass- Shall be utilized for the purpose of providing feed, water and medical treatment to livestock and/or agricultural products within the evacuation zone or other restricted areas. Per Food & Agricultural Code §2350(e)(1), the pass, at a minimum, shall include the following:

- Name of the applicant and cardholder
- Photo of the cardholder
- Name(s) of the ranch(s)/properties, and its location, to which the cardholder seeks access in the event of a disaster

457.5 GENERAL ACCESS AND LIMITATIONS

457.5.1 INITIAL EVACUATION PHASE (NO AG PASS ACCESS ALLOWED)

During the initial evacuation phase, all public safety efforts will be focused on the safe removal of people from affected disaster areas. Ag Pass holders will not be allowed access through roadblocks during this phase [Penal Code §409.5(e)].

457.5.2 AG PASS ENTRY PROCESS

- (a) Once the incident has stabilized, Ag Pass holder entry will be considered as an option by the LE Incident Commander operating under the Incident Command System (ICS) / Unified Command structure.
 1. Decisions for the allowance of the Ag Pass can rapidly change and will be dependent on safety conditions and the ongoing approval of the Incident Commander.
- (b) If the LE Incident Commander has approved the entry of Ag Pass holder(s), the following should occur:
 1. The Incident Command Post (ICP) will advise all on-scene personnel when Ag Pass holders may access their property.
 2. Ag Pass holders shall present photo identification and their Ag Pass to checkpoint staff.
 3. Checkpoint staff will verify the Ag Pass with the ICP, who will approve or deny entry.
 - (a) Only Ag Pass holders will be allowed access through the checkpoint.
 - Example: a vehicle with four occupants and only one Ag Pass holder would not be allowed access. Only the actual Ag Pass holder will be allowed entry.
 - (b) When feasible, the Sheriff's Department Rural Crime Team should be used to escort pass holders.
 4. Checkpoint staff shall notify the ICP of the name(s), vehicle description and license plate number of the Ag Pass holder(s) that have been granted access, and their intended location/destination.

457.6 AG PASS VIOLATIONS AND ENFORCEMENT

Livestock and agricultural care should only be made during daylight hours. All persons must immediately depart the restricted area by the same route as entry, if possible, once their work has been completed. Ag Pass holders shall not wander, loiter, or otherwise meander to, from, or on the property listed in the issued Ag Pass. Individuals who violate the conditions of the Ag Pass, or otherwise trespass into restricted areas, are subject to immediate arrest (Penal Code §409.5(c)).

Ag Pass holders shall be required to follow any lawful order by any emergency personnel while participating in the Ag Pass program, to include but not limited to ceasing their work and evacuating.

Arrestee Transport by Community Service Officers

460.1 PURPOSE AND SCOPE

The transportation of arrestees by community service officers must ensure the safety of the employee and reduce the potential for escape. This policy was established to outline improved transportation guidelines, restraint techniques and to increase communication between arresting deputies, community service officers, and supervisors.

460.2 POLICY

Community service officers are only allowed to transport non-violent, non-flight risk arrestees. To help employees decide whether an arrestee meets these criteria, the acronym **F.I.G.H.T.E.R.** was developed:

- **F**ought with Law Enforcement
- **I**nfluence of Drugs or Alcohol
- **G**ang Member
- **H**ostile, verbally or passively
- **T**hreat of Escape or Flight
- **E**xperienced Criminal
- **R**eport to Supervisor

If an arresting deputy or community service officer feels an arrestee meets one of the above **F.I.G.H.T.E.R.** criteria, a supervisor shall decide whether or not an arrestee can be transported by a community service officer.

In an effort to increase security and make transporting arrestees safer, all arrestees (when transported by a community service officer) will be restrained in waist and leg chains. The following will apply any time an arrestee is transported by a community service officer:

- The arrestee will be classified using the **F.I.G.H.T.E.R.** criteria
- The arrestee will be placed in waist and leg chains by sworn personnel
- The waist and leg chains will be removed by corrections personnel during the booking process

It may be reasonable in certain situations to deviate from this procedure. These situations will be evaluated on a case by case basis. The final decision on whether leg and waist chains will be used, or whether a community service officer will conduct the transport, will be made by a supervisor.

Arrestee Transport by Community Service Officers

460.3 TRAINING

This policy was initially adopted in July of 2012 (D.D. #12-031), and department wide training was conducted. From September 2012 forward, all new-hire community service officers are to receive training during their field training program.

460.4 ADDITIONAL RESTRAINTS

Station/Bureau commanders can acquire additional equipment through the following entities:

- **Leg Irons** - approved county vendors.
- **Waist Chains** - Division Warehouse at the Larry D. Smith Correctional Facility.

460.5 PREVIOUS DEPARTMENT DIRECTIVE RESCINDED

With the adoption of DSM 460, the Department has rescinded Department Directive 12-031 Arrestee Transport by Community Service Officers.

Public Meetings (Bailiff Assignment at County Board of Supervisors, City Council, School Board, etc.)

461.1 PURPOSE AND SCOPE

This policy provides guidance for deputy sheriffs acting as Bailiffs assigned to public meetings held in the performance of government. These public meetings include those regularly held for the Riverside County Board of Supervisors, city councils, and school boards within our contract cities, and/or those instances where deputies may be called to respond to where a bailiff is not normally assigned.

461.2 POLICY

The Riverside County Sheriff's Department respects the rights of the people to peaceably assemble and exercise their First Amendment rights at constitutionally protected activities. Deputies acting as Bailiffs shall be mindful of the delicate balance between the need to preserve public meeting decorum when objectively reasonable and the need to preserve the right to assemble and engage in free speech. Deputies acting as Bailiffs shall not intervene in constitutionally protected activity of assembly and/or speech, until such time the related conduct becomes objectively unreasonable and violates California State law, and all reasonable means have been attempted to regain order.

461.3 DEFINITIONS

The term "Bailiff" refers to a sworn member of the Sheriff's Department assigned to maintain peace and order at public meetings commonly held by the Riverside County Board of Supervisors, a city council, a school board, or other related form of governance.

461.4 RELATED CALIFORNIA LAWS

CA Penal Code section 403

Every person who, without authority of law, willfully disturbs or breaks up any assembly or meeting that is not unlawful in its character, other than an assembly or meeting referred to in Section 302 of the Penal Code or Section 18340 of the Elections Code, is guilty of a misdemeanor.

(Amended by Stats. 1994, Ch. 923, Sec. 159. Effective January 1, 1995.)

CA Government Code 54957.9

In the event that any meeting is willfully interrupted by a group or groups of persons so as to render the orderly conduct of such meeting unfeasible and order cannot be restored by the removal of individuals who are willfully interrupting the meeting, the members of the legislative body conducting the meeting may order the meeting room cleared and continue in session. Only matters appearing on the agenda may be considered in such a session. Representatives of the press or other news media, except those participating in the disturbance, shall be allowed to

Public Meetings (Bailiff Assignment at County Board of Supervisors, City Council, School Board, etc.)

attend any session held pursuant to this section. Nothing in this section shall prohibit the legislative body from establishing a procedure for readmitting an individual or individuals not responsible for willfully disturbing the orderly conduct of the meeting.

(Amended by Stats. 1981, Ch. 968, Sec. 34.)

461.5 GENERAL CONSIDERATIONS

Penal Code section 403 prohibits the disruption of public meetings and a violation of the law is a misdemeanor. The conduct to violate Penal Code 403 must be near outrageous. Outrageous conduct does not include trivialities such as indignities, annoyances, hurt feelings, or bad manners that a reasonable person is expected to endure. It is important to understand the intent behind public speaking sessions is for citizens to exercise their First Amendment right to freedom of speech and provide community and government leaders with feedback about their performance.

461.6 BEST PRACTICES

Legislative bodies, upon their inception, generally follow or adopt particular rules of order (e.g. Robert's Rules of Order, Rosenberg Rules of Order, custom rules, etc.), for conducting governance.

1. Each station shall have a standard operating procedure (SOP) for their Bailiff position.
2. If a legislative body modifies their rules of order, the responsible Sheriff's Department station commander will, within 30 days, update their station's SOP to address those changes, if applicable.
3. Commanders, or their designee, should engage in the discussion process with their respective legislative bodies to provide guidance and discuss any constitutional questions and or concerns.
4. Commanders, or their designee, shall meet annually with their legislative bodies to review and discuss the Sheriff's Department's policy on public meetings, the legislative body's expectations of the assigned Bailiff(s), and the appropriate response or protocols to address individuals or groups who may disrupt the public meetings.
5. Commanders, or their designee, should ensure Department members acting as Bailiffs within their command are familiar with the following:
 - This Department Standards Manual section (DSM 461)
 - The respective station's SOP on the Bailiff Program
 - The legislative body's particular set of rules and agreed upon expectations of the assigned Bailiff
 - (a) The agreed upon expectations, responses and protocols to address individuals or groups disrupting public meetings should be detailed in the respective station's SOP on the Bailiff Program

461.7 ENFORCEMENT ACTION

Deputies assigned as Bailiffs, or those who respond to a call for service to a public meeting, should keep in mind their primary role is to keep the peace.

Riverside County Sheriff's Department

Public Meetings (Bailiff Assignment at County Board of Supervisors, City Council, School Board, etc.)

~~Prior to taking enforcement action, deputies shall ensure the legislative body has taken all appropriate steps as outlined in their station's SOP to gain compliance. This may include shutting down the meeting and clearing of the meeting room/assembly area, as well as turning off any live video feed.~~

If an enforcement action becomes necessary, deputies shall activate their body worn camera (if equipped). When practical, deputies should give clear and concise warnings to individuals who are conducting themselves unlawfully. The warnings should include clear directions on what the person(s) can do to be compliant. Directions should be specific enough to allow compliance.

If the member(s) of the public's conduct rises to the point an arrest becomes necessary, deputies should do the following:

- Ensure their body worn camera is activated (if equipped).
- Ensure the live video feed is turned off.
- Attempt to persuade the person(s) to leave the assembly area.
- If the person(s) refuses, ask the presiding officer or chairperson for a recess, if it has not already been done.
- Consider removing compliant individuals first.
- During the recess, confer with the chairperson or their designee regarding a potential violation of PC 403; and when prudent, obtain a signed citizen's arrest form from the presiding representative or the city manager per the station's SOP.
 - If the person's actions, in violation of this statute, are so egregious and are clearly violating other criminal sections such as terrorist threats or assault, the deputy may immediately make an on-sight arrest.
- Verbally announce to the violator(s) they are being detained and or arrested for willfully disrupting a public meeting.
- Document the arrest and any use of force. The report should include the following:
 - The person(s) intentionally committed acts that violated implicit customs or usages of or explicit rules for governing the public meeting.
 - The person(s) knew or reasonably should have known that his or her acts violated those customs or usages of rules (e.g. told by the chairperson they were disrupting the meeting).
 - The person(s)' acts substantially and unlawfully interfered with the conduct of the meeting.
 - The collection of all relevant video and body worn camera recording.
- If a use of force incident takes place, the following shall occur:
 - The person is arrested and booked into jail
 - Supervision is notified as soon as practical
 - The use of force protocol (DSM-300) is followed

Public Meetings (Bailiff Assignment at County Board of Supervisors, City Council, School Board, etc.)

~~461.7.1 RESTARTING A PUBLIC MEETING~~

After the peace has been reestablished, and the legislative body has resumed the public meeting, the following should occur:

- Maintain a law enforcement presence
 - Increase the amount of law enforcement presence, if appropriate
- Allow members of the press into the meeting in accordance to CA Government Code 54957.9.

Chapter 5 - Traffic Operations

Traffic Function and Responsibility

500.1 PURPOSE AND SCOPE

The ultimate goal of traffic law enforcement is to reduce traffic collisions. This may be achieved through the application of such techniques as geographic/temporal assignment of personnel and equipment and the establishment of preventive patrols to deal with specific categories of unlawful driving behavior. Traffic enforcement techniques are based on accident data, enforcement activity records, traffic volume, and traffic conditions. This department provides enforcement efforts toward violations, not only in proportion to the frequency of their occurrence in accident situations, but also in terms of traffic-related needs.

500.2 TRAFFIC DEPUTY DEPLOYMENT

Several factors are considered in the development of deployment schedules for deputies of the Riverside County Sheriff's Department. Information provided by the California Statewide Integrated Traffic Reporting System (SWITRS) and the Crossroads Collision Database are valuable resources for traffic accident occurrences and therefore deputy deployment. Some of the factors for analysis include:

- Location
- Time
- Day
- Violation factors

All deputies assigned to patrol or traffic enforcement functions will emphasize enforcement of accident causing violations during high accident hours and at locations of occurrence. All deputies will take directed enforcement action on request, and random enforcement action when appropriate against violators as a matter of routine. All deputies shall maintain high visibility while working general enforcement, especially at high accident-rate locations.

The department may employ the use of checkpoints for the purpose of gathering information relevant to an investigation, or during specific traffic enforcement programs. Other factors to be considered for deployment are requests from the public, construction zones or special events.

500.2.1 UNINCORPORATED AREAS

Traffic enforcement is not a mandated function of the Sheriff in unincorporated areas of the county. Traffic enforcement is a primary duty of the Sheriff in contract cities.

Deputies assigned to unincorporated areas shall enforce only aggravated, serious traffic violations. Unincorporated areas identified with recurring violations, insufficient signage, or other conditions contributing to vehicle code violations should be brought to the attention of the California Highway Patrol.

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)

Traffic Function and Responsibility

500.3 ENFORCEMENT

Enforcement actions are commensurate with applicable laws and take into account the degree and severity of the violation committed. This department does not establish ticket quotas and the number of arrests or citations issued by any deputy shall not be used as the sole criterion for evaluating a deputy's overall performance (Vehicle Code § 41603). The visibility and quality of a deputy's work effort will be commensurate with the philosophy of this policy. Several methods, not just citations, are effective in the reduction of collisions:

500.3.1 WARNINGS

Warnings or other non-punitive enforcement actions should be considered in each situation and substituted for arrests or citations when circumstances warrant, especially in the case of inadvertent violations.

500.3.2 CITATIONS

Citations may be issued when a deputy believes it is appropriate. It is essential that deputies fully explain the rights and requirements imposed on motorists upon issuance of a citation for a traffic violation. Deputies should provide the following information at a minimum:

- (a) Explanation of the violation or charge;
- (b) Court appearance procedure including the optional or mandatory appearance by the motorist;
- (c) Notice of whether the motorist can enter a plea and pay the fine by mail or at the court;

Once issued, a citation shall not be cancelled, concealed or otherwise destroyed without notifying a supervisor of the circumstances and communicating with the applicable court regarding the reason for cancellation. Under no circumstances shall a personal relationship with any officer, public official, or law enforcement agency be grounds for dismissal (CVC 40500(d)).

Once issued, a citation that is not to be lawfully cancelled shall be submitted and processed in a timely manner (CVC 40506).

500.3.3 PHYSICAL ARREST

Physical arrest can be made on a number of criminal traffic offenses outlined in the Vehicle Code or Penal Code. These physical arrest cases usually deal with, but are not limited to:

- (a) Vehicular manslaughter
- (b) Felony and misdemeanor driving under the influence of alcohol/drugs
- (c) Felony or misdemeanor hit-and-run
- (d) Refusal to sign notice to appear
- (e) Any other misdemeanor at the discretion of the deputy, such as reckless driving with extenuating circumstances

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Traffic Function and Responsibility

500.4 SUSPENDED OR REVOKED DRIVERS LICENSES

If a deputy contacts a traffic violator for driving on a suspended or revoked license, the deputy may issue a traffic citation pursuant to Vehicle Code § 14601.

If a computer check of a traffic violator's license status reveals a suspended or revoked driver license and the traffic violator still has his or her license in possession, the license shall be seized by the deputy. The deputy shall verbally advise the traffic violator of the suspension or revocation and issue the citation. The deputy will be responsible for filling out the Verbal Notice form (DMV form DL-310) and causing that form and license to be forwarded to the Department of Motor Vehicles.

500.5 HIGH-VISIBILITY VESTS

The Department has provided American National Standards Institute (ANSI) Class II high-visibility vests to increase the visibility of department members who may be exposed to hazards presented by passing traffic, maneuvering or operating vehicles, machinery and equipment (23 CFR 655.601; 8 CCR 1598).

Although intended primarily for use while performing traffic related assignments, high-visibility vests should be worn at any time increased visibility would improve the safety or efficiency of the department member.

500.6 TRAFFIC SERVICES COMMITTEE

Commanders of stations having contract cities may designate a representative to serve on a Departmental Traffic Services Committee. The Traffic Services Committee, if created, shall:

- (a) Advise on development of programs and procedures relating to traffic;
- (b) Advise on development of standard forms for traffic enforcement and accident reporting;
- (c) Maintain SWITRS reports;
- (d) Assist stations in analyzing their traffic statistics;
- (e) Coordinate the department's traffic training programs with the Training and Education Bureau;
- (f) Maintain liaison with other traffic related agencies;
- (g) On request, provide stations with in-service training;
- (h) On request, provide station with technical assistance in traffic enforcement and accident investigations;
- (i) Convene as needed.

Impaired Driving

505.1 PURPOSE AND SCOPE

This policy provides guidance to those department members who play a role in the detection and investigation of driving under the influence (DUI).

This directive replaces DD #86-020 in its entirety and will specify policy and procedure related to the collection of evidence during DUI and other criminal investigations where blood or urine evidence is germane to proving elements of the crime.

505.2 POLICY

The Riverside County Sheriff's Department is committed to the safety of the roadways and the community and will pursue fair but aggressive enforcement of California's impaired driving laws.

505.3 INVESTIGATIONS

All deputies are expected to enforce DUI laws with due diligence.

The traffic sergeant will develop and maintain, in consultation with the prosecuting attorney, report forms with appropriate checklists to assist in the investigation of DUI, documenting relevant information and maximizing efficiency. Any DUI investigation will be documented using current and valid forms. Information documented on these forms does not need to be duplicated in the report narrative. Information that should be documented includes, at a minimum:

- (a) The field sobriety tests (FSTs) administered and the results.
- (b) The deputy's observations that indicate impairment on the part of the individual, and the deputy's health-related inquiries that may help to identify any serious health concerns (e.g., diabetic shock).
- (c) Sources of additional information (e.g., reporting party, witnesses) and their observations.
- (d) Information about any audio and/or video recording of the individual's driving or subsequent actions.
- (e) The location and time frame of the individual's vehicle operation and how this was determined.
- (f) Any prior related convictions in California or another jurisdiction.

505.4 FIELD TESTS

Deputies should use the Standardized Field Sobriety Tests (SFST) approved by the National Highway Traffic Safety Administration (NHTSA) and any approved alternate tests when investigating violations of DUI laws.

505.5 CHEMICAL TESTS

A person implies consent to a chemical test or tests, and to providing the associated chemical sample, under any of the following (Vehicle Code § 23612):

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Impaired Driving

- (a) The person is arrested for driving a vehicle while under the influence, pursuant to Vehicle Code § 23152.
- (b) The person is under 21 years of age and is arrested by a deputy having reasonable cause to believe that the person's blood alcohol content is 0.05 or more (Vehicle Code § 23140).
- (c) The person is under 21 years of age and detained by a deputy having reasonable cause to believe that the person was driving a vehicle while having a blood alcohol content of 0.01 or more (Vehicle Code § 23136).
- (d) The person was operating a vehicle while under the influence and proximately caused bodily injury to another person (Vehicle Code § 23153).

If a person withdraws this implied consent, or is unable to withdraw consent (e.g., the person is unconscious), the deputy should consider implied consent revoked and proceed as though the person has refused to provide a chemical sample.

505.5.1 STATUTORY NOTIFICATIONS

Deputies requesting that a person submit to chemical testing shall provide the person with the mandatory warning pursuant to Vehicle Code § 23612(a)(1)(D) and Vehicle Code § 23612(a)(4).

505.5.2 PRELIMINARY ALCOHOL SCREENING

Deputies may use a preliminary alcohol screening (PAS) test to assist in establishing reasonable cause to believe a person is DUI. The deputy shall advise the person that the PAS test is being requested to assist in determining whether the person is under the influence of alcohol or drugs, or a combination of the two. Unless the person is under the age of 21, he/she shall be advised that the PAS test is voluntary. The deputy shall also advise the person that submitting to a PAS test does not satisfy his/her obligation to submit to a chemical test as otherwise required by law (Vehicle Code § 23612).

505.5.3 PRELIMINARY ALCOHOL SCREENING FOR A PERSON UNDER AGE 21

If a deputy lawfully detains a person under 21 years of age who is driving a motor vehicle and the deputy has reasonable cause to believe that the person has a blood alcohol content of 0.01 or more, the deputy shall request that the person take a PAS test to determine the presence of alcohol in the person, if a PAS test device is immediately available. If a PAS test device is not immediately available, the deputy may request the person to submit to chemical testing of his/her blood, breath or urine, conducted pursuant to Vehicle Code § 23612 (Vehicle Code § 13388).

If the person refuses to take or fails to complete the PAS test or other chemical test, or if the result of either test reveals a blood alcohol content of 0.01 or more, the deputy shall proceed to serve the person with a notice of order of suspension pursuant to this policy (Vehicle Code § 13388).

505.5.4 CHOICE OF TESTS

Deputies shall respect a viable choice of chemical test made by an arrestee, as provided for by law (e.g., breath will not be acceptable for suspected narcotics influence).

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Impaired Driving

A person arrested for DUI has the choice of whether the test is of his/her blood or breath, and the deputy shall advise the person that he/she has that choice. If the person arrested either is incapable, or states that he/she is incapable, of completing the chosen test, the person shall submit to the remaining test.

If the person chooses to submit to a breath test and there is reasonable cause to believe that the person is under the influence of a drug or the combined influence of alcohol and any drug, the deputy may also request that the person submit to a blood test. If the person is incapable of completing a blood test, the person shall submit to and complete a urine test (Vehicle Code § 23612(a)(2)(C)).

505.5.5 BREATH SAMPLES

The deputy should ensure that all devices used for the collection and analysis of breath samples are properly serviced and tested, and that a record of such service and testing is properly maintained.

Deputies obtaining a breath sample should monitor the device for any sign of malfunction. Any anomalies or equipment failures should be noted in the appropriate report and promptly reported to a sergeant.

When the arrested person chooses a breath test, the handling deputy shall advise the person that the breath-testing equipment does not retain a sample, and the person may, if desired, provide a blood or urine specimen, which will be retained to facilitate subsequent verification testing (Vehicle Code § 23614).

The deputy should also require the person to submit to a blood test if the deputy has a clear indication that a blood test will reveal evidence of any drug or the combined influence of an alcoholic beverage and any drug. Evidence of the deputy's belief shall be included in the deputy's report (Vehicle Code § 23612(a)(2)(C)).

Deputies under no circumstances shall share or loan their own, or utilize another employee's ID number or access card in order to use or activate any breath analysis device during an investigation.

505.5.6 BLOOD SAMPLES

Only persons authorized by law to draw blood shall collect blood samples (Vehicle Code § 23158). The blood draw should be witnessed by the assigned deputy. No deputy, even if properly certified, should perform this task.

Deputies should inform an arrestee that if he/she chooses to provide a blood sample, a separate sample can be collected for alternate testing. Unless medical personnel object, two samples should be collected and retained as evidence, so long as only one puncture is required.

The blood sample shall be packaged, marked, handled, stored and transported as required by the testing facility.

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Impaired Driving

If an arrestee cannot submit to a blood draw because he/she has a bleeding disorder or has taken medication that inhibits coagulation, he/she shall not be required to take a blood test. Such inability to take a blood test should not be considered a refusal. However, that arrestee may be required to complete another available and viable test.

505.5.7 URINE SAMPLES

If a urine test will be performed, the arrestee should be promptly transported to the appropriate testing site. The deputy shall follow any directions accompanying the urine evidence collection kit.

Urine samples shall be collected and witnessed by a deputy or jail staff member of the same sex as the individual giving the sample. The arrestee should be allowed sufficient privacy to maintain his/her dignity, to the extent possible, while still ensuring the accuracy of the sample (Vehicle Code § 23158(i)).

The sample shall be packaged, marked, handled, stored and transported as required by the testing facility.

505.6 REFUSALS

When an arrestee refuses to provide a viable chemical sample, deputies should:

- (a) Advise the arrestee of the requirement to provide a sample (Vehicle Code § 23612).
- (b) Audio- and/or video-record the admonishment when it is practicable.
- (c) Document the refusal in the appropriate report.

505.6.1 STATUTORY NOTIFICATIONS UPON REFUSAL

Upon refusal to submit to a chemical test as required by law, deputies shall personally serve the notice of order of suspension upon the arrestee and take possession of any state-issued license to operate a motor vehicle that is held by that individual (Vehicle Code § 23612(e); Vehicle Code § 23612(f)).

505.6.2 BLOOD SAMPLE WITHOUT CONSENT

A blood sample may be obtained from a person who refuses a chemical test, only after a search warrant has been obtained pursuant to Penal Code 1524.

Deputies should be aware that:

- (a) Parole or probation status alone is not sufficient to avoid the warrant requirement. Each arrestee's specific conditions should be researched and confirmed.
- (b) A driver's license holder's "Implied Consent" is not sufficient to avoid the warrant requirement.

505.6.3 FORCED BLOOD SAMPLE

If an arrestee indicates by word or action that he/she will physically resist a blood draw, the deputy should request a supervisor to respond.

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)

Impaired Driving

The responding supervisor, after having confirmed that a search warrant has been obtained, should:

- (a) Evaluate whether using force to obtain a blood sample is appropriate under the circumstances.
- (b) Advise the person of his/her duty to provide a sample (even if this advisement was previously done by another deputy) and attempt to persuade the individual to submit to such a sample without physical resistance. This dialogue should be recorded on audio and/or video if practicable.
 - 1. The sergeant and all deputies involved shall give careful risk-management consideration to using force to obtain blood evidence from extremely elderly arrestees, injured arrestees, or obviously pregnant arrestees. The total circumstances of a given investigation may not warrant force given the existence of these, or other, aggravating factors.
- (c) Ensure that the blood sample is taken in a medically approved manner.
- (d) Ensure the forced blood draw is recorded on audio and/or video when practicable.
- (e) Monitor and ensure that the type and level of force applied appears reasonable under the circumstances:
- (f) Unless otherwise provided in a warrant, force should generally be limited to handcuffing or similar restraint methods.
- (g) Ensure that all attempts to obtain a blood sample through force cease if the person agrees to, and completes a viable form of testing in a timely manner.
- (h) In misdemeanor cases, if the arrestee becomes violent or more resistant, no additional force will be used and a refusal should be noted in the report.
- (i) In felony cases, force which reasonably appears necessary to overcome the resistance to the blood draw may be permitted
- (j) Ensure the use of force and methods used to accomplish the collection of the blood sample are documented in the related report.
- (k) Force may also be used under these guidelines to collect a blood sample in felony cases, other than DUI, where the arrestee's suspected drug or alcohol impairment has a direct and relevant nexus to proving the elements of a FELONY child abuse, neglect, or endangerment charge. The arrestee must refuse to voluntarily submit to the draw and a search warrant seeking evidence of the felony charge, shall be obtained before force is used to seize the sample.
 - 1. Force shall not be used when the only charge is 11550(a) HS, nor shall search warrants be sought to seize samples in 11550(a) HS cases.

If a supervisor is unavailable, deputies are expected to use sound judgment and perform as a responding supervisor, as set forth above.

Impaired Driving

505.7.1 WARRANTLESS ARREST

In addition to the arrest authority granted to deputies pursuant to Penal Code § 836, a deputy may make a warrantless arrest of a person that the deputy has reasonable cause to believe has been driving under the influence of an alcoholic beverage or any drug, or under the combined influence of the same when (Vehicle Code § 40300.5):

- (a) The person is involved in a traffic accident.
- (b) The person is observed in or about a vehicle that is obstructing the roadway.
- (c) The person will not be apprehended unless immediately arrested.
- (d) The person may cause injury to him/herself or damage property unless immediately arrested.
- (e) The person may destroy or conceal evidence of a crime unless immediately arrested.

505.7.2 DEPUTY RESPONSIBILITIES

The deputy serving the arrested person with a notice of an order of suspension shall immediately (Vehicle Code § 23612):

- (a) Forward a copy of the completed notice of suspension or revocation form and any confiscated driver's license to the Department of Motor Vehicles (DMV).
- (b) Forward a sworn report to DMV that contains the required information in Vehicle Code § 13380.
- (c) Forward the results to the appropriate forensic laboratory if the person submitted to a blood or urine test.

505.8 ADMINISTRATIVE HEARINGS

The administrative staff will ensure that all appropriate reports and documents related to administrative license suspensions are reviewed and forwarded to DMV.

Any employee who receives notice of required attendance to an administrative license suspension hearing should promptly notify the prosecuting attorney.

Any employee who testifies at an administrative hearing should document the hearing date, time and DMV file number in a supplemental report. Specific details of the hearing generally should not be included in the report unless errors, additional evidence or witnesses are identified.

505.8 CLERICAL RESPONSIBILITIES

The clerical/records staff at each station or bureau will ensure that all case-related records are transmitted according to current records procedures and as required by the prosecuting attorney's office.

505.9 TRAINING

Department members participating in DUI investigations should attend DUI-related training classes that include, at a minimum, current laws on impaired driving, investigative techniques and rules of evidence pertaining to DUI investigations.

Vehicle Towing and Release

510.1 PURPOSE AND SCOPE

This policy provides the procedures for towing a vehicle by or at the direction of the Riverside County Sheriff's Department. Nothing in this policy shall require a department member to tow a vehicle if they believe another response would be consistent with public safety objectives and the reasonable protection of property.

510.2 STORAGE AND IMPOUNDS

The responsibilities, considerations and requirements for those employees towing, storing or impounding a vehicle are listed below.

510.2.1 VEHICLE STORAGE REPORT

Department members requesting towing, storage, or impound of a vehicle shall complete CHP Form 180 and accurately record the mileage and a description of property within the vehicle (Vehicle Code § 22850). A copy of the storage report should be given to the tow truck operator, and the original shall be submitted with the report within 24 hours after the vehicle is stored.

The circumstances surrounding the tow shall be thoroughly documented using the CHP Form 180 and a detailed report, which shall be submitted within 24 hours following the tow. The specific circumstances surrounding a vehicle tow and the timely submission of reports is critical in making an informed decision during a storage hearing following the seizure.

510.2.2 REMOVAL FROM TRAFFIC COLLISION SCENES

When a vehicle has been involved in a traffic collision and must be removed from the scene, the deputy shall request a rotational tow via dispatch.

If the owner is incapacitated, or for any reason it is necessary for the department to assume responsibility for a vehicle involved in a collision, the deputy shall request a rotational tow via dispatch. The deputy will then store the vehicle using a CHP Form 180.

510.2.3 STORAGE AT ARREST SCENES

Whenever a person in charge or in control of a vehicle is arrested, it is the policy of this department to provide reasonable safekeeping by storing the arrestee's vehicle subject to the exceptions described below. The vehicle, however, shall be stored whenever it is needed for the furtherance of the investigation or prosecution of the case, or when the community caretaker doctrine would reasonably suggest that the vehicle should be stored (e.g., traffic hazard, high likelihood of theft or vandalism).

The following are examples of situations where vehicles shall be left at the scene in lieu of storing, provided the vehicle can be lawfully parked and left in a reasonably secured and safe condition:

- Traffic-related warrant arrest, or a violation for which the owner/controller is cite-released at the scene.

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Vehicle Towing and Release

- Arrests that occur at the owner/controller's home, on the driveway, or on the street in front of the home and the vehicle is safely parked.
- Situations where the vehicle was not used to further the offense for which the driver was arrested.
- Whenever the licensed owner of the vehicle is present, willing, and able to take control of any vehicle not involved in criminal activity.
- Whenever an owner-approved and validly licensed agent can take possession of the vehicle within a reasonable amount of time.
- Whenever the vehicle otherwise does not need to be stored and the owner requests that it be left at the scene. In such cases, the owner shall be informed that the department will not be responsible for theft or damages.

510.2.4 IMPOUNDMENT AT SOBRIETY CHECKPOINTS

Whenever a driver is stopped at a sobriety checkpoint and the only violation is that the operator is driving without a valid driver's license, the deputy shall make a reasonable attempt to identify the registered owner of the vehicle (Vehicle Code § 2814.2). The deputy shall release the vehicle to the registered owner if the person is a licensed driver, or to another licensed driver authorized by the registered owner, provided the vehicle is claimed prior to the conclusion of the checkpoint operation.

If the vehicle is released at the checkpoint, the deputy shall list on their copy of the notice to appear the name and driver's license number of the person to whom the vehicle is released.

When a vehicle cannot be released at the checkpoint, it shall be towed (Vehicle Code § 22651(p)). When a vehicle is removed at the checkpoint, it shall be released during the normal business hours of the storage facility to the registered owner or their agent upon presentation of a valid driver's license and current vehicle registration.

510.2.5 DRIVING A NON-COUNTY VEHICLE

Vehicles which have been towed by or at the direction of the department should not be driven by sheriff's personnel unless it is necessary to move a vehicle a short distance to eliminate a hazard, prevent the obstruction of a fire hydrant or to comply with posted signs.

510.2.6 DEPARTMENT MEMBER RESPONSIBILITIES

Any department member who causes a vehicle to be towed (except tows at owner's request) shall enter the vehicle as towed, stored or impounded as soon as possible. The CHP Form 180 "half-sheet" shall be submitted to the station records bureau before the end of shift.

Department members shall not make their own requests for any specific tow company, but shall instead make all tow requests via dispatch. When requesting a tow, the department member shall advise if the tow is an owner's request and if any special equipment is required (i.e. winch, flatbed, heavy-duty, etc). Dispatch shall relay the request to the applicable tow line call center or authorized rotational tow listed for the area. In most cases, owner requests for Automobile Club (AAA) tows should not be relayed to dispatch and should be handled directly by the involved citizen.

Vehicle Towing and Release

Any justifiable deviation from the tow company rotation list may include the following circumstances:

- Company unavailable to respond.
- Response time unreasonably long.
- Special equipment is needed to tow or retrieve vehicle.

The specific reason for a deviation from the tow rotation list shall be noted by dispatch in the call text or unit history of the requestor.

510.2.7 STATION/BUREAU RECORDS RESPONSIBILITY

Within 48 hours, excluding weekends and holidays, of the storage of any such vehicle it shall be the responsibility of the station's clerical unit to determine the names and addresses of any individuals having an interest in the vehicle through DMV or CLETS computers. Notice shall be sent to all such individuals by mail as applicable and as provided in Vehicle Code § 22851.3(d), Vehicle Code § 22852(a), and Vehicle Code § 14602.6(a)(2). This information is usually provided on the CHP Form 180 "half-sheet" that is submitted by the department member responsible for the tow.

The notice shall include the following (Vehicle Code § 22852(b)):

- (a) The name, address, and telephone number of this Department.
- (b) The location of the place of storage and description of the vehicle, which shall include, if available, the name or make, the manufacturer, the license plate number, and the mileage.
- (c) The authority and purpose for the removal of the vehicle.
- (d) A statement that, in order to receive their post-storage hearing, the owners, or their agents, shall request the hearing in person, in writing, or by telephone within 10 days of the date appearing on the notice.

510.3 VEHICLE INVENTORY

All property in a stored or impounded vehicle shall be inventoried and listed on the vehicle storage form. This includes the trunk and any compartments or containers, even if closed and/or locked. Members conducting inventory searches should be as thorough and accurate as practical in preparing an itemized inventory. These inventory procedures are for the purpose of protecting an owner's property while in sheriff's custody, to provide for the safety of deputies, and to protect the department against fraudulent claims of lost, stolen, or damaged property.

510.4 SECURITY OF VEHICLES AND PROPERTY

Unless it would cause an unreasonable delay in the completion of a vehicle impound/storage or create an issue of officer safety, deputies should make reasonable accommodations to permit a driver/owner to retrieve small items of value or personal need (e.g., cash, jewelry, cell phone, prescriptions) that are not considered evidence or contraband.

Vehicle Towing and Release

If a search of a vehicle leaves the vehicle or any property contained therein vulnerable to unauthorized entry, theft, or damage, personnel conducting the search shall take such steps as are reasonably necessary to secure and/or preserve the vehicle or property from such hazards.

510.4.1 VEHICLES STORED ON DEPARTMENT PROPERTY

Vehicles requiring storage on station or department property, usually for evidence processing or examination purposes, shall be tracked and stored as follows:

- (a) When possible, the vehicle shall be secured behind fencing or locked gate.
- (b) The vehicle, if windows or top are damaged, shall be reasonably covered to prevent damage from the weather elements.
- (c) The vehicle shall be entered into the ELEETS evidence system and the bar code sticker conspicuously affixed to the vehicle's interior.

The Property Lieutenant shall periodically inquire as to the status of vehicles held on station property and promptly release as appropriate.

510.5 RELEASE OF VEHICLE

Dispatch is available 24/7 to provide information regarding impoundment of vehicles and the right of the registered owner to request a storage hearing. Absent station specific protocol for after hour requests, releases for towed vehicles will be made available during regular, non-emergency business hours (Vehicle Code § 14602.6).

- (a) Vehicles removed pursuant to Vehicle Code § 22850 shall be released after proof of current registration is provided by the owner, or the person in control of the vehicle, and after all applicable fees are paid (Vehicle Code § 22850.3; Vehicle Code § 22850.5).
- (b) Vehicles removed that require payment of parking fines or proof of valid driver's license shall only be released upon presentation of proof of compliance, proof of payment, completion of affidavit, and payment of applicable fees related to the removal (Vehicle Code § 22651 et seq., Vehicle Code § 22652 et seq., Vehicle Code § 22850.3; Vehicle Code § 22850.5).
- (c) A vehicle removed pursuant to Vehicle Code § 14602.6(a) shall be released to the registered owner or their agent with proof of current registration, proof of a valid driver's license in the possession of either party, and applicable fees paid prior to the end of the 30-day impoundment period. The following circumstances also require release before the end of a 30-day impoundment:
 - 1. The vehicle was stolen.
 - 2. If the driver reinstates their driver's license or acquires a license and provides proof of proper insurance.
 - 3. Any other circumstance as set forth in Vehicle Code § 14602.6.
 - 4. When there is no remaining community caretaking need to continue impound of the vehicle or the continued impound would not otherwise comply with the Fourth Amendment.

Vehicle Towing and Release

- (d) An autonomous vehicle removed under authority of Vehicle Code § 22651(o)(1)(D) shall be released to the registered owner, or person in control of the autonomous vehicle, if the requirements of Vehicle Code § 22651(o)(3)(B) are met.

Supervisors whose duties include releasing towed vehicles should consult the vehicle code under which the vehicle was towed or impounded for any specific requirements prior to release.

Employees who suspect a vehicle was impounded in error should promptly advise a supervisor. Supervisors should then approve, when appropriate, the release of the vehicle without requiring the registered owner or their agent to request a hearing. See the Vehicle Impound Hearings Policy (DSM 512).

510.6 PRIVATE PROPERTY TOWS

Generally, members should not become involved in towing of vehicles from private property. Unless associated with a criminal investigation, the towing of vehicles from private property are considered a civil matter.

In instances where deputies are acting in a keep the peace capacity, deputies should understand the legal differences between a private party tow and a repossession.

Repossessions - In the case of a repossession, the vehicle owner, or person in lawful possession of the vehicle, can object to the repossession prior to the reposessor/tow operator taking control of the vehicle. See the Civil Disputes and Repossessions Policy (DSM 432).

Private Property Tows - Private property tows have a different legal standard for the objection of the tow. The vehicle owner, or person in possession of the vehicle, can object to and stop the private property tow at any time while the vehicle is still on private property. Only when the vehicle has been removed from the private property and is in transit, is it considered in the possession of the tow company. In other words, if the vehicle owner, or person in possession of the vehicle, objects to the tow while it is still on private property, the tow operator must stop and return the vehicle.

- (a) Vehicle Code § 22658 authorizes and regulates the removal of vehicles from private property.
- (a) Deputies may be called upon to keep the peace during a private party tow. Deputies should be familiar with the following subsections of Vehicle Code § 22658(g)(1):
 - (A) Possession of a vehicle under this section shall be deemed to arise when a vehicle is removed from private property and is in transit.
 - (B) Upon the request of the owner of the vehicle or that owner's agent, the towing company or its driver shall immediately and unconditionally release a vehicle that is not yet removed from the private property and in transit.
 - (C) A person failing to comply with subparagraph (B) is guilty of a misdemeanor.

510.7 TOWING FOR EXPIRED REGISTRATION

Prior to a member removing a vehicle that is found to have expired registration for more than six months, the member shall verify that no current registration exists with the DMV. If current registration exists with the DMV, the vehicle shall not be removed (Vehicle Code § 22651(o)(1)(A)).

Vehicle Impound Hearings

512.1 PURPOSE AND SCOPE

This policy establishes a procedure for the requirement to provide vehicle storage or impound hearings pursuant to Vehicle Code § 22852.

512.2 STORED OR IMPOUND HEARING

When a vehicle is stored or impounded by any member of the Riverside County Sheriff's Department, a hearing will be conducted upon the request of the registered or legal owner of the vehicle or his/her agent (Vehicle Code § 22650(a); Vehicle Code § 22852(a)). The hearing, if requested, is held to provide due process relevant to the storage where both parties can informally present facts, evidence, or other factors relevant to the department's need to continue its possession of the vehicle.

The hearing shall be conducted within 48 hours of the request, excluding weekends and holidays. The hearing officer must be a sworn sergeant (or higher rank) and one that did not cause or direct the storage or impound of the vehicle.

The use of any previously published RSD "Vehicle Tow Hearing Flow Charts" or "Decision Tree" diagrams is for reference and guidance and are to be considered only part of the entire hearing and decision-making process. The hearing process should encompass a complete and thorough examination of all mitigating and aggravating factors, along with applicable authority sections associated with the seizure.

512.2.1 HEARING PROCEDURES

The vehicle storage hearing is an informal process to evaluate the validity of an order to store or impound a vehicle. The employee who caused the storage or removal of the vehicle does not need to be present for this hearing.

All requests for a hearing on a stored or impounded vehicle shall be submitted in person, in writing or by telephone within 10 days of the date appearing on the notice (Vehicle Code § 22852(b)). A sworn sergeant (or higher rank) not involved in the storage shall serve as the hearing officer. The person requesting the hearing may record the hearing at his/her own expense.

The failure of either the registered or legal owner or interested person or his/her agent to request a hearing in a timely manner or to attend a scheduled hearing shall be considered a waiver of and satisfaction of the post-storage hearing requirement (Vehicle Code § 22851.3(e)(2); Vehicle Code § 22852(d)).

Any relevant evidence may be submitted and reviewed by the hearing officer to determine if reasonable grounds have been established for the storage or impound of the vehicle. The initial burden of proof established by a preponderance of the evidence that the storage/impound was based on probable cause rests with the department.

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Vehicle Impound Hearings

After consideration of all information, the hearing officer shall determine the validity of the storage or impound of the vehicle in question and then render a decision. The hearing officer shall also consider any mitigating circumstances attendant to the storage that reasonably would warrant the release of the vehicle or a modification or reduction of the period the vehicle is impounded (Vehicle Code §14602.6(b); Vehicle Code § 14602.8(b)).

Aside from those mitigating circumstances enumerated in the Vehicle Code, the registered owner's lack of actual knowledge that the driver to whom the vehicle was loaned was not validly licensed may constitute a mitigating circumstance under Vehicle Code § 14602.6(b) or 14602.8(b), warranting release of the vehicle. This mitigating circumstance exception is not limited to situations where the owner made a reasonable inquiry as to the licensed status of the driver before lending the vehicle.

The legislative intent and this department's policy is to prevent unlicensed driving pursuant to Vehicle Code §14602.6. If this purpose is not furthered by the continued impoundment of a vehicle, release is most often appropriate.

- (a) If a decision is made that reasonable grounds for storage or impound have been established, the hearing officer shall advise the inquiring party of the decision and that the inquiring party may pursue further civil remedies if desired.
 - 1. If mitigating circumstances are found to be relevant, the hearing officer shall make reasonable adjustments to the impound period, storage or assessment of fees as warranted.
- (b) If a decision is made that reasonable grounds for storage or impound have not been established or sufficient mitigating circumstances exist, the vehicle in storage shall be released immediately. Towing and storage fees will be paid at the department's expense (Vehicle Code § 22852(e)).
- (c) If a decision is made that reasonable grounds for storage have not been established or sufficient mitigating circumstances exist, and the vehicle has been released with fees having been paid, the receipt for such fees will be forwarded with a letter to the appropriate Chief Deputy. The hearing officer will recommend to the appropriate Chief Deputy that the fees paid by the registered or legal owner of the vehicle in question or their agent be reimbursed by the department.
- (d) All hearings shall be documented using the department's Tow Hearing Request Form, available within the Patrol Tracker Application. These forms shall be retained pursuant to the destruction schedule and shall be organized to allow for statistical review.

512.3 COMMANDER RESPONSIBILITIES

The commanders shall ensure that the Tow Hearing Request Forms are organized in a manner that allows for statistical review of the process and hearing outcomes.

The commanders shall periodically review the tow hearing process within their commands to ensure that the proper personnel are involved, that it is properly providing due process, and that the hearings are properly identifying vehicle storages that should be upheld, that occurred erroneously, or that should be amended.

Chapter 6 - Investigation Operations

Investigation and Prosecution

600.1 PURPOSE AND SCOPE

The purpose of this policy is to set guidelines and requirements pertaining to the handling and disposition of criminal investigations.

600.2 POLICY

It is the policy of the Riverside County Sheriff's Department to investigate crimes thoroughly and with due diligence, and to evaluate and prepare criminal cases for appropriate clearance or submission to a prosecutor.

600.3 INVESTIGATION AUTHORITY AND PROTOCOL

The Sheriff has the responsibility and authority for all investigations conducted by the department. Operational responsibility for all investigations is at the bureau, station, or facility level. All divisions of the department can conduct criminal, non-criminal, and administrative investigations for the department or an allied agency. Throughout any investigation, the following protocols will generally apply:

- (a) Any member of the department can be assigned to conduct or assist with an investigation.
- (b) A criminal investigation shall not be delayed by an administrative investigation, both are to be conducted separately.
- (c) When assigned to, or lawfully assuming control of any criminal investigation, the employee is in charge. The assigned employee will be in command of the scene and will take precedence over all ranks at the scene and elsewhere in connection with the investigation, unless specifically relieved of the responsibility by a superior officer. (This does not relieve supervision of its responsibilities or authority during any investigation or other assignment).
- (d) When an employee is relieved of an investigation there shall be a review by the Commander regarding the circumstances. Reassignment for operational purposes is not considered relief from an investigation.
- (e) During an investigation, if information comes to light which would be considered a conflict of interest or render the employee ineffective for that investigation, that finding shall be immediately reported to a supervisor.
- (f) Should an employee identify another member as having a detrimental effect on a department investigation, that finding shall be immediately reported to a supervisor.
- (g) When conducting an investigation and information indicates that a departmental member may be involved in a criminal act, that finding shall be immediately reported to a supervisor.
- (h) An employee is responsible for the proper investigation of all assignments, and for appropriate disposition of all assigned cases.

600.4 INITIAL INVESTIGATION

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Investigation and Prosecution

600.4.1 DEPUTY RESPONSIBILITIES

A deputy responsible for an initial investigation shall complete no less than the following:

- (a) Make a preliminary determination of whether a crime has been committed by completing, at a minimum:
 - 1. An initial statement from any witnesses or complainants.
 - 2. A cursory examination for evidence.
- (b) If information indicates a crime has occurred, the deputy shall:
 - (a) Preserve the scene and any evidence as required to complete the initial and follow-up investigation.
 - (b) Determine if additional investigative resources (e.g., investigators or scene processing) are necessary and request assistance as required.
 - (c) If assistance is warranted, or if the incident is not routine, notify a supervisor.
 - (d) Make reasonable attempts to locate, identify and interview all available victims, complainants, witnesses and suspects.
 - (e) Collect any evidence.
 - (f) Take any appropriate law enforcement action.
 - (g) Complete and submit the appropriate reports and documentation.
- (c) If the preliminary determination is that no crime occurred, determine what other action may be necessary, what other resources may be available, and advise the informant or complainant of this information.

600.4.2 NON-SWORN MEMBER RESPONSIBILITIES

A non-sworn member assigned to any preliminary investigation is responsible for all investigative steps, except making any attempt to locate, contact or interview a suspect face-to-face or take any enforcement action. Should an initial investigation indicate that those steps are required, the assistance of a deputy shall be requested.

600.5 CUSTODIAL INTERROGATION REQUIREMENTS

Suspects who are in custody and subjected to an interrogation shall be given the *Miranda* warning, unless an exception applies. Interview or interrogation of a juvenile shall be in accordance with the Temporary Custody of Juveniles Policy.

600.5.1 AUDIO/VIDEO RECORDINGS

Any custodial interrogation of an individual who is suspected of having committed any violent felony offense should be recorded (audio or video with audio as available) in its entirety. Regardless of where the interrogation occurs, every reasonable effort should be made to secure functional recording equipment to accomplish such recordings.

Consideration should also be given to recording a custodial interrogation, or any investigative interview, for any other offense when it is reasonable to believe it would be appropriate and beneficial to the investigation and is otherwise allowed by law.

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Investigation and Prosecution

No recording of a custodial interrogation should be destroyed or altered without written authorization from the prosecuting attorney and the case agent's supervisor. Copies of recorded interrogations or interviews may be made in the same or a different format as the original recording, provided the copies are true, accurate and complete and are made only for authorized and legitimate law enforcement purposes.

Recordings, such as BWC recordings, should not take the place of a thorough report and investigative interviews. Written statements from suspects should continue to be obtained when applicable.

600.5.2 MANDATORY RECORDING OF ADULTS

Any custodial interrogation of an adult who is suspected of having committed any murder shall be recorded in its entirety. The recording should be video with audio if reasonably feasible (Penal Code § 859.5).

This recording is not mandatory when (Penal Code § 859.5):

- (a) Recording is not feasible because of exigent circumstances that are later documented in a report.
- (b) The suspect refuses to have the interrogation recorded, including a refusal any time during the interrogation, and the refusal is documented in a report. If feasible, the refusal shall be electronically recorded.
- (c) The custodial interrogation occurred in another state by law enforcement officers of that state, unless the interrogation was conducted with the intent to avoid the requirements of Penal Code § 859.5.
- (d) The interrogation occurs when no member conducting the interrogation has a reason to believe that the individual may have committed murder. Continued custodial interrogation concerning that offense shall be electronically recorded if the interrogating member develops a reason to believe the individual committed murder.
- (e) The interrogation would disclose the identity of a confidential informant or would jeopardize the safety of a deputy, the individual being interrogated or another individual. Such circumstances shall be documented in a report.
- (f) A recording device fails despite reasonable maintenance and the timely repair or replacement is not feasible.
- (g) The questions are part of a routine processing or booking, and are not an interrogation.
- (h) The suspect is in custody for murder and the interrogation is unrelated to a murder. However, if any information concerning a murder is mentioned during the interrogation, the remainder of the interrogation shall be recorded.

The department shall maintain an original or an exact copy of the recording until a conviction relating to the interrogation is final and all appeals are exhausted or prosecution is barred by law (Penal Code § 859.5).

Investigation and Prosecution

600.5.3 USE OF CERTAIN DNA SAMPLES

Known samples of DNA collected from a victim of a crime or alleged crime, and known reference samples of DNA from any individual that were voluntarily provided for the purpose of exclusion are to be used only for the purpose directly related to the incident being investigated and in compliance with the procedures identified in Penal Code § 679.12.

600.6 DISCONTINUATION OF INVESTIGATIONS

The investigation of a criminal case or efforts to seek prosecution should only be discontinued if one of the following applies:

- (a) All reasonable investigative efforts have been exhausted, no reasonable belief that the person who committed the crime can be identified, and the incident has been documented appropriately and as required.
- (b) The case has been submitted to the appropriate prosecutor but no charges have been filed. Further investigation is not reasonable nor has the prosecutor requested further investigation.
- (c) The case has been submitted to the appropriate prosecutor, charges have been filed, and further investigation is not reasonable, warranted or requested, and there is no need to take the suspect into custody.
- (d) Suspects have been arrested, there are no other suspects, and further investigation is either not warranted or requested.
- (e) Investigation has proven that a crime was not committed and such proof has been documented.
- (f) The statute of limitations has expired under all circumstances that would allow prosecution of the offender.

The Domestic Violence, Child Abuse Sexual Assault Investigations and Senior and Disability Victimization policies may also require an arrest or submittal of a case to a prosecutor. None of these circumstances absolve an assigned department member from properly documenting an incident in an initial report as required by department policy.

600.7 MODIFICATION OF CHARGES FILED

Members are not authorized to recommend to the prosecutor or to any other official of the court that charges on a pending case be amended or dismissed without the authorization of a Chief Deputy. Any authorized request to modify the charges or to recommend dismissal of charges shall then be made to the prosecutor.

600.8 COMPUTERS AND DIGITAL EVIDENCE

The collection, preservation, transportation and storage of computers, cell phones and other digital devices may require specialized handling to preserve the value of the related evidence. If it is anticipated that computers or similar equipment will be seized, deputies should request that computer forensic examiners assist with seizing computers and related evidence. If a forensic examiner is unavailable, deputies should take reasonable steps to prepare for such seizure and use the resources that are available.

600.9 INVESTIGATIVE USE OF SOCIAL MEDIA AND INTERNET SOURCES

Use of social media and any other Internet source to access information for the purpose of criminal investigation shall comply with applicable laws and policies regarding privacy, civil rights and civil liberties. Information gathered via the Internet should only be accessed by department members while on-duty and for purposes related to the mission of this department. If a department member encounters information relevant to a criminal investigation while off-duty or while using his/her own equipment, the department member should note the dates, times and locations of the information and report the discovery to his/her supervisor as soon as practicable. The department member, or others who have been assigned to do so, should attempt to replicate the finding when on-duty and using department equipment.

Information obtained via the Internet should not be archived or stored in any manner other than department-established record keeping systems (see the Records Maintenance and Release policy and the Criminal Organizations policy).

600.9.1 ACCESS RESTRICTIONS

Information that can be accessed from any department computer, without the need of an account, password, email address, alias or other identifier (unrestricted websites), may be accessed and used for legitimate investigative purposes without supervisory approval.

Accessing information from any Internet source that requires the use or creation of an account, password, email address, alias or other identifier, or the use of nongovernment IP addresses, requires supervisor approval prior to access. The supervisor will review the justification for accessing the information and consult with legal counsel as necessary to identify any policy or legal restrictions. Any such access and the supervisor approval shall be documented in the related investigative report.

Accessing information that requires the use of a third party's account or online identifier requires supervisor approval and the consent of the third party. The consent must be voluntary and shall be documented in the related investigative report.

Information gathered from any Internet source should be evaluated for its validity, authenticity, accuracy and reliability. Corroborative evidence should be sought and documented in the related investigative report.

Any information collected in furtherance of an investigation through an Internet source should be documented in the related report. Documentation should include the source of information and the dates and times that the information was gathered.

600.9.2 INTERCEPTING ELECTRONIC COMMUNICATION

Intercepting social media communications in real time may be subject to federal and state wiretap laws. Deputies should seek legal and supervisor counsel before any such interception.

600.10 CELLULAR COMMUNICATIONS INTERCEPTION TECHNOLOGY

All wiretap investigations/electronic communication intercepts will be coordinated and controlled by the Special Investigations Bureau Commander. The department, in conjunction with state

and federal law, must adhere to Title III of the Omnibus Crime Control and Safe Street Act of 1968, and the California Electronic Communications Privacy Act (ECPA) of 2016. Those provisions, certifications, policies, procedures, and laws are outlined in the “wiretap/electronic communications intercepts” in the Special Investigations Bureau Manual.

Any station, bureau, or facility within the department wanting to start a wiretap/electronic communication intercept investigation shall make a formal request to the Special Investigations Bureau to coordinate all activities associated with this type of investigation.

Members shall only use approved devices and usage shall be in compliance with department security procedures, the department’s usage and privacy procedures and all applicable laws.

600.11 ANTI-REPRODUCTIVE RIGHTS CRIMES

A member should take a report any time a person living within the jurisdiction of the Riverside County Sheriff's Department reports that the person has been a victim of an anti-reproductive rights crime as defined by Penal Code § 13776 and Penal Code § 423.3. This includes:

- (a) Taking a report, even if the location of the crime is outside the jurisdiction of this department or has not been determined (e.g., online harassment).
- (b) Providing the victim with the appropriate information, as set forth in the Victim and Witness Assistance Policy. Members should encourage the person to review the material and should assist with any questions.

A report should also be taken if a person living outside department jurisdiction reports an anti-reproductive rights crime that may have been committed or facilitated within this jurisdiction (e.g., use of a post office box in the [city/county] to facilitate the crime).

A member investigating an anti-reproductive rights crime should ensure that the case is referred to the appropriate agency if it is determined that this department should not be the investigating agency. The victim should be advised that the case is being transferred to the agency of jurisdiction. The appropriate entries should be made into any databases that have been authorized for department use and are specific to this type of investigation.

The Detective Bureau supervisor should provide the Records Manager with enough information regarding the number of calls for assistance and number of arrests to meet the reporting requirements to the California Department of Justice as required by Penal Code § 13777. See the Information Services Bureau Policy for additional guidance.

Sexual Assault Investigations

602.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the investigation of sexual assaults. These guidelines will address some of the unique aspects of such cases and the effects that these crimes have on the victims.

Mandatory notifications requirements are addressed in the Child Abuse and Senior and Disability Victimization policies.

602.1.1 DEFINITIONS

Definitions related to this policy include:

Sexual assault - Any crime or attempted crime of a sexual nature, to include but not limited to offenses defined in Penal Code § 243.4, Penal Code § 261 et seq., and Penal Code § 285 et seq.

Sexual Assault Response Team (SART) - A multidisciplinary team generally comprised of advocates; law enforcement officers; forensic medical examiners, including sexual assault forensic examiners (SAFEs) or sexual assault nurse examiners (SANEs) if possible; forensic laboratory personnel; and prosecutors. The team is designed to coordinate a broad response to sexual assault victims.

602.2 POLICY

It is the policy of the Riverside County Sheriff's Department that its members, when responding to reports of sexual assaults, will strive to minimize the trauma experienced by the victims, and will aggressively investigate sexual assaults, pursue expeditious apprehension and conviction of perpetrators, and protect the safety of the victims and the community.

For child sexual abuse or serious physical abuse, the Special Victims Unit (SVU) should be immediately contacted and review the circumstances of the case to determine if the SVU will take over the investigation. Refer to DSM 305 SVU for further.

602.3 QUALIFIED INVESTIGATORS

Qualified investigators should be available for assignment of sexual assault investigations. These investigators should:

- (a) Have specialized training in, and be familiar with, interview techniques and the medical and legal issues that are specific to sexual assault investigations.
- (b) Conduct follow-up interviews and investigation.
- (c) Present appropriate cases of alleged sexual assault to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies and medical personnel as needed.
- (e) Provide referrals to therapy services, victim advocates and support for the victim.
- (f) Participate in or coordinate with SART.

Sexual Assault Investigations

602.4 REPORTING

In all reported or suspected cases of sexual assault, a report should be written and assigned for follow-up investigation. This includes incidents in which the allegations appear unfounded or unsubstantiated.

602.5 VICTIM INTERVIEWS

The primary considerations in sexual assault investigations, which begin with the initial call to Central Dispatch, should be the health and safety of the victim, the preservation of evidence, and preliminary interviews to determine if a crime has been committed and to attempt to identify the suspect.

Whenever possible, a member of SART should be included in the initial victim interviews. An in-depth follow-up interview should not be conducted until after the medical and forensic examinations are completed and the personal needs of the victim have been met (e.g., change of clothes, bathing). The follow-up interview may be delayed to the following day based upon the circumstances. Whenever practicable, the follow-up interview should be conducted by a qualified investigator.

No opinion of whether the case is unfounded shall be included in the report.

Victims shall not be asked or required to take a polygraph examination (34 USC § 10451; Penal Code § 637.4).

Victims should be apprised of applicable victim's rights provisions, as outlined in the Victim and Witness Assistance Policy.

602.5.1 VICTIM RIGHTS

Whenever there is an alleged sexual assault, the assigned deputy shall accomplish the following:

- (a) Prior to the commencement of the initial interview, advise the victim in writing of the right to have a victim advocate and a support person of the victim's choosing present at any interview or contact by law enforcement, about any other rights of a sexual assault victim pursuant to the sexual assault victim card described in Penal Code § 680.2, and the right to have a person of the same or opposite gender present in the room during any interview with a law enforcement official unless no such person is reasonably available (Penal Code § 679.04).
- (b) If the victim is transported to a hospital for any medical evidentiary or physical examination, the deputy shall immediately cause the local rape victim counseling center to be notified (Penal Code § 264.2).
 - 1. The deputy shall not discourage a victim from receiving a medical evidentiary or physical examination (Penal Code § 679.04).
 - 2. A support person may be excluded from the examination by the deputy or the medical provider if the support person's presence would be detrimental to the purpose of the examination (Penal Code § 264.2).

Sexual Assault Investigations

602.5.2 VICTIM CONFIDENTIALITY

Deputies investigating or receiving a report of an alleged sex offense shall inform the victim, or the victim's parent or guardian if the victim is a minor, that his/her name will become a matter of public record unless the victim requests that his/her name not be made public. The reporting deputy shall document in his/her report that the victim was properly informed and shall include any related response made by the victim, or if a minor, any response made by the victim's parent or guardian (Penal Code § 293).

Except as authorized by law, members of this department shall not publicly disclose the name of any victim of a sex crime who has exercised his/her right to confidentiality (Penal Code § 293).

602.6 COLLECTION AND TESTING OF BIOLOGICAL EVIDENCE

Whenever possible, a SART member or other qualified forensics personnel should be involved in the collection of forensic evidence from the victim.

When the facts of the case indicate that collection of biological evidence is warranted, it should be collected regardless of how much time has elapsed since the reported assault.

If a drug-facilitated sexual assault is suspected, urine and blood samples should be collected from the victim as soon as practicable.

Subject to requirements set forth in this policy, biological evidence from all sexual assault cases, including cases where the suspect is known by the victim, should be submitted for testing.

Victims who choose not to assist with an investigation, do not desire that the matter be investigated, or wish to remain anonymous may still consent to the collection of evidence under their control. In these circumstances, the evidence should be collected and stored appropriately.

602.6.1 COLLECTION AND TESTING REQUIREMENTS

Members investigating a sexual assault offense should take every reasonable step to ensure that DNA testing of such evidence is performed in a timely manner and within the time periods prescribed by Penal Code § 803(g). SAFE kits should be submitted to the crime lab within 20 days after being booked into evidence (Penal Code § 680).

In order to maximize the effectiveness of such testing and identify the perpetrator of any sexual assault, the assigned deputy or investigator shall ensure that an information profile for the SAFE kit evidence has been created in the California Department of Justice (DOJ) SAFE-T database within 120 days of collection and should further ensure that the results of any such test have been timely entered into and checked against both the DOJ Cal-DNA database and the Combined DNA Index System (CODIS) (Penal Code § 680.3).

If the assigned deputy or investigator determines that a SAFE kit submitted to a private laboratory for analysis has not been tested within 120 days after submission, the deputy or investigator shall update the SAFE-T database to reflect the reason for the delay in testing. The assigned deputy or investigator shall continue to update the status every 120 days thereafter until the evidence has been analyzed or the statute of limitations has run (Penal Code § 680.3).

Sexual Assault Investigations

If, for any reason, DNA evidence in a sexual assault case in which the identity of the perpetrator is in issue and is not going to be analyzed within 18 months of the crime, the assigned deputy or investigator shall notify the victim of such fact in writing no less than 60 days prior to the expiration of the 18-month period (Penal Code § 680).

602.6.2 DNA TEST RESULTS

A SART member should be consulted regarding the best way to deliver biological testing results to a victim so as to minimize victim trauma, especially in cases where there has been a significant delay in getting biological testing results (e.g., delays in testing the evidence or delayed DNA databank hits). Members should make reasonable efforts to assist the victim by providing available information on local assistance programs and organizations as provided in the Victim and Witness Assistance Policy.

- (a) Upon receipt of a written request from a sexual assault victim or the victim's authorized designee, members investigating sexual assault cases shall inform the victim of the status of the DNA testing of any evidence from the victim's case (Penal Code § 680).
 - 1. Although such information may be communicated orally, the assigned deputy should thereafter follow-up with and retain a copy of confirmation by either written or electronic mail.
 - 2. Absent a written request, no member of this department is required to, but may, communicate with the victim or the victim's authorized designee regarding the status of any DNA testing.
- (b) Sexual assault victims shall further have the following rights (Penal Code § 680):
 - 1. To be informed if a DNA profile of the assailant was obtained from the testing of the SAFE kit or other crime scene evidence from their case.
 - 2. To be informed if there is a confirmed match between the DNA profile of the assailant developed from the evidence and a DNA profile contained in the DOJ Convicted Offender DNA Database, providing that disclosure would not impede or compromise an ongoing investigation.
 - 3. To be informed if the DNA profile of the assailant developed from the evidence has been entered into the DOJ Databank or the federal Department of Justice or Federal Bureau of Investigation CODIS database of case evidence.
 - 4. To access the DOJ SAFE-T database portal consistent with Penal Code § 680.3(e) for information involving their own forensic kit and the status of the kit.
- (c) Provided that the sexual assault victim or the victim's authorized designee has kept the assigned deputy informed with regard to current address, telephone number, and email address (if available), any victim or the victim's authorized designee shall, upon request, be advised of any known significant changes regarding the victim's case (Penal Code § 680).
 - 1. Although such information may be communicated orally, the assigned deputy should thereafter follow-up with and retain a copy of confirmation by either written or electronic mail.

Sexual Assault Investigations

2. No deputy shall be required or expected to release any information which might impede or compromise any ongoing investigation.

602.6.3 STANDARDIZED SEXUAL ASSAULT FORENSIC MEDICAL EVIDENCE KIT

Every station or bureau tasked with sexual assault investigations should make California standardized sexual assault forensic medical evidence (SAFE) kits available to members who may investigate sexual assault cases. Members investigating a sexual assault should use these SAFE kits when appropriate and follow related usage guidelines issued by the California Clinical Forensic Medical Training Center (Penal Code § 13823.14).

602.6.4 COLLECTION OF DNA REFERENCE SAMPLES

Reference samples of DNA collected directly from a victim of sexual assault, and reference samples of DNA collected from any individual that were voluntarily provided for the purpose of exclusion, shall be protected as provided in Penal Code § 679.12 (Penal Code § 680).

602.7 DISPOSITION OF CASES

If the assigned investigator has reason to believe the case is without merit, the case may be classified as unfounded only upon review and approval of the Detective Bureau supervisor.

Classification of a sexual assault case as unfounded requires the Detective Bureau supervisor to determine that the facts have significant irregularities with reported information and that the incident could not have happened as it was reported. When a victim has recanted his/her original statement, there must be corroborating evidence that the allegations were false or baseless (i.e., no crime occurred) before the case should be determined as unfounded.

602.8 CASE REVIEW

The Detective Bureau supervisor should ensure case dispositions are reviewed on a periodic basis, at least annually, using an identified group that is independent of the investigation process. The reviews should include an analysis of:

- Case dispositions.
- Decisions to collect biological evidence.
- Submissions of biological evidence for lab testing.

The SART and/or victim advocates should be considered for involvement in this audit. Summary reports on these reviews should be forwarded through the chain of command to the Sheriff.

602.9 RELEASING INFORMATION TO THE PUBLIC

In cases where the perpetrator is not known to the victim, and especially if there are multiple crimes where more than one appear to be related, consideration should be given to releasing information to the public whenever there is a reasonable likelihood that doing so may result in developing helpful investigative leads. The Detective Bureau supervisor should weigh the risk of alerting the suspect to the investigation with the need to protect the victim and the public, and to prevent more crimes.

602.10 TRAINING

Subject to available resources, periodic training should be provided to:

- (a) Members who are first responders. Training should include:
 - 1. Initial response to sexual assaults.
 - 2. Legal issues.
 - 3. Victim advocacy.
 - 4. Victim's response to trauma.
 - 5. Proper use and handling of the California standardized SAFE kit (Penal Code § 13823.14).
- (b) Qualified investigators, who should receive advanced training on additional topics. Advanced training should include:
 - 1. Interviewing sexual assault victims.
 - 2. SART.
 - 3. Medical and legal aspects of sexual assault investigations.
 - 4. Serial crimes investigations.
 - 5. Use of community and other federal and state investigative resources, such as the Violent Criminal Apprehension Program (ViCAP).
 - 6. Techniques for communicating with victims to minimize trauma.

Eyewitness Identification

604.1 PURPOSE AND SCOPE

This policy sets forth guidelines to be used when members of this department employ eyewitness identification techniques (Penal Code § 859.7).

604.1.1 DEFINITIONS

Definitions related to the policy include:

Eyewitness identification process - Any field identification, live lineup or photographic identification.

Field identification - A live presentation of a single individual to a witness following the commission of a criminal offense for the purpose of identifying or eliminating the person as the suspect.

Live lineup - A live presentation of individuals to a witness for the purpose of identifying or eliminating an individual as the suspect.

Photographic lineup - Presentation of photographs to a witness for the purpose of identifying or eliminating an individual as the suspect.

604.2 POLICY

The Riverside County Sheriff's Department will strive to use eyewitness identification techniques, when appropriate, to enhance the investigative process and will emphasize identifying persons responsible for crime and exonerating the innocent.

604.3 EYEWITNESS IDENTIFICATION

Members are cautioned not to, in any way, influence a witness as to whether any subject or photo presented in a lineup is in any way connected to the case.

Members should avoid mentioning that:

- The individual was apprehended near the crime scene.
- The evidence points to the individual as the suspect.
- Other witnesses have identified or failed to identify the individual as the suspect.

In order to avoid undue influence, witnesses should view suspects or a lineup individually and outside the presence of other witnesses. Witnesses should be instructed to avoid discussing details of the incident or of the identification process with other witnesses.

The eyewitness identification procedure should be audio and video recorded and the recording should be retained according to current evidence procedures. When it is not feasible to make a recording with both audio and visual representations, an audio recording should be made (Penal Code § 859.7).

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Eyewitness Identification

604.4 EYEWITNESS IDENTIFICATION PROCESS AND FORM

The Detective Bureau supervisor shall be responsible for the development and maintenance of an eyewitness identification process for use by members when they are conducting eyewitness identifications.

The process should include appropriate forms or reports that provide (Penal Code § 859.7):

- (a) The date, time and location of the eyewitness identification procedure.
- (b) The name and identifying information of the witness.
- (c) The name of the person administering the identification procedure.
- (d) If applicable, the names of all of the individuals present during the identification procedure.
- (e) An instruction to the witness that it is as important to exclude innocent persons as it is to identify a perpetrator.
- (f) An instruction to the witness that the perpetrator may or may not be among those presented and that the witness is not obligated to make an identification.
- (g) If the identification process is a photographic or live lineup, an instruction to the witness that the perpetrator may not appear exactly as he/she did on the date of the incident.
- (h) An instruction to the witness that the investigation will continue regardless of whether an identification is made by the witness.
- (i) A signature line where the witness acknowledges that he/she understands the identification procedures and instructions.
- (j) A statement from the witness in the witness's own words describing how certain he/she is of the identification or non-identification. This statement should be taken at the time of the identification procedure.
- (k) Any other direction to meet the requirements of Penal Code § 859.7, including direction regarding blind or blinded administrations and filler selection.

The process and related forms should be reviewed at least annually and modified when necessary.

604.5 INTERPRETIVE SERVICES

Members should make a reasonable effort to arrange for an interpreter before proceeding with eyewitness identification if communication with a witness is impeded due to language or hearing barriers.

Before the interpreter is permitted to discuss any matter with the witness, the investigating member should explain the identification process to the interpreter. Once it is determined that the interpreter comprehends the process and can explain it to the witness, the eyewitness identification may proceed as provided for within this policy.

604.6 DOCUMENTATION

A thorough description of the eyewitness process and the result of any eyewitness identification should be documented in the case report.

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Eyewitness Identification

If a photographic lineup is utilized, a copy of the photographic lineup presented to the witness should be included in the case report. In addition, the order in which the photographs were presented to the witness should be documented in the case report.

604.6.1 DOCUMENTATION RELATED TO RECORDINGS

The handling member shall document the reason that a video recording or any other recording of an identification was not obtained (Penal Code § 859.7).

604.6.2 DOCUMENTATION RELATED TO BLIND ADMINISTRATION

If a presentation of a lineup is not conducted using blind administration, the handling member shall document the reason (Penal Code § 859.7).

604.7 PHOTOGRAPHIC LINEUP AND LIVE LINEUP CONSIDERATIONS

When practicable, the member presenting the lineup should not be involved in the investigation of the case or know the identity of the suspect. In no case should the member presenting a lineup to a witness know which photograph or person in the lineup is being viewed by the witness (Penal Code § 859.7). Techniques to achieve this include randomly numbering photographs, shuffling folders, or using a computer program to order the persons in the lineup.

Individuals in the lineup should reasonably match the description of the perpetrator provided by the witness and should bear similar characteristics to avoid causing any person to unreasonably stand out. In cases involving multiple suspects, a separate lineup should be conducted for each suspect. The suspects should be placed in a different order within each lineup (Penal Code § 859.7).

The department member presenting the photographic lineup may do so sequentially using the folder shuffle method (i.e., show the witness one person at a time) or simultaneously. Regardless of method, the witness should view all persons in the lineup.

A live lineup should only be used before criminal proceedings have been initiated against the suspect. If there is any question as to whether any criminal proceedings have begun, the investigating member should contact the appropriate prosecuting attorney before proceeding.

604.7.1 OTHER SAFEGUARDS

Witnesses should be asked for suspect descriptions as close in time to the incident as possible and before conducting an eyewitness identification. No information concerning a suspect should be given prior to obtaining a statement from the witness describing how certain he/she is of the identification or non-identification. Members should not say anything to a witness that may validate or invalidate an eyewitness' identification. In photographic lineups, writings or information concerning any previous arrest of a suspect shall not be visible to the witness (Penal Code § 859.7).

604.8 FIELD IDENTIFICATION CONSIDERATIONS

Field identifications, also known as field elimination show-ups or one-on-one identifications, may be helpful in certain cases, where exigent circumstances make it impracticable to conduct a photo or live lineup identifications. A field elimination show-up or one-on-one identification should not be

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Eyewitness Identification

used when independent probable cause exists to arrest a suspect. In such cases a live or photo lineup is the preferred course of action if eyewitness identification is contemplated.

When initiating a field identification, the member should observe the following guidelines:

- (a) Obtain a complete description of the suspect from the witness.
- (b) Assess whether a witness should be included in a field identification process by considering:
 - (a) The length of time the witness observed the suspect.
 - (b) The distance between the witness and the suspect.
 - (c) Whether the witness could view the suspect's face.
 - (d) The quality of the lighting when the suspect was observed by the witness.
 - (e) Whether there were distracting noises or activity during the observation.
 - (f) Any other circumstances affecting the witness's opportunity to observe the suspect.
 - (g) The length of time that has elapsed since the witness observed the suspect.
- (c) If safe and practicable, the person who is the subject of the show-up should not be handcuffed or in a patrol vehicle.
- (d) When feasible, members should bring the witness to the location of the subject of the show-up, rather than bring the subject of the show-up to the witness.
- (e) The person who is the subject of the show-up should not be shown to the same witness more than once.
- (f) In cases involving multiple suspects, witnesses should only be permitted to view the subjects of the show-up one at a time.
- (g) The person who is the subject of the show-up should not be required to put on clothing worn by the suspect, to speak words uttered by the suspect or to perform other actions mimicking those of the suspect.
- (h) If a witness positively identifies a subject of the show-up as the suspect, members should not conduct any further field identifications with other witnesses for that suspect. In such instances members should document the contact information for any additional witnesses for follow up, if necessary.

Facial Recognition Technology

605.1 PURPOSE AND SCOPE

The department and its members use a variety of investigative tools and technologies to help identify, arrest and successfully prosecute criminal offenders. Facial Recognition is a powerful investigative tool which may assist law enforcement in their efforts, by providing viable suspect lead(s) for a crime already committed, to assist in identifying person(s) legally detained for enforcement purposes, and/or to help identify at risk person(s) or incapacitated individuals. The facial recognition program is administered by Riverside CAL-ID, as authorized by the Sheriff.

This policy will serve to provide all department personnel with standards, guidelines, and recommendations for the collection, access, use, dissemination, retention, and purging of images and related information applicable to the department's facial recognition program. This policy will ensure that all facial recognition uses are for official use only and consistent with authorized purposes, while not violating the privacy, civil rights, and civil liberties of individuals. All information obtained from facial recognition search requests is considered law enforcement sensitive.

605.2 POLICY

This policy and its references apply to all department personnel and to all law enforcement personnel who are granted direct access to the DataWorks Plus facial recognition system, as well as personnel who are permitted to request facial recognition searches. Any personnel from an outside law enforcement agency requesting facial recognition searches for an investigation must adhere to this policy.

605.3 FACIAL RECOGNITION REQUESTS AND USE PROCEDURES

The Riverside County Sheriff's Department shall adhere to the policies and procedures outlined in the Riverside CAL-ID Biometric Identification Network -Facial Recognition Policy. This document is available on the Sheriff's Intranet Homepage under "Facial Recognition Tool." The Facial Recognition Policy may also be accessed on the department's website. <https://www.riversidesheriff.org/620/Support-Services>

Mobile ID

606.1 PURPOSE AND SCOPE

It is the purpose and intent of the Mobile ID policy to provide Riverside County law enforcement personnel with standards, guidelines, and recommendations for the access, use, dissemination, retention, and purging of information obtained by and applicable to the Mobile ID program. The Mobile ID policy will ensure that all Mobile ID uses are consistent with authorized purposes.

CAL-ID has established access and use of Mobile ID to support the efforts of law enforcement and public safety agencies within Riverside County. The Mobile ID software application resides in and is managed by CAL-ID. Mobile fingerprint capture devices are provided and managed by CAL-ID. The CAL-ID program has provided a Mobile ID application and devices to authorized Riverside County Sheriff's personnel and CAL-ID participating agency personnel to assist in determining the identity of an individual who cannot produce proper identification, who produces identification that appears to be illegitimate, who lacks the capacity or ability to identify themselves, who are a danger to themselves or others, or are deceased.

This policy will ensure that all Mobile ID uses are for official use only and consistent with authorized purposes, while not violating the privacy, civil rights, and civil liberties of individuals. All information obtained from Mobile ID search requests is considered law enforcement sensitive. The Mobile ID program is administered by Riverside CAL-ID, as authorized by the Sheriff.

606.2 POLICY

This policy and its references apply to all department personnel and to all law enforcement personnel who are granted direct access to the Mobile ID system, as well as personnel who are permitted to request mobile fingerprint searches. Any personnel from an outside law enforcement agency that utilizes the Mobile ID system and its components must adhere to the CAL-ID policy.

606.3 MOBILE ID REQUESTS AND USE PROCEDURES

Riverside County Sheriff's Department personnel shall adhere to the policies and procedures outlined in the Riverside CAL-ID Mobile ID Policy. This document is available on the Sheriff's Intranet Homepage under "Mobile ID Policy." The Mobile ID Policy may also be accessed on the department's website. [Mobile ID Policy link](#)

Investigative Funds

608.1 PURPOSE AND SCOPE

The department shall maintain funds to be used for investigative purposes. Investigative funds shall be part of the budgetary process and overall control shall be maintained at the administrative levels of the department. Physical distribution of funds to individual case agents may be conducted and tracked at the station or bureau level.

608.2 AUTHORIZED PURPOSES

Investigative funds are to be utilized for investigative expenditures. Investigative expenditures include, but are not limited to, the following:

- A. Purchase of evidence and/or contraband
- B. Purchase of information
- C. Costs of special operators or informants
- D. Other investigative needs as determined by the case currently under investigation.

608.3 DEPARTMENT MEMBER RESPONSIBILITIES

All department employees who use investigative funds are responsible for such funds and shall employ proper safeguards to ensure the security of such funds. Supervisors of employees who are using investigative funds shall ensure that the funds are spent following the law and policies of the department. Supervisors shall maintain control of the use of the funds. Control of investigative funds shall include a bookkeeping system at the unit level that ensures proper maintenance and audit of such funds.

608.4 DOCUMENTATION

Department members who use investigative funds shall maintain proper documentation of expenditures. All documentation is subject to review and audit at any time and frequency determined by the department. See the Informants Policy for additional guidelines and requirements regarding the use of investigative funds.

Informants

609.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the use of informants.

609.1.1 DEFINITIONS

Definitions related to this policy include:

Informant - A person who covertly interacts with other individuals or suspects at the direction of, request of, or by agreement with, the Riverside County Sheriff's Department for law enforcement purposes. This also includes a person agreeing to supply information to the Riverside County Sheriff's Department for a benefit (e.g., a quid pro quo in the form of a reduced criminal penalty, money).

609.1.2 TYPES OF INFORMANTS

Informants shall be classified as follows:

- (a) **Citizen Informant:** A person who solely furnishes information without compensation or any other reward.
- (b) **Paid Informant:** A person who, under the direction of a member of the Department, furnishes information or works as an operative, by committing any act, for monetary compensation or another type of reward (excluding leniency from prosecution).
- (c) **Defendant/Informant:** A person who is subject to arrest or prosecution, or both, for a criminal offense; or, a defendant in a pending case who expects compensation for their assistance in the form of judicial or prosecutorial consideration.
- (d) **Restricted Use Informant:** A person who is on parole or probation (federal or state) that may be only used with specific permission from their parole or probation officer.
- (e) **One-Time Informant:** A person who may possess information that will assist with a critical investigation and willing to exchange that information for financial compensation, but who otherwise might not meet the requirements, or who is unwilling to sign up as an informant. Such exchanges will be authorized by a Department member holding the rank of sergeant or above. "One-Time" informants shall not commit any overt act in the furtherance of an investigation, whether at the direction of a Department member or otherwise. They must only provide information.

An expenditure report must be completed on all informants that receive compensation.

609.2 POLICY

The Riverside County Sheriff's Department recognizes the value of informants to law enforcement efforts and will strive to protect the integrity of the informant process. It is the policy of this department that all funds related to informant payments be routinely audited and payments to informants be made according to the criteria outlined in this policy.

609.3 USE OF INFORMANTS

Department members are encouraged to broaden their law enforcement experience by selecting, developing and properly using informants in furthering a legitimate law enforcement purpose and in accordance with the guidelines in this policy. Nothing in this policy is meant to discourage the use of informants.

609.3.1 INITIAL APPROVAL

Before use, those individuals who work as paid informants, defendant/informants, or restricted use informants must be formally established as outlined in this policy. In considering the use of any individual as an informant:

- (a) An evaluation must be made by the member in charge that the potential informant shall not compromise further interest of the Department or law enforcement in general.
- (b) A determination must be made ensuring that the potential informant will accept the direction necessary to utilize their services effectively.
- (c) A consideration of the type(s) of alleged crimes attributed to the informant. The informant's alleged crimes should fit into the categories of non-violent, non-serious, and non-high risk sex offenses.

Prior to activation of an informant, the member supervising the informant shall submit to their sergeant an evaluation, which shall consist of an overview of the informant's potential and proposed utilization; the informant status, (i.e., paid, restricted use, etc.); the arrangement for payment or consideration; and the details of approval for use, if applicable (name of approving district attorney, which office, and conditions of approval). Consequently, all cases against an informant(s) occurring within Riverside Sheriff's Department jurisdiction shall be documented in a formal written report; typically, with an "Exceptional" case closure, and all related evidence shall be handled and booked pursuant to department policy.

Generally, informants shall be required to enter a plea of guilty to any pending charges before use. Any consideration of the plea should be during the prosecution phase. This information shall be forwarded to the Special Investigations Bureau Narcotics Lieutenant for review and submission to the Chief Deputy of Support Services and the Assistant Sheriff of Patrol/Support Services for approval. Only the captain or a lieutenant of the Special Investigations Bureau shall present the request to the Chief Deputy or Assistant Sheriff. If approval is granted, the required file shall be started, and the member supervising the informant shall be notified.

All paid informants, defendant informants, and restricted use informants shall be ineligible until they sign the establishment report(s) acknowledging that they have read and agreed to all conditions of use. Two sworn law enforcement members shall witness the signature. Should an informant refuse to sign the agreement, the statement of refusal shall be entered onto the agreement by one of the witnessing members. In the event an informant refuses to sign the agreement, the file shall be established and shall include a deactivation report for future record.

All paid informants, defendant informants, and restricted use informants shall be queried through LA CLEAR (Los Angeles Clearing House). If the query results in that informant being deemed

Riverside County Sheriff's Department

Riverside County Sheriff's Department Standards Manual (DSM)

Informants

unreliable, it is the responsibility of the supervising member of the informant to contact the prior manager and get details of the entered request. The supervising member shall get approval from his direct supervisor on whether the informant can be presented for approval.

As part of the established procedure, and before the approval to use, a complete debriefing shall be conducted. The nature and extent of the debriefing shall vary with the informant's background. However, the line of questioning shall be such that all knowledge of criminals and criminal activity, both drug and non-drug related, shall be covered.

Every ninety days, a status report shall be completed, and the responsibility for this report shall rest with the commander of the bureau/station using the informant. Also, a deactivation report shall be completed at the conclusion of the investigation or when the informant will no longer be utilized.

609.3.2 JUVENILE INFORMANTS

The use of informants under the age of 18 is prohibited.

609.3.3 USE OF INFORMANTS IN DRUG PURCHASES/BUYS

When an informant is to participate in an undercover purchase in which he/she may come in contact with either official County funds, controlled substances, or anything else having potential value as evidence, he/she shall without exception be searched thoroughly both before and after the undercover encounter. The informant shall, where possible, be kept under constant observation between searches. The reason for this is to preclude questions as to the validity or integrity of the evidence. The search of the informant shall be documented within the crime report.

609.3.4 INFORMANT AGREEMENTS

Informants will sometimes offer to exchange information for immunity or other valuable consideration concerning their criminal case. No department member shall make promises to an informant concerning such legal consideration. Members shall follow departmental procedures when such consideration appears appropriate. Contact shall be made with the District Attorney's Office before any decisions are made in regard to legal consideration.

609.4 INFORMANT INTEGRITY

To maintain the integrity of the informant process, the following must be adhered to:

- (a) The identity of an informant acting in a confidential capacity shall not be withheld from the Sheriff, Chief Deputy, Special Investigations Bureau Lieutenant or their authorized designees.
 - 1. Identities of informants acting in a confidential capacity shall otherwise be kept confidential.
- (b) Criminal activity by informants shall not be condoned.
- (c) Informants shall be told they are not acting as sheriff's deputies, employees or agents of the Riverside County Sheriff's Department, and that they shall not represent themselves as such.

Informants

- (d) The relationship between department members and informants shall always be ethical and professional.
- (e) Members shall not become intimately involved with an informant.
- (f) Members shall neither solicit nor accept gratuities or engage in any private business transaction with an informant.
- (g) Social contact shall be avoided unless it is necessary to conduct an official investigation, and only with prior approval of the Special Investigations supervisor.
- (h) Deputies shall not meet with informants in a private place unless accompanied by at least one additional deputy.
- (i) When contacting informants for the purpose of making payments, deputies shall arrange for the presence of another deputy.
- (j) In all instances when department funds are paid to informants, a voucher shall be completed in advance, itemizing the expenses with appropriate signatures.
- (k) Since the decision rests with the appropriate prosecutor, deputies shall not promise that the informant will receive any form of leniency or immunity from criminal prosecution.

609.4.1 UNSUITABLE INFORMANTS

The suitability of any informant should be considered before engaging him/her in any way in a covert or other investigative process. Members who become aware that an informant may be unsuitable will notify the supervisor, who will initiate a review to determine suitability. Until a determination has been made by a supervisor, the informant should not be used by any member. The supervisor shall determine whether the informant should be used by the Department and, if so, what conditions will be placed on his/her participation or any information the informant provides. The supervisor shall document the decision and conditions in file notes and mark the file "unsuitable" when appropriate.

Considerations for determining whether an informant is unsuitable include, but are not limited to, the following:

- (a) The informant has provided untruthful or unreliable information in the past.
- (b) The informant behaves in a way that may endanger the safety of a deputy.
- (c) The informant reveals to a suspect(s) the identity of a deputy or the existence of an investigation.
- (d) The informant appears to be using his/her affiliation with this department to further criminal objectives.
- (e) The informant creates officer-safety issues by providing information to multiple law enforcement agencies simultaneously, without prior notification and approval of each agency.
- (f) The informant engages in any other behavior that could jeopardize the safety of deputies or the integrity of a criminal investigation.

Informants

- (g) The informant commits criminal acts subsequent to entering into an informant agreement.

609.4.2 DEACTIVATING AN INFORMANT

An informant shall be deactivated when they no longer have potential to furnish information or services which should lead to a significant prosecution or assist with a criminal investigation. Deactivation may also occur in the following circumstances:

- (a) When an informant is no longer willing to cooperate or when his/her cooperation has been determined to be unsatisfactory.
- (b) When determined to be in the best interest of the Department.

An informant who has been deactivated, for whatever reason, shall remain deactivated until the worth or potential can be re-established. If the informant is deactivated or deemed "unsuitable", the case agent shall immediately contact LA CLEAR and update the status of that informant.

609.5 INFORMANT FILES

Informant files shall be utilized as a source of background information about the informant, to enable review and evaluation of information provided by the informant, and to minimize incidents that could be used to question the integrity of department members or the reliability of the informant. Informant files shall be maintained pursuant to the County of Riverside document retention schedule.

609.5.1 INFORMANT FILE CONTENT

Informant files shall be maintained in a secure area within the Special Investigations Bureau. The Special Investigations Bureau Narcotics Lieutenant or the authorized designee shall be responsible for maintaining informant files. Access to the informant files shall be restricted to the Sheriff, Chief Deputy, Special Investigations Bureau Narcotics Lieutenant or their authorized designees.

A log shall be maintained by the commander of the Special Investigations Bureau or designee, and anytime a file is reviewed it shall be documented on the log. The log shall include the date, the name of the deputy reviewing, and their signature. The informant files shall contain the following documents:

- (a) Personal History Report/Establishment Report
- (b) Photographs
- (c) Informant History (RMS, FBI, CII printouts, etc.)
- (d) Cooperation agreement signed by the informant, managing deputy, and supervisor
- (e) Recording of contact during the issuance of an agreement
- (f) Originals of payment vouchers
- (g) Debriefing reports by deputies
- (h) Deactivation reports or declaration of unsatisfactory performance

609.5.2 INFORMANT CODE NUMBER

When an informant is to be used, the Special Investigations Bureau shall assign an informant management number. This number shall only be used in reference to the file and shall not be included in any investigative reports. The code shall have nine (9) characters (i.e., I10200001) with each character designated as follows:

- (a) The first character shall always be the letter "I." (I as in Informant)
- (b) The next 2 characters shall be the designator of the establishing station/facility/bureau (i.e., Colorado River Station [11], Thermal [12], Palm Desert [13], SIB/Narcotics [24], etc.). *See Appendix

The Special Investigations Bureau shall maintain an Informant Code File for the entire department.

- (a) The file shall contain the informant's code number, the informant's true name and date of birth, the type of informant (Restricted Use, Paid, etc.), the name of the station/facility/bureau of the establishing deputy/investigator, and the dates of activation and/or deactivation.

609.6 TASK FORCE ASSIGNMENTS

Department members assigned to multi-agency task forces shall follow the informant policy and procedures of the agency managing the task force.

609.7 INFORMANT PAYMENTS

The amount of funds to be paid to any informant will be evaluated against the following criteria:

- The extent of the informant's personal involvement in the case
- The significance, value or effect on crime
- The value of assets seized
- The quantity of the drugs or other contraband seized
- The informant's previous criminal activity
- The level of risk taken by the informant

609.7.1 PAYMENT PROCESS

All payments to informants shall be witnessed by at least two (2) sworn department members. All payments to informants shall be documented on a money expenditure report issued by the specific bureau or station pursuant to the station's standard operating procedures (SOPs) related

Unmanned Aircraft System (UAS) Operations

612.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines and procedures for the use of an Unmanned Aircraft System (UAS) and for the storage, retrieval and dissemination of images and data captured by the UAS. The operation, staffing, training, and deploying of UAS assets is managed by the commander of the Emergency Operations Division (EOD).

612.2 POLICY

Unmanned aircraft systems may be utilized to enhance the department's mission of protecting lives and property when other means and resources are not available or are less effective. Any use of a UAS will be in strict accordance with constitutional and privacy rights and Federal Aviation Administration (FAA) regulations.

612.3 DEFINITIONS

Definitions related to this policy include:

Unmanned Aircraft System (UAS) - An unmanned aircraft of any type that is capable of sustaining directed flight, whether preprogrammed or remotely controlled (commonly referred to as an unmanned aircraft vehicle (UAV)), and all of the supporting or attached systems designed for gathering information through imaging, recording or any other means.

Remote Pilot in Command (RPIC) - The person who is ultimately responsible for the overall operation. The RPIC shall ensure the flight is conducted safely, lawfully, and all necessary notifications have been made, including a Notice to Airman (NOTAM) where applicable. The RPIC may or may not be the person actually flying the UAS.

Person Manipulating the Controls (PMC) - The person who is piloting / physically controlling the flight of the UAS through the remote controller. If this person is not the RPIC, then the PMC shall be under the direct supervision of the RPIC.

Visual Observer (VO) - Personnel involved in the UAS operation who are assigned to keep a constant visual on the UAS during flight. Visual observers scan the area using the FAA's "see and avoid" technique to ensure the UAV remains clear of any possible hazards such as approaching aircraft, obstacles, etc. The Visual Observer shall have uninterrupted communication with the RPIC / PMC either in person, cell phone, radio, etc.

612.4 PRIVACY

The use of the UAS potentially involves privacy considerations. Absent a warrant or exigent circumstances, operators and observers shall not intentionally record or transmit images of any location where a person would have a reasonable expectation of privacy (e.g., residence, yard, enclosure). Operators and observers shall take reasonable precautions to avoid inadvertently recording or transmitting images of areas where there is a reasonable expectation of privacy. Reasonable precautions can include, for example, deactivating or turning imaging devices away from such areas or persons during UAS operations.

Unmanned Aircraft System (UAS) Operations

612.5 PROGRAM COORDINATOR

The Sheriff will appoint a program coordinator who will be responsible for the management of the UAS program. The program coordinator will ensure that policies and procedures conform to current laws, regulations and best practices and will have the following additional responsibilities:

- Coordinating the FAA Certificate of Waiver or Authorization (COA) application process and ensuring that the COA is current.
- Ensuring that all authorized operators and required observers have completed all required FAA and on-going department-approved training in the operation, applicable laws, policies and procedures regarding use of the UAS.
- Recommending program enhancements, particularly regarding safety and information security.
- Ensuring that established protocols are followed by monitoring and providing periodic reports on the program to the Sheriff or designee.
- Maintaining familiarity with FAA regulatory standards, state laws and regulations, and local ordinances regarding the operations of a UAS.
- The program coordinator may suspend, or terminate, any department member's ability to participate in the program at any time.

612.6 PROHIBITED USE

The UAS equipment shall not be used:

- To conduct random surveillance activities;
- To target a person based solely on individual characteristics, such as, but not limited to race, ethnicity, national origin, religion, disability, gender or sexual orientation;
- To harass, intimidate or discriminate against any individual or group;
- To conduct personal business of any type;
- The UAS shall not be weaponized.

612.7 PROCEDURES

Any department member acting as a RPIC shall hold a valid FAA Part 107 Remote Pilot Certificate and have received department approved training in the operation, applicable laws, policies and procedures regarding use of the UAS. All department members must conduct a check flight with the program coordinator, or designee, prior to their first UAS deployment.

612.7.1 DEPLOYMENT

All requests to deploy the UAS shall be approved by a station or bureau commander or designee prior to performing the flight/mission. The following is a list of mission types the UAS is authorized to be utilized for:

- (a) Searches (e.g., for an outstanding suspect, article search, public safety hazard);
- (b) Crime scene documentation;

612.7.2 PUBLIC NOTIFICATION

Except in instances where officer safety could be jeopardized, or time is of the essence, officers should utilize the PA system to alert people in the area of the department's UAS operation. To aid in public safety, alerts should notify the public that a UAS will be used and they should stay inside of their residence or parked vehicle. During pre-planned events or training, approved social media accounts should be utilized to inform the public of UAS operations.

612.7.3 SHERIFF'S AVIATION

Sheriff's Aviation will be given priority to all airspace. In the event a department aviation asset or allied aviation asset is on scene while a UAS is deployed, the RPIC shall immediately land the UAS. After landing the UAS, the RPIC may contact the aviation asset and discuss a deconfliction plan, if needed. A manned aircraft and UAS may operate in the same airspace as long as the pilot in command (PIC) of the manned aircraft and the RPIC of the UAS have communicated and agreed on a deconfliction plan, and are in constant communication. The PIC of a manned aircraft will have the final authority as to whether the airspace will be shared.

612.7.4 MISSION DOCUMENTATION

All flights involving law enforcement activity (excluding demonstrations, training, and inspections) should be documented by the RPIC, or an involved officer, under the related report number as appropriate.

612.7.5 REQUIRED FAA REPORTING

By the 5th day of every month, every department member acting as a RPIC in the previous month shall report their flights to the department's UAS coordinator. (This can be electronically downloaded from the UAS flight controller.) Minimum reportable information shall include:

- (a) Name and I.D. number of the RPIC;
- (b) Location, time and duration of flights (electronically captured);

- (b) Department members shall utilize a department UAS email account to log flights.

612.8 UAS COLLISIONS

If a collision occurs during the operation of the UAS and results in serious injury to any person, any loss of consciousness, or if it causes damage to any property (other than the UAS) in excess of \$500 to repair or replace the property, notification shall be made to the FAA Flight Standards District within ten days per FAA guidelines.

The department supervisor should document the incident per department policies and the UAS Coordinator shall conduct a review of the collision for maintenance, training issues, or operator negligence.

612.9 RETENTION OF UAS DATA

Data collected by the UAS shall be retained as provided in the established records retention schedule.

Brady Material Disclosure

613.1 PURPOSE AND SCOPE

This policy establishes guidelines for identifying and releasing potentially exculpatory or impeachment information (so-called "*Brady* information") to a prosecuting attorney.

613.1.1 DEFINITIONS

Definitions related to this policy include:

***Brady* information** -Information known or possessed by the department that is both favorable and material to the current prosecution or defense of a criminal defendant.

613.2 POLICY

The Riverside County Sheriff's Department will conduct fair and impartial criminal investigations and will provide the prosecution with both incriminating and exculpatory evidence, as well as information that may adversely affect the credibility of a witness. In addition to reporting all evidence of guilt, the Riverside County Sheriff's Department will assist the prosecution by complying with its obligation to disclose information that is both favorable and material to the defense. The department will identify and disclose to the prosecution potentially exculpatory information, as provided in this policy. All potential *Brady* notifications required to a prosecutor under this policy shall be made by the Professional Standards Bureau.

613.3 DISCLOSURE OF INVESTIGATIVE INFORMATION

Deputies must include in their investigative reports adequate investigative information and reference to all material evidence and facts that are reasonably believed to be either incriminating or exculpatory to any individual in the case. If a deputy learns of potentially incriminating or exculpatory information any time after submission of a case, the deputy or the handling investigator must prepare and submit a supplemental report documenting such information as soon as practicable. Supplemental reports shall be promptly processed and transmitted to the prosecutor's office.

If information is believed to be privileged or confidential (e.g., confidential informant or attorney-client information, attorney work product), the deputy should discuss the matter with a supervisor and/or prosecutor to determine the appropriate manner in which to proceed.

Evidence or facts are considered material if there is a reasonable probability that they would affect the outcome of a criminal proceeding or trial. Determining whether evidence or facts are material often requires legal or even judicial review. If a deputy is unsure whether evidence or facts are material, the deputy should address the issue with a supervisor.

Supervisors who are uncertain about whether evidence or facts are material should address the issue in a written memo to PSB via their chain of command. A copy of the memo should be retained in the Department case file.

Brady Material Disclosure

613.4 DISCLOSURE OF PERSONNEL INFORMATION

Whenever it is determined that *Brady* information is located in the personnel file of a member of this department who is a material witness in a criminal case, the following procedure shall apply:

- (a) In the event that a *Pitchess* motion has not already been filed by the criminal defendant or other party pursuant to Evidence Code § 1043, the prosecuting attorney shall be notified of the potential presence of *Brady* information in the deputy's personnel file.
- (b) The prosecuting attorney should then be requested to file a *Pitchess* motion in order to initiate an in-camera review by the court.
- (c) Any member who is the subject of such a motion shall be notified in writing that a motion has been filed.
- (d) The Custodian of Records shall accompany all relevant files during any in-camera inspection and address any issues or questions raised by the court in determining whether any information contained in the files is both material and favorable to the criminal defendant.
- (e) If the court determines that there is relevant *Brady* information contained in the files, only that information ordered released will be copied and released to the parties filing the motion.
 - 1. Prior to the release of any information pursuant to this process, the Custodian of Records should request a protective order from the court limiting the use of such information to the involved case and requiring the return of all copies upon completion of the case.

613.5 INVESTIGATING BRADY ISSUES

If the department receives information from any source that a member may have issues of credibility, dishonesty or has been engaged in an act of moral turpitude or criminal conduct, the information shall be investigated and processed in accordance with the Personnel Complaints Policy.

613.6 TRAINING

Department members should periodically review this policy.

In addition to filling out the County's Personal Property Claim form C-1, the requesting employee shall also address a memorandum to the Station Commander via chain of command and describing the loss, the value, and the circumstances surrounding the loss.

The supervisor shall direct a memorandum to the Station Commander, which shall include the results of their investigation and whether the employee followed proper procedures. The supervisor's memorandum shall address whether reasonable care was taken to prevent the loss or damage.

A memorandum and/or a report shall be submitted before the employee goes off duty or within the time frame directed by the supervisor to whom the verbal report is made.

700.4 LOSS OR DAMAGE OF PROPERTY OF ANOTHER

Deputies and other employees may intentionally or unintentionally cause damage to the real or personal property of another while performing their duties. Any employee, who damages or causes to be damaged any real or personal property of another while performing any law enforcement functions, shall report it as provided below.

- (a) A verbal report shall be made to the employee's immediate supervisor as soon as circumstances permit.
- (b) A written report shall be submitted before the employee goes off duty or within the time frame directed by the supervisor to whom the verbal report is made.
- (c) Photographs shall be taken of the damaged property and included with the submitted report/memorandum.
- (d) The supervisor is responsible for completing the County of Riverside Confidential Report of Vehicle Accident (a.k.a. ACCORD) form, and forwarding it via chain of command to Sheriff's Administration.
- (e) Major damage or incidents of a significant nature (i.e., search warrants on wrong property, accidental discharge causing injury, etc.) require immediate notification of the Professional Standards Division.

700.4.1 DAMAGE BY PERSON OF ANOTHER AGENCY

If employees of another jurisdiction cause damage to real or personal property belonging to the County of Riverside, it shall be the responsibility of the deputy present or the deputy responsible for the Department property to make a verbal report to his or her immediate supervisor as soon as circumstances permit. The deputy is to follow steps as outlined above in sections 700.31 and 700.4.

706.4.5 OVERNIGHT RETENTION OF COUNTY VEHICLES

Board of Supervisor's [Policy D-10](#) requires all County Departments to annually report information about employees who are authorized to retain county vehicles overnight (assigned take home vehicles). In addition, Sheriff's Administration requires a **quarterly update** for all vehicles retained overnight. To streamline the process, the Sheriff's Department utilizes the [Overnight Vehicle Retention application](#). This app, along with a [tutorial video](#), must be accessed on the Sheriff's intranet portal homepage.

The following Sheriff's Department schedule and procedure has been established to comply with Policy D-10. Sheriff's Administration will issue an annual Department Directive with the specific dates of compliance.

- All commanders shall identify those employees within their command who are assigned take home vehicles. Each fiscal year those employees are required to log into the OVR app and complete a new Employee Overnight Vehicle Retention Authorization Form and Overnight Retention of County Vehicle Acknowledgement Form (RSD Form 115).
- **By May 31 of each year**, commanders are required to log into the OVR app and review their respective Overnight Vehicle Retention Tracking Sheet. Commanders will ensure all employees listed have **completed a new Overnight Vehicle Retention Authorization Form for the upcoming fiscal year with an authorization end date of May 31 of the following year**. Sheriff's Fleet will provide a complete report of the overnight vehicle retention documents to Sheriff's Administration for review.

706.4.6 ENFORCEMENT ACTIONS

When driving a take-home vehicle to and from work outside of the jurisdiction of the Riverside County Sheriff's Department or while off-duty, a deputy shall not initiate enforcement actions except in those circumstances where a potential threat to life or serious property damage exists (see the Off-Duty Law Enforcement Actions and Law Enforcement Authority policies).

Deputies may render public assistance when it is deemed prudent (e.g., to a stranded motorist).

If authorized to carry a firearm, department members driving take-home vehicles shall be armed, appropriately attired and carry their department-issued identification. Deputies should also ensure that department radio communication capabilities are maintained to the extent feasible.

706.4.7 MAINTENANCE

Law enforcement vehicles are not routinely exempted from incurring toll road charges. Pursuant to the non-revenue policy of the toll roads, law enforcement agencies responding to an emergency or incident on the toll roads, while on duty, are exempt from paying the toll. Commuting, or returning to the County after an emergency does not qualify for this exemption and personnel using County owned vehicles are subject to the toll charge. To avoid unnecessary toll road violation charges, all employees operating a County owned vehicle upon the toll road shall adhere to the following:

- (a) All employees operating a County owned vehicle for any reason other than an initial response to an emergency shall stop and pay the appropriate toll charge. Employees may submit for reimbursement from the County for any toll fees.

Any department member driving their personally owned vehicle with confidential license plate data is not exempted from any toll, express lane charge, or parking provisions (i.e., fees, fines, etc.). The entity responsible for collection will often notify the department of the unpaid toll, fees, or fines and send collection notices to department administration. The department is in no way obligated to notify, forward, or otherwise intervene in this collection effort, and any financial consequences or liability are entirely the department member's responsibility.

706.7 ATTIRE AND APPEARANCE

Whenever in view of or in contact with the public within a department vehicle, attire and appearance, regardless of the activity, should be suitable to reflect positively upon the department.

Cash Handling, Security and Management at Bureaus, Stations and Facilities

708.3 PETTY CASH FUNDS

The Sheriff shall designate a person as the fund manager responsible for maintaining and managing the petty cash fund.

Each petty cash fund requires the creation and maintenance of an accurate and current transaction ledger and the filing of invoices, receipts, cash transfer forms and expense reports by the fund manager.

708.4 PETTY CASH TRANSACTIONS

The fund manager shall document all transactions on the ledger and any other appropriate forms. Each person participating in the transaction shall sign or otherwise validate the ledger, attesting to the accuracy of the entry. Transactions should include the filing of an appropriate receipt, invoice or cash transfer form. Transactions that are not documented by a receipt, invoice or cash transfer form require an expense report.

708.5 PETTY CASH AUDITS

The fund manager shall perform an audit no less than once every six months. This audit requires that the fund manager and at least one command staff member, selected by the Sheriff, review the transaction ledger and verify the accuracy of the accounting. The fund manager and the participating member shall sign or otherwise validate the ledger attesting to the accuracy of all documentation and fund accounting. A discrepancy in the audit requires documentation by those performing the audit and an immediate reporting of the discrepancy to the Sheriff.

Transference of fund management to another member shall require a separate petty cash audit and involve a command staff member.

A separate audit of each petty cash fund should be completed on a random date, approximately once each year by the department or designee.

708.6 ROUTINE CASH HANDLING

Those who handle cash as part of their property, evidence, or supervisor duties shall discharge those duties in accordance with the Property and Evidence and Informants policies.

Members who routinely accept payment for department services shall discharge those duties in accordance with the procedures established for those tasks.

708.7 OTHER CASH HANDLING

711.3 DEFINITIONS

The Sheriff's Department has two LRAD systems:

1. The LRAD 1000Xi system, which is a portable device and can be mounted to a vehicle.
2. The LRAD 100X system, which is a portable device and can be carried by one person.

LRAD systems have the capability to provide highly effective long-range communication. The systems broadcast clear messages or voice commands. The systems can help to de-escalate situations and safely modify dangerous and criminal behavior through clear, unambiguous direction and communication.

LRAD systems can broadcast instructions and messages with greater clarity and distance than traditional loudspeakers or public address systems. The systems can effectively broadcast messages through wind, crowd, engine, and background noises. LRAD broadcasts can be clearly heard by people inside of buildings and vehicles. The LRAD's clear communication leads to a safer environment during critical incidents and enhances the safety of the community, criminal subjects, and public safety personnel.

711.4 USE OF LRAD

Riverside County Deputies may use the LRAD to:

- Communicate lifesaving information to the public during disasters
- Communicate to large crowds during parades, festivals, concerts, and sporting events
- Communicate and establish safety zones and perimeters
- Control traffic congestion
- Conduct Emergency Services Team (EST) operations
- Broadcast a dispersal order

711.5 APPROVAL

An LRAD may only be deployed with the approval of the Special Enforcement Bureau (SEB) Commander. However, if a rapidly evolving situation places the public or law enforcement in immediate danger or where serious property damage is probable, trained personnel are permitted to deploy the LRAD prior to approval. The scene supervisor shall ensure the SEB Commander is notified as soon as practical.

711.6 MAINTENANCE AND STORAGE

The Special Enforcement Bureau will store and maintain the LRAD systems.

711.7 TRAINING

LRAD systems may only be deployed by personnel who have been properly trained in its use and procedures. SEB Commander will ensure a list of personnel to deploy the LRAD systems is maintained.

713.1 PURPOSE AND SCOPE

Pursuant to Section 30630 of the California Penal Code, department members who purchase an assault weapon (via a designated assault weapons dealer) are required to have the assault weapon registered with the California Department of Justice (CA-DOJ). This registration differs from the traditional handgun and shotgun registration and **must be initiated and completed by the employee**, separate from the weapon purchase. The department has developed procedures to ensure all personally owned assault weapons utilized by department members are registered in accordance with applicable laws.

713.2 POLICY

All eligible department members who purchase an assault weapon (aka a Patrol Rifle), for duty purposes, shall provide the department with a copy of the department's Assault Weapon Gun Letter and supporting purchase documentation prior to deployment. The rifle must meet the criteria detailed within California Penal Code 30630, the Riverside Sheriff's Department Firearms Matrix, and pass a Riverside Sheriff armorer's inspection. The employee must then pass the qualification range course prior to the rifle's deployment for duty.

An employee **IS NOT** authorized to carry their personally owned rifle if the weapon is not registered as an assault weapon with CA-DOJ, or in the CA-DOJ approval process.

The timeframe for assault weapon registration is defined under the following penal code section:

CA Penal Code 30630 (b) (2)

For this exemption to apply, in the case of a peace officer who possesses or receives the assault weapon prior to January 1, 2002, the officer shall register the assault weapon on or before April 1, 2002, pursuant to former Section 12285, as it read at any time from when it was enacted by Section 3 of Chapter 19 of the Statutes of 1989, to and including when it was amended by Section 9 of Chapter 129 of the Statutes of 1999. In the case of a peace officer who possesses or receives the assault weapon on or after January 1, 2002, the officer shall, not later than 90 days after possession or receipt, register the assault weapon pursuant to Article 5 (commencing with Section 30900), or pursuant to former Section 12285, as it read at any time from when it was amended by Section 9 of Chapter 129 of the Statutes of 1999 to when it was repealed by the Deadly Weapons Recodification Act of 2010.

(Added by Stats. 2010, Ch. 711, Sec. 6. (SB 1080) Effective January 1, 2011. Operative January 1, 2012, by Sec. 10 of Ch. 711.)

If a question arises regarding an employee's assault weapon registration status, the employee shall disassemble the weapon (remove the upper receiver from the lower receiver in accordance to CCR 11, Section 5471 (hh)(3)) and seek guidance from the Ben Clark Training Center's Firearms Unit supervisor.

Thus, property can be returned to rightful owners or investigations can be initiated to curb illegal trade of contraband firearms. The purpose of this plan is to develop standards, methodologies, and safety protocols for the recovery of obliterated serial numbers from firearms and other objects using procedures that are accepted as industry standards in the forensic community. All personnel who are involved in the restoration of serial numbers will observe the following guidelines. This policy complies with Penal Code § 11108.9.

807.2 PROCEDURE

Any firearm coming into the possession of the Riverside County Sheriff's Department as evidence, found property, etc., where the serial numbers have been removed or obliterated will be processed in the following manner:

807.2.1 PRELIMINARY FIREARM EXAMINATION

- (a) Always keep the muzzle pointed in a safe direction. Be sure the firearm is in an UNLOADED condition. This includes removal of the ammunition source (i.e., the detachable magazine, contents of the tubular magazine, etc.) as well as the chamber contents. Riverside County Sheriff's Department Forensic Services will not process a weapon if it is loaded.
- (b) If the firearm is corroded shut or in a condition that would preclude inspection of the chamber contents, TREAT THE FIREARM AS IF IT IS LOADED! Request HDT to respond to the scene to conduct an X-ray exam of the weapon to determine if it is loaded. If it is loaded, make immediate arrangements for a firearms examiner or other qualified examiner to render the firearm safe.
- (c) Accurately record/document the condition of the gun when received. Photograph both profile sides of the firearm. Note the positions of the various components such as the safeties, cylinder, magazine, slide, hammer, etc. Accurately record/document cylinder chamber and magazine contents. Package the ammunition separately.
- (d) If the firearm is to be processed for fingerprints or trace evidence, process before the serial number restoration is attempted. First record/document important aspects such as halos on the revolver cylinder face or other relevant evidence that might be obscured by the fingerprinting chemicals.

807.2.2 PROPERTY BOOKING PROCEDURE

Any employee taking possession of a firearm with removed/obliterated serial numbers shall book the firearm into property following standard procedures. The department member booking the firearm shall indicate on the property form, or by other station-specific procedure, that serial numbers have been removed or obliterated.

Reports are prepared in order to document the chain of custody and the initial examination and handling of evidence from the time it is received/collected until it is released from the Riverside County Sheriff's Department.

This report must include a record of the manner in which and/or from whom the firearm was received. This may appear on the request form, or property form depending on the type of evidence.

807.2.5 FIREARM TRACE

After the serial number has been restored (or partially restored) by Forensic Services, the case agent will complete a Bureau of Alcohol, Tobacco, and Firearms "NTC Obliterated Serial Number Trace Request Form" (ATC 3312.1-OBL) and forward the form to the National Tracing Center in Falling Waters, West Virginia.

Any member of the public, including the media and elected officials, may access unrestricted records of this department, during regular business hours by submitting a written and signed request that reasonably describes each record sought and paying any associated fees (Government Code § 7922.530).

The processing of requests for any record is subject to the following (Government Code § 7922.530; Government Code § 7922.535):

- (a) The Department is not required to create records that do not exist.
- (b) Victims of an incident or their authorized representative shall not be required to show proof of legal presence in the United States to obtain department records or information. If identification is required, a current driver's license or identification card issued by any state in the United States, a current passport issued by the United States or a foreign government with which the United States has a diplomatic relationship or current Matricula Consular card is acceptable (Government Code § 7923.655).
- (c) Either the requested record or the reason for non-disclosure will be provided promptly, but no later than 10 days from the date of request, unless unusual circumstances preclude doing so. If more time is needed, an extension of up to 14 additional days may be authorized by the Custodian of Records or the authorized designee. If an extension is authorized, the Department shall provide the requester written notice that includes the reason for the extension and the anticipated date of the response.
 - 1. When the request does not reasonably describe the records sought, the Custodian of Records shall assist the requester in making the request focused and effective in a way to identify the records or information that would be responsive to the request including providing assistance for overcoming any practical basis for denying access to the records or information. The Custodian of Records shall also assist in describing the information technology and physical location in which the record exists (Government Code § 7922.600).
 - 2. If the record requested is available on the department website, the requester may be directed to the location on the website where the record is posted. If the requester is unable to access or reproduce the record, a copy of the record shall be promptly provided.
- (d) Upon request, a record shall be provided in an electronic format utilized by the Department. Records shall not be provided only in electronic format unless specifically requested (Government Code § 7922.570; Government Code § 7922.580).

Records Maintenance and Release

- (e) When a record contains material with release restrictions and material that is not subject to release restrictions, the restricted material shall be redacted and the unrestricted material released.
 - 1. A copy of the redacted release should be maintained in the case file for proof of what was actually released and as a place to document the reasons for the redactions. If the record is audio or video, a copy of the redacted audio/video release should be maintained in the department-approved media storage system and a notation should be made in the case file to document the release and the reasons for the redacted portions.
- (f) If a record request is denied in whole or part, the requester shall be provided a written response that includes the statutory exemption for withholding the record or facts that the public interest served by nondisclosure outweighs the interest served by disclosure. The written response shall also include the names, titles, or positions of each person responsible for the denial (Government Code § 7922.000; Government Code § 7922.540).

809.5 RELEASE RESTRICTIONS

Examples of release restrictions include:

Any department member who receives a subpoena duces tecum or discovery request for records should promptly forward the request to the Information Services Bureau (ISB), Subpoena Unit. While a subpoena duces tecum may ultimately be subject to compliance, it is not an order from the court that will automatically require the release of the requested information.

Generally, discovery requests and subpoenas from criminal defendants and their authorized representatives (including attorneys) should be referred to the District Attorney, County Counsel or the courts.

All questions regarding compliance with any subpoena duces tecum or discovery request should be promptly referred to legal counsel for the department so that a timely response can be prepared.

809.7 POLICY AVAILABILITY

A copy of this policy is to be maintained at each Station and available to the public upon request.

809.8 SEALED RECORD ORDERS

Sealed record orders received by the department shall be reviewed for appropriate action by the Custodian of Records or authorized designee. The Custodian of Records or authorized designee shall seal such records as ordered by the court. Records may include but are not limited to a record of arrest, investigation, detention, or conviction. Once the record is sealed, members shall respond to any inquiry as though the record did not exist (Penal Code § 851.8; Welfare and Institutions Code § 781).

When an arrest record is sealed pursuant to Penal Code § 851.87, Penal Code § 851.90, Penal Code § 851.91, Penal Code § 1000.4, or Penal Code § 1001.9, the Records Manager or authorized designee shall ensure that the required notations on local summary criminal history information

and police investigative reports are made. Sealed records may be disclosed or used as authorized by Penal Code § 851.92.

809.8.1 SEALED JUVENILE ARREST RECORDS

Upon receiving notice from a probation department to seal juvenile arrest records pursuant to Welfare and Institutions Code § 786.5, the Custodian of Records or authorized designee should ensure that the records are sealed within 60 days of that notice and that the probation department is notified once the records have been sealed (Welfare and Institutions Code § 786.5).

809.9 SECURITY BREACHES

The Records Manager shall ensure notice is given anytime there is a reasonable belief an unauthorized person has acquired either unencrypted personal identifying information or encrypted personal information along with the encryption key or security credential stored in any Department information system (Civil Code § 1798.29).

Notice shall be given as soon as reasonably practicable to all individuals whose information may have been acquired. The notification may be delayed if the Department determines that notification will impede a criminal investigation or any measures necessary to determine the scope of the breach and restore the reasonable integrity of the data system.

- (b) The notice may also include information about what the Riverside County Sheriff's Department has done to protect individuals whose information has been breached and may include information on steps that the person whose information has been breached may take to protect him/herself (Civil Code § 1798.29).
- (c) When a breach involves an online account, and only a username or email address in combination with either a password or security question and answer that would permit access to an online account, and no other personal information has been breached (Civil Code § 1798.29):
 - 1. Notification may be provided electronically or in another form directing the person to promptly change either his/her password or security question and answer, as applicable, or to take other appropriate steps to protect the online account with the department in addition to any other online accounts for which the person uses the same username or email address and password or security question and answer.
 - 2. When the breach involves an email address that was furnished by the Riverside County Sheriff's Department, notification of the breach should not be sent to that email address but should instead be made by another appropriate medium as prescribed by Civil Code § 1798.29.

sufficient contact information. Substitute notice shall consist of all of the following:

- (a) Email notice when the department has an email address for the subject person.
 - (b) Conspicuous posting of the notice on the department's webpage for a minimum of 30 days.
 - (d) Notification to major statewide media and the California Information Security Office within the California Department of Technology.
- (b) If a single breach requires the department to notify more than 500 California residents, the department shall electronically submit a sample copy of the notification, excluding any personally identifiable information, to the Attorney General.

809.10 RELEASE OF AUDIO OR VIDEO RECORDINGS RELATED TO CRITICAL INCIDENTS

Video and audio recordings related to critical incidents shall be released upon a proper public record request and subject to delayed release, redaction, and other release restrictions as provided by law (Government Code § 7923.625).

For purposes of this section, a video or audio recording relates to a critical incident if it depicts an incident involving the discharge of a firearm at a person by a deputy, or depicts an incident in which the use of force by a deputy against a person resulted in death or in great bodily injury (as defined by Penal Code § 243(f)(4)) (Government Code § 7923.625).

The Custodian of Records should work as appropriate with the Sheriff or the Internal Affairs Bureau supervisor in determining what recordings may qualify for disclosure when a request for a recording is received and if the requested recording is subject to delay from disclosure, redaction, or other release restrictions.

809.10.1 DELAY OF RELEASE

Disclosure of critical incident recordings during active criminal or administrative investigations may be delayed as follows if disclosure would substantially interfere with the investigation, such as by endangering the safety of a witness or a confidential source:

- (a) Disclosure may be delayed up to 45 days from the date the Department knew or reasonably should have known about the incident.
- (b) Delay of disclosure may continue after the initial 45 days and up to one year if the Department demonstrates that disclosure would substantially interfere with the investigation.
- (c) Any delay of disclosure longer than one year must be supported by clear and convincing evidence that disclosure would substantially interfere with the investigation (Government Code § 7923.625).

809.10.2 NOTICE OF DELAY OF RELEASE

When there is justification to delay disclosure of a recording, the Custodian of Records or authorized designee shall provide written notice to the requester as follows (Government Code § 7923.625):

- (a) During the initial 45 days, the Custodian of Records or authorized designee shall provide the requester with written notice of the specific basis for the determination that disclosure would substantially interfere with the investigation. The notice shall also include the estimated date for the disclosure.
- (a) When delay is continued after the initial 45 days, the Custodian of Records or authorized designee shall promptly provide the requester with written notice of the specific basis for the determination that the interest in preventing interference with an active investigation outweighs the public interest in the disclosure, and the estimated date for the disclosure. The Custodian of Records or authorized designee should work with the Sheriff in reassessing the decision to continue withholding a recording and notify the requester every 30 days.

Recordings withheld shall be disclosed promptly when the specific basis for withholding the recording is resolved.

809.10.3 REDACTION

If the Custodian of Records, in consultation with the Sheriff or the authorized designee, determines that specific portions of the recording may violate the reasonable expectation of privacy of a person depicted in the recording, the Department should use redaction technology to redact portions of recordings made available for release. The redaction should not interfere with the viewer's ability to fully, completely, and accurately comprehend the events captured in the recording, and the recording should not otherwise be edited or altered (Government Code § 7923.625).

If any portions of a recording are withheld to protect the reasonable expectation of privacy of a person depicted in the recording, the Custodian of Records, or authorized designee shall provide in writing to the requester the specific basis for the expectation of privacy and the public interest served (Government Code § 7923.625).

809.10.4 RECORDINGS WITHHELD FROM PUBLIC DISCLOSURE

If the reasonable expectation of privacy of a person depicted in the recording cannot adequately be protected through redaction, and that interest outweighs the public interest in disclosure, the Department may withhold the recording from the public, except that the recording, either redacted or unredacted, shall be disclosed promptly, upon request, to any of the following (Government Code § 7923.625):

- (a) The person in the recording whose privacy is to be protected, or the person's authorized representative.
- (b) If the person is a minor, the parent or legal guardian of the person whose privacy is to be protected.

- (c) If the person whose privacy is to be protected is deceased, an heir, beneficiary, designated immediate family member, or authorized legal representative of the deceased person whose privacy is to be protected.

If the Department determines that this disclosure would substantially interfere with an active criminal or administrative investigation, the Custodian of Records shall provide the requester with written notice of the specific basis for the determination and the estimated date of disclosure (Government Code § 7923.625).

The Department may continue to delay release of the recording from the public for 45 days with extensions as provided in this policy (Government Code § 7923.625).

Protected Information

812.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the access, transmission, release and security of protected information by members of the Riverside County Sheriff's Department. This policy addresses the protected information that is used in the day-to-day operation of the Department and not the public records information covered in the Records Maintenance and Release Policy.

812.1.1 DEFINITIONS

Definitions related to this policy include:

Protected information - Any information or data that is collected, stored or accessed by members of the Riverside County Sheriff's Department and is subject to any access or release restrictions imposed by law, regulation, order or use agreement. This includes all information contained in federal, state or local law enforcement databases that is not accessible to the public.

812.2 POLICY

Members of the Riverside County Sheriff's Department will adhere to all applicable laws, orders, regulations, use agreements and training related to the access, use, dissemination and release of protected information.

812.3 RESPONSIBILITIES

The Sheriff shall select a member of the Department to coordinate the use of protected information.

The responsibilities of this position include, but are not limited to:

- (a) Ensuring member compliance with this policy and with requirements applicable to protected information, including requirements for the National Crime Information Center (NCIC) system, National Law Enforcement Telecommunications System (NLETS), Department of Motor Vehicle (DMV) records and California Law Enforcement Telecommunications System (CLETS).
- (b) Developing, disseminating and maintaining procedures that adopt or comply with the U.S. Department of Justice's current Criminal Justice Information Services (CJIS) Security Policy.
- (c) Developing, disseminating and maintaining any other procedures necessary to comply with any other requirements for the access, use, dissemination, release and security of protected information.
- (d) Developing procedures to ensure training and certification requirements are met.
- (e) Resolving specific questions that arise regarding authorized recipients of protected information.
- (f) Ensuring security practices and procedures are in place to comply with requirements applicable to protected information.

812.4 ACCESS TO PROTECTED INFORMATION

Protected information shall not be accessed in violation of any law, order, regulation, user agreement, Riverside County Sheriff's Department policy or training. Only those members who have completed applicable training and met any applicable requirements, such as a background check, may access protected information, and only when the member has a legitimate work-related reason for such access.

Unauthorized access, including access for other than a legitimate work-related purpose, is prohibited and may subject a member to administrative action and/or criminal prosecution.

Sections 11075 through 11078 of the Penal Code regulate the dissemination of criminal offender records information to specified agencies

Penal Code sections 11105 and 13300 identify who has access to state and local summary criminal history information and under which circumstances it may be released.

All persons, including non-criminal justice, volunteer personnel, private vendor technical or maintenance personnel with physical or logical access to the CLETS equipment, information from the CLETS or to criminal offender record information, are required to undergo a background security clearance to determine their suitability for logical or physical access to CLETS. This includes, at a minimum, a state and federal fingerprint-based criminal offender records information search pursuant to the California Code of Regulations, Title 11, Division 1, Chapter 7, Article 1, § 703(d) and § 707(b). (CLETS PPP 1.9.2)

812.4.1 PENALTIES FOR MISUSE OF RECORDS

It is a misdemeanor to furnish, buy, receive or possess Department of Justice criminal history information without authorization by law (Penal Code § 11143).

Authorized persons or agencies violating state regulations regarding the security of Criminal Offender Record Information (CORI) maintained by the California Department of Justice may lose direct access to CORI (11 CCR 702).

Penal Code sections 11141 through 11143 and 13302 through 13304 prescribe penalties for misuse of state and local summary criminal history information. Government Code section 6200 prescribes the felony penalties for misuse of public records and information from the CLETS.

California Vehicle Code section 1808.45 prescribes the penalties relating to misuse of the Department of Motor Vehicle record information.

Penal Code Section 502 prescribes penalties relating to computer crimes, including misdemeanor and felony violations.

Misuse is defined as the CLETS information obtained or provided outside the course of official business; a "right to know" and the "need to know" must be established. Misuse shall be reported to a supervisor. The following are examples of prohibited/unauthorized use of the CLETS by federal, state or local law enforcement agencies that include, but are not limited to:

- (a) Querying yourself, a family member, friend, etc;

Riverside County Sheriff's Department

Protected Information

- (b) Providing information from the CLETS to another officer, individual, agency or company for unauthorized purposes;
- (c) Sharing user IDs or passwords;
- (d) Logging into the CLETS and allowing others to utilize your authorized access;
- (e) Querying the Automated Criminal History System for licensing, employment or certification purposes (e.g., Carry Concealed Weapon permits);
- (f) Querying a firearm to determine if it is stolen prior to purchase;
- (g) Querying the Department of Motor Vehicles to obtain unauthorized address, vehicle registration, or insurance information (e.g., querying a vehicle parked in front of your house for two days);
- (h) Querying high profile individuals in the media;
- (i) Using any non-criminal history information contained within these databases for immigration enforcement purposes. This restriction does not pertain to information that is regarding a person's immigration or citizenship status pursuant to 8 U.S.C. § 1373 and §1644.

812.4.2 RELEASE OF CORI

Each authorized person releasing CORI is responsible to ensure that each request granted appears legitimate and that the requester is an authorized recipient with a right and need to know.

Personnel shall not have access to CORI until a background investigation has been completed and approved.

Unless encrypted, CORI shall not be transmitted by radio broadcast or through computer terminals to field personnel or vehicles. The Riverside Sheriff's Department radio system and transmitted data are encrypted.

Nothing in this procedure is intended to prohibit broadcasting warrant information concerning wanted persons.

812.4.3 AUTOMATED SYSTEMS INQUIRIES

Criminal history can be accessed through CLETS, and other law enforcement databases. Automated system inquiries may be made when the "right to know" and "need to know" arises, via any device designated to receive criminal history. The "right to know" is defined as "authorized access to such records by statute" and the "need to know" is defined as "the information is required for the performance of official duties or functions."

The following procedure will apply to all areas of the Department when making automated system inquiries into the criminal history systems maintained by both the DOJ and the FBI. This includes all data sharing systems. The mandatory route to field (RTE), must be completed for all criminal history inquiries and contain the requester's name, or ID number, and the specific reason for the request, i.e., case #, booking #, etc. The reason for the inquiry is to ensure that an agency has provided sufficient information to justify the "right to know" and "need to know" criteria. Generic

terms, such as investigation, inquiry, patrol, drugs, or gangs are unacceptable for use as an inquiry reason. If a case number is unavailable, DOJ recommends listing supplemental information such as, an associate, confidential informant, gang card, registered owner, reporting party, victim, witness, officer safety, search warrant, jail visitor, ride-along, etc.

In addition, the California Department of Justice (DOJ) requires a message header to include a "Purpose Code" for every transaction submitted through CLETS. For the successful execution of CLETS transactions, messages must meet the header requirements outlined in the CLETS Technical Guide. For specific information on purpose codes, please refer to the CLETS Technical Guide available on the DOJ's California Law Enforcement Web website at <https://clew.doj.ca/gov>.

Unless specifically authorized by statute, agencies are prohibited from accessing state or national criminal history information from CLETS for employment, licensing, certification or permits, curiosity, family or friends, or your own record.

Federal, state or local law enforcement agencies shall not use any non-criminal history information contained within this database for immigration enforcement purposes. This restriction does not pertain to any information that is regarding a person's immigration or citizenship status pursuant to 8 U.S.C. § § 1373 and 1644.

812.5 RELEASE OR DISSEMINATION OF PROTECTED INFORMATION

Protected information may be released only to authorized recipients who have both a right to know and a need to know.

A member who is asked to release protected information that should not be released should refer the requesting person to a supervisor or to the Information Services Bureau for assistance.

Unless otherwise ordered or when an investigation would be jeopardized, protected information maintained by the Department may generally be shared with authorized persons from other law enforcement agencies who are assisting in the investigation or conducting a related investigation. Any such information should be released through station/bureau records supervision to ensure proper documentation of the release (see the Records Maintenance and Release Policy).

812.5.1 REVIEW OF CRIMINAL OFFENDER RECORD

Individuals requesting to review their own California criminal history information shall be referred to the Department of Justice (Penal Code § 11121).

Penal Code sections 11120 through 11127 of the Penal Code afford methods for persons for whom a record is maintained an opportunity to obtain a copy of such record and to refute any erroneous or inaccurate information contained therein. Individuals requesting a copy of their state criminal history must complete DOJ BCIA Form 8016RR, submit Live Scan fingerprints, and pay a processing fee to the DOJ and the processing bureau. Application forms shall be made available to requesters. These forms can be obtained from the Attorney General's website at oag.ca.gov/fingerprints/security

Protected Information

Individuals shall be allowed to review their arrest or conviction record on file with the Department after complying with all legal requirements regarding authority and procedures in Penal Code § 11120 through Penal Code § 11127 (Penal Code § 13321).

812.5.2 TRANSMISSION GUIDELINES

Protected information, such as restricted Criminal Justice Information (CJI), which includes Criminal History Record Information (CHRI), should not be transmitted via unencrypted radio. However, Riverside Sheriff's Department radio broadcasts and the data sent via mobile data computers (MDCs) are encrypted.

When circumstances reasonably indicate that the immediate safety of deputies, other department members, or the public is at risk, only summary information may be transmitted via unencrypted systems.

In cases where the transmission of protected information, such as Personally Identifiable Information, is necessary to accomplish a legitimate law enforcement purpose, and utilization of an encrypted radio system is infeasible, a department-issued cellular telephone should be utilized when practicable. If neither are available, unencrypted radio transmissions shall be subject to the following:

- Elements of protected information should be broken up into multiple transmissions, to minimally separate an individual's combined last name and any identifying number associated with the individual, from either first name or first initial.
- Additional information regarding the individual, including date of birth, home address, or physical descriptors, should be relayed in separate transmissions.

Nothing in this policy is intended to prohibit broadcasting warrant information.

812.5.3 FACSIMILE TRANSMISSIONS

Information from the CLETS may be faxed from one secure location to another secure location. Both the agency faxing the information and the agency receiving the information are responsible for its security.

812.6 SECURITY OF PROTECTED INFORMATION

The Sheriff will select a member of the Department to oversee the security of protected information.

The responsibilities of this position include, but are not limited to:

- (a) Developing and maintaining security practices, procedures and training.
- (b) Ensuring federal and state compliance with the CJIS Security Policy and the requirements of any state or local criminal history records systems.

Protected Information

812.6.1 MEMBER RESPONSIBILITIES

Members accessing or receiving protected information shall ensure the information is not accessed or received by persons who are not authorized to access or receive it. This includes leaving protected information, such as documents or computer databases, accessible to others when it is reasonably foreseeable that unauthorized access may occur (e.g., on an unattended table or desk; in or on an unattended vehicle; in an unlocked desk drawer or file cabinet; on an unattended computer terminal).

812.6.2 AUDIT TRAIL

Title 11, section 707 (c) of the CCR requires an agency to maintain and make available for inspection, an audit trail for a period of three years from the inquiry. During an audit, DOJ and FBI requires supporting documentation to validate the inquiry made, such as a copy of the jail visitor log, a page of a police report, JIMS or RMS print screen, work release application, ride-along application, etc. If no supporting documentation exists, the requester will have to write a memorandum explaining the reason for the inquiry.

A separate log will be maintained by each bureau for all inquiries that do not have the subject's name included in the police report, or a booking file to support it. This log will contain the name of person accessed, the California Identification Index (CII) number, or Interstate Identification Index number (III), the name and agency of the person making the request, agency name and person receiving the information (if different), the purpose for the request, and the department investigative number (case or booking.) If the wrong CII/III number was searched, include the correct and incorrect CII/III number on your log. These logs will be maintained at each bureau or in REDS for a period of three years, and then destroyed following the Department's Records Retention Policy.

812.6.3 STORAGE

CLETS records shall be stored in a secure records environment. These records shall be stored for extended periods only when they are key elements for the integrity and/or utility of case files and/or criminal record files. When it is determined information from the CLETS is no longer needed, the data and/or systems records shall be securely disposed of to prevent access by unauthorized personnel.

812.7 TRAINING

All members authorized to access or release protected information shall complete a training program that complies with any protected information system requirements and identifies authorized access and use of protected information, as well as its proper handling and dissemination.

812.7.1 COMPUTER TERMINAL SECURITY

Computer terminal equipment capable of providing access to automated criminal offender record information is located at every facility in secure locations throughout the Department.

Riverside County Sheriff's Department

Protected Information

CLETS records shall be stored in a secure records environment. These records shall be stored for extended periods only when they are key elements for the integrity and/or utility of case files and/or criminal record files.

No employee shall be authorized to operate computer terminal equipment with access to CORI until the operator has completed the appropriate training.

812.7.2 DESTRUCTION OF CORI

When any document providing CORI has served the purpose for which it was obtained, it shall be destroyed by shredding.

When it is determined information from the CLETS is no longer needed, the data and/or systems records shall be securely disposed of to prevent access by unauthorized personnel.

Each employee shall be responsible for destroying the CORI documents they receive.

812.8 TRAINING PROGRAM

All personnel authorized to process or release CORI shall be required to complete a training program prescribed by the Criminal Record Security Officer. The Training Bureau shall coordinate the course to provide training in the proper use, control, and dissemination of CORI.

All employees of this Department shall be trained in the proper use and control of criminal offender information.

Commanders will insure that training is administered by each bureau's training supervisor and/or station designee to all present employees during on-going CLETS/FBI Mandated Telecommunications training. New employees will be trained and certified by the Training and Education Bureau during Department Orientation training.

ISB's Records and Warrants Manager, serves as the Agency's CLETS Coordinator (ACC) and the Sheriff's Technical Services Bureau Lieutenant serves as the Security Point of Contact (SPOC) with the CA DOJ. Together they ensure compliance with the CLETS, NCIC, NLETS, and the CA DOJ criminal justice databases policies and regulations.

Any questions regarding confidentiality and release of CORI information can be directed to the Information Services Bureau Supervisors at (951) 955-2430 or the Records/Warrants Manager at (951) 955-2440.

812.9 PENALTIES FOR MISUSE OF RECORDS

Penal Code §§ 11140 and 11144 make it a misdemeanor to furnish, buy, receive, or possess Department of Justice rap sheets without authorization by a court, statute, or case law.

California Administrative Code § 702, Chapter 1, Title 11 provides that authorized persons or agencies violating the "Regulations Regarding the Security of Criminal Offender Record

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Protected Information

Information in California" may lose direct access to CORI maintained by the California Department of Justice.

Divulging the content of any criminal record to anyone other than authorized personnel is a violation of Department Policy Manual § 340.37 (a).

Employees of the Riverside County Sheriff's Department who obtain, or attempt to obtain, information from the Department files other than that to which they are entitled in accordance with their official duties are in violation of § 340.37(a) of the Riverside County Sheriff's Department Standards Manual.

812.10 CALIFORNIA RELIGIOUS FREEDOM ACT

Members shall not release personal information from any agency database for the purpose of investigation or enforcement of any program compiling data on individuals based on religious belief, practice, affiliation, national origin or ethnicity (Government Code § 8310.3).

812.11 LOCAL FILES

While most of the laws cited above specifically relate to state criminal offender record information, this Department maintains local criminal records in department databases, as well as investigative files which may contain certain information that is also reflected on the state criminal history file. Therefore, under 13300 of the Penal Code, local criminal history information is releasable only to those agencies listed in this section.

It should be noted, however, that "local summary criminal history information" does not refer to records and data compiled by criminal justice agencies other than that local agency. Since we maintain a countywide data base, we therefore are not to release information pertinent to any other county agency.

812.12 JUVENILE INFORMATION

Except as provided in Sections 389 and 781 of the Welfare and Institutions Code, or 1203.5 of the Penal Code, any information gathered by a law enforcement agency relating to the taking of a minor into custody may be disclosed to specific agencies outlined in 828 of the Welfare and Institutions Code.

All other information relating to juveniles is contained in the Riverside County Release of Juvenile Court Records Order, released by the presiding Juvenile Court Judge. (T.N.G. v. Superior court (1971) 4 Cal.3d 767.)

812.13 PREVIOUS DEPARTMENT DIRECTIVE RESCINDED

This policy was initially adopted in March of 2019 pursuant to Department Directive #19-042. With the adoption of DSM 812, the Department has rescinded DD #19-042, Criminal Offender Record Information (CORI).

Procurement Policy & Process

820.1 PURPOSE

The County of Riverside Purchasing Department has acquired an eProcurement Contract Management System called RivcoPROCURE, also known as RivcoPRO. This new eProcurement system will streamline the procurement and contract management processes and provide more transparency and reporting options, expedite the procurement activities by eliminating manual forms, provide a shopping environment for placing orders, and provide an invoice management system. All Sheriff locations are now live and transitioning into this new system.

820.2 PURCHASE ORDERS

In RivcoPRO, all purchases, regardless of the dollar amount, require a purchase order (PO). This also applies to goods and services that are on contract and to low value purchase requests that are under \$400. Since all purchases will be reviewed, approved and/or denied by the Sheriff Purchasing Unit, **a PO should be obtained prior to making any purchases.**

820.2.1 GOODS AND SERVICES \$1 TO \$5,000 (INCLUDING TAX AND SHIPPING)

The Department requires three competitive quotes for goods and services over \$1,000. **Effective immediately three competitive quotes are required for single purchases in the amount of \$5,000 or higher.** It is the responsibility of each location to verify that the \$5,000 per fiscal year per vendor per division threshold has not been exceeded, to follow the competitive guidelines when requesting for a PO, and to ensure no splitting of orders. Splitting of orders is defined under County Purchasing's Manual as "deliberate attempts to split orders, where the purpose is keeping total cost of each order down below bid limits." It is always encouraged for best practice to obtain quotes to ensure that the Department is getting the best price and value for the dollars expensed. Sheriff's Purchasing will check expenditures and reject/kickback requests if additional quotes are needed. All other procurement guidelines and requirements remain in effect. Please see the table below for examples / explanations of when quotes are required for a vendor who has a small range of items and a vendor who has a high variety of items.

XYZ Vendor

(one item)

1 st Order	\$5,000	No quotes (if vendor yearly expenses have not exceeded \$5K)
2 nd Order (for the same item)	\$800	Three quotes are needed

XYZ Vendor

(variety of different items)

1 st Order	\$5,000	No quotes (if vendor cumulative amount has not exceeded \$25K)
2 nd Order (for different item)	\$800	No quotes (if vendor cumulative amount has not exceeded \$25K)

820.4 BLANKET PURCHASE ORDERS IN RIVCOPRO

RivcoPRO does not support Blanket POs the same way as in PeopleSoft, and there are limitations with the number of attachments that can be linked to a PO. As result, a limited number of Blanket Purchase Orders (POs) can be created in RivcoPRO. For blanket PO requests please complete and submit the attached "RivcoPRO Blanket PO Request Form" to your designated Sheriff's Purchasing Support contact. Purchasing will review and determine if a blanket PO will be supported by RivcoPRO.

820.5 CALIFORNIA SALES TAX, FREIGHT, SHIPPING AND HANDLING

California Sales Tax is applied to all goods purchased regardless of whether or not the vendor applies the tax. The County pays the State of California directly for goods purchased out of state. Therefore, tax on goods must be included in quote comparisons.

Freight, shipping, and transportation of goods are **not taxable** and should not be included as a line in the requisition. The total should be listed in the Header and Approval Comments sections and will be applied directly to the purchase order.

Handling by itself, or in combination with shipping or freight, is **taxable**. A line for Handling must be entered in the requisition.

820.6 EXEMPTIONS TO THE PROCUREMENT PROCESS

The only exemptions to the procurement process are travel, postage, utilities, memberships, governmental publications, legal brief printing and transcription, court reporting, court interpreters, advertising, and subscriptions.

Sheriff Buyers and PCS's primary responsibility is to expedite the purchasing process and assist with all Department needs. Please make use of your assigned designated support early in the purchasing process. For questions or clarification on the procurement process contact the Sheriff's Purchasing Unit at POgroup@riversidesheriff.org.

When submitting a request for an estimate or project, designated liaisons shall follow the procedures outlined in the PMO Request Procedure section of the Department's Intranet site. The necessary electronic forms and instructions for completion are located there. The site also provides information on the workflow following the project request, as well as the requestor's responsibilities at each state of the process. Station / bureau liaisons shall fulfill their duties pertaining to this process in a reasonable amount of time (i.e., in a manner that considers the impact of timing on all stakeholders in the process so deadlines for each stage of the process are not missed).

Once a project is approved, station / bureau liaisons will work with the PMO to facilitate its successful completion.

830.2.3 PROJECT MANAGEMENT OFFICE

The PMO will:

- (a) Review all project requests and determine the appropriate action (e.g., formal or informal bid process, formal project request, RFP/RFQ, etc.)

900.1 FACILITY OPERATIONS

The Sheriff shall maintain and operate correctional facilities for the incarceration and detention of persons arrested, pending court trial and under sentence of confinement. The department shall operate all corrections facilities in accordance with all legal mandates governing the operation of jails and by directive of the Sheriff.

900.2 FACILITY TYPES

The department may maintain the following types of correctional facilities:

Type I - Local detention facility used for the detention of persons for not more than 96 hours excluding holidays after booking.

The management and operation of a correctional facility shall follow those policies and directives as outlined in the department's "Corrections Operations Manual."

Naloxone Protocols (Corrections Division)

904.1 PURPOSE AND SCOPE

This policy recognizes that department members encounter inmates in need of medical aid as a result of drug ingestion and that department members may come into unintentional contact with dangerous substances as a result of their duties. This policy pertains specifically to the Corrections Division and provides guidance related to the department's response to a suspected opioid overdose or exposure within those environments.

904.2 POLICY

It is the policy of the Riverside County Sheriff's Department that all deputies and other designated members be trained to provide emergency medical aid and to facilitate an emergency medical response. Members shall also maintain certification in accordance with the California Commission on Peace Officer Standards and Training (P.O.S.T.) or Standards and Training for Corrections (S.T.C.) guidelines.

904.3 FIRST RESPONDING MEMBER RESPONSIBILITIES

Whenever practicable, members shall take appropriate steps in good faith to provide initial medical aid (e.g., first aid, CPR, Naloxone, and the use of an automated external defibrillator (AED)) in accordance with their training and within the scope of their employment. This should be done for those in need of immediate care and only when the member can safely do so. Prior to initiating medical aid, the member should contact dispatch/central control and request response by emergency medical services (EMS) and facility medical staff.

Members should follow universal precautions when providing medical aid, such as wearing gloves and avoiding contact with bodily fluids, consistent with the Communicable Diseases Policy. Members should use a barrier or bag device to perform rescue breathing and each correctional facility shall use the medical-aid equipment provided within the facility.

When requesting EMS, the member should provide central control/dispatch with information for relay to EMS personnel in order to enable an appropriate response, including:

- (a) The location where EMS is needed
- (b) The nature of the incident
- (c) Any known scene hazards
- (d) Information on the person in need of EMS, such as:
 - 1. Signs and symptoms as observed by the department member
 - 2. Changes in apparent condition
 - 3. Number of patients, sex and age, if known
 - 4. Whether the person is conscious, breathing and alert, or is believed to have consumed drugs or alcohol

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)

Naloxone Protocols (Corrections Division)

5. Whether the person is showing signs or symptoms of agitated and/or chaotic behavior

Members shall stabilize the scene whenever practicable while awaiting the arrival of EMS and should assign other deputies to meet EMS at a general location to direct them to the exact location. Members should not direct EMS personnel whether to transport the person for treatment.

904.4 REFUSAL OF MEDICAL CARE

Refer to Corrections Division Policy and Procedure section 508.06.

904.5 AUTOMATED EXTERNAL DEFIBRILLATOR (AED) USE

Refer to Corrections Division Policy and Procedure section 508.06.

904.6 NALOXONE PROGRAM

Recognizing the importance of providing rapid aid to individuals in an opioid-induced medical emergency, including department members inadvertently exposed to fentanyl, the Riverside County Sheriff's Department is equipping identified personnel with Naloxone.

Naloxone is a medication designed to rapidly reverse opioid overdose. It is an opioid antagonist, meaning that it binds to opioid receptors and can reverse and block the effects of other opioids. It can quickly restore normal respiration to a person whose breathing has slowed or stopped as a result of overdosing with heroin, fentanyl, or prescription opioid pain medications. The department selected the FDA-approved formulation of Naloxone in a prefilled, needle-free, nasal spray device that requires no assembly and is sprayed into one nostril.

Department members shall only use the Department issued Naloxone approved by the Riverside County Emergency Medical Services Agency (REMSA) / Director of Public Health.

The following are procedures on the training, acquisition, deployment, administration, documentation, storage, and disposal of Naloxone based on state law, recommendations from REMSA and Riverside County Department of Public Health, current department policy, and best practices from other law enforcement agencies.

904.7 TRAINING

Pursuant to Health & Safety Code 1797.197, California Civil Code 1714.22, and California Code of Regulations Title 22, Division 9, Chapter 1.5, all training in the administration of Naloxone shall be in accordance with mandated training guidelines determined and established by the local Emergency Medical Services (EMS) agency. The local EMS agency for Riverside County is the Riverside County Emergency Medical Services Agency (REMSA).

The following personnel shall be trained in the use of Naloxone:

- All sworn personnel at the rank of sergeant and below, as well as Community Service Officers at patrol stations, courts, all divisions of the Special Investigations Bureau (SIB), and the Special Enforcement Bureau (SEB);

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Naloxone Protocols (Corrections Division)

- All personnel at the rank of coroner sergeant and below at the Coroner's Bureau (except clerical staff), to include forensic pathologists, coroner technicians, and forensic technicians assigned to the Coroner's Bureau;
- All correctional deputy personnel at the rank of correctional sergeant and below.

The initial training to all personnel will be conducted via the department's Doc Read Portal. Personnel will receive their initial issuance of Naloxone upon successful completion of the training. Thereafter, the one-hour recertification will occur every two years during First Aid/CPR recertification. The Ben Clark Training Center (BCTC) will maintain responsibility for the content of the Doc Read Training, and facilitate trainer recertification every two years, to include any updated materials from POST, the State of California, REMSA, and/or revisions to department policy and procedures.

904.8 ACQUISITION

The assigned Naloxone Program Coordinator at the Training and Education Bureau will be responsible for procuring and storing Naloxone to adequately address the supply and demand for all required users. The Naloxone Program Coordinator shall ensure accurate records are maintained of when the Naloxone units were received by the Sheriff's Department, the Lot numbers, expiration date, the jail facility delivered to, and disposition (i.e. administered, expired, damaged, lost, etc.). Pursuant to Business and Professions Code 4119.9(b), these records will be retained for a minimum of three years.

904.9 DEPLOYMENT

Only personnel who are trained in accordance with mandated guidelines outlined above shall administer Naloxone within the facility. All jail facilities shall designate strategic and secured locations in which to store readily accessible Naloxone. The training lieutenant or their designee at each facility shall be responsible for the following:

- (a) Ensuring all department members deploying Naloxone have received appropriate training
- (b) Ensuring replacement of any Naloxone (whether assigned or in the reserve) that is damaged, unusable, expired, or administered
- (c) Replacing the Naloxone and ensuring there is an adequate supply available for deployment
- (d) Ensuring the Naloxone E-Worksheet is submitted prior to the department member's end of shift

Each jail facility will be responsible for completing and submitting a monthly inspection memorandum for any changes of inventory to their facility commander or their designee (see "Storage" section).

To ensure Naloxone is stored safely and consistent with the manufacturer's guidelines, it is recommended that on-duty department members carry their doses of Naloxone in one of the following manners:

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Naloxone Protocols (Corrections Division)

- (a) On their person
- (b) In a readily accessible location within their assigned work area

When off-duty, department members will store their Naloxone in their locked uniform locker or other secure area within their assigned station/bureau/facility.

904.10 ADMINISTRATION OF NALOXONE

Only department members who have completed Naloxone training are authorized to administer Naloxone when an opioid-related overdose is suspected. Indicators of an opioid-related overdose include, but are not limited to:

- Pinpoint pupils, even in a darkened environment
- Depressed or slow respirations
- Difficulty breathing such as labored breathing or shallow breaths
- Blue skin, lips, or fingernails
- Decreased pulse rate
- Low blood pressure
- Loss of alertness, drowsiness
- Unresponsiveness
- Evidence of ingestions, inhalation, and injection such as needles, spoons, tourniquets, needle tracks, bloody nose;
- Blood-shot eyes
- History of opioid use or abuse

There is no legal obligation to administer Naloxone. Trained personnel will have the discretion to administer or not administer Naloxone when indicated. Department members who administer Naloxone according to established training protocol are protected from civil and criminal liability if they act with reasonable care and in good faith.

When an opioid-related overdose is suspected, department members shall treat the incident as a medical emergency and perform the following steps:

- (a) Confirm emergency personnel (CHS and EMS) are responding
- (b) Maintain universal precautions and utilize personal protective equipment
- (c) Perform patient assessment
- (d) Determine unresponsiveness
- (e) Update central control of potential overdose state
- (f) Follow Naloxone use protocol as outlined in the Naloxone training
- (g) Immediately notify responding emergency medical personnel that Naloxone has been administered and the number of doses used

Riverside County Sheriff's Department

(h) Notify a supervisor

Naloxone may be administered to department canines who may have been exposed to opioids. The canine shall be transported to an authorized veterinary hospital for treatment. Department members should replace any used Naloxone device with another Naloxone device, prior to going back into service.

904.11 DOCUMENTATION

In all cases when Naloxone is administered, the incident shall be documented utilizing the Naloxone Usage Report E-Worksheet. The data from the E-Worksheet is electronically submitted and tracked by the Naloxone Program Coordinator at BCTC, and the Advanced Officer Training Lieutenant, and the representative at REMSA.

If a report is written, it shall include details about the administration of Naloxone, how many doses were administered, the time(s) of the administration(s), and other pertinent information, otherwise this information shall be added to the call text by dispatch personnel. A Naloxone E-Worksheet shall be completed by the department member and submitted/forwarded prior to the end of shift.

If a department member administers Naloxone and the victim is pronounced deceased, an unattended death report shall be completed, as per existing department policy. The department member should include in their incident report the administration of Naloxone, how many doses were administered, the time(s) of the administration(s), and other pertinent information. A Naloxone E-Worksheet shall be completed by the department member and submitted/forwarded prior to the end of shift.

The Naloxone Program Coordinator shall send an annual report to REMSA documenting the total number of administrations in that calendar year.

904.12 SUPERVISORS RESPONSIBILITIES

Supervisors shall ensure the Naloxone E-Worksheet is completed prior to the end of shift. Supervisors shall note the Naloxone usage and completion of the E-worksheet in the station / facility pass on log for inclusion in the daily Sheriff's Administrative Log (SAL).

904.13 STORAGE

Each correctional facility where Naloxone is distributed shall maintain an inventory of Naloxone; enough to replenish one dose of Naloxone to each authorized department member at that facility. Storage of Naloxone units shall be in a secure area consistent with proper storage guidelines as detailed by the manufacturer. Prolonged exposure to freezing temperatures, extreme heat, or direct sunlight may deteriorate the medication and significantly reduce its effectiveness (refer to manufactures guidelines).

A monthly inspection memorandum of reserve/un-issued Naloxone is the responsibility of each facility commander or their designee. These memorandums shall be completed for any change of inventory, broken, or defective Naloxone units, and forwarded to the jail commander or their designee by the 10th day of each month. This will ensure each facility is accounting for its allotted

supply of Naloxone units. An annual physical inspection of reserve/un-issued Naloxone units will be verified by the jail commander's designee.

904.14 DISPOSAL

If Naloxone is administered, the empty device can be discarded in any trash receptacle because it is not considered medical or biohazard waste; however, Corrections Division personnel shall discard used Naloxone devices outside the facility to prevent inmate possession of the materials.

Chapter 10 - Personnel

Recruitment and Selection

1000.1 PURPOSE AND SCOPE

This policy provides a framework for employee recruiting efforts and identifying job-related standards for the selection process. This policy supplements the rules that govern employment practices for the Riverside County Sheriff's Department and that are promoted and maintained by the Department of Human Resources.

1000.2 POLICY

The department will recruit and hire only those individuals who demonstrate a commitment to service and who possess the traits and characteristics that reflect personal integrity and high ethical standards.

- (d) Employee referral and recruitment incentive programs.
- (e) Consideration of shared or collaborative regional testing processes.

The Chief Deputy shall avoid advertising, recruiting and screening practices that tend to stereotype, focus on specific or narrow applicant pools or screen applicants in a discriminatory manner.

The department should strive to facilitate and expedite the screening and testing process, and at least once per week, inform each candidate of their status in the recruiting process.

The Chief Deputy should consider utilizing the services of an appropriately trained and experienced third party to conduct open source, internet-based searches, and/or review information from social media sites to ensure that:

- (a) The legal rights of candidates are protected.
- (b) Material and information to be considered are verified, accurate, and validated.
- (c) The department fully complies with applicable privacy protections and local, state, and federal law.

Regardless of whether a third party is used, the Chief Deputy should ensure that potentially impermissible information is not available to any person involved in the candidate selection process.

1000.5.5 DOCUMENTING AND REPORTING

The background investigator shall summarize the results of the background investigation in a narrative report that includes sufficient information to allow the reviewing authority to decide whether to extend a conditional offer of employment. The report shall include sections that summarize relevant Background Investigation Dimensions and include any findings of behaviors, traits, and/or attributes relevant to bias per the Bias Assessment Framework as described in the POST Background Investigation Manual. The report shall identify the data sources reviewed for the findings, regardless of weight given. The report shall include narrative information in the format described in 11 CCR 1953(g)(1). The report shall also include whether the candidate has engaged or is engaging in membership in a hate group, participation in hate group activity, or advocacy or public expressions of hate, pursuant to Penal Code § 13680 et seq. The report and all supporting documentation including relevant documentation of bias-related findings and documentation obtained through the social media search shall be included in the candidate's background investigation file (11 CCR 1953).

The background investigator shall document proof of verification of qualification for peace officer appointment on the Verification of Qualification for Peace Officer Appointment form. A Personnel supervisor shall review the Verification of Qualification form and forward to the Chief Deputy for final review and submission to POST (11 CCR 1953).

The background investigation file shall be made available during POST compliance inspections (11 CCR 1953).

DEPARTMENT ROSTER / NOTIFICATION OF CHANGE OF ADDRESS AND PERSONAL STATUS FORM (RSD #104)

1001.1 PURPOSE AND SCOPE

The need for immediate access to accurate employee information is critical for efficient Department operations. To eliminate duplicate data entry at all levels of the Department, AgencyWeb is designated as the central storage point for employee information.

1001.2 POLICY

Commanders shall designate a person within their commands to update employee information (phone numbers, addresses, chain of command, and emergency contacts) as changes occur. The single point of contact for Agency Web employee data input is intended to ensure information is consistently and accurately updated. In addition to personal employee changes, the designated person should also update station contact information such as micro and department cell numbers when employees are transferred to their station, bureau, or facility.

Employee address, phone number and name changes must be reported on RSD Form 104. These changes shall be entered at the station/facility level into AgencyWeb. The original signed RSD Form 104 shall then be routed to Sheriff Administration and Accounting & Finance for final processing. Employee name changes will still be processed by Sheriff Administration after all paperwork is received and verified. Commanders shall require that employees log into AgencyWeb at least quarterly to verify their information is correct in the system.

Change of Address and Personal Status Forms (RSD #104) are also used by Sheriff's Administration and Accounting and Finance to update employee information in the HRMS/ PeopleSoft database for payroll purposes and to ensure the most current employee information is entered into AgencyWeb.

Department members are required to report any change of address, updated phone number, or name change to their Bureau or Station Commander (via chain of command) on their next normally scheduled work day after the change occurs.

For instructions on how to access RSD Form #104, click the link below: <http://intranet.riversidesheriff.org/pdf/agencyweb/Employee-Information-Sheet-All-Users.pdf>

Upon completion of the RSD Form 104, the Department member shall:

- Print and sign the original document.
- Provide the original document to their immediate supervisor for inclusion into the member's I-File.

Upon receipt of a completed and signed RSD Form #104, the supervisor shall:

Some examples of current reports are:

- Department Roster by Sheriff ID
- Employee ER Report
- Department Roster by Last Name
- Station/Facility Name / ID
- Station/Facility ID / Name
- Station/Facility Roster
- Overtime/Leave Summary
- Expired CDL Report
- PCN Report

Suggestions for new report-types should be made via the chain of command. Approved suggestions should be emailed (with examples if they exist) to AgencyWeb@riversidesheriff.org for review/development.

1001.4 DESIGNEE TRAINING

Personnel designated by commanders to enter data into AgencyWeb may need additional training on how this is done. Training should be requested via email to AgencyWeb@riversidesheriff.org and done either via a class or individually based on the number of requests received.

1001.5 PREVIOUS DEPARTMENT DIRECTIVE RESCINDED

With the adoption of DSM 1001, the Department has rescinded Department Directives 16-076, 13-051, 12-054, 92-002 and Department Memorandum #812 (dated 01-29-75).

Evaluation of Employees

1002.1 PURPOSE AND SCOPE

The objective of the evaluation system is to record work performance for both the department and the employee, giving recognition for good work and providing a guide for improvement where needed. The employee performance evaluation report is a gauge in measuring performance and is used for making personnel decisions relating to step increase, promotion, reassignment, discipline, demotion and termination. The report also provides a guide for mutual work planning and review, and an opportunity to convert general impressions into a more objective history of work performance based on job standards. Performance Evaluation Reports will be completed in accordance with this policy and in the format approved by the Sheriff.

1002.2 GENERAL POLICY

Employee performance evaluations will be written based on job-related factors specific to the position occupied by the employee during the rating period. Each evaluation will cover a specified period and should be based on performance during only that period. The employee's immediate supervisor will complete each evaluation. Other supervisors directly familiar with the employee's performance during the rating period should be consulted by the immediate supervisor for their input.

Each supervisor should discuss the tasks of the position, standards of performance expected, and the evaluation rating criteria with each employee at the beginning of the rating period. Assessment of an employee's job performance is an on-going process. Continued coaching and feedback provides supervisors and employees with opportunities to correct performance issues as they arise. When an employee's job performance falls below the established standards of the job, the supervisor should, as soon as practical, advise the employee in writing in order to provide an opportunity for the employee to improve performance. Failure to meet established performance standards is justification for a below-standard rating. Employees who disagree with their evaluation and who desire to provide a formal response or a rebuttal may do so in writing in the prescribed format and time period.

All sworn and civilian supervisory personnel shall attend an approved supervisory course that includes training on the completion of performance evaluations within one year of the supervisory appointment.

1002.3 EVALUATION MANUALS AND FORMS

All specific schedules, policies and procedures regarding the evaluation of all department members are outlined in the applicable manual posted on the intranet under "Docs and Forms/ Employee Review Forms." Available under the same section is the Department's Performance Evaluation Report Form (216A) and the Supplemental to Employee's Evaluation Report (SEER Form 216C).

Effective September 1, 2022, Form 216A shall be used for all department members. This includes all ranks within sworn, corrections, and classified/civilian employees.

Evaluation of Employees

1002.4 EVALUATION DISTRIBUTION

The original performance evaluation shall be maintained in the employee's Station I-File until the next evaluation, and in the personnel file in the office of the Sheriff for the tenure of the employee's employment. A copy shall also be given to the employee.

1002.5 PERFORMANCE IMPROVEMENT PLANS

The procedures, scope, and purpose of a Performance Improvement Plan (PIP) for any department member classification is detailed in the Evaluation Procedure Manual for Supervisors, beginning on page 26.

1002.6 PREVIOUS DEPARTMENT DIRECTIVE(S) RESCINDED

With the adoption of DSM 1002, the department has rescinded the following Department Directives and their supplemental(s):

- DD 18-072
- DD 92-035
- DM 494 (June 1971)

Promotional Process

1004.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for promotions within the Riverside County Sheriff's Department.

1004.2 POLICY

The Riverside County Sheriff's Department determines assignments and promotions in a non-discriminatory manner based upon job-related factors and candidate skills and qualifications. Assignments and promotions are made by the Sheriff. The promotional process is a joint effort between the Riverside County Human Resources Department and the Riverside County Sheriff's Department. Promotions within the Department are made after appropriate testing and/or evaluation of Department members.

1004.3 AUTHORITY TO PROMOTE

The Sheriff has the sole authority to promote personnel within the Department.

1004.4 GENERAL REQUIREMENTS

Due to the number and variety of job classes and MOU's within the Department, the specific requirements for each promotional process will be outlined in a Departmental Memorandum issued at the beginning of each promotional process. Additional information about the minimum qualifications and job description may be obtained via the Riverside County Department of Human Resources.

A Department member shall meet the requirements for the position prior to the final filing date for the position. Only qualified members will be allowed to take a promotional examination.

1004.5 EVALUATIONS

Supervisors should maintain current employee evaluations as outlined in DSM 1002. Department members shall submit a copy of their most recent evaluation as part of the promotional process. Any member of the Department with a current less than competent evaluation may not apply for nor be granted a promotion.

1004.6 INTEGRITY OF THE TESTING PROCESS

In order to maintain a fair/competitive process, candidates are responsible to adhere to and maintain the integrity of the testing process. Once a Departmental testing process begins, and through its conclusion, Department members shall not share, distribute, or discuss any information pertaining to written and oral examinations that would give another testing candidate an unfair advantage. Failure to follow this direct order can lead to discipline up to and including termination.

Reporting of Employee Convictions

1010.1 PURPOSE AND SCOPE

Convictions of certain offenses may restrict or prohibit an employee's ability to properly perform official duties. Therefore, all employees shall be required to promptly notify the department of any past and current criminal convictions.

1010.2 DOMESTIC VIOLENCE CONVICTIONS, OUTSTANDING WARRANTS AND RESTRAINING ORDERS

California and federal law prohibit individuals convicted of, or having an outstanding warrant for, certain offenses and individuals subject to certain court orders from lawfully possessing a firearm. Such convictions and court orders often involve allegations of the use or attempted use of force or threatened use of a weapon on any individual in a domestic relationship (e.g., spouse, cohabitant, parent, child) (18 USC § 922; Penal Code § 29805).

All members are responsible for ensuring that they have not been disqualified from possessing a firearm by any such conviction or court order and shall promptly report any such conviction or court order to a supervisor, as provided in this policy.

1010.3 OTHER CRIMINAL CONVICTIONS AND COURT ORDERS

Government Code § 1029 prohibits any person convicted of a felony from being a peace officer in the State of California. This prohibition applies regardless of whether the guilt was established by way of a verdict, guilty, or nolo contendere plea.

Convictions of certain violations of the Vehicle Code and other provisions of law may also place restrictions on an employee's ability to fully perform the duties of the job.

Outstanding warrants as provided in Penal Code § 29805 also place restrictions on a member's ability to possess a firearm.

Moreover, while legal restrictions may or may not be imposed by statute or by the courts upon conviction of any criminal offense, criminal conduct by members of this department may be inherently in conflict with law enforcement duties and the public trust.

1010.4 REPORTING PROCEDURE

All members of this department and all retired deputies with an identification card issued by the department shall promptly notify their immediate supervisor (or the Sheriff in the case of retired deputies) in writing of any past or current criminal arrest, outstanding warrant or conviction regardless of whether or not the matter is currently on appeal and regardless of the penalty or sentence, if any.

All members and all retired deputies with an identification card issued by the department shall further promptly notify their immediate supervisor (or the Sheriff in the case of retired deputies) in writing if the member or retiree becomes the subject of a domestic violence restraining order or similar court order or becomes the subject of an outstanding warrant.

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Reporting of Employee Convictions

Any member whose criminal conviction unduly restricts or prohibits that member from fully and properly performing his/her duties may be disciplined including, but not limited to, being placed on administrative leave, reassignment and/or termination. Any effort to remove such disqualification or restriction shall remain entirely the responsibility of the member on his/her own time and expense.

Any member failing to provide prompt written notice pursuant to this policy shall be subject to discipline.

1010.5 PROCEDURE FOR RELIEF

Pursuant to Penal Code § 29855, a peace officer may petition the court for permission to carry a firearm following a conviction under state law. Federal law, however, does not provide for any such similar judicial relief and the granting of a state court petition under Penal Code § 29855 will not relieve one of the restrictions imposed by federal law. Therefore, relief for any employee falling under the restrictions imposed by federal law may only be obtained by expungement of the conviction. Employees shall seek relief from firearm restrictions on their own time and through their own resources.

Pursuant to Family Code § 6389(h), an individual may petition the court for an exemption to any restraining order, which would thereafter permit the individual to carry a firearm or ammunition as a part of the individual's employment. Relief from any domestic violence or other restriction shall also be pursued through the employee's own resources and on the employee's own time.

Pending satisfactory proof of relief from any legal restriction imposed on an employee's duties, the employee may be placed on administrative leave, reassigned, or disciplined. The Department may, but is not required to return an employee to any assignment, reinstate any employee, or reverse any pending or imposed discipline upon presentation of satisfactory proof of relief from any legal restriction set forth in this policy.

1010.5.1 NOTIFICATION REQUIREMENTS

The Administrative Services Chief Deputy, or their designee, shall submit within 10 days of final disposition a notice to the Commission on Peace Officer Standards and Training (POST) of a conviction or Government Code § 1029 reason that disqualifies any current peace officer employed by this department or any former peace officer if this department was responsible for the investigation (11 CCR 1003).

The Administrative Services Chief Deputy, or their designee, shall submit within 10 days a notice to POST of any appointment, termination, reinstatement, name change, or status change regarding any peace officer, reserve peace officer, public safety dispatcher, and records supervisor employed by this department (11 CCR 1003).

Personnel Complaints

1011.1 PURPOSE AND SCOPE

This policy provides guidelines for the reporting, investigation and disposition of complaints regarding the conduct of members of the Riverside County Sheriff's Department. This policy shall not apply to any questioning, counseling, instruction, informal verbal admonishment or other routine or unplanned contact of a member in the normal course of duty, by a supervisor or any other member, nor shall this policy apply to a criminal investigation.

1011.2 POLICY

The Riverside County Sheriff's Department takes all complaints seriously regarding the service provided by the department and the conduct of its members.

The department will accept and address all complaints of misconduct in accordance with this policy and applicable federal, state and local law, municipal and county rules, and the requirements of any collective bargaining agreements.

It is also the policy of this department to ensure that the community can report misconduct without concern for reprisal or retaliation.

All misconduct complaints must be tracked by the department. This includes all complaints that have been handled informally, or complaints that were determined to be frivolous or clearly unfounded. To comply with this requirement, the department has created an internal complaint tracking form (SB2 Civilian Complaint Notification Form RSD Form #479) to comply with mandated reporting to the Peace Officers Standards and Training (POST).

1011.3 PERSONNEL COMPLAINTS

Personnel complaints include any allegation of misconduct or improper job performance that, if true, would constitute a violation of department policy or of federal, state or local law, policy or rule. Personnel complaints may be generated internally or by the public.

Acceptance of a complaint does not automatically trigger a formal personnel investigation. Inquiries about conduct or performance that, if true, would not violate department policy or federal, state or local law, policy or rule may be handled informally by a supervisor and shall not be considered a personnel complaint. Such inquiries generally include clarification regarding policy, procedures or the response to specific incidents by the department.

1011.3.1 COMPLAINT CLASSIFICATIONS

Personnel complaints shall be classified in one of the following categories:

Informal - A matter in which the department is satisfied that appropriate action has been taken by a supervisor of rank greater (at least a sergeant in all matters) than the accused department member.

Formal - A matter in which a supervisor determines that further action is warranted. Such complaints may be investigated by a supervisor of rank greater than the accused member

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Personnel Complaints

or referred to the Professional Standards Bureau (PSB), depending on the seriousness and complexity of the investigation. A complaining party's desire or non-desire to make a formal complaint shall not be the sole factor in determining if further action is necessary. The supervisor (sergeant or above) receiving the complaint shall also consider the severity and the propensity of the allegation.

Incomplete - A matter in which the complaining party either refuses to cooperate or becomes unavailable after diligent follow-up investigation. At the discretion of the assigned supervisor or PSB, such matters may be further investigated depending on the seriousness of the complaint and the availability of sufficient information.

1011.3.2 SOURCES OF COMPLAINTS

The following applies to the source of complaints:

- (a) Individuals from the public may make complaints in writing, by email, in person, by telephone or by the department website.
- (b) Complaints from the public shall be promptly referred to a supervisor.
- (c) Any department member witnessing or becoming aware of alleged misconduct shall immediately notify a supervisor.
- (d) Supervisors may initiate a complaint inquiry based upon observed misconduct or receipt from any source alleging misconduct that, if true, could result in disciplinary action.
- (e) Anonymous and third-party complaints should be accepted and investigated to the extent that sufficient information is provided.
- (f) Tort claims and lawsuits may generate a personnel complaint so that facts surrounding an incident, and the actions of department personnel, may be investigated and documented as soon as possible.

1011.4 AVAILABILITY AND ACCEPTANCE OF COMPLAINTS

1011.4.1 COMPLAINT FORMS

Civilian Complaint Reports (RSD Form #217) will be maintained in every sheriff's facility and be accessible through the department website. Complaint forms shall be provided at stations or facilities without delay and without need for the requestor to wait or take other action before receiving the form. If the requestor asks to speak to a supervisor, one shall be summoned if available.

1011.4.2 ACCEPTANCE

All complaints will be courteously accepted by any department member; however, a supervisor (sergeant or above) should be the primary recipient of all complaints when available. Although written complaints are preferred, a complaint may also be filed orally, either in person or by telephone. If a supervisor is not immediately available to take a complaint, the department member shall obtain contact information sufficient for the supervisor to contact the complainant. In addition, they should inform the complainant of the alternative avenues to file a complaint such as online

Riverside County Sheriff's Department

Personnel Complaints

via the department website or by obtaining a complaint form at a station/facility/bureau or by contacting the Professional Standards Bureau (PSB). The supervisor, upon contact with the complainant, shall complete and submit a Civilian Complaint Report (RSD Form #217) and SB2 Civilian Complaint Notification Form (RSD Form #479) as appropriate.

Although not required, complainants should be encouraged to file complaints in person so that proper identification, signatures, photographs or physical evidence may be obtained as necessary.

Upon request, a complainant shall be provided with a copy of the complaining party's statement at the time it is filed with the department (Penal Code § 832.7).

For timely notification to POST, supervisors shall notify PSB within three calendar days of receipt of a personnel complaint. Supervisors shall use RSD Form #479 to notify PSB via the Blue Team Portal. Supervisors shall ensure their respective chain of command is notified. (See Supervisor Responsibilities DSM 1011.5.1(d)(2)).

1011.4.3 AVAILABILITY OF WRITTEN PROCEDURES

The department shall make available to the public a written description of the investigation procedures for complaints (Penal Code § 832.5). Copies of this policy and all other DSM's can be obtained via the department website.

1011.4.4 HATE COMPLAINTS AGAINST PEACE OFFICERS

Internal complaints or complaints from the public shall be accepted and investigated in accordance with this policy where it is alleged that a peace officer has in the previous seven years, and since 18 years of age, engaged in membership in a hate group, participated in a hate group activity, or advocated any public expression of hate (Penal Code § 13682).

1011.4.5 PROFESSIONAL STANDARDS BUREAU RESPONSIBILITIES (COMPLAINT TRACKING)

The complaint information from department supervisors shall be transmitted to PSB using RSD Form #479 via the Blue Team portal.

PSB is responsible for tracking and notification to POST of complaints which meet POST's reporting requirements (Penal Code § 13510.9). PSB shall handle all notifications to POST regarding complaints, the complaint process, and ongoing administrative investigations. The PSB commander or designee is responsible for the following as it pertains to complaints and investigation tracking:

- (a) Daily monitoring of Blue Team for complaint notifications
- (b) Determining if the complaint meets POST's specific reporting requirements
- (c) Ensuring POST is notified within 10 days of complaint receipt
- (d) Updating POST of ongoing investigations within 90-day intervals/reporting requirements
- (e) Notifying POST at the completion of the investigation into serious misconduct

1011.5 ADMINISTRATIVE INVESTIGATIONS

Allegations of misconduct will be administratively investigated as follows:

1011.5.1 SUPERVISOR RESPONSIBILITIES

In general, the primary responsibility for the investigation of a personnel complaint shall rest with the member's immediate supervisor, unless that supervisor is unavailable to conduct a timely investigation. The Sheriff or the authorized designee may direct that another supervisor or investigator investigate any complaint.

A supervisor who becomes aware of alleged misconduct shall take reasonable steps to prevent aggravation of the situation.

The responsibilities of supervisors include but are not limited to:

- (a) Ensuring that upon receiving or initiating any formal complaint, a department complaint form, or other memorandum-type documentation is completed. Complaints from the public or other sources need not be on the Civilian Complaint Report (RSD Form #217).
- (a) The original complaint form or other descriptive documents will be directed to the lieutenant supervising the subject department member, via the chain of command, who will take appropriate action and/or determine who will have responsibility for the investigation.
- (b) In circumstances where the integrity of the investigation could be jeopardized by reducing the complaint to writing or where the confidentiality of a complainant is at issue, a supervisor may orally report the matter to their lieutenant, who will initiate appropriate action.
- (b) Responding to all complainants in a courteous and professional manner.
- (c) Follow-up contact with the complainant should be made within 24 hours of the department receiving the complaint.
- (d) Properly resolving those personnel complaints that can be informally resolved immediately.
 - (a) If the matter is resolved and no further action is required, the supervisor may choose to complete a memorandum of discussion after speaking with the employee and identifying areas for training and/or performance improvement, if any.
 - (b) If the complaint was submitted in writing, the supervisor shall complete the SB2 Civilian Complaint Notification Form (RSD Form #479) with a description of how the complaint was resolved without a formal investigation (reviewed via chain of command). Both documents shall then be scanned and uploaded to the Professional Standards Bureau via Blue Team within three days (See DSM 1011.4.2). The uploaded documents will then be considered the original and will be retained according to legislative mandates and the Department's Records Retention Schedule. The hard copy(s) form shall be retained for 30 days after uploading to Blue Team. After 30 days, the station/facility hard copy(s) form shall be destroyed.

Personnel Complaints

- (e) Ensuring that upon receipt of a complaint involving allegations of a potentially serious nature, the involved Chief Deputy is notified via the chain of command as soon as practicable.
- (f) Promptly contacting a lieutenant for direction regarding their roles in addressing a complaint that relates to "serious misconduct" as defined by POST in accordance with Penal Code § 13510.8(b). Serious misconduct may include:
 - 1. Dishonesty
 - 2. Abuse of power
 - 3. Physical abuse
 - 4. Sexual assault
 - 5. Demonstration of bias or violations of law
 - 6. Unlawful acts which are "egregious" or repeated acts
 - 7. Participating in a law enforcement gang
 - 8. Failure to cooperate/provide a statement in an administrative investigation
 - 9. Failure to intercede in obvious excessive force
- (g) Forwarding unresolved personnel complaints to the supervising lieutenant who will determine whether to contact the complainant or assign the complaint for a formal investigation.
 - 1. To obtain an investigation number, the case agent shall log into Blue Team, select "Add Incident." Under "Incident Type" select "Personnel Investigation," and complete the information as required. Upon completion of all required fields, submit the form. The case agent will then be assigned the investigation number via Blue Team within two business days.

1011.5.2 ADMINISTRATIVE INVESTIGATION PROCEDURES

Whether conducted by a supervisor or a member of the Professional Standards Bureau (PSB), the following applies to members covered by the Public Safety Officers Procedural Bill of Rights Act (POBR) (Government Code § 3303) and Disqualification from Office or Employment (Government Code §1029). Those assigned to conduct an administrative investigation on any employee should consult the Memorandum Of Understanding applicable to the focus employee's classification to ensure compliance with all provisions unique to the focus employee's bargaining unit.

- (a) Interviews of a focus employee shall be conducted during reasonable hours and preferably when the employee is on-duty. If the employee is off-duty, they shall be compensated.
- (b) Interviews of a focus employee shall be at the Riverside County Sheriff's Department or other reasonable and appropriate place.
- (c) No more than two interviewers should ask questions of a focus employee.
- (d) Prior to any interview, a focus employee shall be informed of the nature of the investigation, the name, rank and command of the case agent in charge of the

Riverside County Sheriff's Department

Personnel Complaints

investigation, the interviewing officers and all other persons to be present during the interview.

- (e) The assigned investigator should determine what material, if any, is required to be released before each interview. The Professional Standards Bureau should be consulted to resolve any questions regarding pre-interview disclosure.
- (f) All interviews shall be for a reasonable period and the department member's personal needs should be accommodated.
- (g) No department member should be subjected to offensive or threatening language, nor shall any promises, rewards or other inducements be used to obtain answers.
- (h) Any department member refusing to answer questions directly related to the investigation may be ordered to answer questions administratively and may be subject to discipline. Failing to cooperate in an administrative investigation is considered serious misconduct which could lead to the POST decertification process.
 - 1. A department member should be given an order to answer questions in an administrative investigation that might incriminate the department member in a criminal matter only after the department member has been given a *Lybarger* advisement. Administrative investigators should consider the impact that compelling a statement from the department member may have on any related criminal investigation and should take reasonable steps to avoid creating any foreseeable conflicts between the two related investigations. This may include conferring with the person in charge of the criminal investigation (e.g., discussion of processes, timing, implications).
 - 2. No information or evidence administratively coerced from a department member may be provided to anyone involved in conducting the criminal investigation or to any prosecutor, except as required by law.
- (i) The department should record all interviews of department members and witnesses. The department member may also record the interview. If the employee has been previously interviewed, a copy of that recorded interview shall be provided prior to any subsequent interview.
- (j) All department members subjected to interviews that could result in discipline have the right to have an uninvolved representative present during the interview. However, in order to maintain the integrity of each individual's statement, involved department members shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.
- (k) All department members shall provide complete and truthful responses to questions posed during interviews.
- (l) No department member may be requested or compelled to submit to a polygraph examination, nor shall any refusal to submit to such examination be mentioned in any investigation (Government Code § 3307).

No investigation shall be undertaken against any deputy solely because the deputy has been placed on a prosecutor's *Brady* list or the name of the deputy may otherwise be subject to disclosure pursuant to *Brady v. Maryland*. However, an investigation may be based on the

Riverside County Sheriff's Department

Personnel Complaints

underlying acts or omissions for which the deputy has been placed on a *Brady* list or may otherwise be subject to disclosure pursuant to *Brady v. Maryland* (Government Code § 3305.5).

1011.5.3 DISPOSITIONS

Each personnel complaint shall be classified with one of the following dispositions:

Unfounded - When the investigation discloses that the alleged acts did not occur or did not involve department members.

Exonerated - When the investigation reveals that the alleged act occurred but that the action was justified, lawful and/or proper when considered with the surrounding circumstances.

Not sustained - When the investigation reveals that there is insufficient evidence to sustain the complaint or disprove the allegation.

Sustained - A final determination by an investigating agency, commission, board, hearing officer, or arbitrator, as applicable, following an investigation and opportunity for an administrative appeal pursuant to Government Code § 3304 and Government Code § 3304.5 that the actions of a department member were found to violate law or department policy (Penal Code § 832.8). Although used by the case agent upon completion of an investigation sustaining an allegation, this disposition is not permanently assigned to the report until all processes noted above have been completed or have lawfully expired.

1011.5.4 COMPLETION OF INVESTIGATIONS

Every investigator or supervisor assigned to investigate a personnel complaint or other alleged misconduct shall complete the assigned investigation within 60 days from assignment. The 60-day due date is not to be determined by the file number assigned to the investigation, but rather by the date the investigation was assigned. Any delay in submitting the investigation for initial review shall be promptly discussed with the assigned investigator's supervisor as soon as the delay is known to be likely.

The department must serve the investigation and any intended action upon the employee within one year from the date of discovery by an individual authorized to initiate an investigation (Government Code § 3304). In the event that an investigation cannot be served upon the focus employee within one year of discovery, the assigned investigator or supervisor shall ensure that an extension or delay is warranted within the exceptions set forth in Government Code § 3304(d) or Government Code § 3508.1. Any lawful justification for an extension shall be communicated to the assigned investigator's supervisor in writing as soon as it is known.

The proper recording of the dates related to when the violation was known to the department, when the investigation was assigned, and when any extensions were warranted, is critical to achieving compliance with Government Code § 3304(d). If an investigation discloses misconduct that was not alleged in the original complaint, the investigator shall take appropriate action with regard to any additional allegations and a new date of initial discovery will apply to the new allegations.

1011.5.5 NOTICE REQUIREMENTS

The disposition of any civilian's complaint shall be released to the complaining party within 30 days of the final disposition. The Sheriff or the authorized designee shall ensure that the complainant is notified of the disposition (i.e., sustained, not sustained, exonerated, unfounded) of the complaint (Penal Code § 832.7(f)). This release shall not include what discipline, if any, was imposed (Penal Code § 832.7(f)).

1011.6 ADMINISTRATIVE SEARCHES

Assigned lockers, storage spaces and other areas, including desks, offices and vehicles, may be searched as part of an administrative investigation upon a reasonable suspicion of misconduct.

Such areas may also be searched any time by a supervisor for non-investigative purposes, such as obtaining a needed report, radio or other document or equipment.

Lockers and similar storage spaces may only be administratively searched in the member's presence, with the department member's consent, with a valid search warrant or where the department member has been given reasonable notice that the search will take place (Government Code § 3309). Whether a search of such areas should be conducted under a criminal standard or an administrative standard should be determined before the search occurs.

1011.6.1 DISCLOSURE OF FINANCIAL INFORMATION

An employee may be compelled to disclose personal financial information under the following circumstances (Government Code § 3308):

- (a) Pursuant to a state law or proper legal process
- (b) Information exists that tends to indicate a conflict of interest with official duties
- (c) If the employee is assigned to or being considered for a special assignment with a potential for bribes or other improper inducements

1011.7 ADMINISTRATIVE LEAVE

Administrative Leave is categorized as:

- Administrative Leave - Non-Disciplinary: no loss or suspension of peace officer powers
- Administrative Leave - Potential Disciplinary Action: suspension of peace officer powers and may require notification to POST

When a complaint of misconduct is of a serious nature, or when circumstances indicate that allowing the accused to continue to work would adversely affect the mission of the department, a chief deputy or higher rank, may temporarily assign an accused employee to administrative leave. Any employee placed on administrative leave:

- (a) May be required to relinquish any department badge, identification, assigned weapons and any other department equipment.
- (b) May be prevented from possessing a concealed firearm.
- (c) Shall be required to continue to comply with all policies and lawful orders of a supervisor.

- (d) May be temporarily reassigned to a different shift, generally a normal business-hours shift, during the investigation. The employee may be required to remain available for contact at all times during such shift, and will report as ordered.
- (e) May be placed on unpaid administrative leave in specific circumstances and as limited by procedures.

1011.8 CRIMINAL INVESTIGATION

Where a member is accused of potential criminal conduct, a separate supervisor or investigator shall be assigned to investigate the criminal allegations apart from any administrative investigation. Any separate administrative investigation may parallel a criminal investigation.

The Sheriff shall be notified as soon as practicable when a department member is accused of criminal conduct. The Sheriff may request a criminal investigation by an outside law enforcement agency.

The department member should not be administratively ordered to provide any information in the criminal investigation.

The Riverside County Sheriff's Department may release information concerning the arrest or detention of any department member, including a deputy, that has not led to a conviction. No disciplinary action should be taken until an independent administrative investigation is conducted.

A department member accused of criminal conduct shall be advised of their constitutional rights prior to the administrative investigation interview (Government Code § 3303(h)).

Any arrest or indictment for a crime identified in Government Code 1029 (serious misconduct disqualifiers) will result in the immediate temporary suspension of certification by the POST Division Chief.

1011.9 POST-ADMINISTRATIVE INVESTIGATION PROCEDURES

Upon completion of an assigned investigation, the report shall be forwarded to the Sheriff, or designee, through the chain of command. Each level of command should review the report and include their comments in writing before forwarding the report. The Sheriff, or designee, may accept or modify any disposition or recommendation for disciplinary action.

1011.9.1 COMMANDER RESPONSIBILITIES

Upon receipt of any completed personnel investigation, the commander of the involved member shall review the entire investigative file, the department member's personnel file and any other relevant materials, to include interview recordings and Body Worn Camera video.

The commander may make recommendations regarding the disposition of any allegations and the amount of discipline, if any, to be imposed.

Prior to forwarding recommendations to the Chief Deputy, the commander may return the entire investigation to the assigned investigator or supervisor for further investigation or action.

Personnel Complaints

When forwarding any written recommendation to the Chief Deputy, the commander shall include all relevant materials supporting the recommendation. Actual copies of a department member's existing personnel file need not be provided and may be incorporated by reference.

1011.9.2 SHERIFF RESPONSIBILITIES

The Sheriff may review any investigation and may modify any recommendation and/or may return any investigation to the Chief Deputy for further investigation or action.

Once the Sheriff, or designee, is satisfied that no further investigation or action is required, the Sheriff, or designee, shall determine the amount of discipline, if any, that should be imposed. In the event disciplinary action is proposed, the department shall provide the department member with a pre-disciplinary procedural due process hearing (*Skelly*) by providing written notice of the charges, proposed action and reasons for the proposed action. Written notice ("First Skelly") shall be provided within one year from the date of discovery of the misconduct, unless an extension is applicable as prescribed by law (Government Code § 3304(d)). The department shall also provide the department member with:

- (a) Access to all of the materials considered by the department in recommending the proposed discipline.
- (b) An opportunity to respond orally or in writing to the department within ten business days of receiving the notice.
 - 1. Upon a showing of good cause by the department member, the department may grant a reasonable extension of time for the department member to respond.
 - 2. If the department member elects to respond orally, the presentation may be recorded by the department. Upon request, the department member shall be provided with a copy of the recording.

1011.10 PRE-DISCIPLINE EMPLOYEE RESPONSE (SKELLY)

The pre-discipline process is intended to provide the accused employee with an opportunity to present a written or oral response to the department after having had an opportunity to review the supporting materials and prior to imposition of any recommended discipline. The employee shall consider the following:

- (a) The response is not intended to be an adversarial or formal hearing.
- (b) Although the employee may be represented by an uninvolved representative or legal counsel, the hearing is not designed to accommodate the presentation of testimony or witnesses.
- (c) The employee may suggest that further investigation could be conducted or the employee may offer any additional information or mitigating factors for the department to consider.
- (d) In the event that the department elects to conduct further investigation, the employee shall be provided with the results prior to the imposition of any discipline.

Riverside County Sheriff's Department

Personnel Complaints

- (e) The employee may thereafter have the opportunity to further respond orally or in writing to the department on the limited issues of information raised in any subsequent materials.
- (f) Once the employee has completed their response or if the employee has elected to waive any such response, the Sheriff, or designee, shall consider all information received in regard to the recommended discipline. The department shall render a timely written decision to the employee ("Second Skelly") and specify the grounds and reasons for discipline and the effective date of the discipline. Once the department has issued this written decision, the discipline shall become effective.

1011.11 RESIGNATIONS/RETIREMENTS PRIOR TO DISCIPLINE

The tender of a resignation or retirement by itself shall not serve as grounds for the termination of any pending investigation or discipline (Penal Code § 13510.8(c)(1)). In the event that a department member tenders a written resignation or notice of immediate retirement prior to the imposition of discipline, it shall be noted in the file. The department shall proceed as follows for service to a former employee of a completed investigation:

- (a) The department will make an attempt to notify the former employee of any sustained finding by either first-class mail, email, telephone, or in person.
- (b) Subsequent to the notification or attempted notification, the department will wait 30 days before considering the finding(s) final and sustained within the meaning of Penal Code § 832.8(b).
- (c) Throughout the 30 day delay period, the department will allow the former employee to review the relevant file at a reasonable time.
- (d) Throughout the 30 day delay period, the department will accept and attach a response or addendum from the former employee and retain it in the file.

1011.12 POST-DISCIPLINE APPEAL RIGHTS

Non-probationary employees have the right to appeal a suspension without pay, punitive transfer, demotion, reduction in pay or step, or termination from employment. The employee has the right to appeal using the procedures established by any collective bargaining agreement, Memorandum of Understanding and/or personnel rules.

In the event of punitive action against an employee covered by the POBR, the appeal process shall be in compliance with Government Code § 3304 and Government Code § 3304.5.

Any employee who voluntarily separates from the department prior to the imposition of any disciplinary proceedings, waives any right to appeal the investigative findings.

During any administrative appeal, evidence that a deputy has been placed on a *Brady* list or is otherwise subject to *Brady* restrictions may not be introduced unless the underlying allegations of misconduct have been independently established. Thereafter, such *Brady* evidence shall be limited to determining the appropriateness of the penalty (Government Code § 3305.5).

1011.13 PROBATIONARY EMPLOYEES AND OTHER MEMBERS

At-will and probationary employees and those members other than non-probationary employees may be released from employment for non-disciplinary reasons (e.g., failure to meet standards) without adherence to the procedures set forth in this policy and without any right to appeal. However, any probationary deputy subjected to an investigation into allegations of misconduct shall be entitled to those procedural rights, as applicable, set forth in the POBR (Government Code § 3303; Government Code § 3304).

At-will, probationary employees and those other than non-probationary employees subjected to discipline or termination as a result of allegations of misconduct shall not be deemed to have acquired a property interest in their position, but shall be given the opportunity to appear before the Sheriff or authorized designee for a non-evidentiary hearing for the sole purpose of attempting to clear their name or liberty interest. There shall be no further opportunity for appeal beyond the liberty interest hearing and the decision of the department shall be final.

1011.14 RETENTION OF PERSONNEL INVESTIGATION FILES

All personnel complaints shall be maintained in accordance with Federal, State, and local laws as well as the Department's Records Retention Schedule.

1011.15 REQUIRED REPORTING TO POST

The Professional Standards Bureau commander or the authorized designee shall notify POST on the appropriate POST form within 10 days of qualifying events, including but not limited to (Penal Code § 13510.9):

- (a) Termination or separation from employment or appointment. Separation from employment or appointment includes any involuntary termination, resignation, or retirement.

The Professional Standards Bureau commander or the authorized designee shall be responsible for providing POST access to or duplication of investigation documentation (e.g., physical or documentary evidence, witness statements, analysis, conclusions) for up to two years after reporting of the disposition of an investigation (Penal Code § 13510.9).

1011.16 PREVIOUS DEPARTMENT DIRECTIVE RESCINDED

With the publication of DSM 1011, Department Directive #16-071 and any supplemental directives are rescinded.

Drug- and Alcohol-Free Workplace

1013.1 PURPOSE AND SCOPE

The purpose of this policy is to establish clear and uniform guidelines regarding drugs and alcohol in the workplace (41 USC § 8103).

1013.2 POLICY

It is the policy of this department to provide a drug- and alcohol-free workplace for all members. As employees of the County of Riverside, all Department members are subject to Riverside County Board of Supervisors policies C-10, C-24, and C-34.

C-10 <https://www.rivcocob.org/boardpolicies/policy-c/POLICY-C10.pdf>

C-24 <https://www.rivcocob.org/boardpolicies/policy-c/POLICY-C24.pdf>

C-34 <https://www.rivcocob.org/boardpolicies/policy-c/POLICY-C34.pdf>

1013.3 GENERAL GUIDELINES

Alcohol and drug use in the workplace or on department time can endanger the health and safety of department members and the public.

Members who have consumed an amount of an alcoholic beverage or taken any medication, or combination thereof, that would tend to adversely affect their mental or physical abilities shall not report for duty. Affected members shall notify the Watch Commander or appropriate supervisor as soon as the member is aware that the member will not be able to report to work. If the member is unable to make the notification, every effort should be made to have a representative contact the supervisor in a timely manner. If the member is adversely affected while on-duty, the member shall be immediately removed and released from work (see the Work Restrictions section in this policy).

1013.3.1 USE OF MEDICATIONS

Members should not use any medications that will impair their ability to safely and completely perform their duties. Any member who is medically required or has a need to take any such medication shall report that need to the member's immediate supervisor prior to commencing any on-duty status.

No member shall be permitted to work or drive a vehicle owned or leased by the Department while taking any medication that has the potential to impair the member's abilities, without a written release from the member's physician.

1013.3.2 MARIJUANA AND PROPOSITION 64

Proposition 64 generally legalized the commercial, adult-use of marijuana in California. Even though in most respects Proposition 64 decriminalizes marijuana possession and usage in California, it does not affect its continued illegality under federal law, nor does it prevent employers from maintaining a drug and alcohol free workplace. Proposition 64 specifically adds section 11362.45 (e) and (f) to the Health & Safety Code, which states that employers can lawfully prohibit the use, possession, sale, or distribution of marijuana in the workplace or any building

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)

Drug- and Alcohol-Free Workplace

owned, leased, or occupied by a local government agency, as well as generally prohibit the use of marijuana by employees and prospective employees.

Even after the passage of Proposition 64, marijuana remains a Schedule I Controlled Substance under federal law. Riverside County and Sheriff's Department policies prohibit employees from possessing and/or using controlled substances to include medical marijuana or cannabis products which contain the psychoactive ingredient of THC (tetrahydrocannabinol) at any time. These policies also prohibit employees from using, possessing, or being under the influence of any controlled substance, including marijuana, while on duty and/or on County property, or violating federal law.

1013.3.3 PURCHASE OR POSSESSION OF DRUGS OR ALCOHOL ON DUTY

Department employees shall not purchase or possess alcohol or other controlled substances on County property, at work, or while on duty except in the performance of a special assignment as described in § 1012.4. The possession or use of controlled substances as learning/training aids (display board, K-9 training, etc.) are authorized with supervisor approval.

1013.3.4 USE OF ALCOHOL OR PRESCRIBED MEDICATIONS

Department employees who are taking medications during work hours shall not allow such medications to impair their ability to perform their work. No employee shall be permitted to work while taking medications that impair their ability to perform their duties.

- (a) Department members shall not drink intoxicating liquor/alcohol to such an extent that they are not able to report to their next tour of duty.
- (b) Department members shall not drink intoxication liquor/alcohol to such an extent that may result in the commission of an obnoxious or offensive act that may bring discredit or disgrace upon themselves or the Department.
- (c) Department members shall not report to work when they are under the influence of any drug, narcotic or alcohol, prescribed or not prescribed, or when they have the odor of marijuana or an alcoholic beverage on their breath or upon their person.
- (d) Department members while on duty shall not drink any alcoholic beverage except as authorized (section 1012.4). Drinking alcoholic beverages during lunch or other breaks is specifically prohibited.

1013.3 COMPLIANCE

Employees must, as a condition of employment, abide by the terms of this policy, and report any conviction as prescribed in Section 1011 of this manual.

1013.4 MEMBER RESPONSIBILITIES

Members shall report for work in an appropriate mental and physical condition. Members are prohibited from purchasing, manufacturing, distributing, dispensing, possessing or using controlled substances or alcohol on department premises or on department time (41 USC § 8103). The lawful possession or use of prescribed medications or over-the-counter remedies is excluded from this prohibition.

Drug- and Alcohol-Free Workplace

Members who are authorized to consume alcohol as part of a special assignment shall not do so to the extent of impairing on-duty performance.

Members shall notify a supervisor immediately if they observe behavior or other evidence that they believe demonstrates that a fellow member poses a risk to the health and safety of the member or others due to drug or alcohol use.

Members are required to notify their immediate supervisors of any criminal drug statute conviction for a violation occurring in the workplace no later than five days after such conviction (41 USC § 8103).

1013.6 EMPLOYEE ASSISTANCE PROGRAM

There may be available a voluntary employee assistance program to assist those who wish to seek help for alcohol and drug problems (41 USC § 8103). Insurance coverage that provides treatment for drug and alcohol abuse also may be available. Employees should contact the Department of Human Resources, their insurance providers or the employee assistance program for additional information. The Department recognizes that the interaction between the employee and their Health Care Provider as well as the interaction between the employee and the employee assistance program is confidential and is not accessible to the Department. Employees who experience drug or alcohol problems are encouraged to seek referral for rehabilitation through the employee assistance programs or their insurance provider. It is the responsibility of each employee to seek assistance before alcohol or drug problems lead to performance problems.

1013.6 WORK RESTRICTIONS

If a member informs a supervisor that he/she has consumed any alcohol, drug, or medication that could interfere with a safe and efficient job performance, the member may be required to obtain clearance from his/her physician before continuing to work.

If the supervisor reasonably believes, based on objective facts, that a member is impaired by the consumption of alcohol or other drugs, the supervisor shall prevent the member from continuing work and shall ensure that he/she is safely transported away from the Department.

1013.7 SCREENING TESTS

A supervisor may request an employee to submit to a screening under any of the following circumstances:

- (a) The supervisor reasonably believes, based upon objective facts, that the employee is under the influence of alcohol or drugs that are impairing the employee's ability to perform duties safely and efficiently.
- (b) The employee discharges a firearm in the performance of the employee's duties (excluding training or authorized euthanizing of an animal).
- (c) The employee discharges a firearm while off-duty, resulting in injury, death, or substantial property damage.

Drug- and Alcohol-Free Workplace

- (d) The employee drives a motor vehicle in the performance of the employee's duties and becomes involved in an incident that results in bodily injury, death, or substantial damage to property.

1013.7.1 SUPERVISOR RESPONSIBILITIES

The supervisor shall prepare a written record documenting the specific facts that led to the decision to request the test, and shall inform the employee in writing of the following:

- (a) The test will be given to detect either alcohol or drugs, or both.
- (b) The result of the test is not admissible in any criminal proceeding against the employee.
- (c) The employee may refuse the test, but refusal may result in dismissal or other disciplinary action.

1013.7.2 DISCIPLINE

An employee may be subject to disciplinary action if the employee:

- (a) Fails or refuses to submit to a screening test as requested.
- (b) After taking a screening test that indicates the presence of a controlled substance, fails to provide proof, within 72 hours after being requested, that the employee took the controlled substance as directed, pursuant to a current and lawful prescription issued in the employee's name.

1013.8 COMPLIANCE WITH THE DRUG-FREE WORKPLACE ACT

No later than 30 days following notice of any drug statute conviction for a violation occurring in the workplace involving a member, the Department will take appropriate disciplinary action, up to and including dismissal, and/or requiring the member to satisfactorily participate in a drug abuse assistance or rehabilitation program (41 USC § 8104).

1013.9 CONFIDENTIALITY

The Department recognizes the confidentiality and privacy due to its members. Disclosure of any information relating to substance abuse treatment, except on a need-to-know basis, shall only be with the express written consent of the member involved or pursuant to lawful process.

The written results of any screening tests and all documents generated by the employee assistance program are considered confidential medical records and shall be maintained in the member's confidential medical file in accordance with the Personnel Records Policy.

Peer Support Program

1014.1 POLICY STATEMENT

The Riverside County Sheriff's Department's Peer Support Program is an employee assistance program offering confidential help and guidance by trained volunteer peer support personnel to all Department members experiencing a personal or professional problem or crisis.

Personnel experiencing problems are encouraged to seek assistance before the situation escalates into a severe personal problem, or becomes a violation of the law. Help can be found with licensed professional counselors from outside the Department, or from fellow employees associated with the Peer Support Program.

The Department recognizes the importance of physical and emotional well being upon personal performance. Supervisors' responsibilities include identifying personnel who are experiencing problems and helping these individuals effect a positive change whenever possible. The Peer Support Program provides a resource for supervisors to assist employees who have particular problems. Supervisors are advised that an employee's decision to participate in this program must be voluntary. Referrals will not be made under duress or with a promise of reward.

It must be noted that nothing in this program is intended to alter the Department's ability or responsibility to administer discipline, or a supervisor's responsibility to supervise.

1014.2 PROGRAM STATEMENT

It has long been recognized that people can benefit by being provided with a means of contacting and talking to someone who cares and understands their problems. Realizing that the ways in which employees choose to deal with crisis can be as diverse as the factors causing the problem, a successful approach has been to provide a program which offers non-professional (peer) support services, with the resources to advise personnel on the need for professional services, when applicable.

In the past, employees seeking assistance were referred to the Riverside County Employee Assistance Services (EAS) for further referral. Others, who felt the need to discuss the matter with someone they felt "had been there", turned to peers by chance or through indirect reference by other employees. The Riverside Sheriff's Peer Support Program will provide a more accurate means of identifying fellow employees who have expressed the desire to be available to their peers for these types of discussions. Given the diverse cross-section of current personnel, our Peer Support personnel should represent a wide variety of support personnel familiar with finances, disability, career choices, family relationships, divorce, bereavement, legal issues, etcetera.

The names and business telephone numbers of peer support personnel will be made available to all personnel through the Program Coordinator.

The Peer Support Program is a valuable resource for Department members and their families. The program is not intended to transform employees into psychologists. It is to provide a first level of contact with employees when confronting those crises which affect their personal lives

Peer Support Program

and ultimately their job performance. The success of the program will depend upon the interest, dedication and confidentiality displayed by those who choose to become involved as volunteer support personnel.

1014.3 SELECTION

Periodically the Department will seek volunteers and recommendations for the Peer Support Program. Interested personnel should submit a memo of interest, together with a current resume, to their Bureau/Station Commander. Those personnel recommending others for counselors should submit their recommendations to the Peer Support Coordinator.

Those personnel who are submitting memos on their own behalf should include a brief statement of why they want to become a peer supporter and should detail any life experiences and special training they possess which may contribute to the program. Bureau/Station Commanders will review the memos, make any recommendations they deem appropriate, and forward them to their Division Chief for approval.

The Selection Committee will make appointments for interviews. The Selection Committee will be comprised of a representative from the Counseling Team, a representative from the County Employee Assistance Services, the PEER Support Program Coordinator, a representative from the Riverside Sheriff's Association, and four peer supporters. Peer support personnel will initially receive specialized training in Peer Support. Subsequent training and updates on support techniques will be provided at support meetings scheduled bi-monthly at the Ben Clark Training Center.

1014.4 SUPPORT PERSONNEL

Volunteer peer support personnel are selected from all ranks within the Department.

The primary function of peer support personnel includes providing short-term crisis intervention, lay assessment of the problems, and referral service to fellow employees when deemed necessary. Personnel experiencing problems which might require long-term or professional guidance shall be so advised by the peer support personnel and a list of possible referrals will be maintained by the Peer Support Program Coordinator.

1014.5 CONFIDENTIALITY

Communication between a peer support person and a Department member is confidential, EXCEPT for those matters which involve the following:

- Danger to self
- Danger to others
- Suspected child abuse
- Possession and/or use of illegal drugs or narcotics
- Serious/dangerous violation of the law (felonies)
- Domestic violence

Peer Support Program

- Elder abuse
- Serious misconduct (violations of Department policy that could/would be grounds for termination)
- Where divulgence is requested by the peer

The above categories only represent parameters and are not meant to be all inclusive. In such instances, peer support personnel shall advise the Program Coordinator of the circumstances concerning the incident and what has been done to rectify the problem. The Program Coordinator shall apprise the Department Administrator (Chief Deputy or Assistant Sheriff) responsible for the program, who will decide the direction the Department will take in the matter.

Peer support personnel shall not be interviewed, nor shall they discuss details of support sessions with Department personnel conducting an investigation, without the WRITTEN authorization of the Department Administrator (Chief Deputy or Assistant Sheriff) responsible for the program or the permission of the employee being counseled.

Authorized Department peer support personnel, while acting in a peer support role, are exempt from the requirements of Policy 340.5.5 (a) & (M), with the exception of the criteria as outlined above.

This in no way inhibits the Sheriff from ordering an employee to cooperate with a Department investigation or with an outside agency involved in a criminal investigation.

1014.6 SUPPORT SESSIONS

Support sessions shall be conducted on the employee's and the support person's own time, absent exigent circumstances. Should an emergency require that a support person be called on duty time, his/her response will be at the discretion of the concerned Bureau/Station Commander.

Support personnel shall not be reimbursed for mileage or the use of private telephones for support business. However, the use of County vehicles and telephones according to Department policy and with the approval of the concerned Bureau/Station commander is authorized.

The Peer Support Program is sanctioned by the Department; therefore, an injury sustained while conducting support sessions may be reviewed as an "on-duty" incident by the Department for purposes of Worker's Compensation.

Peer support personnel shall notify the Program Coordinator when they respond to or return from a support session.

Sick Leave

1016.1 PURPOSE AND SCOPE

This policy provides general guidance regarding the use and processing of sick leave. The accrual and terms of use of sick leave for eligible employees are detailed in the applicable memorandum of understanding.

This policy is not intended to cover all types of sick or other leaves. For example, employees may be entitled to additional paid or unpaid leave for certain family and medical reasons as provided for in the Family and Medical Leave Act (FMLA) (29 USC § 2601 et seq.), the California Family Rights Act, leave for victims of crime or abuse, or for organ or bone marrow donor procedures (29 CFR 825; Government Code § 12945.2; Labor Code § 230.1; Labor Code § 1510).

1016.2 POLICY

It is the policy of the Riverside County Sheriff's Department to provide eligible employees with a sick leave benefit for use when the employee or a qualifying family member is sick, or when other specified criteria is met.

1016.3 USE OF SICK LEAVE

Sick leave is intended to be used either when an employee or qualifying family member is sick or as permitted by law. It is not intended to be used like vacation which requires advanced approval. Using sick leave when an employee does not qualify to use it is referred to as abuse of sick leave. Abuse of sick leave may result in discipline, denial of sick leave benefits, or both.

Employees using sick leave are required to act consistent with the use. For example, employees using sick for their own injury or illness should not act in a manner that may impede recovery from the injury or illness. If the employee is using sick leave to care for a qualifying family member, it is expected that the employee act consistent with that use.

1016.3.1 NOTIFICATION FORESEEABLE SICK LEAVE

To maintain orderly operations, employees must give their immediate supervisor reasonable advanced notice to use or request sick leave. If the use of sick leave is foreseeable (i.e., the employees know the day before or earlier that they will be out of work on sick leave), the employees shall provide written notice in the form of an email, or verbal notice (which can be a telephone call) to their immediate supervisor of the need for the leave as soon as practical (Labor Code 246(m)) but no later than the day before the sick leave will be used. If an email is sent, the employee should wait to receive a responsive email from that supervisor authorizing the request for sick leave. If no response is received within 24 hours, the employees should follow the process for NOTIFICATION OF UNFORESEEABLE SICK LEAVE or provide reasons why they could not do so. A request for the use of foreseeable sick leave will only be denied when there is a compelling

Sick Leave

departmental reason to do so, or when the use of sick leave is not allowable by policy or MOU based upon the circumstances outlined by the employee. Failure to advise of the use of sick leave (for unforeseeable leave) or request sick leave (if leave is foreseeable) as required by this policy without good reason, may result in the employee being treated as absent without leave and the loss of compensation for that day.

When the necessity to be absent from work is foreseeable, such as planned medical appointments or treatments, the member shall, whenever possible and practicable, provide the department with reasonable advanced notice of the impending absence (Labor Code § 246).

Upon returning to work, members are responsible for ensuring their time off is appropriately accounted for, and for completing and submitting the required documentation describing the type of time off used and the specific amount of time taken.

UNFORESEEABLE SICK LEAVE

If the use of sick leave is unforeseeable (i.e., the employee does not know the day before or earlier that he/she will be out of work on sick leave), the process to use sick leave is as follows:

The employees (unless their circumstance prevent calling themselves) shall first call their direct supervisor to inform them that they need to be absent from work on sick leave. If the employee is unable to make verbal contact and acknowledgement with their direct supervisor, then they shall immediately call the Watch Commander working at the same station, facility or bureau to inform them that they need to be absent from work on sick leave. If the employee cannot reach the Watch Commander, the employee shall call dispatch (or Central Control for Corrections personnel) to make notification.

All employees should notify the appropriate supervisor as soon as they are aware that they will not be able to report to work but preferably no less than one hour before the start of their scheduled shift. If, due to an emergency, an employee is unable to contact the supervisor, every effort should be made to have a representative for the employee member contact the supervisor (Labor Code § 246).

If the employee is required to be absent on sick leave for more than one day, the employee must keep the immediate supervisor informed as to the date the employee expects to return to work and the type of leave being used. Failure to advise of the use of sick leave (for unforeseeable leave) or request sick leave (if leave is foreseeable) as required by this policy without good reason, may result in the employee being treated as absent without leave and losing compensation for that day.

Sick Leave

1016.3.2 NOTIFICATION REQUIREMENTS

The following information shall be provided when making either type of sick leave notification.

1. The caller will tell the supervisor the following details:
 - (a) Employee name
 - (b) Type of sick leave needed (self, family, FMLA/CFRA)
 - (c) If leave time is due to a sick family member then the relationship between the employee and family member (e.g., spouse, daughter, son).
2. Supervisors receiving employee sick leave notices shall, prior to the end of their shift, document the employee's use of sick leave in Workforce Management Plus as follows:
 - (a) Submit a leave request for the shift hours reported by the employee
 - (b) Select the applicable leave type from the list (e.g. Sick, Sick, CFRA, Sick Leave FMLA, Sick Military Caregiver, and Sick PDL).
 - (c) Enter the required leave related information in the Leave Note area (e.g. self, spouse, daughter, son or other relation as permitted by the employee's MOU or the law).
 - (d) Submit the leave request
 - (e) Approve the leave request

1016.4 MISUSING SICK LEAVE – USE OF DOCUMENTS

Department personnel shall use sick leave for its permitted and intended purposes and not use any documents (either created by themselves or a third party) to support the use of sick leave that is not authorized.

1016.5 DOCUMENTATION

Employees who are absent from duty are required to document this absence on their Riverside County Sheriff's Department Payroll Activity Report (Form 344). The sick leave will be documented on the Form 344 as per the Form 344 guidelines.

1016.6 SUPERVISOR RESPONSIBILITIES

The responsibilities of supervisors include, but are not limited to:

1. Monitoring and regularly reviewing the attendance of those under their command to ensure that the use of sick leave and absences is consistent with this policy and if it is not, letting the employee know that use is not consistent with policy.
2. Addressing sick leave use (except for leave which is authorized by law) in the member's performance evaluation when excessive or misused as follows:
 - (a) If it has negatively affected the member's performance or ability to complete assigned duties.
 - (b) If it has negatively affected department operations, e.g., late reports, late payroll, poor attendance at team operations or department training.

Sick Leave

- (c) If sick leave appears to be abused (i.e., used for a purpose not authorized), it shall be referenced in the performance evaluation but could also form the basis for corrective action, including discipline.
- 3. Counseling or disciplining employees regarding excessive absences and/or unauthorized use of sick leave.
- 4. Referring eligible members to an available employee assistance program when appropriate.

1016.6.1 SICK LEAVE USE - NOTIFICATION LETTERS

A supervisor, after having identified a concerning pattern or rate of sick leave use, may issue a series of sick leave letters intended to bring the matter to the employee's attention, to prevent further abuse, and to improve department operations through improved employee attendance. The issuance of any sick leave letter shall be in accordance with the current MOU affecting the employee. Employees shall have 30 days to submit a written response to any sick leave letter placed into their Interim file (I-file).

In general, such letters are issued as follows:

- 1. First letter - A supervisor may issue the first letter to simply notify an employee of a concerning pattern of sick leave absences. These absences could be as described in section 1016.6 (paragraph 2: a - c). This letter simply advises the employee of the excessive use and encourages improvement.
- 2. Second Letter - If substantial improvement is not demonstrated within a reasonable time (usually within six months), a supervisor may issue a second letter that requires the employee to, upon their return to work, produce a medical certification note following any use of personal sick leave. An employee shall be removed from this requirement if the next use audit demonstrates a substantial improvement.
- 3. Third Letter - A supervisor shall issue an employee a third sick leave letter notifying them when improvement has been achieved, and relieving them of the requirement to provide a medical certification.
 - (a) If no substantial improvement has occurred, then this letter will notify the employee of their continued requirement to provide medical certification.

1016.6.2 OVERTIME EXCLUSION

Commanders or their designee shall be responsible for maintaining an overtime exclusion list. Any employee who has been issued a second sick leave letter shall be placed on the overtime exclusion list and be prohibited from working voluntary overtime in any capacity, whether in their current assignment, at special events, grant operations, or green sheet time. These employees may still be ordered to work extended-shift overtime or be called in during critical needs of the department.

Commanders or their designee shall reevaluate the status of those listed in six-month intervals after their placement on the list. If, the listed employee's management of sick leave has improved to the satisfaction of their Commander or designee they shall be removed from the exclusion list and their ability to work voluntary overtime restored.

1016.7 MEMORANDUM OF UNDERSTANDING

If any provision of the Terms and Conditions of Employment between the County and any given bargaining unit, or a subsequently entered Memorandum of Understanding (MOU) between the County and any given bargaining unit, conflicts with this policy, the applicable Memorandum of Understanding shall apply.

Protected Medical Leaves (aka FMLA and Kin Care)

1018.1 PURPOSE AND SCOPE

The purpose of this policy is to provide all personnel including bureau commanders, station supervisors, accounting representatives, station/facility designees and general staff with the necessary information to comply with federal and state leave laws as governed by the Family and Medical Leave Act (FMLA), California Family Rights Act (CFRA), California Pregnancy Disability Leave Law (PDL), and Kin Care Leave. This policy outlines basic procedures and resources to assist you in properly managing these leave types.

Commanders shall assign two non-supervisor/manager staff as a primary and a back-up designee. They are encouraged to assign payroll and administrative staff to this role. The designees will work directly with the employee, supervisor, accounting representatives, Sheriff's Payroll Leave Team and the Sheriff's Leave Administrator. Designees and Department staff involved in the processing of an employee's FMLA/CFRA/PDL paperwork shall ensure that all medical information contained therein remains confidential.

Applicable leave forms and information sheets referenced in this policy are available on the County of Riverside's [HRWebsite](#). Reviewing this website frequently is encouraged as periodic changes to leave laws may necessitate changes to the following procedures.

1018.2 BACKGROUND

Family and Medical Leave Act (FMLA)

FMLA requires employers to provide up to 12 weeks or 480 hours (within a 12-month period) of unpaid, job-protected leave to full-time eligible employees for certain qualifying family and medical reasons. Qualifying reasons include a serious health condition of the employee or qualifying family member, as well as bonding with a newborn child or a child placed in the family for foster care or adoption. FMLA time for part-time, temporary, seasonal and per-diem eligible employees would be prorated based on the number of hours worked. The County requires the use of leave accruals (e.g., sick or vacation) while on FMLA leave time. Please refer to the County Use of Accruals chart for exceptions and further details regarding Paid Family and Medical Leave.

Provisions under FMLA also include Qualifying Exigency Leave whereby eligible employees may take up to 12 weeks of FMLA time for any "qualifying exigency" arising out of a qualifying family member (spouse, registered domestic partner, child, or parent) in the National Guard, Reserve, or regular component of the Armed Forces being called to covered active duty involving deployment to a foreign country.

Military Caregiver Leave provides eligible employees up to 26 weeks of unpaid, job-protected leave time during a single 12-month period to care for a covered service family member (spouse, child, parent, or next of kin) who has incurred a serious injury or illness. The serious illness or injury must have been sustained or aggravated in the course of duty while on active duty. Military

Protected Medical Leaves (aka FMLA and Kin Care)

Caregiver Leave provisions also include care for a veteran family member (spouse, child, parent, or next of kin) who is undergoing medical treatment, recuperation, or therapy for a serious injury or illness incurred or aggravated in the line of duty while on active military duty within the previous five (5) years.

It is important to note that it is the employer's prerogative to designate an absence as FMLA leave if there is reason to believe the absence qualifies, regardless of the employee's preference.

Kin Care Leave

Kin Care Leave is a protected leave status. Under current law, employees do not have to be legally responsible for family members in order to be covered. The definition of family member includes the following:

- Self
- Spouse
- Registered Domestic Partner
- Child: Biological, adopted, child of domestic partner, foster, step, legal ward or in loco parentis (in place of parent)
- Parent: Biological, adoptive, foster, step, legal guardian, parent-in-law, domestic parent- in-law, or in loco parentis when affected employee was a minor
- Grandparent
- Grandchild
- Sibling
- Designated person
 - A "designated person" is a person identified by the employee at the time the employee requests paid sick leave.
 - Only one designated person will be allowed per 12-month period.

California's Kin Care law requires employees the responsibility to designate their Kin Care Leave utilizing the newly created Sick Kin Care code SCKK (or SCKKF for those on FMLA/CFRA/PDL). Employees are allowed to use up to one-half of their annual sick leave accrual within a calendar year for covered events. For example, an employee who accrues 104 hours of accrued sick leave per year would be permitted to utilize 52 hours of leave within a calendar year.

Note: Some Memorandums of Understanding (MOUs) with the County of Riverside do not limit the amount of accrued sick leave usage for family members. Consequently, Sheriff's Department employees should review their respective bargaining unit's MOU for specific information related to their classification and the amount of annual sick leave that can be used.

The sick/annual leave must have already been accrued at the time of the employee's absence and may be used for the following purposes:

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Protected Medical Leaves (aka FMLA and Kin Care)

- Diagnosis, care, or treatment of an existing health condition of, or preventative care for, the employee, or the employee's qualifying family member
- For an employee who is the victim of domestic violence, sexual assault, or stalking

The Department may not deny employees their right to use sick leave under these regulations. The Department must also not discharge, threaten to discharge, discipline, or in any manner discriminate/retaliate against employees for using or attempting to use Kin Care Leave. Leave taken in accordance with this Labor Code section is considered "protected leave." This law does not preclude the Department from managing an employee's attendance where it is suspected that sick or annual leave is being abused. Commanders should contact the Sheriff's Leave Administrator prior to initiating any sick leave abuse letters related to Kin Care Leave.

Kin Care Leave may run concurrently with FMLA/CFRA and/or other legally protected leave. Employees requesting to use Kin Care Leave shall reference KIN CARE leave when making their requests in Workforce Management Plus and need to refer to this policy's sick leave guidelines. Kin Care Leave usage will be tracked by the employee's station. Employees are responsible for providing a justification when requesting Kin Care Leave. Two examples are: Kin Care (type of family member) or Kin Care-Confidential (when sensitive).

Family School Partnership Act

Child-Related Activities Leave Law, Labor Code sections 230.8, currently requires the Department to allow an employee to take off up to 40 hours of leave per year for "child-related activities" if the employee is a parent with one or more children attending kindergarten through 12th grade, or is at a licensed child care provider. Child-related activities include:

- Respond to address a childcare provider or school emergency
- Participate in activities of the school or licensed childcare provider of his or her child
- Finding, enrolling, or re-enrolling a child in a school or with a licensed childcare provider
- Leave to address a childcare provider or school emergency, including a request that the child be picked up from school/childcare, behavioral/discipline problems, closure or unexpected unavailability of the school (excluding planned holidays), or a natural disaster
- A parent is now defined to include a parent, guardian, stepparent, foster parent, or grandparent of, or a person who stands in loco parentis to, a child

Employees shall give reasonable notice to the Department prior to the planned absence. If more than one parent of the child is employed by the Department and at the same Bureau, Station or Facility, the parent who first gives notice is considered eligible; however, supervisory consideration should be given to each and every parent.

Department employees are allowed to take up to 40 hours per year of leave of this type. Except for the need to address a childcare provider or school emergency, the use of such leave can be limited to 8 hours per month. The Department may require employees who use this leave to utilize

any available vacation, comp-time, or other personal leave for any such absences related to child-related activities. Use of sick leave is not permissible.

This leave will also be tracked by the Station/Bureau Accounting Unit. Employees are responsible for providing an acceptable justification for leave used in this manner such as school related activity for a child.

California Family Rights Act (CFRA)

CFRA is a California state law that provides eligible employees up to 12 weeks of unpaid, job-protected leave time to care for their own serious health condition for the following family members:

- Self
- Spouse
- Registered Domestic Partner
- Child (Regardless of age and dependency status): Biological, adopted, child of domestic partner, foster, step, legal ward or in loco parentis (in place of parent)
- Parent: Biological, adoptive, foster, step, legal guardian, parent-in-law, domestic parent-in-law, or in loco parentis when affected employee was a minor
- Grandparent
- Grandchild
- Sibling
- Designated person
 - A "designated person" means any individual related by blood or whose association with the employee is the equivalent of a family relationship (e.g. cousin, aunt, uncle, fiancé, pregnant girlfriend, etc.). The designated person must be identified by the employee at the time the employee requests paid sick leave.
 - Only one designated person will be allowed per 12-month period.

Leave time requested to care for and bond with a newborn or adopted child or to provide foster care placement of a child is also protected under CFRA. Bonding time must be taken within a year of the birth, adoption, or foster care placement. Eligible parents who are both employed by the department, regardless of marital status, are each entitled up to 12-weeks of child bonding leave.

CFRA time for part-time, temporary, seasonal and per-diem eligible employees would be prorated based on the number of hours worked. Depending on the employee's qualifying family or medical reason to be off work, CFRA and FMLA leave time can run concurrently, and the County's practice is to run leaves concurrently whenever possible. The County requires the use of leave accruals (e.g., sick or vacation) while on protected leave time. Please refer to the County Use of Accruals chart for exceptions and further details regarding Paid Family and Medical Leave.

Protected Medical Leaves (aka FMLA and Kin Care)

It is important to note that it is the employer's prerogative to designate an absence as CFRA leave if there is reason to believe the absence qualifies, regardless of the employee's preference.

California Pregnancy Disability Leave (PDL)

PDL provides eligible employees up to four (4) months of unpaid and job-protected leave due to pregnancy-related conditions (e.g., prenatal care, severe morning sickness, doctor-ordered bed rest, childbirth, recovery from childbirth, or any related medical condition). PDL time for part-time, temporary, seasonal and per-diem eligible employees would be prorated based on the number of hours worked. If an employee is also eligible for FMLA, PDL and FMLA will run concurrently; however, CFRA cannot run concurrently with PDL.

Reasons for Leave Time

- Employee's own serious health condition, including disability due to pregnancy or childbirth, and prenatal care (review Important Information for Health Care Provider for definition of serious health condition)
- Birth or care of a newborn child; placement of adopted child or care of a child newly placed in foster care
- Care of a family member (child, spouse, registered domestic partner, child of registered domestic partner, parent) with a serious health condition
- Care of a family member (child, spouse, parent, or next of kin) who has incurred or exacerbated a serious injury or illness while on active military duty within the past five years
- Qualifying exigency arising out of the fact that an employee's family member (child, spouse, or parent) is being called to covered active duty in the Armed Forces that involves deployment to a foreign country

Complete and return required forms to the Station/Facility designee within 15 calendar days of the effective date of the requested leave time. If additional time is required to complete the necessary paperwork, it is the employee's responsibility to request it from the Station/Facility designee. If you are taking intermittent leave you must notify your Department when you call in that the leave is being taken under FMLA, CFRA, and/or PDL. Additionally, you must contact your supervisor when there is a change in the circumstances of your leave and for other required information.

1018.4.5 PRIOR TO RETURNING TO WORK

The employee must provide a doctor's release authorization to their supervisor before returning to work either before or at the end of their designated FMLA/CFRA/PDL leave time. The authorization must indicate if the employee is returning to work at full capacity or with work restrictions. If work restrictions are noted, the employee must receive approval from the Department prior to returning to work.

Upon request from the employee, an extension may be granted in situations when despite an employee's diligent good faith efforts, he/she is not able to attain the required information to complete leave forms within the 15-day time frame. Contact Sheriff's Payroll Leave Team at SHFPayroll@riversidesheriff.org as soon as possible to request an extension and ensure that a Notice of Eligibility and Rights & Responsibilities is provided to the employee within five (5) business days (absent extenuating circumstances) following the notification for leave. 1018.6 SHERIFF PAYROLL DEPARTMENT REPRESENTATIVE RESPONSIBILITIES

1018.6.1 VERIFY ELIGIBILITY

Only Sheriff's Payroll Leave Team is authorized to verify that eligibility requirements are met. Upon receipt of an employee's Leave Information Packet, or notification of their need for protected leave, the Sheriff's Payroll Leave Team will review the leave forms for completeness and ensure receipt of necessary certification forms. The Notice of Eligibility and Rights & Responsibilities must be provided to the employee within five (5) business days (absent extenuating circumstances) following an employee's request for leave that may be covered under FMLA/CFRA/PDL or from

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)

Protected Medical Leaves (aka FMLA and Kin Care)

when the Department learns that the purpose of the leave taken qualifies as protected leave. When completing the Notice of Eligibility and Rights & Responsibilities, Sheriff's Payroll Leave Team will state whether or not the employee is eligible for leave. If the employee is not eligible (e.g., For FMLA, employee has not worked 1250 hours in the previous 12 months, counting back from the date the leave is to begin), a reason for ineligibility will be provided along with Leave of Absence (LOA) information instructions.

1018.6.2 DESIGNATE THE TYPE OF LEAVE(S)

After completing the above, the Sheriff's Payroll Leave Team must provide a Designation Notice to the employee within five (5) business days (absent extenuating circumstances) after the Department has received enough information to determine if the leave qualifies. If additional time is required to determine if the leave qualifies, it may be designated at a later date, as long as the employee is not harmed. Additionally, FMLA may be designated if there is reason to believe the absence qualifies, regardless of the employee's preference. Contact Sheriff's Payroll Leave Team if there are questions about an employee's leave designation and eligibility.

1018.6.3 INFORM STATION/FACILITY DESIGNEE AND SUPERVISOR

When an employee's leave time has been designated, inform the Station/Facility designee and supervisor of the employee's designated leave timeframes for their timesheet reporting purposes.

1018.7 SUPERVISOR'S RESPONSIBILITIES

1018.7.1 MAINTAIN ACCURATE TIMEKEEPING

Supervisor's must ensure that the employee's leave time is accurately recorded on their time sheet based on the code(s) provided by Sheriff's Payroll Leave Team. Check Time Reporting Codes (TRC) on their time sheet or refer to the Use of Accruals for Family and Medical Leave Chart, which can be accessed via the [HR Website](#) as previously noted.

Place the Employee on long-term leave in Workforce Management Plus at the beginning of the leave for the expected duration of their leave. Please use the following Workforce Management Plus templates:

- Template # 24 for 80-hour employees
- Template # 1705 for 84-hour employees

1018.7.2 COMPLY WITH THE LAW

Supervisors must comply with the law by allowing employees to take protected leave time and by refraining from discriminating or retaliating against employees for using FMLA/CFRA/PDL.

1018.7.3 MAINTAIN EMPLOYEE'S POSITION

The Department is required to reinstate an employee to the same or equivalent position upon return from FMLA/CFRA/PDL/KinCare leave. If you have any questions about this process contact the Sheriff's Leave Administrator.

1018.7.4 MAINTAIN COMMUNICATION WITH THE STATION/FACILITY DESIGNEE

Keep the Station/Facility Designee and the Sheriff's Payroll Leave Team informed of any changes to an employee's leave time. Communicating vital information is necessary to ensure compliance and accuracy of documentation provided to the employee.

1018.7.5 EXHAUSTION OF PROTECTED LEAVE TIME (FMLA/CFRA/PDL)

Once the Sheriff's Payroll Leave Team sends the exhaust letter of protected leave to the employee, the supervisor must work with the employee to obtain a doctor's release to return to work. If an employee is not able to return to work without restrictions at the end of their FMLA/CFRA/PDL leave time, the employee will need to submit an Official Leave of Absence (LOA) Request form. Leave of Absence requests must be submitted at least five (5) days prior to the exhaustion of an employee's protected leave time. It is important to note that Leave of Absence Requests are not automatically approved and are evaluated based on Departmental workload and operational demands. Contact the Sheriff's Payroll Leave Team if there are questions or concerns about the Leave of Absence process.

1018.8 COUNTY RESOURCES

FMLA/CFRA/PDL training is required for all Department supervisors, managers, and designees; this training is available through the County of Riverside's Center for Government Excellence. Please view <http://thecenter.rc-hr.com/> for training schedules and class availability. As previously indicated, additional information about FMLA/CFRA/PDL is accessible online via County of Riverside's [HR Website](#). Sheriff's Payroll Leave Team representatives are also available to help answer any FMLA/CFRA/PDL questions or concerns.

1018.9 CONFIDENTIALITY

Department supervisors and designees may be privy to a variety of confidential information including personal medical information. It is the responsibility of every supervisor, manager, and designee to strictly protect the confidentiality of all employee medical information to which they may have access.

Information outlined in this Department Standards Manual is intended to be a guide with the sole purpose of providing general information about federal and state leave laws governed by the Family and Medical Leave Act (FMLA), California Family Rights Act (CFRA), California Pregnancy Disability Leave Law (PDL) and Kin Care Leave Law. These policies and practices are subject to change as there may be periodic changes to federal and state laws and/or updates in County procedures.

1018.10 PREVIOUS DEPARTMENT DIRECTIVE RESCINDED

With the adoption of DSM 1018, Department Directive #10-053 and any supplemental directives are rescinded.

Smoking and Tobacco Use

1019.1 PURPOSE AND SCOPE

This policy establishes limitations on smoking and the use of tobacco products by members and others while on-duty or while in Riverside County Sheriff's Department facilities or vehicles.

For the purposes of this policy, smoking and tobacco use includes, but is not limited to, any tobacco product, such as cigarettes, cigars, pipe tobacco, snuff, tobacco pouches and chewing tobacco whether or not they contain nicotine, as well as any electronic cigarette or personal vaporizer.

1019.2 POLICY

The Riverside County Sheriff's Department recognizes that tobacco use is a health risk and can be bothersome to others.

Smoking and tobacco use also presents an unprofessional image for the Department and its members. Therefore smoking and tobacco use is prohibited by members and visitors in all department facilities, buildings, and vehicles, and as further outlined in this policy (Government Code § 7597; Labor Code § 6404.5; RC Board Policy A-23).

1019.3 SMOKING AND TOBACCO USE

Smoking and tobacco use by members is prohibited anytime members are in public view representing the Riverside County Sheriff's Department.

Smoking and tobacco use by members is prohibited in and around county owned or operated buildings and structures, except in marked exterior smoking areas.

Smoking and tobacco use by members is prohibited in all county vehicles and vehicles owned or operated by a contract city.

It shall be the responsibility of each supervisor to ensure that no person under their supervision smokes or uses any tobacco product inside County facilities and vehicles.

1019.4 ADDITIONAL PROHIBITIONS

No person shall use tobacco products within 20 feet of a main entrance, exit, or operable window of any public building (including any department facility), or buildings on the campuses of the University of California, California State University, and California community colleges, whether present for training, enforcement, or any other purpose (Government Code § 7596 et seq.).

1019.4.1 NOTICE

The Sheriff or the authorized designee should ensure that proper signage is posted at each entrance to the Department facility (Labor Code § 6404.5).

Seat Belts

1022.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of seat belts and child restraints. This policy will apply to all members operating or riding in county vehicles (Vehicle Code § 27315.5), and when on-duty in a privately owned vehicle.

1022.1.1 DEFINITIONS

Definitions related to this policy include:

Child restraint system - An infant or child passenger restraint system that meets Federal Motor Vehicle Safety Standards (FMVSS) and Regulations set forth in 49 CFR 571.213.

1022.2 WEARING OF SAFETY RESTRAINTS

All members shall wear properly adjusted safety restraints when operating or riding in a seat equipped with restraints, in any vehicle owned, leased or rented by this department while on or off-duty, or in any privately owned vehicle while on-duty. The member driving such a vehicle shall ensure that all other occupants, including arrestees and civilians, are also properly restrained.

Exceptions to the requirement to wear safety restraints may be made when wearing a seat belt would endanger the member or the public. Members must be prepared to provide reasonable and plausible justification for any deviation from the requirements to wear a seat belt.

1022.3 POLICY

It is the policy of the department that members use safety and child restraint systems to reduce the possibility of death or injury in a motor vehicle collision.

1022.4 TRANSPORTING CHILDREN

Children under the age of 8 shall be transported in compliance with California's child restraint system requirements (Vehicle Code § 27360; Vehicle Code § 27363).

Rear seat passengers in a cage-equipped vehicle may have reduced clearance, which requires careful seating and positioning of seat belts. Due to this reduced clearance, and if permitted by law, children and any child restraint system may be secured in the front seat of such vehicles provided this positioning meets federal safety standards and the vehicle and child restraint system manufacturer's design and use recommendations. In the event that a child is transported in the front seat of a vehicle, the seat should be pushed back as far as possible and the passenger-side airbag should be deactivated. If this is not possible, members should arrange alternate transportation when feasible. A child shall not be transported in a rear-facing child restraint system in the front seat in a vehicle that is equipped with an active frontal passenger airbag (Vehicle Code § 27363).

1022.5 VEHICLES MANUFACTURED WITHOUT SEAT BELTS

Vehicles manufactured and certified for use without seat belts or other restraint systems are subject to the manufacturer's operator requirements for safe use.

1022.6 VEHICLE AIRBAGS

In all vehicles equipped with airbag restraint systems, the system will not be tampered with or deactivated, except when transporting children as written elsewhere in this policy. All equipment installed in vehicles equipped with airbags will be installed as per the vehicle manufacturer specifications to avoid the danger of interfering with the effective deployment of the airbag device.

Soft Body Armor

1024.1 PURPOSE AND SCOPE

Practical safety measures shall be used to reduce the risks and hazards associated with law enforcement. The Riverside County Sheriff's Department provides soft body armor for uniformed personnel in an effort to improve safety. Issued soft body armor remains the property of the Riverside County Sheriff's Department and shall be returned upon separation of service.

1024.2 SOFT BODY ARMOR

Soft body armor vests are issued to all sworn personnel because they have been shown to be effective in reducing deaths and serious injuries.

1024.2.1 USE OF SOFT BODY ARMOR

All armed uniform and plain clothed personnel shall wear soft body armor while conducting enforcement activity.

Soft body armor shall be worn while conducting Department qualifications. Soft body armor shall be worn while conducting additional firearms training unless the training syllabus calls for the removal of body armor for specific skills training.

Members of the Department's Pistol Team are exempt from wearing soft body armor during practice or any other sanctioned event.

Soft body armor must be either Department issued or Department approved.

Department members, in accordance with manufacturer recommendations, are responsible for the care, cleanliness, and maintenance of issued soft body armor. Department members are also responsible for monitoring the expiration date of their soft body armor and shall request replacement before expiration.

In the interest of safety, all sworn and classified personnel assigned to the Field Operations Division, Corrections Division Transportation Bureau, and Court Services Division will be required to wear the soft body armor issued to them during their duty hours. In the event an employee is assigned to the Special Investigations Bureau or a station assignment in one of the above listed divisions, the mandatory wear policy will apply during all search warrants and arrest warrants involving suspects. Those persons assigned to special teams will be required to wear their issued soft body armor during any part of their tour of duty involving enforcement activities and during search/arrest warrants, unless working in an undercover capacity.

Hard Body Armor (Rifle Plates)

1025.1 PURPOSE

The Department is authorizing personnel the option to utilize an additional level of protective gear during unusual tactical incidents, in the form of hard body armor. This policy outlines the use and deployment of hard body armor, commonly known as rifle plates, for Department use outside of SWAT operations. Carriers (vests) carrying rifle plates have been found to provide a higher level of protection against high-velocity rifle fire. In an effort to provide better protection against high-velocity rifle fire, the Department has approved specific rifle plates and carriers for both future issue and immediate individual employee purchase at their discretion. This authorization is effective immediately for use in the specific instances outlined herein.

1025.2 DEPLOYMENT

Department or employee owned rifle plate carriers may be deployed under the following circumstances:

- (a) Rifle plate carriers are **only** to be donned during situations when the department member reasonably believes the current threat of high-velocity firearms or large caliber weapons exists. They add additional weight and detract from deputy mobility.
- (b) Rifle plate carriers shall **not** be worn as a convenience, for ammunition supply and/or in place of soft body armor. They are an additional layer of protective equipment for use during certain unusual circumstances, like active-shooter incidents.
- (c) Department members who utilize a load-bearing vest (LBV) during their duties are authorized to add the ability for the vest to accept hard body armor to the LBV in these same unusual circumstances as above. The LBV must have an interior pocket/pouch to accommodate the hard body armor providing the most protection during these same unusual circumstances.

At the conclusion of any incident, or if the situation has been stabilized and there are no threats to law enforcement or innocent civilians, the carriers should be removed. This is not applicable if personnel were involved in a critical incident (i.e. officer involved shooting) and personnel need to maintain their uniform for investigative purposes.

1025.3 RESEARCH AND RECOMMENDATION

Rifle plates/hard body armor come in a variety of sizes, shapes, weights, and materials. The National Institute of Justice (NIJ) develops standards, specifications and ratings for body armor. Current NIJ standards were last published in July of 2008, outlining the 2006 standard known as the NIJ 0101.06 standard. For further information, refer to the NIJ July 2008 report

<https://www.ncjrs.gov/pdffiles1/nij/223054.pdf>

Threat levels are rated by the NIJ and are based on the type and caliber of ammunition the rifle plate is rated to resist. The higher the rating, the higher threat level the rifle plate will resist.

Hard Body Armor (Rifle Plates)

The Department has approved the use of rifle plates with a minimum Level III or greater, NIJ 0101.06 standards, “stand-alone” rating in approved rifle plate carriers. The term “stand-alone” rating means the plates themselves will resist up to .30 caliber armor piercing ammunition without or in conjunction with the use of soft body armor. Plate materials range from steel, ceramic, or ultra-light polyethylene.

1025.3.1 HARD ARMOR LABELING

Hard Armor Labeling – Pursuant to NIJ standards, all armor will be labeled with the following information:

All manufacturers which meet or exceed the above NIJ standard rating may be purchased for use and deployment in an authorized rifle plate carrier.

Rifle Plate Carrier – The carrier shall be from one of the following approved manufacturers; Paraclete (Point Blank), 5.11, First Spear, and Condor. Those personnel seeking to utilize an alternate carrier manufacturer shall submit a memorandum to the BCTC Firearms Unit Lieutenant seeking approval to purchase and deploy. The BCTC Firearms Unit Lieutenant will review and consider approval based on quality of product, function and overall appearance, while keeping a standard of continuity for the deployment of rifle plate carriers. Due to rapid changes in technology, the Department may revisit equipment manufacturers as it sees fit. The carrier shall be outfitted and shall meet the following mandatory standards:

- Transcripts or recordings of interviews.
- Autopsy reports.
- All materials compiled and presented for review to the District Attorney or to any person or body charged with determining whether to file criminal charges against a deputy in connection with an incident, whether the deputy's action was consistent with law and

department policy for purposes of discipline or administrative action, or what discipline to impose or corrective action to take.

- Documents setting forth findings or recommending findings.
- Copies of disciplinary records relating to the incident, including any letters of intent to impose discipline, any documents reflecting modifications of discipline due to the *Skelly* or grievance process, and letters indicating final imposition of discipline or other documentation reflecting implementation of corrective action.

Unless a record or information is confidential or qualifies for delayed disclosure as provided by Penal Code § 832.7(b)(8) or other law, the following records (hereinafter qualifying records) shall be made available for public inspection no later than 45 days from the date of a request (Penal Code § 832.7(b)(1)):

- (a) Records relating to the report, investigation, or findings of:
 - 1. The discharge of a firearm at another person by a deputy.
 - 2. The use of force against a person resulting in death or in great bodily injury (as defined by Penal Code § 243(f)(4)) by a deputy.
 - 3. A sustained finding involving a complaint that alleges unreasonable or excessive force.
 - 4. A sustained finding that a deputy failed to intervene against another deputy using force that is clearly unreasonable or excessive.
- (b) Records relating to an incident where a sustained finding was made by the department or oversight agency regarding:
 - 1. A deputy engaged in sexual assault of a member of the public (as defined by Penal Code § 832.7(b)).
 - 2. Dishonesty by a deputy relating to the reporting, investigation, or prosecution of a crime, or directly relating to the reporting of, or investigation of misconduct by, another deputy, including but not limited to any false statements, filing false reports, destruction, falsifying, or concealing of evidence, or perjury.
 - 3. A deputy engaged in conduct including but not limited to verbal statements, writings, online posts, recordings, and gestures involving prejudice or discrimination against a person on the basis of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, sexual orientation, or military and veteran status.
 - 4. A deputy made an unlawful arrest or conducted an unlawful search.

Qualifying records will be made available regardless of whether the deputy resigns before the department or an oversight agency concludes its investigation (Penal Code § 832.7(b)(3)).

A record from a separate and prior investigation or assessment of a separate incident shall not be released unless it is independently subject to disclosure (Penal Code § 832.7(b)(4)).

When an investigation involves multiple deputies, the department shall not release information about allegations of misconduct or the analysis or disposition of an investigation of a deputy unless it relates to a sustained finding of a qualified allegation as provided by Penal Code § 832.7(b)(5). However, factual information about the action of the deputy during an incident or the statements of a deputy shall be released if the statements are relevant to a finding of the qualified allegation against another deputy that is subject to release (Penal Code § 832.7(b)(5)).

1026.9.1 REDACTION

The Custodian of Records, in consultation with the Sheriff or authorized designee, shall redact the following portions of qualifying records made available for release (Penal Code § 832.7(b)(6)):

- (a) Personal data or information (e.g., home address, telephone number, identities of family members) other than the names and work-related information of deputies.
- (b) Information that would compromise the anonymity of whistleblowers, complainants, victims, and witnesses.
- (c) Confidential medical, financial, or other information where disclosure is prohibited by federal law or would cause an unwarranted invasion of personal privacy that clearly outweighs the strong public interest in records about possible misconduct and use of force.
- (d) Where there is a specific, articulable, and particularized reason to believe that disclosure of the record would pose a significant danger to the physical safety of the deputy or another person.

Additionally, a record may be redacted, including redacting personal identifying information, where, on the facts of the particular case, the public interest served by not disclosing the information clearly outweighs the public interest served by disclosing it (Penal Code § 832.7(b)(7)).

1026.9.2 DELAY OF RELEASE

Unless otherwise directed by the Sheriff, the Custodian of Records should consult with a supervisor familiar with the underlying investigation to determine whether to delay disclosure of qualifying records due to any of the following conditions (Penal Code § 832.7):

- (a) Active criminal investigations
 - 1. Disclosure may be delayed 60 days from the date the misconduct or use of force occurred or until the District Attorney determines whether to file criminal charges, whichever occurs sooner.
 - 2. After the initial 60 days, delay of disclosure may be continued if the disclosure could reasonably be expected to interfere with a criminal enforcement proceeding against a deputy or against someone other than a deputy who engaged in misconduct or used the force.
- (b) Filed criminal charges
 - 1. When charges are filed related to an incident in which misconduct occurred or force was used, disclosure may be delayed until a verdict on those charges is

returned at trial or, if a plea of guilty or no contest is entered, the time to withdraw the plea has passed.

(c) Administrative investigations

1. Disclosure may be delayed until:

- (a) There is a determination from the investigation whether the misconduct or use of force violated law or department policy, but no longer than 180 days after the date of the department's discovery of the misconduct or use of force or allegation of misconduct or use of force.

1026.9.3 NOTICE OF DELAY OF RECORDS

When there is justification for delay of disclosure of qualifying records, the Custodian of Records shall provide written notice of the reason for any delay to a requester as follows (Penal Code § 832.7):

- (a) Provide the specific basis for the determination that the interest in delaying disclosure clearly outweighs the public interest in disclosure. The notice shall also include the estimated date for the disclosure of the withheld information.
- (b) When delay is continued beyond the initial 60 days because of criminal enforcement proceedings against anyone, at 180-day intervals provide the specific basis that disclosure could reasonably be expected to interfere with a criminal enforcement proceeding and the estimated date for disclosure.
1. Information withheld shall be disclosed when the specific basis for withholding the information is resolved, the investigation or proceeding is no longer active, or no later than 18 months after the date of the incident, whichever occurs sooner, unless:
- (a) When the criminal proceeding is against someone other than a deputy and there are extraordinary circumstances to warrant a continued delay due to the ongoing criminal investigation or proceeding, then the department must show by clear and convincing evidence that the interest in preventing prejudice to the active and ongoing criminal investigation or proceeding outweighs the public interest for prompt disclosure of records about misconduct or use of force by deputies.

In cases where an action to compel disclosure is brought pursuant to Government Code § 7923.000, the department may justify delay by filing an application to seal the basis for withholding if disclosure of the written basis itself would impact a privilege or compromise a pending investigation (Penal Code § 832.7(b)(8)).

1026.10 MEMBERS' ACCESS TO THEIR PERSONNEL RECORDS

Any member may request access to the member's own personnel records during the normal business hours of those responsible for maintaining such files. Generally, requests to view or access personnel records should be made via a chain of command memorandum to their division chief deputy. Any member seeking the removal of any item from the member's personnel records shall file a written request to the Sheriff through the chain of command. The department shall

remove any such item if appropriate, or within 30 days provide the member with a written explanation of why the contested item will not be removed. If the contested item is not removed from the file, the member's request and the written response from the department shall be retained with the contested item in the member's corresponding personnel record (Government Code § 3306.5).

Members may be restricted from accessing files containing any of the following information:

- (a) An ongoing Internal Affairs investigation to the extent that it could jeopardize or compromise the investigation pending final disposition or notice to the member of the intent to discipline.
- (b) Confidential portions of Internal Affairs files that have not been sustained against the member.
- (c) Criminal investigations involving the member.
- (d) Letters of reference concerning employment/appointment, licensing, or issuance of permits regarding the member.
- (e) Any portion of a test document, except the cumulative total test score for either a section of the test document or for the entire test document.
- (f) Materials used by the department for staff management planning, including judgments or recommendations concerning future salary increases and other wage treatments, management bonus plans, promotions and job assignments, or other comments or ratings used for department planning purposes.
- (g) Information of a personal nature about a person other than the member if disclosure of the information would constitute a clearly unwarranted invasion of the other person's privacy.
- (h) Records relevant to any other pending claim between the department and the member that may be discovered in a judicial proceeding.

1026.11 RETENTION AND PURGING

Unless provided otherwise in this policy, personnel records shall be maintained in accordance with the established records retention schedule and current state and federal laws.

Transfer Requests

1028.1 PURPOSE AND SCOPE

The Department is interested in developing all personnel as broadly as possible. One way to accomplish this is through transfer of assignment. Transfers are effected for the benefit or need of the Department, career development of the employee, and/or the personal request of the employee.

The Riverside County Sheriff's Department has four major responsibilities: keep the peace through patrol operations; maintain the county jails, attend the courts; and perform coroner / public administrator functions. Each of these functions has equal importance and employees are needed at all ranks to fulfill these responsibilities.

1028.2 REQUEST FOR TRANSFER

Transfers may be requested at any time, but shall only be considered after competency in the employee's current assignment is demonstrated.

1028.2.1 ELEMENTS OF CONSIDERATION FOR TRANSFER

Transfers shall be made at the discretion of the Sheriff or designee. Considerations shall include, but are not limited to:

- Needs of the Department;
- Time in grade;
- Attrition;
- Time in assignment;
- Career advancement;
- Ability;
- Home address;
- Strengths and weaknesses;
- Personal preferences; and
- Gender (where mandated).

No precise "formula" can be applied to this guide. Transfers must be made to ensure reasonableness and Department capabilities.

1028.2.2 PROCESS FOR REQUESTING TRANSFER

A request for transfer shall be made electronically on Departmental Form 205, available on the sheriff's intranet site under "Docs and Forms/Personnel." The form is self explanatory but does require the one-time creation of a digital signature by each reviewer. The digital signature is created by following the prompts within the signature box. Once the electronic signature is affixed, the employee shall e-mail the form to their immediate supervisor for their signature. The request

Riverside County Sheriff's Department

Riverside County Sheriff's Department Standards Manual (DSM)

Transfer Requests

shall then be e-mailed to the employee's Chief Deputy who will sign the form and forward it to the Personnel Bureau for addition to the master list. A transfer request shall not be stopped or delayed for any reason without the approval of the member submitting the request.

1028.2.3 EXTRAORDINARY CIRCUMSTANCES

Employees who are experiencing a hardship or have an extraordinary reason for requesting transfer, may complete a separate memorandum addressed to their Chief Deputy via their chain of command, outlining the circumstances they wish to be considered.

1028.2.4 WITHDRAWAL OF TRANSFER REQUEST

A member may withdraw a transfer request at any time. A recall of a transfer request shall be made in writing and directed to the current Division Chief and shall follow the chain of command.

1028.2.5 EXPIRATION OF TRANSFER REQUEST

A request for transfer will be kept on file in Sheriff's Administration for one year after the date of submission. After expiration of the request, it shall be the member's responsibility to renew the request.

1028.3 PERFORMANCE EVALUATION REPORT REQUIREMENTS

Upon transfer to a new Station, an employee shall receive a Performance Evaluation Report by their prior supervisor within thirty (30) days after transfer. A copy of this report shall be sent to the new Commander. A transfer evaluation report is not required if the Department employee has received a competent Performance Evaluation Report within (120) days preceeding the transfers effective date.

Travel Regulations

1029.1 POLICY

This policy will outline Sheriff's Department and Riverside County policy related to all foreseeable aspects of employee travel. All travel reimbursements are subject to final review and approval by the Auditor-Controller's Office and fall under the guidelines of Board Policy D-1 (approved February 26, 2013) and Auditor-Controller Standard Practice Manual (SPM) #206 "Accounts Payable Policies". **All out-of-state travel must be pre-approved by the respective Chief, via the chain of command.** Travel bookings and arrangements should be made by the Sheriff's Special Orders Unit to take advantage of discount pricing. Any reservations not made by Sheriff's Special Orders require a justification memo approved by the location Commander to be attached to the reimbursement Form 14.

1029.2 MEALS

Actual cost, not to exceed \$51 per day, shall be allowed for meals related to attendance at conventions, scheduled meetings, conferences, seminars, and special assignments that **require an overnight stay**. Meals during attendance of any single day event will not be reimbursed.

1029.2.1 REIMBURSEMENT

The maximum reimbursement for meals (breakfast, lunch and dinner) is \$51 per day, inclusive of taxes and tips paid. Tips in excess of 20% of the cost of a meal will not be reimbursed. Tips made at fast food restaurants and/or convenience stores will not be reimbursed even if the meal cost is less than the maximum reimbursement rate. There is no individual meal cost limit as long as the total meal reimbursement for the day does not exceed \$51. The Auditor-Controller's policy identifies that a meal can include: one (1) non-alcoholic beverage, one (1) appetizer, one (1) entrée, and one (1) dessert. Additional justification may be required by the Auditor-Controller's Office for meals that do not fall under SPM 206.

The maximum meal reimbursement in high cost cities is \$71 per day, inclusive of taxes and tip. Per the Auditor-Controller's Office, low and high cost cities will be identified by using GSA (U.S. General Services Administration): <https://www.gsa.gov/>. The City of Sacramento is an exception to the rates posted on the GSA, as this city has been specifically approved as a high cost city by the Riverside County Board of Supervisors.

Please be aware that only the employee's portion of the meal is allowable, we do not reimburse for multiple guests. If you have a receipt with multiple guests, please indicate which portion of the receipt pertains to you and only claim that amount.

- (a) Reimbursement will only be authorized after submission of approved receipts. Receipts must include the date, restaurant name and location, the itemized meal purchased, meal amount, and the reasonable tip paid, not to exceed 20%. If not indicated on receipt, employees need to handwrite actual amount of tip paid. An un-itemized restaurant receipt will be accepted only if the restaurant does not provide an itemized receipt. A memo must be attached explaining the circumstance, via the chain of command.

- (b) All receipts shall be placed in an envelope and attached to the reimbursement claim. Do not staple or tape receipts. Credit/debit card receipts and tear off receipts will not be accepted.
- (c) No reimbursement shall be made for alcoholic beverages of any kind. Alcohol should be ordered separately from food or beverage items being submitted for reimbursement.
- (d) Generally, no reimbursement for meals will be made for same day travel. Reimbursement will only be granted when it is not reasonable for employees to provide their own meal. Special situations may be considered on a case-by-case basis. A memo from the employee, via the chain of command, to their respective division Chief is required.
- (e) If the cost of a meal is included as part of the registration charge or fee, no additional employee reimbursement may be claimed for that meal.
- (f) Travel to a temporary worksite does not qualify an employee for meal or mileage reimbursement. Meals provided during a major tactical event may be reimbursed. The commander/designee must deem that the involved personnel remain on site for a specified period of time. Under these conditions, the commander/designee may authorize the purchase of meals to be delivered to the scene. In these situations, a single claim listing all personnel must be attached with the receipt(s).
- (g) Employees attending training or conferences for an extended period of time, more than seven consecutive days, may elect to purchase groceries and prepare their meals during the training/conference. In this event, grocery receipts must be retained and submitted for reimbursement. Grocery charges exceeding the combined daily reimbursement rate for all qualifying days will not be reimbursed. An employee electing to purchase and prepare food during an extended stay may purchase only food that will be consumed during the designated period. Reimbursement will not be made for incidentals including kitchen utensils, cookware, kitchen supplies and sundries.
- (h) The Sheriff's Department is one of the few County Departments to issue meal advances when requested by the employee. No future advance checks will be issued until all outstanding Form 14s and balances due have been received by Sheriff's Revolving Fund.

1029.3 LODGING

All lodging and travel accommodations shall be made through Sheriff's Special Orders to abide by the countywide contract with the Travel Store. Any exceptions to this procedure require a memo and must be approved by the employee's chain of command.

Reimbursement for actual lodging cost, not to exceed \$159 per night inclusive of all occupancy, accommodation, and other room related taxes and fees, is allowed. For lodging in high cost cities, as defined by the Internal Revenue Service (e.g., San Francisco, New York, Washington D.C.) or by the Board of Supervisors (Sacramento), actual cost allowed not to exceed \$239 per night, or the applicable conference rate at the hosting hotel. Lodging costs exceeding the established limit may be reimbursed at a higher rate if the employee submits a written memo explaining the reason for the expense. This must be approved, via the chain of command, to their respective

division Chief and once approved by the Chief, must be forwarded for approval to the designated Executive Office analyst with the completed employee reimbursement form.

Lodging costs shall not exceed the maximum group rate published by the conference or activity sponsor, provided that lodging at the group rate is available at the time of the booking. Higher rates based upon late registration will be reimbursed at the \$159 rate.

An employee reimbursement claim must provide an explanation of the business purpose of the stay, such as the Special Order number and must be supported by a receipt/facility folio.

The Sheriff may approve extended lodging if the cost is less than daily travel expenses without the extended stay. Approval of extended lodging for any location in Riverside, Orange, San Diego, Imperial, Los Angeles and San Bernardino County is required prior to the travel occurrence and must be less costly than a daily commute.

Only the single occupancy rate may be claimed for the reimbursement except when two or more county employees participating in the same function share a room; then a double occupancy rate may be claimed by dividing the cost between two claim forms and providing a memorandum explaining the shared room along with the reimbursement claim.

1029.4 TRANSPORTATION

Actual cost of common carrier services, including taxicabs, car rentals, and baggage fees, when necessary shall be allowed. The Sheriff's Special Orders Unit will utilize on-line travel services and secure the least expensive flights and car rental arrangements possible. Reservations for air transportation should be booked as early as is reasonable to take advantage of lower cost air fares.

Upon request from the Auditor/Controller, supporting documentation proving that the least expensive option was utilized may be requested.

1029.4.1 RENTAL CARS

The county maintains a contract with a vehicle rental company and every effort should be made to use the contract company. The Sheriff's Special Orders Unit can assist with all bookings of rental vehicles. **The Sheriff's Purchasing Card (P-Card) may be used for all travel requiring the use of a rental vehicle when the contract company cannot be used.** Please contact Sheriff's Purchasing in case of this event.

Government and group rates must be used when available. Actual costs evidenced by an original, dated receipt and inclusive of all related taxes and other rental fees should be submitted with the claim form along with actual gas receipts (dated, vendor name printed on the receipt) obtained for the purchase of gas for the rental vehicle.

The rental may include a global positioning system if said equipment is standard; only standard equipment is allowed. No rental car reimbursement will be made for cars above the mid-range size unless four or more employees are traveling in the same vehicle. This information must be documented in the reimbursement information.

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Travel Regulations

The purchase of Loss Damage Waiver (LDW) is mandatory so the employee is not held responsible for damage (under normal circumstances) to the rental vehicle and such cost will be reimbursed. However, we will not reimburse employees for the cost of other optional insurance (e.g. liability, uninsured/underinsured motorist, personal accident & other personal effects), as the county is self-insured for vehicle liability & third-party physical damage and provides worker's compensation coverage.

Employees are required to notify Human Resources, Risk Management Division at (951) 955-3540 and the employee's supervisor as soon as possible (within 24 hours) of any event, incident or accident related to the rental car. The employee must complete "County Vehicle Accident/Incident Report," Form 942-6 (Safety Division form).

1029.4.2 PRIVATE AUTOMOBILE

Reimbursement for the use of a private vehicle shall be allowed upon authorization of the Sheriff. It is preferred that county vehicles are driven to all meetings, conferences and special assignments whenever available. The county's private vehicle mileage reimbursement rate is the same rate as the Internal Revenue Service (IRS) standard mileage rate for a private vehicle. Changes to the rate will be concurrent with the effective date provided by the Internal Revenue Service. Private mileage claim reimbursements are to be submitted on a separate Form 14, apart from other travel expenses and will be reimbursed through Sheriff's Payroll and appear on the employee's paycheck.

Private mileage is calculated from the actual location of departure (work or home) to the event location. If the actual location of departure is the employee's home, the Sheriff's Revolving Fund unit will make an adjustment to deduct the mileage of the employee's standard commute (home to work) from the Form 14. The return mileage will be calculated in the same manner; from the event to actual return destination (work or home), less the standard commuting mileage. A map printout of the route taken to the event should be attached to the employee's Form 14.

The Sheriff may authorize use of a private vehicle for the convenience of the driver, instead of more economical travel by air. Reimbursement shall not exceed the cost of the usual airfare plus related subsistence and surface common carrier expenses. Employee must justify the mileage with a map printout (route taken must use the least mileage).

Pursuant to Board of Supervisors Policy D-1, employees must complete or have filed the "Authorization to Drive Riverside County Vehicle or Private Vehicle for County Business" Form 30. The Form 30 must be approved prior to use of a private vehicle for county business.

The private vehicle must be insured to at least the minimum limits required by the State of California, or if registered/licensed out of state, the insurance must be equal to or greater than the minimum limits required by the State of California. Although not required, it is recommended that employees who use their personal vehicle while in the course of and scope of employment place a business use endorsement on their personal automobile policy. The expense of adding a business use endorsement is the sole responsibility of the employee.

Travel Regulations

The use of motorcycles, mopeds and similar types of vehicles for the conduct of county business are prohibited, with the exception of sworn personnel on duty in a specific assignment.

Employees are required to notify Human Resources, Risk Management Division at (951) 955-3540 and the employee's supervisor as soon as possible (within 24 hours) of any event, incident or accident. Employees must complete "County Vehicle Accident/Incident Report," Form 942-6 (County Human Resources Safety Division form).

1029.5 MISCELLANEOUS EXPENSES

Miscellaneous expenses, including charges for business telephone calls, fax service, internet service, e-mail services, the cost of unusual or necessary services and supplies, including emergency repairs, parts or towing for county vehicles, conference registration fees, vehicle parking, bridge tolls and any other justifiable business expense shall be permitted.

A satisfactory explanation of the circumstances may be required for expenditures that are large or unusual. Unusual or emergency expenses of any kind must be explained on the Form 14 or in an attached memo. Reimbursement for miscellaneous expenses shall be accompanied by an original receipt or voucher. Personal telephone calls and personal internet usage shall not be reimbursed.

1029.6 CLAIM FORMS

Claims must include the date, business destination, amount, and business purpose. Claims shall be filed promptly, no later than the end of the month following the month in which the travel and/or other necessary expenses occurred. Claims filed after this time will not be considered for payment. **If an advance was issued from the Sheriff's Revolving Fund, claims shall be submitted within five days following travel completion. No future advance checks will be issued until all outstanding Form 14s have been received and all past due advances have been paid and cleared.** If advance funds were issued, employees are required to remit funds for all non-substantiated expenses and/or unused advances within one week of receiving a notice of balance due from the Sheriff's Revolving Fund Unit. Checks or exact change are accepted. If remittance is made by check, it should be made payable to the "Sheriff's Revolving Fund." No reimbursement will be made for expenses without an accompanying receipt. Explanations for unusual items should be explained on the face of the claim or in an attached memo.

1029.7 RECEIPTS

Reimbursement will only be authorized after submission of approved receipts. **Original receipts are required for reimbursement.** Original receipts must include the name of the establishment where service was provided and the date on which the service was rendered. Restaurant receipts must include the items ordered, as well as the total payment made. **However, there may be rare occasions when providing an itemized receipt may not be possible due to the type and location of the restaurant. In this event, an original un-itemized receipt from the restaurant can be submitted. A memo must be attached explaining the circumstance, via the chain of command.**

All claim forms and associated documents related to reimbursable county expenditures are considered public records and are subject to disclosure under the California Public Records Act {Chapter 3.5(Commencing with Section 6250) of Division 7 Title 1}. Employees are to keep copies of receipts until the reimbursement claim has been finalized.

Any question regarding this policy or its interpretation should be directed to Accounting and Finance's Revolving Fund email address revolvingfund@riversidesheriff.org or the Accounts Payable Supervisor at (951) 955-9848.

Employee Speech, Expression and Social Networking

1030.1 PURPOSE AND SCOPE

This policy is intended to address issues associated with employee use of social networking sites and to provide guidelines for the regulation and balancing of employee speech and expression with the needs of the Department.

Nothing in this policy is intended to prohibit or infringe upon any communication, speech or expression that is protected or privileged under law. This includes speech and expression protected under state or federal constitutions as well as labor or other applicable laws. For example, this policy does not limit an employee from speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or deputy associations, about matters of public concern, such as misconduct or corruption.

Employees are encouraged to consult with their supervisor regarding any questions arising from the application or potential application of this policy.

1030.1.1 APPLICABILITY

This policy applies to all forms of communication including but not limited to film, video, print media, public or private speech, use of all internet services, including the World Wide Web, e-mail, file transfer, remote computer access, news services, social networking, social media, instant messaging, blogs, forums, video, and other file-sharing sites.

1030.2 POLICY

Public employees occupy a trusted position in the community, and thus, their statements have the potential to contravene the policies and performance of this department. Due to the nature of the work and influence associated with the law enforcement profession, it is necessary that employees of this department be subject to certain reasonable limitations on their speech and expression. To achieve its mission and efficiently provide service to the public, the Riverside County Sheriff's Department will carefully balance the individual employee's rights against the Department's needs and interests when exercising a reasonable degree of control over its employees' speech and expression.

1030.3 SAFETY

Employees should consider carefully the implications of their speech or any other form of expression when using the internet. Speech and expression that may negatively affect the safety of the Riverside County Sheriff's Department employees, such as posting personal information in a public forum, can result in compromising an employee's home address or family ties. Employees shall therefore not disseminate or post any information on any forum or medium that could reasonably be anticipated to compromise the safety of any employee, an employee's family, or associates. Examples of the type of information that could reasonably be expected to compromise safety include:

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Employee Speech, Expression and Social Networking

- Disclosing a photograph and name or address of a deputy who is working undercover.
- Disclosing the address of a fellow deputy.
- Otherwise disclosing where another deputy can be located off-duty.

1030.4 PROHIBITED SPEECH, EXPRESSION AND CONDUCT

To meet the department's safety, performance and public-trust needs, the following are prohibited unless the speech is otherwise protected (for example, an employee speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or deputy associations, on a matter of public concern):

- (a) Speech or expression made pursuant to an official duty that tends to compromise or damage the mission, function, reputation or professionalism of the Riverside County Sheriff's Department or its employees.
- (b) Speech or expression that, while not made pursuant to an official duty, is significantly linked to, or related to, the Riverside County Sheriff's Department and tends to compromise or damage the mission, function, reputation or professionalism of the Riverside County Sheriff's Department or its employees. Examples may include:
 - 1. Statements that indicate disregard for the law or the state or U.S. Constitution.
 - 2. Expression that demonstrates support for criminal activity.
 - 3. Participating in sexually explicit photographs or videos for compensation or distribution.
- (c) Speech or expression that could reasonably be foreseen as having a negative impact on the credibility of the employee as a witness. For example, posting statements or expressions to a website that glorify or endorse dishonesty, unlawful discrimination, the use of force or excessive force, or other illegal behaviors.
 - 1. Any department member (on or off-duty) acting as a private person, who creates a nexus between themselves and the department in any social media post, may have their social media account/postings subject to discovery (US Supreme Court, Brady vs. Maryland, (1963.)). The Brady case makes clear that statements by employees may be used to challenge them on questions of bias and may even rise to the level where the prosecutor will be required to disclose such potential impeachment evidence to defense counsel. Law enforcement officers should be reminded that their conduct, both on or off duty, must meet a high standard and that they are accountable and responsible for their statements and their actions.
- (d) Speech or expression of any form that could reasonably be foreseen as having a negative impact on the safety of the employees of the Department. For example, a statement on a blog that explains how and when prisoner transportations are made that could reasonably be foreseen as potentially jeopardizing employees' safety by providing details that could facilitate an escape or attempted escape.
- (e) Speech or expression that is contrary to the canons of the Law Enforcement Code of Ethics as adopted by the Riverside County Sheriff's Department.

- (f) Use or disclosure, through whatever means, of any information, photograph, video or other recording obtained or accessible as a result of employment with the Department for financial or personal gain, or any disclosure of such materials without the express authorization of the Sheriff or the authorized designee.
- (g) Accessing websites for non-authorized purposes, or use of any personal communication device, game device or media device, whether personally or department-owned, for personal purposes while on-duty, except in the following circumstances:
 - 1. When brief personal communication may be warranted by the circumstances (e.g., inform family of extended hours).
 - 2. During authorized breaks such usage should be limited as much as practicable to areas out of sight and sound of the public and shall not be disruptive to the work environment.
- (h) Posting, transmitting, or disseminating any photographs, video or audio recordings, likenesses or images of department logos, emblems, uniforms, badges, patches, marked vehicles, equipment, or other material that specifically identifies the Riverside County Sheriff's Department on any personal or social networking or other website or web page, without the express authorization of the Sheriff.

Employees must take reasonable and prompt action to remove any content, including content posted by others, that is in violation of this policy from any web page or website maintained by the employee (e.g., social or personal website).

1030.4.1 UNAUTHORIZED ENDORSEMENTS AND ADVERTISEMENTS

While employees are not restricted from engaging in the following activities as private citizens or as authorized members of a recognized bargaining unit or deputy associations, employees may not represent the Riverside County Sheriff's Department or identify themselves in any way that could be reasonably perceived as representing the Riverside County Sheriff's Department in order to do any of the following, unless specifically authorized by the Sheriff (Government Code § 3206; Government Code § 3302):

- (a) Endorse, support, oppose or contradict any political campaign or initiative.
- (b) Endorse, support, oppose or contradict any social issue, cause or religion.
- (c) Endorse, support or oppose any product, service, company or other commercial entity.
- (d) Appear in any commercial, social or nonprofit publication or any motion picture, film, video, public broadcast or on any website.

Additionally, when it can reasonably be construed that an employee, acting in his/her individual capacity or through an outside group or organization (e.g., bargaining group or deputy associations), is affiliated with this department, the employee shall give a specific disclaiming statement that any such speech or expression is not representative of the Riverside County Sheriff's Department.

Employee Speech, Expression and Social Networking

Employees retain their right to vote as they choose, to support candidates of their choice and to express their opinions as private citizens, including as authorized members of a recognized bargaining unit or deputy associations, on political subjects and candidates at all times while off-duty.

However, employees may not use their official authority or influence to interfere with or affect the result of an election or a nomination for office. Employees are also prohibited from directly or indirectly using their official authority to coerce, command or advise another employee to pay, lend or contribute anything of value to a party, committee, organization, agency or person for political purposes (5 USC § 1502).

1030.5 FRAUDULENT SOCIAL MEDIA ACCOUNTS

Employees' personal social media accounts are potentially subject to pirating, duplication, or hacking. Should this occur, these fraudulent accounts may bring discredit to the department while also placing the employee in jeopardy of becoming a victim of identity theft. The department reserves the right to notify an employee that their social media account(s) may have been pirated, duplicated, or hacked. Should an employee discover one or more of their social media accounts has been pirated, duplicated or hacked, they should:

- (a) Notify their social media platform of their concerns regarding their social media account(s) and cooperate with their guidance/direction.
- (b) Immediately post a warning, if possible, on their affected social media account advising their followers that their account has been pirated, duplicated, or hacked.
- (c) Immediately notify their supervisor of their concerns regarding their social media account(s).
 - 1. The supervisor shall ensure a crime report is completed and forwarded to the appropriate investigations bureau.

Upon receiving the case, investigations bureau personnel shall determine the level of criminality and advise the employee of their legal options.

1030.6 PRIVACY EXPECTATION

Employees forfeit any expectation of privacy with regard to e-mails, texts, or anything published or maintained through file-sharing software or any internet site (e.g., Facebook) that is accessed, transmitted, received, or reviewed on any department technology system (see the Information Technology Use Policy for additional guidance).

The Department shall not require an employee to disclose a personal user name or password for accessing personal social media or to open a personal social website; however, the Department may request access when it is reasonably believed to be relevant to the investigation of allegations of work-related misconduct (Labor Code § 980).

1030.7 CONSIDERATIONS

In determining whether to grant authorization of any speech or conduct that is prohibited under this policy, the factors that the Sheriff or authorized designee should consider include:

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Employee Speech, Expression and Social Networking

- (a) Whether the speech or conduct would negatively affect the efficiency of delivering public services.
- (b) Whether the speech or conduct would be contrary to the good order of the Department or the efficiency or morale of its members.
- (c) Whether the speech or conduct would reflect unfavorably upon the Department.
- (d) Whether the speech or conduct would negatively affect the member's appearance of impartiality in the performance of his/her duties.
- (e) Whether similar speech or conduct has been previously authorized.
- (f) Whether the speech or conduct may be protected and outweighs any interest of the Department.

1030.8 TRAINING

Subject to available resources, the Department should provide training regarding employee speech and the use of social networking to all members of the Department.

Lactation Break Policy

1035.1 PURPOSE AND SCOPE

The purpose of this policy is to provide reasonable accommodations to members desiring to express breast milk for the member's infant child (Labor Code § 1034).

1035.2 POLICY

It is the policy of this department to provide, in compliance with the Fair Labor Standards Act, reasonable break time and appropriate facilities to accommodate any member desiring to express breast milk for the member's nursing infant child (29 USC § 218d; Labor Code § 1030).

1035.3 LACTATION BREAK TIME

A rest period should be permitted each time the member has the need to express breast milk (29 USC § 218d; Labor Code § 1030). In general, lactation breaks that cumulatively total 30 minutes or less during any four-hour work period or major portion of a four-hour work period would be considered reasonable. However, individual circumstances may require more or less time. Such breaks, if feasible, should be taken at the same time as the member's regularly scheduled rest or meal periods.

While a reasonable effort will be made to provide additional time beyond authorized breaks, any such time exceeding regularly scheduled and paid break time will be unpaid (Labor Code § 1030).

Members desiring to take a lactation break shall notify their immediate supervisor prior to taking such a break. Such breaks may be reasonably delayed if they would seriously disrupt department operations (Labor Code § 1032).

Once a lactation break has been approved, the break should not be interrupted except for emergency or exigent circumstances.

1035.4 PRIVATE LOCATION

The Department will make reasonable efforts to accommodate members with the use of an appropriate room or other location to express milk in private. Such room or place should be in close proximity to the member's work area and shall be other than a bathroom or toilet stall. The location must be shielded from view and free from intrusion from co-workers and the public (29 USC § 218d; Labor Code § 1031).

Members occupying such private areas shall either secure the door or otherwise make it clear to others that the area is occupied with a need for privacy. All other members should avoid interrupting a member during an authorized break, except to announce an emergency or other urgent circumstance.

Authorized lactation breaks for members assigned to the field may be taken at the nearest appropriate private area.

Lactation Break Policy

1035.5 STORAGE OF EXPRESSED MILK

Any member storing expressed milk in any authorized refrigerated area within the Department shall clearly label it as such and shall remove it when the member ends her shift.

1035.5.1 STATE REQUIREMENTS

Members have the right to request lactation accommodations. If a break time or location accommodation cannot be provided, the supervisor shall provide the member with a written response regarding the reasons for the determination (Labor Code § 1034).

Lactation rooms or other locations should comply with the prescribed feature and access requirements of Labor Code § 1031.

Members who believe that their rights have been violated under this policy or have been the subject of discrimination or retaliation for exercising or attempting to exercise their rights under this policy, are encouraged to follow the chain of command in reporting a violation, but may also file a complaint directly with the Labor Commissioner (Labor Code § 1033).

Payroll Records and Duty Time

1036.1 PURPOSE AND SCOPE

Time cards (RSD Form 344) shall be submitted to the Riverside County Sheriff's Department Accounting and Finance Bureau on a bi-weekly basis for the payment of wages on a bi-weekly basis. Minimizing errors and corrections during this process is essential to achieving efficiency and transparency.

1036.2 POLICY

The Riverside County Sheriff's Department maintains timely and accurate payroll records in an effort to accurately track and record staffing efficiency, staffing levels, presence and absences, and to distribute accurate compensation to each and every department member.

1036.3 TIME REQUIREMENTS

Members who are eligible for the payment of wages are paid on a scheduled, periodic basis, generally on the same day or date each period, with certain exceptions, such as holidays. Payroll records shall be completed and submitted to Administration as established by the County payroll procedures.

1036.4 RESPONSIBILITIES

Members are responsible for the accurate completion and timely submission of their payroll records for the payment of wages.

Supervisors are responsible for reviewing, verifying, and approving the payroll records for those under their commands.

1036.4.1 SUPERVISOR RESPONSIBILITIES

Supervisors within all classifications are responsible for maintaining and referring to records of all employee leave used throughout each pay period, such that the Form 344 can be effectively reviewed for accuracy before submission. For example, supervisors shall maintain or have access to records that allow them to confirm that the regular hours worked are accurate, submitted overtime was worked, worked overtime was submitted for compensation, and sick and all other leave use was accurately documented on the Form 344. All supervisors and managers shall be knowledgeable regarding the various Memorandums of Understanding specific to the work schedule, leave, and payroll provisions among their subordinate staff, to include the Family Medical Leave Act (FMLA).

1036.4.2 DUTY TIME AND ABSENCES

Duty time is defined as those hours in which a department member is involved in the performance of required duties of the Sheriff. Duty time and absences are governed by the Department and/or County Ordinance 440 and Memorandums of Understanding (MOU). County Ordinance 440, MOU agreements, and sheriff's department policy outline compensation, accrual, and use related to the following:

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Payroll Records and Duty Time

- (a) Working hours
- (b) Overtime
- (c) Vacation time
- (d) Holiday time
- (e) Sick leave
- (f) Pregnancy
- (g) Military leave
- (h) Leave of absence
- (i) Worker's Compensation law
- (j) Bereavement leave
- (k) Shift trading

All employees are responsible for ensuring the accuracy of information documented on their RSD Form 344. Although there are some circumstances in which a supervisor will input information in Workforce Management Plus for an employee, the employee is responsible to ensure the information is accurate and/or corrected as needed.

Sick leave is to be documented no later than one working day after the employee's return to duty from sick time use. A RSD Form 344 documenting overtime worked, vacation used, holiday time used/worked, compensation time used/worked, and military leave time will be filed with the employee's immediate supervisor so that the activity appears on the Form 344 covering the date(s) of the activity. Correction documents may be submitted when circumstances prevent the timely submission of all activity during a pay period.

1036.4.3 SHIFT TRADING

Shift trading is authorized for employees assigned to Patrol, Corrections, Coroner's Bureau, Information Services Bureau, and Dispatch. The trade between employees must be completely voluntary and completed, meaning all regularly scheduled and traded shifts involved have been worked, within a single, 14-day pay period.

All involved employees must complete and submit RSD Form #135 (Intranet under 'Personnel') requesting and outlining the shift trade to their respective supervisors. If approved, the change to each employee's schedule must be recorded in the master schedule and then becomes the official schedule of both employees. If a trade is agreed upon and approved before a 5-day notice of shift change could be given, both employees will acknowledge their waiving of such requirement in their request. The form shall be placed in each employees' station file.

If an employee involved in a shift trade calls in sick or is otherwise unable to report for work, the applicable leave bank is deducted as it normally would be. Negligently failing to properly absent one's self for a shift relevant to the trade will be considered a violation of department policy.

Payroll Records and Duty Time

The allowance of shift trades does not alter policies related to when employees are due overtime pay, holiday pay, or other provisions of payroll accounting, compensation, or any applicable MOU. Approving supervisors shall ensure that the traded shifts become each involved employees' official pay period schedule and that the new schedules remain in compliance with all existing rules.

1036.4.4 BREAKS

Members on duty may suspend their activity for a rest break or lunch period for a time not to exceed that authorized by their Commander or as established by law or Memorandum of Understanding (MOU).

Deputies assigned to the patrol watches are not scheduled a lunch period. However, when not on assignment, they may take a lunch period, but will remain available for and subject to assignment. When on a break or when out and away from their unit, the Deputy will advise the dispatcher of their location and activity by radio or MDC entry. No more than two units are allowed to be on a break (10-10) at the same location and time, except if the third unit is a supervisor.

1036.5 MILITARY LEAVE

Military leave is governed by provisions of the Military and Veterans Code. When an employee is required to be absent from departmental duty because of military duty, they shall notify their Commander, in writing, as soon as possible after the employee learns that they must serve their military obligation.

1036.5.1 VERIFICATION REQUIREMENT

A Commander or supervisor shall require the employee to provide written verification of military duty. An employee's military Commander may be contacted regarding any aspect arising out of the use of military leave.

1036.6 LIGHT DUTY

There is no permanent light duty. Temporary light duty is defined as a temporary assignment due to an injury, health condition or other reason that has so impacted the member that they are temporarily unable to perform their normal duties. Assignment to a temporary light duty status, shall be limited to a 90 day period. A 90-day extension may be granted providing the employee will be able to return to the usual and customary duties of their job classification at the end of the extension. Temporary light duty granted due to pregnancy is not limited to one 90 day extension. A temporary light duty assignment is determined on a case-by-case evaluation of the circumstances and other factors. The decision to assign an employee to a temporary light duty status is at the sole discretion of the Sheriff, Undersheriff or Assistant Sheriff.

1036.6.1 INJURY REPORTING

Members receiving any type of injury while on duty shall immediately notify their supervisor.

Payroll Records and Duty Time

1036.7 RECORDS

The Director of Finance shall ensure that accurate and timely payroll records are maintained as required by 29 CFR 516.2 and for a minimum of the current year plus seven years per Riverside County's Departmental Records Retention Schedule.

1036.8 PAYROLL SUBMISSION PROTOCOLS

The department submits all initial payroll document (Form 344) electronically and it does not require employee or supervisor signatures. Any "correction" RSD Form 344s shall be submitted only once per station or bureau and in the pay period following the pay period needing correction.

1036.8.1 INITIAL FORM 344

Supervisors shall ensure that all Form 344s are complete and accurate within Workforce Management Plus by the date and time specified within each command. Work hours data will usually be transferred from Workforce Management Plus into the Human Resource Management System (HRMS) on the Thursday afternoon beginning the new pay period. This day can change due to holidays and other circumstances. Payroll staff shall accomplish the following before the data transfer occurs:

- (a) Run the pending leave and overtime request report before the data is transferred from Workforce Management Plus into the HRMS;
- (b) Before the Workforce Management Plus upload, run the Leave Usage vs. HRMS Balances report. This report is found under Section D - "Leave Reports";
- (c) After the data transfer, Workforce Management Plus will produce a PDF file containing all Form 344s. This file shall be sent unaltered to Sheriff's Payroll;
- (d) The exported Form 344s can be run under section E - "RSO Payroll Exported 344s"; These are the official timesheets.
- (e) Following the completed transfer, Workforce Management Plus will be locked until the following Thursday (close of Auditor/Controller's Office payroll), and no updates are allowed;
 - 1. Any changes to an employee's payroll, must be processed as a "correction" in the following pay period.

1036.8.2 CORRECTION FORM 344

- (a) Sheriff's Payroll will only accept (1) correction file from each station or bureau per pay period;
- (b) When submitting payroll corrections, the file must be emailed to SHFPayroll@riversidesheriff.org and the subject line must include your location and the applicable pay period (example SCF PP08/20 Corrections);
- (c) All correction Form 344s require the submitting department member and supervisor signatures.

On-Call Assignments

1037.1 PURPOSE AND SCOPE

The On-Call Assignments Policy outlines department guidelines and practices regarding what positions are eligible and assignable to on-call status, and provides policy regarding the proper number of on-call department members based generally upon workload, call-out frequency, and best practices involving responses to criminal events and other circumstances. The ranks of lieutenant and higher are not included in the personnel limitations set forth here and these ranks may be placed into an on-call status at the discretion of their supervisors.

1037.2 POLICY

It is the policy of the department to operate a standardized system of on-call assignment and accountability to ensure the fiscally efficient management of on-call assignments while designating sufficient resources for rapid incident response. Nothing in this policy supersedes the provisions of any current Memorandum of Understanding with regard to on-call or standby status.

1037.3 ON-CALL DEFINITION

A department member has been placed into an on-call status when all of the following apply:

1. They are off-duty;
2. They have been assigned to an on-call period either by request or order of a supervisor, by agreeing to replace another department member, or by placement on a schedule of on-call assignments;
3. They are being compensated according to their MOU;
4. They are capable of fulfilling all of the requirements and expectations of being in an on-call status.

The assignment or use, however temporary, of a take home vehicle does not by itself place a department member into an on-call status. See Vehicle Use Policy and Riverside County Board Policy D-10.

A department member making him or herself available to a supervisor for call-outs if needed, does not place that department member into an on-call status, nor does it bound them to the requirements and expectations of on-call or standby status.

1037.4 ON-CALL EXPECTATIONS

Department members placed into an on-call status are presumed to be available for immediate response to the station, to a field scene, jail facility, or other location as assigned by their supervisor. Additionally, on-call personnel shall ensure they are available by phone, that all of their equipment is duty-ready, and that they are able to be en-route to the designated location **within thirty (30) minutes** of being requested.

1037.5 CAL-ID

1037.6 CORONER / PUBLIC ADMINISTRATOR BUREAU

The Coroner / Public Administrator shall have no more than one sworn or coroner sergeant in an on-call status at any given time. The Coroner/PA Commander must receive Division Chief approval to place additional personnel into an on-call status during unusual circumstances or complex and rapidly developing investigations.

1037.7 CORRECTIONAL FACILITIES

No jail within the Corrections Division shall place more than one investigator and one sworn or correctional sergeant in an on-call status at any given time. Commanders must receive Division Chief approval to place a greater number of personnel into an on-call status during unusual circumstances or complex and rapidly developing investigations. The on-call lieutenant at a facility needing an investigative response will be responsible for making the request from those personnel within the Corrections Intelligence Bureau and in accordance with Corrections Division procedure.

1037.8 COURT SERVICES

No Court Services location shall place any department personnel into an on-call status. Commanders must receive Division Chief approval to place personnel into an on-call status during unusual circumstances or complex and rapidly developing investigations.

1037.9 JOINT OPERATIONS BUREAU (JOB) AND TRAINING AND EDUCATION BUREAU (TEB)

The JOB and the TEB shall not place any department personnel into an on-call status. The commanders must receive Division Chief approval to place personnel into an on-call status during unusual circumstances or complex and rapidly developing investigations.

1037.10 MEDIA INFORMATION BUREAU (MIB)

The MIB shall have no more than one deputy and one sergeant in an on-call status at any given time for the west end of the county, and one deputy and one sergeant for the east end of the county. On-Call Assignments

1037.11 PATROL STATIONS

No station, regardless of contracted or county, shall have more than two sworn deputies or investigators (regardless of an investigator's sub-rank) and one sworn sergeant in an on-call status at any given time. Patrol Stations with smaller call-out frequencies should consider having only one investigator and one sergeant on-call at any given time.

Commanders must receive Division Chief approval to place a greater number of personnel on-call during unusual circumstances or complex and rapidly developing investigations.

1037.12 PROFESSIONAL STANDARDS BUREAU

The PSB shall have no more than two investigators (regardless of an investigator's sub-rank) and one sergeant in an on-call status at any given time. A correctional sergeant may be substituted for one of the on-call investigators. The Commander must receive Assistant Sheriff approval to place a greater number of personnel into an on-call status during unusual circumstances or complex and rapidly developing investigations.

1037.13 SPECIAL ENFORCEMENT BUREAU (SEB)

The entire SEB functions under ever-changing priorities, work assignments, personnel specialties and other variables that require the assigned commander to constantly adjust on-call assignments and provide differing levels of after-hours resources to each unit within the SEB. The commander shall work closely with the Field Operations Support Chief Deputy who will ensure responsible and efficient assigning of these on-call resources as tasks demand. The SEB commander shall periodically brief the Chief Deputy regarding the bureau's use of on-call resources.

1037.14 SPECIAL INVESTIGATIONS BUREAU (SIB)

The entire SIB functions under ever-changing priorities, work assignments, personnel specialties and other variables that require the assigned commander to constantly adjust on-call assignments and provide differing levels of after-hours resources to each unit within the SIB. The commander shall work closely with the Field Operations Support Chief Deputy who will ensure responsible and efficient assigning of these on-call resources as tasks demand. The SIB commander shall periodically brief the Chief Deputy regarding the bureau's use of on-call resources.

1037.16 MAJOR CRIMES BUREAU (MCB)

The entire MCB functions under ever-changing priorities, work assignments, personnel specialties and other variables that require the assigned commander to constantly adjust on-call assignments and provide differing levels of after-hours resources to each unit within the MCB. The commander shall work closely with the Field Operations Support Chief Deputy who will ensure responsible and efficient assigning of these on-call resources as tasks demand. The MCB commander shall periodically brief the Chief Deputy regarding the bureau's use of on-call resources.

1037.17 TECHNICAL SERVICES BUREAU (TSB)

The TSB may place one staff member into an on-call status for each area of their operation to include JIMS, Dispatch, RMS, and the Help Desk. The TSB Commander or Manager must

Riverside County Sheriff's Department

receive Division Chief approval to place additional personnel into an on-call status during unusual circumstances.

1037.18 PAY PROVISIONS

Compensation and other requirements pertaining to being on-call, are outlined in the "Standby Duty" section of the current MOU pertaining to the RSA and the LEMU. Nothing in this policy is intended to grant additional benefits or accommodations related to on-call or standby status nor does it allow supervisors to place department members into a formal on-call status without compensation.

1037.19 COMMANDER RESPONSIBILITIES

Commanders shall be responsible for diligently monitoring the use of on-call status within their commands. Commanders shall ensure both proper coverage consistent with best investigative practices and the efficient and ethical management of on-call budgets under their control. Commanders shall monitor vehicle use in relation to those under their command who are placed into an on-call status and adhere to all county and department policies related to the assignment of take-home vehicles.

Commanders under whom multi-agency teams operate, shall monitor the use of on-call status to ensure fiscal responsibility and burden-sharing across involved agencies.

Overtime

1038.1 PURPOSE AND SCOPE

It is the policy of the Department to compensate non-exempt salaried employees who work authorized overtime either by payment of wages as agreed and in effect through each Memorandum of Understanding (MOU), or by the allowance of accrual of compensatory time off. In order to qualify for either, the employee must complete and submit a Request for Overtime in Workforce Management Plus as soon as practical after overtime is worked. This policy outlines the requirements to schedule and work overtime assignments throughout the Department.

Because of the nature of police work, and the specific needs of the Department, a degree of flexibility concerning overtime policies must be maintained.

The Department can restrict employees from working overtime if the Department believes excess overtime is affecting the employee's performance.

1038.1.1 DEPARTMENT POLICY

Non-exempt employees are not authorized to volunteer work time to the Department. All requests to work overtime shall be approved in advance by a supervisor. If circumstances do not permit prior approval, then approval shall be sought as soon as practical during the overtime shift and in no case later than the end of shift in which the overtime is worked.

1038.1.2 OBLIGATION TO FULFILL THE PURPOSE OF OVERTIME ASSIGNMENTS

Employees shall not engage in work unrelated to the purpose of the overtime. For example, a deputy assigned to seatbelt enforcement overtime shall not spend time writing reports unassociated with that assignment.

1038.1.3 DISCIPLINE

A disciplinary Reduction in Pay (RIP), in and of itself, shall not be considered as a basis to deny overtime work. An employee who is otherwise authorized to work overtime may do so while on such discipline with the understanding that overtime pay is based on any temporary RIP (i.e., "base pay") as outlined in the MOUs.

1038.2 COMMANDERS' DISCRETION

Station and bureau commanders are given the discretion to develop Standard Operating Procedures (SOPs) for overtime scheduling within their purview. This discretion is based upon their knowledge of specific overtime needs, as well as the resources available to fulfill those obligations. Discretionary subjects include:

- (a) Timeframes for overtime posting
- (b) The number of overtime slots that can be signed up for at a given time (and subsequent times)
- (c) Classifications that have priority for particular overtime assignments

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Overtime

- (d) Establishing sign-up priority for assigned station personnel vs. personnel from other stations/bureaus
- (e) Procedures for dealing with changes to overtime commitments (e.g., unable to work the overtime, desire to withdraw, etc.)
- (f) Criteria for allowing sergeants to work non-supervisory, minimum staffing, contract-hour deputy overtime positions (actual use of sergeants for this purpose requires Chief Deputy approval)

Commander discretion in these areas cannot conflict with established MOUs, or related Department or County policies.

1038.3 OVERTIME WORKED AT OTHER THAN ASSIGNED STATION

Stations / bureaus may have overtime demands that cannot be filled by their own personnel. Therefore, commanders can authorize qualified personnel from outside stations, bureaus, or facilities to meet overtime staffing needs.

1038.3.1 TRAINING AND OFFICER SAFETY CONSIDERATIONS

When personnel work assignments at other than their assigned station, bureau, or facility, consideration must be given to ensure that training and officer safety issues are addressed. The following are some examples:

- (a) Deputies working a patrol, courts, or corrections assignment must have completed the training program corresponding to that assignment
- (b) With commander approval, deputies working courts or correctional assignments who have not completed their field training program can still work event overtime, but must be paired with a fully trained patrol deputy
- (c) Deputies working a DUI, traffic, school resource, or other special assignment must have training and expertise required for the specific assignment
- (d) Deputies must be familiar with the station, bureau, or facility where they wish to work, including applicable policies and procedures

1038.3.2 PROCEDURES

Employees desiring to work overtime at other than their assigned station, bureau, or facility shall submit a request through Workforce Management Plus to their current commander. Approval must be received prior to working the overtime assignment. The employee shall include the station, bureau, or facility they desire to work, the nature of the assignment (e.g., patrol, DUI special assignment, court deputy, corrections, etc.), and certify they have met the requisite training. The commander shall ensure the requesting employee has a "meets standard" evaluation. The employee's commander shall contact the commander of the overtime venue to confirm these standards are met prior to authorization.

Once authorization is received, a copy of the approval shall be maintained in the employee's Interim file (I-file) at their assigned station, bureau, or facility. Authorization will expire six (6) months from the date of approval or immediately when the criteria is no longer satisfied (e.g.,

Riverside County Sheriff's Department
Riverside County Sheriff's Department Standards Manual (DSM)
Riverside County Sheriff's Department Standards Manual (DSM)

Overtime

"below standard" evaluation, etc.). Authorizations may be renewed as often as necessary provided all the criteria are met.

1038.3.3 RESTRICTIONS

Employees:

- (a) shall not work more than six (6) consecutive days without a day off
- (b) must have at least eight (8) hours off between each tour of duty
- (c) may not work more than sixteen (16) consecutive hours
- (d) may not work overtime while on vacation, compensation time, sick, or holiday leave (except for Extra Duty)

A tour of duty is a maximum of sixteen (16) consecutive hours of work within a 24-hour period (excluding time between shifts as outlined in 1038.3.4). The following would be considered 16 consecutive hours for the purpose of this policy: A deputy works 12 hours at one station, has a subsequent one-hour commute to another station, and works four hours of overtime at the other station.

1038.3.4 TIME BETWEEN SHIFTS

It is crucial to properly assign time worked to the appropriate source. The fundamental goal is to ensure off-duty time is not captured in overtime payment. This includes off-duty travel time, donning time, etcetera. A one-hour period between shifts has generally been used to accomplish this. However, actual time can be used to establish the gap between shifts. Anything under the one-hour guideline must be added to the justification section on the 344. Examples include:

- (a) A Jurupa Valley deputy signed up for overtime at the Perris Station. The commute took 20 minutes and the deputy was not in uniform. The justification would read, "20-minute travel / 10-minute donning" for a 30-minute window between shifts
- (b) A patrol-trained deputy assigned to the Southwest court works subsequent overtime at the Southwest Station. The travel time is zero. The justification would read, "No commute / in uniform."
- (c) A patrol-trained deputy assigned to Professional Standards Bureau ends their regular shift at Palm Desert Station and then starts an overtime shift there. Justification: "Reg shift end at PDS/ no commute / 10-minute donning"

Sergeants are responsible for evaluating the justifications and ensuring their accuracy.

The one-hour guideline should not be used when longer commute times occur. In these cases, the actual time must be used, but do not need to be justified on the 344.

1038.4 UNPLANNED ASSIGNED OVERTIME

It is often necessary to assign personnel to overtime positions to meet minimum staffing needs without advanced notice. While volunteering is appreciated, commanders should remain apprised of the hours their staff work in a given timeframe in order to minimize fatigue. To that end, commanders are encouraged to base unplanned assigned overtime on the total number of hours

Overtime

worked (including overtime) in a set period (e.g., three months) rather than on mere seniority. For example, one employee has worked 800 hours in three months (540 regular hours and 260 overtime hours). Another has worked 600 hours in the same period (560 regular hours and 40 overtime hours). If other pertinent factors do not overrule the time consideration, the employee with lower overall hours may be the best person to assign the overtime.

1038.5 COURT OVERTIME

Memoranda of Understanding define the compensation criteria and minimum time for hearing appearances, which include:

- Court appearance due to a subpoena
- DMV hearings
- Parole hearings
- Depositions with attorneys
- Grievance appearances as a witness

Employees are to refer to their current MOU for specific provisions to ensure overtime requests match the entitlements. Court subpoenas (or serviced via Workforce Management Plus) must accompany overtime requests. Supervisors are responsible for ensuring accuracy.

Unless modified by future MOUs, the following applies:

- (a) Only base pay is eligible for overtime compensation (with the exception of K9 pay for actual time in court)
- (b) Travel time is not compensable. Exceptions include:
 - 1. Hearings which occur outside of Riverside County (e.g., federal court hearings in Los Angeles, parole hearings in Chino, etc.)
 - 2. Hearings that require cross-county travel (e.g., working in Moreno Valley and traveling to a hearing in Indio)
 - 3. The employee is assigned to attend a hearing during normal duty hours and extends to the end or beyond their scheduled end of duty (compensable time covers travel directly from the hearing location to their assigned station)
- (c) When off duty, employees are prohibited from responding to their duty station to retrieve a department-owned vehicle to travel to a hearing (exceptions serving a legitimate business interest can be approved by a supervisor)
- (d) Employees required to testify via phone shall only be paid for the actual time spent on the call (unless a current MOU provides a greater minimum time)

1038.6 REQUEST FOR OVERTIME COMPENSATION

Employees shall complete overtime compensation requests as outlined in this section. Employees cannot approve their own overtime. Failure to submit a request for overtime compensation in a timely manner may result in discipline.

Riverside County Sheriff's Department

Overtime

1038.6.1 EMPLOYEE'S RESPONSIBILITY

Employees shall complete the requests for actual hours worked immediately after working the overtime and turn them in to the supervisor responsible for the overtime via Workforce Management Plus.

1038.6.2 SUPERVISOR'S RESPONSIBILITY

The supervisor who reviews the overtime shall verify that the overtime was worked before approving the request. Overtime shall be approved prior to the close of payroll.

1038.7 ACCOUNTING FOR OVERTIME WORKED

Employees are to record the actual time worked in an overtime status. In some cases, the MOU provides that a minimum number of hours will be paid, (e.g., one hour for court callback, etc.). Supervisors will ensure submitted times are accurate.

1038.7.1 ACCOUNTING FOR PORTIONS OF AN HOUR

When accounting for less than a full hour, overtime is paid for actual time worked or as negotiated per the current MOU.

1038.7.2 TIMESHEET CODING

Project IDs have been established to ensure accurate recording and billing for overtime. Project IDs consist of two elements: Funding and Activity. The former identifies the funding source. The latter represents the activity that is driving the overtime (i.e., why the overtime is being worked). Overtime will not be processed without a Project ID and Activity code. Project and activity codes will not eliminate overtime justifications required at the bottom of the timesheet. Employees are to use the correct Project IDs as established by Accounting and Finance.

Extra Duty

1039.1 PURPOSE AND SCOPE

Extra Duty services are intended for single, short-term, special public events such as fairs, festivals, golf tournaments, parades, rodeos, sporting events, etc. Extra Duty rates are NOT to be used for grants, enhanced contract patrol services, or in lieu of contract overtime.

Customers shall be informed in advance if the requested number of Deputies are not available, then Corporals, Investigators or Sergeants may have to be assigned and will be billed according to their higher rate.

1039.2 POLICY

The Riverside County Sheriff's Department has established this policy to provide department personnel for special events, run by an outside entity, and not otherwise covered by contract or regular overtime. The following rates do not include any costs for vehicle use, mileage or special equipment. Black and white vehicles should be charged at the IRS approved rate in effect at the time of service.

1039.3 HOURS WORKED

For clarification, employees who work extra duty are paid only for the hours they actually work. If it is necessary to set a minimum number of hours for operational purposes, the employee is expected to work those hours and the entity should be billed for the hours actually worked. The employee shall be paid, and the customer shall be charged, from the time the employee leaves the station that scheduled the Extra Duty assignment until the employee returns to that station from the worksite. If a county vehicle is used, the mileage will be billed in the same manner.

1039.4 SIGN UP PROCESS

All sign up sheets for extra duty shall contain the following statement in bold print: "Any minimum number of hours listed herein is for scheduling and planning purposes only and is not a guarantee in any way that this minimum number of hours will be actually worked. You will be paid for only the actual number of hours worked." Any postings for Extra Duty must include the number and classification of positions needed (Deputy, Corporal, Investigator, Sergeant, Lieutenant) and notification that the assignment will first be offered to the classification of employee requested. Any unfilled positions will then be available to employees in a rank above the classification requested. How employees are paid and how the hours are billed is based on the provisions listed below.

1039.5 PAYMENT AND HOURS BILLED

1. A Deputy working extra duty will be paid at 1 ½ times their current hourly rate and billed at the Deputy Extra Duty Rate.
2. A Corporal who signs up to work extra duty as a Deputy will be paid at 1 ½ times the rate of a top step Deputy and billed at the Deputy Extra Duty Rate.
3. A Corporal who is assigned (did not volunteer) to work extra duty as a Deputy will be paid at 1 ½ times their current hourly rate and billed at the Corporal Extra Duty Rate.

4. A Corporal who signs up to work extra duty as a Corporal will be paid at 1 ½ times their current hourly rate and billed at the Corporal Extra Duty Rate.
5. An Investigator who signs up to work extra duty as a Deputy will be paid at 1 ½ times the rate of a top step Deputy B and billed at the Deputy Extra Duty Rate.
6. An Investigator who is assigned (did not volunteer) to work extra duty as a Deputy will be paid at 1 ½ times their current hourly rate and billed at the Investigator Extra Duty Rate.
7. An Investigator who signs up to work extra duty as an Investigator will be paid at 1 ½ times their current hourly rate and billed at the Investigator Extra Duty Rate.
8. A Sergeant who signs up to work extra duty as a Deputy will be paid at 1 ½ times the hourly rate for a top step Investigator I/II B and billed at the Investigator Extra Duty Rate.
9. A Sergeant working extra duty as a Sergeant (Supervisor) will be paid at 1 ½ times their current hourly rate and billed at the Sergeant Extra Duty Rate.
10. A Lieutenant working extra duty as a Sergeant will be paid at 1 ½ times the hourly rate of a Sergeant B, Step 9, and billed at the Sergeant Extra Duty Rate.
11. A Lieutenant working extra duty as a Deputy will be paid at 1 ½ times the hourly rate of a top step Investigator I/II B and billed at the Investigator Extra Duty Rate.

1039.6 WORKFORCE MANAGEMENT PLUS

Extra Duty overtime will be submitted and approved within Workforce Management Plus in the same manner as other overtime requests and appear on the employee's timesheet (Form 344) along with their regular hours, leave hours, and other overtime. Biweekly, Workforce Management Plus will transfer all payroll data, including Extra Duty overtime, to the county payroll system and post it to the station where the Extra Duty overtime was worked.

1039.7 AUTHORIZATION TO WORK

If the Extra Duty overtime is not at the Employee's assigned station, authorization to work overtime at the other station must be obtained prior to working any Extra Duty overtime. All employees must meet the criteria for eligibility to work overtime as outlined in DSM1038, before working any overtime. This is done via the existing Overtime Sign Up process in Workforce Management Plus and any active approvals for locations will also include Extra Duty positions.

As a reminder, per the Extra Duty Resolution 440-5424, "...the Sheriff is authorized to use the services of as many regular employees of his Department as may be necessary for law enforcement purposes, by way of additional employment during hours in which they would otherwise be off duty ...". Therefore, the employee must be working the Extra Duty assignment outside of his/her regular shift, or must be using vacation, holiday, comp time or other benefit hours (not sick leave), if the hours fall during his/her regular shift. As an officer safety issue, the Commander/designee shall ensure that the combined time of the employee's regular shift and the Extra Duty assignment are in compliance with their division's current policies and procedures regarding the maximum hours that an employee can work without time off.

Outside Employment

1041.1 POLICY

Employees desiring to engage in outside employment, or self-employment for compensation, must receive prior approval of the Sheriff.

1041.2 PURPOSE AND SCOPE

In order to avoid actual or perceived conflicts of interest, all employees desiring to engage in outside employment, or self employment for compensation, must receive prior, written approval of the Sheriff by submitting an application through their chain of command to their division chief deputy. Approval of outside employment shall be at the discretion of the Sheriff in accordance with this policy.

1041.2.1 DEFINITIONS

Outside Employment - Any member of this department who receives wages, compensation or other consideration of value from another employer, organization or individual not affiliated directly with this department for services, product(s) or benefits rendered. This does not apply to union activities or elected officials. For purposes of this section, the definition of outside employment includes those employees who are self-employed and not affiliated directly with this department for services, product(s) or benefits rendered. Additionally, outside employment includes volunteer activities with a nexus to law enforcement activities. Classified employees who have become or are applying to become a reserve police officer or reserve deputy sheriff with another law enforcement agency would be determined to have outside employment, and are subject to this policy.

1041.3 OBTAINING APPROVAL

No member of this department may engage in any outside employment without first obtaining prior written approval of the Sheriff. Failure to obtain prior written approval for outside employment or engaging in outside employment prohibited by this policy may lead to disciplinary action.

In order to obtain approval for outside employment, the employee must complete an Outside Employment Application [Form 210](#) which shall be submitted to the employee's immediate supervisor. The application will then be forwarded through the chain of command to the division chief for consideration.

Employees must obtain annual approval for continuing outside employment. The yearly approval date will be determined as one year from the date of approval for the previous year's Form #210 request. The employee shall resubmit an Outside Employment Application at any time the conditions of the outside employment activities change from that described in the initial request.

Employees seeking approval for outside employment requiring licensing pursuant to California Business and Professions Code Section 7500 et. seq., shall attach copies of any required license(s) to the application. Any employee seeking approval of outside employment, whose request has been denied, shall be provided with a written reason for the denial of the application at the time of the denial ([Penal Code § 70\(e\)\(3\)](#)).

Outside Employment

1041.3.1 APPEAL OF DENIAL OF OUTSIDE EMPLOYMENT

If an employee's outside employment application is denied or withdrawn by the department, the employee may file a written notice of appeal to the Sheriff within fourteen (14) days of the date of denial.

1041.3.2 REVOCATION/SUSPENSION OF OUTSIDE EMPLOYMENT PERMITS

Any outside employment permit may be revoked or suspended under the following circumstances:

- (a) Should an employee's performance at this department decline to a point where it is evaluated by a supervisor as needing improvement to reach an overall level of competency, the Sheriff may, at his or her discretion, revoke any previously approved outside employment permit(s). That revocation will stand until the employee's performance has been reestablished at a satisfactory level and his/her supervisor recommends reinstatement of the outside employment permit.
- (b) Suspension or revocation of a previously approved outside employment permit may be included as a term or condition of sustained discipline.
- (c) If, at any time during the term of a valid outside employment permit, an employee's conduct or outside employment conflicts with the provisions of department policy, the permit may be suspended or revoked.
- (d) When an employee is unable to perform at a full duty capacity due to an injury or other condition, any previously approved outside employment permit may be subject to similar restrictions as those applicable to the employee's full time duties until the employee has returned to a full duty status.

1041.4 PROHIBITED OUTSIDE EMPLOYMENT

Employees are forbidden from accepting outside employment that would constitute a threat to the status or dignity of law enforcement as a professional occupation. Additionally, no employee of this department shall engage in any employment activity which is inconsistent, incompatible, in conflict with, or contrary to their assigned duties, or with the duties, functions or responsibilities of the Riverside Sheriff's Department.

Consistent with the provisions of Government Code § 1126, the department expressly reserves the right to deny any outside employment application submitted by an employee seeking to engage in any activity which:

- (a) Involves the employee's use of department time, facilities, equipment or supplies, the use of the department badge, uniform, prestige or influence for private gain or advantage.
- (b) Involves the employee's receipt or acceptance of any money or other consideration from anyone other than this department for the performance of an act which the employee, if not performing such act, would be required or expected to render in the regular course or hours of employment or as a part of the employee's duties as a member of this department.

- (c) Involves the performance of an act in other than the employee's capacity as a member of this department that may later be subject directly or indirectly to the control, inspection, review, audit or enforcement of any other employee of this department.
- (d) Involves time demands that would render performance of the employee's duties for this department less efficient.
- (e) The outside employment requires the employee to work in excess of six (6) hours on a day on which they are scheduled to work eight (8) hours or four (4) hours on a day on which they are scheduled to work ten (10) hours for the Sheriff's Department. Employees working twelve (12) hour shifts are not permitted outside employment on those days they are scheduled to work for the Sheriff's Department. A maximum of twenty-four (24) hours of outside employment per week is allowed.
- (f) The outside employment is in violation of California Government Code Sections 24004 and 24004.5.
- (g) Employees may not engage in outside employment that is operated and/or supervised by persons who have been convicted of a felony.

1041.4.1 OUTSIDE SECURITY AND PEACE OFFICER EMPLOYMENT

Consistent with the provisions of Penal Code § 70, and because it would further create a potential conflict of interest, no member of this department may engage in any outside or secondary employment as a private security guard, private investigator or other similar private security position.

Any private organization, entity or individual seeking special services for security or traffic control from members of this department must submit a written request to the Sheriff in advance of the desired service.

- (a) The applicant will be required to enter into an indemnification agreement prior to approval.
- (b) The applicant will further be required to provide for the compensation and full benefits of all employees requested for such outside security services.
- (c) Should such a request be approved, any employee working outside overtime shall be subject to the following conditions:
 - 1. The deputy(s) shall wear the department uniform/identification.
 - 2. The deputy(s) shall be subject to the rules and regulations of this department.
 - 3. No deputy may engage in such outside employment during or at the site of a strike, lockout, picket, or other physical demonstration of a labor dispute.
 - 4. Compensation for such approved outside security services shall be pursuant to normal overtime procedures.

Any employee making an arrest or taking other official police action while working in an approved outside overtime assignment shall be required to complete all related reports in a timely manner pursuant to department policy. Time spent on the completion of such reports shall be considered incidental to the outside overtime assignment.

1041.5 DEPARTMENT RESOURCES

Employees are prohibited from using any department equipment or resources in the course of or for the benefit of any outside employment. This shall include the prohibition of access to official records or databases of this department or other agencies through the use of the employee's position with this department. An exception may include a department member employed as an adjunct professor for an educational institution instructing in a course which is coordinated, controlled, and managed by the department. (Also see Department Directive #09-017)

1041.5.1 REVIEW OF FINANCIAL RECORDS

Employees approved for outside employment expressly agree that their personal financial records may be requested and reviewed/audited for potential conflict of interest (Government Code § 3308).

1041.6 CHANGES IN OUTSIDE EMPLOYMENT STATUS

If an employee terminates his or her outside employment during the period of a valid permit, the employee shall promptly submit written notification of such termination to the Sheriff through the chain of command. Any subsequent request for renewal or continued outside employment must thereafter be processed and approved through normal procedures set forth in this policy.

Employees shall also promptly submit in writing to the Sheriff any material changes in outside employment including any change in the number of hours, type of duties, or demands of any approved outside employment. Employees who are uncertain whether a change in outside employment is material are advised to report the change.

1041.7 OUTSIDE EMPLOYMENT WHILE ON DISABILITY OR SICK LEAVE

Department members shall not engage in outside employment while using routine sick leave time.

Department members engaged in outside employment who are placed on disability leave or modified/light-duty shall inform their immediate supervisor in writing within five (5) days whether or not they intend to continue to engage in such outside employment while on such leave or light-duty status. The immediate supervisor shall review the duties of the outside employment along with any related doctor's orders, and make a recommendation to the Sheriff whether such outside employment should continue.

In the event the Sheriff determines that the outside employment should be discontinued or if the employee fails to promptly notify his/her supervisor of his/her intentions regarding their work permit, a notice of revocation of the member's permit will be forwarded to the involved employee, and a copy attached to the original work permit.

1042.3.1 RETURN OF DEPARTMENT PROPERTY

The completion of RSD Form #103 is mandatory upon separation or retirement. Upon completion, the department and County Human Resources (HR) are able to finalize necessary updates to employment, payroll and other benefits. Outside entities, such as CalPERS, rely upon County HR to process a member's employment status with exact dates and times. Untimely form submissions delay this process, impacting the retiring employee.

Confirmation signatures on the form document the return of all department equipment and must be completed in numerical order. Such items include issued firearms, badges, uniforms, credit cards and anything issued from the employee's station, bureau or facility. These items are property of the department and require strict inventory accountability. RSD Form #103, available on the intranet under 'Personnel,' shall be submitted to Accounting and Finance.

In no case shall the member accept a settlement without first providing written notice to the Sheriff. The purpose of such notice is to permit the County to determine whether the offered settlement will affect any claim the County may have regarding payment for damage to equipment or reimbursement for wages against the person who caused the disease or injury, and to protect the County's right of subrogation, while ensuring that the member's right to receive compensation is not affected.

AB481 Military Equipment Llst 01-12-22.pdf

- **Unmanned, remotely piloted powered aerial or ground vehicles**
 - Search and locate reported missing children or at-risk adults
 - Search and Rescue Operations to locate lost or Injured hikers
 - A law enforcement specific application involving Aerial DRONES are used for open terrain or large field searches as a force-multiplier to assist in high-risk apprehensions of armed or violent suspects. Aerial drones can be used as an interior search tool to locate suspects barricaded inside a residence or commercial structure. Larger DRONE platforms are deployed by the Sheriff's Department Unmanned Aerial Surveillance Team
 - A tracked armored vehicle remotely piloted for use in explosive ordinance disposal
 - Unmanned robotics have numerous applications. Robotics are used instead of personnel in high-risk environments to increase safety for law enforcement
- **Mine-Resistant Ambush Protected (MRAP) vehicle**
 - The MRAP is a large ballistic armored rescue vehicle which can be used for a number of critical situations. It can be deployed for aid during search warrant services as well as rescue missions to include civilians, officers, and hostage situations with seating for 10 adults
 - The MRAP, though the County is fortunate to have good southern California weather, is primarily used in open desert areas, however, it can be used in any dangerous weather condition with the ability of extreme off-road capabilities. The MRAP is also used for large parcel outdoor illegal marijuana grow enforcement. The MRAP has 4X4 capability and able to transport or evacuate victims in a flood, fire or other natural disaster. Operation requires a Class "B" driver's license
- **Armored Vehicles**
 - Inventory includes four (4) Lenco Ballistic Engineered Armored Response Counter-Attack Trucks (BEAR-CATS). The BEAR-CATS, or Rescue Vehicles, are primarily used during high-risk tactical enforcement operations, officer rescues, and vehicle borne interventions. Additional deployments are used during criminal unrest and riots. Rescue vehicles provide ballistic safety during containment and apprehension of armed violent suspects
 - Rescue vehicle for on-campus active shooter incidents to rescue injured victims
 - 4X4 capability to transport or evacuate victims in a flood, fire or other natural disaster
 - BOMB-CAT bullet resistant rescue vehicle provisioned with a front mounted Water Cannon. BOMB-CAT use is for tactical operations and explosive ordinance mitigation and fire suppression
 - Rescue vehicles provide numerous safety capabilities for law enforcement, victim rescues, and overall community safety
- **Vehicles with Breaching or Entry apparatus attachable**
 - BEAR-CAT vehicles have attachable metal booms that can be used for breaching structures, fences, or ramming objects during high-risk incidents, to include active shooter incidents on school ground or buildings
 - TAC-CAT vehicle - A tracked bullet resistant caterpillar tractor driven and deployed during high-risk and tactical operations with various hydraulic boom attachments including claw, chemical agent dispersal box and ram extension

- **Non-handheld battering rams, slugs, and breaching apparatuses that are explosive in nature**
 - Explosive breaching tools
 - Avon frangible shotgun ammunition is used to breach doors and points of entry on fortified doors or structures. The rounds are used to impact door hinges, doorknobs and locks
- **Assault Weapons defined under PC 30510 & PC 30515**
 - Inventory includes AR style rifles that function at full and semi-automatic capability (fully automatic rifles are only assigned to SWAT personnel)
 - Semi-automatic Benelli shotguns
 - Increased accuracy and precision at long range distances
 - Currently used by most law enforcement agencies across the nation
- **Flashbang grenades and explosive breaching tools**
 - Light Sound Diversionary Device (LSDD-“Flashbangs”) are diversionary devices used to minimize risk to all parties through the temporary distraction or disorientation of armed and violent suspects that pose significant danger to the deputies and community. The effects of the LSDD reduce a suspect’s reactionary capabilities and allow for momentary disorientation which creates a tactical advantage. LSDD is a hand delivered device and generally deployed on the exterior of structures
 - Provides a humane fright of aggressive dogs that pose a threat to deputies
 - Explosive breaching tools are used to breach fortified structures to establish a point of entry. Explosive charges are fashioned to produce little to no fragmentation at the time of detonation. Explosive breaching effectively reduces the time spent overcoming a fortified door or structure. The reduction in time mitigating a hardened structure increasing officer safety and the element of surprise. Blast injuries are reduced by using low yield explosives that mechanically overcome door frames and locking mechanisms. Explosive breaching mandates extensive schooling and certification processes
- **Tear Gas**
 - Chemical agents are deployed through various means to include hand delivery and weapon launchable, such as pepper ball. Munitions are either 37mm or 40mm caliber, shotgun ferret rounds or cannister shotgun launched ordinance. Hand delivered chemical agents are placed in metal burn boxes to reduce fire hazards
- **Water Cannon**
 - The BOMB-CAT bullet resistant Rescue vehicle provisioned with a front mounted Water Cannon. BOMB-CAT use is for tactical operations and explosive ordinance mitigation and fire suppression
- **Long Range Acoustic Device (LRAD)**
 - LRAD is an acoustic hailing device used for emitting amplified public announcements during search warrant services, barricaded suspects, or tactical operations. The loud audible technology ensures broadcasted announcements are loud and clear while offering advantages over less amplified patrol car PA systems. The LRAD can also be used for public announcements or safety advisements during natural disasters or evacuations
 - The larger LRAD 1000 system is portable and can be used for criminal unrest and rioting to provide clear dispersal orders for unlawful assembly

- **Command and Control Vehicles built or modified to facilitate the operational control and direction of public safety units**
 - Command vehicles are built in various platforms to include ½ ton pickup chassis, vans, trailers, and RV style configurations. Vehicles are built to better assist in command and control during law enforcement operations, natural disasters, and public safety issues. Vehicles are designed with additional communication abilities, computers, white boards, lightening, generators, and mission essential supplies
- **40mm projectile launchers**
 - Less lethal 40mm launchers and rubber projectile munitions- Munitions are configured for high and low energy impact. Munitions have the additional benefit as a barrier round for breaking vehicle and residential glass so that chemical munitions can be deployed. 40mm less lethal has been effective in disarming violent suspects, armed suspects, and subjects who are suicidal with minimal injury and risk to the person, law enforcement or the public
- **Bean Bag Launchers**
 - Less lethal bean bag is utilized through a marked/orange colored easily identifiable less lethal shotgun. The bean bag round is a small led pellet filled munition made of high-density cloth. Bean bag is the predecessor to 40mm less lethal having similar benefits as other less lethal platforms
- **Rubber Projectile launchers**
 - Sting ball grenade launches .38 caliber rubber projectiles and are hand delivered. Generalized use in a tactical operation is infrequent in use and deployment. Search warrants, violent combative subjects, or hostage rescue scenarios are criteria for consideration and use against suspects. Sting balls have a greater application in a Jail Corrections Environment
 - 40mm and 37mm launchers capable of deploying rubber projectile munitions. An effective less lethal tool used routinely with success

SUPERIOR COURT OF CALIFORNIA COUNTY OF RIVERSIDE

NOTICE RE: DOMESTIC VIOLENCE FIREARM COMPLIANCE

The purpose of this memo is to inform law enforcement of the new procedures that became effective January 1, 2022. The California Legislature passed [Senate Bill 320](#) (SB 320), expanding the courts' role in ensuring that firearms and ammunition are properly relinquished by people subject to domestic violence restraining orders. This memo highlights the new responsibilities and laws that apply to domestic violence restraining orders issued in Family Court.

Effective immediately, if the court has issued a domestic violence restraining order (temporary or permanent), the court must:

- Review the file to see whether a receipt has been filed by the restrained person showing that firearms and ammunition have been turned in, stored, or sold (e.g., form DV-800); and
- Ask the restrained person whether they have complied with the prohibition against firearms and ammunition if an order has been issued.

If the court finds that the restrained person is in violation of the firearms and ammunition restrictions order, the following requirements apply:

1. The judicial officer will make a written record of the violation and whether or not the restrained person has properly relinquished any firearms or ammunition in their immediate control. This will be recorded in the court's minutes.
2. If the restrained person has not complied with a relinquishment order, the court will make findings through a new form titled, "*Finding re: Noncompliance with Firearm and/or Ammunition Relinquishment Order*". The judicial officer will direct the court clerk to notify law enforcement, and within two business days, notify the prosecuting attorney of the non-compliance.

For expedient processing, the court will upload the notice into CLETS via CCPOR for timely access by all law enforcement agencies. The court will also send notification via email to law enforcement and the prosecuting attorney to ensure statutory compliance. Attached for your reference is the form the court will be using - "*Finding re: Noncompliance with Firearm and/or Ammunition Relinquishment Order*".

The court will be in contact with individual law enforcement agencies to gather contact and email address information in order to send notice of violations of the firearms and ammunition restriction orders.

Questions or inquiries can be directed to Trina Edwards, Family Law Director, at Trina.Edwards@riverside.courts.ca.gov or 951-777-3121.

I. School Threat Assessment and Response (STAR)

STAR Mission Statement:

Protect the Safety and Welfare of Students, School Staff, and the Community Through Effective Prevention and Immediate Intervention by the Multi- Disciplinary Team Throughout Riverside County.

Introduction:

Violent threats or incidents involving students on school campuses are extremely disturbing. Early intervention is crucial to prevent potentially violent incidents on school campuses. According to a national publication by the United States Secret Service, potentially violent youth exhibit warning signs prior to acting out. The Secret Service found that in most incidents they studied, other youth knew about the attack before it occurred, and an adult had expressed concerns about the student. In more than half of the cases, more than one person had expressed concern. Over half of the attackers engaged in observable planning behaviors prior to carrying out their attack that went beyond making statements of intent, and most attackers threatened their targets or shared their intentions to carry out an attack (National Threat Assessment Center. (2019). *Protecting America's Schools: A U.S. Secret Service Analysis of Targeted School Violence*. U.S. Secret Service, Department of Homeland Security). Noting the devastation and wishing to avoid the tragic experiences of other communities which have suffered senseless violence on school campuses, a Multi- Disciplinary Team (MDT) has been comprised, consisting of the Superior Court of CA in Riverside, the Riverside County Sheriff's Department and other law enforcement agencies, in conjunction with the Probation Department, the District Attorney's Office, Department of Public social Services and Riverside University Health System – Behavioral Health, the Riverside County Office of Education, and local school districts.

This Protocol is to be used in school-related incidents for prevention, threat assessment, intervention, and response to youth who are at risk to commit or have committed a violent act. Members of the MDT have agreed to the uniform implementation, enforcement, and reporting of incidents involving youth and guns/explosive devices or threat of great harm to students, schools, or school staff. Based upon law enforcement's assessment of the situation, the Protocol may also be used for other weapon or broad ranging criminal threat offenses.

II. STAR Protocol Agreement

The members of the Multi- Disciplinary Team (MDT) have agreed in principle that:

1. **Law Enforcement** will investigate and prepare a written report of the circumstances of the incident. They will expand the investigation by contacting the parent(s) and/or legal guardian(s) and make a home visit to conduct a safety evaluation, immediately, upon receipt of information concerning potential threat of violence involving a school-site within our communities. The Aware to Care Exchange (ACE) Information Network, coordinated and managed by the District Attorney's Office, should also be considered for the benefit of real-time information sharing across school-sites.
2. The **Probation Department (Probation)** will detain the youth at Juvenile Hall pursuant to a law violation. The Detention Control Officer will notify the Juvenile Field Intake Unit of the youth being

detained under the STAR Protocol. Information and assessment from the combined members of the team will be used to determine future intervention strategies, including continued detention.

3. The **Riverside County Office of Education (RCOE)** will make information available concerning the youth to the appropriate agencies and serve as a liaison between MAT and local school districts.
4. The **Riverside University Health System – Department of Behavioral Health (Behavioral Health)** will administer and interpret the results of the Problem Behavior Inventory assessment tool within 24 hours of the youth being booked into Juvenile Hall and complete an evaluation to determine if the youth is a danger to themselves or others. Information from other cooperating agencies will be considered while completing the assessment, which will be shared with members of the team where appropriate, pursuant to rules and regulations regarding confidentiality.
5. The **District Attorney's Office (District Attorney)** will review all reports for legal sufficiency and, where appropriate, prosecute any youth found to have threatened great harm to students, schools, or school staff, or youth in possession of a gun, explosive device, or other dangerous weapon on a school campus. Prosecution against the parent, legal guardian, or responsible party will be enforced when appropriate. The District Attorney's Office will coordinate with the MAT to ensure the interests of public safety and the youth are protected.
6. The **Department of Public Social Services (DPSS) Children's Services Division (CSD)** will respond upon request from law enforcement to conduct a family and child welfare assessment to determine the overall well-being and functioning of other children in the home. CSD will also research its database to determine if there is an open file or CSD history on the youth or their family and share the information with the MAT.
7. The STAR Protocol will be reviewed and updated biennially.

III. STAR Protocol Responsibilities

Law Enforcement

A. Dispatcher Responsibilities:

1. Assign the call utilizing existing prioritization guidelines.
2. Assign a report number to the call for documentation purposes.
3. Contact the appropriate on-duty field supervisor, if required, per department policy.
4. Assist with telephone calls to other agencies if requested by investigating officer or field supervisor.

B. Officer Responsibilities:

1. The responding officer shall make contact with the reporting party via phone or in person, whenever possible. Contact should then be made with the senior school administrator of that campus, preferably in person. Responding officer may be the School Resource Officer. Determination to initiate a "campus lock down" should be made during this initial phase.

2. Contact known suspect(s) and eliminate any potential immediate threat by searching the suspect(s) for firearms or explosives. Based upon the officer's assessment of the situation, the Protocol may also be used for other weapon offenses. If applicable, search locker, backpack, computer, tablets, cell phones & other electronic devices. Officers and deputies must take care to ensure compliance with legislative updates pertaining to California Electronic Communications Privacy Act (CalECPA) are adhered to (CA Penal Code 1546).

Juvenile suspect interview requirements have undergone significant change and restriction since 2017. As of January 1, 2021, per CA Welfare & Institutions Code (WIC) 625.6, all juveniles age 17 and under must be afforded the counsel of an attorney prior to waiving Miranda or being questioned. There are two limited scope public safety exceptions that apply:

- Immediate preservation of life.
- Information leading to the location of a weapon posing an immediate danger to others.

Police search in school requires a warrant unless:

- Probable cause exists at the inception of the search, along with exigent circumstances.
- There is a specific rule waiving the warrant requirement.
- Informed consent of the person to be searched has been obtained.
- Pursuant to a lawful arrest.
- The custodian of the place to be searched requests the search.
- A public school official does not need a warrant or "probable cause" to search a public school student, provided that the official has a *reasonable suspicion* that the student has violated either a law or a school regulation. Case law states that a school official may request a law enforcement officer to assist in or conduct the search of a student based upon the school official's reasonable suspicion that a violation has occurred.

3. Identify and interview all victims and witnesses. Assess the threat by investigating the suspect's past behavior, including police contacts and school-related problems. If possible, use school records to check student's past history and conduct checks of the internet, social media websites, cell phones, or other electronic devices. Consider need for electronic preservation letters with cell phone providers, internet service providers & social media site administrators. This list is not inclusive but intended to convey importance based on the often-limited retention of data related to electronic communication, postings, and searches.
4. Evaluate the youth for WIC 5585 72-hour hold criteria (WIC 5150 for adults).
5. Notify the youth's parent(s)/guardian(s) of the incident and inquire about the history and availability of firearms, weapons, or explosives.
6. Go to the youth's home to conduct a safety assessment. Make every effort to obtain a consent search of the youth's residence/bedroom and vehicle for firearms, weapons, or explosive devices. If the suspect is a juvenile, obtain consent from the parent(s)/guardian(s) for common areas and areas where the juvenile has ready access. If parent(s)/guardian(s) permit the youth to lock his/her bedroom door or otherwise deny access to certain areas, a search warrant may be necessary.

7. If consent cannot be obtained, advise the field supervisor of the situation and all known facts. The supervisor will provide guidance as to whether a search warrant will be sought.
8. When examining the youth's bedroom for firearms, explosive devices, threatening letters, computers, cell phones, etc., take note of the room's condition and any indicators of violent, dark or morbid themes. Ensure availability of "faraday bags" or other secure means of storing electronic devices, preventing signal transmission and/or remote wipe capability.
9. If evidence is seized, follow your department's policy with respect to documentation and proper handling. Contact the Hazardous Device Team if explosives are discovered.
10. In the event there is probable cause for arrest, complete a Juvenile Court Application for Petition (J132), a statement of probable cause, and an arrest report that fully documents your investigation. In addition to the normal investigation, the report is to include the following:
 - Reaction of youth's parent(s)/guardian(s);
 - Inquire with parent(s)/guardian(s) regarding any prior suicidal thoughts, behaviors, actions, or treatment for mental health issues on behalf of the youth;
 - Youth's access to firearms;
 - Youth's familiarity and training with firearms;
 - Description of youth's bedroom and general home environment;
 - Collection of evidence to include photographs;
 - Inform if DPSS was called to the residence to investigate;
 - Internet, computer and cell phone activity.

If there is insufficient evidence to support an arrest, an informational report should be taken to document the circumstances surrounding the incident.
11. If probable cause exists to arrest, transport youth to Juvenile Hall.
12. Notify the Juvenile Hall Detention Control Officer of the nature of the arrest and inform if DPSS was called to the residence and of the STAR Protocol requirements.

C. Field Supervisor Responsibilities:

1. Monitor status of investigation.
2. Ensure thoroughness of investigation.
3. Provide guidance to the investigative officer as needed.
4. Request assistance from follow-up detectives when necessary.
5. Review crime report for details prior to booking into juvenile hall.
6. Manage designated information to media and press. Due to adverse impact of parent/community generated social media postings, consider pre-emptive sharing of information highlighting response effort and actions being taken. Absent reliable information from regional LE agencies, these incidents may take on a false narrative very quickly, hindering investigative efforts and spreading fear and panic. Coordination with school district officials and their respective PIO's is essential.
7. Document information into supervisor's "Pass on Log."
8. Obtain a search warrant if applicable.
9. Notify Chain of Command

District Attorney's Office

- A. The District Attorney has a zero-tolerance policy for firearms on any school campus.
- B. The District Attorney's Office will review for prosecution any case where a youth is found in possession of a gun, explosive device, or other dangerous weapon on school grounds. Threats of violence against a school, its staff, or youth at the facility, made in person, by phone, or on internet or social media sites may be prosecuted accordingly.
- C. In any case wherein a youth is unlawfully found in possession of a firearm, explosive device, or other dangerous weapon not on a school campus, and there exists a direct nexus to a school or the school community, the District Attorney may designate the case a "School Threat Assessment and Response" case and prosecute accordingly.
- D. The District Attorney may enforce violations of cases where a parent or legal guardian is found not to have exercised reasonable care, supervision, protection, and control over their child. The following Penal Codes sections may apply:
 - 1. Penal Code 272 (Contributing to the Delinquency of a Youth)
 - 2. Penal Code 25100 (Criminal Storage of a Firearm)
- E. The District Attorney will coordinate and cooperate with schools, law enforcement agencies, Probation, Behavioral Health, and other county agencies in reducing and preventing illegal possession of firearms or explosive devices by youth, in the interests of public safety and the youth.

Probation Department

A. Identify as a Protocol Case:

Upon booking, law enforcement will notify the Detention Control Officer that the youth is a STAR Protocol Case.

B. Responsibilities of Detention Control Officer:

1. Review Juvenile Court Application for Petition (J132), probable cause statement, and crime report.
2. Obtain, or arrange to obtain, any additional information from the arresting officer.
3. Complete the STAR log to identify the referral as a Protocol Case; establish time frames for completing the assessment; complete the STAR profile on the youth and coordinate the assessment.
4. Conduct the intake per normal Juvenile Hall procedures and administer the Massachusetts Youth Screening Instrument (MAYSI). Notify Behavioral Health of the STAR case and the need for them to administer the Problem Behavior Inventory instrument (PBI) within 24 hours. A Behavioral Health clinician will interpret the results of the PBI. When indicated by the results of the PBI, Behavioral Health will complete an assessment to determine if the youth is a danger to themselves or others. The assessment will be shared with other MDT members if and when appropriate.
5. Contact parent(s)/guardian(s).
6. Contact the school authorities if not already done so by law enforcement/others.
7. Contact DPSS for any known information about the youth/family if law enforcement/others have not already done so.
8. Complete the detention process of the youth per normal Juvenile Hall procedure.
9. If the youth is determined to be "low risk" per the Intake Assessment Form, PBI, MAYSI, or supervisor override (due to circumstances of the offense), they may be released to parent(s)/guardian(s) with approval of the facility administrator. However, the PBI must be administered and the results evaluated by BHS prior to release. If a youth is released, charges may be filed out of custody. Juvenile Probation may refer the youth for diversion services through a community-based organization and/or Behavioral Health services may be initiated.
10. When the youth is released from Juvenile Hall, the parent(s)/legal guardian(s) will be provided a Fact/Resource Sheet which will include information on "High Risk Indicators," and a list of available supportive services in the community.
11. Youth determined to be "at-risk," per the Intake Assessment Form, PBI, MAYSI, or supervisor override will be detained in Juvenile Hall and have a petition filed to appear in Juvenile Court.
12. Juvenile Hall staff will provide the following to the Juvenile Probation Intake Unit within legal time frames:

- The Juvenile Court Application for Petition (J132), all law enforcement reports, and probable cause statements.
- The completed Juvenile Hall STAR Protocol Log; the STAR Profile and other pertinent Juvenile Hall information.

Riverside University Health System, Department of Behavioral Health

- A. When a youth is brought to Juvenile Hall for a STAR related offense, Behavioral Health will administer screening instruments within 24 hours, and interpret the results. Based on the results of the screening tools, Behavioral Health will initiate an assessment of the youth for danger to self or others and differentiate between conduct disorder behavior and other types of mental health problems.
- B. The youth shall be advised that: 1) the youth does not have to speak with them; 2) the interview and subsequent assessment would not be confidential and would be disclosed to the probation department and the court; 3) if they choose not to participate, Behavioral Health will note that in the assessment and that fact will be disclosed to the probation department and court; 4) Behavioral Health will make every attempt to not discuss the underlying facts of the case. Any discussion about the underlying case will not be included in the assessment.
- C. When completing an assessment, Behavioral Health staff will also review information obtained from law enforcement, schools, Children's Services Division, probation and parents for the following risk factors:
 1. Response of youth;
 2. Response of parent;
 3. Suicidal ideations, behaviors, or indicators;
 4. Assessment of access to firearms, explosive devices in the home;
 5. Assessment of home and room of youth, computer, internet, text and cell phone activity.
- D. The assessment will be shared where legally and professionally appropriate with the following agencies:
 1. Probation
 2. Schools
 3. Children's Services Division (CSD)
 4. Law Enforcement
 5. The Juvenile Court Judge

Any release of information must comply with the Welfare & Institutions Code sections 827 and 5328.
- E. Behavioral Health currently maintains staff in Riverside, Indio and Southwest Juvenile Halls. Behavioral Health clinicians will respond and complete assessments within 24 hours to STAR referrals.

Department of Public Social Services

- A. **Staff Responsibilities:**
When a report involving youth with a STAR Protocol incident is received by Children's Services Division (CSD), the following responses will be initiated:
 1. The Central Intake Center (CIC) staff will create a referral and assess the information to determine if an "Immediate Response" or "10-Day Response" is needed.

2. If law enforcement requests assistance through CIC, and there are immediate child protection issues, a referral will be generated and assigned to an Investigative Services (IS) Social Services Practitioner (SSP) in the respective region as an "Immediate Response (IR)."
3. For cases in which child protection is not a primary concern, but law enforcement is requesting assistance in assessing overall functioning of families and children, the referral will be assigned to the respective region's ER Unit as a "10-Day Response."
4. Social workers who determine that a child has threatened to use or has access to a gun or other deadly weapons during routine home visits or investigation will assess safety issues and contact law enforcement and the CIC immediately. Per current CPS policy, the social worker will remove the child if there is imminent risk.
5. All referrals meeting the STAR Protocol criteria will be entered in CWS/CMS and coded specifically for tracking purposes by the CIC. Regardless of the action taken, relevant information regarding the youth/family in question will be shared with the MAT partners on all STAR referrals.
6. Supervisors are to consult with their Regional Manager when a member of the MDT is not in agreement with a component of the investigation.

Riverside County Office of Education/Coordinator of Student Transitions/Local School Districts

A. Coordinator of Student Transitions Responsibilities:

1. Upon notification of a STAR case, immediately contact the principal of youth's school of attendance.
 - Records will be requested by a Riverside County Office of Education Attendance Registration Technician if a student is to receive educational services through the Juvenile Hall.
 - The Coordinator of Student Transitions or Designee will access the state longitudinal database and provide information pertinent to the responsible agencies to assist in agency request for records in instances where the student does not enroll in educational services in Juvenile Hall.
2. Immediately forward information received from the school site principal to the Juvenile Hall Detention Control Officer.

B. Responsibilities of School District Personnel:

1. When school site staff initiate the STAR Protocol:
 - Detain student (only if safe to do so).
 - Contact local law enforcement or School Resource Officer.
 - Initiate Protocol.
 - Prepare assessment data and provide to Juvenile Hall.
 - Prepare suspension/expulsion paperwork.
2. When school site staff is contacted by the Coordinator of Student Transitions on a Protocol Case:
 - Give priority to request for information regarding student, i.e., discipline history, grades, health, attendance and any other information, which would assist in the assessment of the individual in custody.
 - Immediately gather information requested.
 - Provide assessment information (the form will be forwarded to you to complete) to Coordinator of Student Transitions or Riverside County Office of Education staff assigned to request records by telephone, fax, or secure mail.

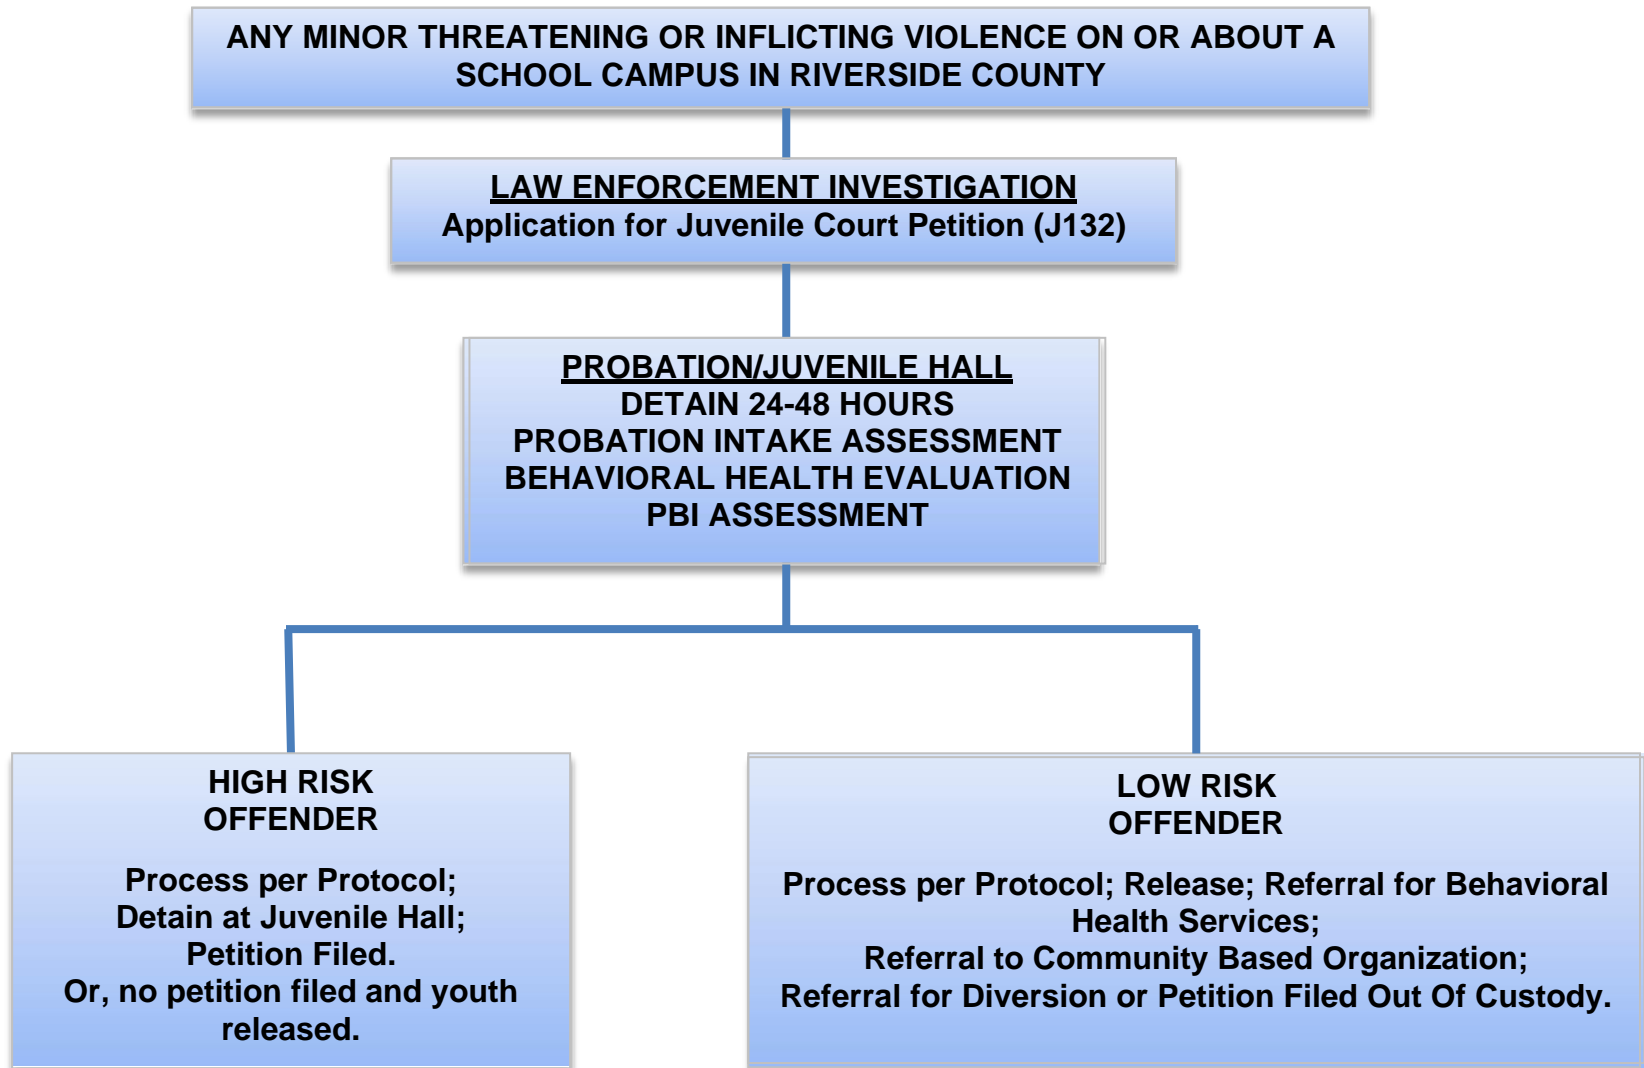

IV: HIGH RISK INDICATORS

Youth typically exhibit multiple warning signs, usually with increasing intensity over time. Prior to most incidents, friends or other students knew about the attacker's idea and/or plan to attack. Below are some "high risk" indicators that parents and all who work with youth should be aware of and consider.

- Typically between ages 11-16.
- May not have ever been arrested or been to Juvenile Court for a law violation.
- Few or no friends.
- Withdrawn, excessive feelings of rejection.
- May have moved frequently.
- Feelings of being picked on and persecuted.
- Depression.
- May have difficulty coping with significant losses or personal failures.
- May have suicidal comments or self-mutilated.
- May be a victim of violence/abuse.
- Pattern of angry behavior.
- May have history of tantrums, explosive rage.
- May have felt bullied, persecuted by others.
- Violent or dark themes.
- Discussion, drawings, writings, fantasies, video games, posters, music, computers, internet, text and cell phone activity.
- Preoccupation with guns, explosive devices or possibly other dangerous weapons.
- Animal cruelty.
- Torture or mutilation of animals in the past.
- Past history of setting fires.
- Verbal cues.
- Talks about something "big" happening.
- Talks about being noticed/becoming famous.
- Makes specific threats against a person or group.
- Access to guns and knowledge of their use.
- Parents may minimize or deny.

Note: A youth may have more than one high risk characteristic and never commit a violent offense. However, we all want to be aware and do everything possible to immediately assess a threat to prevent a tragic situation from occurring.

FOREWORD

Hate Crimes (i.e. crimes motivated by bias) convey a message of terror and exclusion, not just to the immediate victims but to entire communities. They often target victims who are least able to defend themselves. They cause trauma that is more extreme and longer lasting than similar crimes committed for other motivations. They can spark retaliatory crimes, escalating the cycle of crime and violence. If not addressed professionally and thoroughly they may undermine public confidence in law enforcement.

The 2018 California State Auditor's Report, titled "Hate Crimes in California," found that California law enforcement has not taken adequate action to identify, report, and respond to hate crimes. The report found that agencies did not properly identify some hate crimes, and underreported or misreported hate crimes as well. The report also noted that hate crimes are on the rise in California, increasing in both 2015 and 2016.

California Penal Code (CPC) 422.87 added new language and requirements to any newly created or updated agency hate crimes policy. Effective January 1, 2019, any local law enforcement agency that updates an existing hate crimes policy, or adopts a new one, shall include the content of the model policy framework provided in this document as well as any revisions or additions to the model policy in the future.

These guidelines are the primary elements that law enforcement executives are now required to incorporate into their hate crimes policy if an agency creates a new hate crimes policy or updates an existing one. The guidelines are designed for department-wide application and are intended to reflect a values-driven "top-down" process. They are intended to assist with the development and delivery of training and ensure proper identification, investigation, and reporting of hate crimes within each agency's jurisdiction.

POLICY GUIDELINES

GUIDELINE #1

Develop the foundation for the agency's hate crimes policy.

The law enforcement executive is responsible for providing leadership, communicating organizational values to the department and the community, paying attention to hate crime trends and current events that could trigger hate incidents and/or hate crimes in the community, and providing education and training to establish the foundation for the agency's hate crimes policy. Employees' ability to respond appropriately to hate crimes and hate incidents is maximized when the executive effectively establishes and communicates the foundational values of the organization.

GUIDELINE #2

Develop a hate crimes policy for the agency.

- I. An agency's hate crimes policy shall include the statutory definition of a hate crime, and its policy and programs should minimally include the following:
 - A. Response
 - B. Training
 - C. Planning and Prevention
 - D. Reporting

The law enforcement executive is responsible for the initial development of the policy and should be actively involved in its implementation. See the appendix for the exemplar "Message from the Agency Chief Executive".

GUIDELINE #3

Develop expertise to identify and investigate hate crimes.

The law enforcement executive is responsible for ensuring that the agency possesses expertise to identify and investigate hate crimes, as well as ensuring compliance with state and federal

reporting and public information requirements. Agencies should assign identified personnel to appropriate training to develop expertise and knowledge to investigate hate crimes.

Hate crimes are low-frequency events with high-risk consequences for the agency and community. Agencies shall provide a checklist to first responders to provide direction for the investigation of all hate crimes as mandated by CPC 422.87.

GUIDELINE #4

Develop and implement cooperative hate crimes plans with other law enforcement agencies.

- I. Coordinate cooperative efforts among regional, state, federal, and tribal law enforcement agencies to share information and training, and develop strategies to prevent hate crime activity.
- II. Develop and/or participate in law enforcement intelligence networks to enhance the agency's ability to anticipate potential hate crime targets. This interaction should include sharing intelligence information with other jurisdictions and cooperative investigations, arrests, and prosecutions if appropriate.

GUIDELINE #5

Develop and implement cooperative hate crime plans with the community and related governmental and non-governmental organizations, as appropriate.

- I. Collaborate with the community, including human relations/civil rights organizations, advocacy groups, service organizations, neighborhood associations, religious institutions, local schools and colleges, to do the following:
 - Develop a network to build rapport with community groups

-
- Develop a protocol for response to hate crimes
 - Obtain witness and victim cooperation
 - Provide support services to victims
 - Collect demographic information about specific communities
 - Identify hate crime trends based upon current events and activity (hate crimes and/or hate incidents)
 - Identify periods of increased vulnerability based on significant dates and events for affected communities

MODEL POLICY FRAMEWORK

Purpose

This model policy framework is designed to assist in identifying and handling crimes motivated by hate or other bias toward individuals and groups with legally defined protected characteristics, to define appropriate steps for assisting victims, and to provide a guide to conducting related investigations. It outlines the general policy framework for prevention, response, accessing assistance, victim assistance and follow up, and reporting as related to law enforcement's role in handling hate crimes. It also serves as a declaration that hate crimes are taken seriously and demonstrates how law enforcement agencies may best use its resources to investigate and solve an offense, in addition to building community trust and increasing police legitimacy.

Policy

It is the policy of this agency to safeguard the rights of all individuals irrespective of their disability, gender, nationality, race or ethnicity, religion, sexual orientation, and/or association with a person or group with one or more of these actual or perceived characteristics. Any acts or threats of violence, property damage, harassment, intimidation, or other crimes motivated by hate or bias should be viewed very seriously and given high priority.

This agency will employ necessary resources and vigorous law enforcement action to identify and arrest hate crime perpetrators. Also, recognizing the particular fears and distress typically suffered by victims, the potential for reprisal and escalation of violence, and the far-reaching negative consequences of these crimes on the community, this agency should attend to the security and related concerns of the immediate victims and their families as feasible.

The agency policy shall include a requirement that all officers be familiar with the policy and carry out the policy at all times unless directed by the chief, sheriff, director, or other chief executive of the law enforcement agency or other command-level officer to whom the chief executive officer formally delegates this responsibility.

The agency policy shall provide a specific procedure for transmitting and periodically retransmitting the policy and any related orders to all officers, including a simple and immediate way for officers to access the policy in the field when needed.

POST offers training and video courses to assist law enforcement in the identification, investigation, documentation and reporting of hate crimes. These courses provide officers with information and skills necessary to effectively identify, investigate, document and report hate crimes. Various training programs include the history and definitions of hate crimes, recognition of hate groups, international terrorism, legal considerations, victims' considerations, initial response duties, victim interviewing and care, suspect identification and interrogation, evidence identification, report writing, the role of law enforcement, investigative strategies, intelligence collection, supervisory roles, community relations, media relations and local program training development, and other topics such as proper use of computer systems and methods for reporting. POST also maintains an extensive array of training videos on applicable topics such as working with those with mental illness and intellectual disabilities, hate crimes, and working with minority communities.

For more information on POST training opportunities and available videos, visit the POST website at www.post.ca.gov. In conjunction with POST training opportunities, trainers may utilize other state and federal agencies that offer training courses, such as the U.S. Department of Justice.

Planning and Prevention

The general underreporting of hate crimes is an identified issue in California. Underreporting is caused by victims not reporting hate crimes or hate incidents due to a number of factors, including fear of reprisal and the belief that law enforcement will not properly investigate them. A report by the State Auditor in 2018 determined that California law enforcement has not taken adequate action to identify, report and respond to hate crimes. There is also an extreme underreporting of anti-disability and anti-gender hate crimes. The agency's plan to remedy this underreporting *shall be inserted into the policy* (emphasis added).

In order to facilitate the recommendations contained within this policy, it is strongly recommended that agencies build and strengthen relationships with the community, engage in dialogue, and provide education to the community about this policy. Agency personnel are also encouraged to learn about the inherent issues concerning their communities in relation to hate crimes. Assigned personnel should perform the following:

1. Meet with residents in target communities to allay fears; emphasize the agency's concern over this and related incidents; reduce the potential for counter-violence; and provide safety, security, and crime prevention information. Cultural diversity education and immersion programs (if available) could facilitate this process.
2. Provide direct and referral assistance to the victim and his/her family.
3. Conduct public meetings on hate crime threats and violence in general.
4. Establish relationships with formal community-based organizations and leaders.
5. Expand, where appropriate, preventive programs such as hate, bias, and crime reduction seminars for school children.

-
6. Review the Attorney General's latest opinion on hate crime statistics and targets in order to prepare and plan for future crimes, specifically for Arab/Middle Eastern and Islamic communities.²
 7. Provide orientation of and with communities of specific targeted victims such as immigrants, Muslims, Arabs, LGBTQ, Black or African-American, Jewish, Sikh, disabled persons, etc.

Hate crimes are not only a crime against the targeted victim(s) but also have impacts on the victim's family and community. Working constructively with segments of this larger community after such crimes is essential to help reduce fears, stem possible retaliation, prevent additional hate crimes, and encourage any other previously victimized individuals to step forward and report such crimes. This is particularly important if an upward trend has been identified in these crimes.

Although hate incidents are not criminal events, they can be indicators of, or precursors to, hate crimes. Most California law enforcement agencies do not track hate incidents. It is recommended that hate incidents be investigated and documented, if directed by policy, as part of the overall planning to prevent hate crime.

Tracking social media is also another identified area to find indicators of, or precursors to, hate crimes. It is recommended that agencies assign personnel to find, evaluate and monitor public social media sources to identify possible suspects in reported hate crimes, or to determine suspects or suspect groups in future hate crimes or hate incidents affecting the identified individuals, groups or communities that may be victimized, and planned hate-based events.

Release of Information

Agencies should have procedure and/or policy on public disclosure of hate crimes. Establishing a relationship with stakeholders, before any incident occurs, to develop a network and protocol for disclosure would assist greatly in any disclosure.

The benefit of public disclosure of hate crime incidents includes:

1. Dissemination of correct information.
2. Assurance to affected communities or groups that the matter is being properly and promptly investigated.
3. The ability to request information regarding the commission of the crime(s) from the victimized community.

Agencies should provide the supervisor, public information officer, or designee with information that can be responsibly reported to the media. When appropriate, the law enforcement media spokesperson should reiterate that the hate crimes will not be tolerated, will be taken seriously, and will be prosecuted to the full extent of the law.

Agencies are encouraged to consider the following when releasing information to the public regarding hate crimes and hate incidents that have been reported within the jurisdiction:

²As described in CPC 13519.6(b)(8)

-
1. Informing community organizations in a timely manner when a community group has been the target of a hate crime.
 2. Informing the community of the impact of these crimes on the victim, the victim's family, and the community, and the assistance and compensation available to victims.
 3. Informing the community regarding hate crime law and the legal rights of, and the remedies available to, victims of hate crimes.
 4. Providing the community with on-going information regarding hate crime and/or hate incidents (if policy requires it).

Reporting

The agency policy shall require development of a procedure for data collection, documentation, and mandated reporting requirements. The agency shall:

1. Ensure that hate crimes are properly investigated, documented and reported.
2. During documentation, ensure hate crimes are flagged properly to allow for required reporting to the California Department of Justice. This is typically indicated by the title/penal code section identifying the report as a hate crime. Some agencies have added a check box specifically indicating a hate crime that could, if required by the agency policy, require a secondary review by an investigator/detective, supervisor or other identified party. It is the agency executive's responsibility to determine the form of documentation and type of indicators on crime reports.
3. The agency head or their designee (identified in the agency policy) should make a final determination as to whether the incident should be classified as a hate crime by the agency.
4. Agencies shall develop procedures to comply with legally mandated reporting, including the California Department of Justice, pursuant to CPC 13023.

Definitions and Laws

In accordance with CPC sections 422.55, 422.56, 422.6, and 422.87, for purposes of all other state law unless an explicit provision of law or the context clearly requires a different meaning, the following shall apply:

Hate crime

“Hate crime” means a criminal act committed, in whole or in part, because of one or more of the following actual or perceived characteristics of the victim:

- (1) Disability.
- (2) Gender.
- (3) Nationality.
- (4) Race or ethnicity.
- (5) Religion.
- (6) Sexual orientation.

Note: A “hate crime” need not be motivated by hate but may be motivated by any bias against a protected characteristic.

Hate Speech

The First Amendment to the U.S. Constitution protects most speech, even when it is disagreeable, offensive, or hurtful. The following types of speech are generally not protected: fighting words, true threats, perjury, blackmail, incitement to lawless action, conspiracy and solicitation to commit any crime.

Disability Bias

In recognizing suspected disability-bias hate crimes, officers should consider whether there is any indication that the perpetrator was motivated by hostility or other bias, occasioned by factors such as, but not limited to, dislike of persons who arouse fear or guilt, a perception that persons with disabilities are inferior and therefore "deserving victims," a fear of persons whose visible traits are perceived as being disturbing to others, or resentment of those who need, demand, or receive alternative educational, physical, or social accommodations.

This includes, but is not limited to, if a perpetrator targets a person with a particular perceived disability while avoiding other vulnerable-appearing persons such as inebriated persons or persons with perceived disabilities different than those of the victim, those circumstances could be evidence that the perpetrator's motivations included bias against persons with the perceived disability of the victim and that the crime must be reported as a suspected hate crime and not a mere crime of opportunity.

POLICY-C10.pdf

COUNTY OF RIVERSIDE, CALIFORNIA
BOARD OF SUPERVISORS POLICY

<u>Subject:</u>	<u>Policy Number</u>	<u>Page</u>
ALCOHOL AND DRUG ABUSE POLICY	C-10	1 of 4

I. Purpose

It is the intention of this policy to eliminate substance abuse and its effects in the workplace. While the county of Riverside has no intention of intruding into the private lives of its employees, involvement with drugs and alcohol off the job can take its toll on job performance and employee safety. The concern is that employees are in a condition to perform their duties safely and efficiently, in the interests of their fellow workers and the public as well as themselves. The presence of drugs and alcohol on the job, and the influence of these substances on employees during working hours, are inconsistent with this objective.

Employees who think they may have an alcohol or drug usage problem are urged to voluntarily seek confidential assistance from the Employee Assistance Program (EAP). While the county encourages employees to seek help voluntarily, it will be firm in identifying and disciplining those employees who violate this policy.

Supervisors will be trained to recognize abusers and become involved in this control process. Alcohol or drug abuse will not be tolerated and disciplinary action, up to and including termination, will be used as necessary to achieve this goal.

The county will act to eliminate any substance abuse (alcohol, illegal drugs, prescription drugs, or any other substance which could impair an employee's ability to safely and effectively perform the functions of the particular job) which increases the potential for accidents, absenteeism, substandard performance, poor employee morale, or damage to the county's reputation. All persons covered by this policy should be aware that violations of the policy may result in discipline, up to and including termination, or in not being hired.

In recognition of the public service responsibilities entrusted to the employees of the county and that drug and alcohol usage can hinder a person's ability to perform duties safely and effectively, the following policy against drug and alcohol abuse is hereby adopted by the county.

II. Policy

It is county policy that employees shall not be

- a. under the influence of alcohol or drugs while on duty or on a standby or an on-call status;
- b. consume alcohol or illicit drugs while on county property or at work locations or while on duty; or

COUNTY OF RIVERSIDE, CALIFORNIA
BOARD OF SUPERVISORS POLICY

ALCOHOL AND DRUG ABUSE POLICY	C-10	2 of 4

- c. possess controlled substances or prescription drugs without a prescription while on duty.

Employees shall not

- a. manufacture, sell, provide, distribute, or dispense prescription drugs or controlled substances to any other employee or to any person while on duty unless authorized by law; or
- b. sell, provide, distribute, or dispense alcohol to any other employee while such employee is on duty.

While use of medically prescribed medications and drugs is not per se a violation of this policy, failure by the employee to notify his/her supervisor, before beginning work, when taking medications or drugs which could potentially interfere with the safe and effective performance of duties or operation of county equipment can result in discipline, up to and including termination. In the event there is a question regarding an employee's ability to safely and effectively perform assigned duties while using such medications or drugs, clearance from the county medical director, or designee, may be required.

The county reserves the right to search, without employee consent, all areas and property in which the county maintains control or joint control with the employee, except the lockers of peace officers, or other space for storage that may be assigned to peace officers. No peace officer shall have his/her locker, or other space for storage that may be assigned searched except in the peace officer's presence, or with consent, or unless a valid search warrant has been obtained or where the peace officer has been notified that a search will be conducted. This section shall apply only to lockers or other space for storage that are owned or leased by the county. The county may notify the appropriate law enforcement agency that an employee may have illegal drugs in his or her possession or in an area not jointly or fully controlled by the county.

Employees reasonably believed to be under the influence of alcohol or drugs shall be prevented from engaging in further work and may be detained for a reasonable time until they can be safely transported from the work site.

The county is committed to providing reasonable accommodation to those employees whose drug or alcohol problem qualifies as a disability under federal and/or state law.

COUNTY OF RIVERSIDE, CALIFORNIA
BOARD OF SUPERVISORS POLICY

<u>Subject:</u>	<u>Policy Number</u>	<u>Page</u>
ALCOHOL AND DRUG ABUSE POLICY	C-10	3 of 4

The county has established a voluntary EAP to assist those employees who voluntarily seek help for alcohol or drug problems. Employees should contact their supervisors or the EAP directly for additional information.

III. Application

This policy applies to all county employees and to all applicants for positions with the county.

This policy applies to alcohol and to all substances, drugs, or medications, legal or illegal, which could impair an employee's ability to effectively and safely perform the functions of the job.

IV. Employee Responsibilities and as a Condition of Employment

An employee must:

- a. not report to work or be in a standby or an on-call status while his/her ability to perform job duties is impaired due to on or off duty alcohol or drug use;
- b. not possess or use controlled substances (illegal drugs or prescription drugs without a prescription) at any time;
- c. not use alcohol at any time while on county property or while on duty;
- d. not directly or through a third party manufacture, sell, distribute, dispense, or provide controlled substances to any person, including any employee, at any time;
- e. not manufacture, sell, distribute, dispense, or provide alcohol to any employee while either or both are on duty;
- f. notify the supervisor, before beginning work, when taking any medications or drugs, prescription or non-prescription, which may interfere with the safe and effective performance of duties or operation of county equipment; and
- g. notify the employee's supervisor of any criminal drug statute arrest or conviction no later than five calendar days after such arrest or conviction.

BOARD OF SUPERVISORS POLICY

<u>Subject:</u>	<u>Policy Number</u>	<u>Page</u>

V. Management Responsibilities and Guidelines

- a. Managers and supervisors are responsible for reasonable enforcement of this policy.
- b. Except as otherwise lawfully permitted (e.g. search required for entering a secured facility), no persons shall physically search the person of employees, or shall they search the personal possession of employees without the freely given consent of, and in the presence of, the employee.
- c. Managers and supervisors shall notify agency/department head or designee when they have reasonable suspicion to believe that an employee may have illegal drugs in his or her possession or in an area not jointly or fully controlled by the county. If the agency/department head or designee concurs that there is reasonable suspicion of illegal drug possession, the agency/department head or designee shall notify the appropriate law enforcement agency.

VI. Distribution

A copy of this policy was provided to every employee of the County of Riverside upon its adoption and shall be provided to each new employee hired on or after September 1, 1989.

VII. Supersession

This policy shall supersede any previous drug and alcohol policy of the county of Riverside. However, the provisions of this policy are not intended to, nor is this policy to be construed to supersede the drug and/or alcohol policy and/or general orders of any agency/department of the county.
